Qualifications of Director Nominees

When considering whether our director nominees have the experience, qualifications, attributes and skills, taken as a whole, to enable our Board of Directors to satisfy its oversight responsibilities effectively in light of EdR's operational and organizational structure, the Nominating and Corporate Governance Committee and the Board of Directors focused primarily on the information discussed in each of the director nominees' individual biographies set forth above and on the following particular attributes:

Chairman of the Audit Committee and as a member of our Board of Directors. Mr. Weakley is also a member of the Investment Oversight Committee and Nominating and Corporate Governance Committee.

The Board of Directors recommends a vote “FOR” each nominee named above.

CORPORATE GOVERNANCE

Director Independence

As required by the listing standards of the New York Stock Exchange ("NYSE"), a majority of the members of a listed company's board of directors must qualify as independent as affirmatively determined by the company's board of directors. Consistent with SEC rules, the NYSE listing standards and our Corporate Governance Guidelines, our Board of Directors reviews all relevant transactions or relationships between each director and EdR, our senior management and our independent registered public accounting firm. During this review, the Board of Directors considers whether there are any transactions or relationships between directors or any member of their immediate families (or any entity of which a director or an immediate family member is an executive officer, general partner or significant equity holder) and EdR, senior management and our independent registered public accounting firm. The Board of Directors consults with EdR's corporate counsel to ensure that its determinations are consistent with all relevant securities and other laws and regulations regarding the definition of “independent.”

As a result of this review, our Board of Directors affirmatively determined that the following six of our eight current directors are independent within the meaning of applicable SEC rules, NYSE listing standards and our Corporate Governance Guidelines: Messrs. Arabia, Barrow, Cahill, Silver and Weakley and Ms. Schaefer. Mr. Churchey, our Chief Executive Officer, and Mr. Trubiana, our President, are not independent, as defined by the applicable rules.

Board and Committee Meetings; Attendance

EdR encourages, but does not require, its directors to attend annual meetings of stockholders. Messrs. Arabia, Barrow, Cahill, Churchey, Silver, Trubiana and Weakley attended the 2015 Annual Meeting of Stockholders. The Board of Directors held four meetings during 2015. Each member of the Board of Directors attended at least 75% of the aggregate of (i) all board meetings and (ii) all committee meetings for committees on which the director served, except for Ms. Schaefer, who did not join the Board of Directors until January 1, 2016. In addition, our independent directors conduct regularly scheduled executive sessions without the presence of non-independent directors or management. Mr. Silver, as lead independent director, serves as the Chairman for and presides over these executive sessions of the independent directors.

Board Committees

The Board of Directors has established the following four standing committees that have certain responsibilities for our governance and management:

- ▲ Audit Committee,
- Compensation Committee,
- ◆ Nominating and Corporate Governance Committee and
- ♣ Investment Oversight Committee.

The Board of Directors has adopted charters for each of these committees, all of which can be found on the Investor Relations page of our corporate website at www.edrtrust.com under the caption “Corporate Governance.” EdR will also provide a copy of these charters to any person, free of charge, upon written request to EdR. For contact information,

please see “Additional Information—Whom should I contact if I have any questions?” below.

The Board of Directors has determined that each member of the Audit Committee meets the independence and financial literacy requirements of the NYSE listing standards applicable to members of the Audit Committee as well as the Audit Committee independence standards established by the SEC. The Board of Directors also has determined that Mr. Weakley, the Audit Committee Chairman, and Mr. Silver, member of the Audit Committee, are each an “audit

committee financial expert” as defined by the rules of the SEC. In addition, the Board of Directors has determined that each member of the Compensation Committee and the Nominating and Corporate Governance Committee satisfies the applicable independence requirements of the NYSE listing standards.

The current membership of and information about the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Investment Oversight Committee are set forth below. All members of these committees are independent within the meaning of the NYSE listing standards.

5 Meetings in 2015

Audit Committee Matters

The Audit Committee has been appointed by the Board of Directors to oversee the accounting, reporting and financial practices and legal compliance of EdR. The Audit Committee has general responsibility for the oversight of the accounting and financial processes of EdR, including oversight of the integrity of our financial statements, our compliance with legal and regulatory requirements, the qualification and independence of our auditors, the performance of our internal audit function and independent auditors and the preparation of the Audit Committee Report. A more detailed discussion of the responsibilities with regard to our financial statements and the Committee’s interactions with our independent registered public accounting firm is provided under the caption “Audit Committee Report” below.

Compensation Committee Matters

The Compensation Committee acts on behalf of the Board of Directors to establish the compensation packages of the NEOs of EdR and to provide oversight of EdR’s compensation program. In addition, the Compensation Committee also reviews the compensatory and benefit plans available to our executive officers and employees and administers our equity incentive plans. The Compensation Committee may not delegate its authority to approve executive compensation or equity awards, except to subcommittees comprised solely of Compensation Committee members. A more detailed discussion of the Compensation Committee’s primary processes for establishing and overseeing executive compensation, including the role of executive officers in determining or recommending executive compensation, is provided under the caption “Compensation Discussion and Analysis – Compensation Program Philosophy, Practices and Procedures – Procedures for Compensation Decisions” below.

To facilitate the fulfillment of its duties, the Compensation Committee has sole authority to retain outside advisors, including compensation consultants, to assist the Compensation Committee with executive compensation matters. Additionally, the Compensation Committee has sole authority to approve the fees and retention terms of any such advisors or consultants. The Compensation Committee periodically examines REITs of comparable organizational size and market capitalization and collects compensation data from such companies in order to assess the appropriateness and composition of the compensation packages for our NEOs. In October 2011 and every other year thereafter to date (in October of 2013 and October 2015), the Compensation Committee engaged FPL Associates, L.P. (“FPL”) for the specific purpose of conducting a competitive benchmarking analysis by preparing a peer group compensation study which the Compensation Committee used as a basis to modify, with the assistance of FPL, the long-term incentive programs and to make additional modifications to EdR’s broader executive compensation program. In addition, FPL also advised the Compensation Committee on the design of the compensation program for

EdR's non-employee directors. A more detailed discussion of FPL's role in assisting the Compensation Committee with respect to 2015 compensation matters is provided under the caption "Compensation Discussion and Analysis – Compensation Program Philosophy, Practices and Procedures – Independent Compensation Consultant" below.

Non-Employee Director Compensation

It is the role of the Compensation Committee, on behalf of the Board of Directors, to review, approve and recommend to the Board of Directors any changes to the compensation of our non-employee directors. The Board of Directors and the Compensation Committee believe that director compensation should fairly compensate directors for the work required by publicly-traded REITs of comparable organizational size and market capitalization as EdR, that the compensation should align the directors' interests with the long-term interest of stockholders and that the structure of the compensation should be simple, transparent and easy for stockholders to understand.

Effective January 1, 2012, the Compensation Committee approved, and the Board of Directors ratified, a director compensation plan in which meeting fees are not paid and, instead, the amounts previously paid as meeting fees are added to the annual cash retainer for each non-employee director. Additional details of 2015 non-employee director compensation are provided under "2015 Director Compensation" below.

During 2015, the compensation of our non-employee directors was based upon the following:

Annual Cash Retainer for the Board of Directors	\$38,000
Annual Cash Retainer for each Member of Audit Committee	\$17,000
Annual Cash Retainer for each Member of the Compensation Committee, Nominating and Corporate Governance Committee and Investment Oversight Committee	\$7,000
Annual Cash Retainer for the Chairman of Audit Committee	\$17,500
Annual Cash Retainer for the Chairman of each of the Compensation Committee, Nominating and Corporate Governance Committee and Investment Oversight Committee	\$10,000
Annual Cash Retainer for the Lead Independent Director	\$10,000
Annual Grant of Common Stock for each Non-Employee Director	\$68,000

Mr. Churchey, our Chief Executive Officer, was elected chairman of the Board of Directors in 2015 and does not receive any compensation in his capacity as chairman of the Board of Directors. Mr. Trubiana, our President, does not receive any compensation in his capacity as director.

We reimburse our non-employee directors for all reasonable expenses incurred in connection with their service on the Board of Directors. Directors who are employees of EdR or its subsidiaries do not receive compensation for their services as directors.

Equity Ownership Guidelines

In March 2016, the Compensation Committee revised the Education Realty Trust, Inc. Equity Ownership Guidelines (the "Guidelines"). The Guidelines apply to all executive officers and non-employee directors of the Company. The Compensation Committee believes that our executive officers and directors should acquire and maintain a material equity position in EdR to promote (i) the further alignment of the interests of such individuals and EdR's stockholders, (ii) the creation of value for EdR's stockholders and (iii) the accountability of such individuals for the performance of EdR. Specifically, the revised Guidelines require that, within five years from the later of January 1, 2011 or the date on which the executive officer or non-employee director became subject to the Guidelines, such individuals must satisfy the following ownership requirements:

Chief Executive Officer: 83,333 shares of common stock;

President: 40,000 shares of common stock;

Executive Vice President/Chief Financial Officer: 18,000 shares of common stock;

Executive Vice President/Chief Operating Officer: 18,000 shares of common stock;

- Senior Vice President/Chief Accounting Officer: 3,000 shares of common stock; and
- ‡Non-Employee Directors: 5,000 shares of common stock.

For purposes of the Guidelines, vested and unvested equity awards that are subject only to time-based vesting restrictions and that have been granted pursuant to the various equity incentive compensation plans of EdR will count toward the satisfaction of an individual's ownership requirement. The Compensation Committee will administer the Guidelines and will annually review each individual's progress toward achieving his or her requirement under the Guidelines. To promote compliance with the Guidelines, the Compensation Committee may (i) require that vested and unvested equity awards granted pursuant to the various equity incentive compensation plans of the Company contain provisions that require compliance with the Guidelines and/or (ii) impose any other consequences upon a participant who does not comply with the Guidelines, including, but not limited to, making payments of compensation otherwise payable in cash payable in shares of common stock.

Nominating and Corporate Governance Committee Matters

Director Nominations Process

The Board of Directors has delegated to the Nominating and Corporate Governance Committee the responsibility of reviewing and recommending nominees for membership on the Board of Directors. Though EdR has no formal policy addressing diversity, the Nominating and Corporate Governance Committee and Board of Directors believe that diversity is an important attribute of the members who comprise our Board of Directors and that the members should represent an array of backgrounds and experiences and should be capable of articulating a variety of viewpoints. Accordingly, pursuant to its committee charter and our Corporate Governance Guidelines, the Nominating and Corporate Governance Committee considers in its review of director nominees factors such as values and disciplines, ethical standards, age, gender, race, culture, expertise, background and skills, all in the context of an assessment of the perceived needs of the Board of Directors at that point in time. Other characteristics, including but not limited to, the director nominee's material relationships with EdR, time availability, service on other boards of directors and their respective committees or any other characteristics that may prove relevant at any given time as determined by the Nominating and Corporate Governance Committee are also reviewed for purposes of determining a director nominee's qualifications.

Candidates for director nominees are evaluated by the Nominating and Corporate Governance Committee in the context of the current composition and perceived needs of the Board of Directors, the operating requirements of EdR and the long-term interests of EdR's stockholders. In the case of new director candidates, the Nominating and Corporate Governance Committee also determines whether the nominee is independent, which determination is based upon applicable NYSE listing standards, applicable SEC rules and regulations, our Corporate Governance Guidelines and the advice of counsel, if necessary. The Nominating and Corporate Governance Committee uses its network of contacts to compile a list of potential candidates but also has the authority to engage, retain and compensate, if it deems appropriate, a professional search firm. The Nominating and Corporate Governance Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board of Directors. In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee reviews such directors' overall service to EdR during their respective term, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair such directors' independence. The Nominating and Corporate Governance Committee meets to discuss and consider such candidates' qualifications and then selects a nominee for recommendation to the Board of Directors by majority vote. To date, the Nominating and Corporate Governance Committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates.

The Nominating and Corporate Governance Committee has evaluated and recommends each of the directors standing for election at the Annual Meeting.

Nominations by Stockholders

The Nominating and Corporate Governance Committee reviews and considers all candidates for nomination and election as directors who may be suggested by any director or executive officer of EdR. The Nominating and Corporate Governance Committee will also consider any director candidate nominated by any stockholder if the recommendation is made in accordance with the procedures set forth in our Amended and Restated Bylaws (the "Bylaws"). For

10

nominations for election to the Board of Directors or other business to be brought properly before an annual meeting of stockholders, the stockholder must comply with the advance notice provisions and other requirements of Article II, Section 11 of our Bylaws.

These notice provisions require that nominations for directors be received no more than 150 days and no fewer than 120 days before the first anniversary of the date of the proxy statement for the preceding year's annual meeting of stockholders. In the event that the date of the annual meeting of stockholders is advanced or delayed by more than 30 days from the first anniversary of the date of the preceding year's annual meeting, notice by the stockholder, to be timely, must be delivered not earlier than the close of business on the 150th day prior to the date of such annual meeting and not later than the close of business on the later of the 120th day prior to the date of such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made by EdR. Such stockholder's notice must set forth certain information including, but not limited to, the following:

as to each person whom the stockholder proposes to nominate for election or reelection as a director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest (even if an election contest is not involved), or is otherwise required, pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the rules thereunder;

as to any other business that the stockholder proposes to bring before the annual meeting, a description in reasonable detail of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and of each beneficial owner, if any, on whose behalf the proposal is made; and

as to the stockholder giving the notice, any proposed nominee and each beneficial owner, if any, on whose behalf the nomination or proposal is made: (i) the name and address of such stockholder, as they appear on EdR's stock ledger, and the current name and business address, if different, of any proposed nominee and each such beneficial owner; (ii) the class, series and number of all shares of common stock or other securities of EdR, if any, which are owned (beneficially or of record) by such stockholder, proposed nominee or beneficial owner, the date on which each such share of stock or other security was acquired, the investment intent of such acquisition and any short interest in any share of stock or other security of any such person; (iii) a description of whether, and the extent to which, such stockholder, proposed nominee or beneficial owner, directly or indirectly, is subject to or during the last six months has engaged in any hedging, derivative or other similar transaction or series of transactions in common stock or other securities of EdR; (iv) a description of any substantial interest, direct or indirect, of such stockholder, proposed nominee or beneficial owner in EdR; and (v) the name and address of any other stockholder supporting the nominee for election or reelection as a director or the proposal of other business, to the extent known by the stockholder giving the notice.

The foregoing description of the advance notice provisions of our Bylaws is a summary and is qualified in its entirety by reference to the full text of the Bylaws, which were filed with the SEC on November 7, 2014 as an exhibit to a Quarterly Report on Form 10-Q. Accordingly, we advise you to review our Bylaws for additional stipulations relating to advance notice of director nominations and business proposals.

Corporate Leadership Structure

The Board of Directors appointed Randy Churchey as Chairman of the Board of Directors effective January 1, 2015. The Board of Directors determined that Mr. Churchey's considerable experience as a senior executive officer of publicly-traded real estate companies, including REITs, service to EdR as Chief Executive Officer, a member of the Board of Directors and former President, and his familiarity with our operational and organizational structure uniquely qualify him for this position.

As the individual primarily responsible for the day-to-day management of business operations, Mr. Churchey is best positioned to chair regular Board of Director meetings as the directors discuss key business and strategic issues. Coupled with a lead independent director (discussed below), this leadership structure allows the Board of Directors to exercise independent oversight and enables the Board of Directors to have direct access to information related to the day-to-day management of business operations.

To promote the independence of the Board of Directors and to demonstrate the Company's commitment to strong corporate governance, the independent members of the Board of Directors designated an independent director to serve as the lead independent director. The independent members of the Board of Directors have designated Mr. Silver as the lead independent director. In addition to chairing all executive sessions of the independent directors, the lead independent director presides at all meetings of the Board of Directors at which the Chairman and Chief Executive Officer are not present, and has such other duties as the independent members of the Board of Directors may determine from time to time.

The Board of Directors believes that this corporate leadership structure - a combined Chairman of the Board of Directors and Chief Executive Officer and a lead independent director - is effective and currently serves EdR and its stockholders well.

Oversight of Risk Management

The Board of Directors has an active role, as a whole and also at the committee level, in overseeing the management of risks applicable to EdR. The Board of Directors regularly reviews information regarding our credit, liquidity and operations, as well as the risks associated with each. At the committee level, (i) the Audit Committee oversees management of accounting, financial, legal and regulatory risks; (ii) the Compensation Committee oversees the management of risks relating to our executive compensation program; (iii) the Nominating and Corporate Governance Committee manages risks associated with the independence of the members of the Board of Directors and potential conflicts of interest; and (iv) the Investment Oversight Committee oversees the management of risks related to significant acquisitions, dispositions and development projects that are individually significant to the Company. While each committee is directly responsible for evaluating certain enumerated risks and overseeing the management of such risks, the entire Board of Directors is generally responsible for and is regularly informed through committee reports about such risks and any corresponding remediation efforts designed to mitigate such risks.

Corporate Governance Guidelines and Code of Business Conduct and Ethics

Our Board of Directors has adopted Corporate Governance Guidelines, which were revised in August 2015 to clarify that the Board of Directors shall ensure the independence of each member of the Investment Oversight Committee, and a Code of Business Conduct and Ethics, which was revised in August 2015 and subsequently in March 2016 to update the website reference, change the definition of substantial value for reporting business entertainment, and to include reporting to the General Counsel, that is applicable to all members of our Board of Directors, our executive

officers and our employees. We have posted these documents on the Investor Relation's page of our corporate website at www.edrtrust.com under the caption "Corporate Governance." EdR will provide a copy of these documents to any person, free of charge, upon written request to EdR. For contact information, please see "Additional Information—Whom should I contact if I have any questions?" below. Any waiver of the Code of Business Conduct and Ethics for an executive officer or director will be promptly disclosed to stockholders in any manner that is acceptable under the NYSE listing standards, including, but not limited to, the distribution of a press release, disclosure on our website and/or disclosure on a Current Report on Form 8-K. We intend to satisfy our disclosure obligations under Item 5.05 of Form 8-K related to amendments or waivers of the Code of Business Conduct and Ethics by posting such information on our corporate website.

Corporate Governance Enhancements

The Board of Directors implemented the following corporate governance enhancements during 2015:

- developed written guidance clarifying director independence, which was distributed to the members of the Board of Directors;

- formalized the process for new Board member orientation;

- provided change in control agreements to key executives not otherwise covered by an employment agreement to assist with continuity during a threatened change in control scenario;

- revised the Commitment Authority Policy in May 2015 to clearly define the authority of the Chief Executive Officer, President and Chief Financial Officer;

- revised the Insider Trading Policy in February 2016 to make the policy clearer and more easily understood, to provide a hardship exemption to the blackout period and to prohibit, subject to certain limited exceptions, margin accounts and pledges;

- the Nominating and Corporate Governance Committee scrutinized the Board of Directors and developed a Board of Directors skills matrix to assist with the selection of new Board members;

- took a fresh look at the Board of Directors and Committee self-evaluations and included additional questions for assessment purposes; and

- developed new tools to routinely track outside Directorships and significant relationships and Board member attendance.

These changes and enhancements, in addition to corporate governance enhancements adopted over the past few years, furthers the Board of Director's strong commitment to good corporate governance practices and strengthens the Board of Director's capacity to oversee the Company and to serve the long-term interests of our stockholders. Corporate governance enhancements previously adopted include the following:

- equity ownership guidelines for all non-employee directors and executive officers;

- the Education Realty Trust, Inc. 2011 Omnibus Equity Incentive Plan (the "Omnibus Equity Incentive Plan"), which was approved by stockholders at the 2011 Annual Meeting of Stockholders. The Omnibus Equity Incentive Plan prohibits option repricing without stockholder approval and eliminated the evergreen provisions that were part of the Education Realty Trust, Inc. 2004 Incentive Plan;

an equity grant policy that requires: (i) a minimum three-year vesting period for all full value time-based awards granted under the Omnibus Equity Incentive Plan and (ii) a minimum three-year vesting period for all full value performance-based awards granted under the Omnibus Equity Incentive Plan;

requiring all new executive employment agreements to: (i) subject compensation paid to an executive officer to any subsequently adopted clawback policy of EdR and (ii) not provide for tax gross-ups under any circumstances;

updating our Corporate Governance Guidelines to decrease the maximum age at which a director may stand for election from 75 to 72 and provide a requirement for a lead independent director;

utilizing compensation reports prepared by a third-party compensation consultant to assist the Compensation Committee with evaluating and structuring the executive compensation program;

amending our Insider Trading Policy to restrict the ability of our officers, directors, employees and agents to engage in hedging transactions involving our securities;

reviewing and revising all committee charters and planners to clarify duties and verify that all prudent and required oversight is addressed;

opting out of the Maryland Unsolicited Takeover Act, which action may not be rescinded unless approved by the stockholders of the Company by the affirmative vote of at least a majority of all of the votes cast on the matter by stockholders entitled to vote on the matter;

changing the voting standard for the election of directors from a plurality voting standard to a majority voting standard in uncontested elections. Under the revised voting standard, a director shall be elected to the Board of the Company if the votes cast for such nominee's election exceeds the votes cast against such nominee's election; provided that if the election is contested, directors shall be elected by a plurality of the votes cast;

opting out of the Maryland Share Acquisition Act, which action may not be rescinded unless approved by the stockholders of the Company by the affirmative vote of at least a majority of all of the votes cast on the matter by stockholders entitled to vote on the matter; and

opting out of the Maryland Business Combination Act, which action may not be rescinded unless approved by the stockholders of the Company by the affirmative vote of at least a majority of all of the votes cast on the matter by stockholders entitled to vote on the matter.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions Policy and Procedure

Our Board of Directors has adopted a written policy that sets forth EdR's policies and procedures regarding the identification, review, consideration and approval or ratification of certain related-party transactions. Pursuant to this Related Party Transactions Policy, the Audit Committee reviews the material facts of, and either approves or disapproves of entry into any transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) in which (i) the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year; (ii) EdR is a participant; and (iii) any related party has or will have a direct or indirect interest (other than solely as a result of being a director or being a beneficial owner of less than 10% of another entity). For purposes of the policy, a related party is any (a) person who is or was (since the beginning of the last fiscal year for which EdR has filed an annual report on Form 10-K and proxy statement with the SEC, even if they do not presently serve in that role) an executive officer, director or nominee for election as a director, (b) greater than 5% beneficial owner of EdR's common stock or (c) immediate family member of any of the foregoing. An immediate family member includes a person's spouse, parents, stepparents, children, stepchildren, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and anyone residing in such person's home (other than a tenant or

employee). No director may participate in any discussion or approval of a transaction in which he is a related party except that the director shall provide all material information concerning the transaction to the Audit Committee.

The Audit Committee has determined that certain types of transactions shall be deemed to be pre-approved, even if the aggregate amount involved will exceed \$120,000. These pre-approved transactions include (i) employment of

executive officers where (a) the executive's compensation is required to be disclosed in the proxy statement or the executive officer is not an immediate family member of another executive officer or director of EdR, (b) the related compensation would be reported in the proxy statement if the executive officer was a NEO and (c) the Compensation Committee approved (or recommended that the Board of Directors approve) such compensation; (ii) director compensation which is required to be disclosed in the proxy statement; (iii) any transaction with another company at which a related party's only relationship is as an employee (other than an executive officer), director or beneficial owner of less than 10% of that Company's equity securities, if the aggregate amount involved does not exceed the greater of \$1,000,000 or 2% of that Company's total annual revenues; (iv) any charitable contribution, grant or endowment made by EdR to a charitable organization, foundation or university at which a related party's only relationship is as an employee (other than an executive officer) or a director, if the aggregate amount involved does not exceed the lesser of \$1,000,000 or 2% of the charitable organization's total annual receipts; (v) any transaction where the related party's interest arises solely from the ownership of EdR's common stock and all holders of EdR's common stock received the same benefit on a pro rata basis (e.g., dividends); (vi) any transaction involving a related party where the rates or charges involved are determined by competitive bids; (vii) any transaction with a related party involving the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority; and (viii) any transaction with a related party involving services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture or similar services.

If a transaction involving a related party will be ongoing, the Audit Committee may establish guidelines for EdR's management to observe in its ongoing dealings with the related party. Thereafter, the Audit Committee, at least annually, will review and assess ongoing relationships with the related party to determine whether they are in compliance with the Audit Committee's guidelines and that the transaction remains appropriate.

Based solely upon a review of the copies of these reports furnished to us and written representations from such NEOs, directors and stockholders with respect to the period from January 1, 2015 through December 31, 2015, we are not aware of any required Section 16(a) reports that were not filed on a timely basis, except for the following:

Form 4s for each NEO reporting grants of profit-only interests in the Operating Partnership pursuant to the 2015 LTIP Plan which will vest ratably over three years beginning on January 1, 2016, due to an administrative oversight.

Copies of Section 16(a) reports can be found on the Investor Relation's page of our corporate website at www.edrtrust.com under the category "Financial Information."

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

The purpose of this Compensation Discussion and Analysis is to discuss our philosophy, practices and procedures with respect to EdR's compensation program and the Compensation Committee's objectives in selecting and setting the elements of the compensation packages that are paid or awarded to our NEOs. Throughout this discussion and analysis, Randy Churchey, our Chief Executive Officer, Thomas Trubiana, our President, Edwin B. Brewer, our Executive Vice President, Chief Financial Officer and Treasurer, Christine Richards, our Executive Vice President and Chief Operating Officer, and Lindsey Mackie, our Senior Vice President and Chief Accounting Officer, are referred to collectively as our NEOs. J. Drew Koester, our former Senior Vice President and Chief Accounting Officer, was designated as a NEO until his change in role in June 2015.

Executive Summary

The objective of the Company's executive compensation program is to attract, retain and motivate experienced and talented executives who can help maximize stockholder value. The Company believes that a significant portion of the compensation paid to executive officers should be closely aligned with the Company's performance on both a short-term and long-term basis. In addition, a significant portion of compensation should be in the form of equity in the Company to more fully align the interests of the Company's executives and its common stockholders and to mitigate any risks associated with pay for performance components of our compensation program.

Pay for Performance

Pay for performance is an important component of our compensation philosophy. Consistent with this focus, the Company's executive compensation program includes annual cash incentives, which may be paid to our NEOs based upon their individual performance in relation to pre-determined corporate and individual goals, and multi-year equity incentives. The purpose of the program is to reward achievement of annual goals and objectives and to provide at-risk, comprehensive pay opportunities linked to individual and Company-wide performance on an annual basis. To support collaboration among our NEOs, 50% of the annual cash incentive is based on the achievement of Company-specific financial goals based on core funds from operations. The remaining 50% of the annual cash incentive is based on the achievement by each NEO of individual-specific operational and strategic goals.

Starting in fiscal 2010, the Company began adopting long-term incentive plans ("LTIPs") each year predicated on performance over a three-year period. Each LTIP consists of a combination of time-based restricted awards and performance-based awards. Consistent with prior years, the Company must achieve certain financial performance goals during the relevant three-year performance period in order for the performance-based awards to be earned by the NEOs. We believe that our LTIPs enhance long-term stockholder value by incentivizing long-term performance and aligning the interests of the NEOs and our stockholders. A summary of our historical LTIPs appears below.

Components of LTIP Awards

	Time-Based Award	Performance-Based Award	Achievement
2012 LTIP	40% consists of a time-vested restricted stock award	60% consisted of a performance-vesting award that is denominated in cash but settled in unrestricted shares of EdR's common stock, based on the market value of the common stock at the end of the three-year performance period. The cash value of the performance award ("Performance Award") was based upon EdR's achievement of TSR (at specified "threshold," "target" or "maximum" performance levels) in relation to (i) for one half of the award, the percentile rank of EdR's TSR compared to the TSR of the peer group, and (ii) for one half of the award, the TSR of the National Association of Real Estate Investment Trusts ("NAREIT") Equity Index, over the three-year performance period	Interpolated between Threshold and Target (1)
2013 LTIP	35% consists of a time-vested restricted stock award	65% in restricted stock units ("RSUs") that vested at the end of the three-year performance period based upon EdR's achievement of TSR (at specified "threshold," "target" or "maximum" performance levels) in relation to (i) for one half of the award, the percentile rank of EdR's TSR compared to the TSR of the peer group, and (ii) for one half of the award, the TSR of the NAREIT Equity Index, over the three-year performance period	Interpolated between Threshold and Target (2)
2014 LTIP	25% consists of a time-vested restricted stock award	75% in RSUs that will vest at the end of the three-year performance period based upon EdR's achievement of TSR (at specified "threshold," "target" or "maximum" performance levels) in relation to (i) for one half of the award, the percentile rank of EdR's TSR compared to the TSR of the peer group, and (ii) for one half of the award, the TSR of the NAREIT Equity Index, over the three-year performance period	(3)
2015 LTIP	25% consists of a time-vested profits only partnership interests ("LTIP Units")	75% in LTIP Units in the Operating Partnership. The vesting of performance-based LTIP Units is dependent upon the Company's achievement, over a three year period, of the performance criteria approved by the Compensation Committee, with a minimum, threshold and maximum performance standard for each performance criterion	(4)
2016 LTIP	25% consists of a time-vested profits only LTIP Units	75% in LTIP Units in the Operating Partnership. The vesting of performance-based LTIP Units is dependent upon the Company's achievement, over a three year period, of the performance criteria approved by the Compensation Committee, with a minimum, threshold and maximum performance standard for each performance criterion	(5)

(1) Under the 2012 LTIP, EdR's TSR was in the 47th percentile compared to our peer group, which equated to a 68% payout under one-half of the performance portion of the award, as interpolated between the threshold and target performance levels. The remaining 50% of the performance award was not paid out, as EdR did not meet the performance criteria with regards to EdR's TSR compared to the NAREIT Equity Index over the three-year performance period. Total payout during 2015 under the performance component of the 2012 LTIP was at 34%.

(2) Under the 2013 LTIP, EdR's TSR was in the 53rd percentile compared to our peer group, which equated to an 82.5% payout under one-half of the performance portion of the award, as interpolated between the threshold and target performance levels. The remaining 50% of the performance award was not paid out, as EdR did not meet the performance criteria with regards to EdR's TSR compared to the NAREIT Equity Index over the three-year performance period. Total payout during 2016 under the performance component of the 2013 LTIP was at 41.25%.

(3) The performance period for the 2014 LTIP ends on December 31, 2016; therefore, no performance awards have been paid out under the 2014 LTIP.

(4) The performance period for the 2015 LTIP ends on December 31, 2017; therefore, no performance awards have been paid out under the 2015 LTIP.

(5) The performance period for the 2016 LTIP ends on December 31, 2018; therefore, no performance awards have been paid out under the 2016 LTIP.

Compensation and Corporate Governance

The Compensation Committee believes that strong corporate governance should be reinforced through the Company's executive compensation programs. The Board of Directors has adopted a number of important corporate governance enhancements to further strengthen the Board of Director's capacity to oversee the Company and to serve the long-term interests of our stockholders. See "Corporate Governance—Corporate Governance Enhancements" above. These include:

adopting the Omnibus Equity Incentive Plan, which was approved by stockholders in 2011, which prohibits option repricing without stockholder approval and eliminates the evergreen provisions that were part of the 2004 Plan (as defined below);

- adopting an equity grant policy that requires: (i) a minimum three-year vesting period for all full value time-based awards granted under the Omnibus Equity Incentive Plan and (ii) a minimum one-year vesting period for all full value performance-based awards granted under the Omnibus Equity Incentive Plan; and

requiring all new executive employment agreements to: (i) subject compensation paid to an executive officer to any subsequently adopted clawback policy of EdR, (ii) include double trigger change of control provisions and (iii) not provide for tax gross-ups under any circumstances.

Compensation Program Philosophy, Practices and Procedures

Compensation Philosophy

EdR's compensation program is administered by the Compensation Committee, which sets corporate goals and objectives with respect to NEO compensation, evaluates performance against those goals and objectives and determines the appropriate amount and mix of NEO compensation based upon its evaluation. The Compensation Committee believes that a well-designed compensation program should align the goals of our NEOs with the goals of EdR's stockholders and that a significant portion of our NEOs' compensation, over the long term, should be dependent upon the creation of value for EdR's stockholders. Important principles which drive EdR's compensation program are the Compensation Committee's beliefs that our NEOs should be held accountable for the performance of EdR through their compensation packages and that, to promote individual contribution to EdR's overall performance, the compensation packages should also reflect the NEO's individual performance. The Compensation Committee's compensation philosophy is designed to motivate our NEOs to focus on financial and operating results and the creation of long-term stockholder value by:

• establishing a compensation program that attracts, motivates and retains our NEOs through compensation packages that are competitive with those that are awarded by other publicly-traded REITs of comparable organizational size and market capitalization;

• linking a significant portion of our NEOs' compensation packages to the achievement of EdR's business plan by using measurements of EdR's financial and operating results and total stockholder return; and

• building a pay-for-performance system that encourages and rewards successful initiatives that are achieved within a team environment.

The Compensation Committee regularly evaluates the effectiveness of EdR's compensation program by reviewing the individual performance of our NEOs as well as the overall performance of EdR. In doing so, the Compensation Committee considers each NEO's individual goals and their attainment of such goals as well as EdR's business plan and its annual and long-term fiscal performance. To the extent that it believes that changes to the compensation packages of our NEOs are warranted, the Compensation Committee will make such changes annually with respect to base salaries, annual incentive compensation plans and long-term incentive compensation plans.

Since 2013, we have held a stockholder advisory vote on the compensation of our NEOs, commonly referred to as a "say-on-pay" vote. Our stockholders overwhelmingly approved the compensation of our NEOs, with over 91% of stockholder votes cast in favor of our say-on-pay resolution in 2014 and over 89% in 2015. As we evaluated our compensation practices for fiscal 2015, we were mindful of the strong support our stockholders expressed for our philosophy of linking compensation to our operating objectives and the enhancement of stockholder value. As a result, the Compensation Committee continued to apply the same effective principles and philosophy it has used in previous years in determining executive compensation and will continue to consider stockholder concerns and feedback in the future.

Independent Compensation Consultant

In October 2011, the Compensation Committee first engaged FPL, a nationally recognized compensation consulting firm specializing in the real estate industry, to: (i) assist the Compensation Committee with identifying the members of its peer groups described below; (ii) assess the overall framework of the Company's executive compensation

21

program; (iii) make recommendations for the terms and performance metrics for the long-term incentive plan; and (iv) make other recommendations on modifications to the executive compensation program that are consistent with the Company's compensation philosophy and objectives. In addition, FPL advised the Compensation Committee on the design of the compensation program for EdR's non-employee directors.

During October 2013 and again in October 2015, FPL undertook a comprehensive compensation study for the Company's NEOs similar to the 2011 study discussed above. FPL was engaged to: (i) analyze high-level performance and compensation trends within the real estate industry and certain background information, including specific size and performance statistics for EdR and each of the peer group companies; (ii) perform a competitive benchmarking analysis, on an individual and component basis, for the EdR NEOs based on comparable positions within two peer groups of public real estate companies (the asset-based peer group and the size-based peer group identified below); (iii) summarize the results of the competitive benchmarking analysis on an aggregate basis, which examines the compensation levels of the NEOs compared to similarly situated executives at the peer group companies; and (iv) provide an overview of long-term incentive programs in place within the asset-based peer group.

The Compensation Committee intends to engage a compensation consultant every two years for a full analysis with an update in interim years.

Independence of Compensation Consultant

FPL does no work for management, receives no compensation from EdR other than for its work in advising the Compensation Committee and maintains no other economic relationships with EdR or any of its affiliates. From time to time, FPL receives input from the Company's Chief Executive Officer regarding the Company's strategic goals and the manner in which the executive compensation program should support these goals. FPL also attended meetings of the Compensation Committee and held discussions with the Chairman of the Compensation Committee to inform members regarding current trends and emerging issues in executive compensation and other best practices. The Compensation Committee assessed the independence of FPL pursuant to SEC and NYSE rules and concluded that no conflict of interest exists that would prevent FPL from serving as an independent consultant to the Compensation Committee. The Compensation Committee intends to review the appointment of any compensation consulting firm annually and, as part of the review process, the Compensation Committee will consider the independence of the firm in accordance with applicable SEC and NYSE rules.

Benchmarking Practices

Prior to setting NEO compensation packages for 2015, the Compensation Committee consulted the customized benchmarking study completed in 2013 as updated in 2014, prepared by EdR's compensation consultant, FPL. The benchmarking study included a competitive benchmarking analysis. This competitive benchmarking analysis, on an individual and component basis, was based on comparable positions within two peer groups of public real estate companies: (i) an asset-based peer group of real estate investment trusts, eight of which focus on multifamily including two of which focus on collegiate housing, and (ii) a size-based peer group consisting of ten public real estate companies comparable to EdR in terms of their size as defined by market and total capitalization. The goal of this selection process was to find an appropriate selection of companies that reflects both our growth expectations and the REITs, and other real estate companies, with whom we compete for executive talent.

These two peer groups consisted of the following companies:

Asset-Based Peer Group

American Campus Communities, Inc.

Associated Estates Realty Corporation

Camden Property Trust

Campus Crest Communities, Inc.

Home Properties, Inc.

Mid-America Apartment Communities, Inc.

Post Properties, Inc.

UDR, Inc.

Size-Based Peer Group

Acadia Realty Trust

Associated Estates Realty Corporation

Campus Crest Communities, Inc.

Cousins Properties Incorporated

CubeSmart

EastGroup Properties, Inc.

FelCor Lodging Trust Incorporated

Ramco-Gershenson Properties Trust

Rouse Properties, Inc.

Sun Communities, Inc.

The competitive benchmarking analysis prepared by FPL utilized these two peer groups to benchmark EdR's compensation practices by comparing compensation payable to our NEOs, individually and in the aggregate, with the top five highest paid executive officers with similar positions within both peer groups. The analysis was comprehensive in that it looked at the peer group companies and compared each compensation component separately (i.e., base salary, annual incentive and long-term incentives) and in the aggregate (i.e., across the executives collectively). In consultation with FPL during October 2013, the Compensation Committee determined to benchmark EdR's compensation components against the 50th percentile of the corresponding metric for the size-based peer group and, because EdR's size fell below the median size of the asset-based peer group, approximately between the 25th and 50th percentile of the corresponding metric for the asset-based peer group.

Based on the weighted average results of the 2013 benchmarking analysis, EdR's base salaries fell in line with the 25th percentile for both peer groups. With regard to total annual cash compensation, EdR's pay (in the aggregate) lagged the 25th percentile for both peer groups. Similarly, the long-term incentive plans ranked below the 25th percentile for both peer groups. On an all-in basis, total compensation for EdR's NEOs fell below the 25th percentile for both peer groups.

FPL's 2014 analysis provided an overall industry update of executive and non-employee Board compensation and focused on Mr. Trubiana, who changed roles from Chief Investment Officer in 2014 to President in January 2015, and Ms. Richards, the Company's Chief Operating Officer, who was appointed to Executive Vice President in January 2015. FPL's findings regarding the overall market and attention to those two specific NEOs were considered by the Compensation Committee in determining base pay, annual incentive compensation and long-term equity incentive compensation for the NEOs for 2015.

We also consulted with FPL in restructuring the 2015 LTIP. A more detailed discussion of the 2015 LTIP is provided under the caption "Elements of EdR's Compensation Program – 2015 Long-Term Equity Incentive Compensation" below.

Procedures for Compensation Decisions

The Compensation Committee annually evaluates the compensation packages that are paid or awarded to our NEOs and determines the appropriate amounts and the elements of such compensation packages. With respect to the compensation of our NEOs other than the Chief Executive Officer, the Compensation Committee works with the Chief Executive Officer to conduct these evaluations. To this end, the Chief Executive Officer completes an evaluation of our other NEOs, makes recommendations regarding the compensation of the other NEOs and presents his evaluations and compensation recommendations to the Compensation Committee for its review.

After considering the Chief Executive Officer's evaluations and recommendations and such other factors as the nature and responsibilities of each NEO's position, the NEO's tenure and experience, the NEO's achievement of individual

goals, EdR's achievement of corporate goals and competitive industry compensation practices, the

23

Compensation Committee then sets the compensation packages of our NEOs other than the Chief Executive Officer. Thereafter, the Compensation Committee sets the compensation package of the Chief Executive Officer in a meeting at which he is not present. Generally, the compensation packages for the following year are set and recommended for adoption at the meetings of the Compensation Committee and the Board of Directors generally held in November of each year.

Elements of EdR's Compensation Program

In 2015, the compensation program was comprised of the following three elements: (i) base salary, (ii) annual incentive compensation and (iii) long-term equity incentive compensation. The Compensation Committee believes that using a mix of compensation types (salary, cash incentives and equity) and performance periods (one-year and three-year periods) promotes behavior consistent with our long-term strategic plan and minimizes the likelihood of executives having significant motivation to pursue risky and unsustainable results. Although it does not allocate a fixed percentage of the NEO compensation packages to each of these elements, the Compensation Committee does seek to achieve an appropriate balance among these elements to incentivize our NEOs to focus on financial and operating results in the near term and the creation of stockholder value over the long term. The following illustrates the mix of salary, annual incentive compensation and long-term incentive compensation for our 2015 NEO compensation program.

2015 Compensation Mix

* Lindsey Mackie was appointed Senior Vice President and Chief Accounting Officer on June 1, 2015, replacing J. Drew Koester, who continues to serve EdR as our Senior Vice President - Capital Markets and Investor Relations.

2015 Cash Bonuses

In addition to an annual base salary, our NEOs are eligible to receive cash bonuses at the discretion of the Compensation Committee. The cash bonuses are designed to reward our NEOs at a variable level of compensation based on the Company's and such NEO's performance, based on criteria established by our Compensation Committee.

For 2015, Ms. Mackie received a discretionary cash bonus in the amount of \$5,000. No other NEOs received discretionary bonuses during 2015.

2015 Base Salaries

Base salary is the fixed component of our NEO compensation packages. To compete for and retain talented executives who are critical to our long-term success, the Compensation Committee has determined that the base salaries of

our NEOs should approximate the median of those of NEOs in the asset-based and size-based peer groups, as determined based on the competitive benchmarking analysis discussed above. When reviewing the base salaries of our NEOs, the Compensation Committee also evaluates the nature and responsibilities of each NEO's position, the NEO's tenure and experience, the NEO's achievement of individual goals as well as EdR's annual and long-term fiscal performance relative to companies within the REIT industry of comparable organizational size and market capitalization.

Based upon a review of the relevant benchmarks discussed above for base salaries of executive officers of companies from the asset-based peer group and size-based peer group as part of the Compensation Committee's benchmarking process, as well as the individual evaluations of our NEOs, the Compensation Committee approved 2015 base salaries as follows.

2015 and 2014 Base Salaries

* Lindsey Mackie was appointed Senior Vice President and Chief Accounting Officer on June 1, 2015, replacing J. Drew Koester, who continues to serve EdR as our Senior Vice President - Capital Markets and Investor Relations.

2015 Annual Incentive Compensation

Annual incentive compensation is an important element of EdR's compensation program and is necessary in achieving our objectives of attracting, motivating and retaining executive talent, encouraging superior individual performance and, most importantly, attaining our corporate goals and objectives. To support collaboration among our NEOs, annual incentive compensation in the form of cash awards may be paid to our NEOs based upon their individual performance in relation to pre-determined corporate and individual goals. The Compensation Committee believes that, in order to motivate our NEOs to achieve annual strategic business goals related to both EdR's overall performance and individual contributions to EdR's performance, executives should receive annual incentive compensation for their contributions in achieving these goals. The Compensation Committee sets the annual incentive compensation for our NEOs and believes that EdR's annual incentive compensation plan for its NEOs (the "Annual Incentive Plan") is competitive with similar plans used by the companies included in both the asset-based and size-based peer groups discussed above.

Each NEO is eligible to receive annual incentive compensation under the Annual Incentive Plan, which represents a certain percentage of his or her annual base salary and which is referred to as the "target bonus". Performance incentives are based upon financial achievement measured at the consolidated Company-level and achievement of goals at the individual level, consisting of an evaluation of financial and operating metrics and a formal evaluation of the achievements of each NEO's goals (which may include Company or department financial goals). There are two distinct components of the Annual Incentive Plan, each worth 50% of the bonus at "target" level performance: (i) EdR's achievement of a quantitative goal (e.g., budgeted core funds from operations) and (ii) achievement of specified personal goals. Each component contributes one-half of the total target bonus under the Annual Incentive

Plan, and the potential payouts under both components are based upon a sliding scale designed to maximize the payout for superior performance. Based upon achievement under the two components, total payouts under the Annual Incentive Plan range from 50% to 150% of the total target bonus.

Company Performance Objectives. The first component of the Annual Incentive Plan is based upon EdR’s budgeted core funds from operations (“Core FFO”). EdR calculates funds from operations (“FFO”) in accordance with the definition promulgated by NAREIT. Adjustments to the calculation of FFO to obtain Core FFO may be made by the Compensation Committee in its sole and absolute discretion. Adjustments to FFO may be made for, but are not limited to, the following: gain or loss on the early extinguishment of debt, severance costs, additional expense related to long-term ground leases associated with the recognition of rent increases on a straight-line basis, the actual economic impact of interest and fees earned on participating developments and the impact of other capital transactions. Payouts under the first bonus component attributable to EdR’s budgeted Core FFO target are based upon a sliding scale with payouts ranging from 25% to 75% of the total targeted bonus amount based upon a minimum threshold achievement level of 80% of the target and a maximum achievement level of 120%. If the budgeted Core FFO target is not achieved at the threshold level, then no payouts under this component will be made to our NEOs.

The following chart sets forth the correlation of the percentage of budgeted Core FFO to the bonus range percentage:

Core FFO Achievement Level

Threshold	Target	Maximum
80%	100%	120%

Bonus Range Multiplier

Threshold	Target	Maximum
25%	50%	75%

For fiscal year 2015, in order for an NEO to receive 100% of the target opportunity under the first component of the Annual Incentive Plan, EdR had to achieve budgeted Core FFO of \$1.82 per share. For fiscal year 2015, EdR’s actual Core FFO was \$1.85 per share (based upon the number of weighted average shares of common stock and units of limited partnership interest in the Operating Partnership and University Towers Operating Partnership, LP outstanding at period end), representing 102% of the target amount. As a result, the Company performance portion of the Annual Incentive Plan was paid at 52% of the targeted bonus for each of our NEOs. For a detailed explanation of our Core FFO, including a reconciliation to our net income, please see “Management’s Discussion and Analysis of Financial Condition and Results of Operations – Funds from Operations” in our Annual Report on Form 10-K for the year ended December 31, 2015.

Individual Objectives for NEOs. The second component, achievement of individual objectives, is determined by an achievement rating of 0% to 100%, although achievement of stretch objectives can result in an achievement rating of up to 150%. The rating is based upon the achievement of individual goals which, for business and financial reporting purposes, are approved at the meetings of the Compensation Committee and the Board of Directors generally held in February of each year. Our NEOs establish their goals and the relative maximum weight assigned for achievement of such goals with assistance from the NEO’s immediate supervisor. These goals are then reviewed and revised or confirmed by the Chief Executive Officer. Thereafter, the Chief Executive Officer establishes his goals and the relative maximum weight assigned for the achievement of each. The goals of all of our NEOs are then presented to the Compensation Committee and the independent members of the Board of Directors for approval. If the NEO does not meet at least 50% (taking into account relative weighting) of his or her personal goals, the NEO does not receive any portion of the 50% of the bonus attributable to personal objectives. Based upon the achievement of his or her individual objectives, each NEO is eligible to receive a payout ranging from 25% to 75% of the total targeted bonus amount.

The following chart sets forth the correlation of the percentage of the individual objectives to the bonus range percentage:

Individual Objectives Achievement Level

Threshold	Target	Maximum
50%	100%	150%

Bonus Range Multiplier

Threshold	Target	Maximum
25%	50%	75%

The 2015 personal objectives for our NEOs are set forth below, including the relative target weight assigned for achievement of each such goal.

2015 Long-Term Equity Incentive Compensation

The purposes of EdR's LTIP program are to attract, motivate and retain the participants and to promote the long-term growth and profitability of EdR. The Compensation Committee believes that a time-vesting component of the plan supports the goal of the participants having an ownership position in EdR while encouraging their long-term retention and that the performance-vesting component provides increased incentive to achieve identified performance goals over the long term. On February 4, 2015, the Compensation Committee approved the structure for the 2015

Long-Term Incentive Plan (the “2015 LTIP”).

The 2015 LTIP mainly differs in two respects from the prior plans. The participants have elected to receive LTIP Units in the Operating Partnership instead of time-vested restricted stock or RSUs, and the performance criteria for the performance based award has been revamped to measure the Company’s performance based on a mixture of objective internal achievement and relative performance against its industry peers and other REITs.

The 2015 LTIP provides that 25% of a participant’s award consists of a time-vested grant LTIP Units subject to the rights, preferences and other privileges as designated in the partnership agreement of the Operating Partnership (the “Partnership Agreement”). Similar to the treatment of restricted stock under the 2014 LTIP, the time-vested LTIP Units vest over a three-year period and are valued for award purposes at a value equal to the market price of the

28

Company's common stock on the grant date. The time-vested LTIP Units are entitled to voting and distribution rights from the effective date of the grant in accordance with the Partnership Agreement, but are non-transferable and non-convertible until fully vested.

The remaining 75% of a participant's award consists of a grant of performance-based LTIP Units. Similar to the 2014 LTIP, the vesting of performance-based LTIP Units is dependent upon the Company's achievement, over a three-year period, of the performance criteria approved by the Compensation Committee, with a minimum, threshold and maximum performance standard for each performance criterion. The grant date value of the LTIP Units is adjusted by a Fair Value determination by a third party valuation consultant using the Monte Carlo simulation to determine the effects of volatility, interest rates and dividends over a defined period of time and the appropriate discount rate to be applied to the actual grant date share price, as applicable. The performance-based LTIP Units are entitled to voting and distribution rights from the effective date of the grant in accordance with the Partnership Agreement, but are non-transferable and non-convertible until fully vested. After the determination of the achievement of the performance criteria, any performance-based LTIP Units that were awarded but did not become vested LTIP Units are canceled.

The vesting of LTIP Units for the performance based portion of the award is calculated based upon the Company's achievement of six performance objectives (the "Performance Objectives") over a three-year period. Each Performance Objective will have specific targets for minimum achievement equaling 50%, target achievement equaling 100% and maximum achievement equaling 150%, with interpolation between each target level. The Performance Objectives are as follows:

1. for 20% of the award, the dollar amount of the Company's new development deliveries and aggregate operating performance;
2. for 20% of the award, the total asset growth of the Company;
3. for 20% of the award, the Company's annual Funds From Operations per share/unit at the end of 2017, the final year of the plan;
4. for 10% of the award, the Company's TSR compared to its peer group;
5. for 10% of the award, the Company's TSR compared to the NAREIT Index; and
6. for 20% of the award, the absolute TSR of the Company.

Once fully vested, the LTIP Units may be converted to Class A Units in the Operating Partnership and thereafter into shares of the Company's stock or cash in accordance with the terms of the Partnership Agreement.

The table below shows the number of time-vesting LTIP Units awarded to our NEOs pursuant to the 2015 LTIP:

NEO	Time-Vested LTIP Units	
Randy Churchey	8,414	
Thomas Trubiana	5,058	
Edwin B. Brewer, Jr.	1,662

(1) Ms. Mackie was appointed to the role of Senior Vice President and Chief Accounting Officer on June 1, 2015, which was previously held by Mr. Koester. Mr. Koester continues to serve EdR as Senior Vice President - Capital Markets and Investor Relations.

The table below shows the number of LTIP Units each NEO is eligible to receive if the “threshold”, “target” and “maximum” performance levels are achieved under the six performance objectives pursuant to the 2015 LTIP.

⁽²⁾ 75% of Participant’s long-term incentive target.

⁽³⁾ 75% of Participant’s long-term incentive target x 1.5.

⁽⁴⁾ The amounts reported in the “Amount” columns show the grant date fair value, computed in accordance with ASC 718, of the performance-based LTIP Units granted pursuant to the 2015 LTIP. Refer to Note 9, “Incentive Plans,” to the consolidated audited financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 for a discussion of the relevant assumptions used to determine the grant date fair value of these awards. The value of the performance-based LTIP Units was determined based on a weighted-average fair value of \$24.53 per LTIP Unit.

In the event of a “change of control” of EdR, a termination of a participant’s employment by EdR without “cause” or a termination of employment by a participant for “good reason”, all unvested shares of restricted stock and time-based LTIP Units will accelerate and be fully vested and delivered to such participant. Unvested shares of restricted stock and time-based LTIP Units will also vest in the event of termination of a participant’s employment due to death or disability, along with a portion of RSUs (as further described below). A more detailed description of the vesting of shares of restricted stock or time-based LTIP Units upon a change in control of EdR or in connection with a termination of employment is provided under the caption “Potential Payments upon Termination or Change in Control” below.

Termination of a participant’s employment prior to the end of the performance period will result in the forfeiture of the RSUs or performance-based LTIP Units by such participant; provided, however, that, if a participant’s employment is terminated prior to the end of the performance period as a result of such participant’s death or disability, the Compensation Committee will determine the percentage of the participant’s RSU or performance-based LTIP Units that will convert into fully-vested shares of common stock by (i) applying the performance criteria set forth in the 2015 LTIP using the effective date of the disability or the date of death, as applicable, and appropriately and proportionately adjusting the performance criteria for such shortened Performance Period (if necessary) and (ii) multiplying the number of shares of Company common stock or performance-based LTIP Units so determined by 0.6667 or 1.0 if the death or disability occurs in 2016 or 2017, respectively.

If a change of control occurs prior to the end of the performance period, all outstanding performance-based awards granted under the LTIP will vest and become immediately exercisable and unrestricted, regardless of whether the applicable three-year performance period has ended.

Deferred Compensation Plan

On August 31, 2011, the Board of Directors approved the Education Realty Trust Deferred Compensation Plan, a nonqualified deferred compensation plan (“deferred compensation plan”). The deferred compensation plan is intended to comply with the requirements of Section 409A of the Internal Revenue Code of 1986, as amended (the “Code”).

Employees who are eligible to participate in the deferred compensation plan may defer the receipt of up to 15% of their annual compensation by contributing such amounts to their accounts in the deferred compensation plan. The deferred compensation plan also permits EdR to make matching contributions and discretionary employer contributions. All contributions by EdR are subject to a vesting schedule, which provides for vesting over a three-year period.

30

Retirement Plans

We match contributions made by our NEOs to our 401(k) plan up to the maximum amount permitted under the 401(k) plan documents.

Other Plans, Perquisites and Personal Benefits

Each of our NEOs is eligible to participate in all of EdR's additional compensatory and benefit plans on the same basis as other employees of EdR, except that NEOs are not permitted to participate in the employee discount stock purchase plan. We do not provide our NEOs with any perquisites or personal benefits.

EdR maintains a Company airplane. It is preferred that our Chief Executive Officer and other senior executive officers, including the NEOs, use the Company airplane when air travel is required for business purposes. This provides for a more efficient use of their time given the greater likelihood of direct flights and improved flight times than are available commercially. It also provides a more secure traveling environment where sensitive business issues may be discussed. From time to time, spouses and invited guests of our NEOs may fly on the Company airplane as additional passengers when seats are available and the Company airplane is already flying to a specific destination for a business purpose. In those cases, the aggregate incremental cost to the Company is a de minimis amount and, as a result, no amounts are reflected in the Summary Compensation Table.

Employment Agreements

During 2014 and 2015, each of our NEOs, other than Mr. Churchey, entered into new executive employment agreements which are substantially similar to the executive employment agreements that governed each of our NEOs during 2013 or 2014, as applicable.

Effective as of January 1, 2015, Mr. Trubiana and Ms. Richards entered into new executive employment agreements with terms of three years each in connection with Mr. Trubiana's appointment to President from his previous role of Executive Vice President and Chief Investment Officer and Ms. Richards' promotion to Executive Vice President from her previous role as Senior Vice President and Chief Operating Officer. Effective August 5, 2014, Mr. Brewer entered into an employment agreement with a term of three years and five months. Ms. Mackie entered into an employment agreement with a term of three years and seven months effective June 1, 2015.

The employment agreements with Mr. Trubiana and Ms. Richards are substantially similar to the executive employment agreement that governed the NEOs during 2013 and 2014, except that the agreements were amended to reflect their new respective titles and responsibilities. In addition, Ms. Richards' employment agreement was revised to provide for changes to the payment obligations of the Company upon a "change of control," discussed under the caption "Potential Payments Upon Termination or Change in Control" below.

Except for Mr. Churchey's employment agreement, which has a rolling three-year term, Mr. Brewer's employment agreement, which has a term of three years and five months, and Ms. Mackie's employment agreement, which has a term of three years and seven months, the employment agreements provide for a three-year term. Additionally, the employment agreements provide for (i) an annual base salary to be adjusted annually at the discretion of the Compensation Committee; (ii) eligibility for annual incentive compensation under the Annual Incentive Plan; and (iii) participation in other compensatory and benefit plans of EdR that are available to all employees, except as noted above with regard to the employee stock purchase plan.

The employment agreements also permit us to terminate the NEO's employment for or without "cause." In addition, either prior to or after a "change of control" of EdR, each NEO has the right under his or her employment agreement to resign for "good reason." The benefits that could be received by each NEO upon termination of his or her employment and the definitions of "change of control," "cause" and "good reason" are described in more detail under the caption "Potential Payments Upon Termination or Change in Control" below.

Each of the employment agreements further provides that the NEO agrees not to compete with us, individually or on behalf of any person or entity engaged in the business of owning and managing off-campus collegiate housing communities, providing third-party management services for collegiate housing communities or providing third-party development consulting services for collegiate housing communities for a period of one year for each NEO other than Mr. Churchey, who has a three-year non-compete. Each NEO also agrees that he or she will not solicit, directly or indirectly, any of our customers for the purpose of providing any goods or services in competition with us and will not solicit, recruit or induce, directly or indirectly, any of our employees to terminate their relationship with us or work for any other person or entity competitive with us. Each NEO also agrees not to use or disclose any of our trade secrets for so long as the information constitutes a trade secret and not to use or disclose any of our confidential information.

Elements of Post-Termination Compensation

Under certain circumstances, the employment agreements, the LTIPs and certain incentive compensation awards provide for benefits upon termination of an NEO's employment with or a change of control in EdR. A detailed discussion of post-termination payments in the employment agreements, the LTIPs and the incentive compensation awards is provided under the caption "Potential Payments upon Termination or Change in Control" below.

Analysis of Risk in Compensation Program

The structure of EdR's compensation program is designed to discourage our NEOs from engaging in unnecessary and excessive risk taking. The attention of our NEOs is to be focused on financial and operating results in the near term and the creation of stockholder value over the long term. Our Compensation Committee and Board of Directors considered the current risk profile of EdR's compensation program and noted numerous ways in which risk is effectively managed or mitigated, including the balanced mix of the elements that comprise our NEO compensation packages, the use of varied performance metrics in our Annual Incentive Plan and long-term incentive plans and the ability of the Compensation Committee to employ discretion when awarding annual and long-term incentive compensation. Accordingly, we believe that EdR's compensation program (i) promotes behavior that is focused on the achievement of financial and operating metrics and supports sustainable value creation for our stockholders and (ii) is not reasonably likely to have a material adverse effect on EdR.

Impact of Regulatory Requirements

Deductibility of Executive Compensation

Section 162(m) of the Code imposes an annual limit of \$1,000,000 on the tax deduction that is available to public companies for compensation paid to each of the Chief Executive Officer and the other three most highly compensated executive officers, other than the Chief Financial Officer, unless the compensation is performance-based. Compensation paid to these executive officers in excess of \$1,000,000 that is not performance-based cannot be claimed by a public company as a tax deduction. Our Compensation Committee believes that it is appropriate to consider the \$1,000,000 limit on the deductibility of NEO compensation and to generally seek to qualify our incentive compensation awards as performance-based compensation which is excluded from the \$1,000,000 limit. However, to maintain flexibility in compensating our executives, the Compensation Committee reserves the right to use its judgment to authorize compensation payments that may be subject to the limit when the committee believes that such payments are appropriate.

Accounting for Stock-Based Compensation

EdR accounts for stock-based compensation in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 718, Compensation – Stock Compensation ("ASC 718").

2016 Compensation Actions

Increase in NEO Base Salaries

In setting compensation packages for 2016, effective as of January 1, 2016, the Compensation Committee approved salary increases for Mr. Churchey, Mr. Trubiana, Mr. Brewer, Ms. Richards and Ms. Mackie and set base salaries for Mr. Churchey, Mr. Trubiana, Mr. Brewer, Ms. Richards and Ms. Mackie in the respective amounts of \$614,000, \$376,000, \$325,000, \$325,000 and \$143,000.

2016 Long-Term Equity Incentive Compensation

On February 4, 2016, the Compensation Committee approved the structure for the 2016 Long-Term Incentive Plan (the “2016 LTIP”), which is substantially the same as the 2015 LTIP.

The 2016 LTIP provides that 25% of a participant’s award consists of a time-vested grant of LTIP Units subject to the rights, preferences and other privileges as designated in the Partnership Agreement. The time-vested LTIP Units vest over a three-year period and are valued for award purposes at a value equal to the price of the Company’s stock on the grant date. The time-vested LTIP Units are entitled to voting and distribution rights from the effective date of the grant in accordance with the Partnership Agreement, but are non-transferable and non-convertible until fully vested.

The remaining 75% of a participant’s award consists of a grant of performance-based LTIP Units. The vesting of performance-based LTIP Units is dependent upon the Company’s achievement, over a three-year period, of the performance criteria approved by the Compensation Committee, with a minimum, threshold and maximum performance standard for each performance criterion. The grant date value of the LTIP Units is adjusted by a Fair Value determination by a third party valuation consultant using the Monte Carlo simulation to determine the effects of volatility, interest rates and dividends over a defined period of time and the appropriate discount rate to be applied to the actual grant date share price, as applicable. The performance-based LTIP Units are entitled to voting and distribution rights from the effective date of the grant in accordance with the Partnership Agreement, but are non-transferable and non-convertible until fully vested. After the determination of the achievement of the performance criteria, any performance-based LTIP Units that were awarded but did not become vested LTIP Units are canceled.

The vesting of LTIP Units for the performance based portion of the award is calculated based upon the Company’s achievement of six performance objectives (the “Performance Objectives”) over a three-year period. Each Performance Objective will have specific targets for minimum achievement equaling 50%, target achievement equaling 100% and maximum achievement equaling 150%, with interpolation between each target level. The Performance Objectives are as follows:

1. for 20% of the award, the dollar amount of the Company’s new development deliveries and aggregate operating performance;
2. for 20% of the award, the total asset growth of the Company;
3. for 20% of the award, the Company’s annual Funds From Operations per share/unit at the end of 2018, the final year of the plan;
4. for 10% of the award, the Company’s TSR compared to its peer group;
5. for 10% of the award, the Company’s TSR compared to the NAREIT Index; and
6. for 20% of the award, the absolute TSR of the Company.

Campus Crest Communities was removed from the industry specific peer group, leaving American Campus Communities as the benchmark for total shareholder return comparison. No other substantial changes were made to the 2016 LTIP or to the Performance Objectives under the 2016 LTIP.

Once fully vested, the LTIP Units may be converted to Class A Units in the Operating Partnership and thereafter into shares of the Company's stock or cash in accordance with the terms of the Partnership Agreement.

(1) The amounts listed in this column represent cash bonuses earned by the NEO during the fiscal year covered.

(2) The amounts listed in this column represent the grant date fair value of awards of LTIP Units in 2015 and restricted stock and RSUs for 2013 and 2014, as computed under ASC 718 granted during the fiscal year indicated. For Performance Awards and RSUs, grant date fair value is calculated based on the probable outcome of the performance result for each of the performance periods, excluding the effect of estimated forfeitures. Refer to Note 9, "Incentive Plans," to the consolidated audited financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 for a discussion of the relevant assumptions used to determine the grant date fair value of these awards. These amounts do not necessarily reflect the actual amounts that were paid to, or may be realized by, the NEOs for any of the fiscal years reflected.

(3) The amounts listed in this column for 2015 reflect the dollar amount paid to our NEOs pursuant to the Annual Incentive Plan related to fiscal 2015. For more information regarding payments made to our NEOs under the Annual Incentive Plan, see the discussion and table under the caption “Compensation Discussion and Analysis – Elements of EdR’s Compensation Program – 2015 Annual Incentive Compensation” above.

(4) The amounts listed in this column reflect, for each NEO, the sum of (i) the amounts contributed by EdR to our 401(k) Retirement Savings Plan and Deferred Compensation Plan, (ii) the dollar value of dividends on unvested restricted shares of common stock and (iii) distributions received on outstanding time-vesting LTIP Units. Listed in the table below are the dollar values of the amounts reported in this column for 2015.

(5) Mr. Brewer joined the Company in August 2015 and, as a result, his compensation for 2014 shown above represents compensation for a partial year of service.

(6) Ms. Mackie was appointed to the role of Senior Vice President and Chief Accounting Officer on June 1, 2015, which was previously held by Mr. Koester. Mr. Koester continues to serve EdR as Senior Vice President - Capital Markets and Investor Relations.

Total compensation as calculated under SEC rules and, as shown in the Summary Compensation Table, includes several items that are driven by accounting and actuarial assumptions, which are not necessarily reflective of compensation actually realized by each of the NEOs in a particular year.

⁽¹⁾ Amounts reported as Total Realized Compensation differ substantially from the amounts determined under SEC rules as reported in the Total column of the Summary Compensation Table. Total Realized Compensation is not a substitute for the total compensation as shown above in the “Total” column in the Summary Compensation Table. The Supplemental Table does not include all items required to be included as compensation in the Summary Compensation Table. Total Realized Compensation consists solely of (a) the actual salary paid for the indicated year, (b) the annual incentive cash bonus (as reported under the non-equity incentive compensation plan column), and (c) the market value of shares vested during the applicable year on the vesting date. For more information on total compensation as shown above in the “Total” column in the Summary Compensation Table under the SEC rules, see the notes accompanying the Summary Compensation Table and the section “Narrative to Summary Compensation Table

and Grants of Plan-Based Awards” below.

(2) Mr. Brewer joined the Company in August 2015 and, as a result, his compensation for 2014 shown above represents compensation for a partial year of service.

(3) Ms. Mackie was appointed to the role of Senior Vice President and Chief Accounting Officer on June 1, 2015, which was previously held by Mr. Koester. Mr. Koester continues to serve EdR as Senior Vice President - Capital Markets and Investor Relations.

⁽¹⁾ The amounts reported in the “Estimated Future Payouts Under Non-Equity Incentive Plan Awards” column represent the “threshold”, “target” and “maximum” payouts to the NEOs pursuant to EdR’s Annual Incentive Plan. NEOs qualify for the (i) “threshold” amount if EdR meets 80% of its budget for Core FFO and individual NEOs meet 50% of their performance goals; (ii) “target” amount if EdR meets 100% of its budget for Core FFO and individual NEOs meet 100% of their performance goals; and (iii) “maximum” amount if EdR meets 120% of its budget for Core FFO and individual NEOs meet 150% of their performance goals. See “Compensation Discussion & Analysis – Elements of EdR’s Compensation Program – 2015 Annual Incentive Compensation” above.

⁽²⁾ The amounts reported in the “Estimated Future Payouts Under Equity Incentive Plan Awards” column represent the “threshold”, “target” and “maximum” LTIP Units granted to the NEOs pursuant to the 2015 LTIP. The vesting of such LTIP Units is based upon the Company’s achievement of six Performance Objectives over a three-year period ending on December 31, 2017. See “Compensation Discussion and Analysis – Elements of EdR’s Compensation Program – 2015 Long-Term Incentive Compensation” above.

(3) The amounts reported in the “All Other Stock Awards: Number of Shares of Stock” column represent the number of time vesting LTIP Units granted to the NEOs pursuant to EdR’s 2015 LTIP. The LTIP Units vest ratably over a period of three years on each anniversary date of the grant date as long as the respective NEO is employed by EdR on such vesting date. See “Compensation Discussion & Analysis – Elements of EdR’s Compensation Program – 2015 Long-Term Incentive Compensation” above.

(4) The amounts reported in the “Grant Date Fair Value of Stock Awards” column show the aggregate grant date fair value, computed in accordance with ASC 718, of the LTIP Units granted pursuant to the 2015 LTIP. Refer to Note 9, “Incentive Plans,” to the consolidated audited financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 for a discussion of the relevant assumptions used to determine the grant date fair value of these awards.

(5) Ms. Mackie was appointed to the role of Senior Vice President and Chief Accounting Officer on June 1, 2015, which was previously held by Mr. Koester. Mr. Koester continues to serve EdR as Senior Vice President - Capital Markets and Investor Relations.

Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table

The following discussion should be read in conjunction with (i) the “Summary Compensation Table” and the “Grants of Plan-Based Awards Table” as well as the footnotes to such tables and (ii) the disclosure under the caption “Compensation Discussion and Analysis” above.

Employment Agreements

During 2015, the employment of each of our NEOs was governed by an executive employment agreement. We have summarized the material terms of these executive employment agreements under the caption “Compensation Discussion and Analysis – Employment Agreements” above and “Potential Payments Upon Termination or Change in Control” below.

Equity Awards

The equity awards granted to our NEOs during 2015 that appear in the tables above were granted pursuant to the 2015 LTIP, which is described in detail in the Compensation Discussion and Analysis section under the caption “Elements of EdR’s Compensation Program – 2015 Long-Term Incentive Compensation.” Shares granted under the 2015 LTIP were granted pursuant to the Omnibus Equity Incentive Plan. The Omnibus Equity Incentive Plan was approved by our Board of Directors on February 17, 2011 and by our stockholders on May 4, 2011. The Omnibus Equity Incentive Plan became effective as of January 1, 2011. The Omnibus Equity Incentive Plan provides for the grant of stock options, RSUs, restricted stock, stock appreciation rights and other stock-based incentive awards to our key officers, employees and directors providing services to us and our subsidiaries. The Omnibus Equity Incentive Plan replaced the Education Realty Trust, Inc. 2004 Incentive Plan (the “2004 Plan”) in its entirety and initially authorized the grant of the 105,000 shares that remained available for grant under the 2004 Plan as well as 1,049,167 additional shares (for a total of 1,154,167 shares reserved under the Omnibus Equity Incentive Plan). Any key officer, employee or director is eligible to be a designated participant, and the Omnibus Equity Incentive Plan is administered by a committee composed of at least two non-employee directors. The number of shares reserved under the Omnibus Equity Incentive Plan is also subject to any adjustments for changes in our capital structure, including share splits, dividends and recapitalizations. As of December 31, 2015, there were 589,240 shares available for issuance under the Omnibus Equity Incentive Plan. EdR intends that the incentive awards issued under the Omnibus Equity Incentive Plan will all be considered performance-based and therefore fully tax-deductible by EdR without regard to the limitation on deductibility imposed by Section 162(m) of the Code. Option repricing is expressly prohibited by the terms of the Omnibus Equity Incentive Plan, without stockholder approval.

Compensation Mix

As discussed in more detail in the section of this Proxy Statement entitled “Compensation Discussion and Analysis – Elements of EdR’s Compensation Program” above, in 2015, EdR’s compensation program was comprised of the following three elements: (i) base salary, (ii) annual incentive compensation and (iii) long-term equity incentive compensation. Although it does not allocate a fixed percentage of the NEO compensation packages to each of these elements, the Compensation Committee does seek to achieve an appropriate balance among these elements to incentivize our NEOs to focus on financial and operating results in the near term and the creation of stockholder value over the long term.

The table entitled “2015 Compensation Mix” in the “Compensation Discussion and Analysis – Elements of EdR’s Compensation Program” section above illustrates the mix of salary, annual incentive compensation and long-term incentive compensation for our 2015 NEO compensation program.
