Item 2.03 CREATION OF A DIRECT FINANCIAL OBLIGATION OR AN OBLIGATION UNDER AN OFF-BALANCE SHEET ARRANGEMENT OF A REGISTRANT

On January 27, 2017, Patterson Companies, Inc. (the Company) entered into an amendment and restatement of a certain Credit Agreement dated June 16, 2015 by and among the Company and certain lenders party thereto (the Existing Credit Agreement). This amended and restated credit agreement (the Amended Credit Agreement), dated January 27, 2017, is among the Company, The Bank of Tokyo-Mitsubishi UFJ, Ltd., as administrative agent, and the lenders party thereto (collectively, the Lenders), pursuant to which the Lenders have agreed to provide certain senior unsecured credit facilities, consisting of an up to \$750,000,000 multicurrency revolving credit facility and a \$295,075,000 term loan facility. The Company will use the facilities to (1) refinance certain existing indebtedness evidenced by the Existing Credit Agreement, (2) pay the fees and expenses incurred therewith, and (3) finance the ongoing working capital and other general corporate purposes of the Company and its subsidiaries. On January 27, 2017 the Lenders made an initial disbursement of \$185,000,000 under the Amended Credit Agreement.

Borrowings under the Amended Credit Agreement will bear interest at a rate equal to, at the option of the Company, either (a) a customary Eurocurrency interbank offered rate (the Eurocurrency Rate) or (b) a customary base rate (the Floating Rate), in each case plus an applicable margin. The applicable margins for borrowings under the Amended Credit Agreement will be based on the Company's leverage ratio and range from 1.000% to 2.000% with respect to the Eurocurrency Rate and 0.000% and 1.000% with respect to the Floating Rate. The Company also agreed to pay quarterly commitment fees based on the available aggregate loan commitment.

The Amended Credit Agreement requires the Company to maintain a leverage ratio of not more than 3.50 to 1.00 as of the last day of each fiscal quarter, provided, however, that the maximum leverage ratio is subject to increase in connection with the consummation of certain types of acquisitions as more particularly set forth in the Amended Credit Agreement. The Company is also required to maintain an interest expense coverage ratio of not less than 3.00 to 1.00 as of the end of each fiscal quarter. The Amended Credit Agreement contains customary representations and warranties, affirmative and negative covenants, and events of default. The term loans and revolving credit facilities will mature no later than January 27, 2022.

The above description of the Amended Credit Agreement and the transactions contemplated thereby does not purport to be complete and is qualified in its entirety by reference to the full text of the Amended Credit Agreement, which is filed as Exhibit 10.1 to this Current Report on Form 8-K and which is incorporated herein by reference.
