I am pleased to invite you to attend the March 29, 2017, Annual Meeting of Stockholders, which will again be held at the Martin's Valley Mansion, 594 Cranbrook Road, Hunt Valley, Maryland 21030.

The meeting will start promptly at 10:00 a.m. Please arrive as early as 9:00 a.m. to enjoy tea and coffee and visit with friends.

Prior to the meeting, I encourage you to review the Company's Annual Report to Stockholders for the 2016 fiscal year.

At McCormick, our focus is on growth, performance and people.

Growth – Our business is well-positioned to meet the increasing demand for flavor in markets around the world. We expect to grow annual sales 4% to 6% long-term and are driving this growth through our base business, innovation and acquisitions. We are fueling these investments with cost savings led by our Comprehensive Continuous Improvement (CCI) program. From 2016 to 2019, we expect to achieve \$400 million in cost savings, and delivered \$109 million toward this goal in 2016.

Performance – We achieved record results in 2016, meeting our goals to grow sales and earnings per share in constant currency. Our cash flow from operations reached a record \$658 million and we returned \$461 million of cash to shareholders through dividends and share repurchases. In the past five years, we have increased cash flow from operations at a 14% compound annual growth rate and returned nearly \$2 billion of cash to shareholders.

People – Approximately 11,000 McCormick employees around the world are the key ingredient to our success. Our Company has a firm foundation that is based on a participative, multiple management culture. This has led to success and high performance across the organization – for our employees, our customers and our shareholders.

McCormick's Board of Directors and leadership team are directing our strategy and setting our course for growth. Alan Wilson, who served as CEO for eight years through February 1, 2016, and as Executive Chairman thereafter, retired January 31, 2017. He remains a member of McCormick's Board of Directors, but ended his role as Chairman, which I am honored to be named effective February 1, 2017. We thank Alan for his outstanding leadership, an enviable track record of financial performance and delivering significant shareholder return. We are also pleased to have a new independent director join McCormick's Board in 2017: Gary Rodkin, former President and CEO of ConAgra Foods, Inc.

After 29 years of distinguished service and strong leadership, Gordon Stetz stepped down from the role of Executive Vice President & CFO and Board member and retired in December 2016. Please see our tribute to Gordon in our Annual Report. Mike Smith was named Executive Vice President & CFO effective September 1, 2016. Mike brings extensive experience in financial roles at the Company that span both our consumer and industrial segments.

Your vote is important. Whether or not you plan to attend the Annual Meeting, please vote your shares via the internet, by telephone, or by signing and returning the proxy card so that your shares are represented at the meeting.

Thank you for your continued confidence in our Company. I look forward to seeing you at the meeting!

Best regards,

Lawrence E. Kurzius

Chairman, President and Chief Executive Officer

Executive Compensation and Performance Alignment Summary

Our pay-for performance philosophy requires that a substantial portion of each executive's total compensation should be performance-based and dependent on the achievement of financial performance goals over both the short and longer term. Those financial performance goals should be drivers of stockholder value over both the short-and long-term.

In February 2016, Lawrence Kurzius became our new CEO, while Alan Wilson retained his Executive Chairman role. The 2016 compensation data used in this chart reflects Mr. Kurzius' pay. While Mr. Kurzius' 2016 salary and target incentive values were less than Mr. Wilson's had been in fiscal 2015, company performance on both the annual incentive and Long-Term Performance Plan (LTPP) were stronger in fiscal 2016, such that Mr. Kurzius' total paid compensation was similar to that of Mr. Wilson's in the previous year.

Both adjusted Earnings Per Share (EPS) and adjusted operating income growth globally were strong and each exceeded its target in fiscal 2016, positively impacting annual incentive payouts.

Cumulative net sales growth is the metric that determines the earned share awards under the LTPP, which represents the cumulative growth rate for continuing operations over the three year period, adjusted for foreign currency and other items, such as the incremental sales impact from acquisitions. Cumulative net sales growth slightly exceeded the three-year target of 14%. The metric that determines the cash payout in the LTPP is Total Shareholder Return (TSR) (not displayed on this graph), relative to our peer companies. Both our absolute and our relative TSR were strong in fiscal 2016, achieving 66th percentile ranking among our peer companies.

COMPANY PERFORMANCE AND CEO COMPENSATION*

2014-2016

*Amounts shown reflect compensation paid to Alan D. Wilson, who served as CEO during fiscal years 2014 and 2015, and Lawrence E. Kurzius, who served as CEO during fiscal 2016.

For purposes of demonstrating that CEO pay is well aligned with company performance, only three elements of direct compensation are included in CEO Paid Compensation on this graph – 1) Base salary, 2) Annual bonus earned, 3) Cash

and stock (based on the market value on the vesting date) earned at the end of the three-year cycle for the LTTP. Total compensation, including the value of pension changes, stock option grants, and all other compensation for all Named Executive Officers, can be found in the Summary Compensation Table on page 30. The Adjusted EPS and adjusted operating income referenced in the above graph and narrative are non-GAAP financial measures which are prepared as a complement to our financial results prepared in accordance with United States generally accepted accounting principles. An explanation of the adjustments may be found in our Form 10-K for the 2016 fiscal year under “Non-GAAP Financial Measures” beginning on page 36 in the “Management’s Discussion and Analysis” section.

SELECTED DEFINITIONS

The following terms are used in the proxy statement and have the meanings noted:

Earnings Per Share (EPS) – net income divided by the total of the average number of shares of common stock and common stock equivalents (e.g., stock options) outstanding.

Exchange Act – the Securities Exchange Act of 1934, as amended.

Market Group – those consumer products companies listed under “How We Determined Executive Compensation for Fiscal 2016.” The Compensation Committee of the Board of Directors compares the executive compensation programs of these companies to the total targeted compensation for each position occupied by McCormick’s executive officers, including its Named Executive Officers.

Named Executive Officers – individuals who served as the Chief Executive Officer (“CEO”) and the Chief Financial Officer (“CFO”) during the last fiscal year, the Company’s three most highly compensated executive officers, other than the CEO and CFO, who were serving as executive officers at the end of the last completed fiscal year, and up to two additional individuals for whom disclosure would have been provided but for the fact that the individual was not serving as an executive officer at the end of the last completed fiscal year. In this proxy statement, our Named Executive Officers consist of Lawrence E. Kurzius, Alan D. Wilson, Michael R. Smith, Gordon M. Stetz, Jr., Brendan M. Foley, Jeffery D. Schwartz, and Malcolm Swift.

Peer Group – those manufacturers of food products listed under “Elements of Executive Compensation.” The Compensation Committee establishes the financial performance targets used by McCormick for its performance-based incentive plans based on an analysis of the financial performance of the Peer Group companies because they are companies with whom we compete for equity investors.

Record Date – the date established by the Board of Directors for determining the stockholders eligible for notice of, and to vote at, the Annual Meeting of Stockholders. The Record Date for the 2017 Annual Meeting of Stockholders is January 3, 2017.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

McCormick has adopted Corporate Governance Guidelines, which are available on its Investor Relations website at ir.mccormick.com under “Corporate Governance,” then “Corporate Governance Guidelines.” These Guidelines contain general principles regarding the function of McCormick’s Board of Directors and Board Committees. The Guidelines are reviewed on an annual basis by the Nominating/ Corporate Governance Committee of the Board, which submits to the Board for approval any changes deemed desirable or necessary.

The Corporate Governance Guidelines make clear that directors and executive officers of the Company may not pledge Company stock as collateral for a loan or otherwise use Company stock to secure a debt, and may not engage in any hedging transactions with respect to Company stock.

Independence of Directors

McCormick’s Corporate Governance Guidelines require that a majority of the Board of Directors be comprised of independent directors. For a director to be considered independent under the Listing Standards of the New York Stock Exchange (the “NYSE”), the Board must affirmatively determine that the director has no direct or indirect material relationship with McCormick. The NYSE’s director independence guidelines are incorporated in McCormick’s Corporate Governance Guidelines, which are used by the Board in making independence determinations. The Board has determined that the following directors are independent: Michael A. Conway, J. Michael Fitzpatrick, Freeman A. Hrabowski, III, Patricia Little, Michael D. Mangan, Maritza G. Montiel, Margaret M.V. Preston, Gary Rodkin and Jacques Tapiero.

In connection with these independence determinations, the Board considered the following:

Michael A. Conway is Executive Vice President, Licensed Stores, U.S. and Latin America for Starbucks Coffee Company and a commercial relationship exists between McCormick and Starbucks Coffee Company. However, the Board has determined that the commercial relationship is not material for the following reasons: (1) the payments made between McCormick and Starbucks Coffee Company are substantially less than 2% of the consolidated gross revenues of Starbucks Coffee Company; (2) Mr. Conway does not participate in the negotiation of commercial transactions on behalf of Starbucks Coffee Company, nor has he been involved in the execution of any commercial transactions between McCormick and Starbucks Coffee Company since their inception; and (3) the products supplied by McCormick to Starbucks Coffee Company are readily available from other sources of supply. For fiscal 2016, all commercial transactions between McCormick and Starbucks Coffee Company amounted to less than \$1,000,000,

which is substantially less than 2% of the consolidated gross revenues of Starbucks Coffee Company. All commercial transactions were conducted at arm's length and consisted of products Starbucks Coffee Company and McCormick purchased from each other.

Freeman A. Hrabowski, III is the President of the University of Maryland, Baltimore County (UMBC) and a relationship exists between McCormick and UMBC. However, the Board has determined that the relationship is not material for the following reasons: (1) the payments made between McCormick and UMBC are substantially less than 2% of the consolidated gross revenues of UMBC; (2) Dr. Hrabowski does not participate in the negotiation of such transactions on behalf of UMBC, nor has he been involved in the execution of any transactions between McCormick and UMBC since their inception; and (3) the funds provided by McCormick to UMBC are readily available from other sources. For fiscal 2016, all transactions between McCormick and UMBC amounted to less than \$10,000, which is substantially less than 2% of the consolidated gross revenues of UMBC. All such transactions were conducted at arm's length and consisted of monies McCormick paid to UMBC to fund McCormick's Unsung Hero Award Scholarship.

Patricia Little is an executive officer of The Hershey Company and a commercial relationship exists between McCormick and The Hershey Company. However, the Board has determined that the commercial relationship is not material for the following reasons: (1) the payments made between McCormick and The Hershey Company are substantially less than 2% of the consolidated gross revenues of The Hershey Company; (2) Ms. Little does not participate in the negotiation of commercial transactions on behalf of The Hershey Company, nor has she been involved in the execution of any commercial transactions between McCormick and The Hershey Company since their inception; and (3) the products supplied by McCormick to The Hershey Company are readily available from other sources of supply. For fiscal 2016, all commercial transactions between McCormick and The Hershey Company amounted to less than \$1,500,000, which is substantially less than 2% of the consolidated gross revenues of The Hershey Company. All commercial transactions were conducted at arm's length and consisted of products The Hershey Company purchased from McCormick.

- Maritza G. Montiel is the former Deputy Chief Executive Officer and Vice Chairman of Deloitte LLP and continues to receive retirement benefits from Deloitte LLP. A commercial relationship exists between McCormick and Deloitte LLP. However, the Board has determined that the commercial relationship is not material for the following reasons: (1) the payments made between McCormick and Deloitte LLP are substantially less than 2% of the consolidated gross revenues of Deloitte LLP; (2) Ms. Montiel does not participate in the negotiation of commercial transactions on behalf of Deloitte LLP, nor has she been involved in the execution of any commercial transactions

Back to Contents

between McCormick and Deloitte LLP since their inception; and (3) the services supplied by Deloitte LLP to McCormick are readily available from other service providers. For fiscal 2016, all commercial transactions between McCormick and Deloitte LLP amounted to less than \$1,000,000, which is substantially less than 2% of the consolidated gross revenues of Deloitte LLP. All commercial transactions were conducted at arm's length and consisted of tax and consulting services Deloitte LLP and its affiliates provided to McCormick. In addition, Ms. Montiel is a member of the Board of Directors of Aptar Group, Inc. and a commercial relationship exists between McCormick and Aptar Group. However, the Board has determined that the commercial relationship is not material for the following reasons: (1) the payments made between McCormick and Aptar Group are substantially less than 2% of the consolidated gross revenues of Aptar Group; (2) Ms. Montiel does not participate in the negotiation of commercial transactions on behalf of Aptar Group, nor has she been involved in the execution of any commercial transactions between McCormick and Aptar Group since their inception; and (3) the products supplied by Aptar Group to McCormick are readily available from other sources of supply. For fiscal 2016, all commercial transactions between McCormick and Aptar Group amounted to less than \$500,000, which is substantially less than 2% of the consolidated gross revenues of Aptar Group. All commercial transactions were conducted at arm's length and consisted of products McCormick purchased from Aptar Group.

For these reasons, the Board has concluded that Mr. Conway, Dr. Hrabowski, Ms. Little and Ms. Montiel have no direct or indirect material relationship with McCormick that would preclude a determination of independence.

Procedure Regarding Transactions with a Related Person

McCormick maintains a written related person transactions procedure that is administered by members of McCormick's management and the Audit Committee of the Board. The written procedure applies to any transaction with a "related person" (defined by Item 404(a) of Regulation S-K under the Exchange Act) in excess of \$120,000 in which the Company is a participant and in which a related person has or will have a direct or indirect material interest, other than:

- a transaction involving compensation to an executive officer if (i) the compensation is reported pursuant to Item 402 of Regulation S-K; or (ii) (A) the executive officer is not an immediate family member of an executive officer (a) or director of the Company and such compensation would have been required to be reported under Item 402 if the executive officer was a "named executive officer" under such regulation, and (B) the compensation was approved by the Board of Directors or the Compensation Committee of the Board of Directors;
- (b) a transaction involving compensation to a director or director nominee that is required to be reported pursuant to Item 402(k) of Regulation S-K;
- (c) a transaction where the related person's interest arises only from (i) such person's position as a director of another entity that is a party to the transaction; or (ii) the direct or indirect ownership by such person and their immediate family, in the aggregate, of less than a 10% equity interest in another entity that is a party to the transaction; or (iii) from both of (c)(i) and (c)(ii) above;

(d) if the interest of the related person arises solely from the ownership of a class of the Company's stock and all holders of that class of stock of the Company receive the same benefit on a pro rata basis; or

(e) any other transaction that is not required to be disclosed pursuant to Item 404 of Regulation S-K.

The procedure provides that any actual or potential related person transaction is reviewed and analyzed by McCormick's corporate controllership and legal staff (the "Management Reviewers"). If the transaction in question is determined to be a related person transaction but (i) it is not material to the Company, and (ii) the commercial terms are consistent with the commercial terms of comparable arm's length transactions with unrelated third parties, the Management Reviewers shall refer the proposed transaction to the Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO") for review and appropriate disposition, in their sole discretion. If the CEO or the CFO has a direct or indirect material interest in the transaction or the proposal, then the matter shall be submitted to the Audit Committee for review and disposition (regardless of materiality of the transaction or the reasonableness of the commercial terms).

If the transaction in question is determined to be a related person transaction and (i) it is material to the Company, and/or (ii) the commercial terms are more favorable to the related person than the commercial terms of comparable arm's length transactions with unrelated third parties, the Management Reviewers shall review the transaction with the CEO and CFO, who shall determine whether to ratify or re-negotiate the actual transaction, or in the case of a proposed transaction whether to accept or reject the proposal. If the CEO and the CFO desire to ratify the transaction or accept the proposal on existing terms, the transaction or proposal shall be submitted to the Audit Committee for review and disposition.

As a general rule, any employee or director who has a direct or indirect material interest in an actual or proposed related person transaction will not participate in the review and disposition of the transaction.

Business Ethics

McCormick's business is conducted by its employees under the leadership of its CEO and under the oversight and direction of its Board of Directors for the purpose of enhancing the long-term value of McCormick for its stockholders. McCormick's management and the Board of Directors believe that the creation of long-term value requires McCormick to conduct its business honestly and ethically as well as in accordance with applicable laws. McCormick has a Business Ethics Policy which was first adopted by the Board more than 30 years ago. The Policy is reviewed annually by management and the Audit Committee of the Board and is amended as circumstances warrant. McCormick's Business Ethics Policy is available on its Investor Relations website at ir.mccormick.com under "Corporate Governance," then "Business Ethics Policy."

The Audit Committee has established procedures for (i) employees to submit confidential and anonymous reports of suspected illegal or unethical behavior, concerns regarding questionable accounting or auditing matters, or violations of McCormick's Business Ethics Policy, and (ii) interested persons to submit concerns regarding accounting, internal controls over financial reporting, or auditing matters. Anonymous reports by employees may be made to a confidential "hotline" service, which may be accessed by telephone or through a dedicated website. Process for Nominating Potential Director Candidates

The Nominating/Corporate Governance Committee is responsible for selecting potential candidates for Board membership and for recommending qualified candidates to the full Board for nomination; and retains search firms to assist with the selection process.

Board Membership

Selection Criteria and Qualifications for All Directors

The Nominating/Corporate Governance Committee is responsible for developing the selection criteria to be used in seeking nominees for election to the Board, within the general qualification criteria for director nominees established by the Board in McCormick's Corporate Governance Guidelines. As well, the Committee is responsible for identifying, screening and selecting potential candidates for Board membership and for recommending qualified candidates to the full Board. The Board will consider qualified candidates recommended by the Nominating/Corporate Governance Committee for election to the Board and determine which candidates to recommend to the Company's stockholders for election. The Board is responsible for filling vacancies on the Board as they arise.

In evaluating potential candidates, the Board considers the qualifications listed in McCormick's Corporate Governance Guidelines, including the requirement that nominees should possess the highest personal and professional ethics, integrity and values, and the commitment to represent the long-term interests of the stockholders. Nominees are selected on the basis of their business and professional experience, qualifications, public service and availability, and will be experienced at policy-making levels in business, government, finance or accounting, higher education or other fields relevant to the Company's global activities.

Nominees are selected to represent all stockholders rather than special interest groups or any group of stockholders. The Board does not have a formal policy with regard to diversity of Board nominees; however, McCormick's Corporate Governance Guidelines provide that diversity of background is a consideration in selecting Board nominees, and the selection criteria established by the Nominating/Corporate Governance Committee include a preference that candidates enhance the diversity of the Board (for example, with respect to gender, race, ethnicity, and culture). Diversity is valued because the Board believes that a variety of perspectives and experiences contributes to a more enhanced decision-making process.

Board Leadership

While McCormick has historically combined the roles of chairman and chief executive officer, we combine or separate the roles based on the needs of the Company and its shareholders at any particular time. Most recently, the Company recombined the roles after a transition in corporate leadership with Mr. Kurzius now serving as Chairman, President and Chief Executive Officer. This structure provides a bridge between management and the Board, thus helping to ensure that both act with commonality of purpose with efficient communication between them. The Board believes that the CEO is best able to bring key business issues and stockholder interests to the Board's attention, given his in-depth understanding of the Company. As well, this structure helps ensure accountability for the actions and strategic direction of the Company, and ensures that the Company presents its message and strategy to stockholders, employees and customers with a unified voice.

The Board also has the position of Lead Director who provides additional independent oversight of senior management and board matters in our current structure where the Chairman is not an independent director. The selection of a lead director is meant to facilitate, and not to inhibit, communication among the directors or between any of them and the Chairman and CEO. Accordingly, directors are encouraged to continue to communicate among themselves and directly with the Chairman and CEO. The independent directors, meeting in executive session in November 2009, selected Michael D. Mangan to serve as the Lead Director, and he continues to act in that role. The duties of the Lead Director are to (i) preside at executive sessions of the Board, and brief the Chairman and CEO, as needed, following such sessions; (ii) preside at meetings of the Board where the Chairman is not present; (iii) call meetings of the independent directors; (iv) provide input on Board agendas and meeting schedules; (v) provide feedback to the Chairman and CEO on the quality of information received from management; and (vi) participate with the Chairman and CEO, and the Nominating/Corporate Governance Committee in interviewing Board candidates. The Lead Director position has a two-year term. In November 2015, the Board determined that Mr. Mangan (subject to his re-election to the Board of Directors by the stockholders) would continue as Lead Director for an additional two year term, beginning in November 2015.

The Board believes that the combined Chairman and CEO structure, coupled with an independent Lead Director, the use of regular executive sessions of the non-management Directors, and the substantial majority of independent directors comprising the Board, allows the Board to maintain effective oversight of the Company.

Board Committees

The Board of Directors has appointed the following Board Committees:

Audit Committee

The Charter of the Audit Committee provides that the Committee is to assist the Board of Directors in fulfilling its oversight responsibility relating to:

- the integrity of McCormick's financial statements, the financial reporting process, and the systems of internal accounting and financial controls;
- the performance of McCormick's internal audit function;
- the appointment, engagement and performance of McCormick's independent registered public accounting firm and the evaluation of the independent registered public accounting firm's qualifications and independence;
- compliance with McCormick's business ethics and confidential information policies and legal and regulatory requirements, including McCormick's disclosure controls and procedures; and
- the evaluation of enterprise risk management process issues.

In so doing, it is the responsibility of the Audit Committee to maintain free and open communication between the Committee, the independent registered public accounting firm, the internal auditors, and management of McCormick and to resolve any disagreements between management and the independent registered public accounting firm regarding financial reporting. The Committee also performs other duties and responsibilities set forth in a written Charter approved by the Board of Directors. The Charter of the Audit Committee is available on McCormick's Investor Relations website at ir.mccormick.com under "Corporate Governance," then "Board Committees."

The Nominating/Corporate Governance Committee and the Board of Directors have determined that all members of the Audit Committee satisfy the independence requirements of the NYSE's Listing Standards, the rules of the SEC, and McCormick's Corporate Governance Guidelines. No member of the Audit Committee serves on the audit committees of more than three public companies. The Board of Directors has also determined that at least one member qualifies as an "audit committee financial expert" under SEC rules.

- review trends in executive compensation, oversee the development of new compensation plans (including performance-based, equity-based, and other incentive programs, as well as salary, bonus and deferred compensation arrangements) and, when appropriate, make recommendations to the Board regarding revisions to existing plans and/or approve revisions to such plans;
- annually review and approve corporate goals and objectives relevant to McCormick's CEO and other executive officers, evaluate the performance of such individuals against those goals and objectives, and approve the compensation for such individuals;
- annually evaluate the relationship between the Company's overall compensation policies and practices and risk;
- annually evaluate the compensation of the members of the Board of Directors; and
- review McCormick's management succession plan for the CEO and other executive officers.

These duties and responsibilities are set forth in a written Charter approved by the Board of Directors which is available on McCormick's Investor Relations website at ir.mccormick.com under "Corporate Governance," then "Board Committees."

Pursuant to its Charter, the Committee has the authority to delegate certain of its responsibilities to a subcommittee; however, to date no such delegation has been made. The Committee has the authority to administer McCormick's equity plans for the CEO and other executive officers. The Committee is responsible for all determinations with respect to participation, the form, amount and timing of any awards to be granted to any such participants, and the payment of any such awards.

All members of the Committee qualify as independent directors under McCormick's Corporate Governance Guidelines and the NYSE's Listing Standards, and as "non-employee directors" and "outside directors" for the purposes set forth in the Committee's Charter.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee assists the Board by:

- developing and implementing corporate governance guidelines;
- establishing criteria for the selection of nominees for election to the Board, and identifying and recommending qualified individuals to serve as members of the Board;
- evaluating and making recommendations regarding the size and composition of the Board and its Committees (including making determinations concerning the composition of the Board and its Committees under the applicable requirements of the SEC and the NYSE); and
- monitoring a process to assess the effectiveness of the Board and its Committees.

The Committee is also responsible for performing other duties and responsibilities set forth in a written Charter approved by the Board of Directors. The Charter of the Committee and McCormick's Corporate Governance Guidelines are available on McCormick's Investor Relations website at ir.mccormick.com under "Corporate Governance," then "Board Committees."

All members of the Committee qualify as independent directors under McCormick's Corporate Governance Guidelines and the NYSE Listing Standards.

Director Attendance at Meetings

During fiscal 2016, there were six regular meetings, and one special meeting, of the Board. Each incumbent director attended at least 75% of the total number of meetings of the Board and each of the Board Committees on which he or she served. Mr. Rodkin, who was elected to the Board effective January 24, 2017, attended at least 75% of the Board and Nominating/Corporate Governance Committee meetings following his election to the Board.

Each year, the Board of Directors meets on the same day as the Annual Meeting of Stockholders. Although there is no policy requiring Board members to attend the Annual Meeting of Stockholders, all Board members are encouraged to attend and typically do so. All Board members attended last year's Annual Meeting of Stockholders.

Risk Oversight

The Board oversees the Company's risk management and risk mitigation processes at both the full Board and Board Committee levels. Senior management of the Company is responsible for the day-to-day management of the risks facing the Company.

Board of Directors

The full Board assesses the Company's strategic direction and operational risks throughout the year. In addition, management annually provides the Board with an enterprise risk management ("ERM") review of the strategic risk issues and major trends that may impact business functions and the Company's overall risk profile, with recommendations for responsive action on ERM issues as needed. These plans and related risks are monitored throughout the year as part of the regular financial and performance reports given to the Board and Board Committees by management.

In addition to the formal compliance program, the Board encourages management to promote a corporate culture that incorporates risk management into the Company's corporate strategy and day-to-day business operations.

Audit Committee

The Board has designated the Audit Committee to take the lead in overseeing the risk management process. The Audit Committee makes regular reports to the Board regarding briefings by management and advisors as well as the Committee's own analysis and conclusions regarding the adequacy of the Company's risk management process.

Compensation Committee

The Compensation Committee considers the relationship between the Company's compensation policies and practices for all employees and risk, including whether such policies and practices encourage imprudent risk taking, and/or would be reasonably likely to have a material adverse effect on the Company. In performing its responsibilities, the Committee receives regular reports on compensation matters and trends from the Committee's independent compensation consultant. In 2016, the Compensation Committee evaluated the current risk profile of our executive and broad-based compensation programs, as discussed below in "Performance-Based Compensation and Risk." Additionally, the Compensation Committee reviewed the Company's incentive plans (executive and broad-based) to determine if any practices might encourage excessive risk taking on the part of senior executives. The Committee noted features of the Company's incentive plans (executive and broad-based) that mitigate risk, including the use of multiple measures in our annual and long-term incentive plans, Compensation Committee discretion in payment of incentives in the executive plans, use of various types of long-term incentives, payment caps, significant stock ownership guidelines, and our clawback policy. In light of these analyses, the Compensation Committee believes that the Company's compensation programs (executive and broad-based) provide multiple and effective safeguards to protect against undue risk.

[Back to Contents](#)**Nominating/Corporate Governance Committee**

The Nominating/Corporate Governance Committee oversees risks related to corporate governance and Board composition. The Committee establishes criteria (for approval of the Board) for the selection of nominees for election to the Board, and reviews, evaluates and makes recommendations to the Board about its Committee structure and operations to ensure a commitment to effective governance.

Other Directorships

Certain individuals nominated for election to the Board of Directors hold, or have held in the past five years, directorships in other public companies:

Stock Ownership and Service on Other Boards

It is expected that each non-management director will acquire, within five years after his or her election to the Board, a number of shares having a value at least equal to four times the annual retainer paid to such member for service on the Board. The annual retainer was \$90,000 during 2016. The annual retainer is paid in quarterly installments with the first quarterly installment upon election to the Board being paid in Common Stock to assist in meeting the Company's stock ownership expectations (subsequent quarterly payments are paid in cash). Such ownership must thereafter be maintained while serving on the Board.

No director of the Company may serve on the boards of more than four other publicly traded companies while also serving on McCormick's Board.

All nominees are currently in compliance with these Board membership requirements, with the exception of Ms. Montiel, Mr. Conway and Mr. Rodkin with respect to the stock ownership requirement. Ms. Montiel and Mr. Conway joined the Board in 2015 and have until 2020 to meet the stock ownership requirement, while Mr. Rodkin joined the Board in 2017 and has until 2022.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is, or during fiscal 2016 was, an officer or an employee of McCormick or any of its subsidiaries, and no Committee member has any interlocking relationship with McCormick which is required to be reported under applicable rules and regulations of the SEC. For a discussion of insider participation in certain transactions, see "Procedure Regarding Transactions with a Related Person" above.

Narrative to the Director Compensation Tables

Directors who are employees of McCormick do not receive any fees for their service as a director. Messrs. Kurzius, Wilson and Stetz were employees of the Company during fiscal 2016.

The cash components of non-management director compensation are: (i) an annual retainer of \$90,000, paid in equal quarterly installments (the first quarterly installment upon election to the Board is paid in Common Stock; subsequent quarterly payments are paid in cash), and (ii) for a director who serves as the Lead Director and/or as a Board Committee chair, an additional annual retainer of \$15,000 in cash (paid in equal quarterly installments).

In addition, non-management directors received an annual option grant of 5,000 shares of common stock under the 2013 Omnibus Incentive Plan. The shares subject to these options vest in full on March 15 of the year following the year in which the grant date occurs, provided that the director continues to serve on the Board until such date. Non-management directors also received an annual RSU grant in

[Back to Contents](#)

whole shares approximating the value of \$100,000. The RSUs vest in full on March 15 of the year following the year in which the grant date occurs, provided that the director continues to serve on the Board until such date. All outstanding stock options become fully exercisable and all outstanding RSUs vest in the event of disability or death of the participant, or a change in control of McCormick, while the director is serving on the Board.

Directors are eligible to participate in the McCormick Deferred Compensation Plan. Pursuant to this plan, directors may elect to defer anywhere from 10% to 100% of their cash Board fees. McCormick makes no contributions to the Deferred Compensation Plan. For all plan participants, including directors, the deferred amounts are recorded in a notional deferred compensation account and change in value based upon the gains and losses of benchmark fund alternatives (one of which tracks the performance of McCormick stock) selected by the participant. Plan participants may generally elect to change their fund choices at any time (there are certain restrictions applicable to participants subject to Section 16 of the Exchange Act). Director participants may elect the deferred amounts plus earnings to be distributed either six months following retirement from the Board or on an interim distribution date. Distributions upon a director's retirement from the Board are paid in either a lump-sum or in 5 year, 10 year, 15 year or 20 year installments, based on the director's distribution election. Interim distributions are paid on a lump-sum basis and the distribution date must be at least four years from the date of the deferral election. If a director leaves the Board prior to the interim distribution date, then his or her plan balance will be paid as either a lump sum distribution or as indicated in the retirement distribution election. Participants may make a change to their distribution election subject to the requirements of the plan and Section 409A of the Internal Revenue Code of 1986, as amended. Amounts deferred under the Deferred Compensation Plan are held in a "rabbi" trust and remain subject to the claims of McCormick's creditors until they are paid.

Prior to the grant of RSUs, directors may elect to defer receipt of the underlying common stock upon vesting. If the director so elects, the director will not be considered the owner of the underlying common stock and will not receive voting rights or dividends on the stock until the deferral period expires, which is a date specified by the director or six months after the director's departure from the Board. At the expiration of the deferral period, the director becomes the owner of the underlying common stock.

[Back to Contents](#)**PROPOSAL 1** ELECTION OF DIRECTORS**Director Nominees**

The persons listed in the following table have been nominated by the Board for election as directors to serve until the next Annual Meeting of Stockholders or until their respective successors are duly elected and qualified. All nominees currently serve as directors. Management has no reason to believe that any of the nominees will be unavailable for election. In the event a nominee is unable to serve on the Board, or will not serve for good cause, the proxy holders will have discretionary authority for the election of any person to the office of such nominee. Alternatively, the Board may elect to reduce the size of the Board. Gary Rodkin joined the Board in January 2017 and is standing for election for the first time. Mr. Rodkin was identified as a potential director by a third party search firm.

The following table shows the names and ages of all nominees, the principal occupation and business experience of each nominee during the last five years, the year in which each nominee was first elected to the Board, and, as of the Record Date (except for Gary Rodkin's ownership, which is as of the date he was elected to the Board), the amount of McCormick stock beneficially owned by each nominee, and the directors and executive officers of McCormick as a group, and the nature of such ownership. Except as shown in the table or footnotes, no nominee or executive officer beneficially owns more than 1% of either class of McCormick common stock.

Required Vote of Stockholders

The affirmative vote of a majority of all votes cast by holders of the shares of Common Stock present in person or by proxy at a meeting at which a quorum is present is required for the election of each nominee.

The Board of Directors recommends that stockholders vote FOR each of the nominees listed below.

COMPENSATION OF EXECUTIVE OFFICERS

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

The purpose of this Compensation Discussion and Analysis (CD&A) is to provide stockholders with a description of the material elements of McCormick's compensation program for its executive officers, including the Named Executive Officers, for fiscal 2016 and the policies and objectives which support the program. The compensation details are reflected in the compensation tables and accompanying narratives which follow.

The CD&A is divided into the following sections:

- Our Executive Compensation Philosophy and Practices
- Principles of McCormick's Executive Compensation Policy
- Overview of Our Executive Compensation Program for Fiscal 2016
- How We Determined Executive Compensation for Fiscal 2016
- Elements of Executive Compensation
- Performance-Based Compensation and Risk

Our Executive Compensation Philosophy and Practices

The core principles of McCormick's executive compensation program continue to be pay for performance while retaining key talent. McCormick's compensation program is designed to align McCormick's executive compensation with long-term stockholder interests. The framework of our executive compensation programs includes the governance features and other specific elements discussed below:

Compensation Practice	Pursued at McCormick?	Best Practice
-----------------------	-----------------------	---------------

Independent Compensation Committee and Consultant	YES. McCormick's Compensation Committee is comprised solely of independent directors. As well, the Committee's compensation consultant, Exequity L.L.P., is (i) retained directly by the Committee; (ii) performs no consulting or other services for McCormick; and (iii) is independent and there are no conflicts of interest with regard to the work of Exequity L.L.P.
Compensation Risk Assessments	YES. The Compensation Committee's annual review and approval of McCormick's compensation strategy includes a review of compensation-related risk management. In this regard, the Compensation Committee annually considers the relationship between the Company's overall compensation policies and practices for employees, including non-executive officers, and risk, including whether such policies and practices (i) encourage imprudent risk taking, and/or (ii) would be reasonably likely to have a material adverse effect on the Company. The Committee believes that the Company's compensation programs (executive and broad-based) provide multiple and effective safeguards to protect against undue risk.
Favorable Risk Assessment for Fiscal 2016	YES. Exequity L.L.P., the Compensation Committee's independent consultant, assessed the Company's compensation policies and practices in fiscal 2016 and concluded that they do not motivate imprudent risk taking.
Limited Perquisites and No Tax Gross-Ups	YES. The NEO's receive a limited number of personal benefits and the Company does not provide tax gross-ups for personal benefits, such that these benefits are fully taxable to the recipient.
Employment Agreements	NO. McCormick's executive officers do not have employment agreements, except where legally required, and do not have guaranteed levels of compensation.
Pledging, Hedging or Speculative Trading	NO. Executive officers are prohibited from pledging or hedging their Company stock (see discussion above under "Corporate Governance Guidelines") and are prohibited from engaging in short sales or equivalent transactions in McCormick stock.
Stock Ownership	YES. To further align the long-term interests of our executives and our stockholders, our Board has established stock ownership guidelines applicable to our CEO and executive officers. As well, a portion of an executive's incentive award under the Long-Term Performance Plan (if earned) is paid in the form of stock.

Compensation Practice

Pursued at McCormick?

Best Practice

Clawback Policy

YES. McCormick's 2013 Omnibus Incentive Plan (and the prior 2007 Omnibus Incentive Plan) outlines circumstances under which share-based and cash-based awards made under that plan may be forfeited, annulled, and/or reimbursed to McCormick, as described below.

Focus on Performance- Based Compensation

YES. The Compensation Committee endeavors to structure the executive compensation program so that each executive's compensation is comprised of a majority of elements that are performance-based, including our annual incentive plan, Long-Term Performance Plan and stock options. We strive to maximize deductibility as "performance-based compensation" under Section 162(m) of the Internal Revenue Code, as described below.

Pay Well Aligned with Performance

YES. As part of Exequity L.L.P.'s annual analysis of pay for performance, it compares both a one-year and five-year review of McCormick's CEO pay for performance to McCormick's peer companies. The performance measures include total stockholder return (TSR), change in stockholder value (SV) and earnings before interest and taxes (EBIT). For fiscal 2016, the independent compensation consultant concluded that, while some pay elements for McCormick's CEO fall below the competitive range due to being recently promoted into the role, the total compensation design is well aligned with the market.

Cap on Performance-Based Compensation

YES. There is a cap for executive officer incentive payments made under the annual performance-based compensation and long-term incentive programs, and no payment is guaranteed under any incentive plans.

Principles of McCormick's Executive Compensation Policy

McCormick's compensation policy is based on the following principles:

- We must pay competitively – both as to the amount and type of compensation we offer – as compared to the "Market Group" companies listed below in order to attract and retain our executive talent.
- A substantial portion of each executive's total compensation should be performance-based and dependent on the achievement of financial and other performance goals over both the short and longer term.
- The financial performance goals should be drivers of stockholder value over the short and longer term, such as sales growth, earnings per share (EPS) and total stockholder return (TSR).

Overview of Our Executive Compensation Program for Fiscal 2016

During fiscal 2016, the primary elements of compensation earned by each of our Named Executive Officers consisted of base salary, an annual incentive cash payment, a long-term performance plan (in the form of cash-based and equity-based incentive awards), a long-term equity incentive program, a limited number of personal benefits, and

retirement benefits earned under our qualified retirement plans and supplemental executive retirement plan (Messrs. Kurzius, Smith, Stetz and Wilson were the active participants in 2016 of the Company's supplemental executive retirement plan).

The Compensation Committee reviews and approves each element of compensation separately. If necessary, the Compensation Committee makes adjustments to individual elements of compensation to achieve the total targeted compensation that it believes is competitive with our Market Group and consistent with performance goals, all as explained below. In its deliberations, the Committee reviews "tally sheet" information for each executive officer, including the Named Executive Officers. The tally sheets are updated annually and include the elements of compensation noted above, the total estimated payments upon retirement, and the total estimated payments upon involuntary termination from McCormick.

The elements of the Executive Compensation Program described in the table below apply as stated to our US-based executive officers and it is our intent to follow our compensation principles and to provide similar benefits, where available and appropriate, to those executive officers located outside of the US. In 2016, Malcolm Swift remained based in the UK and therefore subject to country-specific differences in benefits.

How We Determined Executive Compensation for Fiscal 2016

The Compensation Committee of the Board of Directors administers the compensation program for McCormick's executive officers, including the Named Executive Officers. The Committee applies the executive compensation principles listed above when approving pay for each individual officer. In determining the compensation of the Company's executive officers, the Committee is assisted by Exequity L.L.P., the independent compensation consultant retained by the Committee.

The Compensation Committee considered the following information in its evaluation of the compensation program for fiscal 2016:

- A total compensation review of a large number of other manufacturers of consumer goods listed below ("**Market Group**") provided by Exequity L.L.P.;
- A review of current and historic financial information, such as EPS, sales growth and TSR, of certain manufacturers of consumer food products listed below ("**Peer Group**"); and
- Recommendations by Messrs. Kurzius and Wilson with respect to the compensation of each Named Executive Officer, other than themselves, as discussed more fully below.

The Compensation Committee also considered the results of the advisory votes by stockholders on the "say-on-pay" proposal presented to stockholders at the March 26, 2014 Annual Meeting. As reported in the Company's Form 8-K, filed with the SEC on March 31, 2014, stockholders expressed significant support for the compensation program offered to the Company's Named Executive Officers. Accordingly, the Committee made no direct changes to the Company's executive compensation program as a result of the say-on-pay vote. For fiscal 2016, the Company's executive compensation program continued to focus on pay for performance, alignment of executive interests with those of McCormick's stockholders, and achieving balance between offering annual and long-term incentives without creating improper risks. The Committee will continue to consider the results of stockholders' advisory votes on executive compensation when making decisions about our executive compensation program.

Each year, in the process of considering compensation adjustments, the Compensation Committee compares the target total compensation being offered to McCormick's executive officers, including its Named Executive Officers, to the compensation being paid to individuals in similar positions at the below listed consumer products companies (our Market Group companies). In fiscal 2016, the Committee, with assistance from the independent compensation consultant, modified the Market Group. The modification occurred to address the reduction of companies due to merger/acquisition activity and/or a change in business relevance. The Committee maintained the Market Group size to include enough new companies from similar or adjacent industries so as to accommodate normal attrition and also to refine the range of revenue and market capitalization to be closer to that of McCormick.

For fiscal 2016, the Market Group comprised the following companies for U.S. based executive officers:

Avery Dennison Corporation	Fresh Del Monte Produce Inc.	Mead Johnson Nutrition Company
Brown-Forman Corporation	The Hain Celestial Group Inc.	Miller Coors LLC
Brunswick Corporation	Hanesbrands Inc.	Mohawk Industries
Campbell Soup Company	The Hershey Company	Newell Rubbermaid Inc.
Church & Dwight Co., Inc.	Hormel Foods Corporation	Packaging Corporation of America
The Clorox Company	Ingredion Incorporated	PVH Corp.
Coach, Inc.	The J. M. Smucker Company	Sonoco Products Company
Constellation Brands Inc.	Kellogg Company	Tupperware Brands Corporation
Dr. Pepper Snapple Group, Inc.	Mattel, Inc.	WhiteWave Foods Company
Flowers Foods, Inc.		

We believe these companies provide an appropriate comparison against which to measure the adequacy and suitability of our target compensation for executive officers because they are a likely source of executive talent for us, their executive positions are similar in scope, authority and impact to the positions occupied by our executives, and they generally operate within the same industry group as does McCormick. As these companies range in sales and profits from lower to higher than McCormick, the Compensation Committee's independent consultant employs regression analysis to predict the levels of compensation these Market Group companies would pay if they were McCormick's size. These size-adjusted data become the benchmarks against which the Compensation Committee measures the sufficiency and suitability of the pay being extended to McCormick's executives.

Annual cash compensation consists of an annual base salary and annual performance-based incentive program. McCormick targets annual cash compensation expenditures at the 50th percentile of the annual cash compensation values in the Market Group companies. Long-term compensation expenditures (consisting of cash-based and equity-based incentive awards) also are targeted at the 50th percentile of the long-term incentive compensation values conveyed to executive officers at the Market Group companies.

During fiscal 2016, the aggregate value of the target total compensation opportunities granted for the year (the sum of annual cash compensation and long-term incentive compensation) that McCormick extended to its team of executive officers was 22.7% below the 50th percentile of total target compensation levels offered to similarly positioned executives at the Market Group companies. This positioning as compared to the market median was due in large part to the fact that several of the Company's executive officers were newly promoted or hired into their roles in recent years. The intent is to continue to address this gap in overall positioning within the next several years.

Elements of Executive Compensation

1. Annual Cash Compensation and Long-Term Incentives

Base Salaries: Adjustments to base salaries are considered annually, but there is no guarantee that base salary will increase in any given year. For fiscal 2016, base salaries for the Named Executive Officers were increased to (a) reflect (i) assessments of individual performance; (ii) base pay alignment with market medians; and (iii) promotions or increases in responsibility. In aggregate, following such increases, base salaries for all executive officers as a group were 11.7% below the 50th percentile level of the Market Group.

Annual Performance-Based Incentive Compensation: Performance goals for our annual incentive program were approved by the Compensation Committee based on its analysis of the performance of the companies listed below, (b) which are members of the S&P 500 Food Products Group. McCormick considers these companies to be our Peer Group for purposes of our performance-based incentive plans because they are the companies against which we assess our financial results and with whom we compete for equity investors.

For fiscal 2016, our Peer Group comprised the following companies:

Campbell Soup Company	The Hershey Company	Mondelez International, Inc.
ConAgra Foods, Inc.	Hormel Foods Corporation	Post Foods, LLC.
Dean Foods Company	The J. M. Smucker Company	Treehouse Foods.
Flowers Foods, Inc.	Kellogg Company	Tyson Foods, Inc.
General Mills, Inc.	Lancaster Colony Corporation	The WhiteWave Foods Company
Hain Celestial Group, Inc.	Mead Johnson Nutrition Company	

In accordance with McCormick's 2013 Omnibus Incentive Plan, the annual incentive program, in which our Named Executive Officers participate, consists of an annual incentive pool that shall not exceed 2.5% of McCormick's net income for the year. At the beginning of the year, the Compensation Committee establishes the maximum percentage of the pool that each will be eligible to earn, and the sum of these percentages cannot exceed 100% of the pool. At the end of the year, each Named Executive Officer's actual incentive award generally is adjusted downward from the allocated portion of the pool based on McCormick's EPS growth and McCormick Profit goals (McCormick Profit is operating profit adjusted by a charge for working capital). In exercising its discretion to adjust the amount of a Named Executive Officer's annual incentive bonus from the amount that results from the pool, the Compensation Committee generally uses the following approach: (1) Named Executive Officers who are not directly responsible for a particular business unit have 60% of their annual incentive based on EPS growth, 30% of their annual incentive based on Global McCormick Profit and 10% based on a strategic non-financial metric regarding diversity and inclusion, or (2) Named Executive Officers who are directly responsible for a particular business unit or group of business units have 40% of the annual incentive based on McCormick's EPS growth, one-half on the achievement of McCormick Profit for that business unit or group of business units, and 10% based on a strategic non-financial metric regarding diversity and inclusion.

In general, when setting annual incentive goals, the Compensation Committee considers historic levels of EPS generated by the top performing Peer Group companies, upcoming year EPS estimates for these companies, and McCormick's own record of EPS growth. The Committee also evaluates, with Mr. Kurzius' input, non-operational and/or other significant factors which may have affected the EPS results at McCormick and the Peer Group

companies during the performance periods considered.

The Compensation Committee agreed with McCormick's definition of "Adjusted EPS" for fiscal 2016, that is EPS for the respective year, adjusted to exclude the impact of special charges. The Compensation Committee determined that if McCormick were to achieve Adjusted EPS growth between

the range of the prior year's Adjusted EPS to 10.86% growth, an annual incentive would be paid in an amount between 30% and 200% of target. The Committee concluded it was appropriate to reward Adjusted EPS performance in this range with a payment exceeding target in recognition of the difficulty of achieving an Adjusted EPS goal which places McCormick among the highest performers in its Peer Group. For fiscal 2016, the Compensation Committee established the following annual incentive payment levels for Adjusted EPS growth, ranging from equal to the 2015 level to growth of 10.86% or more.

Adjusted EPS Metric		Payout
Threshold	Prior Year Level	30%
Target	6.86% Growth	100%
Maximum	10.86%+ Growth	200%

One of the performance metrics used in determining the fiscal 2016 annual incentive for all Named Executive Officers is business unit McCormick Profit. For fiscal 2016, the ability to meet or exceed the McCormick Profit goals was considered at least as difficult as the overall Company achievement of its Adjusted EPS performance metric. Business unit and Global McCormick Profit targets, while quantifiable, are confidential commercial or financial information, the disclosure of which would cause competitive harm to the Company. The Compensation Committee evaluates the difficulty of achieving the business unit McCormick Profit targets established by the CEO. In this evaluation, the Committee considers both the historic performance of the business units for which Messrs. Foley and Swift were responsible and the overall McCormick Profit targets established by the CEO for the upcoming fiscal year.

This evaluation is conducted with a view to driving stockholder value, paying our Named Executive Officers competitively, and rewarding superior financial performance. The measure of the difficulty of achieving business unit McCormick Profit targets is illustrated by the fact that the business units led by Messrs. Foley and Swift have not uniformly achieved their McCormick Profit targets from year-to-year and also vary when compared to each other.

In 2016, McCormick's senior executive employees, including the Named Executive Officers, were also evaluated with respect to performance on strategic corporate social responsibility (CSR) goals that directly support McCormick's diversity and inclusion initiatives. These goals were developed to reinforce focus and commitment in the highly supported efforts of diversity and inclusion. The strategic goal included a measure of diverse hires, placements and/or promotions within senior leadership roles globally. This focus elevated the efforts around an already existing process that is committed to ensuring internal talent management as well as external talent acquisition processes to achieve increasing diversity within the respective candidate pools. As with the profit targets discussed above, the diversity and inclusion goals are confidential information. The Compensation Committee evaluates the difficulty of achieving the diversity and inclusion strategic goal, which were set at a level of difficulty to be commensurate with the Company's goal of making significant progress with its diversity and inclusion efforts.

The Compensation Committee determined the actual fiscal 2016 annual incentive for each Named Executive Officer using the factors set forth in the following table: (i) the performance metric and respective weight allocated to each metric, as applicable; and (ii) the target annual incentive potential, as a percentage of base salary.

Name	Performance Metric	Target Annual Incentive as a % of Base Salary	Payout Factor %	Actual Annual Incentive as a % of Base Salary*

*The fiscal 2016 annual incentive as a percentage of base salary for each Named Executive Officer is determined by multiplying column "A" times column "B" to produce the result in column "C." The resulting annual incentive amount is *included in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table below. For fiscal 2015, the actual annual incentive as a percentage of base salary (Column C) for each Named Executive Officer was 77% (Mr. Kurzious), 117% (Mr. Wilson), 68% (Mr. Stetz), 63% (Mr. Foley), and 88% (Mr. Swift).*

Long-Term Incentive Plan: The intent of the Long-Term Incentive Plan (LTIP) is to align the interests of our executives with those of our stockholders and to drive increasing stockholder value over time. The two components (c) to the LTIP are the Long-Term Performance Plan and the Long-Term Equity Incentive Program (currently granted in stock options):

Long-Term Performance Plan (LTPP) - A limited number of executives, including the Named Executive Officers, who are in positions to significantly impact the achievement of key corporate objectives and who provide the long-term strategic leadership necessary to accomplish those objectives, participate in the Company's three-year LTPP. The program provides for payments contingent on the achievement of three-year performance goals relating to (1) cumulative sales growth, and (2) McCormick's Total Stockholder Return (TSR) relative to the TSR generated by our Peer Group companies. As it had in recent years, the Committee determined that the portion of the award measuring cumulative sales growth would be paid in the i. form of stock, but only if the established performance criteria are met. The Committee believes that this metric aligns the interests of McCormick's executives with the interests of stockholders. The other portion, measuring relative TSR, is paid in cash, again only to the extent the established performance criteria are met. Cumulative TSR growth relative to the growth generated by the members of our Peer Group was considered an appropriate metric for these cycles because it is a clear and objective measurement of return for our stockholders, and its inclusion as a performance indicator ensures that the interests of plan participants remain aligned with those of our investors. Separate performance goals for cumulative sales growth and TSR were established for each cycle.

We establish our cumulative sales growth and TSR goals to instill in our executive officers an incentive to generate financial growth for McCormick that is competitive with growth rates exhibited by the highest performers among our Peer Group companies. This program plays an important role in aligning the compensation of executives with key financial accomplishments, which the Compensation Committee believes drive stockholder value over the long-term and are therefore important indicators of the performance of our top executives. The three-year performance timeframe and metrics for this plan complement the annual earnings and profit performance focus provided by the annual incentive program and the longer-term focus provided by stock options.

Throughout fiscal 2016, there were three active award cycles in this program, one of which ended on November 30, 2016. They are:

- December 1, 2013 – November 30, 2016 (fiscal 2014-2016) – just completed
- December 1, 2014 – November 30, 2017 (fiscal 2015-2017) – active cycle
- December 1, 2015 – November 30, 2018 (fiscal 2016-2018) – active cycle

The cash payment made to Named Executive Officers for the performance cycle ending November 30, 2016, is included in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table below. The Compensation Committee approved the cash payment to participants at 143% of target because of compounded three-year TSR percentile growth of 63rd percentile and share payment to participants at 101% of target because of a compounded three-year sales growth of 14.1%. If earned, the cash and stock awards under the remaining active cycles will be paid no later than February 2018 and February 2019, respectively. As required by SEC rules, the portion of the fiscal 2015-2017 cycle and the fiscal 2016-2018 cycles that may be paid in shares, if earned, is reflected in the Stock Awards column of the Summary Compensation Table below for years 2015 and 2016, respectively, even though it would not be paid until the end of the cycle.

For the three-year performance cycles completed in fiscal 2016 or currently active, the cumulative three-year sales growth and TSR thresholds and maximums are as follows:

FY2014–2016		
Performance Period		
	Sales Growth	TSR
Threshold	9.0%	30 th Percentile
Maximum	21.0%	80 th Percentile and above
Actual Performance (FY2014–2016)	14.1%	63 rd Percentile
FY2015–2017 and FY2016–2018		
Performance Periods		
	Sales Growth	TSR
Threshold	6.0%	30 th Percentile
Maximum	18.0%	80 th Percentile and above

The measure of the historical difficulty of achieving the performance goals under this plan is illustrated by the fact that there has not been uniform achievement of the goals from year-to-year and, as shown in the following table, the achievement percentages on the two metrics also vary when compared to each other:

Earned Achievement Percent		
Performance Cycle	Shares Component	Cash Component
FY12-14	124%	150%
FY13-15	48%	44%
FY14-16	101%	143%

- Long-Term Equity Incentive Program - Long-term awards are granted at the meeting of the Board of Directors that is held on the same day as our Annual Stockholders' Meeting. In fiscal 2016, the Compensation Committee determined that the long-term awards for executive officers, including the Named Executive Officers, should be
- ii. 100% stock options, the same award format as had been granted in the previous year. The Compensation Committee decided to issue stock options because it believes that stock options provide the most direct and effective method for aligning the interests of our executive officers with those of our stockholders over the long-term. The exercise price of stock options is equal to the closing price of McCormick common stock on the date of grant.

In fiscal 2016, we determined the number of option shares to grant by dividing the award cash value by the option grant date fair value as measured on the grant date and the resulting number of shares was rounded up to the nearest whole number. This methodology is evaluated annually.

The target value of long-term incentive awards is determined by reference to benchmark data. Each executive officer is assigned an LTIP award value which, when combined with their salary and annual incentive, is intended to position the officers, in aggregate, at or near the 50th percentile of the total compensation of comparably positioned officers of our Market Group companies. The mix of cash and equity-based awards is determined each year by the Compensation Committee by reference to the typical blend of such awards in the Market Group.

Role of the Independent Compensation Consultant & Recommendations by the CEO

Independent Consultant: Pursuant to its Charter, the Committee has the sole authority to retain and terminate the services of any outside compensation advisers to the Committee. For fiscal 2016, the Compensation Committee retained Exequity L.L.P. to provide advice to the Committee on general program design and best practices, as well as to assist the Committee in determining the relationship between the programs and the levels of compensation paid to our executive officers and directors to the Peer Group companies identified above. Exequity L.L.P. reported directly to the Committee and neither Exequity L.L.P. nor any of its affiliates provide any other services to the Company, its management or executive officers. The Compensation Committee has assessed the work performed by Exequity L.L.P. and has determined both that Exequity L.L.P. is independent, and that its work did not raise any conflict of interest. While Exequity L.L.P. performed the general competitive review, as requested by the Committee, Exequity L.L.P. did not determine the amount or form of compensation with respect to McCormick's executive officers.

CEO Recommendations: The compensation of every McCormick employee, including each Named Executive Officer, is influenced in large part by the responsibilities of the position and the need to ensure that employees having similar job responsibilities are paid equitably, with consideration for individual performance. For fiscal 2016, Messrs. Kurzius and Wilson provided recommendations to the Compensation Committee with respect to the base salary amounts, performance targets for the annual and long-term incentive programs, and any adjustments to the value of long-term awards for each Named Executive Officer (other than themselves). These recommendations were based on the Market Group data reviewed by the Committee and Messrs. Kurzius and Wilson's assessment of the executive's relative experience, overall performance, and impact on the accomplishment of McCormick's financial goals and strategic objectives during the prior year. While the Compensation Committee took Messrs. Kurzius and Wilson's recommendations under advisement, it independently evaluated the pay recommendations for each executive officer and made all final compensation decisions in accordance with its formal responsibilities as defined in its Charter.

The Company's CEO does not make any recommendations as to his own compensation and such decisions are made solely by the Compensation Committee. The Compensation Committee determined Messrs. Kurzius and Wilson's compensation, including base salary, performance targets and the value of the annual and long-term awards privately in executive session.

Aside from the Company's CEO, no executive officer of McCormick determined or recommended the amount or form of executive or director compensation to the Committee during fiscal 2016.

Share Ownership Guidelines for Executive Officers

We believe our executive officers should be invested in the success of the organization they lead, and thus the Compensation Committee adopted share ownership guidelines in 2004. In June 2016, the Committee reviewed our share ownership guidelines as compared to those of the Market Group companies. A majority of the Market Group companies set share ownership guidelines based on a multiple of base salary similar to ours. Based upon its review, the Committee concluded that no changes were necessary to the previously established guidelines, which are as follows:

	Multiple of Base Pay
Chief Executive Officer	5.0x
Executive Vice President and executive officers serving as Presidents of major business units	3.0x
Senior Vice President	2.0x
Vice President	1.6x

[Back to Contents](#)

Shares owned by an executive officer include common stock allocated to the officer's 401(k) plan account as well as other shares which are beneficially owned, directly or indirectly, by the officer, but do not include shares available under vested but unexercised options.

All executive officers have five years from their appointment as an executive officer to meet these guidelines, and their stock ownership is reviewed annually by the Compensation Committee. Based on the closing price of the common stock on the Record Date, all of our Named Executive Officers satisfy the guidelines except for Messrs. Swift and Schwartz who were appointed as executive officers in 2014 and Mr. Foley who was appointed as an executive officer in 2015, and have until 2019 and 2020, respectively, to meet the requirements.

2. Retirement and Other Benefits

Retirement Benefits: We have provided a tax-qualified defined benefit pension plan in which many of our U.S. employees have been eligible to participate. For employees hired prior to December 1, 2000, base salary only is included in the calculation of the pension benefit, while base salary and the annual incentive are included in the calculation of the pension benefit for employees hired on or after December 1, 2000. Effective January 1, 2012, the (a) pension plan was closed to new entrants; however, persons who were employees prior to January 1, 2012 continued to accrue benefits under the pension plan in accordance with its existing terms, before and after January 1, 2012. On January 3, 2017, a decision was made to freeze the pension plan effective December 1, 2018, at which point additional benefits will cease to accrue.

We have also provided a supplemental executive retirement plan ("SERP") for a limited number of senior management employees who are age 50 and older, including certain of the U.S.-based Named Executive Officers. Providing a supplemental retirement benefit has been consistent with comparable organizations and provided a significant retention benefit. The senior executive program contained in McCormick's SERP provides the participating Named Executive Officers with a credit of one additional month of service for each month of service in the SERP between ages 55 and 60. For the Named Executive Officers hired before December 1, 2000, the SERP also includes a significant portion of the executives' incentive payments in the calculation of the SERP pension benefit in recognition of the fact that a substantial portion of the total compensation for these executives is performance-based compensation, consistent with our compensation policy, and the incentive bonuses for these executives are not included in calculating their benefit under the tax-qualified pension plan. For Named Executive Officers hired on or after December 1, 2000, the SERP is calculated by multiplying the benefit by a factor based upon the Named Executive Officer's wage grade at the date of retirement. The long-term cash and equity based incentive awards described above are not included in the calculation of the SERP benefit. The Compensation Committee had closed the senior executive SERP program to new entrants; however, as is the case with the pension plan, executives who were participating in the senior executive SERP program continued to accrue benefits under the plan in accordance with its existing terms. On January 3, 2017, a decision was made to freeze the SERP plan effective February 1, 2017, at which point additional benefits ceased to accrue for participants in the SERP.

In connection with the freezing of the SERP, and the planned freezing of the pension, the company has approved (i) a the McCormick Non-Qualified Retirement Savings Plan, effective February 1, 2017, and (ii) enhancements to the company's 401(k) plan, effective December 1, 2018, to provide additional retirement benefits for all U.S. employees, including the Named Executive officers.

Malcolm Swift participated in the McCormick (UK) Limited Pension & Life Assurance Plan (“UK Pension Plan”), which is a defined benefit, contributory plan, until he elected to withdraw from it in April 2016. The UK Pension Plan was closed in 2003 and frozen on December 31, 2016. Mr. Swift’s inclusion in the UK Pension Plan as an Executive of McCormick UK was requested by the Company and approved by the Trustees of the UK Pension Plan. The UK Pension Plan provides benefits based on the participant’s years of service and the final pensionable salary. As defined in the UK Pension Plan, “years of service” means all of the executive’s years of service to McCormick after becoming eligible to enter the UK Pension Plan. Mr. Swift will retain benefits accrued up to the date of his withdrawal in accordance with the UK Pension Plan’s terms.

Personal Benefits: The Named Executive Officers received a limited number of personal benefits, including a fixed car allowance and fixed executive benefit allowance for expenses associated with financial planning and (b) wellness. These benefits make up a small portion of the total compensation of our Named Executive Officers and we believe the retention value of these benefits exceeds the cost of such benefits to McCormick. The Company does not provide tax gross-ups for personal benefits, such that these benefits are fully taxable to the recipient.

Company Airplane: McCormick maintains a Company airplane. It is preferred that the CEO and other executives, including the Named Executive Officers, use McCormick’s airplane whenever air travel is required for business purposes. This provides for a more efficient use of their time given the greater likelihood of direct flights and improved flight times than are available commercially. It also provides a more secure traveling environment where sensitive business issues may be discussed, and enhances personal security. Spouses, family and other guests generally may accompany the executive on the airplane when the executive is traveling. If the travel by the (c) executive, spouse, family, or guest does not meet the United States Internal Revenue Service standard for business use, the cost of that travel is imputed as income to the executive and the executive is fully responsible for any associated tax liability. To the extent any travel on the airplane results in imputed income to the Named Executive Officer, the Company does not provide gross-up payments to cover the Named Executive Officer’s personal income tax obligation due to such imputed income. The Company does not incur any incremental out-of-pocket costs when additional passengers accompany an executive on the Company airplane.

Severance Benefits: The Company’s executive officers participate in McCormick’s Severance Plan for Executives (the “Severance Plan”). The Severance Plan provides for severance and other benefits to eligible employees if they (d) experience an involuntary termination without “cause” or a voluntary termination for “good reason,” each as defined in the Severance Plan.

[Back to Contents](#)

An eligible employee who experiences such a termination and executes (and does not revoke) a general release of claims against the Company will receive the payments and benefits described below under “Potential Payments Upon Termination or Change in Control.” The Change in Control features of the Severance Plan are needed to allay the uncertainty that executives can experience while the possibility of a Change in Control exists, thereby allowing them to both operate in the best interests of the Company and stockholders, as well as to remain at the Company through the desired retention period. The Board believes that the Severance Plan allows the Company’s executives to continue effectively executing their management responsibilities without being influenced by the uncertainty of their personal situations. In the event of an involuntary termination outside of a Change in Control situation, we consider these benefits important to attract executive talent to the Company. In addition, they help create a stable work environment in which the executives are provided certain economic benefits in the event their employment is terminated. A general release from claims is required to obtain these benefits, making this a mutually beneficial arrangement.

For additional information on the above benefits, see the “All Other Compensation” column and related footnotes to the Summary Compensation Table.

Performance-Based Compensation and Risk

The Compensation Committee considers risk as well as motivation when establishing performance criteria. During fiscal 2016, the Compensation Committee engaged in a process of reviewing all of the Company’s incentive compensation plans to determine whether the Company’s compensation policies and practices foster risk taking above the level of risk associated with the Company’s business model. In the course of its examination, the Committee evaluated:

- The balance of performance and the quality and sustainability of performance;
- The mix between annual and long-term incentives;
- The relationship between performance criteria for annual and long-term incentive awards;
- Competitive practices;
- Share retention requirements; and
- Clawback provisions.

On the basis of this review, the Compensation Committee determined that the Company’s incentive compensation plans are appropriately structured and do not create risks that are reasonably likely to have a material adverse effect on the Company.

Clawback Provisions

McCormick's 2013 Omnibus Incentive Plan (the "2013 Plan"), which was approved by stockholders at the April 3, 2013 Annual Meeting, and the prior 2007 Omnibus Incentive Plan, which was replaced by the 2013 Plan, outlines circumstances under which share-based and cash-based awards made under that plan may be forfeited, annulled, and/or reimbursed to McCormick. Such circumstances include: a forfeiture of the gain realized by a participating employee on account of actions taken by the employee in violation of the award agreements issued under the 2013 Plan, and/or a finding by the Compensation Committee that a participating employee has been terminated for cause ("cause" means, as determined by the Compensation Committee, (i) gross negligence or willful misconduct in connection with the performance of duties; (ii) conviction of, or plea of nolo contendere to, a criminal offense (other than minor traffic offenses); or (iii) material breach of any term of those agreements between the participant and McCormick or an affiliate, as specified in the 2013 Plan).

Furthermore, if McCormick is required to prepare an accounting restatement due to the material noncompliance of McCormick, as a result of misconduct, with any financial reporting requirement under the securities laws, then (i) the individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002, and (ii) any participant who (a) knowingly engaged in the misconduct, (b) was grossly negligent in engaging in the misconduct, (c) knowingly failed to prevent the misconduct, or (d) was grossly negligent in failing to prevent the misconduct, is required to reimburse McCormick the amount of any payment in settlement of an award earned or accrued under the 2013 Plan during the twelve month period following the public issuance or Exchange Act filing (whichever first occurred) of the financial document that contained such material noncompliance.

In addition, any award granted pursuant to the 2013 Plan shall be subject to mandatory repayment by the participant to McCormick to the extent the participant is, or in the future becomes, subject to (a) any Company "clawback" or recoupment policy that is adopted to comply with the requirements of any applicable law, rule, regulation or stock exchange listing standard, or (b) any law, rule, regulation or stock exchange listing standard that imposes mandatory recoupment under the circumstances set forth in such law, rule, regulation or listing standard.

Performance-Based Compensation – Section 162(m)

The Compensation Committee annually reviews and considers the deductibility of the compensation paid to our executive officers, which includes each of the Named Executive Officers in the U.S., under Section 162(m) of the Internal Revenue Code. Pursuant to Section 162(m), compensation paid to certain executive officers in excess of \$1,000,000 is not deductible unless it qualifies as “performance-based compensation.” The Committee endeavors to structure the executive compensation program so that each executive’s compensation will generally be fully deductible. However, the Committee retains the right to approve compensation that is not fully deductible under Section 162(m). The compensation paid pursuant to our cash-based annual and long-term incentive programs is intended to qualify as “performance-based compensation” for purposes of Section 162(m). Base salaries do not qualify as “performance-based compensation” pursuant to the requirements of Section 162(m).

For fiscal 2016, compensation for Mr. Wilson exceeded the Section 162(m) limitation due primarily to base salary.

Compensation Committee Report

The Compensation Committee of the Board of Directors has reviewed the foregoing Compensation Discussion and Analysis with management and, based on these reviews and discussions, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in McCormick’s Annual Report on Form 10-K for the fiscal year ended November 30, 2016, and in this proxy statement.

The Salary and Non-Equity Incentive Plan Compensation columns include amounts deferred at the election of the
(1) *Named Executive Officer. For more information on the amount of cash compensation deferred for each Named Executive Officer during fiscal 2016, see the “Non-Qualified Deferred Compensation Table” below.*

We are required to report the equity portion of awards made under the Long-Term Performance Plan (LTPP) at the beginning of the three-year LTPP cycle, even though it will not be paid (if at all) until the end of the cycle. The amounts shown assume performance at target. The cash portion of the award is not reported until the end of the cycle. Both the cash and equity portions of the award are paid only if performance conditions are met, and the
(2) *final payment amount will range from 25% to 200% of the stated target. Refer to the “Grants of Plan-Based Awards” table below for the threshold, target, and maximum amounts that can be earned. Amounts shown represent the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 related to the equity component of the FY2014-FY2016, FY2015-FY2017 and FY2016-FY2018 LTPP cycles. For a discussion of the assumptions used in determining these values, see Note 11 to our 2016 financial statements.*

Amounts shown represent the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 with respect to each fiscal year for each Named Executive Officer related to grants of stock options pursuant to our 2007 and 2013 Omnibus Incentive Plans. For a discussion of the assumptions used in determining these values, see Note 11 to our 2016 financial statements.
(3)

Amounts shown represent the cash awards earned by the Named Executive Officer under our annual performance-based incentive compensation program for each performance period. For further information, see the “Grants of Plan-Based Awards” table and accompanying footnotes below. Amounts shown for each fiscal year
(4) *also include cash awards paid to participants for three three-year LTPP cycles, the first beginning on December 1, 2011 and ending on November 30, 2014, the second beginning on December 1, 2012 and ending on November 30, 2015 and the third beginning on December 1, 2013 and ending on November 30, 2016, except for Messrs. Foley and Schwartz, who were not participants in these LTPP cycles.*

Amounts represent the actuarial change in the present value of the Named Executive Officer's benefit under our defined benefit pension plan and SERP, except for Mr. Swift's which is based on the UK Pension Plan. While these amounts appear as a lump sum, the normal form of payment is an annuity and the plan does not currently allow a
 (5) *lump sum payment for these benefits. The pension number reported is an accounting value and was not realized by the Named Executive Officer during 2016. For Mr. Foley, this amount reflects a profit sharing contribution of \$16,841 earned in fiscal 2016 that was contributed to Mr. Foley's Defined Contribution Restoration Plan account in December 2016.*

Each Named Executive Officer who is also a Management Committee member and based in the U.S. receives a \$22,000 executive auto allowance annually. Each also receives a \$17,000 executive benefit allowance annually. Each may also elect to enroll in an Executive Financial Counseling program valued at \$14,911 annually (Mr. Swift is not eligible to participate in this program). Each also received \$10,400 in employer matching funds under
 (6) *the McCormick 401(k) plan in fiscal 2016 (except for Mr. Swift who is not eligible to participate in this plan). Mr. Swift, who is based in the U.K., receives a £14,500 executive auto allowance annually and a £18,000 executive benefit allowance annually (converted to U.S. dollars of \$18,099 annually and \$22,468 annually, respectively; see footnote (9) below).*

In addition to the executive benefit allowance, the Executive Financial Counseling program, and employer matching funds under the McCormick 401(k) plan noted in footnote (6) above, Mr. Smith also received an annual
 (7) *auto allowance of \$13,140 prior to his appointment as a Management Committee member effective August 29, 2016, at which time this amount was increased to \$22,000 annually, for a total of \$16,031 in fiscal 2016. Mr. Smith also received payments totaling \$101,958 in fiscal 2016 related to a previous international assignment.*

In addition to the executive auto allowance, executive benefit allowance, and employer matching funds under the McCormick 401(k) plan noted in footnote (6) above, Mr. Foley is also enrolled in the Executive Financial
 (8) *Counseling program valued at \$17,040 annually. Mr. Foley also received \$18,889 in relocation reimbursements in fiscal 2016.*

Mr. Swift is located in the U.K., and, while the amounts shown in the table and accompanying footnotes are expressed in U.S. dollars, certain components of his compensation are paid in British pounds. These components
 (9) *were converted to U.S. dollars using the exchange rate of 1.2482 as of November 30, 2016, the last business day of the Company's fiscal year.*

In addition to the executive auto allowance and executive benefit allowance noted in footnote (6) above, Mr. Swift was also provided a cash allowance in the amount of £3,593 per month starting in April 2016 and paid through the remainder of fiscal 2016 (converted to U.S. dollars of \$35,878 see footnote (9) above). This allowance is provided due to legislative changes to UK pension laws in 2016 that resulted in limitations of accrued pension
 (10) *benefits for both the annual and lifetime allowances for many highly-compensated participants. As a result, Mr. Swift elected to withdraw from the UK Pension Plan in April 2016. Consistent with UK market practice and in order to continue to provide him with a competitive level of benefit (since he no longer accrues retirement benefits in the McCormick Plans), Mr. Swift is provided this cash allowance, which he will continue to receive on a monthly basis through fiscal 2018.*

[Back to Contents](#)**Narrative to the Summary Compensation Table**

McCormick does not maintain any employment agreements with the Named Executive Officers or other executive officers, except where required by law. In addition, dividends are not accrued or paid on unexercised unvested equity awards. The Company does not provide tax gross-ups for personal benefits or for the use of the Company airplane by Named Executive Officers.

As required under U.K. law, Mr. Swift has an employment agreement with the Company. The terms of Mr. Swift's employment agreement include base salary, notice of eligibility to participate in a bonus scheme operated by McCormick, eligibility to participate in the UK Pension Plan (which has been closed to new entrants), Group Income Protection and Private Medical Insurance and receive the automobile and executive allowances. The agreement also includes "notice to terminate employment" requirements for McCormick and Mr. Swift as well as "post termination obligations" of non-competition and non-solicitation.

Retirement Benefits

Pension Plan

McCormick's U.S. tax-qualified pension plan for employees in the U.S. is a defined benefit, non-contributory plan. Similar to all other participants in the plan, Messrs. Wilson, Kurzius, Stetz, Smith, and Schwartz are eligible to participate in the plan upon completing one year of service. Mr. Foley is not eligible for the U.S. plan. Mr. Swift is also not eligible for the U.S. plan, but participated in the UK Pension Plan described below until he elected to withdraw from it in April 2016. The normal retirement age pursuant to the pension plan is 65, however a participant may retire at 62 without receiving a reduction in benefits due to age, or as early as 55 with their benefits reduced 5/12 of 1% per month for each month that the participant is less than age 62. As of November 30, 2016, Messrs. Wilson, Kurzius, and Stetz were eligible for early retirement with reduced benefits. Effective January 1, 2012, the pension plan was closed to new entrants; however, persons who were employees prior to January 1, 2012 continue to accrue benefits under the pension plan in accordance with its existing terms after January 1, 2012. Additionally, on January 3, 2017, a decision was made to freeze the U.S. tax-qualified pension plan effective December 1, 2018, at which point additional benefits will cease to accrue.

The plan provides benefits (which are reduced by an amount equal to 50% of the participant's Social Security benefit for those employees hired before December 1, 2000) based on the participant's years of service and the highest average compensation over a period of five consecutive years. As defined in the plan, "years of service" means all of the executive's years of service to McCormick after becoming eligible to enter the plan (generally after one year of employment with McCormick). However, if a participant experiences a total and permanent disability prior to age 65, the participant's benefit will be based upon the participant's years of service as if he or she had served to the later of age 65 or five years after the total disability and compensation as of the date of the total and permanent disability. Also as defined in the pension plan, "highest average compensation" means base pay only for employees hired prior to December 1, 2000, and base pay and annual incentive bonus for employees hired on or after December 1, 2000. Messrs. Wilson, Stetz and Smith were hired prior to December 1, 2000. Messrs. Kurzius and Schwartz were hired after December 1, 2000.

McCormick's pension plan for employees based in the U.K. is the UK Pension Plan, which is a defined benefit, contributory plan. It closed in 2003. Mr. Swift's inclusion in the UK Pension Plan as an Executive of McCormick UK was requested by the Company and approved by the Trustees of the UK Pension Plan. The normal retirement age pursuant to the UK Pension Plan is 65; however, a participant may retire as early as age 55 with a reduction in benefit entitlement based on Actuarial tables. The UK Pension Plan provides benefits based on the participant's years of service and the final pensionable salary (i.e., base pay less Basic State Pension offset). As defined in the UK Pension Plan, "years of service" means all of the executive's years of service to McCormick after becoming eligible to enter the UK Pension Plan.

Messrs. Kurzius, Stetz and Wilson also participate in the senior executive program of the supplemental executive retirement plan ("SERP"), which was adopted in 1979, while Mr. Smith participates in the executive program of the SERP. As noted, on January 3, 2017, a decision was made to freeze the SERP effective February 1, 2017, at which point additional benefits ceased to accrue for participants in the SERP, including the above Named Executive Officers. The SERP provides a limited group of senior executives age 50 and older with an inducement to retire before age 65 by providing participating executives with an additional month of service credit for each month of service in the SERP between ages 55 and 60. For participants hired prior to December 1, 2000, the SERP includes a significant portion of the executives' annual bonuses in the calculation of pension benefits. Specifically, the calculation of average monthly earnings includes 90% of 1/12 of the average of the five highest annual bonuses payable for any five of the ten calendar years immediately preceding termination. For participants hired on or after December 1, 2000, the SERP is calculated by multiplying the benefit amount by a factor based upon the Named Executive Officer's wage grade at the date of retirement.

If the participating executive experiences a termination by McCormick without cause prior to age 55, the executive's SERP benefit will vest immediately upon such termination and will be based upon the executive's years of service and compensation as of the date of the termination. Only an annuity form of benefit is permitted under both the qualified plan and the SERP, except in the event of a change in control, and in that event, a lump sum benefit is paid under the SERP but not under the qualified plan. While benefits under the SERP have been frozen effective February 1, 2017, executives who were participating in the SERP program will retain benefits accrued up to that date in accordance with the SERP's terms.

The following table sets forth the accumulated benefit payable upon retirement to each of the Named Executive Officers pursuant to our defined benefit plans and the SERP.

Name	Plan Name	Number of Years Credited Service (#) ⁽¹⁾	Present Value of Accumulated Benefit (\$) ⁽²⁾	Payments During Last Fiscal Year (\$)

Represents the number of years of service credited to the Named Executive Officer under the respective plan, computed as of the same pension plan measurement date used pursuant to our fiscal 2016 financial statements (November 30, 2016). Actual years of service are as follows: Mr. Kurzius – 11 yrs, 11 mos; Mr. Wilson – 23 yrs, 2 (1) mos; Mr. Smith – 25 yrs, 6 mos; Mr. Stetz – 29 yrs; Mr. Foley – 2 yrs, 6 mos; Mr. Schwartz – 8 yrs, 5 mos; and Mr. Swift – 11 yrs, 11 mos. The difference in Mr. Kurzius', Mr. Wilson's, Mr. Smith's and Mr. Stetz's credited service between the two plans is due to the additional credit provided by the SERP for each month of service in the Plan after age 55.

Amounts represent the actuarial present value of the Named Executive Officer's accumulated benefit under each respective plan, computed as of the same pension plan measurement date used pursuant to our fiscal 2016 (2) financial statements. For a discussion of the assumptions used in this valuation, see Note 10 to our fiscal 2016 financial statements. All assumptions are the same for purposes of the above calculation, other than the assumed retirement age is age 62, the earliest age at which the executives may retire with unreduced benefits.

(3) Mr. Foley is not eligible for the Pension Plan or SERP.

(4) Mr. Schwartz has yet to meet the requisite criteria for inclusion in the SERP.

(5) As noted previously, Mr. Swift elected to withdraw from the UK Pension Plan in April 2016.

Non-Qualified Deferred Compensation

2000 Deferred Compensation Plan and Non-Qualified Retirement Savings Plan

Effective January 1, 2000, McCormick adopted a deferred compensation plan (the “2000 DCP”) that allowed a limited number of management employees in the U.S., including each of the Named Executive Officers, to defer up to 80% of their base salary and up to 80% of their annual incentive each year. These percentages were chosen to provide maximum deferral flexibility while requiring sufficient non-deferral salary out of which federal withholding and certain other payroll-based items could be funded. McCormick made no contributions to the plan. For all plan participants, including each of the participating Named Executive Officers, the deferred amounts are recorded in a notional deferred compensation account and change in value based upon the gains and losses of benchmark fund alternatives.

These fund alternatives under the 2000 DCP and the NQRSP are the same as those available under the McCormick 401(k) Retirement Plan, except there is also one real estate fund (which is generally publicly available) offered under this plan that is not available under the McCormick 401(k) Retirement Plan because it was determined by the Investment Committee to have a risk level that is not appropriate to offer in the more general McCormick 401(k) Retirement Plan. Participants may generally elect to change their fund choices at any time (there are certain restrictions applicable to participants subject to Section 16 of the Exchange Act).

In light of the aforementioned freezing of the SERP and defined benefit pension plan, on January 3, 2017, McCormick adopted amendments to the deferred compensation plan establishing a Non-Qualified Retirement Savings Plan (the “NQRSP”) to provide for additional retirement benefits for certain employees, including the Named Executive Officers. Under the NQRSP, certain management employees in the U.S., including the Named Executive Officers, may defer up to 80% of their total cash compensation (base salary and annual incentive bonus). Employees are permitted to elect separate deferral percentages for the amounts of such compensation under the maximum annual compensation limit established by the IRS for the 401(k) plan, currently \$270,000 for 2017 (the “IRS Limit”) and the amounts of compensation in excess of the IRS Limit. Beginning in 2018, McCormick will make a matching contribution to the deferred compensation account of eligible employees that defer compensation above the IRS Limit up to 4% of such amount for the 2018 fiscal year and up to 5% of such amount thereafter. Additionally, employees, including the Named Executive Officers, that have compensation in excess of the IRS Limit, will receive a contribution by McCormick into their deferred compensation account equal to 3% of the compensation amount in excess of the IRS Limit (provided that the amount of such contribution will be 7% of such amount for the partial year from February 1, 2017 through the end of 2017 to account for the fact that there is no matching contribution in 2017). In addition, to account for a portion of the benefit that would have been received under the SERP, and that will not be received under the NQRSP, the Company has agreed that (i) certain executives, including Messrs. Kurzius and Smith will be provided one time restricted stock unit grants during 2017, and (ii) that certain executives, including Messrs. Kurzius and Smith will receive transition credits to their deferred compensation account that are a percentage of compensation in excess of the IRS Limit. Such transition credits will be contributed for the 46-month period beginning on February 1, 2017 and ending on November 30, 2020.

In most cases, deferred amounts plus earnings are paid upon the participant's retirement or termination of employment. For deferrals made prior to 2005, upon a participant's termination of employment, the plan balance is paid on a lump-sum basis. Upon retirement, the plan balance is paid in either a lump sum or in 5, 10, 15, or 20-year installments based on the participant's election made at the time of the deferral. For deferrals made in 2005 and beyond, the plan balance is paid six months following retirement or termination in either a lump sum or in 5, 10, 15, or 20-year installments based on the participant's election made at the time of the deferral.

Amounts deferred under the plan are held in a "rabbi" trust and, until distributed to the participants, are available to satisfy the claims of McCormick's creditors.

Defined Contribution Restoration Plan

Effective January 1, 2014, McCormick adopted a Defined Contribution Restoration Plan ("DCRP") which provided deferred compensation for a select group of management employees (hired on or after January 1, 2012), including eligible Named Executive Officers. The plan restored benefits that would have accrued under the McCormick 401(k) Retirement Plan but were restricted due to the limits on compensation imposed by Sections 415 and 401(a)(17) of the Internal Revenue Code. Employees are not able to contribute to the DCRP. On January 3, 2017, and in connection with the establishment of the NQRSP, a decision was made to freeze the current DCRP effective February 1, 2017.

Under the DCRP, annually, the Company made a profit sharing contribution to the participant's account equal to 3% of eligible compensation in excess of the limits imposed by the Internal Revenue Service. The contributions are recorded in a notional account and change in value based upon the gains and losses of benchmark fund alternatives. These fund alternatives are the same as those available in the 2000 DCP. Participants in the DCRP may generally elect to change their fund choices at any time (there are certain restrictions applicable to participants subject to Section 16 of the Exchange Act).

Company contributions vest in increments of 10% per year beginning when the participant reaches age 50 and is fully vested at age 60. Any unvested contributions are forfeited upon separation. If the separation is the result of a change in control, disability, death, constructive discharge or discharge by the Company without cause, the participant's account balance is deemed to be vested.

In most cases, the vested account balance is paid as a lump sum six months after the participant's retirement or termination of employment. If the separation is a result of disability, change in control or death, the lump sum is paid upon separation. Amounts deferred

under the plan are held in a “rabbi” trust until distributed and are available to satisfy the claims of McCormick’s creditors.

In December 2016, \$16,841 was deposited into Mr. Foley’s account based on compensation earned in fiscal 2016. This amount is included in the Summary Compensation Table above (as fiscal 2016 compensation).

Messrs. Wilson, Stetz, Kurzius, Smith, and Schwartz are not eligible to participate in the DCRP because they were hired prior to January 1, 2012. Mr. Swift is not eligible to participate in the DCRP, and there is no comparable plan in the U.K.

The following table sets forth the Named Executive Officers’ contributions, account earnings and aggregate balance under the nonqualified deferred compensation plans as of November 30, 2016.

Name	Executive Contributions in Last FY (\$) ⁽¹⁾	Aggregate Earnings in Last FY (\$) ⁽²⁾	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$) ⁽³⁾
Lawrence E. Kurzius	434,037	261,586	0	3,677,708
Alan D. Wilson	615,615	358,689	0	7,329,277
Michael R. Smith	36,664	3,070	0	39,733
Gordon M. Stetz, Jr.	119,694	18,988	34,874	1,296,434
Brendan M. Foley⁽⁴⁾	0	0	0	0
Jeffery D. Schwartz	0	0	0	0
Malcolm Swift⁽⁵⁾	—	—	—	—

Amounts represent deferrals of base salary and annual non-equity incentive plan compensation by each respective Named Executive Officer during fiscal 2016 as follows: Mr. Kurzius - \$177,192 (salary), \$256,845 (non-equity incentive plan compensation); Mr. Wilson - \$0 (salary), \$615,615 (non-equity incentive plan compensation); Mr. Smith - \$36,664 (salary), \$0 (non-equity incentive plan compensation); Mr. Stetz - \$61,346 (salary), \$58,348 (non-equity incentive plan compensation); Mr. Foley - \$0 (salary), \$0 (non-equity incentive plan compensation); (1) and Mr. Schwartz - \$0 (salary), \$0 (non-equity incentive plan compensation). The salary amounts are included with the “Salary” column of the “Summary Compensation Table” above. The non-equity incentive plan compensation amounts are fiscal 2015 annual incentive compensation that was paid during fiscal 2016 and thus are not included in the Summary Compensation Table for fiscal 2016. The “Executive Contributions in Last Fiscal Year” column does not include executive contributions made in fiscal 2017 relating to non-equity incentive plan compensation earned in fiscal 2016.

(2) Non-qualified deferred compensation earnings are not above-market or preferential and therefore these amounts are not reported in the “Summary Compensation Table” above.

(3) Of these amounts, the following aggregate amounts are included in the Summary Compensation Table above (either as fiscal 2014, 2015 or 2016 compensation) for each Named Executive Officer: Mr. Kurzius - \$932,134;

Mr. Wilson - \$1,962,565; Mr. Smith - \$36,664; Mr. Stetz - \$345,156; Mr. Foley - \$0; and Mr. Schwartz - \$0.

Mr. Foley is the only Named Executive Officer eligible for the Defined Contribution Restoration Plan (DCRP). As (4) of November 30, 2016, there was a balance of \$11,114 in his DCRP account. In December 2016, a profit sharing contribution of \$16,841 earned in fiscal 2016 was contributed to Mr. Foley's DCRP account.

(5) Mr. Swift is not eligible to participate in either nonqualified deferred compensation plan, and there are no similar plans in the U.K.

Potential Payments Upon Termination or Change in Control

Similar to all McCormick employees, upon termination without cause, each Named Executive Officer, except for Mr. Swift (as explained below), may be entitled to receive the following payments and benefits:

- a lump sum payment equal to his or her accrued but unused vacation time;
- post-employment health benefits for the remainder of the calendar month of departure and optional benefits payable under the Consolidated Omnibus Benefits Reconciliation Act for up to 18 months following termination;
- in the event of a termination of employment due to total and permanent disability, a monthly payment equal to 50% of salary minus 50% of the Social Security payment received, paid in equal monthly installments until the executive attains age 65; and
- in the event of death before termination or retirement, a one-time benefit is paid to his or her beneficiary in an amount equal to the executive's base salary, subject to a limit of \$500,000.

In addition, upon termination of employment, including retirement, the applicable Named Executive Officers are entitled to receive their respective balances pursuant to our nonqualified deferred compensation plan, as described above under "Non-Qualified Deferred Compensation."

Mr. Swift is entitled to receive the following payments and benefits:

- a lump sum payment equal to his accrued but unused vacation time;
- in the event of disability which precludes Mr. Swift from carrying out his duties and lasts longer than 26 weeks, insurance is in place to cover 75% of his pre-disability salary for the duration of the disability, age 65, or death, whichever comes first; and
- in the event of death before termination or retirement, a one-time benefit is paid to his beneficiary in an amount equal to his base salary, subject to a limit of four times the UK Pension Plan cap of £154,420 (or \$232,294).

Additionally, as described above, the Company's executive officers, including Mr. Swift, participate in McCormick's Severance Plan for Executives (the "Severance Plan").

McCORMICK & COMPANY, INCORPORATED - *Proxy Statement* **37**

[Back to Contents](#)

The Severance Plan provides for severance and other benefits to eligible employees under two situations: (i) if they experience an involuntary termination without “cause” or a voluntary termination for “good reason,” each as defined in the Severance Plan; or (ii) in the event of a termination as described above that occurs within six months before a “change in control” or within two years after a “change in control” as defined in the Severance Plan. An eligible employee who experiences such termination and executes (and does not revoke) a general release of claims against the Company will receive the following payments and benefits:

Element	Termination Under Change in Control	Termination Without “Cause” or For “Good Reason”
	CEO = 2.5X	CEO = 1.5X
Cash Severance (Base + Bonus)	All Others = 2.0X using full year bonus at target	All Others = 1.0X using full year bonus at target
Long-Term Performance Plan	Full vesting of all open cycles, pay at target	Pro-rata vesting at actual performance level
Stock Options	Full vesting of all options	Immediate vesting for options that would have vested during the severance period; exercise within 1 year (1.5 years for CEO)
Annual Incentive	Pay pro-rata at target	Pay pro-rata at target

Eligible employees are subject to a number of covenants, including a covenant not to compete with the Company or solicit its customers or employees for a period ranging from 12 months (or 18 months for the Chief Executive Officer) to 24 months following termination of employment.

The Severance Plan does not provide for any tax gross-up payments to any eligible employee to offset any excise taxes that may be imposed as a result of the severance benefits. Instead, if the payments described above would be subject to the excise tax, then the payments will be reduced to a level at which no payments would be subject to the excise tax if doing so would result in the employee being able to retain a greater benefit after giving effect to the income tax consequences (including the excise tax).

Equity Plans

On March 25, 2015, the Board of Directors of the Company adopted and approved Amendment No. 1 to McCormick’s 2013 Omnibus Incentive Plan (the “2013 Plan”), in which the Company’s executive officers are eligible to participate. Before the amendment, the 2013 Plan provided that all outstanding awards (whether or not vested) would become fully exercisable and payable immediately upon a “change in control” as defined in the plan. Amendment No. 1 grants the Compensation Committee the discretion to include in any award agreement a provision providing for different treatment of the award (other than it becoming fully exercisable and payable) in connection with a “change in control.” While this benefit is available to all of our equity plan participants equally, pursuant to SEC requirements, we have included this acceleration benefit in the table below.

A “*change in control*” is generally defined as:

the consolidation or merger of McCormick with or into another entity where McCormick is not the continuing or surviving corporation, except for any consolidation or merger in which, generally, the holders of McCormick’s Common Stock and Common Stock Non-Voting immediately before the consolidation or merger own in excess of 50% of the voting stock of the surviving corporation;

- any sale, lease, exchange or other transfer of all or substantially all of the assets of McCormick;

- any person becoming the beneficial owner, directly or indirectly, of McCormick securities representing more than 13% (or 35% in the event that the vote limitation provision of McCormick’s Charter is deemed unenforceable) of the voting power of all the outstanding securities of McCormick having the right to vote in an election of the Board; or

- directors elected by the Company’s stockholders at the most recent annual meeting of stockholders, and any new directors approved by at least a majority of the directors then in office, cease to constitute a majority of the members of the Board.

In connection with the approval and adoption of Amendment No. 1 to the 2013 Plan, on March 25, 2015, the Board of Directors of the Company approved a new form of Non-Qualified Stock Option Award Agreement (the “New Option Agreement”) to govern awards of non-qualified stock options granted on and after March 25, 2015, to the Company’s executive officers who participate in the Severance Plan. The New Option Agreement provides that outstanding unvested stock options will not accelerate automatically upon a “change in control” (as defined in the Severance Plan). Instead, accelerated vesting will only occur in the event of a qualifying termination that occurs within six months before a “change in control” or within two years after a “change in control” as defined in the Severance Plan. Accordingly, non-qualified stock options under the 2013 Omnibus Incentive Plan require a “double trigger” for acceleration of vesting to occur. In addition, the New Option Agreement subjects option holders to a number of covenants similar to those provided under the Severance Plan, including a covenant not to compete with the Company or solicit its customers or employees. The New Option Agreement also amended stock option agreements outstanding prior to March 25, 2015 to make clear that an option holder who violates these covenants will forfeit all outstanding awards and the gain on any awards that have previously been exercised.

[Back to Contents](#)**Estimates of Payments Upon Termination or Change in Control**

The table below sets forth estimated payment amounts each Named Executive Officer would have received, unless otherwise noted, upon death, total and permanent disability, retirement, involuntary termination without cause, or change in control, assuming a triggering event on November 30, 2016. For purposes of the estimated amounts below, we have assumed that the price per share of our common stock was \$91.20, the closing market price of our Common Stock Non-Voting on November 30, 2016 (the last business day of our fiscal year).

In addition, we have not included each applicable Named Executive Officer's award under the annual performance-based incentive compensation program, or their respective balances pursuant to our Non-Qualified Deferred Compensation Plan, as these amounts are disclosed in the "Non-Equity Incentive Plan Compensation" column of the "Summary Compensation Table," and the "Aggregate Balance at Last FYE" column of the Non-Qualified Deferred Compensation" table, above.

These amounts represent the potential earnings on all RSUs that would vest if a triggering event occurred on November 30, 2016. The amounts are calculated by taking the closing price on November 30, 2016 times the number of vested RSUs as of November 30, 2016.

These amounts represent the potential earnings on RSUs that would vest during the period from grant date to the qualifying separation date if a triggering event occurred on November 30, 2016, expressed as a proportion of each vesting period.

Present value of benefits payable immediately if triggering event occurred on November 30, 2016. The amounts are calculated based on the 2016 FAS disclosure discount rate of 4.59%, the Generational MILES (Mercer Industry Longevity Experience Study) no collar table for the Consumer Goods and Food & Drink industry Mortality Table for healthy mortality with mortality improvement scale based on the Social Security Administration's expectations of future mortality improvement consistent with the financial disclosures and the PBGC Disability Life Mortality Tables (III and IV) for post-disability mortality. Because the Change in Control benefits payable from the Non-Qualified plan are payable as a lump sum, post-retirement mortality for those benefits was based on 417(e) unisex mortality, which was also used for the portion of the Qualified plan benefit assumed to be paid as a lump sum. See the narrative to the "Pension Benefits" table above for a discussion of the payment formulae upon the various termination events.

Present value of benefits payable immediately if triggering event occurred on November 30, 2016. Mr. Foley is the only Named Executive Officer eligible for the Defined Contribution Restoration Plan (DCRP); he is neither eligible for the U.S. Pension Plan nor the SERP. As of November 30, 2016, there was a balance of \$11,114 in his DCRP account. In December 2016, a profit sharing contribution of \$16,841 earned in fiscal 2016 was contributed to Mr. Foley's DCRP account.

The amount shown is an estimated annual benefit paid to the Named Executive Officer in the event that he becomes totally and permanently disabled. The amounts are calculated on the amount in excess of the \$265,000 limit. The amounts set forth in the table above assume the executives' current base salary and one-half of the maximum Social Security offset, as applicable.

As of November 30, 2016, the present value of benefits associated with involuntary termination for Mr. Kurzius would have been \$2,952,683 and \$2,880,690 for change in control. The amount shown for Mr. Kurzius represents the present value of benefits associated with retirement.

As of November 30, 2016, the present value of benefits associated with involuntary termination for Mr. Wilson would have been \$16,105,692 and \$15,640,332 for change in control. The amount shown for Mr. Wilson represents the present value of benefits associated with retirement.

As of November 30, 2016, the present value of benefits associated with involuntary termination for Mr. Smith would have been \$511,479 and \$430,199 for change in control. The amount shown for Mr. Smith represents the present value of benefits associated with retirement, for which Mr. Smith is not yet vested under the SERP.

As of November 30, 2016, the present value of benefits associated with involuntary termination for Mr. Stetz would have been \$4,612,266 and \$4,525,476 for change in control. The amount shown for Mr. Stetz represents the present value of benefits associated with retirement.

The amount shown for Mr. Swift is the present value of benefits associated with retirement as of November 30, 2016. There would be no additional benefits payable to Mr. Swift through the UK Pension Plan under either a change in control or an involuntary separation. In either case, Mr. Swift would become a deferred member of the plan and his pension would be payable on retirement at age 65.

Report of Audit Committee

The responsibilities of the Audit Committee are defined in a Charter which has been approved by the Board of Directors. The Committee's Charter is available at McCormick's Investor Relations website at ir.mccormick.com under "Corporate Governance," then "Board Committees - Descriptions & Charters." Among other things, the Charter gives the Committee the responsibility for reviewing McCormick's audited financial statements and the financial reporting process. In carrying out that responsibility, the Committee has reviewed and discussed McCormick's audited financial statements with management, and it has discussed with McCormick's independent registered public accounting firm

the matters which are required to be discussed under Auditing Standards promulgated by the Public Company Accounting Oversight Board (“PCAOB”), including PCAOB Auditing Standard No. 1301 (Communication with Audit Committees). In addition, the Committee has received and reviewed the written disclosures and letter required by the applicable requirements of the PCAOB regarding the independent registered public accounting firm’s communications with the Audit Committee concerning independence and has discussed with such firm its independence. The Audit Committee has reviewed the fees of the independent registered public accounting firm for non-audit services and believes that such fees are compatible with the independence of the independent registered public accounting firm.

Based on these reviews and discussions, the Committee recommended to the Board of Directors that McCormick’s audited financial statements be included in McCormick’s Annual Report on Form 10-K for the fiscal year ended November 30, 2016. The Committee also decided to appoint the accounting firm of Ernst & Young LLP to serve as the independent registered public accounting firm of McCormick for fiscal year 2017, subject to ratification by the stockholders of McCormick, because of, among other things, the quality and efficiency of the services they provide, their capabilities, technical expertise and knowledge of McCormick’s operations and industry, and their ability to remain independent.

All members of the Audit Committee are “independent” pursuant to the requirements of McCormick’s Corporate Governance Guidelines, the NYSE’s Listing Standards, and applicable SEC rules.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors has ratified the Audit Committee's appointment of the accounting firm of Ernst & Young LLP to serve as the independent registered public accounting firm of McCormick for fiscal year 2017, subject to ratification by the stockholders of McCormick. Ernst & Young LLP were first appointed to serve as the independent registered public accounting firm of McCormick in 1982 and are considered by the Audit Committee and the management of McCormick to be well qualified. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Although stockholder ratification is not required, the appointment of Ernst & Young LLP is being submitted for ratification as a matter of good corporate governance practice with a view towards soliciting stockholders' opinions which the Audit Committee will take into consideration in future deliberations. If Ernst & Young LLP's selection is not ratified at the Annual Meeting of Stockholders, the Audit Committee will reconsider whether to retain Ernst & Young LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of McCormick and its stockholders.

Required Vote of Stockholders

The affirmative vote of a majority of the votes cast by holders of the shares of Common Stock present in person or by proxy at a meeting at which a quorum is present is required to ratify the appointment of Ernst & Young LLP as McCormick's independent registered public accounting firm.

The Board of Directors recommends that stockholders vote FOR ratification.

PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Board of Directors is committed to excellence in governance and is aware of the significant interest in executive compensation matters by investors and the general public. At the Company's Annual Meeting of Stockholders on March 26, 2014, our stockholders were given the opportunity to endorse or not endorse, on a non-binding advisory basis, our compensation program for Named Executive Officers by voting for or against a resolution calling for the approval of such program for the 2013 fiscal year. Stockholders approved the compensation program with more than 95% of the votes cast by the holders of Common Stock.

The Company continues to design its executive compensation program to attract, motivate, reward and retain the senior management talent required to achieve our corporate objectives and increase stockholder value. We believe that our compensation policies and procedures are centered on pay-for-performance principles and are strongly aligned with the long-term interests of our stockholders. See "Compensation of Executive Officers – Compensation Discussion and Analysis" above.

The Company is presenting the following proposal, which gives you as a stockholder the opportunity to endorse or not endorse our pay program for Named Executive Officers by voting for or against the following resolution (a "say-on-pay" vote). While the vote on the resolution is advisory in nature and therefore will not bind us to take any particular action, our Board of Directors intends to carefully consider the stockholder vote resulting from the proposal in making future decisions regarding our compensation program.

"RESOLVED, that the stockholders approve the compensation of the Company's Named Executive Officers, as disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related narrative executive compensation disclosures contained in the proxy statement."

Required Vote of Stockholders

The affirmative vote of a majority of the votes cast by holders of the shares of Common Stock present in person or by proxy at a meeting at which a quorum is present is required (on a non-binding advisory basis) to endorse the compensation of the Company's Named Executive Officers.

The Board of Directors recommends that stockholders vote FOR the proposal.

[Back to Contents](#)

PROPOSAL 4 ADVISORY VOTE ON THE FREQUENCY OF THE VOTE ON EXECUTIVE COMPENSATION

The Company is presenting this proposal, which gives you as a stockholder the opportunity to inform the Company as to how often you wish the Company to include a “say-on-pay” proposal, similar to Proposal Three, in our proxy statement (a “say-on-frequency” vote). While this say on frequency vote is advisory in nature and therefore will not bind us to adopt any particular frequency, our Board of Directors intends to carefully consider the stockholder vote resulting from the proposal in determining how frequently we will hold “say-on-pay” votes.

Please note that as a stockholder you have the choice to vote for one of the following choices, as indicated on the proxy card: to hold the advisory vote on executive compensation every year, every other year, every third year, or to abstain from voting.

The Board of Directors values constructive dialogue on executive compensation and other important governance topics with our stockholders. The Board believes an advisory vote every year will provide an effective way for stockholders to timely express their views about our executive compensation program and enable the Board and the Compensation Committee to determine the current stockholder sentiment.

Required Vote of Stockholders

Stockholders are not voting to approve or disapprove the recommendation of the Board of Directors that the non-binding advisory vote on the compensation of the Company’s Named Executive Officers (as set forth in Proposal Three) be held every year. For the purposes of the non-binding advisory vote on this Proposal Four, the Company will take into consideration the stockholder vote on each of the alternatives set forth in the proxy card with respect to this Proposal.

The Board of Directors recommends that stockholders vote FOR the “1 Year” alternative set out in the proxy card.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires McCormick’s directors and executive officers, and persons who own more than 10% of a registered class of McCormick’s equity securities, to file with the SEC initial reports of ownership and reports of changes in beneficial ownership of such equity securities of McCormick. To McCormick’s knowledge, based upon the reports filed and written representations regarding reports required during the fiscal year ended November 30, 2016, no executive officer or any director of McCormick failed to file reports required by Section 16(a) on a timely basis.

Other Matters

Management knows of no other matters that may be presented for consideration at the Annual Meeting. However, if any other matters properly come before the Annual Meeting, it is the intention of the persons named in the proxy to vote such proxy in accordance with their judgment on such matters.

Voting Procedures

The affirmative vote of a majority of all votes cast by holders of Common Stock present in person or by proxy at a meeting at which a quorum is present is required for the election of each director nominee (Proposal One), the ratification of the appointment of Ernst & Young LLP as McCormick's independent registered public accounting firm (Proposal Two) and the advisory vote on executive compensation (Proposal Three). With respect to Proposal Four, shareholders have the choice of voting to hold an advisory vote on executive compensation every year, every other year, every third year, or abstaining. Abstentions and "broker non-votes" (see below), if any, are not counted in the number of votes cast and will have no effect on the results of the vote. Proxy cards that are executed and returned without any designated voting direction will be voted pursuant to the instructions stated on the proxy card.

Under current NYSE rules, the proposal to ratify the appointment of independent auditors (Proposal Two) is considered a "discretionary" item. This means that brokerage firms may vote in their discretion on this matter on behalf of clients who have not furnished voting instructions at least 15 days before the date of the Annual Meeting of Stockholders. In contrast, the proposal to elect directors (Proposal One) and proposals relating to "say-on-pay" (Proposal Three) and "say-on-frequency" (Proposal Four) are "non-discretionary" items. This means brokerage firms that have not received voting instructions from their clients on these matters may not vote these proposals. These so-called "broker non-votes" will not be considered in determining the number of votes necessary for approval and, therefore, will have no effect on the outcome of the vote for these proposals.

Householding of Annual Disclosure Documents

Pursuant to SEC rules, McCormick intends to send a single annual report and proxy statement to any household where two or more stockholders reside unless it has received contrary instructions from the stockholders. This rule benefits both stockholders and McCormick. It eliminates unnecessary mailings delivered to your home and helps to reduce McCormick's expenses. Each stockholder will continue to receive a separate proxy card. If your household receives a single set of disclosure documents for this year, and you would prefer to receive a duplicate copy, please contact McCormick's delivery agent, Broadridge Financial Solutions, Inc., by calling its toll-free number, 866-540-7095, by sending an electronic mail message to sendmaterial@proxyvote.com, or by writing to Broadridge Financial Solutions, Inc., 51 Mercedes Way, Edgewood, NY, 11717. Broadridge will provide you with a duplicate copy promptly. If you share an address with another McCormick stockholder and you would prefer to receive a separate set of annual disclosure documents in the future, or both of you would prefer to receive only a single set of McCormick's annual disclosure documents, please contact Broadridge Financial Solutions, Inc. at the above telephone number or address.

Stockholder Proposals for 2017 Annual Meeting

Pursuant to SEC rules, proposals or director nominations of stockholders to be presented at the 2017 Annual Meeting must be received by the Secretary of McCormick at the Company's principal executive offices not less than 120 calendar days before February 16, 2018 (i.e., on or before October 19, 2016) to be considered for inclusion in the 2018 proxy statement.

Stockholders wishing to submit proposals or director nominations at the 2018 Annual Meeting that are not to be included in such proxy statement material must deliver notice to the Secretary at the principal executive offices of McCormick no later than the close of business on the 60th day, nor earlier than the close of business on the 90th day, prior to the first anniversary of the preceding year's annual meeting (i.e., between December 29, 2017 and January 26, 2018). Stockholders are also advised to review McCormick's By-Laws, which contain additional requirements with

respect to advance notice of stockholder proposals and director nominations.
