NOTE OF EXPLANATION

GWG Holdings, Inc. has prepared this sticker supplement to revise the impairment discount rate at December 31, 2015 reported in the prospectus. Other than the disclosures set forth below, this sticker supplement does not supplement or alter the prospectus in any way.

The third paragraph of the section entitled “Liquidity and Capital Resources – Portfolio Assets and Secured Indebtedness” in the prospectus will now read:

The table illustrates that our ability to fully satisfy amounts owing under the L Bonds and Series I Secured Notes would likely be impaired upon the sale of all our life insurance assets at a price equivalent to a discount rate of approximately 13.94% or higher. At December 31, 2015, the impairment occurred at a discount rate of approximately 12.58% or higher. The discount rates used to calculate the fair value of our portfolio were 10.96% and 11.09% as of December 31, 2016 and December 31, 2015, respectively.
