Hypothetical Examples

The examples in the first section below illustrate how to determine whether a contingent coupon will be paid following a valuation date. The examples in the second section below illustrate how to determine the payment at maturity on the securities, assuming the securities are not redeemed prior to maturity. The examples are solely for illustrative purposes, do not show all possible outcomes and are not a prediction of any payment that may be made on the securities.

The examples below are based on the following hypothetical values and do not reflect the actual initial underlying values, coupon barrier values or final barrier values of the underlyings. For the actual initial underlying value, coupon barrier value and final barrier value of each underlying, see the cover page of this pricing supplement. We have used these hypothetical values, rather than the actual values, to simplify the calculations and aid understanding of how the securities work. However, you should understand that the actual payments on the securities will be calculated based on the actual initial underlying value, coupon barrier value and final barrier value of each underlying, and not the hypothetical values indicated below.

NOTES TO UNAUDITED CONDENSED COMBINED FINANCIAL STATEMENTS

THREE AND SIX MONTHS ENDED JUNE 30, 2005 & 2006

(dollars in thousands unless otherwise noted)

Note 1 Organization

Evercore Holdings (the Company) is an investment banking firm, headquartered in New York, New York, which, prior to the reorganization referred to below, was comprised of certain condensed combined entities under the common ownership of the Evercore Senior Managing Directors (the Members) and common control of two of the founding Members (the Founding Members). On August 10, 2006, pursuant to a contribution and sale agreement dated May 12, 2006, the Members contributed to Evercore LP each of the various entities included in the Company s historical combined financial statements, with the exception of the general partners of ECP I, ECP II and EVM and of the Founders (as such terms are defined below), and Evercore LP acquired Protego Asesores and its subsidiaries and Protego SI from its directors and other stockholders. On August 16, 2006, Evercore Partners Inc., the sole general partner of Evercore LP, completed the initial public offering of its Class A common stock. This reorganization is described in greater detail in the Registration Statement on Form S-1 (File No. 333-134087) (the Registration Statement) filed with the Securities and Exchange Commission in connection with the initial public offering. The financial statements of the Company presented in this report represent the results of operations and financial condition of the Company prior to the reorganization.

The entities comprising the Company are as follows:

Evercore Group Holdings L.P. (EGH) which indirectly owns all interests in each of the following entities:

Evercore Financial Advisors L.L.C. and Evercore Restructuring L.L.C. provide financial advisory services to public and private companies and restructuring advisory services to companies in financial transition as well as to their creditors.

Evercore Advisors L.L.C. provides investment advisory services to Evercore Capital Partners II L.P. and its affiliated entities (collectively, ECP II), a Company sponsored private equity fund.

Evercore Venture Advisors L.L.C. provides investment advisory services to Evercore Venture Partners L.P. and its affiliated entities (collectively, EVP), a Company sponsored private equity fund.

Evercore Group Holdings L.L.C. is the general partner of EGH.
In December 2003, the above entities were reorganized. Prior to the reorganization, these entities were operated as a series of limited partnerships with their own general partner entities. Under the terms of the reorganization, these limited partnerships were converted to limited liability companies. Pursuant to such conversions, the limited partnership interests were cancelled and, in consideration therefore, the holders of such limited partnership interests received limited partnership interest of EGH that corresponded to the respective limited liability companies into which such limited partnership were converted and were equivalent to the respective limited partnership interests held immediately prior to such conversions. The resulting limited liability companies are held by Evercore Partners Services East L.L.C., a wholly owned subsidiary of EGH. Subsequent to the reorganization, the former general partner entities were dissolved. The transaction was accounted for as a reorganization of entities under common control at historical cost.

Note 2 Significant Accounting Policies

Basis of Presentation The accompanying unaudited condensed combined financial statements of the Company have been prepared in accordance with the instructions to Form 10-Q. As permitted by the rules and regulations of the Securities and Exchange Commission (the SEC), the financial statements contain certain condensed financial information and exclude certain footnote disclosures normally included in audited combined financial statements prepared in accordance with United States generally accepted accounting principles (GAAP). In the opinion of management, the accompanying financial statements contain all adjustments, including normal recurring accruals, necessary to fairly present the accompanying financial statements. For further information, refer to the combined financial statements for the year ended December 31, 2005 and footnotes thereto included in the Company s Registration Statement on Form S-1. Operating results for the interim period are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2006.

The Condensed Combined Financial Statements of the Company comprise the consolidation of EGH and its wholly owned subsidiaries with Evercore Group Holdings L.L.C., Evercore Advisors Inc., Evercore Properties Inc. and Evercore Group L.L.C., and the combination of its wholly owned and majority owned general partners of the Private Equity Funds and Founders, entities that are wholly owned or controlled by the Company.

EGH has consolidated all operating companies in which it has a controlling financial interest, in accordance with Statement of Financial Accounting Standards (SFAS) No. 94, *Consolidation of All Majority-Owned Subsidiaries,* (SFAS 94) which requires the consolidation of all majority-owned subsidiaries.

Investments in non-majority-owned companies in which the Company has significant influence are accounted for by the Company using the equity method.

These financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

All material intercompany transactions and balances have been eliminated.

Minority Interest Minority interest recorded on the Condensed Combined Financial Statements relates to the minority interest of an unrelated third-party in EVM, the general partner of EVP. The Company consolidates EVM, which it controls but does not wholly own. As a result, the Company includes in its Condensed Combined Statements of Income all of the net income of EVM with an appropriate minority interest of approximately 53%.

Use of Estimates The preparation of the Condensed Combined Financial Statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the condensed combined financial statements and the reported amounts of revenues and expenses during the reporting period. Such estimates relate to the valuation of portfolio investments in companies owned by the Private Equity Funds (the Portfolio Companies), the allowance for doubtful accounts for accounts receivables, compensation liabilities, tax liabilities and other matters that affect reported amounts of assets and liabilities. Actual amounts could differ from those estimates and such differences could be material to the Condensed Combined Financial Statements.

Cash and Cash Equivalents Cash and cash equivalents consist of short-term highly liquid investments with original maturities of three months or less.

Restricted Cash At December 31, 2005 and June 30, 2006, the Company was required to maintain compensating balances of $1,519, as collateral for letters of credit issued, by a third party, in lieu of a cash security deposit, as required by the Company s lease for New York office

space.

Accounts Receivable Accounts receivable consists primarily of advisory fees and expense reimbursements charged to the Company s clients, and transaction and monitoring fees charged to Portfolio Companies. Accounts receivable as of December 31, 2005 and June 30, 2006 include unbilled client expense receivables in the amount of $1,451 and $968, respectively.

Accounts Receivable are reported net of any allowance for doubtful accounts. Management of the Company derives the estimate for the allowance for doubtful accounts by utilizing past client transaction history and an assessment of the client s creditworthiness, and has determined that an allowance for doubtful accounts was $256 as of December 31, 2005 and June 30, 2006.

Fair Value of Financial Instruments The fair value of financial assets and liabilities, consisting of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities are considered to approximate their recorded value, as they are short-term in nature.

Investments The Company s investments consist primarily of investments in the Private Equity Funds and assets managed by Evercore Asset Management, L.L.C. (EAM) that are carried at fair value on the Condensed Combined Statements of Financial Condition, with realized and unrealized gains and losses included in Investment Management Revenue on the Condensed Combined Statements of Income.

Unrealized gains and losses on Available-For-Sale Securities are included in Accumulated Other Comprehensive Income as a separate component of Member s Equity, but are excluded from net income.

NOTES TO UNAUDITED CONDENSED COMBINED FINANCIAL STATEMENTS (Continued)

THREE AND SIX MONTHS ENDED JUNE 30, 2005 AND 2006

(dollars in thousands unless otherwise noted)

The Private Equity Funds consist primarily of investments in marketable and non-marketable securities of the Portfolio Companies. The underlying investments held by the Private Equity Funds are valued based on quoted market prices or estimated fair value if there is no public market. The fair value of the Private Equity Funds investments in non-marketable securities are ultimately determined by the Company in its capacity as general partner. The Company determines fair value of non-marketable securities by giving consideration to a range of factors, including but not limited to market conditions, operating performance (current and projected) and subsequent financing transactions. Due to the inherent uncertainty in the valuation of these non-marketable securities, estimated values may materially differ from the values that would have been used had a ready market existed for these investments.

Investments in publicly traded securities are valued using quoted market prices.

Available-For-Sale Securities and Trading Securities are valued using quoted market prices for publicly traded securities or estimated fair value if there is no public market.

Furniture, Equipment and Leasehold Improvements Fixed assets, including office equipment, hardware and software and leasehold improvements, are stated at cost, net of accumulated depreciation and amortization. Furniture, equipment and computer hardware and software are depreciated using the straight-line method over the estimated useful lives of the assets, ranging from three to seven years. Leasehold improvements are amortized over the shorter of the term of the lease or the useful life of the asset.

The Company capitalizes certain costs of computer software obtained for internal use and amortizes the amounts over the estimated useful life of the software, generally not exceeding three years. Capitalized internal-use software costs include only external direct costs of materials and services consumed in developing or obtaining the software. Capitalization of these costs ceases no later than the point at which software development projects are substantially complete and ready for their intended purposes.

Upon retirement or disposition of assets, the cost and related accumulated depreciation or amortization is removed from the accounts and the resulting gain or loss, if any, is recognized as a gain or loss on disposition of assets in other operating income or expense. Expenditures for maintenance and repairs are expensed as incurred.

Leases Leases are accounted for in accordance with SFAS No. 13, *Accounting for Leases.* Leases are classified as either capital or operating as appropriate. For capital leases, the present value of the future minimum lease payments is recorded as a liability. Amortization of capitalized leased assets is computed on the straight-line method over the lesser of the lease term or useful life of the asset.

Advisory Revenue The Company earns advisory revenue through a) retainer arrangements, b) success fees based on the occurrence of certain events which may include announcements or completion of various types of financial transactions and c) fairness opinions.

The Company recognizes advisory revenue when the services related to the underlying transactions such as mergers, acquisitions, restructurings and divestitures are completed in accordance with the terms of its engagement agreements.

Funds. Management fees are payable semi-annually in advance on committed capital during the Private Equity Funds investment period, and on invested capital, thereafter. Management fees are initially recorded as deferred revenue and revenue is recognized ratably, thereafter, over the period for which services are provided.

The Private Equity Funds partnership agreements provide for a reduction of management fees for certain portfolio company fees earned by the Company. Portfolio company fees are recorded as revenue when earned and are offset, in whole or in part, against future management fees. Such offsets amounted to $0 and $552 for the six months ended June 30, 2005, and 2006, respectively.

The ECP II partnership agreement also provides that placement fees paid by its limited partners are offset against future management fees. Such offsets amounted to $1,243 and $0 for the six months ended June 30, 2005, and 2006.

Portfolio Company Fees Portfolio company fees include monitoring, director and transaction fees associated with services provided the portfolio companies of the private equity funds the Company manages.

Monitoring fees are earned by the Company for services provided to the Portfolio Companies with respect to the development and implementation of strategies for improving operating, marketing and financial performance. Monitoring fee revenue is recognized ratably over the period for which services are provided.

Director fees are earned by the Company for the services provided by Members who serve on the Board of Directors of Portfolio Companies. Director fees are recorded as revenue when payment is received. This policy does not yield results that are materially different compared to recording revenue when services are provided, as required by U.S GAAP.

Transaction fees are earned by the Company for providing advisory services to Portfolio Companies. These fees are earned and recognized on the same basis as advisory revenue.

Gains (Losses) on Investments in the Private Equity Funds Investments in the Private Equity Funds consist of the Company s general partnership interest and related commitments in investment partnerships that it manages. These investments are accounted for on the fair value method based on the Company s percentage interest in the underlying partnerships. The Company recognizes revenue on investments in the Private Equity Funds based on its allocable share of realized and unrealized gains (or losses). See Note 6, Investments.

Carried Interest The Company records incentive fee revenue from the Private Equity Funds when the returns on the Private Equity Funds investments exceed certain threshold minimums. These incentive fees (or Carried Interest) are computed in accordance with the underlying Private Equity Funds partnership agreements and are based on investment performance over the life of each investment partnership. Future investment underperformance may require amounts previously distributed to the Company to be returned to the respective investment partnerships. As required by the Private Equity Funds partnership agreements, the general partners of each Private Equity Fund maintain a defined amount in escrow in the event that distributions received by such general partner must be returned due to investment underperformance. These escrow funds are not included in the accounts of the Company. The Members, in their capacity as members of the general partners of the Private Equity Funds, have guaranteed the general partners obligation (which may arise due to investment underperformance) to repay or refund to outside investors in the Private Equity Funds interim amounts previously distributed to the Company.

Client Expense Reimbursement In the conduct of its financial advisory service engagements and in the pursuit of successful Portfolio Company investments for the Private Equity Funds, the Company receives reimbursement for certain transaction-related expenses incurred by the Company on behalf of its clients. Such reimbursements are classified as either Advisory or Investment Management Revenues, as applicable.

Transaction-related expenses, which are billable to clients, are recognized as revenue in accordance with EITF 01-14, Income Statement Characterization of Reimbursement Received for Out of Pocket Expenses Incurred , and recorded in accounts receivable on the later of a) the date of an executed engagement letter or b) the date the expense is incurred. The Company reported such expense reimbursement as revenue on the Condensed Combined Statements of Income in the amount of $1,099 and $2,463 for the six months ended June 30, 2005, and 2006, respectively.

Income Taxes The Company accounts for income taxes in accordance with SFAS No. 109, *Accounting for Income Taxes*, which requires the recognition of tax benefits or expenses on the temporary differences between the financial reporting and tax bases of assets and liabilities. The Company s operations are organized as a series of partnerships, limited liability companies and sub-chapter S corporations. Accordingly, the Company s income is not subject to U.S. federal income taxes. Taxes related to income earned by these entities represent obligations of the individual members, partners or shareholders and have not been reflected in the accompanying Condensed Combined Financial Statements. Income taxes shown on the Condensed Company s Combined Statements of Income are attributable to the New York City Unincorporated Business Tax and the New York City general corporate tax.

Other comprehensive income refers to revenue, expenses, gains and losses that are included in Accumulated Other Comprehensive Income as a separate component of Members Equity but are excluded from net income. Net Income As a result of the Company operating as a series of partnerships, limited liability companies and sub-chapter S corporations, payment for services rendered by the Members has historically been accounted for as a distribution from Members capital rather than as compensation and benefits expense. As a result, the Company s operating income historically has not reflected payments for services rendered by its Members.

The Members have historically received periodic distributions of operating proceeds which are reported in the Statements of Changes in Members Equity as distributions. The amount of cash and non-cash distributions received by the Members was $76,427, for the six months ended June 30, 2006.

Note 3 Recently Issued Accounting Pronouncements

SFAS 123(R) On December 16, 2004, the Financial Accounting Standards Board, (FASB), issued SFAS No. 123 (revised 2004), *Share-Based Payment*, or SFAS 123(R), which is a revision of SFAS No. 123 *Accounting for Stock Based Compensation*. SFAS 123(R) supersedes Accounting Principles Board Opinion (APB) No. 25, *Accounting for Stock Issued to Employees*, and amends SFAS No. 95, *Statement of Cash Flows*. Generally, the approach in SFAS 123(R) is similar to the approach described in SFAS 123. However, SFAS 123(R) requires all share-based payments to employees, including grants of employee stock options, to be recognized in the Condensed Combined Statements of Income based on their fair values. Pro forma disclosure is no longer an alternative. The Company has operated as a series of partnerships, limited liability companies and sub-chapter S corporations and has not historically issued stock-based compensation awards. The Company adopted SFAS 123(R) on January 1, 2006 and there was no material impact on the Company s condensed combined financial condition or results of operations.

FIN 47 In March 2005, the FASB issued Financial Interpretation No. 47, *Accounting for Conditional Asset Retirement Obligations* (FIN 47). FIN 47 clarifies guidance provided in SFAS No. 143, *Accounting for Asset Retirement Obligations*. The term, asset retirement obligation, refers to a legal obligation to perform an asset retirement activity in which the timing and/or method of settlement are conditional on a future event that may or may not be within the control of the entity. Entities are required to recognize a liability for the fair value of a conditional asset

retirement obligation when incurred if the liability s fair value can be reasonably estimated. FIN 47 was effective for fiscal years ending after December 15, 2005. The adoption of FIN 47 did not have a material effect on the Company s condensed combined financial condition or results of operations.

This statement is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005, although early adoption is permitted for accounting changes and corrections of errors made in fiscal years beginning after the date SFAS 154 was issued. Emerging Issues Task Force Issue No. 04-5 In June 2005 the Emerging Issues Task Force reached a consensus on Issue No. 04 5, *Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights.* Under Issue 04 5, the general partners in a limited partnership or similar entity are presumed to control that limited partnership regardless of the extent of the general partners ownership interest in the limited partnership. A general partner should assess the limited partners rights and their impact on the presumption of control. If the limited partners have either a) the substantive ability to dissolve the limited partnership or otherwise remove the general partners without cause or b) substantive participating rights, the general partners do not control the limited partnership. For general partners of all new limited partnerships formed and for existing limited partnerships for which the partnership agreement is modified, Issue 04 5 is effective after June 29, 2005. For general partners in all other limited partnerships, Issue 04 5 is effective for the first reporting period in fiscal years beginning after December 15, 2005, and allows either of two transition methods. As of December 31, 2005 the Company determined that consolidation of the Private Equity Funds will not be required pursuant to Issue 04-5.

SFAS 155 In February 2006, the FASB issued SFAS No. 155 *Accounting for Certain Hybrid Financial Instruments an amendment of FASB Statements No. 133 and 140* (SFAS 155). SFAS 155 permits an entity to measure at fair value any financial instrument that contains an embedded derivative that otherwise would require bifurcation. SFAS 155 is effective for all financial instruments acquired or issued in fiscal years beginning after September 15, 2006. The Company is currently assessing the impact of adopting SFAS 155, but does not expect the standard to have a material impact on the financial condition, results of operations, and cash flows of the Company.

SFAS 156 In March 2006, the FASB issued SFAS No. 156 *Accounting for Servicing of Financial Assets an amendment of FASB Statement No. 140* (SFAS 156), which requires all separately recognized servicing assets and servicing liabilities to be initially measured at fair value, if practicable, and for subsequent measurements, permits an entity to choose either the amortization method or the fair value measurement method for each class of separately recognized servicing assets and servicing liabilities. SFAS 156 also requires separate presentation of servicing assets and servicing liabilities subsequently measured at fair value in the statement of financial position and additional disclosures for all separately recognized servicing assets and servicing liabilities. SFAS 156 is effective in fiscal years beginning after September 15, 2006. The Company is currently assessing the impact of adopting SFAS 156, but does not expect the standard to have a material impact on the financial condition, results of operations, and cash flows of the Company.

FIN 48 In July 2006, the FASB issued Financial Interpretation No. 48 *Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement No. 109* (FIN 48), which clarifies the criteria that must be met prior to recognition of the financial statement benefit of a position taken in a tax return. FIN 48 provides a benefit recognition model with a two-step approach consisting of a more-likely-than-not recognition criteria, and a measurement attribute that measures the position as the largest amount of tax benefit that is greater than 50 percent likely of being realized upon ultimate settlement. FIN 48 also requires the recognition of liabilities created by differences between tax positions taken in a tax return and amounts recognized in the financial statements. FIN 48 is effective as of the beginning of the first annual period beginning after December 15, 2006. The Company is currently assessing the impact of adopting FIN 48 on the financial condition, results of operations, and cash flows of the Company.

SFAS 157 In September 2006, the FASB issued SFAS No. 157 Fair Value Measurements (SFAS 157), which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS 157 is effective in fiscal years beginning after November 15, 2007. The Company is currently assessing the impact of adopting SFAS 157 on the financial condition, results of operations, and cash flows of the Company.

In 2003, High Voltage engaged Evercore Restructuring to assist in its restructuring efforts. During the period of engagement, which ended in August 2004, High Voltage filed for Chapter 11 bankruptcy protection and later emerged from bankruptcy with new financing. However, in February 2005, High Voltage again filed for Chapter 11 bankruptcy protection. In addition, the Trustee conducted an informal investigation into the causes of the second bankruptcy and the knowledge of professionals who assisted High Voltage in its first bankruptcy.

On August 15, 2006, the Trustee filed a motion in the bankruptcy court seeking to undo an order entered in November 2004 approving $2.34 million in fees and expenses for Evercore Restructuring s services, alleging, among other matters, that Evercore Restructuring should have known that the projections prepared by High Voltage in connection with the first bankruptcy proceedings were inaccurate. On September 8, 2006, Evercore Restructuring responded in the bankruptcy court denying the factual allegations and asserting a variety of legal bases to deny the request. The bankruptcy court has not set a date for ruling on the dispute.

In addition, on August 15, 2006, the Trustee filed a complaint against Evercore Restructuring and Jefferies & Company, Inc., financial advisor to certain of High Voltage s creditors in the first bankruptcy, asserting claims against Evercore Restructuring for gross negligence and breach of fiduciary duty, based on the same underlying allegations included in the bankruptcy court motion. On September 15, 2006, High Voltage filed an amended complaint adding Fried, Frank, Harris, Shriver and Jacobson LLP, High Voltage s counsel in the first bankruptcy, as an additional defendant. The Company intends to move for judgment on the pleadings or summary judgment on a variety of affirmative defenses and other grounds, including failure to allege facts constituting gross negligence or breach of fiduciary duty, releases of Evercore Restructuring approved in the order confirming High Voltage s plan of reorganization, and acknowledgements by High Voltage in Evercore Restructuring s engagement letter, which was disclosed to the bankruptcy court prior to its approval of the retention of Evercore Restructuring, that Evercore Restructuring was not a fiduciary and would rely on management s representations when rendering its advisory services. Briefing of the motion will be concluded before the end of the year and no date has been set for a ruling on the motion. The Company believes the litigations against it are meritless and its defenses are substantial.

General

In addition to the proceedings set forth above, from time to time the Company may be involved in judicial, regulatory and arbitration proceedings concerning matters arising in connection with the conduct of its businesses and U.S. and non-U.S. government agencies and self-regulatory organizations, as well as state securities commissions in the United States and Mexican Financial Authorities conduct periodic examinations and initiate administrative proceedings that can result in censure, fine, the issuance of cease-and-desist orders or the suspension or expulsion of a broker-dealer or its directors, officers or employees. When those circumstances arise, management will make what it believes are adequate provisions in the financial statements for any expected liabilities which may result from disposition of pending lawsuits. Nevertheless, litigation is subject to inherent uncertainties and unfavorable events could occur. If unfavorable events were to occur, there exists the possibility of a material adverse impact to the Company s operating results, financial position or liquidity as of and for the period in which such events occur.

Note 11 Regulatory Authorities

Note 15 Subsequent Events

Acquisition of Braveheart Financial Services Limited On July 31, 2006, the Company entered into a sale and purchase agreement to acquire Braveheart. In exchange for 100% of the outstanding share capital of Braveheart, the Company would pay, subject to the terms and conditions of the sale and purchase agreement, initial consideration, deferred consideration and earn-out consideration, each of which is subject to reduction in the event that the value of Braveheart on the date of the sale and purchase agreement declines prior to the date on which such consideration is payable. The initial consideration will be comprised of 1,181,213 shares of Evercore Partners Inc. Class A common stock. The deferred consideration, payable not later than the seventh anniversary of the closing, will be comprised of additional shares of Class A common stock of not less than 50% and not more than 100% of the number of shares of Class A common stock issued as initial consideration, which percentage shall be determined by the Company based on the success of Braveheart s business over the period from the consummation of the acquisition to the date of issuance of these shares. The Braveheart shareholders are also eligible to receive earn-out consideration based on gross revenues generated by the financial advisory business carried on by the Company and Braveheart in Europe. The maximum aggregate amount of earn-out consideration issuable to the Braveheart shareholders, collectively, is $3,000,000. Any earn-out consideration payable to the Braveheart shareholders will be paid in the form of loan notes due 2010 which bear interest at LIBOR plus 1% per annum and which are redeemable by the holder at any time after the date which is six months after the date of issuance. The closing of the Braveheart acquisition is subject to a number of conditions, including the closing of the initial public offering, the absence of any breach of law and the receipt of the approval of the change of control of Braveheart from the U.K. Financial Services Authority. The closing of the Braveheart acquisition is expected to occur no later than the first half of 2007.

If the relevant U.K. tax authority determines that any portion of the consideration to be issued to the Braveheart shareholders under the sale and purchase agreement is taxable as employment income, the Company may be required to pay to the U.K. tax authority certain employer-related taxes, which under current U.K. tax laws would equal 12.8% of the value of any such consideration deemed to be taxable as employment income. In such an event, the Braveheart shareholders have agreed to bear the cost of certain other taxes payable by an employee and pay to Braveheart a sum equal to such tax liabilities (which may be collected from the employer), which under current U.K. tax laws would equal in

total 41% of the value of any such consideration deemed to be taxable as employment income. If Braveheart receives a particular U.K. corporation tax relief as a result of any of such tax liabilities or the circumstances giving rise thereto, then the Company will be required to share with the Braveheart shareholders of up to 50% of the net tax benefit of any such relief, as determined in accordance with the purchase and sale agreement. If any taxes are payable by the Braveheart shareholders in connection with the shares of Class A common stock to be received by the Braveheart shareholders under the sale and purchase agreement, the Company has agreed that, in order to fund the payment of any such tax liabilities by the Braveheart shareholders, Evercore will: (i) buy back shares of Class A common stock from the Braveheart shareholders in exchange for cash, (ii) reduce the number of shares of Class A common stock to be issued to the Braveheart shareholders (Evercore may only elect this option with the prior written consent of the Braveheart shareholders), or (iii) waive the transfer restrictions to permit the sale of shares of Class A common stock by the Braveheart shareholders (Evercore may only elect this option to the extent that the Braveheart shareholders are able to sell a sufficient number of shares to fund their tax liabilities in accordance with U.S. securities laws).

NOTES TO THE UNAUDITED COMBINED AND CONSOLIDATED

FINANCIAL STATEMENTS

THREE AND SIX MONTHS ENDED JUNE 30, 2005 AND 2006

(dollars in thousands)

NOTE 1 - PURPOSE AND BASIS OF PREPARATION OF THESE FINANCIAL STATEMENTS:

The accompanying unaudited interim financial statements have been prepared by Protego Asesores, S. A. de C. V. (the Company or Asesores), subsidiaries and Protego SI, S. C. (Protego Historical). In the opinion of the management of Asesores, they contain all adjustments (consisting of normal recurring accruals) necessary to present fairly the financial position as of June 30, 2005 and 2006, and the results of operations for the three and six-month periods ended June 30, 2005 and 2006.

NOTE 2 - RESTATEMENT:

Asesores, through its subsidiary Protego Casa de Bolsa, S. A. de C. V. (PCB), enters into repurchase agreements with clients whereby PCB transfers to the clients securities (typically, Mexican government securities) in exchange for cash and concurrently agrees to repurchase the securities at a future date for an amount equal to the cash exchanged plus a stipulated premium or interest factor. PCB deploys the cash received from, and acquires the securities deliverable to clients under these repurchase arrangements by purchasing securities in the open market or by entering into reverse repurchase agreements with unrelated third parties. PCB accounts for these repurchase and reverse repurchase agreements as collateralized financing transactions. PCB recorded a liability in the Unaudited Combined and Consolidated Statements of Financial Position in relation to repurchase transactions executed with clients as securities sold under agreements to repurchase. PCB recorded as assets in the Unaudited Combined and Consolidated Statements of Financial Position financial instruments owned and pledged as collateral at fair value (where it has acquired the securities deliverable to clients under these repurchase arrangements by purchasing securities in the open market) and securities purchased under agreements to resell (where it has acquired the securities deliverable to clients under these resell agreements by entering into reverse repurchase agreements with unrelated third parties). As of June 30, 2006, PCB had $264.9 million of repurchase transactions executed with clients, of which $131.7 million related to securities PCB purchased in the open market and $133.1 million of reverse repurchase transactions with third parties. Net income for the period includes interest income earned and interest expense incurred under these agreements. Previously, Asesores accounted for these arrangements on a net basis instead of recording separate assets and liabilities or separately recording revenue for the interest earned and the associated interest expense as an offset to total revenue.

Upon consideration of Financial Interpretation No. 41 (FIN 41) and the provisions of SFAS No. 140, Asesores has determined that the historical combined and consolidated financial statements as of and for the three and six months ended June 30, 2005 and 2006 should have reflected these transactions on a gross basis and has restated certain financial information in accordance with SFAS No. 154, for the three and six months ended June 30, 2005 and 2006. The information in the following table shows the effect of the restatement on each affected financial statement line item:
