will become a stockholder pursuant to a "put right" under an Investment Agreement, also referred to as an Equity Line of Credit, that we have entered into with Preston Capital. A "put right" permits us to require Preston Capital to buy shares pursuant to the terms of the Investment Agreement. That Investment Agreement permits us to "put" up to \$2.5 million in shares of our common stock to Preston Capital. We are not selling any securities in this offering and therefore will not receive any proceeds from this offering. We will, however, receive proceeds from the sale of securities pursuant to our exercise of the put right and possible future exercise of the warrants held by C.C.R.I. All costs associated with this registration will be borne by us.

The selling shareholders consist of:

Dutchess Advisors, Ltd.	200,000	shares
Dutchess Private Equities Fund, LP	200,000	shares

PROSPECTUS SUMMARY

The following information is a summary, of the prospectus and it does not contain all of the information you should consider before making an investment decision. You should read the entire prospectus carefully, including the financial statements and the notes relating to the financial statements.

Our Company

We are a project engineering company that designs and installs specialty communication systems for data, voice, video and telecom. We determine our clients' requirements by doing a need analysis and site audit. Then we implement our design and specification of the specialty communication system, which may include Wireless Fidelity, or Wi-Fi, with the deployment of a fixed Wireless Local Area Network, or WLAN. We believe we can integrate superior solutions across a vast majority of communication requirements because we have experts in each aspect of communication services from the design, project management, and installation of our products through the maintaining of our products.

We have a two-pronged approach to our business model. One is the continued focus on our core competency of project management services which entails inventory management, maintaining project timelines, auditing completed work and quality assurance of projects in wired networking infrastructure, design, installation and support of communications solutions. Second, is to leverage that expertise in our pursuit of the infrastructure build-out of Wi-Fi and WLAN. With our experience and expertise in the wired networking infrastructure industry, we can design, manage, install and service our wireless customers with the same processes, personnel and management. Many of our competitors are new to deploying wireless infrastructure and have never installed any type of

infrastructure. We believe we can leverage our expertise to compete in this new technology.

Sales By Our Selling Stockholders

This prospectus relates to the resale of up to 1,625,000 shares of our common stock by four stockholders, C.C.R.I who may acquire shares of our common stock by exercising warrants and Preston Capital, who will become a stockholder pursuant our Investment Agreement.

The table below sets forth the shares that we are registering pursuant to the Registration Statement to which this prospectus is a part:

Stockholder	Number of Shares(1)
-----	-----
Dutchess Advisors, Ltd.	200,000 shares
Dutchess Private Equities Fund, LP	200,000 shares
Michael Cummings	100,000 shares
Marketbyte, LLC	125,000 shares
Preston Capital Partners, LLC	900,000 shares
C.C.R.I Corp.	100,000 shares
Total common stock being registered	1,625,000 shares

(1) For the purpose of determining the number of shares subject to registration with the Securities and Exchange Commission, we have assumed that we will issue not more than 900,000 shares pursuant to the exercise of our put right under the Investment Agreement, although the number of shares that we will actually issue pursuant to that put right may be more than or less than 900,000, depending on the trading price of our common stock. We currently have no intent to exercise the put right in a manner that would result in our issuance of more than 900,000 shares, but if we were to exercise the put right in that manner, we would be required to file a subsequent registration statement with the Securities and Exchange Commission and for that registration statement to be deemed effective prior to the issuance of any such additional shares.

C.C.R.I. holds two warrants to purchase our common stock. Warrant 101 allows C.C.R.I. to purchase up to a total of 50,000 shares of our common stock at an exercise price equal to \$5.00 per share. Warrant 102 allows C.C.R.I. to purchase up to a total of 50,000 shares of our common stock at an exercise price equal to \$7.50 per share. The Warrants expire five years after the date of their issuance on September 29, 2008.
