***Section 16(a) Beneficial Ownership Reporting Compliance***

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than ten percent of our common stock, to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the New York Stock Exchange, or NYSE. Officers, directors and greater than ten percent shareholders are required by the Securities and Exchange Commission to furnish us with copies of all Section 16(a) forms that they file.

Based solely on our review of the copies of such forms, or written representations from certain reporting persons that no reports on Form 5 or Form 4 were required for those persons, we believe that all filing requirements applicable to our officers, directors and greater than ten percent shareholders were complied with in 2005.

***The Trust Program***

Due to the increasingly complex legal and ethical questions facing all participants in the healthcare industry, we have unified our corporate ethics and compliance policies by implementing a comprehensive corporate ethics and compliance program, called the Trust Program. The Trust Program covers all aspects of our company and is designed to assist us with conducting our business in accordance with applicable federal and state laws and our high standards

of business ethics. The Trust Program applies to members of our board of directors, our associates, including our Chief Executive Officer and Chief Financial Officer, and in some cases, our business partners and our independent contractors.

We maintain and update training and monitoring programs to educate our directors, associates and independent contractors on the legal and regulatory requirements of their respective duties and positions and to detect possible violations. To help ensure compliance with the Trust Program, we also undergo regular, periodic compliance audits by internal and external auditors and compliance staff who have expertise in federal and state healthcare laws and regulations.

4

The Trust Program contains a whistleblower policy which sets forth the steps an associate should take if he or she has a question about the application of the program. The whistleblower policy contained in the Trust Program also sets forth the audit committee's procedures for the receipt, retention and treatment of complaints received from associates regarding accounting, internal accounting controls or auditing matters as required by the Sarbanes-Oxley Act of 2002.

The full text of the Trust Program is available on our Internet site at [www.wellcare.com](http://www.wellcare.com). We intend to disclose future amendments to, or waivers from, the provisions of the Trust Program, if any, made with respect to any of our directors and executive officers on our Internet site.

### **Options Granted in 2005**

The following table sets forth certain information regarding stock options granted in 2005 to the five individuals named in the Summary Compensation Table. In addition, in accordance with the Securities and Exchange Commission's rules, the table also shows the grant date present value, as of the date of grant, of the options under the option pricing model discussed below. It should be noted that this model is only one method of valuing options, and our use of the model should not be interpreted as an endorsement of its accuracy. The actual value of the options may be significantly different, and the value actually realized, if any, will depend upon the excess of the market value of the common stock over the exercise price at the time of exercise.

- (1) The options awarded to Mr. Farha are nonqualified stock options, vest 50% on the second anniversary of the grant date and an additional 25% on each of the third and fourth anniversaries of the grant date and have a seven year term. The vesting of the options will accelerate in certain circumstances as described in "Employment Contracts and Termination of Employment Arrangements" below.
- (2) The options awarded to Messrs. Behrens, Sattaur and Schiesser and Dr. Hodgkin are nonqualified stock options, vest 20% on each anniversary of the grant date and have seven year terms. The vesting of the options will accelerate in full, and remain exercisable for 180 days thereafter, in the event of

termination of employment as a result of death, disability or retirement, by the officer for good reason or by us without cause within 12 months after a change of control. The option will expire and be forfeited upon termination of employment by us with cause.

- (3) Exercise price is the fair market value of the common stock on the date of grant.
- (4) The amounts shown are based on a modified Black-Scholes option pricing model which uses certain assumptions to estimate the value of employee stock options. The material assumptions used for the grants in the table above are: an expected term of 4.5 years from the date of grant; 0% dividend yield; expected volatility of 46.4%; and risk-free interest rates of 3.73% for the June 6, 2005 grant and 4.09% for the July 27, 2005 grants.

**Aggregated Option Exercises in 2005 and Option Values at December 31, 2005**

The following table indicates, for each of the five individuals named in the Executive Compensation Table herein, the number of shares covered by both exercisable and nonexercisable stock options as of December 31, 2005, and the values for “in-the-money” options which represent the excess of the closing market price of our common stock at December 31, 2005, over the exercise price of any such existing stock options.

**Repricing of Options**

In December 2005, the compensation committee of our board of directors approved an amendment to an August 2004 grant of stock options to Dr. Hodgkin to increase the exercise price of all unvested, unexercised options from \$17.00 to \$19.10, the fair market value of our common stock on the date of grant. The amendment was effected in order to avoid certain negative tax consequences under the deferred compensation provisions of the American Jobs Creation Act. The re-pricing had the effect of reducing the amount of net compensation that Dr. Hodgkin will receive upon exercise of the options.

**Employment Contracts and Termination of Employment Arrangements**

Todd S. Farha serves as our Chief Executive Officer, President and a member of our board of directors pursuant to an amended and restated employment agreement dated June 6, 2005. The agreement has an initial term of five years, commencing on June 6, 2005, and will automatically renew at the end of the initial term and each additional term for an additional one-year period unless either party notifies the other that the term will not be extended. Under the agreement, Mr. Farha is entitled to an annual salary of \$400,000, subject to annual review and potential increase by our board of directors. In addition, Mr. Farha is eligible to receive an annual cash bonus, based upon the satisfaction of performance criteria to be established annually by our compensation committee. If Mr. Farha’s employment is terminated by us without cause or by Mr. Farha for good reason, then Mr. Farha will be entitled to continue to receive

his base salary for 12 months, or 24 months if the termination occurs after a change of control. He will also be entitled to receive an amount equal to his target bonus for the year in which the termination occurs, payable one year after the date of termination, as well as continuation of benefits for 12 months following termination. We would also be obligated to make additional payments to Mr. Farha if he were to incur any excise taxes pursuant to Section 4999 of the Internal Revenue Code on account of the benefits and payments provided under the agreement or otherwise. The additional payments would be in an amount such that, after taking into account all applicable federal, state and local taxes applicable to such additional payments, Mr. Farha would be able to retain from such additional payments an amount equal to the excise taxes that are imposed. Mr. Farha has agreed not to compete with us during the term of his employment and for one year thereafter, except that if Mr. Farha's employment terminates because we notify him that the term of his agreement will not be renewed, the non-competition covenant will not apply following the term unless we elect to continue to pay him his base salary during that period.

In addition, in June 2005, in connection with amending and restating his employment agreement, the compensation committee granted Mr. Farha the following equity awards:

- (i) *Non-Qualified Stock Options.* Mr. Farha was granted an option to acquire, at an exercise price of \$34.95 per share, 220,000 shares of our common stock which vests 50% on the second anniversary of the grant date and an additional 25% on each of the third and fourth anniversaries of the grant date. The vesting of Mr. Farha's options will accelerate in full, and remain exercisable for one-year thereafter, in the event of the termination (a) of Mr. Farha's employment or service with us as a result of his death, disability or retirement, or (b) of Mr. Farha's employment or service with us (or successor thereto) by Mr. Farha for good reason or by the Company (or successor thereto) without cause within 24 months after a change in control. Absent a change in control, in the event of the termination of Mr. Farha's employment or service with us by Mr. Farha for good reason or by us without cause, the vesting of Mr. Farha's option grant will accelerate on a pro rata basis based on the number of months elapsed from the grant date, and will remain exercisable for one-year thereafter. Mr. Farha's option grant will expire and be forfeited upon the termination by us for cause of Mr. Farha's employment or service with us. Any unexercised portion of Mr. Farha's option grant will automatically terminate and become null and void on the seventh anniversary of the grant date.
- (ii) *Restricted Stock Award.* Mr. Farha was granted an award of 220,000 shares of restricted stock which vests 25% annually from the second through fifth anniversary of the grant date. The vesting of Mr. Farha's restricted stock will accelerate in full in the event of the termination (a) of Mr. Farha's employment or service with us as a result of his death, disability or retirement, or (b) of Mr. Farha's employment or service with us (or successor thereto) by Mr. Farha for good reason or by us (or successor thereto) without cause, within 24 months after a change in control. Absent a change in control, in the event of the termination of Mr. Farha's employment or service with us by Mr. Farha for good reason or by us without cause, the vesting of Mr. Farha's restricted stock award will accelerate on a pro rata basis based on the number of months elapsed from the grant date.
- (iii) *Performance Share Award.* Mr. Farha was granted an award of 130,000 shares of common stock which vest on the three-year and five-year anniversaries of the grant date based upon our achievement of compounded annual percentage increases in diluted net income per share ("EPS") over three-year and five-year periods. The three-year period is measured from January 1, 2005 through December 31, 2007. The five-year period is measured from January 1, 2005 through December 31, 2009. Achievement of goals under Mr. Farha's performance award will be measured against cumulative EPS over the three-year and five-year periods, respectively, with "target", "threshold" and "maximum" awards to be based on annual EPS growth. The target number of performance shares to be issued in the aggregate is 130,000 and the actual number of performance shares to be issued shall be between zero and 240,279 based upon our achievement of the performance goals. 50% of the shares pursuant to the performance award will be available for issuance on the first vesting date based on our achievement of the cumulative EPS goals for the first three-year period. Any portion of the 50% not issued on the first vesting date will be available for issuance on the second vesting date (together with the remaining 50%) based on achievement of the cumulative EPS goals for the full five-year period. The vesting of Mr. Farha's performance awards will accelerate in full in the event of (a) the termination of Mr. Farha's employment or service with us as a result of his death, disability or retirement, or (b) a change in control. Absent a change in control, in the event of the termination of Mr. Farha's employment or service with us by Mr. Farha for good reason or by us without cause, the vesting of Mr. Farha's performance award will accelerate on a pro rata basis based on the number of months elapsed from the grant date as compared to the 60-month term (or, if termination occurs after the first vesting date, as compared to the remaining 24-month term).

Paul Behrens serves as our Senior Vice President and Chief Financial Officer and Heath Schiesser serves as our Senior Vice President, Marketing & Sales, pursuant to employment agreements with us. Each agreement has an initial term of three years, and will automatically renew for successive additional one-year periods thereafter unless either party notifies the other that the term will not be extended. Under the agreements, Mr. Behrens is entitled to an annual salary of \$275,000 and Mr. Schiesser is entitled to an annual salary of \$250,000, in each case subject to annual review and potential increase by our board of directors. In August 2005, the board increased Mr. Schiesser's base salary to \$275,000. In addition, each is eligible to receive an annual potential bonus, payable in the form of cash or equity, based upon the satisfaction of performance criteria to be established annually by our compensation committee. If the employment of either of these executives is terminated by us without cause, or by the executive for good reason, the executive will be entitled to continue to receive his base salary and benefits for 12 months following the date of termination. In addition, in the case of Mr. Schiesser, if the termination occurs within six months after a change of control has occurred or a definitive agreement providing for a change of control has been signed, or if a definitive agreement providing for a change of control is signed within six months after the date of termination, he would also be entitled to receive an amount equal to his expected potential bonus payable for the 12-month period following the termination. Each of the executives has agreed not to compete with us during the term of his employment and for one year thereafter.

Pursuant to an offer letter to Mr. Sattaur dated December 5, 2003, Mr. Sattaur agreed to serve as our Senior Vice President, National Medicare Programs with an initial annual base salary of \$250,000 and a bonus award potential of up to 50% of his base salary. Pursuant to the offer letter, Mr. Sattaur was awarded stock options and a sign-on bonus of \$100,000. Mr. Sattaur also entered into our standard confidentiality, restrictive covenant and repayment of sign-on bonus agreements. In April 2004, Mr. Sattaur was promoted to President, Florida and, in August 2005, Mr. Sattaur's annual base salary was increased to \$275,000.

Pursuant to an offer letter to Dr. Hodgins, dated June 15, 2004, Dr. Hodgins agreed to serve as our Senior Vice President and Chief Medical Officer with an initial annual base salary of \$235,000 and a bonus award potential of up to 40% of his base salary. Pursuant to the offer letter, Dr. Hodgins was awarded 80,000 stock options. Dr. Hodgins also entered into our standard confidentiality and restrictive covenant agreements. In August 2005, Dr. Hodgins's base salary was increased to \$275,000. In the event Dr. Hodgins's employment is terminated by us without cause, Dr. Hodgins will be entitled to receive continued payment of his base salary for a period of six months.

### ***Directors' Compensation***

*Meeting Fees and Annual Retainers.* With the exception of Mr. Moszkowski, we pay each non-employee member of our board an annual director's fee of \$25,000 for attending meetings of the board of directors and committee meetings. Mr. Moszkowski does not receive an annual retainer nor is he paid for his attendance at board or committee meetings. Mr. Farha does not receive any additional compensation for his service as a member of the board of directors.

*Stock Options.* In July 2005, we granted to each non-employee member of our board, other than Mr. Moszkowski, an option to purchase 4,500 shares of our common stock, vested immediately at a per share exercise price of \$36.45. All of these option grants to directors have five year terms. We may, in our discretion, grant additional stock options and other equity awards to our directors from time to time. Our directors do not receive regular awards of stock options under a plan or otherwise.

*Perquisites and Other Benefits.* We also pay all reasonable expenses incurred by directors for attending meetings, pay for certain director continuing education programs and related expenses and maintain directors and officers liability insurance. We do not provide a retirement plan or other perquisites for our directors.

*Consulting Agreement with Mr. King-Shaw.* In November 2003, we entered into a consulting agreement with Mr. King-Shaw, one of our directors, pursuant to which Mr. King-Shaw oversaw certain governmental and regulatory issues for us. On April 27, 2005 we terminated this consulting agreement. Under this agreement, we paid Mr. King-Shaw a *per diem* rate or, in some case, an hourly rate, plus travel and related expenses. In 2004 and 2005, we paid \$35,000 and \$5,000, respectively, to Mr. King-Shaw under this agreement. In addition, in May 2004, in consideration of services rendered under this consulting agreement, we awarded Mr. King-Shaw options to acquire 8,131 shares of our common stock at an exercise price of \$6.47. These options expire on May 12, 2014, and originally vested as to 20.833% of the shares subject thereto upon the date of grant, and as to 4.167% of the shares subject thereto upon the end of each full calendar month following the grant date. In November 2004, our board of directors determined to accelerate the vesting of these options in full.

### ***Compensation Committee Interlocks and Insider Participation***

No member of the compensation committee serves as a member of the board of directors or compensation committee of any other entity that has one or more executive officers serving as a member of our board of directors or compensation committee.

(1) This information is furnished in reliance on the Schedule 13D/A filed by TowerBrook Investors L.P. (f/k/a Soros Private Equity Investors LP) (“TBI”) with the Securities and Exchange Commission on July 14, 2005. TBI is a Delaware limited partnership. Its general partner is TCP General Partner L.P. An investment committee of TCP GP exercises exclusive decision-making authority with regard to the acquisition and disposition of, and voting power with respect to, investments by TBI. TCP GP’s general partner is TowerBrook Capital Partners LLC, a Delaware limited liability company, whose controlling members are Neal Moszkowski and Ramez Sousou, who in such capacity may be deemed to have shared voting and dispositive power over securities held for the account of TBI. Each of Mr. Moszkowski and Mr. Sousou disclaim beneficial ownership of such securities except to the extent of any pecuniary interest therein. The ownership percentage is based on the number of shares of our common stock outstanding as of February 22, 2006.

(2) This disclosure is based upon a Schedule 13G/A filed by Waddell & Reed, Inc. (“WRI”) and other affiliated entities on February 1, 2006. WRI and the other affiliated entities reported that the securities are beneficially owned by one or more open-end investment companies or other managed accounts which are advised or sub-advised by Ivy Investment Management Company (“IICO”), an investment advisory subsidiary of Waddell & Reed Financial, Inc. The investment sub-advisory contracts grant IICO and WRIMCO investment power over securities owned by such sub-advisory clients and, in most cases, voting power. Any investment restriction of a sub-advisory contract does not restrict investment discretion or power in a material manner. The ownership percentage is based on the number of shares of our common stock outstanding as of February 22, 2006.

**Determination of beneficial ownership**

For purposes of the preceding table, “beneficial ownership” is determined in accordance with Rule 13d-3 under the Securities Exchange Act of 1934, pursuant to which a person or group of persons is deemed to have “beneficial ownership” of any common stock that such person or group has the right to acquire within 60 days after February 22, 2006. For purposes of computing the percentage of outstanding common stock beneficially owned by each person named above, any shares that such person has the right to acquire within 60 days after February 22, 2006, are deemed outstanding but such shares are not deemed to be outstanding for purposes of computing the percentage ownership of any other person. Except as otherwise noted, the person has sole voting and dispositive power with respect to all of the shares of common stock shown as beneficially owned, subject to community property laws, where applicable. The table below provides additional detail regarding management’s securities ownership:

The following table includes the specified information as of December 31, 2005 for all of our equity compensation plans which have been approved by our shareholders and all of our equity compensation plans which have not been approved by shareholders.

Plan Category	Securities Authorized for Issuance Under Equity Compensation Plans		
	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)

Equity compensation plans not approved by security holders <sup>(2)</sup>	149,618	6.59	—
Total	2,834,196	21.32	2,640,284

(1) Equity compensation plans approved by our shareholders include the WellCare Holdings, LLC 2002 Employee Option Plan (the “2002 Plan”) the WellCare Health Plans, Inc. 2004 Equity Incentive Plan (the “2004 Equity Plan”) and the WellCare Health Plans, Inc. 2005 Employee Stock Purchase Plan (the “ESPP”). These plans were approved by our shareholders in April 2005. As of December 31, 2005, there were (i) no shares reserved for future issuance under the 2002 Plan, (ii) 2,252,570 shares reserved for future issuance under the 2004 Equity Plan and (iii) 387,714 shares reserved for future issuance under the ESPP. The total number of shares of common stock subject to the granting of awards under our 2004 Equity Plan may be increased on January 1 of each year, commencing on January 1, 2005 and ending on January 1, 2013, in an amount equal to the lesser of 3% of the number of shares of common stock outstanding on each such date, 1,200,000 shares, or such lesser amount determined by our board of directors. For 2005 there was no increase in shares of common stock under our 2004 Equity Plan. In addition to options, shares may be issued in restricted stock awards, performance awards and other stock-based awards under the 2004 Equity Plan.

(2) Equity compensation plans not approved by our shareholders include an aggregate of 14 stock option agreements (the “Non-Plan Grants”) entered into with individuals prior to our initial public offering, on materially similar terms as the options granted under the 2002 Plan that was approved by our shareholders. Eleven of the Non-Plan Grants, exercisable for an aggregate of 60,173 shares of common stock, were issued to individuals other than our directors or executive officers. The weighted average exercise price of those eleven outstanding options is \$5.51 per share. The vesting schedule of those eleven Non-Plan Grants is as follows: (a) three options, exercisable for an aggregate of 24,394 shares, vested as to 25% after one year, and as to 2.083% upon the end of each full calendar month thereafter, (b) one option, exercisable for 12,197 shares, vested in full on the later of December

31, 2003 or the completion of the optionee's consulting engagement, (c) two options, exercisable for an aggregate of 10,165 shares, vested in full on the grant date, and (d) five options, exercisable for an aggregate of 13,417 shares, vest as to 4.167% upon the end of each full calendar month following the grant date. In November 2004, our board of directors determined to fully accelerate the vesting of six out of the eight option grants listed in both subsections (a) and (d) above.

The remaining three Non-Plan Grants were issued to our directors, as follows:

- On December 31, 2003, Mr. Michalik was granted options to purchase 40,657 shares at a per share exercise price of \$6.47. ***Audit and Non-Audit Services Pre-Approval Policy***

Deloitte & Touche LLP was our independent registered public accounting firm for the years ended December 31, 2004 and December 31, 2005, and has been selected by our audit committee to be our independent registered public accounting firm for the year ending December 31, 2006. Consistent with policies of the Securities and Exchange Commission regarding auditor independence, the audit committee has responsibility for the appointment, compensation and oversight of the work of the independent registered public accounting firm. As part of this

responsibility, the audit committee has adopted an Audit and Non-Audit Services Pre-Approval Policy pursuant to which the audit committee is required to pre-approve the audit and non-audit services performed by the independent registered public accounting firm in order to assure that they do not impair the auditor's independence from the company.

14

Prior to engagement of the independent registered public accounting firm for the next year's audit, the independent registered public accounting firm submits a list of services and related fees expected to be rendered during that year within each of four categories of services to the audit committee for approval:

- *Audit Services:* Audit services include the annual financial statement audit (including required quarterly reviews), subsidiary audits, equity investment audits and other procedures required to be performed by the independent auditor to be able to form an opinion on the company's consolidated financial statements.
- *Audit-Related Services:* Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the company's financial statements, including due diligence related to mergers and acquisitions, employee benefit plan audits, regulatory reporting, internal controls or that are traditionally performed by the independent registered public accounting firm.
- *Tax Services:* Tax services include services such as tax compliance, tax planning and tax advice; however, the audit committee will not permit the retention of the independent registered public accounting firm in connection with a transaction initially recommended by the independent registered public accounting firm the sole business purpose of which may be tax avoidance and treatment of which may not be supported in the Internal Revenue Code and related regulations.
- *All Other Services:* All other services are those permissible non-audit services that the audit committee believes are routine and recurring and would not impair the independence of the auditor and are consistent with the Securities and Exchange Commission's rules on auditor independence.

Prior to engagement, the audit committee pre-approves the services and fees of the independent registered public accounting firm within each of the above categories. During the year, it may become necessary to engage the independent registered public accounting firm for additional services not previously contemplated as part of the engagement. In those instances, the Audit and Non-Audit Services Pre-Approval Policy requires that the audit committee specifically approve the services prior to the independent registered public accounting firm's commencement of those additional services. Under the Audit and Non-Audit Services Pre-Approval Policy the audit committee may delegate the ability to pre-approve audit and non-audit services to one or more of its members provided the delegate reports any pre-approval decision to the audit committee at its next scheduled meeting. As of the date hereof, the audit committee has not delegated its ability to pre-approve audit services. The policy does not provide for a *de minimus* exception to the pre-approval requirements. Accordingly, all of the 2004 and 2005 fees described above were pre-approved by the full audit committee in accordance with the Audit and Non-Audit Services Pre-Approval Policy.
