We have elected to provide access to our proxy materials over the Internet under the Securities and Exchange Commission's notice and access rules. It is important that your shares be represented at the Annual Meeting. We hope you will come to the Annual Meeting in person, but whether you do, and regardless of the number of shares you own, please vote your shares by (i) Internet, (ii) telephone, or (iii) mail in order to ensure your representation at the meeting.

PROXY STATEMENT

Annual Meeting of Stockholders of the Company to be held on June 8, 2017

SOME QUESTIONS YOU MAY HAVE REGARDING THIS PROXY STATEMENT

AND THE ANNUAL MEETING

Q: What is this document?

A: This document is the Proxy Statement of Amedisys, Inc. that is being made available to stockholders on the Internet, or sent to stockholders upon request, in connection with our Annual Meeting of stockholders to be held on Thursday, June 8, 2017 at 1:00 p.m. Central Daylight Saving Time at our executive office, 209 10th Ave. S., Suite 512, Nashville, Tennessee 37203 (the Meeting). A proxy card is also being furnished with this document, if you requested printed copies of the proxy materials.

We have tried to make this document simple and easy to understand. The Securities and Exchange Commission (SEC) encourages companies to use plain English, and we will always try to communicate with you clearly and effectively. We will refer to Amedisys, Inc. throughout as we, us, the Company or Amedisys.

Q: Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

A: Pursuant to rules adopted by the SEC, the Company will use the Internet as the primary means of furnishing proxy materials to stockholders this year. Accordingly, the Company is sending a Notice of Internet Availability of Proxy Materials (the Notice) to the Company's stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request a printed set of the complete proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis. The Company encourages stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of its annual meetings and the cost to the Company associated with the physical printing and mailing of materials.

Q: Why am I receiving these materials?

A: You are receiving this document because you were one of our stockholders on April 13, 2017, the record date for the Meeting. We are soliciting your proxy (i.e., your permission) to vote your shares of Amedisys stock upon certain matters at the Meeting. We are required by

Edgar Filing: AMEDISYS INC - Form DEF 14A

law to convene an annual meeting of our stockholders at which directors are elected. Because our shares are widely held, it would be impractical, if not impossible, for our stockholders to meet physically in sufficient numbers to hold a meeting. Accordingly, proxies are solicited from our stockholders. We began mailing the Notice on or about April 25, 2017.

Table of Contents

Q: Who may vote at the Meeting?

A: We have fixed the close of business on April 13, 2017, as the record date for determining who is entitled to vote at the Meeting. As of that date, there were 33,673,524 shares of our common stock outstanding and entitled to be voted at the Meeting. You may cast one vote for each share of common stock held by you on April 13, 2017 on all matters presented at the Meeting.

Q: What proposals will be voted on at the Meeting?

A: There are four proposals to be considered and voted on at the Meeting:

- (1) To elect the nine director nominees identified in this Proxy Statement to our Board of Directors, each to serve a one-year term expiring at the latter of the 2018 Annual Meeting of Stockholders (the 2018 Annual Meeting) or upon his or her successor being elected and qualified;
- (2) To ratify the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending December 31, 2017;
- (3) To approve, on an advisory (non-binding) basis, the compensation paid to our Named Executive Officers (say on pay vote); and
- (4) To approve, on an advisory (non-binding) basis, the frequency of future stockholder say on pay votes.

We will also consider other business that properly comes before the Meeting in accordance with Delaware law and our Bylaws.

Q: What are my choices when voting on the election of the nine director nominees identified in this Proxy Statement, and what vote is needed to elect directors to the Board of Directors?

A: In regards to the vote on the election of the nine director nominees identified in this Proxy Statement to serve until the 2018 Annual Meeting or upon his or her successor being elected and qualified, stockholders may:

vote in favor of all director nominees;

vote in favor of specific director nominees; or

vote to withhold authority to vote for all director nominees.

Directors are elected by a plurality of the votes cast at the Meeting. As a result, the nine directors receiving the highest number of **FOR** votes will be elected as directors. The Company's Corporate Governance Guidelines, however, provide that a director candidate must tender his or her resignation if he or she receives a greater number of withhold votes than for votes. The Nominating and Corporate Governance Committee would then make a recommendation to the Board of Directors on whether to accept or reject the resignation or whether other action should be taken. For additional information, please see the discussion beginning on page 11 and page 22 of this Proxy Statement.

Q: What are my choices when voting on the ratification of the appointment of KPMG LLP as the Company's independent registered public accountants for the fiscal year ending December 31, 2017, and what vote is needed to ratify their appointment?

A: In regards to the vote on the proposal to ratify the appointment of KPMG LLP as the Company's independent registered public accountants for the fiscal year ending December 31, 2017, stockholders may:

vote in favor of the ratification;

vote against the ratification; or

abstain from voting on the ratification.

Table of Contents

The affirmative vote of a majority of the shares represented at the Meeting and entitled to vote is required to approve the proposal to ratify the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending December 31, 2017. For additional information, please see the discussion beginning on page 26 of this Proxy Statement.

Q: What are my choices when voting on the advisory (non-binding) proposal regarding the compensation paid to the Company's Named Executive Officers (say on pay), and what vote is needed to approve the advisory say on pay proposal?

A: In regards to the advisory (non-binding) proposal on the compensation paid to our Named Executive Officers, stockholders may:

vote in favor of the advisory say on pay proposal;

vote against the advisory say on pay proposal; or

abstain from voting on the advisory say on pay proposal.

The affirmative vote of a majority of the shares represented at the Meeting and entitled to vote is required to approve, on an advisory basis, the say on pay vote. As an advisory vote, this proposal is not binding upon us. However, the Compensation Committee of our Board of Directors, which is responsible for designing and administering our executive compensation program, values the opinions expressed by our stockholders and will consider the outcome of the vote when making future compensation decisions. For additional information, please see the discussion beginning on page 33 of this Proxy Statement.

Q: What are my choices when voting on the advisory (non-binding) proposal regarding the frequency of future stockholder say on pay votes, and what vote is needed to approve the advisory proposal regarding the frequency of future stockholder say on pay votes?

A: In regards to the advisory (non-binding) proposal regarding the frequency of future stockholder say on pay votes, stockholders may:

vote in favor of an advisory say on pay vote every one year;

vote in favor of an advisory say on pay vote every two years;

vote in favor of an advisory say on pay vote every three years; or

abstain from voting on the advisory proposal regarding the frequency of future stockholder say on pay votes.

The affirmative vote of a majority of the shares represented at the Meeting and entitled to vote is required to approve, on an advisory basis, the frequency of future stockholder say on pay votes. As an advisory vote, this proposal is not binding upon us. Our Board of Directors will consider the outcome of the vote when determining the frequency of holding future stockholder say on pay votes. While our Board of Directors is making a recommendation with respect to this proposal, stockholders are being asked to vote on the choices specified above, and not whether they agree or disagree with the Board's recommendation. For additional information, please see the discussion beginning on page 35 of this Proxy Statement.

Q: How does the Company's Board of Directors recommend that I vote?

A: Please see the information included in this Proxy Statement relating to the proposals to be considered and voted on at the Meeting. Our Board of Directors unanimously recommends that you vote:

FOR each of the nine nominees to our Board of Directors identified in this Proxy Statement;

FOR the ratification of the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending December 31, 2017;

Table of Contents

FOR the advisory (non-binding) proposal regarding the compensation paid to our Named Executive Officers (say on pay); and

1 YEAR in connection with the proposal regarding an advisory vote on the frequency of future stockholder say on pay votes.

Q: What information is available on the Internet?

A: A copy of this Proxy Statement and our 2016 Annual Report to Stockholders is available for download free of charge at www.proxyvote.com.

Our Company website address is www.amedisys.com. We use our website as a channel of distribution for important Company information. Important information, including press releases, analyst presentations and financial information regarding our Company is routinely posted on and accessible on the Investors subpage of our website, which is accessible by clicking on the tab labeled Investors on our website home page. Visitors to our website can also register to receive automatic e-mail and other notifications alerting them when new information is made available on the Investors subpage of our website.

In addition, we make available on the Investors subpage of our website (under the link SEC Filings) free of charge our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, ownership reports on Forms 3, 4 and 5 and any amendments to those reports as soon as practicable after we electronically file such reports with the SEC. Further, copies of our Certificate of Incorporation and Bylaws, our Code of Ethical Business Conduct, our Corporate Governance Guidelines and the charters for the Audit, Compensation, Nominating and Corporate Governance, Quality of Care and Compliance and Ethics Committees of our Board of Directors are also available on the Investors subpage of our website (under the link Corporate Governance).

Information from this website is not incorporated by reference into this Proxy Statement.

Q: What constitutes a quorum?

A: The presence in person or by proxy of holders of a majority of our common stock outstanding as of the Record Date is needed for a quorum at the Meeting.

Q: What are broker votes and broker non-votes?

A: On certain routine matters, brokerage firms have discretionary authority under applicable stock exchange rules to vote their customers shares if their customers do not provide voting instructions. When a brokerage firm votes its customers shares on a routine matter without receiving voting instructions (referred to as a broker vote), these shares are counted both for establishing a quorum to conduct business at the Meeting and in determining the number of shares voted **FOR** or **AGAINST** the routine matter. For purposes of the Meeting, the proposal to ratify the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending December 31, 2017 is considered a routine matter.

Under applicable stock exchange rules: (i) the election of directors, (ii) the advisory (non-binding) vote on the compensation of our Named Executive Officers (say on pay vote) and (iii) the advisory vote on the frequency of future stockholder say on pay votes are considered non-routine matters for which brokerage firms do not have discretionary authority to vote their customers shares if their customers did not provide voting instructions. Therefore, for purposes of the Meeting, if you hold your stock through a brokerage account, your brokerage firm may not vote your shares on your behalf on (i) the election of directors, (ii) the advisory (non-binding) vote on the compensation paid to our Named Executive Officers (say on pay), and (iii) the advisory vote on the frequency of future stockholder say on pay votes without receiving instructions from you. When a brokerage firm does not have the authority to vote its customers shares or does not exercise its authority, these situations are referred to as broker non-votes. Broker non-votes are only counted for establishing a quorum and will have no effect on the outcome of the vote.

Table of Contents

We encourage you to provide instructions to your brokerage firm, bank or other nominee by voting your proxy. This action ensures your shares will be voted at the Meeting on all matters up for consideration.

Q: What if I abstain from voting?

A: You have the option to **ABSTAIN** from voting with respect to (i) the ratification of the appointment of KPMG LLP as the Company's independent registered public accountants for the fiscal year ending December 31, 2017, (ii) the advisory (non-binding) vote on the compensation paid to our Named Executive Officers (**say on pay**), and (iii) the advisory vote on the frequency of future stockholder say on pay votes. Abstentions with respect to these proposals are counted for purposes of establishing a quorum. If a quorum is present, abstentions will have the same effect as a vote against the proposal.

Q: How will my shares be voted if I return my proxy card or vote via telephone or Internet? What if I return my proxy card but do not provide voting instructions or complete the telephone or Internet voting procedures but do not specify how I want to vote my shares?

A: Our Board of Directors has named Paul B. Kusserow, our President and Chief Executive Officer, and Gary D. Willis, our Chief Financial Officer, as official proxy holders. They will vote all proxies, or record an abstention or withholding, in accordance with the directions on the proxy.

All shares represented by properly executed proxies, unless previously revoked, will be voted at the Meeting as you direct.

IF YOU SIGN AND RETURN YOUR PROXY CARD BUT GIVE NO DIRECTION OR COMPLETE THE TELEPHONE OR INTERNET VOTING PROCEDURES BUT DO NOT SPECIFY HOW YOU WANT TO VOTE YOUR SHARES, THE SHARES WILL BE VOTED **FOR** THE ELECTION OF THE PERSONS NAMED HEREIN AS DIRECTORS; **FOR** THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2017; **FOR** THE PROPOSAL REGARDING AN ADVISORY (NON-BINDING) VOTE ON THE COMPENSATION PAID TO OUR NAMED EXECUTIVE OFFICERS (**SAY ON PAY**); AND **1 YEAR** IN CONNECTION WITH THE PROPOSAL REGARDING AN ADVISORY VOTE ON THE FREQUENCY OF FUTURE STOCKHOLDER SAY ON PAY VOTES.

Q: How do I vote?

A: If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered a stockholder of record with respect to those shares. If you are a record holder, the Notice is being sent to you directly by Broadridge Financial Solutions, Inc. Please carefully consider the information contained in this Proxy Statement and, whether or not you plan to attend the Meeting, please vote by (i) accessing the Internet website specified on the Notice, (ii) calling the toll-free number specified on your proxy card, if you requested printed copies of the proxy materials or (iii) marking, signing and returning your proxy card promptly, if you requested printed copies of the proxy materials, so that we can be assured of having a quorum present at the Meeting and so that your shares may be voted in accordance with your wishes, even if you later decide to attend the Meeting. If you are a stockholder of record, the method you use to vote will not limit your right to vote at the Meeting if you decide to attend in person. Written ballots will be passed out to any stockholder of record who wants to vote at the Meeting. Please follow the directions on your proxy card carefully.

If, like most of our stockholders, you hold your shares in street name through a broker, bank or other nominee rather than directly in your own name, you are considered the beneficial owner of those shares, and the Notice is being forwarded to you by your broker, bank or other nominee, together with a voting instruction card. To vote at the Meeting, beneficial owners will need to contact the broker, bank or other nominee that holds their shares to obtain a legal proxy to bring to the Meeting.

Table of Contents

If you hold shares in the name of a broker, bank or other nominee you may be able to vote those shares by Internet or telephone depending on the voting procedures used by your broker, bank or other nominee, as explained below under the question How do I vote if my shares are held in street name by a broker, bank or other nominee?

No cumulative voting rights are authorized, and dissenters' rights and rights of appraisal are not applicable to the matters being voted upon.

Q: How do I vote if my shares are held in street name by a broker, bank or other nominee?

A: If your shares are held by a broker, bank or other nominee (this is called street name), your broker, bank or other nominee will send you instructions for voting those shares. Many (but not all) brokerage firms, banks and other nominees participate in a program provided through Broadridge Investor Communication Solutions that offers Internet and telephone voting options.

Q: May I revoke my proxy after I have delivered my proxy?

A: You may revoke your proxy at any time before the polls close by submitting a subsequent proxy with a later date by using the Internet, by telephone or by mail or by sending our Corporate Secretary a written revocation. Your proxy will also be considered revoked if you attend the Meeting and vote in person. If your shares are held in street name by a broker, bank or other nominee, you must contact your broker, bank or other nominee to change your vote or obtain a proxy to vote your shares if you wish to cast your vote in person at the Meeting.

Q: Who is soliciting my vote?

A: In this Proxy Statement, our Board of Directors is soliciting your vote for matters being submitted for stockholder approval at the Meeting.

Q: Who will bear the cost for soliciting votes for the Meeting?

A: We will bear the cost of soliciting proxies. In addition to the use of mail, our directors, officers and non-officer employees may solicit proxies in person or by telephone or other means. These persons will not be compensated for the solicitation but may be reimbursed for out-of-pocket expenses. We have also made arrangements with brokerage firms and other custodians, nominees and fiduciaries to forward this material to the beneficial owners of our common stock, and we will reimburse them for their reasonable out-of-pocket expenses.

Q: Who will count the votes?

A: We have hired a third party, Broadridge Financial Solutions, Inc., to judge voting, be responsible for determining whether or not a quorum is present and tabulate votes cast by proxy at the Meeting.

Q: Where can I find voting results of the Meeting?

A: We will announce preliminary voting results at the Meeting and publish final results on a Current Report on Form 8-K that we expect to file with the SEC within four business days after the Meeting (a copy of which will be available on the Investors subpage of our website, www.amedisys.com, under the link SEC Filings). If our final voting results are not available within four business days after the meeting,

Edgar Filing: AMEDISYS INC - Form DEF 14A

we will file a Current Report on Form 8-K reporting the preliminary voting results and subsequently file the final voting results in an amendment to the Current Report on Form 8-K within four business days after the final voting results are known to us.

Table of Contents

A: You may submit proposals for consideration at future stockholder meetings, including director nominations. Please see **Other Matters** for more details.

Q: Whom should I contact with questions about the Meeting?

A: If you have any questions about this Proxy Statement or the Meeting, please contact Jennifer Guckert, our Vice President, Associate General Counsel and Secretary, at 3854 American Way, Suite A, Baton Rouge, Louisiana 70816 or by telephone at (225) 292-2031 or (800) 467-2662.

A: Please vote proxies for all accounts to ensure that all your shares are voted. You may consolidate multiple accounts through our transfer agent, American Stock Transfer & Trust Company, LLC, online at www.amstock.com or by calling (800) 937-5449.

PROPOSAL 1 ELECTION OF DIRECTORS

Nominees

On April 20, 2016, our Board of Directors amended our Bylaws to provide that the number of directors shall be not less than three nor more than 15 persons, the exact number thereof to be determined from time to time by resolution of our Board of Directors. Our Board of Directors by resolution has set the number of directors at nine. The Board has nominated the nine persons named below for election at the Meeting.

All of the nominees currently serve as directors. Each person elected will serve until the next Annual Meeting of Stockholders and until his or her successor has been duly elected and qualified. Although our Board of Directors does not contemplate that any of the nominees will be unable to serve, if such a situation arises before the Meeting, the persons named as official proxy holders in the enclosed Proxy will vote for the election of such other person(s) as may be nominated by our Board of Directors.

Our Board of Directors maintains a Nominating and Corporate Governance Committee to recommend to our Board of Directors all director nominees. Stockholders who wish to recommend a person for consideration as a director nominee should follow the procedures described below under the heading Stockholder Recommendation of Nominees. Our Board of Directors selected the nominees for election at the Meeting upon the unanimous recommendation of the members of the Nominating and Corporate Governance Committee.

Board Member Qualifications; Diversity

Nominees for election to our Board of Directors must possess certain basic personal and professional qualities in order to properly discharge their fiduciary duties to our stockholders, provide effective oversight of our management and monitor our adherence to principles of sound corporate governance. Specifically, as set forth in our Corporate Governance Guidelines, nominees for election to our Board of Directors should possess the highest personal and professional ethics, integrity and values. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. Directors must develop an understanding of our Company's business and have a willingness to devote adequate time to carrying out their duties. The Board seeks directors who represent a mix of backgrounds and experiences that will enhance the quality of the Board's deliberations and decisions. In identifying candidates for membership on our Board of Directors, the Nominating and Corporate Governance Committee takes into consideration a number of factors, including: (i) relevant career experience, relevant technical skills, industry knowledge and experience and financial expertise; (ii) individual qualifications, including strength of character, mature judgment, familiarity with our business and industry, independence of thought and the ability to work collegially; and (iii) the extent to which the candidate would fulfill a present need on our Board of Directors. For each of the nominees to our Board of Directors, the biographies included in this Proxy Statement highlight the experiences and qualifications that were among the most important to the Nominating and Corporate Governance Committee in concluding that the nominee should serve as a director.

The Nominating and Corporate Governance Committee regularly assesses the appropriate size of our Board of Directors and whether any vacancies on our Board of Directors are expected due to retirement or otherwise and regularly monitors the mix of skills, experience and background of our directors to assure that the Board has the necessary composition to effectively perform its oversight function. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee will consider various potential candidates who may come to the attention of the Nominating and Corporate Governance Committee through current Board members, professional search firms, stockholders or other persons. Each candidate brought to the attention of the Nominating and Corporate Governance Committee, regardless of who recommended such candidate and regardless of whether such candidate is recommended by a stockholder, is considered on the basis of the criteria set forth above. The Nominating and Corporate Governance Committee typically evaluates each prospective candidate's background and qualifications. In addition, one or more of the Nominating and Corporate

CORPORATE GOVERNANCE

Board Leadership Structure

Our Board of Directors is currently comprised of Mr. Kusserow (our President and Chief Executive Officer) and eight independent directors. Ronald A. LaBorde retired from our Board effective as of January 2, 2017, at which time the number of seats and the number of directors on our Board was reduced from ten to nine. Each director serves a one-year term and is subject to annual election. Donald A. Washburn has served as the non-executive Chairman of our Board since August 31, 2014.

Our Board believes it is appropriate to continue to separate the positions of Chairman and Chief Executive Officer because this leadership structure enhances our Board's ability to ensure that the appropriate level of independent oversight is applied to all management decisions. It also permits our President and Chief Executive Officer to focus on Company operations.

At this time, the Company does not plan to combine the roles of the Chairman and Chief Executive Officer positions. If the roles are combined in the future, our Board will once again identify an independent Lead Director, as required by our Bylaws and Corporate Governance Guidelines. Specifically, pursuant to the Corporate Governance Guidelines, whenever there is no independent Chairman of the Board, our Board members are required to appoint one of the independent directors as Lead Director to lead the Board in fulfilling its duties effectively, efficiently and independent of management.

As non-executive Chairman of the Board, Mr. Washburn fulfills the responsibilities of an independent Lead Director, as outlined in our Bylaws and Corporate Governance Guidelines, specifically: enhancing Board effectiveness, in particular by ensuring the Board works as a cohesive team; ensuring that the Board has adequate resources and is presented with full, timely and relevant information; ensuring that there is a process in place to monitor best practices that relate to the responsibilities of the Board; and by assessing the effectiveness of the overall Board, its committees and individual directors on a regular basis. Our Chairman of the Board is directly responsible for Board management, in particular by chairing Board meetings, providing input on the agendas for Board and committee meetings; evaluating the membership and chairs for Board committees and the effectiveness of the committees; and ensuring that the independent directors meet regularly without management present to discuss the effectiveness of our President and Chief Executive Officer, the effectiveness of the Board and the committees of the Board, and matters relating to succession planning and strategic planning. Finally, our non-executive Chairman of the Board also serves as a key liaison between management and the independent directors.

We believe the Chairs of our five independent Board committees (Ms. Hall: Compliance and Ethics Committee; Mr. Zilkha: Compensation Committee; Mr. Netterville: Audit Committee; Mr. Perkins: Quality of Care Committee; and Mr. Washburn: Nominating and Corporate Governance Committee) have made valuable contributions to our Company in these roles, which are vital to our Board leadership structure. Each Committee Chair meets regularly with members of Company management, as appropriate, to discuss matters relevant to their respective Committee functions, both with and without the presence of our Chief Executive Officer. Ms. Hall, Ms. Klapstein, Dr. Rideout and Messrs. Lechleiter, Netterville, Perkins and Zilkha also regularly communicate with Mr. Washburn, in his role as non-executive Chairman of the Board, regarding Board and Committee functions.

Stockholder Engagement

As part of our investor relations program, we regularly communicate with our stockholders and actively engage with them throughout the year. We solicit feedback from our stockholders with respect to corporate governance issues, our executive compensation policies and practices, regulatory developments and business strategy. Specifically, throughout, 2016, we met with nearly 100 actively-managed investors at conferences like the J.P.

Table of Contents

Morgan Healthcare Conference, Bank of America / Merrill Lynch Healthcare Conference, Jefferies Healthcare Conference, Wells Fargo Healthcare Conference, and the Oppenheimer Healthcare Conference as well as analyst-hosted non-deal road shows to discuss executive compensation being tied to financial performance, quality and turnover targets, progress made in 2015, and our strategic initiatives for 2016.

We seek to be responsive to our stockholders regarding their input and concerns. As a result of our stockholder engagement, over the past year, we have:

Adopted a plurality-plus voting standard for director elections, whereby we have retained a plurality voting standard for uncontested director elections, but our Corporate Governance Guidelines require that a director candidate must tender his or her resignation if he or she receives a greater number of withhold votes than for votes. The Nominating and Corporate Governance Committee would then make a recommendation to the Board on whether to accept or reject the resignation or whether other action should be taken. The Board would act on the recommendation within 90 days of the certification of the election results and publicly disclose its decision and the rationale behind it.

Continued to apply our recently adopted executive compensation philosophy, which places emphasis on a market competitive base salary, lower than market bonus and higher than market performance based equity compensation. In order to further align our executives with stockholders, we have provided our new leaders (as of their starting date) with an upfront grant intended to reward them for a number of years.

Risk Oversight

The Board's Role in Risk Oversight

Risk management is primarily the responsibility of our Company's senior management team, while our Board of Directors is responsible for the overall supervision and oversight of our Company's risk management activities.

The Board's oversight of the material risks faced by the Company occurs at both the full Board level and at the committee level. The Audit Committee has oversight responsibility not only for financial reporting with respect to the Company's major financial exposures and the steps management has taken to monitor and control such exposures, but also for the effectiveness of management's enterprise risk management process that monitors key business risks facing the Company. Specifically, as stated in its charter, one of the responsibilities of the Audit Committee is to discuss guidelines and policies governing the process by which senior management of the Company and the relevant departments of the Company assess and manage the Company's exposure to risk, and to discuss the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures. In connection with its risk oversight role, at each of its quarterly, in-person meetings, the Audit Committee also meets privately in separate executive sessions with representatives from the Company's independent registered public accounting firm (without any members of Company management present) and the Company's Senior Vice President Audit (without other members of Company management present). The Company's Senior Vice President Audit manages the Company's Internal Audit and Enterprise Risk Management functions and has been employed by the Company since April 2002. The Internal Audit Department, according to its charter, is charged with taking a systematic and disciplined approach to evaluate and improve the effectiveness of the organization's risk management, control, and governance processes. Finally, the Audit Committee also receives quarterly reports regarding the Company's testing and controls implemented in compliance with the requirements of the Sarbanes-Oxley Act of 2002.

In addition, the Compliance and Ethics Committee of the Board receives presentations at its quarterly in-person meetings from the Company's Chief Compliance Officer, who has been employed by the Company since July 2016. The Chief Compliance Officer, who heads the Company's Compliance Department, is responsible for monitoring the Company's compliance with federal and state laws governing the provision of healthcare services and patient privacy, as well as conditions of participation in the Medicare and Medicaid programs for the home health and hospice services provided by the Company. During these meetings, the Chief Compliance Officer

Table of Contents

provides a detailed report on compliance activities, relevant regulatory developments impacting the compliance function and our risk mitigation practices. As part of its risk oversight duties, the members of the Compliance and Ethics Committee meet regularly with the Chief Compliance Officer privately in executive session (without other members of Company management present), and it is expected that the Chief Compliance Officer maintains an open line of communication with both the Compliance and Ethics Committee and the full Board.

Further, the Company's Chief Clinical Operations Officer reports in person to the Board's Quality of Care Committee on a quarterly basis on matters relating to the quality of the Company's clinical outcomes and the care provided to its patients. The Company's clinical protocols are designed to minimize patient risk and improve patient health outcomes.

In addition, the Company's General Counsel reports in person to the Board on at least a quarterly basis to keep the directors informed concerning legal risks and other legal matters involving the Company and the Company's legal risk mitigation efforts.

Additionally, at each Board meeting, our Chief Executive Officer meets with the other directors in executive session to address operational and strategic matters, including areas of risk and opportunity that require Board attention. Further, in dedicated sessions each July focusing entirely on corporate strategy, the full Board reviews in detail the Company's short- and long-term strategies, including consideration of risks facing the Company.

The oversight of risk within the organization is an evolving process requiring the Company to continually look for opportunities to further embed systematic enterprise risk management into ongoing business processes across the organization. The Board actively encourages management to continue to review and improve its methods of assessing and mitigating risk.

Compensation Risk Assessment

Our management believes that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond our organization's ability to effectively identify and manage significant risks; are compatible with effective internal controls and the risk management practices of our Company; and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

We based the above conclusions on the following: for the annual long-term (equity-based) compensation programs in place in 2016 for our (i) executive officers and (ii) corporate and field (non-executive) management, awards were subject to time-based vesting conditions, and the performance targets for the performance-based awards were linked to overall corporate performance (adjusted EBITDA target). For the annual short-term (cash bonus) compensation programs in place for our (i) executive officers and (ii) corporate and field senior (non-executive) management in place in 2016, performance targets were linked to overall corporate performance (adjusted EBITDA target), quality of patient care and retention. For the annual short-term (cash bonus) compensation programs in place for our care center-level employees, performance targets were linked to multiple performance measures, with reasonable caps and appropriate controls to establish targets and validate actual performance against the targets before payouts were made.

Further, our Chief Human Resources Officer and/or company internal counsel, as appropriate, report to the full Board on at least a quarterly basis on matters relating to employee compensation.

Board Committees

Audit Committee

The Audit Committee's responsibilities are set forth in its charter, a copy of which appears on the Investors subpage of our website, (www.amedisys.com) under the link Corporate Governance. The Committee was

established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934 (the Exchange Act), and its responsibilities include hiring and supervising the work of our registered independent public accountants and our Senior Vice President Audit (who manages our Internal Audit Department), overseeing our financial reporting process, internal controls and legal and regulatory compliance and pre-approving all audit and non-audit services to be provided by independent auditors.

The Audit Committee is currently comprised of Jake L. Netterville (Chairman) and Messrs. Lechleiter, Washburn and Zilkha. Our Board of Directors has determined that each member of the Audit Committee also meets the definition of an independent director as defined by Rule 10A-3 under the Exchange Act and that Mr. Netterville qualifies as an audit committee financial expert, as defined by Item 407(d)(5) of SEC Regulation S-K, and as a financially sophisticated audit committee member under NASDAQ Listing Rule 5605(c)(2)(A). This determination is based on the fact that Mr. Netterville is a certified public accountant. In addition, our Board of Directors has determined that Messrs. Lechleiter, Washburn and Zilkha are each financially literate.

Compensation Committee

The Compensation Committee reviews and acts on compensation levels and benefit plans for our executive officers, approves director compensation, approves and evaluates the Company's equity compensation plans, approves the issuance of stock options, nonvested stock, restricted stock, restricted stock units and other equity-based awards under our equity compensation plans and has the sole authority to retain, and has retained, compensation consultants. It also provides assistance to our Board of Directors in the annual evaluation of our Chief Executive Officer. The Compensation Committee is currently comprised of Nathaniel M. Zilkha (Chairman), Ms. Klapstein and Messrs. Netterville and Washburn. Our Board of Directors has determined that each member of the Compensation Committee meets the definition of an outside director as defined by regulations promulgated pursuant to Section 162(m) of the Internal Revenue Code and is a non-employee director as defined in the SEC's Rule 16b-3. The Compensation Committee may not delegate any of its authority with respect to approving the compensation (including equity-based compensation) of our directors and executive officers. The Compensation Committee may delegate its authority to approve awards of equity-based compensation to persons other than our directors and executive officers to our Chief Executive Officer. A copy of the Compensation Committee's charter appears on the Investors subpage of our website (www.amedisys.com) under the link Corporate Governance.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee identifies and evaluates individuals qualified to become members of the Board of Directors and recommends to our Board of Directors all nominees for election to our Board of Directors. The Nominating and Corporate Governance Committee also provides assistance to our Board of Directors in the annual evaluations of our Board of Directors and its Committees, the review and consideration of corporate governance practices and ongoing board governance education. The Nominating and Corporate Governance Committee also prepares the slate of chairs and members for each of the Board's standing committees. The Nominating and Corporate Governance Committee is comprised of Donald A. Washburn (Chairman) and each of our other independent directors (Messrs. Lechleiter, Netterville, Perkins and Zilkha, Dr. Rideout, Ms. Hall and Ms. Klapstein). On March 9, 2017, the Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee, appointed Richard A. Lechleiter as the Chair of the Nominating and Corporate Governance Committee, effective as of July 19, 2017. A copy of the Nominating and Corporate Governance Committee's charter appears on the Investors subpage of our website (www.amedisys.com), under the link Corporate Governance.

Quality of Care Committee

The Quality of Care Committee is comprised of Bruce D. Perkins (Chairman), Ms. Hall, Ms. Klapstein and Dr. Rideout. The dual purposes of the Quality of Care Committee are to (i) assist our Board of Directors in

fulfilling its oversight responsibilities relating to the review of our policies and procedures in connection with the delivery of quality medical care to patients and patient safety and (ii) assist our Board of Directors and our management in promoting a culture of quality throughout our Company. A copy of the Quality of Care Committee's charter appears on the Investors subpage of our website (www.amedisys.com), under the link Corporate Governance.

Compliance and Ethics Committee

The Compliance and Ethics Committee was formed on October 2013 and is comprised of Linda J. Hall, PhD (Chair), Dr. Rideout and Messrs. Lechleiter and Perkins. Mr. Perkins has been deemed to have significant familiarity and experience with Medicare compliance due to his over 39 years of executive and senior management-level employment experience in the healthcare industry. The dual purposes of the Compliance and Ethics Committee are to (i) assist the Board in fulfilling its oversight responsibilities relating to (a) the compliance by the Company with all legal requirements to which it is subject, including specifically all federal and state health care laws and regulations to which it is subject, all fraud and abuse laws and all applicable Medicare program requirements, (b) the design, implementation and execution of the Company's Compliance and Ethics Program, (c) the activities of the Chief Compliance Officer and the operation of the Company's Compliance Department, and (d) matters relating to the Company's Corporate Compliance Plan and Code of Ethical Business Conduct; and (ii) assist the Board and Company management in establishing an appropriate tone at the top and promoting a strong culture of compliance throughout the Company, while also recognizing that other Board committees assist the Board in fulfilling its oversight responsibilities relating to various areas of legal and regulatory compliance. A copy of the Compliance and Ethics Committee's charter appears on the Investors subpage of our website (www.amedisys.com), under the link Corporate Governance.

Board and Committee Meetings 2016

Our Board of Directors held 5 in-person and 13 telephonic meetings in 2016. Our Board of Directors maintains Audit, Compensation, Nominating and Corporate Governance, Quality of Care and Compliance and Ethics Committees that are each comprised solely of independent directors. Each Board committee generally meets on or around the date of each regularly-scheduled quarterly in-person Board meeting. During 2016, the Audit Committee held 5 in-person meetings and 1 telephonic meeting; the Compensation Committee held 5 in-person meetings and 5 telephonic meetings; the Nominating and Corporate Governance Committee held 5 in-person meetings; the Quality of Care Committee held 5 in-person meetings; and the Compliance and Ethics Committee held 5 in-person meetings. Each director attended at least 75% of the total number of Board meetings and meetings of the Committees on which he or she served during 2016. Generally, during every month in which there is not a regularly-scheduled in-person Board meeting, the Board members meet telephonically with selected members of Company management.

Independent Directors Meetings in Executive Session

The independent directors, as a group, meet in-person in executive session on a regular basis (and at least once, quarterly) in connection with each in-person Board meeting without any members of our management or non-independent directors present. Mr. Washburn currently presides over these executive sessions as non-executive Chairman of the Board.

Plurality Plus Resignation Policy

The Company's Corporate Governance Guidelines contain a plurality plus resignation policy for directors in uncontested elections. Pursuant to the policy, in an uncontested election of directors, any nominee who receives a greater number of votes withheld from his or her election than votes for such election will promptly tender his or her resignation to the Board of Directors following certification of the stockholder vote. The Nominating

Table of Contents

and Corporate Governance Committee will act to determine whether to accept the director's resignation and will submit such recommendation for prompt consideration by the Board of Directors. The Board of Directors will act on the Nominating and Corporate Governance Committee's recommendation within 90 days of the certification of the stockholder vote.

The Nominating and Corporate Governance Committee and the Board of Directors may consider any factors and information they deem relevant in deciding whether to accept a director's resignation, including, without limitation:

any reasons given by stockholders for their withhold votes from such director;

any alternatives for curing the underlying cause of the withheld votes;

the director's tenure;

the director's qualifications;

the director's past and expected future contributions to the Board of Directors; and

the overall composition of the Board of Directors and the composition of its committees, including whether accepting the resignation would cause the Company to fail to meet any applicable standards of the SEC or the NASDAQ Global Select Market.

The Company will disclose publicly the Board of Directors' decision on whether to accept the director's resignation and an explanation of the process by which the decision was made and, if applicable, the reasons for not accepting the director's resignation, in a Current Report on Form 8-K filed with the SEC. Full details of the policy are set forth in our Corporate Governance Guidelines, a copy of which appears on the Investors subpage of our website (www.amedisys.com) under the link Corporate Governance.

Stockholder Recommendation of Nominees

Per our Corporate Governance Guidelines, stockholders may recommend a nominee for consideration by the Nominating and Corporate Governance Committee of our Board by sending the following information to our Corporate Secretary, at 3854 American Way, Suite A, Baton Rouge, Louisiana 70816, who will forward the information to the Chairman of the Committee:

Name, mailing address and telephone number of the stockholder;

The proposed nominee's name, mailing address and telephone number;

A statement whether the proposed nominee knows that his or her name is being suggested by the stockholder, and whether he or she has consented to being suggested and is willing to serve;

The proposed nominee's resume or other description of his or her background and experience;

The proposed nominee's relationship to the stockholder; and

The stockholder's reasons for proposing that the individual be considered.

The Nominating and Corporate Governance Committee will solicit and receive recommendations for candidates to fill any Board vacancies and will review the qualifications of potential director candidates. The Nominating and Corporate Governance Committee will present any recommended candidates to the full Board for consideration. Stockholders may also nominate directors for election to our Board of Directors. For additional important information regarding stockholder nominations of directors and stockholder proposals, please see the "Other Matters" section of this Proxy Statement.

Board Independence, Stockholder Communications and Board Attendance at the Annual Stockholders Meeting

Our Board of Directors has reviewed and analyzed the independence of each director nominee. The purpose of the review was to determine whether any particular relationships or transactions involving directors or their

Table of Contents

affiliates or immediate family members were inconsistent with a determination that the director is independent for purposes of serving on the Board of Directors and its committees. During this review, the Board of Directors examined whether there were any transactions and/or relationships between directors or their affiliates or immediate family members and the Company and the substance of any such transactions or relationships.

Following this review, our Board of Directors determined that all directors other than Mr. Kusserow are independent under the director independence requirements and listing standards of The NASDAQ Global Select Market. Mr. Kusserow is not considered independent because he is an executive officer of the Company.

In determining that Mr. Zilkha is independent, our Board of Directors considered the fact that the Company has engaged KKR Capstone Consulting, LLC (KKR Capstone), a consulting company of operational professionals that works exclusively with portfolio companies of Kohlberg Kravis Roberts & Co. (KKR). Mr. Zilkha is a member of KKR Management LLC, which is an affiliate of KKR Asset Management LLC (KAM), a significant stockholder of our Company, and an affiliate of KKR. KKR Capstone will receive a fee in connection with providing consulting services to the Company in the ordinary course of business. Mr. Zilkha will not receive any direct compensation or direct financial benefit from the engagement of KKR Capstone. Furthermore, KKR Capstone is not a subsidiary or affiliate of KKR. KKR Capstone operates under several consulting agreements with KKR and uses the KKR name under license from KKR. Accordingly, our Board of Directors determined that the Company's agreement with KKR Capstone and Mr. Zilkha's role at KKR Management LLC would not interfere with Mr. Zilkha's exercise of independent judgment in carrying out the responsibilities of a director. See Certain Transactions.

Stockholders who wish to communicate with our Board of Directors, our non-executive Chairman of the Board (or, if applicable, our Lead Director) or our Audit Committee should address their communications to such party, in care of our Corporate Secretary, who is responsible for promptly disseminating such communications to our Board of Directors, our non-executive Chairman of the Board (or, if applicable, Lead Director) or Audit Committee Chairman, as appropriate. Per our Corporate Governance Guidelines (described below), all communications with the Board, our non-executive Chairman of the Board (or, if applicable, our Lead Director) or the Audit Committee are treated confidentially, and stockholders and other interested parties can remain anonymous when communicating their concerns. Stockholders who would like to submit the name of a person for consideration as a director nominee should address any communication to our Corporate Secretary in accordance with the procedures described under the heading Corporate Governance Stockholder Recommendation of Nominees, above.

We do not have a formal policy regarding attendance by Board members at our Annual Stockholders Meeting because management is available at the meeting to answer questions from stockholders in attendance. Directors Paul B. Kusserow and Ronald A. LaBorde attended our 2016 Annual Meeting of Stockholders (the 2016 Annual Meeting) in person, and directors Linda J. Hall, PhD, Jake L. Netterville, Jeffrey A. Rideout, MD and Donald A. Washburn attended our 2016 Annual Meeting via teleconference. Historically, we have had low in-person stockholder attendance at our Annual Stockholders Meetings.

Compensation Consultant Independence and Conflicts of Interest Assessment

The Compensation Committee engaged the services of Pearl Meyer (Pearl Meyer) as its independent advisor on matters of executive compensation (the Engagement) in respect of and during fiscal 2016. Pearl Meyer reports directly to the Committee and provides no other remunerated services to the Company or any of its affiliates. In accordance with the requirements of Item 407(e)(3)(iv) of Regulation S-K, the Company has affirmatively determined that no conflicts of interest exist between the Company and Pearl Meyer (or any individuals working on the Company's account on Pearl Meyer's behalf). In reaching such determination, the Company considered the following enumerated factors, all of which were attested to or affirmed by Pearl Meyer:

(1) During fiscal 2016, Pearl Meyer provided no services to and received no fees from the Company other than in connection with the Engagement;

Table of Contents

(2) The amount of fees paid or payable by the Company to Pearl Meyer in respect of the Engagement represented (or are reasonably certain to represent) less than 1% of Pearl Meyer's total revenue for the 12 month period ended January 20, 2016;

(3) Pearl Meyer has adopted and put in place adequate policies and procedures designed to prevent conflicts of interest, which policies and procedures were provided to the Company;

(4) There are no business or personal relationships between Pearl Meyer and any member of the Compensation Committee other than in respect of (i) the Engagement, or (ii) work performed by Pearl Meyer for any other company, board of directors or compensation committee for whom such Committee member also serves as an independent director;

(5) Neither Pearl Meyer nor any of the consultants working on the Amedisys engagement owns any stock of the Company; and

(6) There is no business or personal relationships between Pearl Meyer and any executive officer of the Company other than in respect of the Engagement.

CODE OF ETHICAL BUSINESS CONDUCT

Our Board of Directors has adopted a Code of Ethical Business Conduct that is applicable to all our directors, executive officers and employees. The Code is available on the Investors subpage of our website (www.amedisys.com) under the link Corporate Governance. The purpose of the Code is to, among other things, deter wrongdoing and promote: honest and ethical conduct; full, fair, accurate, timely and understandable disclosure in our filings with the SEC and in public communications; compliance with applicable laws, rules and regulations; the prompt internal reporting of violations; and accountability.

CORPORATE GOVERNANCE GUIDELINES AND REVIEW AND CONSIDERATION OF CORPORATE GOVERNANCE PRACTICES

Our Board of Directors has adopted Corporate Governance Guidelines. The purpose of the Guidelines is to assist the Board in the exercise of its responsibilities and to serve the best interests of the Company and its stockholders. A copy of the Corporate Governance Guidelines appears on the Investors subpage of our website (www.amedisys.com) under the link Corporate Governance.

The members of our Nominating and Corporate Governance Committee are responsible for the review and consideration of corporate governance practices.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**Background**

The Audit Committee of the Board of Directors has appointed KPMG LLP (KPMG) as the independent registered public accounting firm to audit our Company s consolidated financial statements for the fiscal year ending December 31, 2017. The submission of this matter for ratification by stockholders is not legally required; however, our Board of Directors believes that such submission is consistent with best practices in corporate governance and is an opportunity for stockholders to provide direct feedback to the Audit Committee and the Board of Directors on an important issue of corporate governance. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm as our Company s external auditor. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm to be our Company s external auditor at any time during the year if it determines that such a change would be in the best interests of our Company and our stockholders.

REPORT OF THE AUDIT COMMITTEE

This Audit Committee report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under the Exchange Act.

What is the Audit Committee and what does it do?

The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight and review of Amedisys accounting functions and internal controls. The committee recommends to the Board of Directors that our audited financial statements be included in our Annual Report on Form 10-K and approves all fees paid to our independent registered public accounting firm. The committee also receives quarterly reports from our Internal Audit Department and approves the annual Internal Audit Work Plan and the compensation of the Senior Vice President Audit, who leads our Internal Audit Department.

Are the members of the Audit Committee independent ?

Yes. The Audit Committee is currently comprised of four directors, all of whom are independent as determined in accordance with the listing standards of The NASDAQ Global Select Market and within the meaning of Rule 10A-3 under the Exchange Act.

Do the members of the Audit Committee meet regularly in executive session without members of Company management present? Do the members of the Audit Committee meet separately with representatives of the Company s independent registered public accounting firm and the Company s Internal Audit Department?

Yes. The Audit Committee meets at least once quarterly in executive session without members of Company management present. During these executive sessions, the Audit Committee will also meet separately with representatives of the Company s independent registered public accounting firm (generally, the Lead Audit Partner) and the Senior Vice President Audit, on behalf of the Company s Internal Audit Department. The Audit Committee also meets separately with other senior members of Company management as it deems necessary.

What steps did the Audit Committee take in recommending that our audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2016 (our 2016 Annual Report)?

In connection with recommending that our audited financial statements be included in our 2016 Annual Report, the members of the Audit Committee took the following steps:

The members of the Audit Committee discussed with our independent registered public accounting firm their judgment as to the quality, not just the acceptability, of our accounting policies and principles and such other matters as are required to be discussed under generally accepted auditing standards, including information concerning the scope and result of the audit. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process.

Management represented to the Audit Committee that the Company s audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, on a consistent basis, and the Audit Committee reviewed and discussed the quarterly and annual earnings press releases and consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by the Public Company Accounting Oversight Board (the PCAOB) Auditing Standard No. 16.

Table of Contents

The Company's independent registered public accounting firm also provided to the Audit Committee the written disclosures and the letter required by the PCAOB regarding their independence, and the members of the Audit Committee discussed with the independent registered public accounting firm the firm's independence from the Company and its management. The members of the Audit Committee also considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with maintaining the independent registered public accounting firm's independence. This discussion and disclosure informed the Audit Committee of the independent registered public accounting firm's independence, and assisted the Audit Committee in evaluating that independence. The members of the Audit Committee concluded that the independent registered public accounting firm is independent from the Company and its management.

The members of the Audit Committee reviewed and discussed, with our management and independent registered public accounting firm, our audited consolidated balance sheet as of December 31, 2016 and the related consolidated statements of operations, comprehensive income (loss), stockholders' equity and cash flows for each of the years in the three-year period ended December 31, 2016, including associated footnotes and Management's Discussion and Analysis of Financial Condition and Results of Operations.

The members of the Audit Committee (or the Chairman of the Committee, pursuant to a delegation of authority) reviewed and pre-approved all permissible non-audit services by our independent registered public accounting firm.

The members of the Audit Committee reviewed the Principal Executive Officer and Principal Financial Officer Certifications concerning the Company's 2016 Annual Report.

Based on the discussions with our independent registered public accounting firm concerning the audit, the independence discussions, the financial statement quarterly review, and additional matters deemed relevant and appropriate by the Audit Committee, including internal audit activities, the Audit Committee recommended to the Board of Directors that our audited consolidated financial statements be included in our 2016 Annual Report.

PROPOSAL 3 ADVISORY (NON-BINDING) VOTE ON THE COMPENSATION PAID TO THE COMPANY'S NAMED EXECUTIVE OFFICERS (SAY ON PAY VOTE)

General Information

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and Section 14A of the Exchange Act enable our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation paid to our Named Executive Officers as disclosed in this Proxy Statement in accordance with the SEC's rules.

Say on Pay Vote Mechanics

We are asking our stockholders to provide advisory approval of the compensation paid to our Named Executive Officers, as described in the Compensation Discussion and Analysis (CD&A) section of this Proxy Statement (beginning on page 36) and the compensation tables and narrative disclosures following the CD&A.

This advisory vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and our compensation philosophy, policies and practices, as described in this Proxy Statement.

Consideration of the 2016 Advisory Vote on Executive Compensation

As discussed further in the CD&A, at our 2016 Annual Meeting, 91.2% of the shares present in person or by proxy and entitled to vote on the matter voted to approve, in an advisory vote, the compensation paid to our Named Executive Officers, as described in our 2016 Proxy Statement.

The Compensation Committee values the feedback of our stockholders and takes into account the outcome of Say on Pay votes when considering future executive compensation arrangements and potential changes to our executive compensation program. The Board of Directors has recommended that the Company hold an advisory (non-binding) vote on executive compensation on an annual basis. See Proposal 4 Advisory (non-binding) Vote on the Frequency of Future Stockholder Say on Pay Votes below. We expect that the next say on pay vote will occur at the 2018 annual meeting, and the next required advisory (non-binding) vote on the frequency of say on pay votes occurs at the 2023 Annual Meeting.

Highlights of our Executive Compensation Program

We believe that our executive compensation program:

Aligns executive compensation to business objectives and overall Company performance;

Attracts, retains, and motivates highly-qualified executives by offering market-competitive total compensation packages;

Table of Contents

Balances the focus on short- vs. longer-term performance objectives through an appropriate mix of short-term cash incentive awards and equity incentive awards that vest over a number of years;

Has features designed to further align executive compensation with stockholder interests and mitigate risks, including: (i) cash bonus and equity award forfeiture provisions for violating certain employment agreement covenants, (ii) a prohibition on short sales of and hedging Company securities (applicable to all employees), (iii) no minimum guaranteed cash bonus payments, equity grants (with the exception of equity grants upon hire) or base salary increases and (iv) limited perquisites; and

Has certain features that are widely considered best practices, including change-in-control provisions that only provide cash severance upon a change-in-control termination (i.e., a double-trigger), other than with respect to Mr. Kusserow (see Employment Agreement with Mr. Kusserow in CD&A below), and do not provide for the payment of any excise tax gross-up amounts (other than for moving expenses).

Consistent with these goals, and as further discussed in the CD&A, we believe the Compensation Committee of our Board of Directors has designed an executive compensation program that: (i) rewards pay for performance, (ii) is competitive and reasonable as compared to compensation programs adopted by similarly-sized public companies in the industry and based on a review of broader public company and industry survey data and (iii) is cost-effective with limited perquisites and other personal benefits.

Board of Directors Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE **FOR** THE SAY ON PAY PROPOSAL, AS STATED BY THE FOLLOWING RESOLUTION:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2017 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2016 Summary Compensation Table, and the other related tables and disclosures.

The say on pay vote is advisory, and therefore not binding on the Company, our Board of Directors or our Compensation Committee. Our Board of Directors and the Compensation Committee value the opinions of our stockholders and will take into account the outcome of this vote in considering future compensation arrangements.

Vote Required

Approval of this proposal requires the affirmative vote of a majority of the shares represented at the Meeting and entitled to vote.

Table of Contents

**PROPOSAL 4 ADVISORY (NON-BINDING) VOTE ON THE FREQUENCY OF FUTURE
STOCKHOLDER SAY ON PAY VOTES**

General Information

The Dodd-Frank Act also enables our stockholders to indicate how frequently they believe we should seek an advisory vote on the compensation of our Named Executive Officers. We are seeking an advisory, non-binding determination from our stockholders as to the frequency with which stockholders would have an opportunity to provide an advisory approval of the executive compensation of our Named Executive Officers. We are providing stockholders the option of selecting a frequency of every one year, every two years, every three years or abstain.

Summary

We have historically solicited an advisory vote on executive compensation every year, and our Board of Directors believes that continuing to hold such a vote every year is advisable for a number of reasons, including the following:

we believe that this frequency is appropriate because it will enable our stockholders to vote, on an advisory basis, on the most recent executive compensation information as presented in our proxy statement each year, leading to a more meaningful communication between the Company and our stockholders regarding the compensation of our Named Executive Officers; and

an annual advisory vote on compensation of our named executive officers is consistent with our policy of seeking input from our stockholders on corporate governance matters and our compensation philosophy, policies, and practices for our Named Executive Officers. Our Board of Director's determination was further based on the premise that this recommendation could be modified in future years if it becomes apparent that an annual frequency vote is not meaningful, is burdensome or is more frequent than recommended by best corporate governance practices.

Board of Directors Recommendation

Based on the factors discussed above, our Board of Directors has decided to recommend that future say on pay votes occur every one year until the next advisory vote on the frequency of future stockholder say on pay votes. Stockholders are not being asked to approve or disapprove our Board of Director's recommendation, but rather to indicate their choice among the following frequency options: every one year, every two years or every three years, or to abstain from voting. This vote is advisory, and therefore not binding on us, our Board of Directors or the Compensation Committee of our Board of Directors.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS SELECT **1 YEAR** IN CONNECTION WITH THE PROPOSAL REGARDING AN ADVISORY VOTE ON THE FREQUENCY OF FUTURE STOCKHOLDER SAY ON PAY VOTES.

Vote Required

Approval of this proposal requires the affirmative vote of a majority of the shares represented at the Meeting and entitled to vote.

In 2016, our Named Executive Officers were as follows:

Executive Summary

Business Overview

2016 was a year of meaningful progress and transformation for Amedisys. On March 1, 2016, we acquired our first personal care company an important step in executing our strategy of improving the continuity of care our patients receive as their clinical needs change. Our new segment was further expanded when we purchased the assets of Professional Profiles, Inc. on September 1, 2016. We now operate 16 personal-care care centers in Massachusetts and recently announced that we have signed a definitive agreement to acquire East Tennessee Personal Care Service, a personal care provider headquartered in Knoxville, Tennessee.

In addition, we made headway on several important initiatives:

We completed our rollout of Homecare Homebase (HCHB), a leading home health and hospice platform, during 2016 with all our care centers fully transitioned to our new platform as of November 1, 2016; and

Full-time employee voluntary turnover was 18.0% in 2016, down from 18.7% in 2015, and total voluntary turnover was 22.0% in 2016, down from 24.5% in 2015.

2016 Compensation Strategy Incentivize Retention and Pay for Performance

The Company's compensation philosophy is unique from our competitors. We have strongly aligned our senior executives with our stockholders. While we generally set total compensation levels as the market median, our strategy is to provide our executives with superior stock incentive opportunities. We do this by maintaining below market annual incentive opportunities with above market median stock incentives. In order to further align our executives with stockholders, we have provided our new leaders (as of their starting date) with an upfront grant intended to reward them for a number of years. We believe this compensation philosophy supports our identified recruitment and retention goals while continuing to emphasize the objective of linking executive compensation to the Company's financial and operating performance and changes in stockholder value.

The Compensation Committee believes this compensation philosophy works well and is a contributor to the Company's 95.5% increase in stock price from December 16, 2014, when we hired Mr. Kusserow as our Chief Executive Officer, to April 13, 2017, the record date for the Meeting.

Executive Leadership Transition

2016 was another year of significant change for the Company. The following executive leadership changes occurred in 2016:

Effective July 5, 2016, David Pearce was appointed as Chief Compliance Officer of the Company.

The following changes were approved by the Board of Directors in 2016 but not effective until 2017:

On November 1, 2016, the Board appointed Christopher Gerard as the Company's Chief Operating Officer, effective as of January 3, 2017. Daniel P. McCoy served as Chief Operating Officer of the Company until January 3, 2017.

On December 14, 2016, the Board appointed Gary Willis as the Company's Chief Financial Officer, effective as of January 3, 2017. Ronald A. LaBorde, who served as our Vice Chairman and Chief Financial Officer until January 3, 2017 and as our Vice Chairman until April 2, 2017, retired from the Company.

2016 compensation decisions for our Named Executive Officers continued to apply our recently adopted Executive Compensation philosophy, which places emphasis on a market competitive base salary, lower than market bonus and higher than market performance based equity compensation.

Named Executive Officer Pay at a Glance

For 2016, the major Compensation Committee actions regarding our Named Executive Officers' compensation were as follows:

No salary increases for any of our Named Executive Officers;

We exceeded our annual incentive targets. Each Named Executive Officer earned a bonus of 25% of base salary for 2016; and

We exceeded our long-term incentive targets based on 2016 performance. Each Named Executive Officer earned shares of restricted stock and stock options tied to performance requirements for 2016 from prior year grants.

2016 Say on Pay Vote Results

As part of the Compensation Committee's efforts to ensure that the interests of our Named Executive Officers are aligned with those of our stockholders, the Compensation Committee considers the results of the Company's prior stockholder advisory votes on executive compensation. Our most recent Say on Pay vote was held in 2016 and yielded an approval by 91.2% of the votes cast. Based on this high level of support, we did not make substantive changes to the overall structure of our compensation program.

Key 2016 Compensation Developments and Pay-for-Performance Highlights in 2016

None of our Named Executive Officers received a salary adjustment in 2016 (additional information regarding the base salaries of all of our Named Executive Officers appears under the heading "Base Salaries").

Edgar Filing: AMEDISYS INC - Form DEF 14A

Pursuant to our compensation strategy of making multi-year front-loaded equity awards grants to the Named Executive Officers in previous years, the Compensation Committee did not grant any additional equity awards to our Named Executive Officers during 2016 (other than the grant of equity awards to Mr. Seim) (additional information on this topic appears under the heading Pay for Performance Front-Loaded Equity Awards).

- X No hedging of Company stock
- X No pledging of Company stock
- X No multi-year guarantees for salary increases
- X No discretionary bonuses
- X No tax gross-ups (other than for moving expenses) on termination payments following a change in control

Overview of our Executive Compensation Program

Our executive compensation program consists of:

Base salary near the market median;

Annual performance-based incentives (cash bonuses) materially below the market median;

Long-term incentives that is materially performance based;

Severance, as applicable; and

Retirement, health and welfare benefits consistent with those provided to all employees.

During the first fiscal quarter of each year, the Compensation Committee (i) establishes the performance measures under our current year cash bonus and long-term (equity-based) incentive compensation plans, as applicable, and (ii) determines whether the performance conditions for recently-completed performance periods have been satisfied. The Compensation Committee reviews executive officer compensation throughout the year to determine whether there are going to be any base salary adjustments for or grants of long-term incentive equity awards to our executive officers.

As mentioned above, 2016 was another year of significant change for our Company, including the addition of several key members of senior leadership. The compensation awarded to the Company's executive officers who joined the Company in 2016 was structured such that base salaries were competitive to market and annual bonus opportunities slightly below market levels, with one-time front-loaded equity grants featuring a mix of time-based and performance-based vesting conditions over six years. The Compensation Committee believed this structure would align the interests of the executive officers with the interests of the Company's stockholders such that if the Company met or exceeded the annual performance goals, the total annual compensation for each executive officer would exceed median market levels at similarly-sized public companies in the Company's industry. Because of the unique nature of the equity awards granted to the new executive officers in 2016 and the purpose of such awards, the Compensation Committee does not intend for such executive officers to receive any additional equity grants in the foreseeable future.

Compensation Philosophy and Objectives

Our compensation philosophy, which extends to all employees including our Named Executive Officers, is designed to align employee and stockholder interests. Our objective is to pay fairly based upon the employee's position, experience and performance. Employees may be rewarded through additional compensation, for example, in the form of a cash bonus or equity, when we meet or exceed targeted business objectives. Certain employees are also eligible to receive incentive compensation based on both individual and/or Company performance.

The objectives of our compensation philosophy are described below:

Stockholder-aligned. Our Named Executive Officers have most of their incentive compensation aligned with our Company's overall financial performance through cash bonus programs and equity grants, the value of which is directly tied to change in share value.

Performance-based. Our Named Executive Officers' annual incentive compensation is linked to the Company's overall performance.

Market-driven. We structure our compensation programs to be competitive in the total compensation that they offer.

Focused on the individual. We design our incentive compensation programs to attract, motivate and retain our Named Executive Officers.

Role of the Compensation Committee. The Compensation Committee is responsible for the review and approval of all aspects of our executive compensation program and makes all decisions regarding the compensation of our executive officers. These responsibilities include:

Review and approval of corporate long-term and short-term incentive goals and objectives relevant to executive compensation;

Evaluation of the performance of our Chief Executive Officer and review of our Chief Executive Officer's evaluation of the performance of our other executive officers;

Evaluation of the competitiveness of the total compensation package for our executive officers;

Evaluation and approval of executive officer employment, severance and change-in-control agreements, including any amendments thereto, and any title change for any executive officer; and

Approval of any changes to the total compensation package for our executive officers, including but not limited to changes to benefits, base salary, annual cash incentive and long-term equity incentive award opportunities and retention programs.

Additional information regarding the Compensation Committee's responsibilities is set forth in its charter, a copy of which appears on the Investors' subpage of our website (www.amedisys.com) under the link Corporate Governance. Information from this website is not incorporated by reference into this proxy statement.

Role of the Independent Compensation Consultant. The Compensation Committee has the authority to retain experts to assist the Compensation Committee in fulfilling its duties. In 2016, the Compensation Committee engaged Pearl Meyer (the Consultant) as its compensation consultant. In 2016, the Consultant provided the following consulting services to the Compensation Committee:

Edgar Filing: AMEDISYS INC - Form DEF 14A

The Consultant assisted the Compensation Committee in determining the performance metrics under our 2016 annual (cash bonus) incentive compensation plans and our 2016 long-term incentive grant.

Based on the review of published industry survey data, the Consultant provided information regarding the competitiveness and reasonableness of the 2016 Named Executive Officer short-term (cash bonus) and long-term (equity-based) incentive opportunities at target. See Review of Peer Group, Industry and Survey Data below.

As part of its engagement, the Consultant participated in meetings with both the Compensation Committee and senior management to learn more about our business strategy and executive compensation objectives. The Compensation Committee retains the Consultant directly, although in carrying out assignments, the Consultant also interacts in certain capacities with our management-level employees. All such assignments are approved by the Chairman of the Compensation Committee, Nathaniel M. Zilkha.

Role of the President and Chief Executive Officer. In the course of deliberating certain 2016 compensation decisions for our Named Executive Officers, the Compensation Committee took into account the recommendations of Mr. Kusserow regarding the compensation of our other executive officers, including the compensation packages of the executive officers who joined the Company in 2016. Mr. Kusserow's recommendations were based upon his assessment of each executive officer's individual role, retention considerations and market factors. The Compensation Committee reviewed these recommendations before making its decision. While the Compensation Committee requested Mr. Kusserow to be present at certain Committee meetings when executive compensation was discussed, Mr. Kusserow did not play any role in the Compensation Committee's deliberation of matters impacting his own compensation, and only Compensation Committee members are permitted to vote on matters related to executive officer compensation.

Review of Peer Group, Industry and Survey Data

For decisions regarding the design of our fiscal year 2016 short-term and long-term incentive compensation plans and for decisions regarding the compensation of Named Executive Officers, the Consultant provided information to the Compensation Committee regarding the executive compensation practices of (a) similarly-sized public companies across multiple industries and (b) companies in the healthcare services and facilities sectors, in order to both provide context for the Compensation Committee's decisions and to help ensure that the various components of their respective compensation packages were within a reasonably competitive range. The information was based on the Consultant's review of nationally recognized published survey data. The peer group used for evaluating our 2016 compensation decisions consisted of the following companies:

AmSurg Corp.

Air Methods Corporation

BioScrip, Inc.

Brookdale Senior Living Inc.

Chemed Corporation

The Ensign Group, Inc.

Five Star Senior Living Inc.

HealthSouth Corporation

MEDNAX, Inc.

National HealthCare Corporation

The Providence Service Corporation

Team Health Holdings, Inc.

Evaluating the Overall Competitiveness and Reasonableness of our 2016 Incentive Compensation Program. Based on its review of the information described above, the Compensation Committee determined that the components of our 2016 Named Executive Officer compensation program were reasonable.

While the Compensation Committee generally considers available peer group, industry and survey data to be helpful in understanding how our compensation levels compare to other companies, peer group, industry and survey data are only one factor that the Compensation Committee may consider in making its decisions regarding executive compensation. Furthermore, the Company does not conduct a full compensation benchmarking analysis and an identification of peer groups each year, so such peer group information may not be available every year. For example, the Compensation Committee also considers the alignment of our then-current compensation practices with our compensation philosophy, program structure, retention goals and other factors (such as the integration of large acquisitions) before making compensation decisions.

Level of Compensation. In determining how each executive officer’s total compensation package is allocated among these components, the Compensation Committee emphasizes the components that reward the accomplishment of business objectives and create stockholder value. Concurrently, the Compensation Committee believes it is appropriate to provide our executive officers with a reasonable level of guaranteed compensation through base salary and benefits, together with significant opportunity for additional compensation through annual and long-term incentives. Generally, if targeted performance levels are not achieved, our executive officers’ total compensation is likely to be at or below the median of comparable positions at similarly-sized public companies in our industry. Alternatively, if the targeted performance levels are exceeded, our executive officers’ total compensation is likely to be above the median of comparable positions at similarly-sized public companies in our industry.

Mix of Pay. Our Named Executive Officers have a higher percentage of their total compensation in the form of long term incentives than our peers. The Compensation Committee believes this is appropriate because of the direct influence that these officers have on our long-term financial performance. Our higher level of long-term incentives is offset with a lower than market annual incentive opportunity. Generally, the majority of the total targeted annual compensation for our Named Executive Officers, is at risk, i.e., variable based on Company performance, to assure alignment with stockholder interests.

Details of our 2016 Executive Compensation Program

Base Salaries

We target our executive officers’ base salaries to be competitive when compared to the salary levels of persons holding similar positions at similarly-sized public companies in the healthcare services and facilities sectors. The Compensation Committee also considers each executive officer’s respective responsibilities, experience, expertise and individual performance when setting base salaries.

Base salaries for 2016 were unadjusted from 2015 and were as follows:

Named Executive Officer	Salary
Paul B. Kusserow	\$ 875,000
Ronald A. LaBorde	\$ 450,000
Daniel P. McCoy	\$ 450,000
Lawrence R. Pernosky	\$ 375,000
Stephen E. Seim	\$ 250,000

2016 Annual Performance-Based Incentive Compensation (Cash Bonuses)

As part of our executive compensation program, the Compensation Committee establishes annual incentive compensation performance measures for our executive officers, which performance measures are premised on

Table of Contents

our Company's achievement of pre-determined financial or operational goals. The Compensation Committee reserves the ability to reduce (but not increase) the amounts earned as a result of a subjective annual review of the individual performance of each executive officer.

The target bonus opportunity for each Named Executive Officer is expressed as a percentage of base salary. For our eligible Named Executive Officers, such bonus opportunity was set at 25% of their respective base salaries. Named Executive Officers may not earn more than target (target is also maximum). These percentages are lower than market for similarly-sized public companies in our industry. As discussed above, this represents the Compensation Committee's compensation philosophy to provide relatively larger front-loaded equity incentive grants to the Named Executive Officers in 2015.

Target incentive opportunities were set based on our Company's historical practices and the Compensation Committee's desire to provide a meaningful award for achieving outstanding performance. The Committee only set targets, not thresholds or maximums. If target is not achieved, the incentive is not earned. The Committee does retain the discretion to reduce (but not increase) any Named Executive Officer's incentive earned based on individual performance. The Committee did not exercise this discretion in 2016 but did exercise discretion to adjust its evaluation of performance as discussed below.

For 2016, the annual incentive compensation targets were as follows:

Performance Measure	Target	Actual Performance	Weighting
Overall Corporate Adjusted EBITDA**	\$122.5 Million	\$ 123.3	60%
Quality of patient care	4.0 or greater	4.25	20%
Retention / Turnover	25% or less	22%	20%

** Adjusted EBITDA is defined as adjusted earnings before interest, taxes, depreciation and amortization. When the Compensation Committee evaluated the Company's performance for 2016 against the established performance goals, the Compensation Committee determined that an adjustment for HCHB disruption was appropriate and permitted under the terms of the 2008 Omnibus Incentive Compensation Plan, as it represented an event of an unusual nature and/or of a type infrequency of occurrence, as defined in Financial Accounting Standards Board Accounting Standards Update 2015 01. Accordingly, the Compensation Committee exercised discretion under the 2008 Omnibus Incentive Compensation Plan to add HCHB disruption to adjusted EBITDA for purposes of determining whether performance was achieved. Adjusted EBITDA, as adjusted for HCHB disruption, for 2016 was \$123.3 million. See Appendix A hereto for the reconciliation of non-GAAP financial measures.

Quality of patient care is defined as the Centers for Medicare & Medicaid Services (CMS) Quality of Patient Care Star Rating. CMS updates Quality of Patient Care Star Ratings quarterly, and each quarterly release relates to performance data for a period ending six months prior to the publication date of such release. The Company determined that the Company's Star Rating for 2016 was 4.25 using (i) the CMS releases relating to performance data for the year ended December 31, 2016, to the extent available at the time the Compensation Committee was required to certify achievement of the quality of patient care performance goal, and (ii) data analytics in order to ensure that the Company captured the full calendar year of performance.

Retention / Turnover is measured by the voluntary turnover rate of all Company employees. Such voluntary turnover rate was 22% for 2016.

In establishing the performance levels, the Compensation Committee considered the target level of performance reasonable and achievable, but not without management's significant effort. The Compensation Committee felt it was appropriate to set adjusted EBITDA as 60% of the performance measure because it believes that adjusted EBITDA growth encourages our executive officers to focus on improving earnings and profitable growth. It also believes that this measure is aligned with our overall objective of creating long-term value for our stockholders. The Compensation Committee also believed it was in the best interest of the Company's stockholders to balance the financial performance measure with reward for the quality of patient care and retention measures.

Table of Contents

Taking the achievement of each of the performance measures into account, the Compensation Committee certified the Company's achievement of the performance targets on February 22, 2017, and the Compensation Committee approved paying out cash bonuses at the target bonus opportunity to the Named Executive Officers as follows:

Named Executive Officer	Bonus (\$)
Paul B. Kusserow	\$ 218,750
Ronald A. LaBorde	\$ 112,500
Daniel P. McCoy	\$ 112,500
Lawrence R. Pernosky	\$ 93,750
Stephen E. Seim	\$ 62,500

Other than with respect to Mr. McCoy, such bonus payments, less applicable taxes, withholdings and deductions, were payable in connection with the Company's next regularly-scheduled payroll period in accordance with the Company's normal payroll practices. Mr. McCoy's bonus payment is payable over a 52-week period.

2016 Long-Term Incentives (Equity-Based Compensation)

Long-term incentives, in the form of equity-based compensation, are used to balance the short-term focus of our annual cash incentive compensation program with performance incentives over multi-year periods. The Compensation Committee believes that providing long-term incentive opportunities supports our compensation philosophy by aligning the interests of our Named Executive Officers, and other long-term incentive compensation plan participants, with those of our stockholders.

Currently, all equity-based compensation is granted in accordance with the terms of our 2008 Omnibus Incentive Compensation Plan, which is a comprehensive incentive compensation plan that provides for various equity-based awards and also provides for limited cash awards.

We believe that grants of equity-based compensation:

Motivate participants to focus on the creation of stockholder value in both the short- and long-term;

Reinforce the link between the creation of stockholder value and compensation;

Enable us to provide competitive levels of total compensation; and

Aid in the retention of Named Executive Officers and other long-term incentive plan participants.

It has been our Company's historical practice to tie a portion of the vesting requirements associated with the equity grants under our annual long-term incentive plans to identified multi-year performance targets set during the first quarter of the subject fiscal year. Other than a grant to Mr. Seim, the Committee did not make grants to any other of our Named Executive Officers.

Pay for Performance Front-Loaded Equity Awards. The Compensation Committee's compensation strategy resulted in large up-front grants of performance-based full value shares and options. The performance measure for a portion of the performance-based restricted stock, restricted stock units and options are established by the Compensation Committee over the four years following grant. Each tranche vests subject to achievement of performance goals for the annual performance period and, other than Mr. Kusserow's awards, satisfaction of additional time-based vesting conditions. The Compensation Committee believes this strategy will incentivize the Named Executive Officers to increase stockholder value over the performance period of the restricted stock and restricted stock units and life of the performance options by:

Edgar Filing: AMEDISYS INC - Form DEF 14A

Increasing Stockholder Return the Named Executive Officers options were granted with fair market value exercise prices. Therefore, they will not realize any value from their stock options unless the market value of our common stock appreciates.

Achieving specified financial and operational goals 50% of the 2015 equity awards to the Named Executive Officers and the 2016 equity awards to Mr. Seim (based on the number of shares underlying such awards) relate to performance-based compensation in the form of stock options and performance-based restricted stock and restricted stock units.

On July 20, 2016, in order to align his equity compensation with that of other key members of leadership, Mr. Seim was granted (i) 2,854 time-based stock options, (ii) 1,482 time-based restricted stock units and (iii) 4,447 performance-based restricted stock units. The exercise price of the stock options was set based on the closing price of the Company's common stock on the date of grant (\$52.61), and the options have a ten-year term. The stock options will vest in equal, 25% installments on each of July 20, 2017, July 20, 2018, July 20, 2019 and July 20, 2020, assuming Mr. Seim remains employed by the Company on each such date. The performance-based restricted stock units were subject to certification by the Compensation Committee of the achievement of identified performance goals for fiscal year 2016 and are subject to additional time-based vesting conditions and will vest in equal, 25% installments on each of July 20, 2017, July 20, 2018, July 20, 2019 and July 20, 2020, assuming Mr. Seim remains continuously employed by the Company on each such date. The time-based restricted stock units will vest in approximately 25% installments on each of July 20, 2017, July 20, 2018, July 20, 2019 and July 20, 2020, assuming Mr. Seim remains employed by the Company on each such date.

Performance Measure Established for Prior Year Grants. For the tranche of performance vesting, equity grants made in previous years will vest based on 2016 performance. For these grants, the Committee set the performance target at adjusted EBITDA of \$122.5 million, and the Company communicated such performance target to the executive officers in March 2016. The Committee did not set a threshold or maximum. If target is not achieved, the grant will not vest. If the target is exceeded, only the target number of shares are earned. Actual performance of \$123.3 (as adjusted for HCHB disruption) exceeded target and grants dependent on 2016 performance were earned as follows:

Named Executive Officer	Shares Earned	Options Earned
Paul B. Kusserow	18,750	62,500
Ronald A. LaBorde	6,875	18,750
Daniel P. McCoy	4,688	18,750
Lawrence R. Pernosky	3,750	11,250
Stephen E. Seim	6,322	5,625

The above grants (other than with respect to Mr. Seim's 2016 equity awards) were made in years prior to 2016. However, because the tables following this CD&A require them to be disclosed in the Summary Compensation Table (SCT) based on their grant date used for accounting purposes (which does not occur until the performance target is set by the Committee and communicated to the award recipient), the above grants are reported in the 2016 SCT.

In setting the performance target for the long-term incentive equity awards to our Named Executive Officers at adjusted EBITDA of \$122.5 million, the Compensation Committee considered that adjusted EBITDA is also one of the performance measures for the annual incentive compensation (cash bonus) opportunity, but the Compensation Committee believed that it was an appropriate measure for both components of compensation because it is one of three separate measures for the annual incentive compensation (cash bonus) opportunity and because the Compensation Committee believes that adjusted EBITDA growth encourages our executive officers to focus on improving earnings and profitable growth and that this measure is aligned with our overall objective of creating long-term value for our stockholders.

Other Practices, Policies and Guidelines*Benefits*

Our executive officers also participate in the retirement, health and welfare benefit programs generally available to our other employees, including paid vacation and paid Company holidays. In a few limited circumstances, the

Company provides other benefits to our executive officers, as detailed in the tables following this CD&A. We do not provide our executive officers any special benefits such as supplemental executive retirement plans or company vehicles.

Certain of our executive officers participate in our Employee Stock Purchase Plan (ESPP). Under the terms of the ESPP, eligible employees may elect to contribute on an after-tax basis between 1% and 15% of their annual pay through regular payroll deductions to purchase our common stock; provided, however, that an employee may not contribute more than \$25,000 to the plan on an annual basis pursuant to Internal Revenue Service restrictions. Shares are purchased at a 15% discount of the market value of our common stock at the close of business on the last day of each fiscal quarter.

Key Executive Severance Plan

The stated purpose of the Key Executive Severance Plan is to provide a fair framework in the event of a termination of employment in certain circumstances of certain Company key executives. As of December 31, 2016, to be eligible for benefits under the Key Executive Severance Plan, an executive (each, a Covered Executive) must (1) be employed by the Company (through the Company s common payroll agent, Amedisys Holding, L.L.C.) with any of the following job titles: Chief Operating Officer, Chief Financial Officer, Vice Chairman, Chief Human Resources Officer, General Counsel, Chief Information Officer, Chief Strategy Officer, Chief Clinical Operations Officer, or the Chief Compliance Officer; (2) have been designated in writing by the Board or the Compensation Committee, as appropriate, as being covered by the Key Executive Severance Plan; and (3) have executed and delivered to the Company (and not have revoked or attempted to revoke) the Company s Executive Protective Covenants Agreement (EPCA or other similarly named agreement).

If any Covered Executive is terminated by the Company without Cause or resigns with Good Reason in each case prior to a Change in Control, each as defined in the Key Executive Severance Plan, such Covered Executive shall be entitled to an amount equal to one (1) times the sum of (A) the Covered Executive s base salary, as in effect on the date of employment termination (or in the event a reduction in base salary is a basis for a termination with Good Reason, then the base salary in effect immediately prior to such reduction) and (B) the greater of (x) an amount equal to the cash bonus earned by the Covered Executive for the previous fiscal year or (y) an amount equal to twenty-five percent of the Covered Executive s base salary, as in effect on the date of employment termination (or, in the event a reduction in base salary is a basis for termination for Good Reason, then the base salary in effect immediately prior to such reduction), which amount shall be payable in substantially equal monthly installments in accordance with the Company s normal payroll practices for a period of 12 months. Further, any unvested equity awards issued in the name of the Covered Executive as of the date of employment termination will vest in accordance with the terms contained in the applicable award agreement for such awards.

If any Covered Executive is terminated by the Company without Cause or resigns with Good Reason in each case following a Change in Control, such Covered Executive shall be entitled to an amount equal to two (2) times the sum of (A) the Covered Executive s base salary, as in effect on the date of employment termination (or in the event a reduction in base salary is a basis for a termination with Good Reason, then the base salary in effect immediately prior to such reduction) and (B) the greater of (x) an amount equal to the cash bonus earned by the Covered Executive for the previous fiscal year or (y) an amount equal to twenty-five (25) percent of the Covered Executive s base salary, as in effect on the date of employment termination (or, in the event a reduction in base salary is a basis for termination for Good Reason, then the base salary in effect immediately prior to such reduction), which amount shall be payable in substantially equal monthly installments in accordance with the Company s normal payroll practices for a period of 12 months. Further, any unvested equity awards issued in the name of the Covered Executive as of the date of employment termination will vest in accordance with the provisions of the Omnibus Plan or any successor thereto.

Stock Ownership

Included in the Corporate Governance Guidelines adopted by our Board of Directors are stock ownership requirements applicable to our Chief Executive Officer. In an effort to more closely align our Chief Executive Officer's interests with those of our stockholders, the Chief Executive Officer shall own Company shares with a fair market value equal to at least three times his base salary.

Mr. Kusserow will have five years from the date of his December 16, 2014 appointment as President and Chief Executive Officer to come into compliance with these ownership requirements.

Once the Chief Executive Officer accumulates shares with a value equal to the required multiple of base salary, he must retain the minimum number of shares originally accumulated to meet the threshold requirement on a going-forward basis. If the Company's stock price subsequently declines after the stock ownership requirements are met, he will not be required to acquire additional shares.

Deductibility of Compensation

Internal Revenue Code Section 162(m) limits the amount of compensation paid to our executive officers that may be deducted by us for federal income tax purposes in any fiscal year to \$1 million. Performance-based compensation that has been approved by our stockholders is not subject to the \$1 million deduction limit. All of our equity-based incentive plans have been approved by our stockholders, and awards under those plans, other than certain time-based vesting shares and nonvested stock, constitute performance-based compensation that is not subject to the Code Section 162(m) deduction limit. While the Compensation Committee intends that all compensation be deductible, there may be instances where potentially non-deductible compensation is provided to reward our executive officers consistent with our compensation philosophy for each compensation element.

Recent Developments

Effective January 3, 2017, the Company appointed Gary Willis as the Chief Financial Officer of the Company. The Compensation Committee set Mr. Willis's base salary at \$475,000 based on negotiations with Mr. Willis during the hiring process, and the Consultant provided compensation benchmarking information to the Compensation Committee to review in approving Mr. Willis's compensation package. In addition, on January 20, 2017, the Company granted Mr. Willis (i) 36,828 time-based stock options, (ii) 18,878 time-based restricted stock units and (iii) 37,756 performance-based restricted stock units. The exercise price of the stock options was set based on the closing price of the Company's common stock on the date of grant (\$46.35), and the options have a ten-year term. The stock options will vest in equal, 25% installments on each of January 20, 2018, January 20, 2019, January 20, 2020 and January 20, 2021 (subject to certain pro-rated vesting provisions as provided in the award agreement), assuming Mr. Willis remains employed by the Company on each such date. The time-based restricted stock units will vest in equal, 25% installments on each of January 20, 2018, January 20, 2019, January 20, 2020 and January 20, 2021 (subject to certain pro-rated vesting provisions as provided in the award agreement), assuming Mr. Willis remains employed by the Company on each such date. The performance-based restricted stock units will vest, if at all, based on the certification by the Compensation Committee of the achievement of performance targets for each of fiscal years 2017 through 2020 and satisfaction of additional time-based vesting conditions (subject to certain pro-rated vesting provisions as provided in the award agreement), assuming Mr. Willis is still employed by the Company on the vesting dates.

Effective January 3, 2017, the Company appointed Christopher Gerard as the Chief Operating Officer of the Company. The Compensation Committee set Mr. Gerard's base salary at \$450,000 based on negotiations with Mr. Gerard during the hiring process, and the Consultant provided compensation benchmarking information to the Compensation Committee to review in approving Mr. Gerard's compensation package. In addition, on January 20, 2017, the Company granted Mr. Gerard (i) 31,567 time-based stock options, (ii) 16,181 time-based restricted stock units and (iii) 32,362 performance-based restricted stock units. The exercise price of the stock options was set based on the closing price of the Company's common stock on the date of grant (\$46.35), and the

options have a ten-year term. The stock options will vest in equal, 25% installments on each of January 20, 2018, January 20, 2019, January 20, 2020 and January 20, 2021 (subject to certain pro-rated vesting provisions as provided in the award agreement), assuming Mr. Gerard remains employed by the Company on each such date. The time-based restricted stock units will vest in equal, 25% installments on each of January 20, 2018, January 20, 2019, January 20, 2020 and January 20, 2021 (subject to certain pro-rated vesting provisions as provided in the award agreement), assuming Mr. Gerard remains employed by the Company on each such date. The performance-based restricted stock units will vest, if at all, based on the certification by the Compensation Committee of the achievement of performance targets for each of fiscal years 2017 through 2020 and satisfaction of additional time-based vesting conditions (subject to certain pro-rated vesting provisions as provided in the award agreement), assuming Mr. Gerard is still employed by the Company on the vesting dates.

On April 19, 2017, the Compensation Committee approved a salary increase for Stephen E. Seim, our Chief Strategy Officer, to be effective as of April 15, 2017. With the increase, Mr. Seim's annual base salary is \$310,000.

On April 19, 2017, in connection with Mr. LaBorde's retirement, the Compensation Committee approved the pro rata vesting of certain awards granted to Mr. LaBorde pursuant to our 2008 Omnibus Incentive Compensation Plan as follows:

1,563 Performance-Based Options (2015 Tranche) that were granted to Mr. LaBorde on December 17, 2015, which amount represents a proportion (based on days of service in 2017 prior to Mr. LaBorde's retirement) of the total of Performance-Based Options (2015 Tranche) that would have otherwise vested in 2017 had Mr. LaBorde not retired, will vest on December 17, 2017.

2,083 Performance-Based Options (2016 Tranche) that were granted to Mr. LaBorde on December 17, 2015, which amount represents a proportion (based on days of service in 2017 prior to Mr. LaBorde's retirement) of the total of Performance-Based Options (2016 Tranche) that would have otherwise vested in 2017 had Mr. LaBorde not retired, will vest on December 17, 2017.

6,250 Time-Based Options (2016 Tranche) that were granted to Mr. LaBorde on December 17, 2015, which amount represents a proportion (based on days of service in 2017 prior to Mr. LaBorde's retirement) of the total of Time-Based Options (2016 Tranche) that would have otherwise vested in 2017 had Mr. LaBorde not retired, will vest on December 17, 2017.

574 Performance-Based RSUs (2015 Tranche) granted to Mr. LaBorde on December 17, 2015, which amount represents a proportion (based on days of service in 2017 prior to Mr. LaBorde's retirement) of the total of Performance-Based RSUs (2015 Tranche) that would have otherwise vested in 2017 had Mr. LaBorde not retired, will vest on December 17, 2017.

764 Performance-Based RSUs (2016 Tranche) granted to Mr. LaBorde on December 17, 2015, which amount represents a proportion (based on days of service in 2017 prior to Mr. LaBorde's retirement) of the total of Performance-Based RSUs (2016 Tranche) that would have otherwise vested in 2017 had Mr. LaBorde not retired, will vest on December 17, 2017.

Employment Agreement with Mr. Kusserow

Pursuant to his Employment Agreement dated December 11, 2014 (as referred to below, the Agreement), Mr. Kusserow has agreed to serve as our President and Chief Executive Officer effective December 16, 2014 (the Effective Date). The term of the Agreement runs until March 1, 2019, unless earlier terminated, and is not automatically renewable. Unless mutually extended by the parties in writing, the Agreement shall terminate upon the expiration of the term, at which point Mr. Kusserow's employment shall continue on an at will basis unless such at will employment is terminated by us or Mr. Kusserow by notice in writing.

Under the terms of the Agreement, Mr. Kusserow, among other things, is entitled to:

- (1) An annual base salary of not less than \$875,000, subject to annual review for increase (but not decrease) by the Compensation Committee;
- (2) Participate in our annual (cash bonus) incentive plan, with target and maximum award opportunities approved from year to year by the Compensation Committee (the amount of target annual incentive approved by the Compensation Committee for any given year shall not be less than 25% of Mr. Kusserow's current base salary; however, entitlement to and payment of an annual incentive bonus is subject to the approval of the Compensation Committee);
- (3) Equity awards, as follows:
 - a. On the Effective Date, the Compensation Committee approved the grant to Mr. Kusserow of (i) 75,000 time-based restricted shares of the Company's common stock and (ii) time-based non-qualified stock options to purchase 250,000 shares of the Company's common stock (collectively, the 2014 Equity Awards). Both the time-based restricted shares and the time-based non-qualified stock options will vest in one-fourth increments on the first through fourth anniversaries of the grant date, provided that Mr. Kusserow remains employed by the Company on each such vesting date (subject to certain accelerated and pro-rated vesting provisions as provided in the Agreement). The exercise price of the stock options is \$26.65, which was the closing price of the Company's common stock on the date of grant, and the options have a ten-year term.
 - b. On March 31, 2015, Mr. Kusserow was granted (i) 75,000 performance-based restricted shares of the Company's common stock and (ii) performance-based non-qualified stock options to purchase 250,000 shares of the Company's common stock (collectively, the 2015 Equity Awards). Both the performance-based restricted shares and the performance-based stock options shall vest, if at all, based on the certification by the Compensation Committee of the achievement of identified performance goals for fiscal years 2015 through 2018, respectively (subject to certain accelerated and pro-rated vesting provisions as provided in the Agreement). The exercise price of the stock options is \$26.78, which was the closing price of the Company's common stock on the date of grant, and the options have a ten-year term.
 - c. Unless Mr. Kusserow's employment is terminated for Cause, he shall have until the earlier of (A) the expiration date of any option granted pursuant to the Agreement or (B) 90 days following termination of his employment in which to exercise any of such options that were vested as of the termination date. If his employment is terminated for Cause, there shall be no post-termination exercise period, and all vested and unvested options shall terminate immediately upon termination of employment.

Table of Contents

d. Upon a Change in Control, the 2014 Equity Awards and the 2015 Equity Awards shall vest immediately in full. It is the intention of the parties that the 2014 Equity Awards and the 2015 Equity Awards shall be the sole equity awards granted to Mr. Kusserow during the term of the Agreement. In other words, there is no expectation that Mr. Kusserow will receive or be entitled to additional equity awards during the term of the Agreement.

(4) Participate, consistent with his rank and position, in the Company's other compensation (other than equity), pension, welfare and benefit plans and programs as are made available to the Company's senior level executives or to its employees in general, including deferral, health, medical, dental, long-term disability, travel, accident and life insurance plans, subject to eligibility (provided, that there is no entitlement to any equity awards outside of the 2014 Equity Awards and the 2015 Equity Awards without the prior approval of the Compensation Committee); and

(5) Reimbursement for relocation and travel expenses, as follows: (i) reasonable relocation expenses in an amount not to exceed \$20,000, (ii) \$10,000 per month for housing and travel expenses for the first eighteen months of the employment term and (iii) reimbursement of reasonable legal fees incurred by Mr. Kusserow in connection with negotiating the Agreement up to a maximum of \$15,000.

In the event Mr. Kusserow's employment is terminated due to his death or disability, Mr. Kusserow or his surviving spouse or estate (as the case may be) will be entitled to any benefits due or earned in accordance with the applicable plans of the Company and the following amounts (paid in accordance with federal tax rules and regulations and within the deadlines described in the Agreement): (a) unpaid base salary through the date of termination; and (b) incentive awards earned in the prior year, but not yet paid. Additionally, all unvested equity awards held by Mr. Kusserow as of the date of death or disability shall vest immediately in full.

If Mr. Kusserow is terminated for Cause or if Mr. Kusserow voluntarily resigns without Good Reason, he will be entitled to any benefits earned in accordance with the applicable plans of the Company and the following amounts (paid in accordance with federal tax rules and regulations and within the deadlines described in the Agreement): (a) unpaid base salary through the date of termination, and (b) incentive awards earned in the prior year, but not yet paid.

If Mr. Kusserow is terminated without Cause or resigns with Good Reason, in both cases prior to a Change in Control, Mr. Kusserow will be entitled to any benefits earned in accordance with the applicable plans of the Company and the following:

- (1) unpaid base salary through the date of termination, paid in accordance with federal tax rules and regulations and within the deadlines described in the Agreement;
- (2) an amount equal to two (2) times the sum of (A) his base salary, at the annualized rate in effect on the date of termination (or in the event a reduction in base salary is a basis for termination with Good Reason, then the base salary in effect immediately prior to such reduction), and (B) the greater of (x) an amount equal to his prior year cash bonus or (y) \$218,750, which amount will be paid in substantially equal monthly installments in accordance with the Company's payroll practices for a period of 24 months beginning with the calendar month that immediately follows the earliest payment date (as described in the Agreement);
- (3) unpaid incentive awards earned in the prior year, paid in accordance with federal tax rules and regulations and within the deadlines described in the Agreement;
- (4) should he elect continuance of group health insurance coverage under COBRA and/or similar state or federal law or regulation, the Company will pay the full cost of such continued health insurance coverage for Mr. Kusserow and his eligible dependents until the first to occur of (x) his attainment of alternative employment if such employment includes health insurance benefits or (y) the expiration of a 24-month period beginning with the calendar month that immediately follows the earliest payment date (as described in the Agreement) (such period, the Coverage Period). Should Mr. Kusserow's entitlement to health

insurance continuation coverage under COBRA expire prior to the end of the Coverage Period, the Company will arrange to provide, at the Company's expense, Mr. Kusserow and his eligible dependents with continued health insurance benefits substantially similar to those which he and his eligible dependents received under COBRA until the end of the Coverage Period; and

- (5) pro-rated vesting of a number of the non-qualified stock options and restricted shares that comprise the 2014 Equity Awards and the 2015 Equity Awards according to a formula as stated in the Agreement, provided that with respect to any shares of performance-based restricted stock for which there are performance periods that have not been completed, such pro-rated vesting shall occur only to the extent the Company achieves the performance measures for the not-yet completed performance periods.

In the event that Mr. Kusserow's employment is terminated without Cause or he resigns with Good Reason within one year following a Change in Control (or he is terminated without Cause within 90 days prior to a Change in Control), Mr. Kusserow shall be entitled to any benefits earned in accordance with the applicable plans of the Company and the following:

- (1) unpaid base salary through the date of termination paid in accordance with Federal tax rules and regulations and within the deadlines described in the Agreement;
- (2) an amount equal to three times the sum of (A) his base salary, at the annualized rate in effect on the date of termination (or in the event a reduction in base salary is a basis for termination with Good Reason, then the base salary in effect immediately prior to such reduction), and (B) the greater of (x) an amount equal to his prior year cash bonus or (y) \$218,750, which amount will be paid in a lump sum on the earliest payment date (as described in the Agreement);
- (3) unpaid incentive awards earned in the prior year, paid in accordance with federal tax rules and regulations and within the deadlines described in the Agreement; and
- (4) should he elect continuance of group health insurance coverage under COBRA and/or similar state or federal law or regulation, the Company will pay the full cost of such continued health insurance coverage for Mr. Kusserow and his eligible dependents until the end of the Coverage Period. Should Mr. Kusserow's entitlement to health insurance continuation coverage under COBRA expire prior to the end of the Coverage Period, the Company will arrange to provide, at the Company's expense, Mr. Kusserow and his eligible dependents with continued health insurance benefits substantially similar to those which he and his eligible dependents received under COBRA until the end of the Coverage Period.

Mr. Kusserow's employment agreement provides that his 2014 Equity Awards and 2015 Equity Awards shall vest immediately in full upon a change in control (single trigger). It should be noted that in the course of our arms-length negotiations with Mr. Kusserow with respect to his employment agreement, there were reported rumors and public speculation related to a possible strategic transaction involving our company. The Compensation Committee, therefore, was tasked with designing a compensation package for Mr. Kusserow that would not only ensure his recruitment, but also would align his interests with those of our stockholders by enabling him to consider strategic transactions that may be in the best interests of our stockholders without undue concern over whether the transaction would jeopardize his own employment or significantly disrupt the environment of his employment.

The Compensation Committee carefully weighed the cost of the single-trigger vesting acceleration provision and believes that the significant stock option component (approximately 77%) of Mr. Kusserow's 2014 Equity Awards and 2015 Equity Awards strikes an appropriate balance between providing meaningful severance protection and avoiding a significant windfall upon an employment termination.

Our company does not intend to issue equity awards with a single-trigger vesting features in the future. We adopted an amendment to our 2008 Omnibus Incentive Compensation Plan eliminating single-trigger vesting provisions for equity awards granted after April 23, 2015.

Mr. Kusserow is subject to certain restrictive covenants, including (i) prohibitions against competition for 24 months following his termination prior to the expiration of the employment term and (ii) prohibitions against soliciting company employees and customers for 24 months following his termination. He is also subject to a standstill provision, which prevents him from acquiring any Company securities or seeking to effect a Change in Control the Company (or assisting or working with others to effect a Change in Control of the Company) for a period of 24 months following his termination.

The employment agreement for Mr. Kusserow contains provisions entitling him to receive severance benefits for certain qualifying terminations, as described under Potential Payments upon Termination or Change in Control, below. These triggers for severance payments were selected in order to permit Mr. Kusserow to focus on the interests of our Company and our stockholders without undue concern for his personal job security.

In return for severance benefits, Mr. Kusserow is bound by certain non-compete, non-solicitation, confidentiality and non-disclosure covenants, as discussed above. If there is a breach of these covenants, we have the right to immediately terminate all payments and benefits due to Mr. Kusserow under his agreement, subject to certain exceptions set forth in his agreement.

Both Mr. Kusserow and the Company are subject to arbitration for resolution of disputes arising out of the Agreement, which is governed by Louisiana law.

Table of Contents**DIRECTOR COMPENSATION****Non-Employee Director Compensation Prior to December 2016**

At the Compensation Committee's November 2016 meeting, the Compensation Committee adopted certain changes to non-employee director compensation. See "Changes to Non-Employee Director Compensation" below. Prior to these changes, during 2016, all non-employee directors received a monthly retainer of \$5,500 and per diem attendance fees of \$2,000 per each Board of Directors meeting and each committee meeting attended in person and \$1,000 per diem attendance fees for each Board of Directors meeting and each committee meeting attended via teleconference. In other words, if the full Board of Directors and the Compensation Committee each held an in-person meeting on the same day, an attendee of both meetings would receive one \$2,000 fee covering both meetings. Donald A. Washburn served as our Non-Executive Chairman during 2016 and received a \$50,000 annual retainer payable to our Non-Executive Chairman.

During 2016, in addition to the other fees mentioned, (i) the Chairman of the Audit Committee received an annual retainer of \$20,000, paid monthly, (ii) the Chairman of the Compensation Committee received an annual retainer of \$15,000, paid monthly, (iii) the Chairman of the Nominating and Corporate Governance Committee received an annual retainer of \$10,000, paid monthly, (iv) the Chairman of the Quality of Care Committee received an annual retainer of \$10,000, paid monthly, and (v) the Chair of the Compliance and Ethics Committee received an annual retainer of \$10,000, paid monthly. In addition, on June 30, 2016, each non-employee director received an equity grant of nonvested common stock valued at \$125,000. The number of shares granted (2,477) was determined by dividing the total grant value by the closing price of the Company's common stock on the date of grant (\$50.48) and rounding up to the next whole share. On May 1, 2016, in connection with their appointments to the Board of Directors, each of Mr. Lechleiter, Ms. Klapstein and Dr. Rideout received an equity grant of 462 shares of nonvested common stock, which vested 100% on June 2, 2016. All directors are entitled to reimbursement for reasonable travel and lodging expenses incurred in attending meetings. Director compensation is approved on an annual basis by independent (non-employee) members of our Board of Directors.

Changes to Non-Employee Director Compensation

In 2016, the Compensation Committee engaged the Consultant to review and analyze non-employee director compensation. The Consultant presented its report and analysis to the Compensation Committee and compared the Company's non-employee director compensation program with the Company's peer group used for executive officer compensation decisions (see "Overview of our Executive Compensation Program - Review of Peer Group, Industry and Survey Data" above) and survey data from the 2015-2016 National Association of Corporate Directors Director Compensation Study (the "NACD Director Compensation Study"). When determining director compensation changes in 2016, the Compensation Committee considered the recommendations of the Consultant and a number of other factors, including peer group and survey data. The Compensation Committee noted that total compensation for Board of Directors and committee service at the Company was below the 50th percentile of a comparator group consisting of healthcare companies from the NACD Director Compensation Study. Consequently, the Compensation Committee adopted the following policies and practices regarding non-employee director compensation:

Effective December 2016, the monthly retainer of \$5,500 for each non-employee director was increased to \$6,250 per month;

Effective December 2016, the annual retainer payable to our Non-Executive Chairman was increased from \$50,000 to \$100,000; and

The value of the annual equity grant of nonvested common stock was increased from \$125,000 to \$150,000, effective with the equity grants to be awarded in 2017.
