Item 8.01 Other Events

On October 10, 2014, John T. Standley, Chairman and Chief Executive Officer of Rite Aid Corporation (the “Company”), entered into a pre-arranged stock trading plan (the “Standley 10b5-1 Plan”) to exercise his options to purchase a limited number of shares of the Company’s common stock, par value \$1.00 per share (“Common Stock”), and to sell the shares acquired on exercise for personal financial management purposes.

On October 13, 2014, Kenneth Martindale, President and Chief Operating Officer of the Company, entered into a pre-arranged stock trading plan (the “Martindale 10b5-1 Plan”) to exercise his options to purchase a limited number of shares of Common Stock and to sell the shares acquired on exercise for personal financial management purposes.

On October 9, 2014, Marc A. Strassler, Executive Vice President, General Counsel and Secretary of the Company, entered into a pre-arranged stock trading plan (the “Strassler 10b5-1 Plan”, and together with the Standley 10b5-1 Plan and the Martindale 10b5-1 Plan, the “Plans”) to exercise his options to purchase a limited number of shares of Common Stock and to sell the shares acquired on exercise for personal financial management purposes.

The Standley 10b5-1 Plan allows for the exercise of options to purchase a maximum of 1.7 million shares of Common Stock if the Common Stock reaches a specified market price during the period commencing December 22, 2014 and continuing until the options to purchase all 1.7 million shares have been exercised and the acquired shares sold, or September 18, 2015, whichever occurs first. The shares acquired upon exercise will be sold contemporaneously with the exercise.

The Martindale 10b5-1 Plan allows for the exercise of options to purchase a maximum of 1.0434 million shares of Common Stock if the Common Stock reaches a specified market price during the period commencing December 22, 2014 and continuing until the options to purchase all 1.0434 million shares have been exercised and the acquired shares sold, or September 18, 2015, whichever occurs first. The shares acquired upon exercise will be sold contemporaneously with the exercise.

The Strassler 10b5-1 Plan allows for the exercise of options to purchase a maximum of 575,975 shares of Common Stock if the Common Stock reaches specified market prices during the period commencing December 22, 2014 and continuing until the options to purchase all 575,975 shares have been exercised and the acquired shares sold, or June 18, 2015, whichever occurs first. The shares acquired upon exercise will be sold contemporaneously with the exercise.

The Plans were designed to comply with the guidelines specified in Rule 10b5-1 promulgated under the Securities Exchange Act of 1934, as amended, which permit persons to enter into a pre-arranged plan for buying or selling Company stock at a time when such person is not in possession of material, nonpublic information about the Company. Messrs. Standley, Martindale and Strassler will continue to be subject to the Company’s stock ownership guidelines, and the sales contemplated by the Plans will not reduce Mr. Standley’s, Mr. Martindale’s or Mr. Strassler’s ownership of Common Stock below the levels required by the guidelines.
