**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR
THE 2017 ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON
THURSDAY, MAY 25, 2017**

This proxy statement and our 2016 Annual Report to Stockholders are available at www.proxyvote.com.

ABOUT THE ANNUAL MEETING

Why did I receive these materials?

Our Board of Directors is soliciting proxies for the 2017 annual meeting of stockholders. You are receiving a proxy statement because you owned shares of our common stock on March 27, 2017 and that entitles you to vote at the meeting. By use of a proxy, you can vote whether or not you attend the meeting. This proxy statement describes the matters on which we would like you to vote and provides information on those matters so that you can make an informed decision.

What information is contained in this proxy statement?

The information in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, our Board and Board committees, the compensation of directors and executive officers and other information that the SEC requires us to provide annually to our stockholders.

If I previously signed up to receive stockholder materials, including proxy statements and annual reports, by mail and wish to access these materials via the Internet or via electronic delivery in the future, what should I do?

If you have previously signed up to receive stockholder materials, including proxy statements and annual reports, by mail, you may choose to receive these materials by accessing the Internet or via electronic delivery in the future, which can help us achieve a substantial reduction in our printing and mailing costs. If you choose to receive your proxy materials by accessing the Internet, then before next year's annual meeting, you will receive a Notice of Internet Availability of Proxy Materials when the proxy materials and annual report are available over the Internet. If you choose instead to receive your proxy materials via electronic delivery, you will receive an email containing the proxy materials.

If your shares are registered in your own name (instead of through a broker or other nominee), sign up to receive proxy materials in the future by accessing the Internet or via electronic delivery by visiting the following website: www.proxyvote.com.

Table of Contents

Your election to receive your proxy materials by accessing the Internet or by electronic delivery will remain in effect for all future stockholder meetings unless you revoke it before the meeting by following the instructions on the enclosed proxy card or by calling or sending a written request addressed to:

Ruth s Hospitality Group, Inc.

Attn: Alice G. Givens

1030 W. Canton Avenue, Suite 100

Winter Park, Florida 32789

(407) 333-7440

If you hold your shares in an account at a brokerage firm or bank participating in a street name program, you can sign up for electronic delivery of proxy materials in the future by contacting your broker or following the instructions on the enclosed form.

How can I obtain paper copies of the proxy materials, 10-K and other financial information?

Stockholders can access the 2017 proxy statement, Form 10-K and our other filings with the SEC as well as our corporate governance and other related information on the Investor Relations page of our website at www.rhgi.com.

If you elected to receive our stockholder materials via the Internet or via electronic delivery, you may request paper copies by written request addressed to:

Ruth s Hospitality Group, Inc.

Attn: Alice G. Givens

1030 W. Canton Avenue, Suite 100

Winter Park, Florida 32789

(407) 333-7440

We will also furnish any exhibit to the Form 10-K if specifically requested.

Who is entitled to vote at the meeting?

Holders of common stock, as of the close of business on the record date, March 27, 2017, will receive notice of, and be eligible to vote at, the annual meeting and at any adjournment or postponement of the annual meeting. At the close of business on the record date, we had outstanding and entitled to vote 31,961,844 shares of common stock.

How many votes do I have?

Each outstanding share of our common stock you owned as of the record date will be entitled to one vote for each matter considered at the meeting. There is no cumulative voting.

Who can attend the meeting?

Only persons with evidence of stock ownership as of the record date or who are invited guests of the Company may attend and be admitted to the annual meeting of the stockholders. Stockholders with evidence of stock ownership as of the record date may be accompanied by one guest. Photo identification will be required (a valid driver's license, state identification or passport). If a stockholder's shares are registered in the name of a broker, trust, bank or other nominee, the stockholder must bring a proxy or a letter from that broker, trust, bank or other nominee or a recent brokerage account statement that confirms that the stockholder was a beneficial owner of shares of stock of the Company as of the record date. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. Registration will begin at 12:00 noon, and seating will begin at 12:30 P.M. For directions to the meeting, please call Anna Culp at (407) 829-3469.

Cameras (including cell phones with photographic capabilities), recording devices and other electronic devices will not be permitted at the meeting.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum, permitting the conduct of business at the meeting.

Table of Contents

Proxies received but marked as abstentions and broker non-votes, if any, will be included in the calculation of the number of votes considered to be present at the meeting for the purposes of a quorum, provided, with regard to broker non-votes, that at least one matter to be voted upon is considered routine such that discretionary authority is available for that matter.

How do I vote?

If you are a holder of record (that is, your shares are registered in your own name with our transfer agent), you can vote either in person at the annual meeting or by proxy without attending the annual meeting. We urge you to vote by proxy even if you plan to attend the annual meeting so that we will know as soon as possible that enough votes will be present for us to hold the meeting. If you attend the meeting in person, you may vote at the meeting and your proxy will not be counted. You can vote by proxy by any of the following methods.

Voting by Telephone or Through the Internet. If you are a registered stockholder (that is, if you own shares in your own name and not through a broker, bank or other nominee that holds shares for your account in a street name capacity), you may vote by proxy by using either the telephone or Internet methods of voting. Proxies submitted by telephone or through the Internet must be received by May 24, 2017. Please see the proxy card for instructions on how to access the telephone and Internet voting systems.

Voting by Proxy Card. Each stockholder electing to receive stockholder materials by mail may vote by proxy by using the accompanying proxy card. When you return a proxy card that is properly signed and completed, the shares represented by your proxy will be voted as you specify on the proxy card.

If you hold your shares in street name, you must either direct the bank, broker or other record holder of your shares as to how to vote your shares, or obtain a proxy from the bank, broker or other record holder to vote at the meeting. Please refer to the voter instruction cards used by your bank, broker or other record holder for specific instructions on methods of voting, including by telephone or using the Internet.

Our Board of Directors has designated Michael P. O'Donnell and Arne G. Haak, and each or any of them, as proxies to vote the shares of common stock solicited on its behalf.

Your shares will be voted as you indicate. If you return the proxy card but you do not indicate your voting preferences, then your shares will be voted in accordance with the Board's recommendations for each proposal. Our Board and management do not intend to present any matters at this time at the annual meeting other than those outlined in the notice of the annual meeting. Should any other matter requiring a vote of stockholders arise, stockholders returning the proxy card confer upon the individuals designated as proxies discretionary authority to vote the shares represented by such proxy on any such other matter in accordance with their best judgment.

Can I change my vote?

Yes. If you are a stockholder of record, you may revoke or change your vote at any time before the proxy is exercised by filing a notice of revocation with the secretary of the Company, mailing a proxy bearing a later date, submitting your proxy again by telephone or over the Internet or by attending the annual meeting and voting in person. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, bank or other nominee or, if you have obtained a legal proxy from your broker, bank or other nominee giving you the right to vote your shares, by attending the meeting and voting in person. In either case, the powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

How are we soliciting this proxy?

We are soliciting this proxy on behalf of our Board of Directors and will pay all expenses associated with this solicitation. We have retained Saratoga Proxy Consulting LLC to assist in the solicitation of proxies at an estimated cost of \$6,500 plus expenses. In addition to mailing these proxy materials, certain of our officers and other employees may, without compensation other than their regular compensation, solicit proxies through further mailing or personal conversations, or by telephone, facsimile or other electronic means. We will also, upon request, reimburse brokers and other persons holding stock in their names, or in the names of nominees, for their reasonable out-of-pocket expenses for forwarding proxy materials to the beneficial owners of our stock and to obtain proxies.

Will stockholders be asked to vote on any other matters?

To our knowledge, stockholders will vote only on the matters described in this proxy statement. However, if any other matters properly come before the meeting, the individuals designated as proxies for stockholders will vote on those matters in the manner they consider appropriate.

Table of Contents

What vote is required to approve each item?

Directors will be elected by a majority of the votes cast at the meeting, in person or by proxy, which means that a nominee for director will be elected to the Board of Directors if the votes cast FOR the nominee's election exceed the votes cast AGAINST such nominee's election. Abstentions and broker non-votes are not considered votes cast for the foregoing purpose, and will have no effect on the election of nominees. You may not cumulate your votes for the election of directors. If a director nominee fails to receive FOR votes representing at least a majority of votes cast and is an incumbent director, our amended and restated Certificate of Incorporation requires the director to promptly tender his or her resignation to our Board of Directors, subject to acceptance by our Board. The Nominating and Corporate Governance Committee of our Board will then recommend to our Board, and our Board will decide, whether to accept or reject the tendered resignation, or whether other action should be taken.

The approval of the advisory vote on our named executive officer compensation, commonly referred to as a say-on-pay resolution, is non-binding on the Board of Directors. Approval requires the affirmative vote of the majority of the votes present, in person or by proxy, and entitled to vote at the meeting. Abstentions will have the same effect as a vote AGAINST this proposal, and broker non-votes will have no effect on the vote for this proposal. Although the vote is non-binding, the Board of Directors and the Compensation Committee will consider the voting results in connection with their ongoing evaluation of our compensation program.

The advisory vote on the frequency of future advisory votes on our named executive officer compensation is non-binding on the Board of Directors. Stockholders will be able to specify one of four choices for this proposal on the proxy card: one year, two years, three years or abstain. The term receiving the most votes will represent the stockholders' choice. Abstentions for the proposal regarding the frequency of future advisory votes on our named executive officer compensation are considered to be present and entitled to vote at the meeting but will have no effect on this vote. Notwithstanding the Board's recommendation and the outcome of the stockholder vote, the Board may in the future decide to conduct advisory votes on a more or less frequent basis and may vary its practice based on factors such as discussions with stockholders and the adoption of material changes to compensation programs.

The ratification of the appointment of KPMG LLP to serve as the Company's independent auditors for fiscal 2017 requires the affirmative vote of the majority of the votes present, in person or by proxy, and entitled to vote at the meeting. Abstentions will have the same effect as a vote AGAINST this proposal, and broker non-votes will have no effect on the vote for this proposal.

How are votes counted?

In the election of directors, you may vote FOR, AGAINST or ABSTAIN with respect to each of the nominees. Abstentions and broker non-votes are not counted as votes cast for purposes of the election of directors and, therefore, will have no effect on the outcome of the election. For the advisory resolution on our named executive officer compensation and the ratification of the appointment of KPMG to serve as the Company's independent auditors for fiscal 2017, you may vote FOR, AGAINST or ABSTAIN. Abstentions are considered to be present and entitled to vote at the meeting and, therefore, will have the effect of a vote against the advisory resolution on our named executive officer compensation and the appointment of KPMG LLP to serve as the Company's independent auditors for fiscal 2017. For the advisory vote on the frequency of future advisory votes on our named executive officer compensation, you may vote for ONE YEAR, TWO YEARS, THREE YEARS or ABSTAIN. Abstentions for the proposal regarding the frequency of future advisory votes on our named executive officer compensation are considered to be present and entitled to vote at the meeting but will have no effect on this vote; the term receiving the most votes will represent the stockholders' choice.

If you hold your shares in street name, the Company has supplied copies of its proxy materials for its 2017 annual meeting of stockholders to the broker, bank or other nominee holding your shares of record and they have the responsibility to send these proxy materials to you. Your broker, bank or other nominee is permitted to vote your shares on the appointment of KPMG LLP as our independent auditor without receiving voting instructions from you. In contrast, the election of directors and the advisory votes on our named executive officer compensation and frequency of future advisory votes on our named executive officer compensation are non-discretionary items. This means brokerage firms that have not received voting instructions from their clients on these proposals may not vote on them. These so-called broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting for purposes of determining a quorum, but will have no effect on the outcome of the vote for directors or the advisory named executive officer votes.

What happens if a nominee for director declines or is unable to accept election?

If any nominee should become unavailable, which is not anticipated, the persons voting the accompanying proxy may vote for a substitute nominee designated by our Board or our Board may reduce the number of directors.

Table of Contents

What should I do if I receive more than one set of voting materials?

You may receive more than one set of voting materials, including multiple copies of this proxy statement, proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please vote your shares applicable to each proxy card and voting instruction card that you receive.

Where can I find the voting results of the annual meeting?

The Company intends to announce the preliminary voting results at the annual meeting and publish the final results in a Form 8-K within four business days following the annual meeting.

PROPOSAL NO. 2

ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

In accordance with Section 14A of the Exchange Act, we are asking our stockholders to approve, on an advisory basis, the compensation of the executive officers named in the Summary Compensation Table under Executive Compensation of this proxy statement, who we refer to as our named executive officers. While this vote, known as a say-on-pay vote, is non-binding, Ruth's values the opinions of our stockholders and will carefully consider the outcome of the vote when making future compensation decisions.

In considering the Company's executive compensation programs, we urge you to carefully consider the information included in the Executive Compensation section of this proxy statement, including the Compensation Discussion and Analysis, which describes in detail our executive compensation programs and the decisions made by the Compensation Committee with respect to the fiscal year ended December 25, 2016.

Program Design and Philosophy

Our executive compensation programs are designed to attract, motivate, and retain our executive officers, each of whom is critical to our success. As we describe in the Compensation Discussion and Analysis in this proxy statement, our executive compensation programs embody a pay-for-performance philosophy that supports our business strategy and aligns the interests of our executives with our stockholders. In particular, our executive compensation programs are designed to:

reinforce a results-oriented management culture with total executive compensation that varies according to performance;

focus executive officers on both annual and long-term business results with the goal of enhancing stockholder value;

align the interests of our executives and stockholders; and

provide executive compensation packages to attract, retain and motivate individuals of the highest qualifications, experience and ability.

The Board believes that the executive compensation as disclosed in the Compensation and Disclosure Analysis, the accompanying tables and other disclosures in this Proxy Statement is consistent with our pay-for-performance compensation philosophy and aligns with the pay practices of our peer group. Further, the Board believes that the Company's commitment to linking compensation and the achievement of our near- and long-term business goals has helped drive our performance over time, without encouraging excessive risk-taking by management. Highlights from the results of our full year ended December 25, 2016 include the following:

Total revenues up 3.4% to \$385.9 million, compared to 373.4 million in 2015.

Total operating income up 6.25% to \$47.6 million, compared to \$44.8 million in 2015.

Net income up 1.7% to \$30.5 million, compared to \$30.0 million in 2015.

GAAP diluted earnings per share up 9.2% to \$0.95, compared to \$0.87 in 2015.

For the reasons described above, as discussed more fully in the Compensation and Disclosure Analysis, the Board of Directors recommends that stockholders vote to approve the following non-binding advisory resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in this proxy statement, is hereby approved.

Effect of Proposal

As an advisory vote, this proposal is not binding; however, our Compensation Committee and Board of Directors value the opinions expressed by our stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for named executive officers.

Our Board of Directors recommends that stockholders vote to approve the compensation of our named executive officers by voting FOR Proposal No. 2.

PROPOSAL NO. 3

**ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE
COMPENSATION**

In Proposal No. 2, we are providing our stockholders the opportunity to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers. Stockholders previously voted on our executive compensation in 2011 and 2014. The Company is required to submit for stockholder vote, at least once every six years, a non-binding advisory resolution to determine whether the advisory stockholder vote on executive compensation should occur every one, two or three years. Stockholders approved a triennial advisory vote on executive compensation in 2011, which the Company implemented and has followed since 2011. In this Proposal No. 3, we are asking our stockholders to cast a non-binding advisory vote regarding the frequency of future advisory votes on executive compensation. Stockholders may vote for a frequency of every one, two, or three years, or may abstain.

After careful consideration, the Board of Directors believes that an advisory vote on our named executive officer compensation should be held every year, and therefore our Board of Directors recommends that you vote for a frequency of every ONE YEAR for future advisory votes on our named executive officer compensation. In this regard, the Board of Directors believes that an annual advisory vote on executive compensation will facilitate more direct stockholder input about executive compensation. An annual advisory vote on executive compensation is consistent with our policy of reviewing our compensation program annually, as well as being accountable to our stockholders on corporate governance and executive compensation matters. We believe an annual vote would be the best governance practice for our Company at this time.

The Board of Directors will take into consideration the outcome of this vote in making a determination about the frequency of future advisory votes on executive compensation. However, because this vote is advisory and non-binding, the Board of Directors may decide that it is in the best interests of our stockholders and the Company to hold the advisory vote to approve executive compensation more or less frequently.

Our Board of Directors believes that holding the named executive officer compensation advisory vote every year is in the best interests of the Company and its stockholders and recommends that stockholders vote for a frequency of every ONE YEAR .

PROPOSAL NO. 4

RATIFICATION OF THE APPOINTMENT OF KPMG LLP

Our Audit Committee has appointed KPMG LLP as our independent registered public accounting firm for fiscal year 2017 and has further directed that our Board submit the selection of KPMG LLP for ratification by the stockholders at the annual meeting. During fiscal year 2016, KPMG LLP served as our independent registered public accounting firm and also provided certain audit-related and tax services as described below. The stockholder vote is not binding on our Audit Committee. If the appointment of KPMG LLP is not ratified, our Audit Committee will evaluate the basis for the stockholders' vote when determining whether to continue the firm's engagement, but may ultimately determine to continue the engagement of the firm or another audit firm without re-submitting the matter to the stockholders. Even if the appointment of KPMG LLP is ratified, our Audit Committee may, in its sole discretion, terminate the engagement of the firm and direct the appointment of another independent auditor at any time during the year if it determines that such an appointment would be in the best interests of the Company and our stockholders.

Representatives of KPMG LLP are expected to attend the annual meeting, where they will be available to respond to appropriate questions and, if they desire, to make a statement.

**Our Board recommends a vote FOR the ratification of the appointment of KPMG LLP as
our independent registered public accounting firm for fiscal year 2017.**

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board Leadership Structure

Our Board does not have a policy on whether the same person should serve as both the Chief Executive Officer and Chairman of the Board or, if the roles are separate, whether the Chairman should be selected from the non-employee directors or should be an employee. Our Board believes that it should have the flexibility to periodically determine the leadership structure that it believes is best for the Company. Our Board believes that its current leadership structure, with Mr. O'Donnell serving as both Chief Executive Officer and Chairman of the Board, is appropriate given Mr. O'Donnell's past experience serving in these roles, the efficiencies of having the Chief Executive Officer also serve in the role of Chairman and our strong corporate governance structure.

Since the Company's current Chairman also serves as Chief Executive Officer, our Board appointed Robin P. Selati as our Lead Director. The Chairman and Chief Executive Officer consults periodically with the Lead Director on Board matters and on issues facing the Company. In addition, the Lead Director serves as the principal liaison between the Chairman of the Board and the independent directors and presides at executive sessions of non-management directors at regularly scheduled Board meetings. Our Board believes that these executive sessions are beneficial to the Company because it provides a forum where the independent directors can discuss issues without management present.

Board Role in Risk Oversight

Our Board is actively involved in the oversight of risks that could affect the Company. This oversight is conducted primarily through committees of our Board, as disclosed in the descriptions of each of the committees below and in the charters of each of the committees. However, the full Board has retained responsibility for the general oversight of risks. Our Board satisfies this responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within the Company.

Risk Considerations in our Compensation Program

Our Board believes that our compensation policies and practices are reasonable and properly align our employees' interests with those of our stockholders. Our Board believes that there are a number of factors that cause our compensation policies and practices to not have a material adverse effect on the Company. The fact that our executive officers and other employees have their incentive compensation tied to earnings, rather than revenues, encourages actions that improve the Company's profitability over the short and long term. Furthermore, our tenure-based and performance-based restricted stock plan further aligns the interests of our executive officers and other employees with the long term interests of our stockholders. In addition, our Compensation Committee reviews our compensation policies and practices to ensure that such policies and practices do not encourage our executive officers and other employees to take action that is likely to create a material adverse effect on the Company.

Code of Conduct and Ethics Policy

The Company's employees, officers and directors are required to abide by the Company's Code of Conduct and Ethics Policy (the "Code of Ethics"), which is intended to ensure that the Company's business is conducted in a consistently legal and ethical manner. The Code of Ethics covers all areas of professional conduct, including, among other things, conflicts of interest, competition and fair dealing, corporate opportunities and the protection of confidential information, as well as strict compliance with all laws, regulations and rules. Any waiver or changes to the policies or

procedures set forth in the Code of Ethics in the case of officers or directors may be granted only by our Board and will be disclosed on our website within four business days. The full text of the Code of Ethics is published on the Investor Relations section of our website at www.rhgi.com.

Number of Meetings of our Board of Directors

Our Board held 4 meetings during fiscal 2016. Directors are expected to attend Board meetings and committee meetings for which they serve, and to spend the time needed to meet as frequently as necessary to properly discharge their responsibilities. Each director attended at least 75% of the aggregate number of meetings of our Board and our Board committees on which he or she served during the period.

Attendance at Annual Meetings of the Stockholders

The Company has no policy requiring directors and director nominees to attend its annual meeting of stockholders; however, all directors and director nominees are encouraged to attend. Mr. O Donnell, our President and Chief Executive Officer and the Chairman of our Board, represented our Board at the 2016 annual meeting of stockholders.

Table of Contents

Director Independence

The rules of the NASDAQ Global Select Market require that our Board be comprised of a majority of independent directors and that our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee each be comprised solely of independent directors, as defined under applicable NASDAQ rules.

Our Board has determined that each of the director nominees standing for election, except Michael P. O'Donnell, our Chairman and Chief Executive Officer, has no relationship which, in the opinion of our Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is an independent director. In determining the independence of our directors, our Board has adopted independence standards that mirror the criteria specified by applicable laws and regulations of the SEC and NASDAQ.

Communications between Stockholders and our Board

Our Board and management team value the opinions and feedback of our stockholders, and we engage with stockholders throughout the year on a variety of issues, including our corporate governance practices. Stockholders may send communications to the Company's directors as a group or individually by writing to those individuals or the group: c/o the Corporate Secretary, 1030 W. Canton Avenue, Suite 100, Winter Park, Florida 32789. The Corporate Secretary will review all correspondence received and will forward all correspondence that is relevant to the duties and responsibilities of our Board or the business of the Company to the intended director(s). Examples of inappropriate communications include business solicitations, advertising and communications that are frivolous in nature, communications that relate to routine business matters (such as product inquiries, complaints or suggestions) or communications that raises grievances which are personal to the person submitting them. Upon request, any director may review any communication that is not forwarded to the directors pursuant to this policy.

Table of Contents

Our Nominating and Corporate Governance Committee considers all nominees for election as directors of the Company, including all nominees recommended by stockholders, in accordance with the mandate contained in its charter. The Company used a third-party search firm in 2016 to help identify, evaluate and conduct due diligence on potential director candidates. Ms. Baglivo was identified as part of this process. In evaluating candidates, the Committee reviews all candidates in the same manner, regardless of the source of the recommendation. The policy of our Nominating and Corporate Governance Committee is to consider individuals recommended by stockholders for nomination as a director in accordance with the procedures described below.

Procedure for Stockholder Recommendations to our Nominating and Corporate Governance Committee for Potential Director Nominees

Stockholders may recommend director candidates for our 2018 annual meeting for consideration by our Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee recommends, and the Board selects, director candidates using the criteria and priorities established from time to time. Non-Employee Director Reimbursement Practice

We reimburse all directors for reasonable out-of-pocket expenses that they incur in connection with their service as directors.

Stock Ownership Guidelines for Non-Employee Directors; Anti-Hedging Policy

In July 2012, based on the recommendation of our Compensation Committee's independent compensation consultant, Towers Watson, our Compensation Committee approved stock ownership guidelines for our non-employee directors, based on the belief that stock ownership guidelines further align the interests of our non-employee directors with those of our stockholders. Pursuant to our non-employee director stock ownership guidelines, each non-employee director is generally expected to accumulate and hold shares of our common stock equal in value to two times his or her base annual retainer for service on our Board. For purposes of our non-employee director stock ownership guidelines, a director's annual retainer excludes any retainer for serving as a member or as a chair of any Board committees and any meeting fees. Shares subject to stock options and unvested or unearned performance shares will not count toward the minimum ownership requirement. Restricted stock and restricted stock units (whether or not vested) will count toward the minimum ownership requirement. Non-employee directors have three years to achieve their targeted level. All non-employee directors satisfied our stock ownership guidelines as of the end of fiscal 2016.

Pursuant to our insider trading policy, our directors may not engage in any hedging or monetization transactions involving our securities.

Kevin W. Toomy, our President & Chief Operating Officer of Ruth's Chris Steak House.

Executive Summary

Ruth's Business and Strategy.

Ruth's develops and operates fine dining restaurants under the trade name Ruth's Chris Steak House. As of December 25, 2016, there were 150 Ruth's Chris Steak House restaurants, making it one of the largest upscale steakhouse companies in the world. The Ruth's Chris brand reflects its 51-year commitment to the core values instilled by its founder, Ruth Fertel, of caring for guests by delivering the highest quality food, beverages and genuine hospitality in a warm and inviting atmosphere.

The restaurant industry in which the Company competes is a mature segment and the Company has a long operating history in upscale fine dining. The restaurant business is highly cyclical and results can be affected by consumer spending, commodity prices and real estate costs. The Company's approach is to maintain a strategy focused on multi-year, long-term results.

The Company's strategy is to deliver a total return to shareholders by maintaining a healthy core business, growing with a disciplined investment approach and returning excess capital to shareholders. The Company strives to maintain a healthy core business by growing sales through traffic, managing operating margins and leveraging infrastructure. The Company is committed to disciplined growth in markets with attractive sales attributes and solid financial returns. The Company believes that its franchisee program is a point of competitive differentiation and looks to grow its franchisee-owned restaurant locations as well. The Company also will consider acquiring franchisee-owned restaurants at terms that it believes are beneficial to both the Company and the franchisee. The Company returns excess capital to shareholders through share repurchases and dividends.

2016 Performance Highlights.

Our fiscal year end 2016 financial results reflect market conditions and factors specific to Ruth's. We believe there were many positive aspects to our 2016 performance that demonstrate the strength of our business. These results were achieved during a year where many other restaurant companies experienced declining comparable store sales.

Total revenues up 3.4% to \$385.9 million, compared to 373.4 million in 2015.

Total operating income up 6.25% to \$47.6 million, compared to \$44.8 million in 2015, reflecting an \$11.3 million increase in restaurant sales and a decrease in food and beverage costs of \$1.0 million, which was partially offset by increased restaurant operating expenses, marketing and advertising, general and administrative costs, depreciation and amortization expenses and pre-opening costs.

Net income up 1.7% to \$30.5 million, compared to \$30.0 million in 2015.

GAAP diluted earnings per share up 9.2% to \$0.95, compared to \$0.87 in 2015.

Annual dividend up 16.7% to \$0.28 per share, compared to \$0.24 per share for 2015.

Secured leases for four new restaurant openings during 2017.

Returned capital to shareholders through share repurchases of \$45.1 million and dividends of \$9.2 million.

Key Compensation Practices.

Key executive compensation practices are summarized below. We believe these practices promote alignment with the interests of our stockholders, and are consistent with market best practices.

What We Do

Beginning in 2012, grant annual restricted stock award based on equal parts performance (considering prior year actual performance) and retention/tenure.

Review and consider stockholder feedback in structuring executive compensation.

Retain an independent compensation consultant to assist the Compensation Committee.

Prudently exercise discretion to be responsive to the cyclical nature of our business and advance our goal of creating value for our stockholders.

Apply multi-year vesting requirements to all equity awards to facilitate retention and ensure performance alignment, generally 2-6 years post-grant.

Generally set our total compensation target opportunities at the median level for our market.

Prohibit hedging.

Maintain stock ownership guidelines of 2x salary for all NEOs, other than CEO, whose requirement is 3x salary. Ensure guidelines are achieved.

What We Don't Do

X No automatic, annual increase in executive salaries.

X No option repricing without shareholder approval.

X No exchange of underwater options for cash.

X No gross-ups.

Snapshot of Compensation Elements.

The overall philosophy of our compensation programs is to create value for our stockholders by using all elements of executive compensation to reinforce a results-oriented management culture focusing on our level of earnings and performance as compared to our annual operating plan and industry competitors, the achievement of longer-term strategic goals and objectives and specific individual performance. Accordingly, our executive compensation program has been designed to achieve the following objectives:

reinforce a results-oriented management culture with total executive compensation that varies according to performance;

focus executive officers on both annual and long-term business results with the goal of enhancing stockholder value;

align the interests of our executives and stockholders; and

provide executive compensation packages that attract, retain and motivate individuals of the highest qualifications, experience and ability.

Total direct compensation mix for fiscal year 2016 was allocated as follows for our CEO and our other named executive officers:

Incentive Compensation Metrics.

To align compensation with our business strategy of creating value for our stockholders, we historically have used adjusted EBITDA (earnings before interest, taxes, depreciation, and amortization, adjusted for store closures, a rent dispute and the impact of unbudgeted mid-year executive compensation changes) and adjusted EPS (earnings per diluted share, excluding the impact of store closures, a rent dispute, non-recurring tax items and the impact of unbudgeted mid-year executive compensation changes) as the metrics for our long-term incentive awards and adjusted EBITDA for our performance-based cash bonuses. We believe that adjusted EBITDA tends to provide a true measure of profitability by aligning incentives with stockholder value and that adjusted EPS tends to represent sustained value for stockholders. Some of the key drivers that affect adjusted EBITDA and adjusted EPS are as follows:

Adjusted EBITDA
Revenues

Restaurant Sales

Adjusted EPS
Revenues

Restaurant Sales

Franchise Income

Table of Contents

In 2016, we achieved adjusted EBITDA of \$61,658,000 which represented a 3.86% increase over 2015 adjusted EBITDA of \$59,365,000. For EPS, we achieved adjusted EPS of \$0.976 in 2016 compared to \$0.899 in 2015, an increase of 8.57%. Our incentive compensation awards, as detailed below, reflect this performance which exceeded both the prior year results as well as our target for each metric.

Provided that the minimum EBITDA and EPS levels are achieved, then we also evaluate individual contributions and accomplishments for determining incentive compensation. This may include (depending on the executive) same store sales, entrée count, traffic, development of additional operating units, addition of operating weeks, increase in check average, completion of transactions, settlement of litigation, risk management, brand protection initiatives and management of third-party vendor costs.

Compensation Objectives and Program Structure

The Compensation Committee of the Board of Directors oversees and directs our executive compensation philosophy, policies, plans and programs. Our Compensation Committee is responsible for determining the compensation elements and amounts paid to named executive officers.

Generally, the types of compensation and benefits provided to our named executive officers are similar to those provided to executive officers of other national restaurant companies. The overall philosophy is to create value for our stockholders by using all elements of executive compensation to reinforce a results-oriented management culture focusing on our level of earnings and performance as compared to our annual operating plan and industry competitors, the achievement of longer-term strategic goals and objectives and specific individual performance. Accordingly, our executive compensation program has been designed to achieve the following objectives:

reinforce a results-oriented management culture with total executive compensation that varies according to performance;

focus executive officers on both annual and long-term business results with the goal of enhancing stockholder value;

align the interests of our executives and stockholders; and

provide executive compensation packages that attract, retain and motivate individuals of the highest qualifications, experience and ability.

Our Compensation Committee sets the pay range and specific components of the total compensation package for each of our named executive officers. In establishing the compensation for the named executive officers, the Compensation Committee consults with their independent compensation consultant and also considers the recommendation of the Chief Executive Officer, with the exception of his own compensation, which is determined solely by the Compensation Committee and its independent consultant. Any salary increase or other adjustment is determined by our Compensation Committee.

Our Compensation Committee considers Company performance, both operational and financial, to determine compensation. In connection with its compensation review, our Compensation Committee has historically engaged

Towers Watson to review and evaluate our compensation objectives and program structure relative to the marketplace. In fiscal 2015, the company engaged Towers Watson to update the compensation review that had last been performed in 2012. For purposes of this review, Towers Watson relied on both its own and other compensation databases, as well as its experience with restaurant sector and general industry companies with annual revenues similar to that of the Company, and research from the proxy statements of companies considered peers of the Company. Towers Watson also developed marketplace base salary, target annual incentive opportunity, target total annual compensation, actual total annual compensation, long term incentive award level, target total direct compensation, and actual total direct compensation rates at the 25th, 50th, and 75th percentiles, which were used as a reference to assist the Committee in designing and maintaining the Company's compensation programs. Towers Watson reviewed all methods of compensation and compared the Company's levels and method of compensation to a selected peer group.

During 2015, Towers Watson and our Compensation Committee considered restaurant sector organizations that have similar business operations as ours in order to provide us with a comprehensive basis for evaluating compensation relative to those companies that compete with us for executives. The peer group has not changed since the 2015 analysis. These organizations included:

BJ's Restaurants, Inc.	Dave & Buster's Entertainment, Inc.	Kona Grill, Inc.
Bravo Brio Restaurant Group, Inc.	Del Frisco's Restaurant Group, Inc.	Red Robin Gourmet Burgers Inc.
Brinker International, Inc.	Denny's Corporation	Ruby Tuesday, Inc.
Buffalo Wild Wings, Inc.	Dunkin' Brands Group, Inc.	Sonic Corp.
Cheesecake Factory Incorporated	Famous Dave's of America, Inc.	Texas Roadhouse Inc.
Cosi, Inc.	Fiesta Restaurant Group, Inc.	

Table of Contents

Towers Watson continues to serve as an independent compensation consultant to our Compensation Committee. Our Compensation Committee has assessed the independence of Towers Watson and has concluded that no conflict of interest has existed during Towers Watson's engagement that would prevent Towers Watson from serving as an independent compensation consultant to our Compensation Committee. Our Compensation Committee considers the following factors in determining that its compensation consultant is independent: SEC rules regarding compensation consultant independence, including the amount of fees paid by us as a percentage of the consulting firm's total revenue, conflict of interest policies of the consulting firm and business or personal relationships between the consulting firm and the members of our Compensation Committee or our executive officers.

Our Board of Directors and our Compensation Committee value the opinions of our stockholders and are committed to ongoing engagement with our stockholders on executive compensation practices. At the 2011 annual meeting, our stockholders approved the Company holding an advisory vote on executive compensation every three years. At each of the 2011 and 2014 annual meetings of stockholders, approximately 98% of the votes cast on the stockholder advisory vote on executive compensation were voted in favor of our executive compensation. Proposal No. 2 of this proxy statement asks our stockholders to approve, on an advisory basis, the compensation of our named executive officers. Proposal No. 3 of this proxy statement asks our stockholders to vote on a non-binding advisory resolution to determine whether the advisory stockholder vote on executive compensation should occur every one, two or three years. In Proposal No. 3, we are recommending that our stockholders cast a non-binding advisory vote for a frequency of every one year. We are recommending an annual frequency to allow for more direct stockholder input about executive compensation and align with our practice of reviewing compensation annually.

2016 Compensation Considerations

In approving compensation decisions with respect to 2016, our Compensation Committee considered a variety of factors, including the Company's operational and financial performance. In this regard, highlights from fiscal 2016 include:

our total operating income increased by 6.25% to \$47.6 million, compared to \$44.8 million in 2015;

our net income increased by 1.7% to \$30.5 million, compared to \$30.0 million in 2015;

our GAAP diluted earnings per share increased 9.2% to \$0.95, compared to \$0.87 in 2015;

our annual dividend increased 16.7% to \$0.28 per share, compared to \$0.24 per share for 2015;

two new Company-owned Ruth's Chris Steak House restaurants and two new franchisee-owned restaurants opened during 2016; and

we returned capital to shareholders through share repurchases of \$45.1 million and dividends of \$9.2 million. In addition, our shareholder returns have substantially outperformed the S&P 500, the S&P Small Cap 600 Index and the Dow Jones U.S. Restaurants & Bars Index over the last one-, three-, and five-year periods, as shown in the

performance graph on page 19 of the Company's Annual Report on Form 10-K, filed on March 8, 2017.

Elements of Compensation

Consistent with our compensation objectives described above, our executive compensation program is generally designed to be similar to the programs that are offered at nationwide restaurant companies comparable to us. We attempt to set our target total compensation opportunities at the median level because of the desire to attract and retain top-level executives in the market in which we operate and compete for talent and because we believe that compensation should only exceed the market median when performance exceeds our targets. We believe that this benchmarking process is an important part of our Compensation Committee's decision making process; however, we do deviate from pure benchmarking information for a number of reasons, where appropriate on an individual basis.

The total compensation program for the named executive officers includes base salary, performance-based cash incentive compensation under our bonus plans, long-term equity incentive compensation benefits and modest perquisites. It is our Compensation Committee's practice to target each of these elements to deliver compensation to each executive and all executives as a group within the mid-level range of compensation for persons having similar responsibilities at other comparable nationwide restaurant companies.

Our Compensation Committee is focused on providing a total compensation package that is performance-based, and utilizes short and long-term incentives. We allocate a substantial portion of the total annual compensation paid to the named executive officers to variable compensation, including bonus opportunities and equity incentive awards. We believe that equity incentive awards are an important part of the compensation package because they incent the management team to think of the business from a long-term perspective similar to that of an owner.

Table of Contents

A significant portion of the compensation paid to executive officers is designed to reward them based on our financial performance compared to financial objectives, the growth of the Company, and increased stockholder value, as reflected in increases in the Company's share price. Our Bonus Plans are designed to reward executive officers with cash awards for the achievement of annual objectives tied to the financial performance of the Company and their individual performance. In fiscal 2016, our performance goals for the Home Office Bonus Plan were based on adjusted EBITDA targets and performance versus the prior year's adjusted EBITDA; however, we may consider using other performance goals in the future. Our 2016 targets were higher than 2015 actual results and 2015 targets. Our long-term incentive awards of restricted stock for prior year performance were based on adjusted EBITDA and adjusted EPS. We believe that adjusted EBITDA tends to provide a true measure of profitability by aligning incentives with stockholder value. We believe that adjusted EPS tends to represent sustained value for stockholders.

The corporate and individual targets under our Bonus Plans are intended to be challenging, yet achievable for our executive officers, but only if there was a high level of performance by our executive officers. The targets are meant to require substantial efforts by executive officers and their teams toward achieving our strategic goals, but at the same time they are intended to be within reach if such significant efforts are made. For example, under our Home Office Bonus Plan, reaching target performance only results in a payout of 75% of the target salary percentage. Actual performance must exceed target performance measures for our executive officers to receive 100% of the target salary percentage. The equity component of executive officers' compensation, in the form of restricted stock, is designed to reward stock price improvement over the grant-date stock price, which aligns their interests with our stockholders and reinforces our results-oriented management culture for both annual and long-term business results.

Consistent with the executive compensation principles described above, Mr. O'Donnell's salary and short- and long-term incentive compensation for fiscal 2016 was as follows:

Base salary of \$675,000, which represented no increase from 2015;

2016 Target bonus opportunity under the Home Office Bonus Plan remained at 100% of base salary; actual 2016 award under the Home Office Bonus Plan was \$545,100 (approximately 81% of target award); and

2016 annual long-term incentives were granted in restricted stock awards and long-term retention based restricted stock awards with a grant date fair value of \$1,607,495.

Mr. O'Donnell's 2016 compensation mix is similar to that for our other named executive officers.

Table of Contents

Base Salary

Base salary is established based on the experience, skills, knowledge and responsibilities required of the executive officers in their roles. When establishing the base salaries of the executive officers, a number of factors are considered, including the individual's duties and responsibilities, the individual's experience, the ability to replace the individual, the base salary at the individual's prior employment, market data on similar positions with competitive companies and information derived from our directors' experience at other companies. We seek to provide base salaries that are competitive with the marketplace and allow us to attract and retain executive talent.

The Compensation Committee completed a review of the base salaries of the executive officers with its independent compensation consultant, Towers Watson during fiscal 2015. As a result of this review, the base salaries of the executive officers were increased. This was the first increase in the base salaries of the named executive officers since 2012. The Compensation Committee did not increase base salaries for the named executive officers in 2016, other than Ms. Henry who received an increase from \$300,000 to \$410,000 in connection with her promotion to President & Chief Operating Officer.

Bonuses

Our performance-based cash incentive awards focus on closely aligning rewards with results. The philosophy of our performance-based annual cash incentive awards is simple: a basic reward for reaching minimum expectations and an upside for reaching the Company's goals.

We adopted a Home Office Bonus Plan pursuant to which Mr. O'Donnell, Mr. Toomy, Mr. Haak, and Ms. Henry were eligible to receive cash bonuses based on personal and Company performance over the course of the 2016 fiscal year. The purpose of the Home Office Bonus Plan is to encourage a consistent high standard of excellence and continued employment for all team members in the Home Office, including the named executive officers. Bonus awards under the Home Office Bonus Plan are determined by our Compensation Committee, subject to approval by our Board, and are based on (i) the financial performance of the Company during the applicable fiscal period as measured against the prior year's adjusted EBITDA and our Board's previously approved plan with targeted EBITDA adjusted for changes in accounting policies, non-recurring extraordinary transactions, or mid-year changes in executive compensation and (ii) individual performance.

Individual performance is measured against goals developed prior to the period in question. The goals typically address whether the individual complied with budget objectives and managed to achieve department-specific objectives oriented toward facilitating the Company achieving its adjusted EBITDA goal. These goals differ by person and include, among others, same store sales, entrée count, development of additional operating units, addition of operating weeks, increase in check average, completion of transactions, settlement of litigation and management of third-party vendor costs.

Our goals for the Home Office Bonus Plan are based on adjusted EBITDA as it tends to provide a true measure of profitability by aligning incentives with stockholder value. Bonuses are only payable under the Home Office Bonus Plan if adjusted EBITDA during the applicable fiscal period exceeds the prior year's adjusted EBITDA. If the adjusted EBITDA target is achieved, 75% of target bonus potential is awarded. Once the adjusted EBITDA target is achieved, 50% of the adjusted EBITDA increase over the target is added to the bonus pool until the maximum funding of the bonus pool is achieved (resulting in the payment of 200% of target bonus potential). Practically speaking, our adjusted EBITDA performance must exceed target amounts by some measure before our executive officers will receive 100% of the target Home Office Bonus amount. If the adjusted EBITDA target is not achieved, but the adjusted EBITDA exceeds adjusted EBITDA for the prior year, a percentage of the bonus potential is awarded equal to 75% times the

amount adjusted EBITDA exceeds adjusted EBITDA for the prior year, divided by the difference between the adjusted EBITDA target for the current year and adjusted EBITDA for the prior year. Where, as in 2016, adjusted EBITDA equals or exceeds the adjusted EBITDA target, the aggregate Home Office Bonus Plan pool can be illustrated as follows:

$$75\% \times (\text{Base Salary} \times \text{Target Base Salary } \%) + 50\% * (\text{Adjusted EBITDA} - \text{Target Adjusted EBITDA})$$

Table of Contents

The percentage of base salary for each cash bonus is established based on the individual's level of responsibility. During 2016, the target and maximum cash bonuses were as follows:

Name	Target Base Salary %	Maximum Base Salary %
Michael P. O'Donnell	100%	200%
Arne G. Haak	75%	150%
Cheryl J. Henry	80%	160%
Kevin Toomy	100%	200%

These percentages are used to calculate the annual bonus amounts and are prorated at a percentage based on the number of weeks worked by the individual in the fiscal year. The actual cash bonuses payable to our executive officers may be less than the calculated cash bonus, depending on the operational performance, the individual's performance and certain other factors that may be considered by our Board and our Compensation Committee. There are no minimum cash bonuses established by the Home Office Bonus Plan. As a result of Ms. Henry's promotion, the percentage used to calculate the annual bonus amounts for Ms. Henry was increased to 80% in order to remain competitive with the market.

For fiscal 2016, actual adjusted EBITDA was approximately \$61,658,000, which exceeded the prior year's actual adjusted EBITDA of \$59,365,000 and the 2016 adjusted EBITDA target (which would have resulted in a 75% payout) of \$61,295,000. In order to achieve 100% payout, it would have been necessary to achieve EBITDA of \$62,872,000. In order to achieve the maximum payout, it would have been necessary to achieve EBITDA of \$69,181,000. Cash bonuses were paid under the Home Office Bonus Plan for fiscal 2016 in the following amounts, which equal approximately 81% of each officer's respective target bonus amount. No adjustments were made for individual performance.

Name	Cash Bonus Amount	% of Base Salary
Michael P. O'Donnell	\$ 545,100	81%
Arne G. Haak	\$ 227,125	61%
Cheryl J. Henry	\$ 264,878	65%
Kevin Toomy	\$ 270,531	81%

Long-Term Incentive Awards

The Company's equity programs are designed to encourage creation of long-term value for our stockholders, employee retention and stock ownership. The programs currently consist primarily of annual restricted stock awards and long-term retention based restricted stock awards. Our equity incentive programs are intended to promote a long-term focus on results and to align employee and stockholder interests.

Based on the recommendation of our Compensation Committee's independent compensation consultant, Towers Watson, we adopted an equity award grant policy for certain executive officers and key employees in July 2012 that provides that each of the Company's executive officers and key employees may receive an annual award under the Amended and Restated 2005 Long-Term Equity Incentive Plan. The annual award generally consists of restricted stock with a value equal to a multiple of base salary that is consistent with the median long-term incentive plan practices of peer companies. Half of the restricted stock award is based on tenure, and half of the restricted stock award is based on prior year performance, and may have a value that is less than or greater than the targeted multiple of base salary, depending on our performance in the prior year. The Compensation Committee evaluates our prior year

performance, and makes the annual awards of restricted stock, in March following the fiscal year to which the performance relates. The tenure-based restricted stock will vest in equal annual installments over the three years following the grant date, subject to continued service as an employee and other certain exceptions. The restricted stock for prior year performance will vest on the second anniversary of the grant date, subject to continued service as an employee and certain other exceptions.

For awards granted in March 2016 and awards granted in March 2017, the target values of the restricted stock awards were based on the below multiples of the named executive officers' respective salaries. The actual amount received is equal to the below multiples times a multiple for tenure and a performance multiple for adjusted EBITDA and adjusted EPS. If the Company does not achieve EBITDA or EPS at or above the level of the prior fiscal year, then only the tenure grant is awarded but no restricted stock is earned for the performance component, which results in total compensation below the median level. If performance exceeds the prior year but does not reach the target level, then the number of shares awarded in respect of performance will be reduced and total compensation will also fall below the median.

⁽¹⁾ Ms. Henry's salary was increased to \$410,000 effective July 2016 in connection with her promotion to President and Chief Operating Officer. In addition, the multipliers for her Tenure-Based Award, and for the Target Awards based on EBITDA and EPS were increased to the levels shown in the table above.

Consistent with the above, our Board grants annual restricted stock awards to the named executive officers in March of each year, taking into account the Compensation Committee's policy and, with respect to the restricted stock for prior year performance, adjusted EBITDA and adjusted EPS for the prior fiscal year. When performance exceeds performance in the prior year, the performance multiple is equal to 100% times a percentage equal to the actual amount of growth over the prior year divided by the target growth amount. When the target is exceeded, the performance multiple is equal to 125% times a percentage equal to actual performance divided by target performance. To illustrate, if the Company's actual adjusted EBITDA is 110% of the target amount, then a performance multiple equal to 137.5% (125% times 110%) is applied to the target multiples stated above to calculate such executive officer's payout in respect of adjusted EBITDA. This feature of our long-term retention based restricted stock awards incentivizes our executive officers to strive to exceed our challenging target performance thresholds.

In March 2016 and March 2017, each named executive officer received a tenure-based restricted stock award and a restricted stock award for fiscal 2015 performance and fiscal 2016 performance, respectively. For fiscal 2015 and fiscal 2016, actual adjusted EBITDA and actual adjusted EPS exceeded their respective targets, which resulted in grants of restricted stock for such performance equal to the percentage of target award value set forth in the following chart. Grants made in March 2016 and March 2017 are included in the Summary Compensation Table for fiscal 2016 and fiscal 2017, respectively.

	2015			2016		
	2015 Actual	2015 Target	Percentage of Target Award Value	2016 Actual	2016 Target	Percentage of Target Award Value

Adjusted EPS	\$ 0.899	\$ 0.799	140.6%	\$ 0.976	\$ 0.945	129.1%

In recognition of the strong shareholder returns delivered under the tenure of our executive officers, the Compensation Committee retained Willis Towers Watson in 2015 to assist in developing retention grants for these officers. As a result, the Committee awarded certain executive officers special one-time long-term grants (Retention Grants), which will vest over a three- to six-year period, a significantly longer period than the three-year industry standard. The Retention Grants were designed to ensure that our executive officers remain focused on driving long-term strategic value to the business and to retain those individuals who are critical to our strategy over the next several years. The Retention Grants were awarded in recognition of the strong shareholder returns delivered by the Company under the leadership of senior executives receiving a Retention Grant. In an effort to aid long-term retention, the Retention Grants have significantly longer vesting periods than traditional share grants, which typically have a maximum three-year vesting period. Over the vesting period of the Retention Grants, their value should be considered as part of

the total mix of compensation awarded to our executive officers, rather than attributed to just the year of grant.

Benefits

The Company's benefits philosophy for executive officers is that benefits should provide employees protection from catastrophic events, enable employees to plan for their future and be competitive in order to attract and retain a high-quality workforce. The types of benefits provided to the named executive officers, which are generally the same as those of the entire company, consist of medical benefits plans, life and accidental death and dismemberment insurance plans, long-term disability plans and 401(k) matching contributions. In addition, the executive officers receive automobile allowances.

The Company maintains a non-qualified deferred compensation plan that is unsecured and allows certain high-level employees, including executive officers, to voluntarily defer receipt of their salary above specified amounts and bonus payments into accounts established under the plan. These accounts are credited with earnings from amounts invested in funds available through Fidelity Investments, the plan's record keeper, as selected by each participant. The Company does not contribute or match contributions to these accounts.

Table of Contents

The Company also allows its executive officers to dine in its restaurants as a benefit in order to permit these officers to conduct quality control tests.

Tax and Accounting Implications

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits the annual tax deductibility of compensation paid to each named executive officer (other than the Chief Financial Officer) to \$1.0 million. However, certain types of performance-based compensation are excluded from the \$1.0 million deduction limit if specific requirements are met. Our Compensation Committee considers the impact of Section 162(m) when reviewing our executive compensation programs and structuring our bonus plans. However, tax deductibility is not the primary factor used by our Compensation Committee in setting compensation and corporate objectives may not necessarily align with the requirements for full tax deductibility under Section 162(m). Our Compensation Committee has chosen and may in the future again choose to provide compensation that may not be deductible if it believes that certain awards are in the best interests of the Company and our stockholders and help ensure that our named executive officers receive total compensation that is competitive with our peer group or reflects superior performance.

Severance and Termination Arrangements

Our named executive officers have employment agreements that provide for payments upon a termination of employment by the executive for good reason, by the Company without cause or upon death or disability as described later in this proxy statement in the section entitled Employment Agreements. Likewise, our named executive officers have bonus plans (as described above under Bonuses) that provide for partial payment of bonus amounts upon death, disability, retirement or change in control based on the bonus amount earned prior to such triggering event. The Company believes that these agreements and plans effectively create incentives for our executives to build stockholder value without the fear of losing employment for situations other than for cause. These arrangements are intended to attract and retain qualified executives who could have other job alternatives that may appear to them to be less risky absent these arrangements.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of our Board of Directors has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, our Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

Table of Contents***Equity Compensation******Amended and Restated 2005 Long-Term Equity Incentive Plan***

The Amended and Restated 2005 Long-Term Equity Incentive Plan, as originally approved in 2005 and subsequently amended and restated, provides for grants of stock options, restricted stock, restricted stock units, deferred stock units and other equity-based awards. As of December 25, 2016, there were 124,154 shares of common stock issuable upon exercise of currently outstanding options, 1,245,836 unvested restricted stock awards and 1,902,608 shares available for future grants. Directors, officers and other employees of the Company, as well as others performing services for us, are eligible for grants under the plan. The purpose of the plan is to provide these individuals with incentives to maximize stockholder value and otherwise contribute to our success and to enable us to attract, retain and reward the best available persons for positions of responsibility.

Executive Stock Ownership Guidelines; Anti-Hedging Policy

In July 2012, based on the recommendation of our Compensation Committee's independent compensation consultant, Towers Watson, our Compensation Committee approved stock ownership guidelines for our executive officers, based on the belief that stock ownership guidelines further align the interests of our executive officers with those of our stockholders. Pursuant to our executive officer stock ownership guidelines, each executive officer is generally expected to accumulate and hold shares of our common stock equal in value to two times his or her annual tenure-based equity grant, with the exception of the Chief Executive Officer who is required to hold shares of our common stock equal in value to three times his or her annual tenure-based equity grant. Shares subject to stock options will not count toward the minimum ownership requirement. Restricted stock (whether or not vested) will count toward the minimum ownership requirement. Executive officers had until 2015 to meet the stock ownership guidelines. As of the end of fiscal 2015, all named executive officers satisfied our stock ownership guidelines.

Pursuant to our insider trading policy, our executive officers may not engage in any hedging or monetization transactions involving our securities.

Non-Qualified Deferred Compensation**Fiscal Year 2016**

These accounts are credited with earnings from amounts invested in funds available through Fidelity Investments, the plan's record keeper, as selected by each participant. The following table summarizes contributions during 2016 by the only named executive officer who participated along with aggregate earnings/losses for the year and the aggregate balance as of December 25, 2016. We did not make any contributions to the deferred compensation plan during 2016. Named executive officers are fully vested in all contributions to the plan. We have the option of paying the severance on a monthly or lump-sum basis. Mr. Toomy has agreed not to compete with us or to solicit any of our employees or persons with whom we have certain business relationships for 12 months following his termination.

The employment agreements for our executive officers define "cause" as meaning, subject to any applicable cure periods, (i) an officer's theft, embezzlement, perpetration of fraud, misappropriation of property or attempts at such; (ii) any act of disloyalty, misconduct or moral turpitude by an officer that is injurious to the Company; or (iii) an officer's willful disregard of a lawful directive given by a superior or our Board of Directors or a violation of the Company's employment policy.

The employment agreements for our executive officers define "good reason" to mean (i) the assignment by our Board of Directors to an officer of any material duties that are clearly inconsistent with the officer's status, title and position or (ii) failure by the Company to pay the officer any amounts required under the officer's employment agreement with which failure continues uncured for a period of 15 days after written notice is given. Additionally, with respect to our employment agreements with Mr. O'Donnell, Mr. Haak, and Ms. Henry, "good reason" also includes a material relocation of the Company requiring the executive to relocate or upon notice of the Company's intent not to renew the agreement.

Except as specifically described herein, all options and restricted stock issued under the Company's equity incentive plans, whether or not then exercisable (as applicable), generally cease vesting when a grantee ceases to be an employee. Options generally expire 30 days after the date of cessation of service, so long as the grantee does not compete with us during that 30-day period without our permission. Upon termination for cause, all options will terminate immediately.

Assuming each executive officer's employment was terminated by us without cause or by the executive for good reason on December 25, 2016, the estimated values of payments and benefits to each named executive officer are set forth in the following table:

- (4) Based on the value, as of December 25, 2016, of the current pre-established automobile allowance that would be received by the executive officer for one year after termination.

Payments Made Upon Death or Disability

In the event of the death or disability of a named executive officer, all named executive officers will receive benefits under our disability plan or payments under our life insurance plan, as appropriate. In the case of a grantee's death or disability, (a) the number of shares of restricted stock for which the restrictions will have lapsed within one year of the grantee's death or disability will become fully vested and (b) a number of options equal to the sum of (1) the number of options that were exercisable on the date of the grantee's death or disability and (2) the number of options that would become exercisable within one year after the date of the grantee's death or disability, will become fully vested and exercisable and remain so for up to 180 days after the date of death or disability, provided the grantee does not compete with us during that 180-day period without our permission.

Under each executive officer's respective bonus plan, the executive officer shall receive a vested right to his or her bonus payment in an amount equal to the earned bonus amount as of the time of death or disability.

Total	\$ 3,236,063	\$ 589,753	\$ 466,723	\$ 1,046,339

- (1) Value is based on the closing price on December 23, 2016 of \$18.25.
- (2) Value is based on the number of options that would become exercisable within one year after the date of the grantee's death or disability, multiplied by the difference between the closing price on December 23, 2016 of \$18.25 and the option exercise price.
- (3) Value is based on the earned bonus amount attributable to the period prior to the triggering event. This table assumes that the triggering event occurred as of December 25, 2016, the last day of our fiscal year, and thus the earned bonus amounts are equal to the amounts earned under each executive officer's respective bonus plan for the entirety of fiscal 2016.

Payments Made Upon a Change in Control

In the event that the Company is sold at any time during Mr. O'Donnell's, Mr. Haak's or Ms. Henry's respective terms of employment, all equity awards held by such officer will immediately vest pursuant to the terms of such officer's employment.

agreement. All of the restricted stock and options issued under the Amended and Restated 2005 Long-Term Equity Incentive Plan to Mr. Toomy will become fully vested if Mr. Toomy is terminated within one year of a change in control. If we undergo a change in control, the committee administering the Amended and Restated 2005 Long-Term Equity Incentive Plan may provide that the options issued under such plan become exercisable and that such options may terminate if not exercised on the date of the change in control. Such committee may also accelerate the vesting of restricted stock grants under the Amended and Restated 2005 Long-Term Equity Incentive Plan.

Under each executive officer's respective bonus plan, the executive officer shall receive a vested right to his or her bonus payment in an amount equal to the earned bonus amount as of the time of the change in control.

For purposes of the Amended and Restated 2005 Long-Term Equity Incentive Plan and the bonus plans, a change in control is triggered if (a) any person or group is or becomes the beneficial owner of 50% or more of the Company's voting securities, (b) during any period of two consecutive years, individuals who at the beginning of such period constitute the Board and any new directors whose election by the Board or nomination for election by the stockholders was approved by at least 2/3 of the directors then still in office who either were directors at the beginning of the period or whose election was previously so approved cease to constitute a majority of the Board, (c) the Company merges or consolidates with any other corporation (unless the Company's voting securities continue to represent more than 50% of the combined voting power of the surviving entity or the Company's Chief Executive Officer and directors retain their positions and, in the case of the directors, constitute at least a majority of the new board) or (d) a plan of complete liquidation or a sale or disposition of the Company of all or substantially all of its assets is consummated.

- (1) Value is based on the closing price on December 23, 2016 of \$18.25.
- (2) Value is based on the number of unvested options that accelerate upon a change of control, multiplied by the difference between the closing price on December 23, 2016 of \$18.25 and the option exercise price.
- (3) Value is based on the earned bonus amount attributable to the period prior to the change in control. This table assumes that the change in control occurred as of December 25, 2016, the last day of our fiscal year, and thus the earned bonus amounts are equal to the amounts earned under each executive officer's respective bonus plan for the entirety of fiscal 2016.
