**TELE NORTE CELULAR PARTICIPAÇÕES S.A.  
REPORTS FIRST QUARTER 2006 RESULTS**

- **EBITDA margin at 22% of net service revenues for the 1Q06**
- **Maintenance of post-paid churn rates at low levels for 3 consecutive quarters**

**Brasília, May 26, 2006** Tele Norte Celular Participações S.A. (BOVESPA: TNCP3 (Common) / TNCP4 (Preferred); NYSE: TCN), the holding Company of the providers of wireless telecommunications services in the States of Amapá, Amazonas, Maranhão, Pará and Roraima in Brazil, today announced its first quarter 2006 results. The Company registered net additions of 10,074 for the quarter, increasing the client base to 1,233,115. For the quarter, EBITDA reached R\$18.9 million, representing 21.8% of net service revenues.

**Operating Highlights:**

**Net additions of 10,074 customers in 1Q06**

The Company's customer base reached 1,233,115 during the first quarter of 2006, representing a slight increase over the previous quarter. Net additions amounted to 10,074 for the quarter.

For the first quarter of 2006, prepaid net additions were 15,337, bringing the total prepaid base to 981,223 or 80% of the total base. The postpaid base decreased by 5,263 customers, ending the quarter with 251,892 customers or 20% of the total base.

## **Churn rates**

Blended annualized churn rate decreased during the quarter reaching 42% due to lower churn rates in the prepaid segment. The postpaid annualized churn rate for 1Q06 reached 25% in line with the last two quarters. The prepaid annualized churn rate decreased to 46% when compared to the 53% registered in the previous quarter, representing an improvement on two consecutive quarters.

## **Operating revenues**

Net service revenues totaled R\$86.7 million for the 1Q06, a decrease of R\$8.2 million or 9% when compared to the previous quarter. Such decrease is related to a 4% decrease in total traffic associated with seasonality and to increased promotional minutes offered in the quarter.

Net equipment revenues for the quarter totaled R\$11.2 million, an increase of 7.3% when compared to 4Q05 due to lower handset subsidies during the quarter.

As a result, total net revenues were R\$97.9 million for the quarter, 7.1% lower when compared to the previous quarter.

Data revenues represented 6.9% of net services revenues for the quarter. It should be noted that the criteria for presenting the data service revenues have been adjusted in order to become more comparable with the indicators presented by our peers. As a result, we have included the VAS (value-added service) revenues to the criteria. For comparison purposes, such indicator would have been 6.3% in the last quarter of 2005 as opposed to the 4.9% that was disclosed in the previous earnings release.

For the first quarter of the year, handset subsidies for client acquisitions were R\$1.9 million or R\$14.1 per gross addition, lower than the R\$2.3 million or R\$15.0 registered in the previous quarter.

## **Operating costs and expenses**

Cost of services for the first quarter of 2006 totaled R\$25.3 million, 17.1% below the R\$30.5 million reported in the 4Q05. This decrease is mainly related to lower interconnection costs associated with reduced outgoing traffic and to lower network maintenance expenses.

Selling and marketing expenses for the quarter totaled R\$28.3 million, up 14.2% quarter-over-quarter. This increase is primarily due to the higher marketing and advertising expenses

related to the launch of Me Liga ( Call Me ) promotion and to increased retention efforts during the quarter. Selling and marketing expenses as a percentage of net service revenues were 33% in the 1Q06.

Customer acquisition cost for the first quarter of 2006 increased to R\$149 from R\$114 reported in the 4Q05. This can be attributed to higher advertising and promotional expenses during the first quarter of 2006.

Retention costs as a percentage of net service revenues reached 18.2% for the quarter, 4.8 p.p. higher than the 13.4% registered in the previous quarter.

As anticipated in the previous earnings release G&A expenses remained within the range of 9% to 11% of net services revenues for the 1Q06, representing 10.5% of net service revenues or R\$9.1 million.

Bad debt as a percentage of net service revenues has increased to 3.6% when compared to 2.5% reported in the previous quarter. When calculated against total net revenues, bad debt reached 3.2% during the 1Q06 compared to 2.2% reported in the 4Q05. This increase is related to the credit profile of clients acquired during Christmas campaigns.

#### **Average revenue per user (ARPU)**

Postpaid MOU (minutes of use) for the 1Q06 totaled 205, representing a 2% decrease when compared to the 209 registered in the previous quarter. As a result, postpaid ARPU (average revenue per user) reached R\$74.7 for the quarter, representing a decrease of R\$2.5 or 3% when compared to the R\$77.3 registered in the 4Q05. The decrease in traffic usage and, consequently, in ARPUs, is primarily associated with seasonality.

For the first quarter of the year, prepaid MOU reached 28, representing a 7% decrease when compared to 30 reported in the previous quarter. Prepaid ARPU decreased to R\$8.7 in the 1Q06 from R\$9.7 reported in the previous quarter, as a result of lower minutes associated with seasonality and of increased promotional minutes offered during the quarter.

As a result, blended ARPU for the 1Q06 decreased R\$2.1 or 9% reaching R\$22.3, compared to R\$24.5 registered in the last quarter of 2005.

**Market share estimated at 24%**

Market share was estimated at 24% compared to 26% registered in the previous quarter. Gross sales share for the 1Q06 was estimated at 26.0%, representing a decrease of 1.7 p.p. when compared to the previous quarter.

**EBITDA margin of 21.8% of net service revenues**

EBITDA and EBITDA margin (excluding handsets revenues) for the first quarter of 2006 reached R\$18.9 million and 21.8%, respectively, compared to R\$35.4 million and 37.3% registered in the previous quarter.

**Depreciation and amortization**

For the 1Q06, depreciation and amortization totaled R\$27.9 million, representing a decrease of 2.8% when compared to 4Q05.
