**Item 2.05 Costs Associated with Exit or Disposal Activities.**

On October 25, 2011, Illumina, Inc. (the "Company") announced restructuring plans to reduce its global workforce by approximately 200 employees, or approximately 8%. These steps are being taken to better align the Company's organization and cost structure in consideration of uncertainties associated with academic and government research funding and the global economic environment. As a result of the reductions, the Company expects to record a restructuring charge, comprised primarily of compensation and benefits afforded to terminated employees, of approximately \$15 - 17 million, the majority of which will be recorded in the fourth quarter of fiscal 2011. The Company anticipates that the actions associated with the reductions will be substantially completed during 2011 and that cash expenditures for restructuring related charges will be substantially completed during 2011.
