**Top of the Form**

**Item 1.01 Entry into a Material Definitive Agreement.**

On July 6, 2005, Wright Express Corporation (the "Company") purchased put option contracts and sold call option contracts, designed to be a costless collar, on the price of gasoline and diesel fuel with J. Aron & Company (collectively, the "Contracts"). The Contracts have an aggregate notional amount of approximately 24 million gallons of gasoline and diesel fuel and will expire on a monthly basis during the first three quarters of 2007. The settlement of the Contracts is based upon the U.S. Department of Energy's weekly retail on-highway national US average diesel price and the New York Mercantile Exchange nearby unleaded gasoline contracts for the month. The Contracts lock in a weighted average floor price of approximately \$2.29 per gallon and a weighted average ceiling price of approximately \$2.36 per gallon.

On July 12, 2005, the Company issued a press release announcing this transaction.

**Item 8.01 Other Events.**

On July 12, 2005, Wright Express Corporation issued a press release entitled "Wright Express Extends Fuel-Price Hedging Program into 2007." A copy of the press release is attached hereto as exhibit 99.1 and is incorporated by reference in its entirety.

**Item 9.01 Financial Statements and Exhibits.**

(c) Exhibits.
