2. to consider and act upon a proposal to amend the Company s Section 162(m) Cash Bonus Plan to extend the term of the plan to December 31, 2021 and to re-approve the performance goals thereunder;
3. to consider the approval, by non-binding vote, of the 2016 compensation paid to the Company s Named Executive Officers (as defined in the proxy statement) (commonly known as a say-on-pay proposal);
4. to recommend, by non-binding vote, the frequency of future advisory votes on executive compensation (commonly known as a frequency of say-on-pay proposal);
5. to ratify the selection of BDO USA, LLP as the Company s independent registered public accounting firm for the fiscal year ending December 30, 2017; and
6. to transact such other business as may properly come before the meeting or any adjournments or postponements thereof.

Only stockholders of record at the close of business on April 3, 2017 are entitled to notice of and to vote at the meeting or any adjournments or postponements thereof.

The Company is pleased to take advantage of the Securities and Exchange Commission rules that allow issuers to furnish proxy materials to their stockholders on the Internet. The Company believes the rules allow it to provide its stockholders with the information they need, while lowering the costs of delivery and reducing the environmental impact of the Annual Meeting. Accordingly, stockholders of record at the close of business on April 3, 2017 will receive a Notice Regarding the Availability of Proxy Materials and may vote at the Annual Meeting and any adjournment or postponement of the meeting.

To assure your representation at the Annual Meeting, you are urged to cast your vote, as instructed in the Notice Regarding the Availability of Proxy Materials, over the Internet or by telephone as promptly as possible. You may also request a paper proxy card to submit your vote by mail, if you prefer. Any stockholder of record attending the Annual Meeting may vote in person, even if he or she previously voted over the Internet, by telephone or returned a

completed proxy card.

Whether or not you expect to attend the meeting in person, your vote is very important. Please cast your vote regardless of the number of shares you hold. I believe that you can be proud, excited and confident to be a stockholder of Henry Schein. I look forward to discussing our plans for the Company's future at the Annual Meeting, and I hope to see you there.

PROXY STATEMENT

The Board of Directors of Henry Schein, Inc. (the "Company") has fixed the close of business on April 3, 2017 as the record date for determining the holders of the Company's common stock, par value \$0.01, entitled to notice of, and to vote at, the 2017 Annual Meeting of Stockholders (the "Annual Meeting"). As of that date, 79,723,892 shares of common stock were outstanding, each of which entitles the holder of record to one vote. The Notice of Annual Meeting, this proxy statement and the form of proxy are being made available to stockholders of record of the Company on or about April 10, 2017. A copy of our 2016 Annual Report to Stockholders is being made available with this proxy statement, but is not incorporated herein by reference.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock entitled to vote is necessary to constitute a quorum in connection with the transaction of business at the Annual Meeting. Abstentions and broker non-votes (*i.e.*, proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares as to a matter with respect to which the brokers or nominees do not have discretionary power to vote) are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business.

At the Annual Meeting, a "FOR" vote by a majority of votes cast is required for the election of directors (Proposal 1). A "FOR" vote by a majority of votes cast means that the number of shares voted "FOR" exceeds the number of votes "AGAINST". Abstentions and broker non-votes shall not constitute votes "FOR" or votes "AGAINST" a director, and thus will have no effect on the outcome of Proposal 1. Proposals 2, 3 and 5 each require the affirmative "FOR" vote of the holders of a majority of the outstanding shares of common stock present in person or represented by proxy and entitled to vote on the matter. Broker non-votes will have no effect on the outcome of Proposals 2, 3 and 5, but abstentions will have the same effect as a vote "AGAINST" each such proposal. With respect to the frequency of say-on-pay proposal (Proposal 4), the alternative receiving the greatest number of votes (every one year, two years or three years) will be the frequency that stockholders approve. Abstentions and broker non-votes will have no effect on the outcome of Proposal 4.

We will pay all expenses of this proxy solicitation. In addition to this proxy solicitation, proxies may be solicited in person or by telephone or other means (including by our directors or employees without additional compensation). We will reimburse brokerage firms and other nominees, custodians and fiduciaries for costs incurred by them in distributing proxy materials to the beneficial owners of shares held by such persons as stockholders of record.

If your shares of common stock are registered directly in your name with the Company's transfer agent, you are considered, with respect to those shares, the stockholder of record. In accordance with rules and regulations adopted by the Securities and Exchange Commission ("SEC"), instead of mailing a printed copy of our proxy materials to each stockholder of record, we may furnish proxy materials to our stockholders on the Internet. If you received a Notice

Regarding the Availability of Proxy Materials (the Notice of Internet Availability) by mail, you will not receive a printed copy of these proxy materials. Instead, the Notice of Internet Availability will instruct you as to how you may access and review all of the important information contained in these proxy materials. The Notice of Internet Availability also instructs you as to how you may submit your proxy on the Internet. If you received a Notice of Internet Availability by mail and would like to receive a printed copy of our proxy materials, including a proxy card, you should follow the instructions for requesting such materials included in the Notice of Internet Availability.

If your shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization, then you are the beneficial owner of shares held in street name, and the Notice of Internet Availability was forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account.

If you are a participant in the Company s 401(k) Plan and own shares of the Company s common stock in your 401(k) Plan account as of the record date, you will receive, with respect to the number of shares held for your 401(k) Plan account as of the record date, a proxy card that will serve as a voting instruction to the trustee of the 401(k) Plan with respect to shares held for your account. Unless the proxy card is signed and returned, shares held in your 401(k) Plan account will not be voted.

Shares of common stock held in a stockholder's name as the stockholder of record may be voted in person at the Annual Meeting. Shares of common stock held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares.

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may vote by submitting a proxy electronically via the Internet, by telephone or if you have requested a paper copy of these proxy materials, by returning the proxy card or voting instruction card. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee.

Whether or not you are able to attend the Annual Meeting, you are urged to complete and return your proxy or voting instructions, which are being solicited by the Company's Board of Directors and which will be voted as you direct on your proxy or voting instructions when properly completed. In the event no directions are specified, such proxies and voting instructions will be voted FOR the nominees for election to the Board of Directors, FOR the proposal to amend the Company's Section 162(m) Cash Bonus Plan, FOR the say-on-pay proposal, FOR once every one year with respect to the frequency of say-on-pay proposal and FOR the ratification of BDO USA, LLP (BDO USA) as the Company's independent registered public accountants for the fiscal year ending December 30, 2017 and in the discretion of the proxy holders as to other matters that may properly come before the Annual Meeting.

You may revoke or change your proxy or voting instructions at any time before the Annual Meeting. To revoke your proxy, send a written notice of revocation or another signed proxy with a later date to the Corporate Secretary of the Company at Henry Schein, Inc., 135 Duryea Road, Melville, New York 11747 before the beginning of the Annual Meeting. You may also automatically revoke your proxy by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy. To revoke your voting instructions, submit new voting instructions to your broker, trustee or nominee; alternatively, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, you may attend the Annual Meeting and vote in person. All shares represented by a valid proxy received prior to the Annual Meeting will be voted.

CORPORATE GOVERNANCE

Board of Directors Meetings and Committees

During the fiscal year ended December 31, 2016 (fiscal 2016), the Board of Directors held seven meetings. The Board of Directors has an Audit Committee, Compensation Committee, Nominating and Governance Committee and a Strategic Advisory Committee. During fiscal 2016, the Audit Committee held four meetings, the Compensation Committee held six meetings, the Nominating and Governance Committee held three meetings and the Strategic Advisory Committee held three meetings. During fiscal 2016, each director attended at least 75% of the meetings of the Board of Directors and 100% of the meetings of the committees on which such directors served. Each of the committees of the Board of Directors acts pursuant to a separate written charter adopted by the Board of Directors.

Independent Directors

The Board of Directors has affirmatively determined that Messrs. Alperin, Brons, Herring, Kabat, Kuehn and Laskawy, Ms. Raphael, Drs. Bacow, Rekow and Sheares and former directors Norman S. Matthews and Dr. Louis W. Sullivan (whose terms of office ended following the 2016 Annual Meeting of Stockholders) are independent, as defined under Rule 5605(a)(2) of The NASDAQ Stock Market (NASDAQ).

Independent directors, as defined under NASDAQ s Rule 5605(a)(2), meet at regularly scheduled executive sessions without members of Company management present.

Audit Committee

The Audit Committee currently consists of Messrs. Kabat (Chairperson), Alperin, Kuehn and Laskawy. All of the members of the Audit Committee are independent directors as defined under NASDAQ s Rule 5605(a)(2) and 5605(c)(2)(A). The Board of Directors has determined that each of the members of the Audit Committee is an audit committee financial expert, as defined under the rules of the Securities and Exchange Commission (SEC) and, as such, each satisfy the requirements of NASDAQ s Rule 5605(c)(2)(A).

The Audit Committee oversees (i) our accounting and financial reporting processes, (ii) our audits and (iii) the integrity of our financial statements on behalf of the Board of Directors, including the review of our consolidated financial statements and the adequacy of our internal controls. In fulfilling its responsibility, the Audit Committee has direct and sole responsibility, subject to stockholder approval, for the appointment, compensation, oversight and termination of the independent registered public accounting firm for the purpose of preparing or issuing an audit report or related work. Additionally, the Audit Committee oversees those aspects of risk management and legal and regulatory compliance monitoring processes, which may impact our financial reporting (including financial accounting and reporting risks, as well as cyber-security risks) and reviews conflict of interest and related party transactions. The Audit Committee has the authority to retain, terminate and set the terms of its relationship with any outside advisors who assist the committee in carrying out its responsibilities. The Audit Committee meets at least four times each year and periodically meets separately with management, internal auditors and the independent registered public accounting firm to discuss the results of their audit or review of the Company s consolidated financial statements, their evaluation of our internal controls, the overall quality of the Company s financial reporting, our critical accounting policies and to review and approve any related party transactions (as defined by applicable regulations). We maintain procedures for the receipt, retention and the handling of complaints, which the Audit Committee established. The Audit Committee operates under a charter available on our Internet website at www.henryschein.com, under the Our Company Corporate Governance caption.

Compensation Committee

The Compensation Committee currently consists of Messrs. Alperin (Chairperson) and Kabat and Dr. Sheares. The Compensation Committee reviews and approves (i) all incentive and equity-based compensation plans in which officers or employees may participate, (ii) the Company's employee and executive benefits plans, and all related policies, programs and practices and (iii) arrangements with executive officers relating to their employment relationships with the Company, including, without limitation, employment agreements, severance agreements, supplemental pension or savings arrangements, change in control agreements and restrictive covenants. In addition, the Compensation Committee has overall responsibility for evaluating and approving the Company's compensation and benefit plans, policies and programs. Each member of the Compensation Committee is an independent director as defined under NASDAQ's Rule 5605(a)(2) and 5605(d)(2)(A), non-employee director as defined under the SEC's rules and outside director as defined under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). The Compensation Committee may form subcommittees, consisting of members of the Committee, and delegate authority to such

subcommittees as it deems appropriate. The Compensation Committee operates under a charter available on our Internet website at www.henryschein.com, under the "Our Company Corporate Governance" caption.

Use of Outside Advisors

In making its determinations with respect to executive compensation, the Compensation Committee has historically engaged the services of an independent compensation consultant, Pearl Meyer & Partners ("Pearl Meyer"). Pearl Meyer has also assisted the Compensation Committee with several special projects, including advice on director compensation. Pearl Meyer does no other work for the Company.

The Compensation Committee retains Pearl Meyer directly, and Pearl Meyer reports directly to the Compensation Committee. However, in carrying out its assignments and during the course of providing services to the Compensation Committee, Pearl Meyer may interact with Company management when necessary and appropriate in order to obtain relevant compensation and performance data for the executives and the Company. In addition, Pearl Meyer may seek input and feedback from Company management regarding Pearl Meyer's work product and analysis prior to presenting such information to the Compensation Committee in order to confirm Pearl Meyer's understanding of the Company's business strategy or identify data questions or other similar issues, if any.

The Compensation Committee, with the assistance and independent advice from Pearl Meyer, annually reviews competitive compensation data prepared by Willis Towers Watson, a professional services/human resources consulting company which provides a number of services to the Company.

The Compensation Committee has the authority to retain, terminate and set the terms of its relationship with any outside advisors who assist the committee in carrying out its responsibilities.

Nominating and Governance Committee

The Nominating and Governance Committee currently consists of Messrs. Laskawy (Chairperson) and Alperin and Drs. Bacow and Sheares. The purpose of the Nominating and Governance Committee is to identify individuals qualified to become Board of Directors members, recommend to the Board of Directors the persons to be nominated by the Board of Directors for election as directors at the annual meeting of stockholders, determine the criteria for selecting new directors and oversee the evaluation of the Board of Directors. In addition, the Nominating and Governance Committee reviews and reassesses our corporate governance procedures and practices and recommends any proposed changes to the Board of Directors for its consideration. The Nominating and Governance Committee has the authority to retain, terminate and set the terms of its relationship with any outside advisors who assist the committee in carrying out its responsibilities. All of the members of the Nominating and Governance Committee are independent directors as defined under NASDAQ's Rule 5605(a)(2). The Nominating and Governance Committee operates under a charter available on the Company's Internet website at www.henryschein.com, under the "Our Company Corporate Governance" caption.

The Nominating and Governance Committee will consider for nomination to the Board of Directors candidates suggested by stockholders, provided that such recommendations are delivered to the Company in the manner described under "Stockholder Communications" below, together with the information required to be filed in a proxy statement with the SEC regarding director nominees and each such nominee's consent to serve as a director if elected, no later than the deadline for submission of stockholder proposals. Our policy is to consider nominations to the Board of Directors from stockholders who comply with the procedures set forth in the Company's Amended and Restated Certificate of Incorporation, as amended, for nominations at the Company's Annual Meeting of Stockholders and to consider such nominations using the same criteria it applies to evaluate nominees recommended by other sources. To date, we have not received any recommendations from stockholders requesting that the Nominating and Governance Committee consider a candidate for inclusion among the Committee's slate of nominees in the Company's proxy

statement.

In evaluating director nominees, the Nominating and Governance Committee currently considers the following factors:

the needs of the Company with respect to the particular talents, expertise and diversity of its directors;

the knowledge, skills, reputation and experience of nominees, in light of prevailing business conditions and the knowledge, skills and experience already possessed by other members of the Board of Directors;

familiarity with businesses similar or analogous to the Company; and

experience with accounting rules and practices, and corporate governance principles.

The Nominating and Governance Committee, in accordance with its charter, seeks to create a Board of Directors that is strong in its collective knowledge and has a diversity of not only skills and experience, but also diversity in gender, culture and geography. The Nominating and Governance Committee assesses the effectiveness of its diversity and other policies by annually reviewing the nominees for director to the Company's Board of Directors to determine if such nominees satisfy the Company's then-current needs. The Nominating and Governance Committee may also consider such other factors that it deems are in the best interests of the Company and its stockholders. The Nominating and Governance Committee determined that the nominees for election at the Annual Meeting to serve as directors satisfy the Company's current needs as well as regulatory requirements.

The Nominating and Governance Committee identifies nominees by evaluating the current members of the Board of Directors willing and eligible to continue in service. Current members of the Board of Directors with skills and experience that are relevant to the Company's business and who are willing and eligible to continue in service are considered for a recommendation to re-nominate, balancing the value of continuity of service by existing members of the Board of Directors with that of obtaining a new perspective. If any member of the Board of Directors does not wish to continue in service or if the Nominating and Governance Committee or the Board of Directors decides not to re-nominate a member for re-election, the Nominating and Governance Committee identifies the desired skills and experience of a new nominee, and discusses with the Board of Directors suggestions as to individuals that meet the criteria. In addition, the Nominating and Governance Committee has the authority to retain third party search firms to evaluate or assist in identifying or evaluating potential nominees.

With the goal of increasing the effectiveness of the Board of Directors and its relationship to management, the Nominating and Governance Committee evaluates the performance of the Board of Directors as a whole. The evaluation process, which occurs at least annually, includes a survey of the individual views of all directors, which are then shared with the full Board of Directors. In addition, each of the committees of the Board of Directors performs a similar annual self-evaluation.

Strategic Advisory Committee

The Strategic Advisory Committee currently consists of Dr. Rekow (Chairperson), Messrs. Brons, Herring and Laskawy, Ms. Raphael and Drs. Bacow and Sheares. The purpose of the Strategic Advisory Committee is to provide advice to the Board of Directors and to our management regarding the monitoring and implementation of our corporate strategic plan, as well as general strategic planning. All of the members of the Strategic Advisory Committee are independent directors as defined under NASDAQ's Rule 5605(a)(2). The Strategic Advisory Committee operates under a charter available on our Internet website at www.henryschein.com, under the "Our Company Corporate Governance" caption.

Board of Directors Leadership Structure

Since 1989, the Company has employed a traditional board leadership model, with our Chief Executive Officer also serving as Chairman of our Board of Directors. We believe this traditional leadership structure benefits our Company. A combined Chairman/CEO role helps provide strong, unified leadership for our management team and Board of Directors. Our customers, stockholders, suppliers and other business partners have always viewed our Chairman/CEO as a visionary leader in our industry, and we believe that having a single leader for the Company is good for our business.

We also believe that strong, independent Board of Director leadership is a critical aspect of effective corporate governance. Accordingly, in 2012, the Board of Directors amended the Company's Corporate Governance Guidelines and designated Mr. Laskawy to serve as Lead Director. As specified in our Corporate Governance Guidelines the role and duties of the Lead Director include:

presiding at all executive sessions of the independent directors and calling meetings of the independent directors;

acting as a liaison among the members of the Board of Directors, Chief Executive Officer and management;

coordinating information sent to the Board of Directors;

coordinating meeting agendas and schedules for the Board of Directors to assure that there is sufficient time for discussion of all agenda items;

conferring with the Chief Executive Officer, as appropriate; and

being available for consultation with our stockholders, as appropriate.
(See Corporate Governance Guidelines set forth below.)

We believe that a single leader serving as Chairman and Chief Executive Officer, together with an experienced Lead Director, is the best governance model for our Company and our stockholders.

Our Board of Directors' committees, each comprised solely of independent directors and each with a separate Chairperson, are the Audit, Compensation, Nominating and Governance and Strategic Advisory Committees. The Audit Committee oversees the accounting and financial reporting processes, legal and compliance matters relating to financial reporting and the Company's risk management processes. The Compensation Committee oversees the annual performance evaluation of our Chairman/CEO and senior management. The Nominating and Governance Committee monitors matters such as the composition of the Board of Directors and its committees, Board performance and best practices in corporate governance and is also responsible for overseeing succession planning. The Strategic Advisory Committee oversees and monitors the implementation of our corporate strategic plan as well as general strategic planning.

Our directors bring a broad range of leadership experience to the boardroom and regularly contribute to the thoughtful discussion involved in effectively overseeing the business and affairs of the Company. The atmosphere of our Board of Directors is collegial, all Board members are well engaged in their responsibilities, and all Board members express their views and consider the opinions expressed by other directors. We do not believe that appointing an independent Board Chairman would improve the performance of the Board of Directors.

The Board of Directors is responsible for selecting the Chairman/CEO. The Chairman/CEO establishes the agenda for each meeting of the Board of Directors (in coordination with the Chairperson of the Nominating and Governance Committee/Lead Director) and presides at Board of Directors and stockholders' meetings. The Chairperson of the Nominating and Governance Committee/Lead Director takes input from the other independent directors when setting the agenda for the independent sessions.

On an annual basis, as part of our governance review and succession planning, the Nominating and Governance Committee evaluates our leadership structure to ensure that it remains the optimal structure for our Company and our stockholders. We recognize that different board of directors' leadership structures may be appropriate for companies with different histories and cultures, as well as companies with varying sizes and performance characteristics. We believe our current leadership structure where our Chief Executive Officer serves as Chairman of the Board of Directors, our Board is comprised of experienced independent directors, including a Lead Director, our Board committees are comprised solely of independent directors and our independent directors hold regular meetings in executive session is most appropriate and remains the optimal structure for our Company and our stockholders and has contributed to our Company's compounded growth rates for sales and net income since becoming a public company in 1995.

Board of Directors' Role in Oversight of Risk

Risk oversight is provided by a combination of our full Board of Directors and by the Board's committees (the Audit, the Compensation, the Nominating and Governance and the Strategic Advisory Committees, each of which is made up entirely of independent directors). The Audit Committee takes the lead risk oversight role, focusing primarily on risk management related to monitoring and controlling the Company's financial risks (*i.e.*, the Committee oversees those aspects of risk management and legal and regulatory compliance monitoring processes, which may impact the Company's financial reporting) including financial accounting and reporting risks as well as cyber-security risks. The Compensation Committee focuses primarily on human capital matters such as executive compensation plans and executive agreements. The Nominating and Governance Committee focuses on succession planning, director nomination criteria and candidate identification as well as on evaluation of our corporate governance procedures and practices including performance evaluation of our Board of Directors and executive management. Finally, the Strategic Advisory Committee focuses primarily on the Company's strategic and business development plans including the risks associated with those plans.

The Company's Executive Management Committee has responsibility to oversee and actively manage material risks to the Company (including, without limitation, strategic, development, business, operational, human, financial and regulatory risks) as an integral part of the Company's business planning, succession planning and management processes. Members of the management team provide quarterly reports to the Audit Committee on select risk management topics and the Chairperson of the Audit Committee reports on these topics to the full Board of Directors.

The Company's management has a longstanding commitment to employing and imbedding sound risk management practices and disciplines into its business planning and management processes throughout the Company to better enable achievement of the Company's strategic, business, operational, financial and compliance objectives as well as to achieve and maintain a competitive advantage in the marketplace.

Stockholder Communications

Stockholders who wish to communicate with the Board of Directors may do so by writing to the Corporate Secretary of the Company at Henry Schein, Inc., 135 Duryea Road, Melville, New York 11747. The office of the Corporate Secretary will receive the correspondence and forward it to the Chairperson of the Nominating and Governance Committee/Lead Director or to any individual director or directors to whom the communication is directed, unless the communication is unduly hostile, threatening, illegal, does not reasonably relate to the Company or its business or is similarly inappropriate.

Our policy is to encourage our Board of Directors members to attend the Annual Meeting of Stockholders and all of the directors attended the 2016 Annual Meeting of Stockholders.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines, a copy of which is available on our Internet website at www.henryschein.com, under the Our Company Corporate Governance caption. Our Corporate Governance Guidelines address topics such as (i) role of the Board of Directors, (ii) director responsibilities, (iii) Board of Directors composition, (iv) definition of independence, (v) lead director, (vi) committees, (vii) selection of Board of Directors nominees, (viii) orientation and continuing education of directors, (ix) executive sessions of independent directors, (x) management development and succession planning, (xi) Board of Directors compensation, (xii) attendance of directors at the Annual Meeting of Stockholders, (xiii) Board of Directors access to management and independent advisors, (xiv) annual evaluation of Board of Directors and committees, (xv) submission of director resignations and (xvi) communicating with the Board of Directors.

Among other things, the Company's Corporate Governance Guidelines provide that it is the Board of Directors' policy to periodically review issues related to the selection and performance of the Chief Executive Officer. At least annually, the Chief Executive Officer must report to the Board of Directors on the Company's program for management development and on succession planning. In addition, the Board of Directors and Chief Executive Officer shall periodically discuss the Chief Executive Officer's recommendations as to a successor in the event of the sudden resignation, retirement or disability of the Chief Executive Officer.

The Company's Corporate Governance Guidelines also provide that it is the Board of Directors' policy that, in light of the increased oversight and regulatory demands facing directors, directors must be able to devote sufficient time to carrying out their duties and responsibilities effectively.

Code of Ethics

In addition to our Worldwide Business Standards applicable to all employees, we have adopted a Code of Ethics for Senior Financial Officers that applies to our Chief Executive Officer, Chief Financial Officer, Controller (if any) and Vice President of Corporate Finance, or persons performing similar functions. The Code of Ethics is posted on our Internet website at www.henryschein.com, under the Our Company Corporate Governance caption. We will disclose on our website any amendment to, or waiver of, a provision of the Code of Ethics for Senior Financial Officers, or persons performing similar functions.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

The Company's executive compensation program consists of four main components: (i) base salary; (ii) annual incentive compensation opportunity; (iii) long-term equity-based awards; and (iv) benefits and perquisites. As described below, annual and long-term performance-based awards represent a major portion of total compensation for the Named Executive Officers. The combination of these four components of our executive compensation program is designed to balance Company annual operating objectives and earnings performance with longer-term Company stockholder value creation goals.

Base Salary. The Compensation Committee annually reviews and approves base salary for the Named Executive Officers.

Annual Incentive Compensation. The components of the Company's annual incentive compensation (*i.e.*, bonuses under the PIP (as defined below) and the Company's 162(m) Cash Bonus Plan) are set by the Compensation Committee annually and are designed to reward the achievement of pre-established performance goals.

Each executive officer's PIP bonus (other than Mr. Bergman's) is based on the following three weighted components:

the Company's corporate financial (*i.e.*, EPS) goal, as may be adjusted as described below;

the executive officer's specific business unit financial goals; and

the executive officer's individual performance goals.

Mr. Bergman's annual incentive compensation (paid under the Company's 162(m) Cash Bonus Plan and PIP) is based on the following three weighted components:

the Company's corporate financial (*i.e.*, EPS) goal;

the average performance of the Company's other executive officers with respect to their respective business unit financial goals under the PIP; and

the average performance of the Company's other executive officers with respect to their respective individual performance goals under the PIP.

Long-Term Equity-Based Awards. The Company allocates long-term equity-based awards in the form of restricted stock/units that generally cliff vest at the end of four years for time-based awards and at the end of three years for performance-based awards.

Named Executive Officers receive 65% of their equity-based awards in the form of performance-based restricted stock/units and 35% of their awards in the form of time-based restricted stock/units, except for Mr. Bergman who receives 100% of his equity-based awards in the form of performance-based restricted stock/units (other than a special grant made to Mr. Bergman on May 25, 2016 in connection with the renewal of his employment agreement which was 50% performance-based and 50% time-based).

Awards of performance-based restricted stock/units granted to participants, including the Named Executive Officers, are tied to the Company's earnings per share, subject to any potential required adjustments as described below. When the Company successfully achieves its target EPS, participants, including the Named Executive Officers, are paid at target levels. When the Company's performance exceeds the target EPS, participants, including the Named Executive Officers, receive additional shares with respect to their awards of restricted stock/units up to a 200% maximum payout. (With respect to the awards of performance-based restricted stock/units granted in 2017, the maximum payout was reduced to 150%.) When the Company's

performance does not meet the target EPS, shares paid to participants, including the Named Executive Officers, are reduced or eliminated.

Benefits and Perquisites. The Company provides a program commensurate with competitive practices that is generally consistent with the benefits provided to other employees. The Company does not provide any tax gross-ups to our executive officers (other than for relocation expenses). See Compensation Structure Pay Elements Details Benefits and Perquisites set forth below.

Compensation Objectives and Strategy

The Company's executive officer compensation program is designed to attract and retain the caliber of officers needed to ensure the Company's continued growth and profitability, and to reward them for their performance, the Company's performance and for creating long-term value for stockholders. The primary objectives of the program are to:

align rewards with the achievement of performance that enhances stockholder value;

support the Company's strong team-based orientation;

encourage high potential team players to build a career at the Company; and

provide rewards that are cost-efficient, competitive with other organizations and fair to employees and stockholders.

The Company's executive compensation programs are approved and administered by the Compensation Committee of the Board of Directors. Working with management and outside advisors, the Compensation Committee has developed a compensation and benefits strategy that rewards performance, promotes appropriate conduct and reinforces a culture that the Compensation Committee believes will continue to drive long-term success for the Company thereby enhancing stockholder value.

The compensation program rewards team accomplishments while, at the same time, promoting individual accountability. The Company has a planning and goal-setting process that is fully integrated into the compensation system, intended to result in a strong relationship between individual efforts, business unit financial results and Company financial results with executive officer financial rewards.

A major portion of total compensation for our Named Executive Officers is placed at risk through annual and long-term incentives tied to the achievement of performance metrics. As shown in the Summary Compensation Table, in fiscal 2016, the sum of restricted stock/unit awards, annual incentive compensation (under the heading Non-Equity Incentive Plan Compensation in the Summary Compensation Table) and bonus, if any, represented between 75% and 86% of the total compensation for the Named Executive Officers. We believe that this combination of incentives has worked well for the Company and its stockholders as evidenced by, among other things, the Company's record net sales of approximately \$11.6 billion in fiscal 2016 (an increase of 8.9% over the prior fiscal year ended December 26, 2015 (fiscal 2015)), which consisted of 6.7% growth in internally generated sales and 1.5% growth from an extra week of sales in 2016, and 1.9% growth from acquisitions, offset by a 1.2% decline in reported sales related to foreign currency exchange) and growth in diluted EPS of 8.8% in fiscal 2016 over fiscal 2015.

We seek to provide competitive compensation that is commensurate with performance. We target compensation at the median of the market, and calibrate both annual and long-term incentive opportunities to generate less-than-median

awards when goals are not fully achieved and greater-than-median awards when goals are exceeded. (See Pay Levels and Benchmarking set forth below.)

We seek to promote a long-term commitment to the Company by our senior executives. We believe that there is great value to the Company in having a team of long-tenured, seasoned managers to enable us to capitalize on our growth strategies. Our team-focused culture and management processes are designed to foster this commitment. The vesting schedules attached to restricted stock/unit awards reinforce this long-term orientation.

Role of the Compensation Committee

General

The Compensation Committee provides overall guidance for our executive compensation policies and determines the amounts and elements of compensation for our executive officers, including the Named Executive Officers. The Compensation Committee's function is more fully described in its charter which has been approved by our Board of Directors. The charter is available on our Internet website at www.henryschein.com, under the Our Company Corporate Governance caption.

When considering decisions concerning the compensation of the Named Executive Officers (other than the Chief Executive Officer), the Compensation Committee asks for recommendations from Mr. Bergman, including his detailed evaluation of each executive's performance during the relevant fiscal year.

Use of Outside Advisors

In making its determinations with respect to executive compensation, the Compensation Committee has historically engaged the services of Pearl Meyer, an independent compensation consultant. For fiscal 2016, Pearl Meyer advised and consulted with the Compensation Committee with respect to certain executive compensation matters, including assisting it in its review and determination of the peer group companies used for benchmarking compensation. Pearl Meyer did not determine nor recommend the exact amount or form of executive compensation for any executive officer. Pearl Meyer has also assisted the Compensation Committee with several special projects, including advice on director compensation. Pearl Meyer does no other work for the Company.

The Compensation Committee retains Pearl Meyer directly, and Pearl Meyer reports directly to the Compensation Committee. However, in carrying out its assignments and during the course of providing services to the Compensation Committee, Pearl Meyer may interact with Company management when necessary and appropriate in order to obtain relevant compensation and performance data for the executives and the Company. In addition, Pearl Meyer may seek input and feedback from Company management regarding Pearl Meyer's work product and analysis prior to presenting such information to the Compensation Committee in order to confirm Pearl Meyer's understanding of the Company's business strategy or identify data questions or other similar issues, if any.

The Compensation Committee, with the assistance and independent advice from Pearl Meyer, annually reviews competitive compensation data prepared by Willis Towers Watson, a professional services/human resources consulting company which provides a number of services to the Company.

The Compensation Committee has assessed the independence of Pearl Meyer pursuant to the SEC and NASDAQ Stock Market rules taking into consideration each of the six independence factors established under such rules. The Compensation Committee's assessment affirmed the independence of Pearl Meyer with respect to executive compensation matters concluding that no conflict of interest exists that would prevent Pearl Meyer from serving as an independent consultant to the Compensation Committee. The Compensation Committee has the authority to retain, terminate and set the terms of its relationship with any outside advisors who assist the Compensation Committee in carrying out its responsibilities.

The Role of Say-on-Pay Votes and Stockholder Feedback

The Company provides its stockholders with the opportunity to cast an annual advisory vote on executive compensation (say-on-pay proposal). At the Company's annual meeting of stockholders held on May 31, 2016, 91.3% of the votes cast on the say-on-pay proposal at the meeting were in favor of the say-on-pay proposal. The Compensation Committee evaluated this result and, after consideration, concluded that the voting result reflects our stockholders' support of the Company's approach to executive compensation. The Company previously held discussions with, and obtained input from, certain of its stockholders regarding the performance metrics utilized in connection with the Company's annual incentive and equity-based compensation plans. Additionally, in 2016, following an analysis of compensation policies and practices and based on the results of the say-on-pay vote, the Compensation Committee determined that the Company's current approach to executive compensation is in the best interest of the Company and its stockholders and, therefore, did not make any change to its approach to executive compensation or make any significant changes to its executive compensation program from fiscal 2015. The Compensation Committee expects to continue to consider the outcome of the Company's say-on-pay votes and stockholder discussions when making future compensation decisions for the Named Executive Officers.

Compensation Structure

Pay Element Overview

The Company utilizes four main components of compensation:

Base Salary fixed pay that takes into account an individual's role and responsibilities, experience, expertise and individual performance;

Annual Incentive Compensation variable pay that is designed to reward attainment of annual business goals, with payout of target award goals generally expressed as a percentage of base salary;

Long-Term Equity-Based Awards stock-based awards including restricted stock/units; and

Benefits and Perquisites includes medical, dental, life, disability and travel insurance benefits, retirement savings, car allowances, executive health exams and, in the case of Mr. Bergman, certain additional services as described below.

Pay Elements Details

Base Salary

The Compensation Committee annually reviews executive officer salaries and makes adjustments, as warranted, based on individual responsibilities and performance, Company performance in light of market conditions and competitive practice. Salary adjustments are generally approved and implemented during the first quarter of the calendar year (typically in March). In 2016, based on individual responsibilities and performance, the Company's performance and competitive market data with respect to base salary pay practices, the Compensation Committee increased the base salaries for the Named Executive Officers (other than Ms. Prange whose start date was May 17, 2016) by a weighted average of 3.0%.

Annual Incentive Compensation

Annual incentive compensation for each of the Company's executive officers is determined and paid under the Performance Incentive Plan (PIP) for such year, although annual incentive compensation relating to financial performance goals for Mr. Bergman is determined and paid under the Section 162(m) Cash Bonus Plan.

Components of the PIP

The components of the PIP are designed to reward the achievement of pre-established corporate financial, business unit financial and individual performance goals. At the beginning of each year, the Chief Executive Officer recommends to the Compensation Committee which executive officers should participate in the PIP for that year and, following review and approval by the Compensation Committee, such officers are notified of their participation. The Chief Executive Officer recommends to the Compensation Committee the PIP's performance goals and target payout for executive officers (other than himself), subject to the Compensation Committee's review and approval, and sets such goals and target payout for participants who are not executive officers.

PIP targets and goals for 2016 for the Named Executive Officers were established at the beginning of 2016 (other than for Ms. Prange whose PIP targets and goals for 2016 were established as part of her letter agreement with a start date of May 17, 2016). For the Named Executive Officers (other than Mr. Bergman), the performance goals under the 2016 PIP were based on:

the Company's 2016 earnings per share measured against pre-established standards, as may be adjusted pursuant to the terms of the 2016 PIP (the 2016 Company Financial/EPS Target);

achievement of financial goals in their respective business units (Business Financial Goals); and

achievement of individual performance objectives (Individual Performance Goals).

2016 Company Financial/EPS Target

Under the 2016 PIP, the Compensation Committee may adjust the 2016 Company Financial/EPS Target for the following factors (which factors have been pre-established by the Compensation Committee):

acquisitions and new business ventures (based on the approved model) not initially considered when developing the target including:

- Ø the effect of accretion or dilution relating to unbudgeted acquisitions (or dispositions), but only for the first 12 months following the transaction (or shorter time period, if applicable);
- Ø any gain, loss or expense related to the disposal of a business or discontinued operations that was not previously considered when developing the PIP target;
- Ø unbudgeted professional fees and acquisition expenses related to closed acquisitions or dispositions; and

Ø unbudgeted professional fees and acquisition expenses relating to individual unclosed acquisitions or dispositions, where such fees and expenses exceed \$300,000, in which case all such fees and expenses (from the first dollar) shall be excluded;

certain capital transactions (including capital stock repurchases);

other changes in average outstanding shares (other than those resulting from capital transactions referred to above);

the financial impact, either positive or negative, of the changes in foreign exchange rates from the rates used in setting the budgeted EPS target for the fiscal year;

unforeseen events or circumstances affecting the Company;

changes in accounting principles or in applicable laws or regulations; and

restructuring costs incurred related to publicly announced restructuring plans and separately identified in the Company's periodic filings, to the extent the adjustment was not already contemplated in the goal.

Additionally, the Compensation Committee may further adjust the target for any other unforeseen event or other facts and circumstances beyond the control of the Company, by an amount equal to a reasonable estimate of the expected accretion or dilution, based on information provided to them by the executive officers. In the event the Compensation Committee makes adjustments in accordance with the preceding sentence, the Compensation Committee in its sole discretion will determine the PIP award payouts that correspond to the levels of achievement of the adjusted target. The Compensation Committee may award all or a portion of a PIP award upon the attainment of any goals (including the applicable predefined goals). The Compensation Committee or the Chief Executive Officer (solely with respect to non-executive officers) may also grant discretionary awards under the PIP.

In November and December 2015, the Compensation Committee undertook a review of the 2016 Company Financial/EPS Target used in our PIP awards. As part of this review, the Compensation Committee considered a number of factors including (i) market data for peer group companies with revenues between \$8 billion and \$15 billion and peer group companies practices and (ii) the advantages and disadvantages of potential performance metrics evaluated against the current performance objectives of the PIP. Following consideration of these factors, the Compensation Committee concluded, as further described below, that it was in the best interest of the Company and its stockholders to continue to use adjusted earnings per share as the metric for the portion of the PIP bonus that is based on the Company's performance.

The Compensation Committee believes adjusted EPS is appropriate for the portion of the PIP bonus that is tied to the Company's performance because such metric (i) is reflective of the key metric that the Board of Directors uses to assess the Company's performance, (ii) clearly summarizes the earnings generated for stockholders and focuses on return to the stockholders, (iii) is sufficiently different from our long-term equity plan metric because our long-term equity plan metric is a three-year cumulative earnings per share goal as opposed to a one-year goal and (iv) is a metric used by a significant number of our peer group companies as the performance factor for the company-performance portion of their annual incentive compensation plans.

Also, as stated above, our PIP for the Named Executive Officers (other than Mr. Bergman) is made up of the 2016 Company Financial/EPS Target, Business Financial Goals and Individual Performance Goals. The Compensation Committee believes that the Business Financial Goals and Individual Performance Goals (as described below) already take into account performance metrics factors (including, without limitation, measures such as pre-tax income, business unit expense, net sales and similar factors) and, therefore, the introduction of another performance metric for the 2016 Company Financial/EPS Target is not necessary as our executive officers are already incentivized with various financial goals appropriate for their respective profit centers or business units.

Finally, as evidenced by the Company's historical stock performance and financial results, using earnings per share to measure the portion of the PIP bonus that is based on the Company's performance has successfully driven value creation and, accordingly, has been an effective incentive for our executive officers.

Business Financial Goals and Individual Goals for Named Executive Officers (other than CEO)

The weight (expressed as a percentage of the PIP target payout) for each component of the PIP awards for the Named Executive Officers (other than Mr. Bergman) is as follows:

	2016 Company Financial/EPS Target	Business Financial Goals	Individual Performance Goals
James P. Breslawski			
President of Henry Schein, Inc. and Chief Executive Officer of Henry Schein Global Dental Group	30%	55%	15%
Steven Paladino			
Executive Vice President and Chief Financial Officer			
(Principal Financial Officer)	60%	20%	20%
Gerald A. Benjamin			
Executive Vice President and Chief Administrative Officer	40%	40%	20%
Karen Prange			
Executive Vice President of Henry Schein, Inc. and Chief Executive Officer of Global Animal Health, Medical and Dental Surgical Group	30%	55%	15%

Business Financial Goals and Individual Performance Goals vary for each Named Executive Officer as the goals reflect each executive's specific role and function. Financial measures included in such goals are calculated based on

generally accepted accounting principles and adjusted in a manner similar to adjustments made to the Company's EPS (as described below).

Business Financial Goals and Individual Performance Goals are designed to motivate executive officers to achieve challenging, but attainable goals for talented executives. The Compensation Committee sets the targets for PIP awards such that incentive compensation is paid at less-than-median of the market awards when Business Financial Goals or Individual Performance Goals are not fully achieved and greater-than-median awards when goals are exceeded. The maximum payout percentage under the PIP for the Named Executive Officers is 200% for the Company/Financial EPS Target, ranges from 130% to 200% for the Business Financial Goal (depending on the specific category of Business Financial Goal applicable to such Named Executive Officer) and is 115% for the Individual Performance Goals.

For each Named Executive Officer (other than Mr. Bergman whose annual incentive compensation is described below), the Business Financial Goals and Individual Performance Goals are as follows:

Mr. Breslawski:

Business Financial Goals (55%). This goal measures actual achievement against target of pre-tax income after capital charge attributable to the Global Dental Group.

Individual Performance Goals (15%). The key individual goals relate to overseeing, supporting and, where applicable, implementing: (i) strategies to maximize gross profit and reduce cost of sales; (ii) strategies to expand market share; (iii) global leadership initiatives; (iv) human capital strategic plans; (v) strategic planning and business development initiatives; and (vi) technological advancements.

Mr. Paladino:

Business Financial Goals (20%). These goals measure actual achievement against target of net income attributable to the Company's Financial Services Group and of the expense budget for the Company's Corporate Finance Group.

Individual Performance Goals (20%). The key individual goals relate to overseeing, supporting and, where applicable, implementing: (i) capital resource efficiencies; (ii) strategic partner initiatives; (iii) internal controls; (iv) accounting processes and tax planning; (v) financial reporting systems; (vi) investor relations; (vii) Financial Services Group key priorities; (viii)

human capital strategic plans; (ix) enhance optimization efforts among business units; and (x) information security enhancements.

Mr. Benjamin:

Business Financial Goals (40%). These goals measure actual achievement of targeted expense budgets for the Company's Global Services Group.

Individual Performance Goals (20%). The key individual goals relate to overseeing, supporting and, where applicable, implementing: (i) human capital strategic plans; (ii) key initiatives, including key supplier partner agreements and distribution center initiatives; (iii) succession planning; (iv) projects to advance global services business; (v) compensation matters; and (vi) social responsibility matters.

Ms. Prange:

Business Financial Goals (55%). This goal measures: (i) actual achievement against target of net sales and pre-tax income attributable to the Global Animal Health Group; (ii) actual achievement against target of net sales and pre-tax income after capital charge attributable to the U.S. Medical Group; and (iii) actual achievement against target of net sales and pre-tax income attributable to the Global Dental Surgical Group.

Individual Performance Goals (15%). The key individual goals relate to overseeing, supporting and, where applicable, implementing: (i) orientation and transition matters; (ii) business development matters; (iii) human capital strategic plans; (iv) U.S. Medical Group strategic planning; (v) Global Animal Health Group strategic planning; and (vi) Global Dental Surgical Group strategic planning.

2016 PIP

In 2016, based on the Company's performance, growth versus the peer group, competitive market data with respect to pay practices and the Company's continued emphasis on paying for performance, the Compensation Committee increased the payout for achievement of the target goals under Mr. Bergman's 162(m) Plan and PIP, in the aggregate, by 4.8% and increased the payout for achievement of the PIP target goals for the Named Executive Officers (other than Mr. Bergman, and Ms. Prange's whose start date was May 17, 2016) by a weighted average of 2.8%.

In February 2016, the Compensation Committee set the 2016 Company Financial/EPS Target at \$6.60, excluding restructuring costs (net of income taxes), representing the target goal designed to result in a PIP award payout equal to 100%. This goal was set based on a pre-established weighted formula using specific components of EPS. Similar to previous years, the Compensation Committee completed a pre-defined process to adjust the goal based on adjustments authorized under the PIP. For the 2016 PIP, these adjustments included the impact of acquisitions, certain capital transactions (including capital stock repurchases) and the effects during fiscal 2016 of changes in foreign exchange rates. As a result of these adjustments, the Compensation Committee increased the 2016 Company Financial/EPS Target from \$6.60 to \$6.63. These adjustments were reviewed and approved by the Compensation Committee. During the first quarter of 2017, the Chief Executive Officer reviewed the relevant financial and operating performance achievements of the Company and its business units, as well as the individual performance of the participating officers (other than himself), against the PIP performance goals that had been previously established, and submitted proposed PIP payouts for the participating officers to the Compensation Committee for review and approval.

Our 2016 adjusted diluted EPS from continuing operations was \$6.61. After applying the pre-established weighted formula using specific components of EPS, this achievement resulted in a payout of 110.6% of the 2016 Company Financial/EPS Target portion of the PIP award set by the Compensation Committee under the 2016 PIP. PIP awards for the Named Executive Officers appear in the Summary Compensation Table in the column captioned Non-Equity Incentive Plan Compensation.

Additionally, in 2013, the Compensation Committee approved a clawback policy as part of the PIP whereby the Company has the right to recoup from the participant, including the Named Executive Officers, and the participant is required to repay to the Company, an amount equal to the PIP cash bonus paid to the participant if the participant engages in a competitive activity (as defined in the award agreement) or violates a non-disclosure, non-solicitation of employees or other restrictive covenant between the participant and the Company on or after the payment date but on or prior to the first anniversary of such payment date. This policy was effective beginning with the 2013 PIP.

Annual Incentive Compensation for CEO

Mr. Bergman's annual incentive compensation for 2016 had two components:

pre-established performance goals set under the Company's Section 162(m) Cash Bonus Plan; and

pre-established performance goals set under the PIP.

Mr. Bergman's 2016 award under the Section 162(m) Cash Bonus Plan was based on the Company's 2016 Company Financial/EPS Target (weighted at 75% of his total award under both plans) and the average performance of the Company's other executive officers with respect to their Business Financial Goals (weighted at 12.5% of his total award under both plans). The same adjustments were made to the Company Financial/EPS Target component of the 162(m) Cash Bonus Plan as were made to the Company Financial/EPS Target component of the PIP, except, that with respect to the 162(m) Cash Bonus Plan, such adjustments were required to be made without discretion. Based on 2016 achievement levels, the Compensation Committee determined Mr. Bergman was entitled to a \$2,102,850 bonus under the Section 162(m) Cash Bonus Plan with respect to 2016 performance.

Mr. Bergman's 2016 award under the PIP was based on the average performance for Individual Performance Goals of the Company's other executive officers (weighted at 12.5% of his total award under both plans). Such bonus is designed to further motivate Mr. Bergman to facilitate the individual performance of the Company's executive officers and is consistent with the Company's strong team-based approach. The Compensation Committee determined Mr. Bergman was entitled to a \$273,680 bonus under the PIP with respect to 2016 performance.

Such calculations, under both the Section 162(m) Cash Bonus Plan and the 2016 PIP, resulted in a total bonus amount of \$2,376,530 for Mr. Bergman.

Long-Term Equity-Based Awards

The Company and the Compensation Committee believe that long-term equity-based awards are an important factor in aligning the long-term financial interest of the officers and stockholders. The Compensation Committee continually evaluates the use of equity-based awards and intends to continue to use such awards in the future as part of the design and administration of the Company's executive compensation program.

Type of Award - Restricted Stock/Units

Under the Company's long-term incentive program (LTIP), the current method of allocating the equity-based awards solely to restricted stock/units is designed to use fewer shares as compared to appreciation-based awards (such as stock options) while continuing to provide long-term incentives with a strong retention component to participants.

Vesting

Performance-based restricted stock/units generally vest 100% on the third anniversary of the grant date (three-year cliff vesting) and time-based restricted stock/units generally vest 100% on the fourth anniversary of the grant date (four-year cliff vesting), in each case provided that no termination of service had occurred (except that the grants provide for pro-rated or accelerated vesting if termination of employment is due to retirement (solely with respect to restricted stock units), death or disability, or change in control (as defined in the 2013 Stock Incentive Plan)). (See Pay Levels and Benchmarking set forth below.) For all participants under the 2013 Stock Incentive Plan, other than executive officers, the restricted stock/units are allocated as 50% performance-based awards and 50% time-based

awards. Mr. Bergman receives his awards of restricted stock/units as 100% performance-based awards (other than a special equity grant on May 25, 2016 in connection with the renewal of his employment agreement which was 50% performance-based to vest on December 31, 2019 and 50% time-based to vest on December 31, 2019). Executive officers (other than Mr. Bergman) generally receive 65% of their awards in the form of performance-based restricted stock/units and 35% of their awards in the form of time-based restricted stock/units.

Effective with LTIP awards granted on or after March 1, 2013, the Compensation Committee (i) eliminated the single trigger acceleration of restricted stock/units upon a change in control and provided that restricted stock/units granted on or after such date will vest automatically upon a participant's termination of employment without cause occurring within two years after the change in control and (ii) approved a clawback policy whereby the Company has the right to recoup from the participant, including the Named Executive Officers, and the participant is required to repay to the Company, an amount equal to the fair market value of the aggregate shares of restricted stock/units payable to the participant if the participant engages in a competitive activity (as defined in the award

agreement) or violates a non-disclosure, non-solicitation of employees or other restrictive covenant between the participant and the Company on or after the payment date but on or prior to the first anniversary of such payment date.

Grant Date

All grants are issued on the date they are approved by the Compensation Committee, except with respect to new hires where the grant date is a fixed date after the date on which such grant is approved by the Compensation Committee.

Performance Criteria

At the time the LTIP performance-based goal is set, it is substantially uncertain that the goal will be achieved. As the Company continues to grow, we continue to tie the performance goals to the Company's earnings per share at growth rates that we believe exceed market growth for the markets in which we operate and reflect economic conditions. The Compensation Committee set the target and maximum payout for performance-based restricted stock/unit awards at 100% and 200%, respectively. (With respect to the 2017 LTIP, the Compensation Committee reduced the maximum payout to 150%.)

In November and December 2015, the Compensation Committee undertook a review of the performance metrics used in our performance-based LTIP awards. As part of this review, the Compensation Committee considered a number of factors including (i) market data for companies with revenues between \$8 billion and \$15 billion and peer group companies practices and (ii) the advantages and disadvantages of potential performance metrics evaluated against the performance objectives of the LTIP. Following consideration of these factors, the Compensation Committee concluded that it was in the best interest of the Company and its stockholders to continue to use three-year cumulative earnings per share as the metric for the LTIP because such metric (i) is reflective of the key metric that the Board of Directors uses to assess the Company's performance, (ii) clearly summarizes the earnings generated for stockholders and focuses on return to the stockholders, (iii) is sufficiently different from our short-term incentive plan (*i.e.*, PIP) metric because our long-term equity plan metric is a three-year cumulative earnings per share goal as opposed to a one-year goal and (iv) is a metric used by a significant number of our peer group companies as the performance factor for their respective long-term equity plans.

Additionally, pursuant to the 2016 LTIP, the Compensation Committee is required to adjust the EPS performance goal for the following factors (which factors have been pre-established by the Compensation Committee):

acquisitions and new business ventures (based on the approved model) not initially considered when developing the target including:

- Ø the effect of accretion or dilution relating to unbudgeted acquisitions (or dispositions), but only for the first 12 months following the transaction (or shorter time period, if applicable);
- Ø any gain, loss or expense related to the disposal of a business or discontinued operations;
- Ø unbudgeted acquisition and professional fees and expenses related to closed acquisitions or dispositions incurred in the year of the acquisition or disposition, but only for that year; and

Ø unbudgeted acquisition and professional fees and expenses relating to individual unclosed acquisitions or dispositions, where such fees and expenses exceed \$300,000, in which case the effect of all such fees and expenses (from the first dollar) incurred in the year of the acquisition or disposition shall be excluded, but only for that year;

certain capital transactions (including capital stock repurchases);

other differences in budgeted average outstanding shares other than those resulting from capital transactions referred to above;

restructuring costs incurred related to publicly announced restructuring plans and separately identified in the Company's periodic filings, to the extent the adjustment was not already contemplated in the goal;

the financial impact, either positive or negative, of the changes in foreign exchange rates from the rates used in setting the three year performance goal; and

changes in accounting principles or in applicable laws or regulations.

Although some companies use relative total shareholder return as a performance metric, the Compensation Committee does not believe such metric is appropriate for the Company's circumstances at this time because such metric (i) does not clearly summarize the earnings generated for stockholders (*e.g.*, earnings per share), (ii) tends to reward stock price volatility and can penalize a company that has demonstrated consistency in long-term performance, (iii) is measured on a relative basis so it is highly dependent on the peer

group chosen and we believe a selection of an appropriate peer group would be difficult for the purpose of measuring relative total shareholder return due to size, types of businesses the Company is involved in, business differentials and consolidation of companies within the industry (*e.g.*, companies selected for the peer group at the beginning of the period may be merged into other companies by the end of the three-year period which may skew results), (iv) provides for payouts in negative return scenarios so long as the Company outperforms its peer group (*i.e.*, the executive may receive a high payout while stockholders are losing value) and (v) studies have shown that relative total shareholder return does not result in better performance.

As evidenced by the Company's historical stock performance and financial results, LTIP performance criteria of three-year cumulative earnings per share has been an effective incentive for our executive officers. For all the reasons stated above, the Compensation Committee believes it is in the best interest of the Company and its stockholders to use three-year cumulative earnings per share as the performance metrics for its long-term equity awards.

Performance-Based Restricted Stock/Unit Awards

During the first quarter of each calendar year, the Compensation Committee sets the three-year cumulative earnings per share as the target goal designed to result in a payout equal to 100% under the performance-based restricted stock/unit awards to be granted during such year. The Compensation Committee set the target goal for the awards granted in 2014, 2015 and 2016 by excluding restructuring costs. Accordingly, the actual results for fiscal 2016 applied to measure achievement of the target goals for awards granted in 2014, 2015 and 2016 exclude actual restructuring costs incurred in fiscal 2016. Similar to previous years, the Company completed a pre-defined process to adjust goals based on adjustments required under the LTIP. With respect to outstanding performance-based restricted stock/unit awards granted from 2014 to 2016, the goals were adjusted to account for the impact of acquisitions and certain capital transactions (including capital stock repurchases) that occurred in fiscal 2016. For restricted stock/unit awards granted in 2014 and 2015, the goal was adjusted for the effects during fiscal 2016 of a designated foreign exchange rate outside a pre-established range. For restricted stock/unit awards granted in 2016, the goal was adjusted for the effects of changes in foreign exchange rates during 2016 from the rates used in setting the three-year performance goal. Accordingly, the Compensation Committee reduced the three-year EPS performance goal for the performance-based restricted stock/units granted in 2014 and 2015 by 1.0% and 0.1%, respectively, and increased the three-year EPS performance goal for the performance-based restricted stock/units granted in 2016 by 0.9%. A substantial portion of the adjustments were attributable to the average Euro foreign exchange rate during 2016 being lower than the pre-established range in the 2014 and 2015 plans. The increase in the 2016 performance goal was primarily attributable to share buyback activity. These adjustments were reviewed and approved by the Compensation Committee.

In 2016, based on the Company's performance, growth versus the peer group, competitive market data with respect to pay practices and the Company's continued emphasis on paying for performance, the Company decided not to change the value of the 2016 LTIP restricted stock/unit awards for the Named Executive Officers as compared to the value of their awards in 2015.

On March 4, 2016, Mr. Bergman was granted 20,837 restricted stock units with a grant date fair value of \$3,500,000, Mr. Breslawski was granted 9,525 restricted stock units with a grant date fair value of \$1,600,000, and each of Messrs. Paladino and Benjamin was granted 8,930 restricted stock units with a grant date fair value of \$1,500,000. Each such grant was made under the Company's 2013 Stock Incentive Plan. Mr. Bergman's grant was 100% performance-based with three-year cliff vesting and the grants for Messrs. Breslawski, Paladino and Benjamin were 65% performance-based with three-year cliff vesting and 35% time-based with four-year cliff vesting.

Additionally, in order to induce Mr. Bergman to accept the terms of the amended and restated employment agreement (which included a three-year renewal of his employment term), on May 25, 2016, the Compensation Committee awarded Mr. Bergman two restricted stock unit awards under the Company's 2013 Stock Incentive Plan, with an

aggregate value of \$5,000,000 (May 2016 RSU Awards). One grant for 14,661 restricted stock units was awarded in the form of a performance-based restricted stock unit award and the other grant for 14,662 restricted stock units was awarded in the form of a time-based restricted stock unit award, each with a grant date of May 25, 2016. Except with respect to pro rata or full acceleration of the vesting of the May 2016 RSU Awards that will apply in the event of certain termination events, the performance-based award will become vested on December 31, 2019, subject to the achievement of performance goals and Mr. Bergman's continued employment through such date, and the time-based award will vest on December 31, 2019, subject to Mr. Bergman's continued employment through that date.

In connection with Ms. Prange joining the Company as an executive officer on May 17, 2016, she was granted a sign-on equity award of 7,289 restricted stock with a grant date fair value of \$1,300,000 on June 10, 2016. On June 10, 2016, Ms. Prange was also granted an equity award of 5,606 restricted stock with a grant date fair value of \$1,000,000 as her first annual equity grant under the Company's LTIP. Each such grant was made under the Company's 2013 Stock Incentive Plan with 65% of each grant being performance based with three-year cliff vesting and 35% being time-based with four-year cliff vesting.

On March 1, 2016, the 2013 LTIP performance-based awards vested. With respect to such awards, on March 1, 2013, the Compensation Committee set the three-year cumulative EPS at \$15.74, representing the target goal designed to result in an LTIP award payout equal to 100%. Similar to previous years, the Compensation Committee completed a pre-defined process to adjust the goal based on adjustments authorized under the 2013 LTIP. For the 2013 LTIP performance-based awards, the goal was adjusted to account for the impact of acquisitions, certain capital transactions (including capital stock repurchases) and for the effects of a designated foreign exchange rate outside a pre-established range. The three-year cumulative EPS target for the performance-based restrictive stock/units granted under the 2013 LTIP was \$15.75 (as adjusted) and the actual three-year cumulative EPS was \$15.69 (as adjusted). On March 1, 2016, such awards vested with an achievement of 99.6% of the EPS performance goal and a payout awarded in shares of Company common stock equal to 96.3% of the original number of shares/units underlying the award granted (based on target performance).

On February 27, 2017, the 2014 LTIP performance-based awards vested. With respect to such awards, on February 27, 2014, the Compensation Committee set the three-year cumulative EPS at \$16.92, representing the target goal designed to result in an LTIP award payout equal to 100%. Similar to previous years, the Compensation Committee completed a pre-defined process to adjust the goal based on adjustments authorized under the 2014 LTIP. For the 2014 LTIP performance-based awards, the goal was adjusted to account for the impact of acquisitions, certain capital transactions (including capital stock repurchases) and for the effects of a designated foreign exchange rate outside a pre-established range. The three-year cumulative EPS performance goal for the performance-based restrictive stock/units granted under the 2014 LTIP was \$16.63 (as adjusted) and the actual three-year cumulative EPS was \$17.74 (as adjusted). On February 27, 2017 such awards vested with an achievement of 106.7% of the EPS performance goal and a payout awarded in shares of Company common stock equal to 196.9% of the original number of shares/units underlying the award granted (based on target performance).

Benefits and Perquisites

The Company's executive compensation program also includes benefits and perquisites. These benefits include annual matching contributions of up to 7% of base salary to executive officers' 401(k) Plan accounts, annual allocations to the Company's Supplemental Executive Retirement Plan (SERP) accounts, health benefits, annual executive health physicals, automobile allowances and life insurance coverage. The Company also maintains a deferred compensation plan (the Deferred Compensation Plan) under which the Named Executive Officers may participate. The Company does not make any contributions to the Deferred Compensation Plan and all amounts outstanding under the Deferred Compensation Plan consist solely of participant contributions. The Company annually reviews these benefits and perquisites and makes adjustments as warranted based on competitive practices and the Company's performance.

A portion of the administrative services provided to Mr. Bergman has been determined to be non-business related and such portion is included in his taxable income as additional compensation. The administrative services include clerical and secretarial assistance designed primarily to minimize the amount of time Mr. Bergman devotes to administrative matters other than Company business, to provide opportunities for Mr. Bergman to undertake, among other things, philanthropic causes, social responsibility activities and non-business-related leadership roles. The Compensation Committee has approved these benefits and perquisites as a reasonable component of the Company's executive officer compensation program in light of historical and competitive market practices. (See the All Other Compensation column in the Summary Compensation Table.)

From time to time, the Company utilizes hourly leased aircraft to efficiently optimize management's time for business travel. If seating is available, the Company permits an executive's spouse or other guests to accompany the executive on the flight. In all cases, if the aircraft is used for personal purposes, the executive reimburses the Company the value of the personal usage of the aircraft at the greater of the imputed income under Securities and Exchange Commission rules and the SIFL value under Internal Revenue Service regulations.

Pay Mix

We utilize the particular elements of compensation described above because we believe that it provides a well-proportioned mix of secure compensation, retention value and at-risk compensation which produces short-term and long-term performance incentives and rewards without encouraging inappropriate risk-taking by our executive officers. By following this approach, we provide the executive a measure of security with a minimum expected level of compensation, while motivating the executive to focus on business metrics that will produce a high level of short-term and long-term performance for the Company and its stockholders, and long-term wealth creation for the executive, as well as reducing the risk of recruitment of top executive talent by competitors. The mix of metrics used for our annual incentive program (*i.e.*, the PIP and the Section 162(m) Cash Bonus Plan) and our annual LTIP likewise provides an appropriate balance between short-term financial performance and long-term financial and stock performance.

For executive officers, the mix of compensation is weighted heavily toward at-risk pay (performance-based annual incentives and long-term incentives). Maintaining this pay mix results fundamentally in a pay-for-performance orientation for our executives, which is aligned with our stated compensation philosophy of providing compensation commensurate with performance, while targeting pay at approximately the 50th percentile of the competitive market.

Our pay mix has resulted in a team of long-tenured, seasoned managers who we believe have a strong commitment to the Company's long-term performance.

Pay Levels and Benchmarking

Pay levels for executive officers are determined based on a number of factors, including the individual's roles and responsibilities within the Company, the individual's experience and expertise, the pay levels for peers within the Company, pay levels in the marketplace for similar positions and performance of the individual and the Company as a whole. The Compensation Committee is responsible for approving pay levels for the executive officers. In determining the pay levels, the Compensation Committee considers all forms of compensation and benefits.

The Compensation Committee assesses competitive market compensation using a number of sources. One of the data sources used in setting competitive market levels for the executive officers is the information publicly disclosed by a peer group of the Company, which is reviewed annually and may change from year to year. The peer group of companies is set by the Compensation Committee and consists of companies engaged in the distribution and/or manufacturing of healthcare products or industrial equipment and supplies. The Compensation Committee determines the peer group of companies based on the following considerations, among other things: (i) Standard Industrial Classification or SIC codes; (ii) Global Industry Classification System or GICS; (iii) companies identified by Hoover's, Inc. as our peer companies; (iv) companies listed as peers by our current list of peer companies; and (v) company size, including, among other things size by market capitalization, revenue and number of employees. Based on such analysis, the Compensation Committee determined the peer group of companies for fiscal 2016 to be AmerisourceBergen Corporation, Cardinal Health, Inc., Community Health Systems, Inc., DaVita Inc., Dentsply Sirona Inc., Fastenal Company, Laboratory Corp. of America Holdings, MSC Industrial Direct Co., Inc., Owens & Minor, Inc., Patterson Companies, Inc., Quest Diagnostic, Inc. and W.W. Grainger, Inc. At management's direction, Willis Towers Watson, a professional services/human resources consulting company, prepares the peer group analysis and comparative data for companies with revenues between \$8 billion and \$15 billion for the Company. This information is shared with the Compensation Committee and the Compensation Committee reviews such information with its independent compensation consultant, Pearl Meyer.

After consideration of the data collected on external competitive levels of compensation and internal relationships within the executive group, the Compensation Committee makes decisions regarding individual executives' target total compensation goals based on the need to attract, motivate and retain an experienced and effective management team.

Relative to the competitive market data, the Compensation Committee generally intends that the base salary, target annual incentive compensation and equity-based compensation for each executive will be at the median of the competitive market.

As noted above, notwithstanding the Company's overall pay positioning objectives, pay goals for specific individuals vary based on a number of factors such as scope of duties, potential for advancement, tenure, institutional knowledge and/or difficulty in recruiting a new executive. Actual total compensation in a given year will vary above or below the target compensation levels based primarily on the attainment of operating goals and the creation of stockholder value.

Conclusion

The level and mix of compensation that is finally decided upon by the Compensation Committee is considered within the context of both the objective data from our competitive assessment of compensation and performance, as well as discussion of the subjective factors as outlined above. The Compensation Committee believes that each of the compensation packages is within the competitive range of practices when compared to the objective comparative data even where subjective factors may have influenced the compensation decisions.

Post Termination and Change in Control

The Company believes that a strong, motivated management team is essential to the best interests of the Company and its stockholders. To that end, we have an employment agreement with Mr. Bergman and we have had change in control agreements with the Named Executive Officers, other than Mr. Bergman, since 2003, which were amended in 2012 to, among other things, eliminate the gross-up for excise taxes imposed by Section 4999 of the Code. These agreements provide for certain payments to be made upon

termination of employment under certain circumstances, including if the executive's employment is terminated by the Company without cause or by the executive for good reason within two years following a change in control of the Company. (See Employment and Letter Agreements and Post Termination and Change in Control Arrangements under Executive and Director Compensation for a discussion of these agreements.) The Company does not provide any tax gross-ups to our executive officers (other than for relocation expenses).

Stock Ownership Policy

The Board of Directors believes that, to align the interests of the executive officers and directors of the Company with the interests of the stockholders of the Company, the executive officers and directors should have a financial stake in the Company. The Nominating and Governance Committee adopted a policy requiring (i) the Company's Chief Executive Officer to own equity in the Company equal to a minimum of three times his annual base salary, (ii) each executive officer who reports directly to the Company's Chief Executive Officer to own equity in the Company equal to a minimum of three times such executive officer's annual base salary and (iii) each executive officer who does not report directly to the Company's Chief Executive Officer to own equity in the Company equal to a minimum of one times such executive officer's annual base salary. Newly appointed executive officers will have five years from the date of their appointment to comply with the Company's stock ownership policy. Upon request, the Nominating and Governance Committee may consider whether exceptions should be made for any executive officer on whom this requirement would impose a financial hardship or for other appropriate reasons as determined by the Nominating and Governance Committee. Equity includes: shares of any class of capital stock; shares of vested restricted stock; unexercised vested options; vested shares of common stock held in such executive officer's 401(k) Plan account; warrants or rights to acquire shares of capital stock; and securities that are convertible into shares of capital stock; provided that an amount equal to at least 20% of such executive officer's annual base salary must be owned by such executive officer in the form of shares of common stock. The Stock Ownership Policy for non-employee directors of the Company is set forth under Executive and Director Compensation Director Compensation for Fiscal 2016 Stock Ownership Policy.

Further, as a guideline, executive officers may only sell up to one-half of the equity value above the ownership requirement. Also, an executive officer's equity in the Company may not be sold until the executive officer satisfies the Company's Stock Ownership Policy.

All executive officers are in compliance with the Company's Stock Ownership Policy.

The Company also prohibits hedging or other derivative transactions by its executive officers and prohibits pledging of Company stock by its executive officers.

In December 2016, following a benchmarking analysis and recommendation for approval by the Compensation Committee, the Nominating and Governance Committee revised the Stock Ownership Policy for executive officers to (i) increase the Company's Chief Executive Officer's minimum equity ownership requirement from a minimum of three times his annual base salary to a minimum of six times, (ii) increase the minimum equity ownership requirement for each executive officer who does not report directly to the Company's Chief Executive Officer from a minimum of one times such executive officer's annual base salary to a minimum of two times, (iii) provide that executive officers who do not report directly to the Company's Chief Executive Officer will have two years from December 13, 2016 (the effective date of the amended Stock Ownership Policy) to comply with the two times annual base salary minimum equity ownership requirement and (iv) clarify that compliance with the Stock Ownership Policy will be reviewed annually and executive officers are not expected to purchase shares to offset any subsequent decreases in the Company's stock price after satisfying the Stock Ownership Policy but may not sell during the subsequent guideline years until in compliance.

Incentive Compensation Recoupment (Clawback) Policy

On March 1, 2016, upon recommendation of the Compensation Committee, the Board of Directors adopted a clawback policy, effective as of February 1, 2016, to allow the Company to recoup cash and equity incentive compensation awarded or granted after the policy's effective date to Named Executive Officers and other executive officers designated by the Board of Directors. In the event a restatement of the Company's financial statements is required due to material noncompliance with any accounting requirements, the recoupment applies to incentive compensation earned during the prior three-year period that is in excess of the amount that would have been paid or awarded had such incentive compensation been calculated based on the restatement results. The policy applies regardless of fault in the circumstances leading to the restatement.

Impact of Tax and Accounting

As a general matter, the Compensation Committee considers the various tax and accounting implications of compensation vehicles employed by the Company.

When determining amounts of long-term incentive grants to executives and employees, the Compensation Committee examines the accounting cost associated with the grants. Under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718, grants of options, restricted stock/units and other share-based payments result in an accounting charge for the Company. The accounting charge is equal to the fair value of the instruments being issued. For restricted stock/units, the cost is equal to the fair value of the stock on the date of grant multiplied by the number of shares/units granted. Nearly all equity grants since March 2009 have been awards of restricted stock/units. For options, the cost is equal to the Black-Scholes value on the date of grant multiplied by the number of shares or units granted. This expense is amortized over the requisite service period, or vesting period of the instruments. The Compensation Committee is mindful of the fact that, with respect to options, the accounting charge is not reversible should the option expire with a market price less than the exercise price. Additionally, the Compensation Committee may grant compensation that does not constitute performance-based compensation under Section 162(m) of the Code if it considers it appropriate and in the best interest of the Company. Grants under the Company's Section 162(m) Cash Bonus Plan, option grants and awards of performance-based restricted stock/units are generally intended to be performance-based under Section 162(m) of the Code; although grants under the PIP are tied to the Company's performance and these are not intended to meet the requirements under Section 162(m) of the Code.

Section 162(m) of the Code generally prohibits any publicly held corporation from taking a federal income tax deduction for compensation paid in excess of \$1,000,000 in any taxable year to certain Named Executive Officers. Exceptions are made for qualified performance-based compensation, among other things. It is the Compensation Committee's policy to maximize the effectiveness of our executive compensation plans, however, the Compensation Committee reserves the right to make adjustments that may result in the payment of non-deductible compensation.

Employment and Letter Agreements and Post Termination and Change in Control Arrangements

Employment Agreement with the Chief Executive Officer

The Company and Mr. Bergman entered into an amended and restated employment agreement which became effective as of December 31, 2016. The employment agreement, as amended and restated, is substantially similar to Mr. Bergman's prior employment agreement which was scheduled to expire on December 31, 2016, and includes the following revisions: (i) extending the term until December 31, 2019; (ii) clarifying certain provisions relating to relocation under the definition of "good reason" and the offset of health benefits where coverage from a subsequent employer is available; (iii) applying the restrictive covenants to the Company's affiliates (in addition to the Company) and restricting certain other activities; (iv) adding an acknowledgement that any incentive compensation paid will be subject to the Company's clawback policy, except that in the event of a change in control, only a clawback policy mandated by law or that recoups compensation due to certain types of misconduct will apply; and (v) providing for restricted stock unit awards described in greater detail below to entice Mr. Bergman to accept the terms of the amended and restated employment agreement.

The employment agreement provides for Mr. Bergman's continued employment as our Chairman of the Board of Directors and Chief Executive Officer until December 31, 2019, with successive one-year extensions, provided we give at least six months' notice of extension to Mr. Bergman, subject to his refusal within 90 days after notice of extension. The employment agreement, consistent with the prior employment agreement, sets Mr. Bergman's annual base salary at the annual rate of \$1,180,000, subject to increase from time to time. Mr. Bergman's current base salary is \$1,392,000. In addition, his employment agreement provides that the Compensation Committee will establish a target annual incentive compensation opportunity for Mr. Bergman which will be a percentage of base salary determined based on the achievement of performance goals. (See "Compensation Structure Pay Elements Details Long-Term Equity-Based Awards" under the Compensation Discussion and Analysis for a discussion on stock awards. See "Compensation Structure Pay Elements Details Annual Incentive Compensation" under the Compensation Discussion and Analysis for a discussion on non-equity incentive plan compensation.) It also provides that Mr. Bergman will be

entitled to participate in all benefit, welfare, perquisite, equity or similar plans, policies and programs generally available to our senior executive officers.

Pursuant to his employment agreement, if Mr. Bergman's employment with us is terminated (i) by us without cause, (ii) by Mr. Bergman for good reason, (iii) as a result of his disability or (iv) as a result of a non-renewal of the employment term by us, Mr. Bergman will receive all amounts then owed to him as salary and incentive compensation, a pro rata portion of the incentive compensation payable for the year of termination (based on actual achievement of performance goals), accrued and unpaid vacation pay, and all amounts or benefits accrued and owed to him or his beneficiaries under the then applicable benefit plans, programs and policies of the Company. In the event of Mr. Bergman's death, these amounts will be paid to Mr. Bergman's heirs or estate. In addition, in the event Mr. Bergman's employment is terminated for the reasons above, other than due to death, Mr. Bergman will receive, as severance pay, a lump sum equal to 200% of his then annual base salary plus 200% of his average annual incentive compensation paid or payable with respect to the immediately preceding three fiscal years, and a payment equal to the account balance or accrued benefit Mr. Bergman would have been credited with under each retirement plan maintained by us if we had continued contributions until the end of the year of the termination, less his vested account balance or accrued benefits under each retirement plan.

If Mr. Bergman's employment is terminated for any reason other than for cause or due to his death, Mr. Bergman shall also be entitled to an office comparable to that used by him prior to termination and related office support, including the services of one executive assistant until the last day of the second calendar year following his termination and, due to the deferred compensation rules under Section 409A of the Code, Mr. Bergman will receive a cash payment in lieu of office support benefits for the period from the last day of the second calendar year following his termination until the third anniversary of his termination. In addition, if Mr. Bergman's employment is terminated for any reason other than for cause or due to his death, Mr. Bergman shall be entitled to use of the Company's car service and, at Mr. Bergman's option, use of an automobile for a period of two years following his termination.

If Mr. Bergman resigns within two years following a change in control of the Company for good reason or if Mr. Bergman's employment is terminated without cause within two years following a change in control or during a specified period in advance of a change in control, Mr. Bergman will receive, as severance pay, in lieu of the foregoing, a pro rata portion of the annual incentive compensation payable for the year of termination (based on actual achievement of performance goals), 300% of his then annual base salary plus 300% of Mr. Bergman's incentive compensation paid or payable with respect to whichever of the immediately preceding two fiscal years of the Company ending prior to the date of termination was higher, and a payment equal to the account balance or accrued benefit Mr. Bergman would have been credited with under each retirement plan maintained by us if we had continued contributions thereunder until the end of the year of the termination, less Mr. Bergman's vested account balance or accrued benefits under each retirement plan upon a change in control, and all unvested outstanding options and shares of restricted stock shall become fully vested, except that in the case of a termination during a specified period in advance of a change in control, Mr. Bergman will receive a cash payment equal to the difference between the consideration paid in the change in control and the strike price of Mr. Bergman's forfeited options as of the date of termination as provided in his employment agreement.

In the event Mr. Bergman's employment is terminated for any reason other than for cause or due to his death following a change in control, Mr. Bergman shall also be entitled to an office comparable to that used by him prior to termination and related office support, including the services of one executive assistant until the last day of the second calendar year following his termination, and due to the deferred compensation rules under Section 409A of the Code, Mr. Bergman will receive a cash payment in lieu of office support benefits for the period from the last day of the second calendar year following his termination until the fourth anniversary of his termination. In addition, in the event Mr. Bergman's employment is terminated by us without cause, Mr. Bergman resigns for good reason or his employment term is not renewed following a change in control, Mr. Bergman shall be entitled to use of the Company's car service and, at Mr. Bergman's option, use of an automobile until the last day of the second calendar year following his termination, and due to the deferred compensation rules under Section 409A of the Code, Mr. Bergman will receive a cash payment in lieu of the transportation benefit for the period from the last day of the second calendar year following his termination until the third anniversary of his termination. If any amounts owed to Mr. Bergman in connection with a change in control of the Company are subject to the excise tax imposed by Section 4999 of the Code, we will cut-back such amounts to a safe harbor limit so that the excise tax is not triggered, unless the net after-tax value of the amounts due to Mr. Bergman after imposition of the excise tax would be greater (in which case no reduction will occur).

Unless his employment agreement is terminated for cause, we will continue the participation of Mr. Bergman and his spouse in the health and medical plans, policies and programs in effect with respect to our senior executive officers and their families after the termination or expiration of his employment agreement, with coverage for Mr. Bergman and his spouse continuing until their respective deaths which may be reduced by any health and medical benefits that Mr. Bergman and his spouse become eligible to receive under any health and medical benefit plans of any subsequent employer. Such health and medical coverage may be provided pursuant to a fully-insured replacement policy or annual cash payments to obtain a replacement policy.

Mr. Bergman is subject to restrictive covenants, including non-solicitation, non-diversion and non-compete provisions, while he is employed by us and for specified periods of time thereafter. Pursuant to such provisions in his employment agreement, Mr. Bergman shall not, directly or indirectly, engage in any activity competitive with the Company's business or recruit, solicit or induce (or attempt to recruit, solicit or induce) any employee of, or consultant to, the Company or any of its affiliates to terminate their employment with the Company or any of its affiliates, or divert (or attempt to divert) any person or entity from doing business with the Company or any of its Affiliates or induce (or attempt to induce) any person or entity from ceasing to be a customer or other business partner of the Company or any of its affiliates, during Mr. Bergman's employment term and (i) for one year thereafter if his employment is terminated (a) by us without cause, (b) by Mr. Bergman for good reason, or (c) as a result of his disability, or (ii) until the later of (a) the second anniversary of the expiration of his employment term and (b) his termination date if such termination is by us for cause or due to Mr. Bergman terminating his employment by giving 180 days' notice. We may, at our option, extend the initial one-year term of the non-compete described by clause (i) above for an additional year if we provide Mr. Bergman notice of such extension no later than 180 days prior to expiration of the term and we pay Mr. Bergman his annual base salary in effect on his date of termination. Mr. Bergman is also subject to confidentiality provisions.

In order to entice Mr. Bergman to accept the terms of the amended and restated employment agreement (which included a three-year renewal of his employment term), the Compensation Committee offered Mr. Bergman a grant of two restricted stock unit awards

under the 2013 Stock Incentive Plan, with an aggregate grant date fair value of \$5,000,000 split equally between the two awards, (29,323 total shares), and which became effective on May 25, 2016 (the 2016 RSUs), with one grant awarded in the form of a performance-based restricted stock unit award (Performance-Based RSU Award) and the other grant awarded in the form of a time-based restricted stock unit award (Time-Based RSU Award). Except with respect to pro rata vesting or full acceleration of the vesting of the 2016 RSUs as described below, the Performance-Based RSU Award will become vested on December 31, 2019, subject to the attainment of performance goals that were set by the Compensation Committee in writing on February 23, 2017 and Mr. Bergman's continued service through such date, and the Time-Based RSU Award will become vested on December 31, 2019, subject to Mr. Bergman's continued service through such date. In the event of Mr. Bergman's retirement, his resignation for good reason or termination by us without cause prior to December 31, 2019, a pro rata portion of the 2016 RSUs will vest as of Mr. Bergman's termination of employment, subject to the achievement of the performance target with respect to the Performance-Based RSU Award, with the remaining 2016 RSUs subject to the original vesting criteria and, in the case of Mr. Bergman's retirement, compliance with the restrictive covenants included in his employment agreement through December 31, 2019. In the event of Mr. Bergman's death or disability, or in the event Mr. Bergman's employment is terminated for any reason (other than by the Company for cause) within two years of a change in control of the Company, the 2016 RSUs will become fully vested, and, in the case of the Performance-Based RSU Award, without regard to the achievement of the performance target. Once vested, the 2016 RSUs will generally be settled within 30 days of the specified event except that upon certain terminations, the pro rata vested portion of 2016 RSUs will be settled on the six-month anniversary of termination of employment, with any remaining 2016 RSUs that vest on December 31, 2019 generally being settled within 30 days of December 31, 2019 or, if earlier, following a change in control.

Letter Agreement with the Executive Vice President of the Company and Chief Executive Officer of Global Animal Health, Medical and Dental Surgical Group

The Company and Ms. Prange entered into a letter agreement which became effective on her start date of May 17, 2016. The letter agreement sets Ms. Prange's annual base salary at \$650,000, subject to review from time to time, and provides that she is eligible for an annual target bonus of up to \$720,000, subject to her continued employment through the payment date. The target bonus for fiscal 2016 was paid in March 2017 and was guaranteed to be at least \$720,000. After fiscal 2016, her goals, objectives and bonus targets will be developed by the Company on an annual, ongoing basis and will be subject to the terms and conditions of the applicable bonus plan or program, provided that the target will be no less than the 2016 target bonus, unless reduced pursuant to a plan generally applicable to senior management employees. (See Compensation Structure Pay Elements Details Annual Incentive Compensation under the Compensation Discussion and Analysis for a discussion of non-equity incentive plan compensation.) She is also eligible to participate in the Company's LTIP under the 2013 Stock Incentive Plan beginning in 2016 with the first annual LTIP grant having an estimated grant date expected value of \$1,000,000. Such grant was made on June 10, 2016. Future eligibility to participate in the LTIP is subject to the sole discretion of the Compensation Committee. She is also entitled to participate in the Company's 401(k) plan and other benefit plans and programs, subject to the terms and conditions of the applicable plans and programs.

In connection with the hiring of Ms. Prange, the Company agreed to provide her with a sign-on bonus and sign-on LTIP grant. The letter agreement provides for a sign-on bonus divided into the following three installment payments, each subject to her continued employment up to the applicable date of each installment payment: (i) \$400,000, payable on her start date; (ii) \$800,000, payable on the first anniversary of her start date; and (iii) \$500,000, payable on the second anniversary of her start date. If she leaves for any reason within 12 months of any applicable installment payment dates for any reason other than her termination for good reason or the Company's termination of her employment without cause, she is obligated to reimburse the Company within 12 months of her termination for any and all installment payments made within the preceding 12 month period. The letter agreement also provides for the grant of a sign-on LTIP with a grant date expected value of \$1,300,000 in the form of restricted stock, subject to her continued employment on the grant date; 65% vests based on the achievement of performance goals determined by the

Compensation Committee and a three year cliff vesting schedule, subject to her continued active employment until the end of the three year period and 35% vests based on a four year cliff vesting schedule, subject to her continued active employment until the end of the four year period. Such grant was made on June 10, 2016.

Although Ms. Prange is employed by the Company on an at-will basis, if she is terminated by the Company without cause or she terminates with the Company for good reason, the letter agreement provides that, subject to her timely execution and non-revocation of the Company's customary release, she is entitled to receive as severance: (i) continued base salary for 12 months (except in the case of a good reason event that may only be triggered on or after the third anniversary of her start date, in which case the period is 18 months); (ii) subject to her timely election under COBRA, continued health coverage with a waiver of applicable COBRA premiums for the applicable severance period; (iii) a pro rata portion of any annual bonus at target level she would have earned from her termination date through the end of the severance period; (iv) full vesting of the sign-on LTIP grant; and (v) payment of any unpaid amounts of the sign-on bonus. If Ms. Prange is terminated due to disability, she is entitled to receive any unpaid, but earned annual bonus and sign-on bonus with respect to any such bonus relating to the year preceding the year in which she terminates due to disability and the pro rata portion of any such bonus for the year in which she terminates due to disability, provided, however, that she

was employed for at least 25% of such year. Simultaneous with her hire date, Ms. Prange entered into a change in control agreement that provides severance and other entitlements in certain instances in connection with a change in control of the Company. (See Employment and Letter Agreements and Post Termination and Change in Control Arrangements Named Executive Officers Other than the Chief Executive Officer.) In such case, the severance provided under the letter agreement ceases or severance provided under the change in control agreement is reduced by severance amounts paid under the letter agreement.

The letter agreement also provides that Ms. Prange agrees and acknowledges that her cash and non-cash incentive compensation (other than her 2016 target bonus, sign-on bonus and sign-on LTIP, unless otherwise required by law) will be subject to the terms and conditions of the Company's incentive compensation recoupment (clawback) policy. In connection with the entering into of the letter agreement, Ms. Prange also agreed to the terms and conditions of a confidentiality and non-solicitation/non-compete agreement which, includes, among other things, confidentiality, non-solicitation, non-diversion and non-compete provisions while she is employed by us and for specified periods of time thereafter (generally, 12 or 18 months following termination).

Named Executive Officers Other than the Chief Executive Officer

We have entered into change in control agreements with the Named Executive Officers, other than Mr. Bergman that provide that if the executive's employment is terminated by us without cause or by the executive for good reason within two years following a change in control of the Company, we will pay and provide the executive with (i) the executive's base salary (defined to include salary plus the executive's annual automobile allowance and the Company's contribution to the 401(k) Plan and SERP for the year prior to the change in control) through the termination date, (ii) severance pay equal to 300% of the sum of the executive's base salary (as defined in (i)) and target bonus, (iii) a pro rata annual incentive compensation based on actual achievement for the year in which termination occurs, (iv) immediate vesting of all outstanding options, restricted or deferred stock/unit awards and non-qualified retirement benefits, (v) elimination of all restrictions on any restricted or deferred stock/unit awards, (vi) settlement of all deferred compensation arrangements in accordance with the applicable plan and (vii) continued participation in all health and welfare plans for 24 months (provided that such coverage will terminate when the executive receives substantially equivalent coverage from a subsequent employer) at the same level of participation for each executive on the termination date, except that the health coverage may be provided pursuant to a fully-insured replacement policy or two annual cash payments to obtain a replacement policy. Notwithstanding the foregoing, if an executive's employment is terminated by us without cause or by the executive for good reason, in either case, (i) within 90 days prior to a change in control or (ii) after the first public announcement of the pendency of the change in control, the executive will be entitled to the benefits described above. In the event any payments to the executive become subject to the excise tax imposed by Section 4999 of the Code, we will cut-back such amounts to a safe harbor limit so that the excise tax is not triggered, unless the net after-tax value of the amounts due to the executive after imposition of the excise tax would be greater (in which case no reduction will occur).

Pursuant to the change in control agreements, the Named Executive Officers, other than Mr. Bergman (who is subject to restrictive covenants under his employment agreement as opposed to a change in control agreement), are also subject to restrictive covenants, such as confidentiality and non-disparagement provisions. Additionally, during each Named Executive Officer's employment and for a period of 24 months thereafter, each Named Executive Officer agreed that he or she will not, without the Company's prior written consent, solicit our employees for employment.

Tax Gross-Up Provisions

We do not provide any tax gross-ups to our executive officers (other than for relocation expenses).

Compensation Policies and Practices as they Relate to Risk Management

The Company conducted a risk assessment of its compensation policies and practices for all employees, including executive officers. The Compensation Committee reviewed the Company's risk assessment process and results and determined that our compensation programs are not reasonably likely to have a material adverse effect on the Company.

Post Termination and Change in Control Calculations

The amounts set forth in the table below represent amounts that would have been paid to the Named Executive Officers, pursuant to their employment/letter, change in control and equity award agreements, if such Named Executive Officers' employment was terminated on December 31, 2016 under the various scenarios set forth below or in connection with a change in control that occurred on such date.

¹ Represents the value of restricted stock/units that would accelerate and vest, if any, on termination. In the case of time-based restricted stock/units, the value is calculated by multiplying the number of shares of restricted stock/units that accelerate by the per share closing price of common stock on December 31, 2016. In the case of performance-based restricted stock/units, the value is calculated by multiplying the number of shares of restricted stock/units granted on the grant date (*i.e.*, target award) by the per share closing price of common stock on December 31, 2016. No unvested options are held by the Named Executive Officers.

² We do not provide any tax gross-ups to our executive officers (other than for relocation expenses).

³ Does not include the vested SERP amounts for the Named Executive Officers. Such vested amounts are paid following a termination of employment (subject to a six month delay in certain instances) or within 30 days following a change in control. Also does not include the amounts for the Named Executive Officers under the Company's Deferred Compensation Plan, all of which are fully vested and consist solely of participant contributions. Such vested amounts become payable upon a termination of employment as a result of death or disability in a lump sum cash payment within sixty days after such employment termination. Such vested amounts also become payable in a lump sum cash payment within 60 days following a change in control. (See Nonqualified Compensation for Fiscal 2016 tables for additional disclosure regarding these vested amounts.)

⁴ The Company will have no further obligation to Mr. Bergman, except payment of his vested SERP and Deferred Compensation Plan account balances.

⁵ Includes (i) health and welfare coverage for Mr. Bergman and his wife until death and (ii) use of the Company's car service, office space and administrative assistance provided to Mr. Bergman for two years (as well as a cash payment in lieu of office support services from the last day of the second calendar year following termination until the third anniversary of termination). Under his employment agreement, Mr. Bergman may resign without good reason and still be entitled to these benefits so long as he resigns upon providing 180 days prior written notice to the Company.

⁶ Includes (i) annual incentive compensation payable for the year of termination based on achievement of performance goals, (ii) a make-up pension payment, calculated as the value of the excess of (a) the fully vested value of benefits to Mr. Bergman under existing retirement plans (including the Company's 401(k) and SERP plans), assuming additional credit for the period from the termination date through the immediately succeeding December 31 over (b) his vested accrued benefits as of the termination date (such excess, if any, the Make-Up Pension Payment), (iii) 200% current base annual salary, (iv) 200% average annual incentive compensation paid in the previous three years, (v) health and welfare coverage for Mr. Bergman and his wife until death and (vi) use of the Company's car service, office space and administrative assistance provided to Mr. Bergman for two years (as well as a cash payment in lieu of office support services from the last day of the second calendar year following termination until the third anniversary of

termination). Mr. Bergman is also entitled to receive full vesting of his November 2011 restricted stock unit award as of his termination date, as the performance target was achieved by such date (as certified by the Compensation Committee on February 23, 2017). Mr. Bergman is also entitled to receive pro rata vesting of his May 2016 performance-based restricted stock unit award as of his termination date, as well as continued vesting of such award following his termination date through December 31, 2019 based on achievement of the performance goal. As of

December 31, 2016, the value of the pro rata vesting is \$2,224,220, and the present value of the full vesting after December 31, 2016 and until December 31, 2019 is \$2,175,563, in each case assuming the performance target is achieved. In addition, Mr. Bergman is entitled to receive pro rata vesting of his May 2016 time-based restricted stock unit award as of his termination date, as well as deemed vesting of such award on December 31, 2019. As of December 31, 2016, the value of the pro rata vesting is \$2,224,372, and the present value of full vesting after December 31, 2016 and until December 31, 2019 is \$2,175,711.

⁷ Includes (i) health and welfare coverage for Mr. Bergman and his wife until death and (ii) use of the Company's car service, office space and administrative assistance provided to Mr. Bergman for two years (as well as a cash payment in lieu of office support services from the last day of the second calendar year following termination until the third anniversary of termination). Mr. Bergman is also entitled to receive full vesting of his November 2011 restricted stock unit award as of his termination date, as the performance target was achieved by such date (as certified by the Compensation Committee on February 23, 2017). Mr. Bergman is also entitled to receive pro rata vesting of his May 2016 performance-based restricted stock unit award as of his termination date, as well as continued vesting of such award following his termination date through December 31, 2019 based on achievement of the performance goal. As of December 31, 2016, the value of the pro rata vesting is \$2,224,220, and the present value of the full vesting after December 31, 2016 and until December 31, 2019 is \$2,175,563, in each case assuming the performance target is achieved. In addition, Mr. Bergman is entitled to receive pro rata vesting of his May 2016 time-based restricted stock unit award as of his termination date, as well as deemed vesting of such award on December 31, 2019. As of December 31, 2016, the value of the pro rata vesting is \$2,224,372, and the present value of full vesting after December 31, 2016 and until December 31, 2019 is \$2,175,711, subject to his compliance with restrictive covenants in his employment agreement.

⁸ Includes (i) annual incentive compensation payable for the year of termination based on achievement of performance goals, (ii) pro rata vesting of all restricted stock/units granted in 2014, 2015 and 2016 from the date of grant through to the date of employment termination over 1,095 days, and with respect to the November 2011 restricted stock unit grant, the May 2016 performance-based restricted stock unit grant, and the May 2016 time-based restricted stock unit grant, full vesting of such awards as of employment termination date (with the May 2016 performance-based restricted stock unit vesting at target), (iii) 200% current base annual salary, (iv) 200% average annual incentive compensation paid in the previous three years, (v) health and welfare coverage for Mr. Bergman and his wife until death and (vi) use of the Company's car service, office space and administrative assistance provided to Mr. Bergman for two years (as well as a cash payment in lieu of office support services from the last day of the second calendar year following termination until the third anniversary of termination).

⁹ Includes (i) a pro rata portion of the annual incentive compensation payable for the year of termination based on achievement of performance goals, (ii) 300% current base annual salary, (iii) 300% of highest annual incentive compensation paid in the previous two years, (iv) vesting of any unvested outstanding options and shares of restricted stock/units, (v) health and welfare coverage for Mr. Bergman and his wife until death, (vi) use of the Company's car service for two years (as well as a cash payment in lieu of such services from the last day of the second calendar year following termination until the third anniversary of termination), (vii) the Make-Up Pension Payment and (viii) office space and administrative assistance for two years (as well as a cash payment in lieu of such services from the last day of the second calendar year following termination until the fourth anniversary of termination). With respect to the acceleration and continuation of equity awards, this includes amounts payable on a resignation or a Company termination (other than for cause) within two years after a change in control. If any amounts owed to Mr. Bergman in connection with a change in control of the Company are subject to the excise tax imposed by Section 4999 of the Code, we will cut back such amounts to a safe harbor limit so that the excise tax is not triggered, unless the net after-tax value of the amounts due after imposition of the excise tax would be greater (in which case no reduction will occur).

¹⁰ Includes (i) annual incentive compensation payable for the year of termination based on achievement of performance goals, (ii) pro rata vesting of all restricted stock/units granted in 2014, 2015 and 2016 from the date of grant through to the date of employment termination over 1,095 days, and with respect to the November 2011 RSU grant, the May 2016 performance-based restricted stock unit grant, and the May 2016 time-based restricted stock unit grant, full vesting of such award as of employment termination date (with the May 2016 performance-based restricted stock units vesting at target) and (iii) health and welfare coverage for Mr. Bergman's wife until death.

¹¹ Includes (i) annual incentive compensation payable for the year in which termination occurs based on achievement of performance goals, (ii) 300% current annual salary (defined to include salary plus the executive's annual automobile allowance and the Company's contribution to the 401(k) Plan and SERP plan for the full year preceding the change in control), (iii) 300% annual incentive compensation at target level in the year of termination, (iv) any unvested outstanding options and shares of restricted stock/units become fully vested (assuming performance-based restricted stock/units achievement at target level) and (v) health and welfare continuation of plans for 24 months following termination or until coverage with subsequent employer begins. If any amounts owed to Messrs. Breslawski, Paladino and/or Benjamin and/or Ms. Prange in connection with a change in control of the Company are subject to the excise tax imposed by Section 4999 of the Code, we will cut back such amounts to a safe harbor limit so that the excise tax is not triggered, unless the net after-tax value of the amounts due after imposition of the excise tax would be greater (in which case no reduction will occur).

¹² In the event of any termination of employment due to death or disability, the Named Executive Officers (other than Mr. Bergman, whose termination arrangement is discussed above) are entitled to 100% acceleration of their respective time-based restricted stock/units and pro rata vesting of their respective performance-based restricted stock/units granted in 2014, 2015 and 2016 (as applicable) from the date of grant through to the date of employment termination over 1,095 days.

¹³ In the case of death, the cash payment to Ms. Prange's beneficiaries would be \$0. In the case of disability, Ms. Prange's letter agreement provides that she is entitled to receive any unpaid, but earned annual bonus and sign-on bonus with respect to: (i) any such bonus relating to the year preceding the year in which she terminates due to disability (*i.e.*, \$0 since Ms. Prange was not employed with the Company during 2015); and (ii) the pro rata portion of any such bonus for the year in which she terminates due to disability (*i.e.*, \$720,000 annual bonus, plus \$400,000 sign-on bonus), provided, however, that she was employed for at least 25% of such year. Disability payment amount has been reduced by the sign-on bonus amount (*i.e.*, \$400,000) Ms. Prange would have been required to repay the Company per the terms of her letter agreement described above.

¹⁴ Includes (i) continued base salary for 12 months following termination, (ii) a pro rata portion of any annual bonus at target level Ms. Prange would have earned during the severance period, (iii) payment of any unpaid amounts of the sign-on bonus (*i.e.*, \$800,000 otherwise payable on May 17, 2017, and \$500,000 otherwise payable on May 17, 2018), (iv) the value of continued health coverage for 12 months following termination and (v) the value of restricted stock of Ms. Prange's sign-on LTIP that would accelerate and vest, if any, on termination (in the case of time-based restricted stock, the value is calculated by multiplying the number of shares of restricted stock that accelerate by the per share closing price of common stock on December 31, 2016 and in the case of performance-based restricted stock, the value is calculated by multiplying the number of shares of restricted stock granted on the grant date (*i.e.*, target award) by the per share closing price of common stock on December 31, 2016).

Change in Pension Value and Non-Qualified Deferred Compensation Earnings

For employees of the Company, including Named Executive Officers, we do not maintain a qualified defined benefit plan.

We maintain a Supplemental Executive Retirement Plan for certain eligible participants who are not able to receive the full Company matching contribution under our 401(k) Plan due to certain Internal Revenue Service limits. The SERP provides for various vesting percentages based on service with the Company. Vesting will also occur upon a participant's death, disability or attainment of age 65 or upon a change in control, in each case, while employed. Investment return on the contributions is generally equal to the earnings and losses that would occur if 40% of the contributions were invested in the Company stock fund under our 401(k) Plan and 60% were invested equally among the other investment alternatives available under our 401(k) Plan. Effective January 1, 2014, the SERP was amended to allow participants to direct the hypothetical investments of their deferral accounts subject to certain restrictions applicable to investments in the Company stock fund. A participant's vested SERP benefit is paid following a termination of employment (subject to a six month delay in certain instances) or a change in control.

We also maintain a Deferred Compensation Plan pursuant to which our Named Executive Officers are eligible to participate. We do not make any contributions to the Deferred Compensation Plan and the amounts under the plan consist entirely of participant contributions and are fully vested. The amounts under the Deferred Compensation Plan may become payable during employment upon designated fixed payment dates or following a termination of employment (subject to a six month delay in certain instances) or a change in control of the Company.

Discussion and Analysis for a discussion on the PIP and the Section 162(m) Cash Bonus Plan.

² The maximum payout percentage under the PIP for the Named Executive Officers is 200% for the Company/Financial EPS Target, ranges from 130% to 200% for the Business Financial Goal (depending on the specific category of Business Financial Goal applicable to such Named Executive Officer) and is 115% for the Individual Performance Goals. The maximum payout percentage under the Section 162(m) Cash Bonus Plan is approximately 195%.

³ The maximum payout percentage for the 2016 LTIP awards of performance-based restricted stock is 200%.

⁴ Time-based restricted stock (four-year cliff) awarded in fiscal 2016 to Named Executive Officers (other than Mr. Bergman). Each of Mr. Bergman's restricted stock unit grants are 100% performance-based (3 year-cliff vesting), except for his May 25, 2016 award which was 50% performance-based and 50% time-based, with such awards to vest on December 31, 2019.

⁵ None of the Named Executive Officers were awarded options in fiscal 2016.

⁶ These amounts are valued based on the aggregate grant date fair value of the award determined in accordance with FASB ASC Topic 718. These amounts do not necessarily reflect the actual value that may be realized by the Named Executive Officer upon vesting. Information regarding assumptions made in valuing the stock awards can be found in Note 16 of the Notes to Financial Statements included in Item 8 of our Annual Report on Form 10-K for the year ended December 31, 2016, as filed with the SEC on February 21, 2017.

¹ The Company does not issue performance-based options.

² All options granted under the 2013 Stock Incentive Plan (formerly known as the 1994 Stock Incentive Plan) have a ten year term unless otherwise terminated earlier in accordance with the plan.

³ Beginning in March 2009, time-based restricted stock/units (four-year cliff vesting) were awarded to the Named Executive Officers, except Mr. Bergman. Mr. Bergman receives his awards of restricted stock/units as 100% performance-based awards (other than a special equity grant on May 25, 2016 in connection with the renewal of his employment agreement which was 50% performance-based with three-year cliff vesting and 50% time-based with three-year cliff based vesting).

⁴ Based on the closing market price of \$151.71 of the Company's common stock on December 30, 2016, the last trading day in fiscal 2016.

⁵ Represents number of shares of performance-based restricted stock (three-year cliff vesting) granted in 2014, 2015 and 2016 under the Company's 2013 Stock Incentive Plan. As the threshold payout amount is zero, such number represents the number of shares based on the target payout at the end of fiscal 2016, but includes additional shares of performance-based restricted stock paid out under the 2014 LTIP when it subsequently vested on February 27, 2017, includes additional shares of performance-based restricted stock which we estimate will be issued related to the performance-based restricted stock grants under the 2015 LTIP and excludes shares of performance-based restricted

stock which we estimate will be forfeited under the 2016 LTIP.

⁶ Included in this amount are 75,688 restricted stock units granted to Mr. Bergman on November 15, 2011 in connection with the renewal of his employment agreement in 2011 which restricted stock units vested on the later of December 31, 2016 and the date upon which the Compensation Committee certified achievement of the performance goals (which was February 23, 2017). Such shares were settled on February 23, 2017.

¹ For each Named Executive Officer (other than Mr. Bergman), such amount represents (i) performance-based restricted stock/units (three-year cliff vesting) granted on March 1, 2013 and (ii) time-based restricted stock/units (four-year cliff vesting) granted on March 2, 2012. For Mr. Bergman, such amount represents performance-based restricted stock/units (three-year cliff vesting) granted on March 1, 2013.

² The value realized from vesting of restricted stock/units is deemed to be the market value of the common stock on the date of vesting, multiplied by the number of shares of common stock underlying the restricted stock/units that vested. The closing market price on March 1, 2016 was \$170.16 and the closing market price on March 2, 2016 was \$168.93.

The following table provides information regarding our Deferred Compensation Plan. The Company does not make any contributions to the Deferred Compensation Plan. All amounts in such plan are fully vested and consist solely of

participant contributions. Such vested amounts may become payable during employment upon designated fixed payment dates or following a termination of employment (subject to a six month delay in certain instances) or a change in control of the Company. ¹ These cash fee amounts have not been reduced to reflect a director's election to defer receipt of cash fees pursuant to the Non-Employee Director Deferred Compensation Plan; these deferrals are indicated in footnote 5 below.

² Includes restricted stock unit awards valued based on the aggregate grant date fair value of the award computed in accordance with FASB ASC Topic 718. The amounts shown in the table above do not necessarily reflect the actual value that may be realized by the non-employee director upon vesting. Information regarding assumptions made in valuing the stock awards can be found in Note 16 of the Notes to Financial Statements included in Item 8 of our Annual Report on Form 10-K for the year ended December 31, 2016, as filed with the SEC on February 21, 2017. With respect to the aggregate number of stock awards (including restricted stock units) outstanding at fiscal 2016 year end, Messrs. Alperin, Brons, Kabat and Laskawy, Ms. Raphael and Dr. Sheares each had 3,189 restricted stock units outstanding, Drs. Bacow and Rekow each had 1,103 restricted stock units outstanding and Messrs. Herring and Kuehn each had 1,039 restricted stock units outstanding. Additionally, with respect to the aggregate number of stock awards (including restricted stock units) outstanding at fiscal 2016 year end, our former directors, Mr. Matthews and Dr. Sullivan, each had 3,189 restricted stock units that vested (in an accelerated manner upon their retirement on May 31, 2016) but were settled on their originally scheduled vesting dates in March 2017. With respect to the aggregate number of restricted stock units that vested but, per the director's election, the payment date has been deferred, Mr. Alperin had 2,878 restricted stock units, Mr. Laskawy had 12,788 restricted stock units, Dr. Rekow had 1,570 restricted stock units, Dr. Sheares had 11,390 restricted stock units and each of Mr. Brons and Dr. Bacow had 1,317 restricted stock units, as of December 31, 2016. The amounts in this column have not been reduced to reflect a director's election to defer receipt of shares of common stock underlying the restricted stock units.

³ The aggregate number of option awards outstanding at the end of fiscal 2016 for each non-employee director is set forth in the following table:

⁴ The Company does not grant performance-based annual incentive compensation (*i.e.*, bonus) to non-employee directors.

⁵ Messrs. Alperin and Matthews and Drs. Rekow and Sullivan each participated in the Non-Employee Director Deferred Compensation Plan in 2016 and elected to defer the following amounts during fiscal 2016: \$37,500, \$44,319, \$81,000, and \$37,055, respectively. Messrs. Kabat and Laskawy have participated in the Non-Employee Director Deferred Compensation Plan in prior years but did not elect to defer any amounts into such plan in 2016. Mr. Matthews and Dr. Sullivan participated in such plan until their balances in the plan were paid out following their retirement.

⁶ Represents fees paid to Mr. Matthews for post-retirement consulting services pursuant to a consulting agreement dated July 21, 2016 and effective as of June 1, 2016.

⁷ Represents fees paid to Dr. Sullivan for post-retirement consulting services pursuant to a consulting agreement dated September 20, 2016 and effective as of June 1, 2016.

Fees Earned or Paid in Cash

Directors who are employees of the Company receive no compensation for service as directors. Directors who are not officers or employees of the Company receive such compensation for their services as the Board of Directors may determine from time to time. In April 2016, following a benchmarking analysis and recommendations from the Compensation Committee, the Board of Directors approved increases in non-employee director fees for fiscal 2016 as described below. In fiscal 2016, each non-employee director received a \$60,000 annual retainer (an increase of \$10,000 over the retainer paid in 2015) or a pro-rated amount based on their respective start dates and retirement dates. Each non-employee director also received \$2,000 for each Board of Directors meeting attended and \$1,500 for each committee meeting attended. The retainer for service as a Committee Chairperson is \$15,000 (an increase of \$5,000 over the fee paid in 2015), except the Audit Committee Chairperson is \$20,000 (an increase of \$5,000 over the Committee Chairperson fee paid in 2015). The Lead Director's retainer is also \$20,000 (an increase of \$5,000 over the fee paid in 2015).

Stock Awards

On March 4, 2016, each of Messrs. Alperin, Brons, Kabat, Laskawy and Matthews and Ms. Raphael and Drs. Bacow, Rekow, Sheares and Sullivan was granted 1,103 restricted stock units under the Company's 2015 Non-Employee Director Stock Incentive Plan, with each award having a grant date fair value of \$185,400 (unchanged from the grant date fair value of non-employee directors' restricted stock unit awards since 2009). Following their election to the Board of Directors at the 2016 Annual Meeting of Stockholders on May 31, 2016, each of Messrs. Herring and Kuehn was granted 1,039 restricted stock units on June 10, 2016 under the Company's 2015 Non-Employee Director Stock Incentive Plan, with each award having a grant date fair value of \$185,400. The restricted stock units granted to the non-employee directors in 2016 are subject to time-based vesting and cliff vest at the end of 12 months from the grant date, based on continued service through the applicable vesting date. Mr. Matthews and Dr. Sullivan's 2016 LTIP awards (and 2013 LTIP awards which had a four-year cliff vesting) vested in an accelerated manner upon their retirement on May 31, 2016 but were settled on their originally scheduled vesting dates in March 2017.

All such grants under the 2015 Non-Employee Stock Incentive Plan (i) were issued on the date they were approved by the Compensation Committee (other than Messrs. Herring and Kuehn whose grants were issued on a date following the date they were approved by the Compensation Committee) and (ii) provide for full accelerated vesting upon a change in control (as defined in the 2015 Non-Employee Stock Incentive Plan or as defined under Section 409A of the Code), provided that no termination of services has occurred prior to the change in control.

Beginning with the March 9, 2009 restricted stock unit award, non-employee directors became eligible to defer the date upon which all or a portion of their restricted stock units will be paid out to either (i) a specified payment date occurring on the third, fifth, seventh or tenth anniversary of the scheduled vesting date, or (ii) the date of the termination of their services that occurs after the scheduled vesting date. If the deferral election is chosen, to the extent vested, payment will be made within the 30 day period following the earliest of the following to occur: (i) the elected deferred payment date; (ii) the participant's death; (iii) the participant's disability; (iv) the participant's termination of services (other than as a result of death or disability); or (v) a change in control of the Company. Participants are also permitted to further defer the payment date of their restricted stock units in accordance with Section 409A of the Code for one or more additional periods of at least five years (but not more than ten years) beyond the previously elected deferred payment date.

The Compensation Committee assesses competitive market compensation when determining the amount of equity awards to grant non-employee directors. The Compensation Committee reviews non-employee director compensation, including equity awards, against the same peer companies that it uses when evaluating executive officer compensation. The Compensation Committee also reviews, for purposes of determining non-employee director equity awards, the companies with revenues between \$8 billion and \$15 billion that it reviews for evaluation of executive

officer compensation. See Compensation Structure Pay Elements Details Pay Levels and Benchmarking under Compensation Discussion and Analysis.

Non-Equity Incentive Plan Compensation

We do not issue non-equity incentive plan compensation to non-employee directors.

Change in Pension Value and Non-Qualified Deferred Compensation Earnings

For directors, we do not maintain a qualified defined benefit plan.

Since January 2004, non-employee directors have been eligible to defer all or a portion of certain eligible director fees under our Non-Employee Director Deferred Compensation Plan into a cash account or a phantom share account. An investment in the cash account is deemed to be invested in cash equivalents based on the Company's long-term borrowing rate under the Company's principal credit facility. An investment in the phantom share account is deemed to be invested in a unit measurement called a phantom share. A phantom share is the equivalent to one share of our common stock. The cash accounts are distributed in a lump sum cash payment and the phantom share accounts are distributed in our common stock. Shares of our common stock available for issuance under the Non-Employee Director Deferred Compensation Plan are funded from shares of our common stock that are available under our 2015 Non-Employee Director Stock Incentive Plan (formerly known as the 1996 Non-Employee Director Stock Incentive Plan), and such an award under the Non-Employee Director Deferred Compensation Plan constitutes an Other Stock-Based Award under the 2015 Non-Employee Director Stock Incentive Plan. Messrs. Alperin, Kabat and Laskawy and Dr. Rekow each participate in the Non-Employee Director Deferred Compensation Plan and Mr. Matthews and Dr. Sullivan participated in such plan until their balances in the plan were paid out following their retirement. Each such non-employee director has elected to defer his or her eligible director fees to the phantom share account. The amounts set forth in the Director Compensation Table above under Change in Pension Value and Nonqualified Deferred Compensation Earnings represent the above-market or preferential earnings of the phantom shares allocated to each such director's account.

Stock Ownership Policy

The Company believes that, to align the interests of the directors of the Company with the interests of the stockholders of the Company, the non-employee directors of the Company should have a financial stake in the Company. In 2014, the Company adopted a stock ownership policy for non-employee directors which provides that each non-employee director should own equity in the Company equal to a minimum of 5,000 shares of Henry Schein, Inc. common stock. Non-employee directors should attempt to comply with the minimum shareholding requirement as soon as possible, but not later than May 1, 2019 (five years from the effective date of the stock ownership policy). Newly appointed non-employee directors will have five years from the date of their initial appointment to comply with the stock ownership policy.

Further, as a guideline, non-employee directors may only sell up to one-third of all vested value above the ownership requirement. Vested value is defined as the value of shares of any class of common stock, shares of vested restricted stock/units, unexercised vested options (held for at least three years from grant date), warrants or rights to acquire shares of common stock and securities that are convertible into shares of common stock. Also, a non-employee director's equity in the Company may not be sold until the non-employee director satisfies the Company's Stock Ownership Policy.

Upon request, the Nominating and Governance Committee may consider whether exceptions should be made for any non-employee director on whom this requirement would impose a financial hardship or for other appropriate reasons as determined by the Board of Directors.

All non-employee directors are in compliance with the Company's Stock Ownership Policy.

The Company also prohibits hedging or other derivative transactions by its non-employee directors and prohibits pledging of Company stock by its non-employee directors.

In December 2016, following a benchmarking analysis and recommendation for approval by the Compensation Committee, the Nominating and Governance Committee revised the Stock Ownership Policy for non-employee directors to clarify that compliance with the Stock Ownership Policy will be reviewed annually and non-employee directors are not expected to purchase shares to offset any subsequent decreases in the Company's stock price after satisfying the Stock Ownership Policy but may not sell during the subsequent guideline years until in compliance.

Additionally, the guidelines were revised to provide that non-employee directors may sell up to one-half of all vested value above the ownership requirement, instead of one-third.

Director Retirement Policy

On November 30, 2015, upon recommendation of the Nominating and Governance Committee, the Board of Directors adopted a director retirement policy. The Company believes that it has benefited greatly from contributions by directors who have had significant prior careers and experiences, and that the value of a director's continuing contributions is a more important factor than a specific age in determining when a highly productive director should retire from the Board of Directors. The Company also recognizes that it is in its interest for directors to retire when that becomes appropriate, as well as the benefit to the Company from adding new directors with new perspectives. The policy provides that the Chairperson of the Nominating and Governance Committee should commence retirement discussions with a director within a few years of approaching his or her 80th birthday. In any event, a

director is expected to retire at the end of his or her term during which he or she reaches the age of 80. Directors turning 80 in the year of adoption of the retirement policy were given one additional year to comply. In recognition of his strong and effective contributions to the Board of Directors and the committees on which he serves, upon the recommendation of the Nominating and Governance Committee, the Board of Directors extended the date upon which Mr. Kabat is expected to retire for an additional year.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company maintains a formal, written conflict of interest policy that applies to all employees. Additionally, on an ongoing basis, the Audit Committee is required by its charter to review all related party transactions (those transactions that are required to be disclosed in this proxy statement by SEC Regulation S-K, Item 404 and under NASDAQ's rules), if any, for potential conflicts of interest and all such transactions must be approved by the Audit Committee.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Compensation Committee during fiscal 2016 were Messrs. Alperin, Kabat and Matthews (whose term of office ended following the 2016 Annual Meeting of Stockholders) and Dr. Sheares.

During fiscal 2016:

none of the members of the Compensation Committee was an officer (or former officer) or employee of the Company or any of its subsidiaries;

none of the members of the Compensation Committee had a direct or indirect material interest in any transaction in which the Company was a participant and the amount involved exceeded \$120,000;

none of our executive officers served on the compensation committee (or another board committee performing equivalent functions or, if none, the entire board of directors) of another entity where one of that entity's executive officers served on our Compensation Committee;

none of our executive officers was a director of another entity where one of that entity's executive officers served on our Compensation Committee; and

none of our executive officers served on the compensation committee (or another board committee performing equivalent functions or, if none, the entire board of directors) of another entity where one of that entity's executive officers served as a director on our Board of Directors.

PROPOSAL 2
AMENDMENT TO THE
HENRY SCHEIN, INC. 162(m) CASH BONUS PLAN

The Company maintains the Henry Schein, Inc. Section 162(m) Cash Bonus Plan, as amended from time to time (the Bonus Plan), which provides for annual incentive payments to certain key executives of the Company. On April 5, 2017, the Board of Directors unanimously approved an amendment to the Bonus Plan, subject to stockholder approval at the 2017 Annual Meeting, to extend the termination date so that bonuses may be payable under the Bonus Plan with respect to any period beginning after December 31, 2017 and ending on or prior to December 31, 2021, and to eliminate references to extraordinary items with respect to the performance goals, consistent with the elimination of the concept of extraordinary items under GAAP. The Board of Directors believes that it is desirable to extend the Bonus Plan, including the material terms of the performance goals under the Bonus Plan, in order to attract, motivate and retain key employees of the Company and its subsidiaries, including key employees of corporations or businesses that are acquired by the Company, and to preserve the deductibility of payments made to executive officers.

In addition, the Board of Directors is also submitting the Bonus Plan to the stockholders of the Company to re-approve the performance goals under the Bonus Plan so that certain incentive awards granted under the Bonus Plan to executive officers of the Company may qualify as exempt performance-based compensation under Section 162(m) of the Code, which otherwise generally disallows the corporate tax deduction for certain compensation paid in excess of \$1,000,000 annually to each of the chief executive officer and the three other most highly paid executive officers of publicly held companies (other than the chief financial officer). Section 162(m) of the Code generally requires such performance goals to be approved by stockholders every five years.

The following description of the Bonus Plan is a summary of its principal provisions and is qualified in its entirety by reference to the Bonus Plan, as amended. The Bonus Plan and Amendment Number One to the Bonus Plan are incorporated by reference from our definitive 2005 Proxy Statement on Schedule 14A, filed on April 22, 2005. Amendment Number Two to the Bonus Plan is incorporated by reference from our Annual Report on Form 10-K for the fiscal year ended December 27, 2008 filed on February 24, 2009. Amendment Number Three to the Bonus Plan is incorporated by reference from our Quarterly Report on Form 10-Q for the fiscal quarter ended June 27, 2009 filed on August 4, 2009. Amendment Number Four to the Bonus Plan is incorporated by reference from our definitive 2013 Proxy Statement on Schedule 14A, filed on April 2, 2013. A copy of Amendment Number Five to the Bonus Plan is attached hereto as Exhibit A.

Description of Bonus Plan

The purpose of the Bonus Plan is to provide annual incentives to certain key executives in a manner designed to reinforce the Company's performance goals; to strengthen the Company's pay for performance ethic by linking a significant portion of participants' compensation to the achievement of such goals; and to continue to attract, motivate and retain high performing executives on a competitive basis, while seeking to preserve for the benefit of the Company the associated federal income tax deduction.

Section 162(m) of the Code generally disallows a federal income tax deduction to any publicly held corporation for compensation paid in excess of \$1,000,000 in any taxable year to the chief executive officer or any of the three other most highly compensated executive officers (other than the chief financial officer) unless the compensation constitutes performance-based compensation. Awards under the Bonus Plan are structured to qualify as performance-based compensation eligible for continued deductibility. In general, to qualify as performance-based compensation the material terms of the performance goals must be disclosed to, and approved by, the stockholders every five years. Accordingly, the Bonus Plan is being resubmitted to stockholders to approve the extension of the Bonus Plan,

including the material terms of the performance goals under the Bonus Plan, so that payments made hereunder will qualify as performance-based compensation.

The Bonus Plan is administered by the Compensation Committee, which consists entirely of non-employee directors who are outside directors under Section 162(m) of the Code. The Compensation Committee selects the key executives who are to receive awards, the target pay-out level and the performance targets. The Compensation Committee certifies the level of attainment of performance targets. All determinations of the Compensation Committee with respect to the Bonus Plan are final and binding. The expenses of administering the Bonus Plan are borne by the Company.

Participants in the Bonus Plan are eligible to receive an annual cash performance award based on attainment by the Company and/or a subsidiary, division or other operational unit of the Company of specified performance goals established for each fiscal year by the Compensation Committee. No individual may receive for any fiscal year an amount under the Bonus Plan that exceeds \$5,000,000. Performance awards are payable as soon as administratively feasible after the year in which they are earned or, if

applicable as provided in an agreement between the participant and the Company, but, in all cases, only after the Compensation Committee certifies that the performance goals have been attained. A participant and the Company may agree to defer all or a portion of a performance award in a written agreement executed prior to the beginning of the fiscal year to which the performance award relates in accordance with any deferred compensation program in effect applicable to such participant. Any deferred performance award will not increase (between the date on which it is credited to any deferred compensation program and the payment date) by a measuring factor for each fiscal year greater than the interest rate on thirty year Treasury Bonds on the first business day of such fiscal year compounded annually, as elected by the participant in the deferral agreement.

If and to the extent that the Compensation Committee determines the Company's federal tax deduction with respect to an award under the Bonus Plan may be limited as a result of Section 162(m) of the Code, the Compensation Committee may defer such payment. In such event, the Compensation Committee will credit the amount of the award so delayed to a book account that will be adjusted to reflect gains and losses that would have resulted from the investment of such amount in any investment vehicle or vehicles selected by the Compensation Committee. The entire balance credited to the participant's book account will be paid to the participant no later than 90 days after the participant ceases to be a covered employee within the meaning of Section 162(m) of the Code.

To the extent applicable, any deferral described in the preceding two paragraphs will be structured in a manner intended to comply with the deferred compensation rules under Section 409A of the Code in order to minimize adverse tax consequences on the recipient of the deferred payment. Among other things, these rules impact the timing of deferral elections and the timing and form of deferred compensation.

Code Section 162(m) requires that performance awards be based upon objective performance measures. The performance goals under the Bonus Plan are based on one or more of the following criteria: (i) net profits, market share, revenues, operating income, income before income taxes, net income, earnings before income tax, earnings before interest, taxes, depreciation and amortization or a combination of any or all of the foregoing; (ii) after-tax or pre-tax profits; (iii) operational cash flow or cash generation targets; (iv) level of, reduction of, or other specified objectives with regard to the Company's bank debt or other long-term or short-term public or private debt or other similar financial obligations, or with regard to the Company's expenses or costs; (v) earnings per share or earnings per share from continuing operations; (vi) return on capital employed or return on invested capital; (vii) after-tax or pre-tax return on stockholders' equity; (viii) economic value-added targets; (ix) fair market value of the shares of our common stock; and (x) the growth in the value of an investment in our common stock assuming the reinvestment of dividends. In addition, such performance goals are based upon the attainment of specified levels of Company (or subsidiary, division, other operational unit or administrative department of the Company or any subsidiary) performance under one or more of the measures described above relative to the performance of other corporations. To the extent permitted under the Code, the Compensation Committee may (i) designate additional business criteria on which the performance goals may be based or (ii) adjust, modify or amend the aforementioned business criteria.

Currently, a bonus may not be payable under the Bonus Plan with respect to fiscal years beginning after December 31, 2017. If the proposed amendment to extend the Bonus Plan, including the material terms of the performance goals (as described above), are approved by stockholders, bonuses may be paid with respect to fiscal years after December 31, 2017, but not with respect to fiscal years beginning after December 31, 2021 and the deductibility of such bonuses will be preserved.

The affirmative vote of the holders of a majority of the outstanding shares of common stock present in person or represented by proxy and entitled to vote on the proposed amendment at the annual meeting is required to approve the proposed amendment of the bonus plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSED AMENDMENT OF THE BONUS PLAN.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934 (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act and the related rules of the SEC), the Company is providing its stockholders the opportunity to cast an advisory vote on the compensation of its named executive officers. This proposal, commonly known as a "say-on-pay" proposal, gives the Company's stockholders the opportunity to express their views on named executive officers' compensation.

As described in detail in the Compensation Discussion and Analysis beginning on page 15 of this proxy statement, the Company's executive officer compensation program is designed to attract and retain the caliber of officers needed to ensure the Company's continued growth and profitability and to reward them for their performance, the Company's performance and for creating long-term value for stockholders. The primary objectives of the program are to:

align rewards with the achievement of performance goals that enhances stockholder value;

support the Company's strong team orientation;

encourage high potential team players to build a career at the Company; and

provide rewards that are cost-efficient, competitive with other organizations and fair to employees and stockholders.

The Company seeks to accomplish these goals in a manner that is aligned with the long-term interests of the Company's stockholders. The Company believes that its executive officer compensation program achieves this goal with its emphasis on long-term equity awards and performance-based compensation, which has enabled the Company to successfully motivate and reward its named executive officers. The Company believes that its compensation program is appropriate and has played an essential role in its continuing financial success by aligning the long-term interests of its named executive officers with the long-term interests of its stockholders.

For these reasons, the Board of Directors recommends a vote in favor of the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

As an advisory vote, this proposal is not binding upon the Company. Notwithstanding the advisory nature of this vote, the Compensation Committee, which is responsible for designing and administering the Company's executive officer compensation program, values the opinions expressed by stockholders in their vote on this proposal, and will consider the outcome of the vote when making future compensation decisions for named executive officers.

The affirmative vote of the holders of a majority of the outstanding shares of common stock present in person or represented by proxy and entitled to vote on this matter is required to approve this Proposal 3.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF THE COMPANY S NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL 4

ADVISORY VOTE ON FREQUENCY OF SAY-ON-PAY VOTE

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934 (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act and the related rules of the SEC), the Company is seeking the input of its stockholders on the frequency with which it will hold a non-binding, advisory vote on the compensation of its named executive officers (commonly known as a frequency of say-on-pay proposal). In voting on this Proposal 4, stockholders are provided with four choices. Stockholders may indicate their preference as to whether the advisory vote on the compensation of the Company's named executive officers should occur once every (i) one year, (ii) two years or (iii) three years; or the stockholders may abstain from voting on this Proposal 4.

After careful consideration, it is the opinion of the Board of Directors that the frequency of the stockholder vote on the compensation of the Company's named executive officers should be once every year. The Company views the manner in which it compensates its named executive officers as an essential part of its strategy for achieving sustainable economic growth. The Company believes that a say-on-pay vote should be conducted every year so that stockholders may annually express their views on the Company's executive compensation program. The Company and the Compensation Committee, which is responsible for designing and administering the Company's executive officer compensation program, values the opinions expressed by stockholders and will consider the outcome of the say-on-pay vote in making its decisions on executive compensation.

While the Board recommends an annual vote, stockholders are not voting to approve or disapprove of the Board's recommendation. Rather, stockholders are being provided with the opportunity to cast an advisory vote through the resolution set forth below, on whether the stockholder advisory vote on executive officer compensation should occur once every (i) one year, (ii) two years or (iii) three years, or to abstain from voting on the matter.

RESOLVED, that the stockholders determine, on an advisory basis, whether the preferred frequency of an advisory vote on the executive compensation of the Company's named executive officers as set forth in the Company's proxy statement should be once every one year, two years or three years.

As an advisory vote, this proposal is not binding on the Company. Notwithstanding the advisory nature of this vote, the Board of Directors values the opinions expressed by stockholders in their vote on this proposal, and will consider the outcome of the vote when making a determination as to the frequency of future advisory votes on executive compensation. The alternative receiving the greatest number of votes (every one year, two years or three years) will be the frequency that stockholders approve.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE, ON AN ADVISORY BASIS, FOR A FREQUENCY OF SAY-ON-PAY VOTE OF ONCE EVERY ONE YEAR.

PROPOSAL 5

RATIFICATION OF SELECTION OF

INDEPENDENT REGISTERED PUBLIC

ACCOUNTING FIRM

Upon the recommendation of the Audit Committee, the Board of Directors has selected BDO USA as our independent registered public accounting firm for the fiscal year ending December 30, 2017, subject to ratification of such selection by the stockholders at the Annual Meeting. If the stockholders do not ratify the selection of BDO USA, another independent registered public accounting firm will be selected by the Board of Directors. Representatives of BDO USA will be present at the Annual Meeting, will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from stockholders in attendance.

Independent Registered Public Accounting Firm Fees and Pre-Approval Policies and Procedures

The following table summarizes fees billed to us for fiscal 2016 and for fiscal 2015:

	Fiscal 2016	Fiscal 2015
Audit Fees <i>Annual Audit and Quarterly Reviews</i>	\$6,655,500	\$6,399,450
Audit Related Fees	\$78,000	\$78,000
Tax Fees:		
<i>Tax Advisory Services</i>	\$185,200	\$362,000
<i>Tax Compliance, Planning and Preparation</i>	\$201,000	\$583,700
All Other Fees		
Total Fees	\$7,119,700	\$7,423,150

In the above table, in accordance with the SEC's definitions and rules, audit fees are fees that the Company paid to BDO USA for the audit of our annual financial statements included in the Form 10-K and review of financial statements included in the Form 10-Qs, for the audit of our internal control over financial reporting with the objective of obtaining reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects and for services that are normally provided by the independent accountant in connection with statutory and regulatory filings or engagements. Audit related fees are fees for assurance and related services, including services in connection with employee benefit plan audits, and consultation on acquisitions. Tax fees are fees for tax advisory services, including tax planning and strategy, tax audits and acquisition consulting, tax compliance, tax planning and tax preparation. There were no all other fees in fiscal 2015 or fiscal 2016.

The Audit Committee has determined that the provision of all non-audit services by BDO USA is compatible with maintaining such accountant's independence.

All fees paid by us to BDO USA were approved by the Audit Committee in advance of the services being performed by such independent accountants.

Pursuant to the rules and regulations of the SEC, before our independent registered accounting firm is engaged to render audit or non-audit services, the engagement must be approved by the Audit Committee or entered into pursuant to the Audit Committee's pre-approval policies and procedures. The policy granting pre-approval to certain specific audit and audit related services and specifying the procedures for pre-approving other services is set forth in the Amended and Restated Charter of the Audit Committee, available on our Internet website at www.henryschein.com,

under the Our Company Corporate Governance caption.

The affirmative vote of the holders of a majority of the outstanding shares of common stock present in person or represented by proxy and entitled to vote on this matter at the Annual Meeting is required to ratify the selection of BDO USA as our independent registered public accounting firm for the fiscal year ending December 30, 2017.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSED SELECTION OF BDO USA AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 30, 2017.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Role of the Audit Committee

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors, including the Company's internal control over financial reporting, the quality of its financial reporting and the independence and performance of the Company's independent registered public accounting firm. The Audit Committee is responsible for establishing procedures for the receipt, retention and treatment of complaints received by the Company about accounting, internal control over financial reporting or auditing matters and confidential and anonymous submission by employees of the Company of concerns about questionable accounting or auditing matters. On an ongoing basis, the Audit Committee reviews all related party transactions (as defined by applicable regulations), if any, for potential conflicts of interest and all such transactions must be approved by the Audit Committee.

The Audit Committee is composed of four independent directors as that term is defined by the listing standards of The NASDAQ Stock Market, Inc. (NASDAQ). Each of the members of the Audit Committee are audit committee financial experts, as defined under the rules of the Securities and Exchange Commission (SEC) and, as such, each satisfy the requirements of NASDAQ's Rule 5605(c)(2)(A). The Audit Committee operates under a written charter adopted by the Board of Directors, which is in accordance with the Sarbanes-Oxley Act of 2002 and the rules of the SEC and NASDAQ listing standards relating to corporate governance and audit committees. The Audit Committee reviews and reassesses its charter on a periodic and as required basis.

Management has primary responsibility for the Company's financial statements and the overall reporting process, including the Company's disclosure controls and procedures as well as its system of internal control over financial reporting. The Company is responsible for evaluating the effectiveness of its disclosure controls and procedures on a quarterly basis and for performing an annual assessment of its internal control over financial reporting, the results of which are reported in the Company's annual 10-K filing with the SEC.

BDO USA, LLP (BDO USA), the Company's independent registered public accounting firm, audits the annual financial statements prepared by management, expresses an opinion as to whether those financial statements fairly present the consolidated financial position, results of operations and cash flows of the Company and its subsidiaries in conformity with accounting principles generally accepted in the United States and discusses with management any issues that they believe should be raised with management. BDO USA also audits, and expresses an opinion on the design and operating effectiveness of the Company's internal control over financial reporting.

The Audit Committee pre-approves audit, audit related and permissible non-audit related services provided by BDO USA. During fiscal 2016, audit and audit related fees consisted of annual financial statement and internal control audit services, accounting consultations, employee benefit plan audits and other quarterly review services. Non-audit related services approved by the Audit Committee consisted of tax compliance, tax advice and tax planning services.

The Audit Committee meets with management regularly to consider, among other things, the adequacy of the Company's internal control over financial reporting and the objectivity of its financial reporting. The Audit Committee discusses these matters with the appropriate Company financial personnel and internal auditors. In addition, the Audit Committee has discussions with management concerning the process used to support certifications by the Company's Chief Executive Officer and Chief Financial Officer that are required by the SEC and the Sarbanes-Oxley Act to accompany the Company's periodic filings with the SEC.

On an as needed basis and following each quarterly Audit Committee meeting, the Audit Committee meets privately with both BDO USA and the Company's internal auditors, each of whom has unrestricted access to the Audit Committee. BDO USA's ultimate accountability is to the Board of Directors of the Company and the Audit

Committee, as representatives of the Company's stockholders. The Audit Committee is also responsible for BDO USA's appointment, and approves in advance its engagements to perform audit and any non-audit services and the fee for such services.

The Audit Committee annually reviews its independent registered public accounting firm's performance and independence from management. In addition, when appropriate, the Audit Committee discusses with the independent registered public accounting firm plans for audit partner rotation as required by the Sarbanes-Oxley Act.

Review of the Company's Audited Financial Statements for Fiscal 2016

The Audit Committee reviewed the Company's audited financial statements for fiscal 2016, as well as the process and results of the Company's assessment of internal control over financial reporting. The Audit Committee has also met with management, the

internal auditors and BDO USA to discuss the financial statements and internal control over financial reporting. Management has represented to the Audit Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States, that internal control over financial reporting was effective and that no material weaknesses in those controls existed as of the fiscal year-end reporting date, December 31, 2016.

The Audit Committee has received from BDO USA the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with BDO USA their independence from the Company and its management. The Audit Committee also received reports from BDO USA regarding all critical accounting policies and practices used by the Company, generally accepted accounting principles that have been discussed with management, and other material written communications between BDO USA and management. There were no differences of opinion reported between BDO USA and the Company regarding critical accounting policies and practices used by the Company. In addition, the Audit Committee has also received from, and discussed with, BDO USA the matters required to be discussed by the Public Company Accounting Oversight Board Auditing Standard No. 1301 (Communications with Audit Committees). Finally, the Audit Committee has received from, and reviewed with, BDO USA all communications and information concerning its audit of the Company's internal control over financial reporting as required by the Public Company Accounting Oversight Board Auditing Standard No. 2201.

Based on these reviews, activities and discussions, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal 2016.
