Item 1.01 Entry into a Material Definitive Agreement.

On December 7, 2005, the Registrant's subsidiary, AGZ Holding, the parent company of Antargaz ("Antargaz"), executed a new Senior Facilities Agreement ("Agreement") with a final maturity date of March 31, 2011 among AGZ Holding, as Borrower and Guarantor, Antargaz, as Borrower and Guarantor, Calyon, as Mandated Lead Arranger, Facility Agent and Security Agent (the "Agent") and the financial institutions party thereto. The Agreement provides for a €380 million term loan and a €50 million revolving credit facility. Upon notice to the Agent, the Company may prepay the outstanding principal amount of the borrowing, in whole or in part, without premium or penalty. The obligations of AGZ Holding and Antargaz under the Agreement are secured by a pledge of the shares of Antargaz and certain of its subsidiaries, and a pledge of AGZ Holding's and Antargaz' receivables.

The proceeds of the €380 million term loan were used, in part, to repay the outstanding balance of €175 million under AGZ Holding's existing Senior Facilities Agreement dated June 26, 2003, which was then terminated. In addition, the proceeds will be used to redeem in January 2006 the existing €165 million 10% Senior Notes due 2011 issued by AGZ Finance S.A. and guaranteed by AGZ Holding and for general corporate purposes.

The borrowings on the term loan and revolving credit facility will bear interest, in whole or in part, at a one, two, three, or six-month Euribor rate, plus a margin and mandatory costs, as defined in the Agreement. The margin on borrowings (which ranges from 0.70% to 1.15%) is dependent upon AGZ Holding's ratio of total net debt ("Total Net Debt") to earnings before interest expense, income taxes, depreciation and amortization ("EBITDA"), each as defined in the Agreement. For an initial interest period, the borrowing will bear interest at a Euribor rate plus 0.80%.

The Agreement includes usual and customary covenants for credit agreements of this type, including covenants restricting the incurrence of additional indebtedness, liens, guarantees, investments, loans and advances, payments, mergers, consolidation, asset transfers, transactions with affiliates, sales of assets, acquisitions and other transactions. In addition, Antargaz must maintain a ratio of Total Net Debt to EBITDA equal to or less than 3.75 to 1.

In the event of a default, the Agent shall, at the request of, or may, with the consent of, the required financial institutions, declare the amounts outstanding under the Agreement, including all accrued interest and unpaid fees, payable upon demand.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth above in Item 1.01 regarding the €380 million term loan is hereby incorporated into Item 2.03 (a) by reference.
