**BRASKEM CONCLUDES THE ACQUISITION OF  
IPIRANGA PETROQUÍMICA S SHARES**

**São Paulo, July 2, 2007 - Braskem** (BOVESPA: BRKM5; NYSE: BAK; LATIBEX: XBRK), the leader in the thermoplastic resins segment in Latin America and second largest Brazilian industrial company owned by the private sector, hereby announces the conclusion of the acquisition of 7.61% of Ipiranga Petroquímica (IPQ) total capital. The deal was concluded through an agreement to acquire the shares from the minority shareholders of IPQ, through its subsidiary EDSP67 Participações S.A., which is wholly owned by Ipiranga Química.

With the execution of this agreement, the totality of IPQ's shares is now controlled by Braskem, and a request may now be filed with the Brazilian Securities and Exchange Commission (CVM) for the delisting of the company's shares, with no need to hold a public share offering for the transfer of control.

The shares were acquired for R\$ 118 million, an amount included in the total investment already announced for the acquisition of the petrochemical businesses of the Ipiranga Group. About the transaction, Carlos Fadigas, CFO and Investor Relations Officer, commented, "This deal represents one more step in the consolidation of the acquisition of the Ipiranga Group petrochemical assets, divulged on March 19, 2007."

Braskem, a world-class Brazilian petrochemical company, is the leader in the thermoplastic resins segment in Latin America, and is the second largest Brazilian industrial company owned by the private sector. The company operates 18 manufacturing plants located throughout Brazil, and has an annual production capacity of more than 10 million tons of petrochemical and chemical products.

### FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
