The Board of the Company considers the fact that the Company provides guarantees to not more than 67 SPVs and obtains tax incentives treatment can lower the cost of aircraft leases and thus, is in line with the overall interests of the Company and all its shareholders. As the important decisions and daily operation of the wholly-owned subsidiaries of the Company are fully controlled by the Company, significant risk can be identified in advance and prevented effectively. The independent opinion of the independent directors in respect of the aforesaid matter is as follows: The Company is able to strictly comply with the relevant laws and regulations as well as rules such as the Company's articles of association, prudently control the risks of external guarantees and safeguard the assets of the Company.
