PROXY STATEMENT

2008 Annual Meeting of Stockholders

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Prospect Capital Corporation, a Maryland Corporation (the "Company," "we," "us" or "our"), for use at our 2008 Annual Meeting of Stockholders to be held on Friday, December 12, 2008, at 10:30 a.m., Eastern Time, at our offices, 10 East 40th Street, 44th Floor, New York, New York 10016 and at any postponements or adjournments thereof (the "Meeting"). This Proxy Statement and the accompanying proxy card are first being sent to stockholders on or about October 21, 2008.

Unlike many companies where the majority of the outstanding shares are held by institutional investors, a majority of our stockholders are retail investors who generally hold smaller numbers of shares than institutional investors. **As a result of these demographics, it is important that every stockholder authorize a proxy, so that we can achieve a quorum and hold the Meeting.** If holders of less than a majority of the outstanding shares are present in person or by proxy at the Meeting, then we will be required to adjourn the meeting and incur additional expenses to continue to solicit additional votes.

We have engaged a proxy solicitor, who may call you and ask you to vote your shares. The proxy solicitor will not attempt to influence how you vote your shares, but only ask that you take the time to cast a vote. You may also be asked if you would like to authorize your proxy over the telephone and to have your voting instructions transmitted to our proxy tabulation firm.

We encourage you to vote, either by voting in person at the Meeting or by granting a proxy (*i.e.*, authorizing someone to vote your shares). If you properly sign and date the accompanying proxy card or authorize a proxy to vote your shares by telephone or through the Internet, and we receive it in time for the Meeting, the persons named as proxies will vote the shares registered directly in your name in the manner that you specified. **If you give no instructions on the proxy card, the shares covered by the proxy card will be voted FOR the election of each of the nominees as directors, FOR the ratification of the Company's independent registered public accounting firm and FOR the other proposals listed in the accompanying Notice of Annual Meeting of Stockholders.**

If you are a "stockholder of record" (*i.e.*, you hold shares directly in your name), you may revoke a proxy at any time before it is exercised by notifying the Company's Secretary in writing, by submitting a properly executed, later-dated proxy, or by voting in person at the Meeting. Any stockholder of record attending the Meeting may vote in person whether or not he or she has previously authorized a proxy.

If your shares are held for your account by a broker, trustee, bank or other institution or nominee, you may vote such shares at the Meeting only if you obtain proper written authority from your institution or nominee and present it at the Meeting. Please bring with you a legal proxy or letter from the broker, trustee, bank or other institution or nominee confirming your beneficial ownership of the shares as of the record date, October 15, 2008.

If your shares are registered in the name of a bank or brokerage firm, you may be eligible to vote your shares electronically via the Internet or by telephone.

Purpose of Meeting

The Meeting has been called for the following purposes:

1. To elect one Class I director of the Company to serve until the Annual Meeting of Stockholders in 2011 and one Class III director of the Company to serve until the Annual Meeting of Stockholders in 2010 and, in each case, until their successors are duly elected and qualify;
2. To ratify the selection of BDO Seidman, LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2009;

3. To consider and vote upon a proposal to authorize the Company, with approval of its Board of Directors, to sell shares of its common stock at a price or prices below the Company's then current net asset value per share in one or more offerings;
4. To consider and vote upon a proposal to authorize the Company, with approval of its Board of Directors, to issue securities to subscribe to, convert to, or purchase shares of the Company's common stock in one or more offerings; and
5. To transact such other business as may properly come before the Annual Meeting and any adjournment or postponement thereof.

Voting Securities

You may vote your shares at the Meeting only if you were a stockholder of record at the close of business on October 15, 2008 (the "Record Date"). There were 29,520,379 shares of the Company's common stock outstanding on the Record Date. Each share of the common stock is entitled to one vote.

Quorum Required

The presence at the Meeting, in person or by proxy, of stockholders entitled to cast a majority of the votes entitled to be cast at the meeting will constitute a quorum for the transaction of business. Abstentions and "broker non-votes" will be treated as present for purposes of establishing a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner has not received voting instructions from the beneficial owner and does not have, or chooses not to exercise, discretionary authority to vote the shares.

If a quorum is not present at the Meeting or if there are not sufficient votes to approve a proposal, the chairman of the Meeting or, if a stockholder vote is called, the stockholders who are present at the Meeting may adjourn the Meeting from time to time to permit further solicitation of proxies.

Vote Required

Proposal I. Election of Directors. The election of a director requires the affirmative vote of the holders of a majority of the shares of stock outstanding and entitled to vote thereon. Stockholders may not cumulate their votes. If you vote to "Withhold Authority" with respect to a nominee, your shares will not be voted with respect to the person indicated. Because directors are elected by vote of the holders of a majority of the outstanding shares, votes to "Withhold Authority", abstentions and broker non-votes will have the effect of a vote against a nominee.

Proposal II. Ratification of Independent Registered Public Accounting Firm. Assuming the presence of a quorum, the affirmative vote of a majority of the votes cast at the Meeting is required to ratify the appointment of BDO Seidman, LLP ("BDO") to serve as the Company's independent registered public accounting firm. Abstentions and broker non-votes will not be included in determining the number of votes cast and, as a result, will have no effect on this proposal.

- 2 -

Proposal III. To Authorize the Company to Sell Shares of its Common Stock at a Price or Prices Below the Company's Then Current Net Asset Value Per Share in One or More Offerings. The affirmative vote of (1) a majority of the outstanding shares of common stock entitled to vote at the Meeting; and (2) a majority of the outstanding shares of common stock entitled to vote at the Meeting that are not held by affiliated persons of the Company is required to approve this proposal. For purposes of this proposal, the Investment Company Act of 1940, or 1940 Act, defines "a majority of the outstanding shares" as: (1) 67% or more of the voting securities present at the Meeting if the holders of more than 50% of the outstanding voting securities of such company are present or represented by proxy; or (2) 50% of the outstanding voting securities of the Company, whichever is the less. Abstentions and broker non-votes will have the effect of a vote against this proposal.

Proposal IV. To Authorize the Issuance of Securities to Subscribe to, Convert to, or Purchase Shares of Common Stock. Assuming the presence of a quorum, the affirmative vote of a majority of the votes cast at the Meeting is required to approve this proposal. Abstentions and broker non-votes will not be included in determining the number of votes cast and, as a result, will have no effect on this proposal.

Additional Solicitation. If a quorum is not present or there are not enough votes to approve a proposal at the Meeting, the chairman of the meeting or, if a stockholder vote is called, the stockholders who are present in person or by proxy, may adjourn the Meeting with respect to any or all of the proposals, including to permit the further solicitation of proxies with respect to any proposal.

If a quorum is present, a stockholder vote may be called on one or more of the proposals described in this Proxy Statement prior to any such adjournment if there are sufficient votes for approval of such proposal(s).

Information Regarding This Solicitation

We will bear the expense of the solicitation of proxies for the Meeting, including the cost of preparing, printing and mailing this Proxy Statement, the accompanying Notice of Special Meeting of Stockholders, and proxy card. If brokers, nominees, fiduciaries and other persons holding shares in their names, or in the name of their nominees, which are beneficially owned by others, forward the proxy materials to, and obtain proxies from, such beneficial owners, we will reimburse such persons for their reasonable expenses in so doing.

In addition to the solicitation of proxies by the use of the mails, proxies may be solicited in person and by telephone or facsimile transmission by directors, officers or employees of the Company, Prospect Capital Management LLC, or PCM, the Company's investment adviser and/or Prospect Administration LLC, or Prospect Administration, the Company's Administrator. PCM and Prospect Administration are located at 10 East 40th Street, 44th Floor, New York, New York 10016. Certain other members of the affiliated present and predecessor companies of PCM and Prospect Administration are referred to as "Manager." No additional compensation will be paid to directors, officers or regular employees for such services.

The Company has also retained The Altman Group to assist in the solicitation of proxies for a fee of approximately \$60,000, plus out-of-pocket expenses.

Stockholders may provide their voting instructions by telephone or through the Internet. These options require stockholders to input the Control Number which is located on each proxy card. After inputting this number, stockholders will be prompted to provide their voting instructions. Stockholders will have an opportunity to review their voting instructions and make any necessary changes before submitting their voting instructions and terminating their telephone call or Internet link. Stockholders who authorize a proxy via the Internet, in addition to confirming their voting instructions prior to submission, will also receive an e-mail confirming their instructions upon request.

- 3 -

Any proxy given pursuant to this solicitation may be revoked by notice from the person giving the proxy at any time before it is exercised. Any such notice of revocation should be provided in writing and signed by the stockholder in the same manner as the proxy being revoked and delivered to our proxy tabulator.

Security Ownership of Certain Beneficial Owners and Management

As of the Record Date, there were no persons that owned 25% or more of our outstanding voting securities, and no person would be deemed to control us, as such term is defined in the 1940 Act.

Our directors are divided into two groups - interested directors and independent directors. Interested directors are "interested persons" of the Company, as defined in the 1940 Act.

The following table sets forth, as of September 30, 2008, the beneficial ownership of each current director, the nominees for director, the Company's executive officers, and the executive officers and directors as a group. As of

Edgar Filing: PROSPECT CAPITAL CORP - Form PRE 14A

September 30, 2008, there were no persons known to us who beneficially owned 5% or more of the outstanding shares of our common stock.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission (the "Commission") and includes voting or investment power with respect to the securities. Ownership information for those persons, if any, who beneficially own 5% or more of our shares of common stock is based upon Schedule 13D or Schedule 13G filings by such persons with the Commission and other information obtained from such persons, if available.

Unless otherwise indicated, we believe that each beneficial owner set forth in the table has sole voting and investment power and has the same address as the Company. Our address is 10 East 40th Street, 44th Floor, New York, New York 10016.

PROPOSAL I: ELECTION OF DIRECTORS

Pursuant to our Bylaws, our Board of Directors may change the number of directors constituting the Board, provided that the number thereof shall never be less than three nor more than eight. In accordance with the Bylaws, we currently have seven directors on our Board of Directors. Effective with election of directors at the Meeting, the number of directors constituting our Board will decrease from seven to five directors. Directors are elected for staggered terms of three years each, with a term of office of one of the three classes of directors expiring at each annual meeting of stockholders. Each director will hold office for the term to which he or she is elected and until his or her successor is duly elected and qualifies.

A stockholder can vote for or withhold his or her vote from the nominee. **In the absence of instructions to the contrary, it is the intention of the persons named as proxies to vote such proxy FOR the election of the nominees named below. If a nominee should decline or be unable to serve as a director, it is intended that the proxy will be voted for the election of such person as is nominated by the Board of Directors as a replacement.** The Board of Directors has no reason to believe that any of the persons named below will be unable or unwilling to serve, and each such person has consented to serve if elected.

The Board of Directors recommends that you vote FOR the election of the nominees named in this Proxy Statement.

Committees of the Board of Directors

Our Board of Directors has established an Audit Committee and a Nominating and Corporate Governance Committee. For the fiscal year ended June 30, 2008, our Board of Directors held twenty-three Board meetings, sixteen Audit Committee meetings, and one Nominating and Corporate Governance Committee meeting. All directors attended at least 75% of the aggregate number of meetings of the Board and of the respective committees on which they served. We require each director to make a diligent effort to attend all board and committee meetings, as well as each annual meeting of stockholders.

The Audit Committee. The Audit Committee operates pursuant to a charter approved by the Board of Directors. The charter sets forth the responsibilities of the Audit Committee, which include selecting or retaining each year an independent registered public accounting firm (the "independent accountants") to audit the accounts and records of the Company; reviewing and discussing with management and the independent accountants the annual audited financial statements of the Company, including disclosures made in management's discussion and analysis, and recommending to the Board of Directors whether the audited financial statements should be included in the Company's annual report on Form 10-K; reviewing and discussing with management and the independent accountants the Company's quarterly financial statements prior to the filings of its quarterly reports on Form 10-Q; pre-approving the independent accountants' engagement to render audit and/or permissible non-audit services; and evaluating the qualifications, performance and independence of the independent accountants. The Audit Committee is presently composed of three persons: Messrs. Grep, Anderson, and Stark, each of whom is not an "interested person" as defined in the 1940 Act and is considered independent under the Marketplace Rules of the NASDAQ Stock Market LLC ("NASDAQ"). The Company's Board of Directors has determined that Mr. Stark and Mr. Grep are each an "audit committee financial expert" as that term is defined under Item 407 of Regulation S-K. The Audit Committee may delegate its pre-approval responsibilities to one or more of its members. The member(s) to whom such responsibility is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting. Messrs. Anderson and Stark were added to the Audit Committee concurrent with their election to the Board of Directors on September 15, 2008 and September 4, 2008, respectively.

The function of the Audit Committee is oversight. Our management is primarily responsible for maintaining appropriate systems for accounting and financial reporting principles and policies and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The independent accountants are primarily responsible for planning and carrying out a proper audit of our annual financial statements in accordance with generally accepted accounting standards. The independent accountants are accountable to the Board of Directors and the Audit Committee, as representatives of our shareholders. The Board of Directors and the Audit Committee have the ultimate authority and responsibility to select, evaluate and, where appropriate, replace our independent accountants (subject, if applicable, to shareholder ratification).

In fulfilling their responsibilities, it is recognized that members of the Audit Committee are not our full-time employees or management and are not, and do not represent themselves to be, accountants or auditors by profession. As such, it is not the duty or the responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures, to determine that the financial statements are complete and accurate and are in accordance with generally accepted accounting principles, or to set auditor independence standards. The Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee (the "Nominating and Governance Committee") is responsible for selecting qualified nominees to be elected to the Board of Directors by stockholders; selecting qualified nominees to fill any vacancies on the Board of Directors or a committee thereof; developing and recommending to the Board of Directors a set of corporate governance principles applicable to the Company; overseeing the evaluation of the Board of Directors and management; and undertaking such other duties and responsibilities as may from time to time be delegated by

the Board of Directors to the Nominating and Governance Committee. The Nominating and Governance Committee is presently composed of three persons: Messrs. Grempe, Anderson, and Stark, each of whom is not an "interested person" as defined in Section 2(a)(19) of the 1940 Act. Messrs. Anderson and Stark were added to the Nominating and Governance Committee concurrent with their election to the Board of Directors on September 15, 2008 and September 4, 2008, respectively.

The Nominating and Governance Committee will consider stockholder recommendations for possible nominees for election as directors when such recommendations are submitted in accordance with the Company's Bylaws and any applicable law, rule or regulation regarding director nominations. Nominations should be sent to the Corporate Secretary c/o Prospect Capital Corporation, 10 East 40th Street, 44th Floor, New York, New York 10016. When submitting a nomination to the Company for consideration, a stockholder must provide all information that would be required under applicable Commission rules to be disclosed in connection with election of a director, including the following minimum information for each director nominee: full name, age and address; principal occupation during the past five years; current directorships on publicly held companies and investment companies; number of shares of our common stock owned, if any; and, a written consent of the individual to stand for election if nominated by the Board of Directors and to serve if elected by the stockholders. Criteria considered by the Nominating and Governance Committee in evaluating the qualifications of individuals for election as members of the Board of Directors include compliance with the independence and other applicable requirements of the Marketplace Rules of NASDAQ and the 1940 Act and all other applicable laws, rules, regulations and listing standards, the criteria, policies and principles set forth in the Nominating and Corporate Governance Committee Charter, and the ability to contribute to the effective management of the Company, taking into account our needs and such factors as the individual's experience, perspective, skills, expertise and knowledge of the industries in which the Company operates, personal and professional integrity, character, business judgment, time availability in light of other commitments, dedication, and conflicts of interest. The Nominating and Governance Committee also may consider such other factors as it may deem to be in our best interests and those of our stockholders. The Board of Directors also believes it is appropriate for certain key members of our management to participate as members of the Board of Directors.

Independent Directors

The Board of Directors, in connection with the 1940 Act and Marketplace Rules 4200(a)(15) and 4350(c) of NASDAQ, has considered the independence of members of the Board who are not employed by PCM and has concluded that Messrs. Graham D.S. Anderson, William Grempe, F. Lee Liebolt, Jr., Walter V.E. Parker and Eugene S. Stark are not "interested persons" as defined by the 1940 Act and therefore qualify as independent directors under the standards promulgated by the Marketplace Rules of NASDAQ. In reaching this conclusion, the Board of Directors concluded that Messrs. Anderson, Grempe, Liebolt, Parker and Stark had no relationships with PCM or any of its affiliates, other than their positions as directors of the Company and, if applicable, investments in us that are on the same terms as those of other stockholders.

Audit Committee Report⁽¹⁾

The following is the report of the Audit Committee with respect to the Company's audited financial statements for the fiscal year ended June 30, 2008.

The Audit Committee has reviewed and discussed the Company's audited financial statements with management and BDO Seidman, LLP, the Company's independent registered public accounting firm ("BDO"), with and without management present. The Audit Committee included in its review results of BDO's examinations, the Company's disclosure controls and procedures, and the quality of the Company's financial reporting. The Audit Committee also reviewed the Company's procedures and disclosure controls designed to ensure full, fair and adequate financial reporting and disclosures, including procedures for certifications by the Company's chief executive officer and chief financial officer that are required in periodic reports filed by the Company with the Commission. The Audit Committee is satisfied that the Company's disclosure controls and procedures are adequate and that the Company employs appropriate accounting and auditing procedures.

The Audit Committee also has discussed with BDO matters relating to BDO's judgments about the quality, as well as the acceptability, of the Company's accounting principles as applied in its financial reporting as required by Statement of Auditing Standards No. 61 (Communications with Audit Committees). In addition, the Audit Committee has discussed with BDO their independence from management and the Company, as well as the matters in the written disclosures received from BDO and required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Audit Committee received oral communications from BDO confirming their independence and discussed the matter with BDO. The Audit Committee discussed and reviewed with BDO the Company's critical accounting policies and practices, disclosure controls, other material written communications to management, and the scope of BDO's audits and all fees paid to BDO during the fiscal year. Pursuant to the Audit Committee charter, the Audit Committee may review and pre-approve audit and permissible non-audit services performed by BDO for the Company. The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent registered public accounting firm to management. The Audit Committee has reviewed and considered the compatibility of BDO's performance of non-audit services with the maintenance of BDO's independence as the Company's independent registered public accounting firm.

Based on the Audit Committee's review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements for the fiscal year ended June 30, 2008 be included in the Company's Annual Report on Form 10-K for the same fiscal year for filing with the Commission. In addition, the Audit Committee has engaged BDO to serve as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2009.

Respectfully Submitted,

The Audit Committee

PROPOSAL III: APPROVAL TO AUTHORIZE THE COMPANY, WITH APPROVAL OF ITS BOARD OF DIRECTORS, TO SELL SHARES OF ITS COMMON STOCK AT A PRICE OR PRICES BELOW THE COMPANY'S THEN CURRENT NET ASSET VALUE PER SHARE IN ONE OR MORE OFFERINGS.

We are a closed-end investment company that has elected to be regulated as a Business Development Company, or BDC, under the 1940 Act. The 1940 Act prohibits us from selling shares of our common stock at a price below the current net asset value per share of such stock, or NAV. A provision of the 1940 Act, however, permits such a sale if approved by our stockholders and if our Board of Directors makes certain determinations.

Pursuant to this provision, we are seeking the approval of our common stockholders so that we may, in one or more public or private offerings of our common stock, sell or otherwise issue shares of our common stock at a price below its then current NAV, subject to certain conditions discussed below. If approved, the authorization would be effective for a twelve month period expiring on the anniversary of the date of this meeting.

Reasons to Offer Common Stock below NAV

We believe that market conditions will continue to provide attractive opportunities to deploy capital. Over the past several months, U.S. credit markets, including middle market lending, have experienced significant turbulence spurred in large part by the sub-prime residential mortgage crisis and concerns generally about the state of the U.S. economy. This has led to significant stock price volatility for capital providers like us and has made access to capital more challenging for many firms, particularly those (unlike us) who have relied heavily on secured lending facilities. However, the change in market conditions also has had beneficial effects for capital providers, including more appropriate pricing of risk and contractual terms. Accordingly, for firms that continue to have access to capital, the current environment should provide investment opportunities on more favorable terms than have been available in recent periods. Our ability to take advantage of these opportunities is dependent upon, among other things, our access to equity capital.

As a BDC and a regulated investment company, or RIC, for tax purposes, we are dependent on our ability to raise capital through the issuance of common stock. RICs generally must distribute substantially all of their earnings to stockholders as dividends in order to achieve pass-through tax treatment, which prevents us from using those earnings to support new investments. Further, BDCs must maintain a debt to equity ratio of less than 1:1, which requires us to finance our investments with at least as much equity as debt in the aggregate. We maintain sources of liquidity through our maintenance of a credit facility and other means, but generally attempt to remain close to fully invested and do not hold substantial cash for the purpose of making new investments. Therefore, to continue to build our investment portfolio, and thereby support maintenance and growth of our dividends, we endeavor to maintain consistent access to capital through the public and private equity markets enabling us to take advantage of investment opportunities as they arise.

Shares of BDCs may trade at a market price that is less than the value of the net assets attributable to those shares. Historically, our shares of common stock have traded in excess of net asset value, but at times our shares of common stock have traded at a discount to the net assets attributable to those shares. The following table lists the high and low sales prices for our common stock, and the sales price as a percentage of NAV. On September 30, 2008, the last reported closing sale price of our common stock was \$[] per share.

(1) Net asset value per share is determined as of the last day in the relevant quarter and therefore may not reflect the net asset value per share on the date of the high or low sales price. The net asset values shown are based on outstanding shares at the end of each period.

(2) The High/Low Stock Price is calculated as of the closing price on a given day in the applicable quarter.

At the 2006 Annual Meeting of Stockholders, the stockholders authorized the Company, with the approval of its Board of Directors, to issue shares of its common stock at a price below NAV. This authorization expired on the one year anniversary of the 2006 Annual Meeting of Stockholders. During that time period, the Board and management did not issue any shares of our common stock below NAV, but valued the financial flexibility afforded to us by that authorization. In these uncertain financial times, the availability of additional options that would be afforded by approval of this proposal by the stockholders is of great importance to us.

The Board of Directors believes that having the flexibility to issue our common stock below NAV in certain instances is in the best interests of stockholders. If we were unable to access the capital markets as attractive investment opportunities arise, our ability to grow over time and continue to pay steady or increasing dividends to stockholders could be adversely affected. It could also have the effect of forcing us to sell assets that we would not otherwise sell, and such sales could occur at times that are disadvantageous to sell. We could also expend considerable time and resources on a capital raise advantageous for shareholders, but be forced to abandon it due solely due to stock market activity causing our stock price to dip momentarily below our NAV. Even if we are able to access the capital markets, there is no guarantee that we will grow over time and continue to pay steady or increasing dividends.

Conditions to Sales Below NAV

If stockholders approve this proposal, we will only sell shares of our common stock at a price below NAV per share if the following conditions are met:

- a majority of our independent directors who have no financial interest in the sale have approved the sale; and
- a majority of such directors, who are not interested persons of us, in consultation with the underwriter or underwriters of the offering if it is to be underwritten, have determined in good faith, and as of a time immediately prior to the first solicitation by or on behalf of us of firm commitments to purchase such securities or immediately prior to the issuance of such securities, that the price at which such securities are to be sold is not less than a price which closely approximates the market value of those securities, less any underwriting commission or discount, which could be substantial.

Key Stockholder Considerations

Before voting on this proposal or giving proxies with regard to this matter, stockholders should consider the potentially dilutive effect of the issuance of shares of our common stock at a price that is less than the NAV per share and the expenses associated with such issuance on the NAV per outstanding share of our common stock. Any sale of common stock at a price below NAV would result in an immediate dilution to existing common stockholders. This dilution would include reduction in the NAV per share as a result of the issuance of shares at a price below the NAV per share and a disproportionately greater decrease in a stockholder's interest in our earnings and assets and their voting interests than the increase in our assets resulting from such issuance. Our Board of Directors will consider the potential dilutive effect of the issuance of shares at a price below the NAV per share when considering whether to authorize any such issuance. In addition, if we are not successful with this proposal, our only alternative to access the equity markets if we trade below NAV would be through a rights offering. We believe that a rights offering might result in raising additional equity at a lower price per share than an offering done as a result of this proposal, because a rights offering requires a long registration process and marketing period which might result in greater share price erosion.

The 1940 Act establishes a connection between common stock sale price and NAV because, when stock is sold at a sale price below NAV per share, the resulting increase in the number of outstanding shares reduces net asset value per share. Stockholders should also consider that they will have no subscription, preferential or preemptive rights to additional shares of the common stock proposed to be authorized for issuance, and thus any future issuance of common stock will dilute such stockholders' holdings of common stock as a percentage of shares outstanding to the extent stockholders do not purchase sufficient shares in the offering or otherwise to maintain their percentage interest. Further, if our current stockholders do not purchase any shares to maintain their percentage interest, regardless of whether such offering is above or below the then current NAV, their voting power will be diluted.

Example of Dilutive Effect of the Issuance of Shares Below NAV

Company XYZ has 1,000,000 total shares outstanding, \$15,000,000 in total assets and \$5,000,000 in total liabilities. The NAV per share of the common stock of Company XYZ is \$10.00. The following table illustrates the

reduction to NAV and the dilution experienced by Shareholder A following the sale of 40,000 shares of the common stock of Company XYZ at \$9.50 per share, a price below its NAV per share.

	Prior to Sale Below NAV	Following Sale Below NAV	Percentage Change
Reduction to NAV			
Total Shares Outstanding	1,000,000	1,040,000	4.0%
NAV per share	\$ 10.00	\$ 9.98	(0.2)%
Dilution to Existing Shareholder			
Shares Held by Shareholder A	10,000	10,000 ⁽¹⁾	0.0%
Percentage Held by Shareholder A	1.00%	0.96%	(3.8)%
Total Interest of Shareholder A	\$ 100,000	\$ 99,808	(0.2)%

(1) Assumes that Shareholder A does not purchase additional shares in offering of shares below NAV.

Required Vote

Approval of this proposal requires the affirmative vote of (1) a majority of the outstanding shares of common stock entitled to vote at the Meeting; and (2) a majority of the outstanding shares of common stock entitled to vote at the Meeting that are not held by affiliated persons of the Company, which includes directors, officers, employees, and 5% stockholders. For purposes of this proposal, the 1940 Act defines "a majority of the outstanding shares" as: (1) 67% or more of the voting securities present at the Meeting if the holders of more than 50% of the outstanding voting securities of the Company are present or represented by proxy; or (2) 50% of the outstanding voting securities of the Company, whichever is less. Abstentions and broker non-votes will have the effect of a vote against this proposal.

The board of directors recommends that you vote "FOR" the proposal to authorize the Company, with approval of its Board of Directors, to sell shares of its common stock at a price or prices below the Company's then current net asset value per share in one or more offerings.

PROPOSAL IV: APPROVAL TO AUTHORIZE THE COMPANY, WITH APPROVAL OF ITS BOARD OF DIRECTORS, TO ISSUE WARRANTS, OPTIONS OR RIGHTS TO SUBSCRIBE TO, CONVERT TO OR PURCHASE THE COMPANY'S COMMON STOCK IN ONE OR MORE OFFERINGS.

Our Board of Directors believes it is in our best interests to have the ability to issue warrants, options or rights to subscribe to, convert to, or purchase shares of our common stock, which may include convertible preferred stock and convertible debentures, under appropriate circumstances in connection with our capital raising and financing activities. Sections 18(d) and 61(a) of the 1940 Act restrict the ability of a BDC to issue warrants, options or rights to subscribe to or convert to voting securities of the BDC. If warrants, options or rights are to be issued, the proposal must be approved by the stockholders of the BDC. Thus, our Board of Directors has approved and recommends to the stockholders for their approval a proposal to issue warrants, options or rights to subscribe to, convert to or purchase shares of our common stock, which warrants, options or rights may or may not be accompanied by other securities of the Company.

- 21 -

If this proposal is approved, any issuances of warrants, options or rights to subscribe to, convert to or purchase shares of our common stock would be made in accordance with Section 61(a)(3) of the 1940 Act, pursuant to which we would be permitted to issue securities that may be converted into or exercised for shares of our common stock at a conversion or exercise price per share not less than our current market price at the date of issuance. This conversion or exercise price may, however, be less than our NAV per share at the date such securities are issued or at the date such securities are converted into or exercised for shares of our common stock.

Background and Reasons for the Proposal

Our management and the Board of Directors have determined that it would be advantageous for us to have the ability to issue warrants, options or rights to subscribe to, convert to or purchase common stock, which may include convertible preferred stock and convertible debentures, in connection with our financing and capital raising activities. In this regard, the debt and equity capital markets in the United States have been severely impacted by significant write-offs in the financial services sector relating to sub-prime mortgages and the repricing of credit risk in the broadly syndicated loan market, among other reasons. These events, along with the deterioration of the housing market, have led to worsening general economic conditions, which have impacted the broader capital and credit markets and have reduced the availability of debt and equity capital for the market as a whole and financial firms in particular. In the past, we were able to access the capital and credit markets to finance our investment activities. However, due to the current turmoil in the debt markets and uncertainty in the equity capital markets, we are concerned that debt or equity capital may not be available to us on favorable terms, or at all. As a result, our ability to issue warrants, options or rights to subscribe to, convert to, or purchase shares of our common stock, which may include convertible preferred stock and convertible debentures, may be an effective way for us to raise capital in the current environment.

We have no immediate plans to issue any such warrants, options or rights. However, in order to provide flexibility for future issuances, which typically must be undertaken quickly, the Board of Directors has approved and is seeking stockholder approval of this proposal to issue warrants, options or rights to subscribe to, convert to or purchase shares of common stock either accompanied by or not accompanied by other securities of the Company. The final terms of any warrants, options or rights (subject to the requirements noted in Section 61 of the 1940 Act), including exercise/conversion price, term and exercise/conversion requirements would be determined by the Board of Directors at the time of issuance. Also, the nature and amount of consideration that would be received by us at the time of issuance and the use of any such consideration will be considered and approved by the Board of Directors at the time of issuance.

Conditions to Issuance

Each issuance of warrants, options or rights to subscribe to, convert to or purchase shares of common stock will comply with Section 61(a) of the 1940 Act. Specifically, (i) the exercise or conversion feature of the warrants, options or rights must expire within 10 years of issuance, (ii) the exercise or conversion price for the warrants, options or rights must not be less than the current market value of the common stock at the date of the issuance of the warrants, options or rights and (iii) the individual issuances of warrants, options or rights must be approved by a majority of our directors who are not interested persons of us as defined in the 1940 Act on the basis that such issuance is in our and our stockholders' best interests. If such securities are accompanied by other securities when issued, the securities cannot be separately transferable unless no class of such securities and the other securities that accompany them has been publicly distributed.

In addition, Section 61(a) of the 1940 Act limits the number of warrants, options or rights to subscribe to, convert to, or purchase our common stock that can be issued pursuant to this proposal. Specifically, the amount of voting securities that would result from the exercise or conversion of all of our warrants, options or rights to subscribe to, convert to, or purchase our common stock at the time of issuance shall not exceed 25% of our outstanding voting securities.

Key Stockholder Considerations

Before voting on this proposal or giving proxies with regard to this matter, stockholders should consider the potentially dilutive effect of the issuance of warrants, options or rights to subscribe to, convert to, or purchase shares of our common stock and the expenses associated with such issuances on the NAV per outstanding share of our common stock. Because the exercise or conversion price per share at the time of exercise or conversion could be less than the net asset value per share of our common stock at the time of exercise or conversion, and because we would incur expenses in connection with any such issuance of warrants or convertible debt, such exercise or conversion could result in a dilution of net asset value per share of our common stock at the time of such exercise. See Key Stockholder Considerations and Example of Dilutive Effect of the Issuance of Shares Below NAV in Proposal I.

If this proposal is approved, no further authorization from stockholders will be solicited by us prior to the issuance of any warrants, options or rights to subscribe to, convert to or purchase shares of common stock.

Required Vote

Approval of this proposal requires the affirmative vote of a majority of the votes cast at the Meeting. Abstentions and broker non-votes will not be included in determining the number of votes cast and, as a result, will have no effect on this proposal.

The Board of Directors recommends that you vote FOR the proposal to authorize the Company, with approval of its Board of Directors, to issue warrants, options or rights to subscribe to, convert to, or purchase the Company's common stock in one or more offerings.

OTHER BUSINESS

Our Board of Directors knows of no other matters that may be presented for stockholder action at the Annual Meeting. If any other matters properly come before the Meeting, the persons named as proxies will vote upon them in their discretion.

SUBMISSION OF STOCKHOLDER PROPOSALS

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), stockholders may present proper proposals for inclusion in the Company's proxy statement and for consideration at the Company's 2009 Annual Meeting of Stockholders. To be eligible for inclusion in the Company's 2009 Proxy Statement, a stockholder proposal must be received in writing not less than 120 calendar days before the first anniversary of the date we first released our proxy statement for the preceding year's annual meeting and must otherwise comply with Rule 14a-8 under the Exchange Act. Accordingly, a stockholder proposal of business intended to be considered at the 2009 Annual Meeting must be received by the Secretary not later than June 21, 2009 to be eligible for inclusion in our 2009 Proxy Statement. While the Board of Directors will consider stockholder proposals, the Company reserves the right to omit from the Company's Proxy Statement any stockholder proposal that it is not required to include under the Exchange Act, including Rule 14a-8 of the Exchange Act.

In addition, our Bylaws contain an advance notice provision with respect to director nominations and with respect to proposals for business, whether or not included in our proxy statement. Our Bylaws currently provide that in order for a stockholder to nominate a candidate for election as a director at an annual meeting of stockholders or propose business for consideration at an annual meeting, written notice containing the information required by the Bylaws generally must be delivered to our Secretary at our principal executive office not earlier than the 150th day prior to the first anniversary of the date of the proxy statement for the preceding year's annual meeting nor later than 5:00 p.m., Eastern Time, on the 120th day prior to the first anniversary of the date of the proxy statement for the preceding year's annual meeting. Accordingly, under our current Bylaws, a stockholder nomination for director or proposal of business intended to be considered at the 2009 Annual Meeting must be received by the Secretary not earlier than May 22, 2009, and not later than 5:00 p.m., Eastern Time, on June 21, 2009. Proposals should be addressed to, Corporate Secretary, c/o Prospect Capital Corporation, 10 East 40th Street, 44th Floor, New York, New York 10016. In the event that the date of the next annual meeting is advanced or delayed by more than 30 days from the first anniversary of the Meeting a notice by the stockholder to be timely must be so delivered not earlier than the 150th day prior to the date of such annual meeting and not later than 5:00 p.m. Eastern Time on the later of the 120th day prior to the date of such annual meeting or the tenth day following the day on which public announcement of the date of such meeting is first made. We reserve the right to reject, rule out of order or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.
