PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
May 23, 2013

INTRODUCTION

We are furnishing this Proxy Statement to you in connection with a solicitation of proxies by the Board of Directors (the "Board") of CBOE Holdings, Inc., a Delaware corporation, for use at the CBOE Holdings, Inc. 2013 Annual Meeting of Stockholders (the "Annual Meeting") on Thursday, May 23, 2013 at 9:30 a.m., local time, and at any adjournments or postponements of our Annual Meeting. The approximate date on which this Proxy Statement and the accompanying form of proxy are first being sent to stockholders is April 1, 2013.

Except as otherwise indicated, the terms "the Company," "CBOE Holdings," "we," "us" and "our" refer to CBOE Holdings, Inc. When we use the term "CBOE," we are referring to Chicago Board Options Exchange, Incorporated, a wholly owned subsidiary and predecessor entity.

VOTING INSTRUCTIONS AND INFORMATION

Why did I receive these proxy materials?

This Proxy Statement was mailed to holders of our common stock on or about April 4, 2013. Our Board is asking for your proxy. By giving us your proxy, you authorize the proxyholders (William J. Brodsky, Joanne Moffic-Silver and Edward T. Tilly) to vote your shares at the Annual Meeting according to the instructions that you provide. If the Annual Meeting is adjourned or postponed, your proxy will be used to vote your shares when the meeting reconvenes. Our 2012 Annual Report to Stockholders, which includes a copy of our Annual Report on Form 10-K for the year ended December 31, 2012 (excluding exhibits), as filed with the Securities and Exchange Commission, is being mailed to stockholders with this Proxy Statement.

Who can vote at our Annual Meeting?

You are entitled to vote your shares of our common stock if you were a stockholder at the close of business on March 26, 2013, the record date for our Annual Meeting. On that date, there were 87,271,829 shares of our unrestricted common stock outstanding and 1,253,913 shares of unvested restricted stock, which have been granted to our employees and directors and have voting rights at the Annual Meeting. Therefore, there are 88,525,742 shares of voting common stock outstanding, each of which entitles the holder to one vote for each matter to be voted on at our Annual Meeting. Our outstanding common stock is held by approximately 244 stockholders of record as of March 26, 2013.

Who is and is not a stockholder of record?

If you hold shares of common stock registered in your name at our transfer agent, Computershare, you are a stockholder of record.

Table of Contents

If you hold shares of common stock indirectly through a broker, bank or similar institution, or are an employee who holds shares of restricted stock at Fidelity, you are not a stockholder of record, but instead hold in "street name."

What do I need to do to attend our Annual Meeting?

Attendance at our Annual Meeting is generally limited to our stockholders and their authorized representatives. All stockholders must bring an acceptable form of identification, such as a driver's license, in order to attend our Annual Meeting in person. In addition, if you hold shares of common stock in "street name" and would like to attend our Annual Meeting, you will need to bring an account statement or other acceptable evidence of ownership of shares as of the close of business on March 26, 2013, the record date for our Annual Meeting.

If you hold shares in street name and you want to attend and vote your shares at the Annual Meeting, you must bring a legal proxy signed by your bank, broker or nominee to the Annual Meeting.

Any representative of a stockholder who wishes to attend the Annual Meeting must present acceptable documentation evidencing his or her authority, acceptable evidence of ownership by the stockholder of common stock as described above and an acceptable form of identification. We reserve the right to limit the number of representatives for any stockholder who may attend the Annual Meeting.

Please contact Investor Relations at investorrelations@cboe.com or (312) 786-5600 in advance of our Annual Meeting if you have questions about attending our Annual Meeting, including regarding the required documentation. If you plan to attend the Annual Meeting, please provide adequate time to pass through the security process necessary to gain access to the meeting room.

Will our Annual Meeting be webcast?

Yes. A live webcast of the Annual Meeting will be provided on the Investor Relations section of our website at www.ir.CBOE.com. On the Events and Presentations page of our Investor Relations website, click on "Listen to Webcast" for our Annual Meeting. If you miss the meeting, you can view a replay of the webcast on that site. Please note that you will not be able to vote your shares or ask questions via the webcast. If you plan to view the webcast, please submit your vote in advance.

How do I vote?

You may cast your vote in one of four ways:

• **By Internet.** The web address for Internet voting is on the enclosed proxy card. Internet voting is available 24 hours a day.

• **By Telephone.** The number for telephone voting is on the enclosed proxy card. Telephone voting is available 24 hours a day.

• **By Mail.** Mark the enclosed proxy card, sign and date it, and return it in the pre-paid envelope we have provided.

• **At Our Annual Meeting.** You may vote in person at our Annual Meeting (see What do I need to do to attend our Annual Meeting?).

If you choose to vote by Internet or telephone, then you do not need to return the proxy card. To be valid, your vote by Internet, telephone or mail must be received by the deadline specified on the proxy card. If you vote by Internet or telephone and subsequently obtain a legal proxy from your account representative, then your prior vote will be revoked regardless of whether you vote that legal proxy.

The Internet and telephone voting procedures are designed to authenticate stockholders' identities, allow stockholders to give their voting instructions and confirm that stockholders' instructions have been recorded properly. Stockholders voting by Internet or telephone should understand that, while we do not charge any fees for voting by Internet or telephone, there may nevertheless be costs that must be borne by you, such as usage charges from Internet access providers and telephone companies.

Table of Contents

May I change my vote?

If you are a stockholder of record, you may revoke your proxy or change your vote at any time before it is voted at the Annual Meeting by:

- submitting a new proxy by telephone or through the Internet, after the date of the earlier voted proxy;
- returning a signed proxy card dated later than your last proxy;
- submitting a written revocation to the Corporate Secretary of CBOE Holdings, Inc. at 400 South LaSalle Street, Chicago, Illinois 60605; or
- appearing in person and voting at the Annual Meeting.

If you are a stockholder of record and need a new proxy card, to change your vote or otherwise, please contact the Corporate Secretary at the address above.

If your bank, broker or other nominee holds your shares in “street name,” you may revoke your proxy or change your vote only by following the separate instructions provided by your bank, broker or nominee.

To vote in person at the Annual Meeting, you must attend the meeting and cast your vote in accordance with the voting provisions established for the Annual Meeting. Attendance at the Annual Meeting without voting in accordance with the voting procedures does not, by itself, revoke a proxy. If your bank, broker or other nominee holds your shares and you want to attend and vote your shares at the Annual Meeting, you must bring a legal proxy signed by your bank, broker or nominee to the Annual Meeting.

If I submit a proxy by Internet, telephone or mail, how will my shares be voted?

If you properly submit your proxy by one of these methods, and you do not subsequently revoke your proxy, your shares of common stock will be voted in accordance with your instructions.

If you sign, date and return your proxy card but do not give voting instructions, your shares of common stock will be voted as follows:

FOR the election of our director nominees,

FOR the advisory vote to approve executive compensation,

- FOR the ratification of the appointment of Deloitte & Touche LLP ("Deloitte") as our independent registered public accounting firm for our 2013 fiscal year, and

otherwise in accordance with the judgment of the persons voting the proxy on any other matter properly brought before our Annual Meeting.

If I hold my shares in “street name” and do not provide voting instructions, can my broker still vote my shares?

Under the rules of various securities exchanges, brokers that have not received voting instructions from their customers 10 days prior to the meeting date may vote their customers' shares in the brokers' discretion on the proposal regarding the ratification of the appointment of independent registered public accounting firm, because the rules of the exchanges currently deem this a “discretionary” matter. Absent instruction, brokers will not be able to vote on any of the other matters included in this Proxy Statement.

What vote is required for adoption or approval of each matter?

Election of Directors. You may vote FOR or WITHHOLD for each of the director nominees. A plurality of the votes must be cast FOR the election of a director nominee in order for the director nominee to be elected. Thus, those nominees receiving the greatest number of votes cast will be elected.

Table of Contents

Advisory Vote on Executive Compensation Matters. You may vote FOR or AGAINST the advisory proposal to approve executive compensation or you may ABSTAIN. A majority of the shares of common stock cast must be voted FOR approval of the advisory proposal in order for it to pass. Votes cast FOR or AGAINST with respect to the proposal will be counted as shares cast on the proposal.

Ratification of the Appointment of Independent Registered Public Accounting Firm. You may vote FOR or AGAINST the ratification of the appointment of our independent registered public accounting firm, or you may ABSTAIN. A majority of the shares of common stock cast must be voted FOR ratification in order for it to pass. Votes cast FOR or AGAINST with respect to this matter will be counted as shares cast on the matter.

Abstentions and Broker Non-Votes. Abstentions and broker non-votes will not be considered cast either for or against any of the matters being presented in this proxy statement and will have no effect on the voting totals. If you do not provide your broker with voting instructions on non-discretionary matters, the broker cannot vote your shares on these matters. A “broker non-vote” occurs when your broker submits a proxy for the meeting with respect to discretionary matters, but does not vote on non-discretionary matters because you did not provide voting instructions on these matters. In the case of a discretionary matter (i.e., the ratification of the appointment of our independent registered public accounting firm), your broker is permitted to vote your shares of common stock even when you have not given voting instructions, as described under If I hold my shares in “street name” and do not provide voting instructions, can my broker still vote my shares? above.

How many votes are required to transact business at our Annual Meeting?

A quorum is required to transact business at our Annual Meeting. The holders of a majority of the outstanding shares of our common stock as of March 26, 2013, present in person or represented by proxy and entitled to vote, will constitute a quorum for the transaction of business at our Annual Meeting. Abstentions and broker non-votes are treated as present for quorum purposes.

Who will count the vote?

The Company has engaged Computershare to serve as the inspector of elections for the Annual Meeting.

What does it mean if I get more than one proxy or voting instruction card?

If your shares are registered in more than one name or in more than one account, you will receive more than one card. This may occur if you hold unrestricted common stock in multiple accounts, such as with different brokers in street name and as the record holder with Computershare. Please complete and return all of the proxy or voting instruction cards that you receive (or vote by telephone or through the Internet all of the shares on all of the proxy or voting instruction cards received) to ensure that all of your shares are voted.

The Board of Directors recommends that the stockholders vote FOR each of the director nominees.

Board Structure

Independence

Our Bylaws require that, at all times, no less than two-thirds of our directors will be independent. The Nominating and Governance Committee has determined that all of our current directors are independent under the NASDAQ Stock Market's listing standards for independence, except Messrs. Brodsky and Duffy.

All of the directors on each of the Audit, Compensation and Nominating and Governance Committees are independent. Each of these committees reports to the Board as they deem appropriate, and as the Board may request.

Lead Director

The Board has an independent Lead Director, Mr. Boris, who is authorized to preside at meetings of the non-management directors and meetings of the independent directors of the Board. The Lead Director also consults with the Chairman on the agenda for Board meetings and serves as a liaison between the Chairman and the independent directors. The Lead Director is also an invited guest to all meetings of Board committees of which he is not a member.

Chairman and CEO Roles

For many years, we have employed a leadership structure that includes having a combined Chairman and Chief Executive Officer. We believe that this leadership structure has been effective because it promoted a close relationship between management and the Board. In December 2012, we announced that the roles of Chairman and Chief Executive Officer would be separated following the Annual Meeting, with Mr. Brodsky serving as Executive Chairman and Mr. Tilly serving as Chief Executive Officer. The Board believes that the new leadership structure will best serve the objectives of the Board's oversight of management and the ability of the Board to carry out its roles and responsibilities on behalf of the stockholders, based on the proposed composition of the Board. The Board also believes that the separation of the Chairman and Chief Executive Officer roles will allow our new Chief Executive Officer to focus his time and energy on operating and managing the Company, while leveraging the experience and perspectives of the Executive Chairman. The Board periodically reviews the leadership structure and may make changes in the future.

In addition, our board has implemented the following elements in order to ensure independent oversight for us and for our Board:

Table of Contents

requiring the Board to consist of at least two-thirds independent directors who meet regularly without management, establishing independent Audit, Compensation and Nominating and Governance Committees, and appointing an independent Lead Director.

Board Oversight of Risk

Our Board is responsible for overseeing our risk management process. The Board is responsible for addressing both our general risk management strategy and the significant risks facing us. It is also responsible for ensuring that management implements appropriate risk mitigation strategies. The Board stays apprised of particular risk management matters in accordance with its general oversight and approval of corporate matters.

The Board has delegated to the Audit Committee oversight of our risk management process. Among its duties, the Audit Committee is responsible for reviewing our compliance, guidelines, policies and practices for identifying assessing and managing key risks, and reviewing the adequacy and effectiveness of internal controls and procedures.

The Compensation Committee has been delegated oversight of risk management as it relates to our compensation policies and procedures. All committees report to the full Board when a matter rises to the level of a material or enterprise level risk.

Our management is responsible for daily risk management. In addition, heads of each of our divisions attend periodic enterprise risk management meetings at which an established matrix of identified risks is reviewed to evaluate the level of potential risks facing us and to identify any new risks. This group provides information and recommendations to the Audit Committee as necessary. We believe this division of risk management responsibilities is an effective approach for addressing the enterprise risks that we face.

Board and Committee Meeting Attendance

There were six meetings of the Board during 2012. Each director attended at least 75% of the aggregate number of meetings of the Board and meetings of committees of which the director was a member during 2012.

Independent Directors Meetings

Periodically, the independent directors and the non-employee directors meet separately in executive session without management. The Lead Director presides over these meetings.

Committees of the Board of Directors

Our Board of Directors has the following five standing Board committees:

- the Audit Committee,
- the Compensation Committee,
- the Executive Committee,
- the Finance and Strategy Committee, and
- the Nominating and Governance Committee.

Other than the members of the Executive Committee required to be on the committee pursuant to our Bylaws, each of the members of the committees was recommended by the Nominating and Governance Committee for approval by the Board for service on that committee. Each of the committees has a charter, of which the charters for the Audit, Compensation and Nominating and Governance Committees are available on the Corporate Governance page of our Investor Relations section of our website at: <http://ir.CBOE.com>.

The following table is a listing of the composition of our standing Board committees during 2012 and currently, including the number of meetings of each committee during 2012.

Audit Committee

The Audit Committee consists of five directors, all of whom are independent under NASDAQ listing rules, as well as under Rule 10A-3 of the Securities Exchange Act of 1934, as amended. The Audit Committee consists exclusively of directors who are financially literate. In addition, Duane Kullberg has been designated as our audit committee financial expert and meets the SEC definition of that position.

The Audit Committee's responsibilities include:

- engaging our independent auditor and overseeing its compensation, work and performance;
- reviewing and discussing the annual and quarterly financial statements with management and the independent auditor;
- overseeing our risk assessment and risk management; and
- reviewing transactions with related persons for potential conflict of interest situations.

Compensation Committee

The Compensation Committee consists of four directors, all of whom are independent. The Committee has primary responsibility to make recommendations to the Board for:

- all elements and amounts of compensation for the executive officers, including any performance goals;
- reviewing succession plans relating to the CEO;
- the adoption, amendment and termination of cash and equity-based incentive compensation plans;
- approving any employment agreements, severance agreements or change-in-control agreements with executive officers; and

Table of Contents

the level and form of non-employee director compensation and benefits.

Nominating and Governance Committee

The Nominating and Governance Committee consists of five directors, all of whom are independent under NASDAQ listing rules. The Nominating and Governance Committee's responsibilities include making recommendations to the Board on:

- persons for election as director;
- a director to serve as Chairman of the Board and an independent director to serve as Lead Director;
- any stockholder proposals and nominations for directors;
- the appropriate structure, operations and composition of the Board and its committees; and
- the content of the Corporate Governance Guidelines, Code of Business Conduct and Ethics and other corporate governance policies and programs.

Criteria for Directors

We believe that each of the individuals serving on our Board has the necessary skills, qualifications and experiences to address the challenges and opportunities we face. The Nominating and Governance Committee is responsible for considering and recommending to the Board nominees for election as directors. The Committee annually reviews the skills and characteristics required of directors in the context of the current composition of the Board, our operating requirements and the long-term interests of our stockholders. In evaluating director candidates, the Committee takes into consideration many factors, including the individual's educational and professional background, whether the individual has any special experience in a relevant area, personal accomplishments and cultural experiences. In addition, the Committee may consider such other factors it deems appropriate when conducting its assessment of director candidates. As part of this process, the Committee reviews each incumbent director's continued service on the Board and recommends to the Board an independent director to serve as Lead Director.

Diversity

While we do not currently have a formal diversity policy, our Corporate Governance Guidelines provide that the Committee will seek to recommend to the Board candidates for director with a diverse range of experience, qualifications and skills in order to provide varied insights and competent guidance regarding our operations, with a goal of having a Board that reflects diverse backgrounds, experience and viewpoints. We believe that we benefit from having directors with a diversity of skills, characteristics, backgrounds and cultural experiences.

Stockholder Nominations

The Nominating and Governance Committee will consider stockholder recommendations for candidates for our Board of Directors. See "Stockholder Proposals."

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is a current or former officer or employee of ours. In addition, there are no compensation committee interlocks with other entities with respect to any member.

Annual Meeting Attendance

We encourage members of the Board to attend our Annual Meeting of Stockholders. All of our current directors attended the 2012 Annual Meeting of Stockholders. Meetings of the Board and its committees are being held in conjunction with the Annual Meeting. We expect all directors will attend the Annual Meeting.

Communications with Directors

Table of Contents

As provided in our Corporate Governance Guidelines, you may communicate directly with our independent directors or the entire Board. Our policy and procedures regarding these communications are located in the Investor Relations section of our website at <http://ir.CBOE.com>.

RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Our Audit Committee has responsibility for reviewing and approving all related party transactions. The Committee has adopted a related-party transactions approval policy. Under this policy, transactions between us and any executive officer, director or holder of more than 5% of our common stock, or any immediate family member of such person, must be approved or ratified by the Committee in accordance with the terms of the policy.

The three directors not standing for reelection to our Board are affiliated with organizations that are CBOE or C2 Trading Permit Holders or CFE Trading Privilege Holders (a "TPH"). These individuals and organizations may derive a substantial portion of their income from their trading or clearing activities on our exchanges. The amount of income that a TPH derives from its trading or clearing activities with us is, in part, dependent on the fees that we charge them. TPHs may benefit from trading rules, privileges and discounts that enhance their trading opportunities and profits. TPHs pay fees, either directly or indirectly, to us in connection with the services we provide, which in many cases could be substantial to the TPH. The payments made by such directors or their affiliates are on terms no more favorable than terms given to unaffiliated persons. In addition, as self-regulatory organizations, our subsidiaries have regulatory oversight responsibilities for the TPHs on our exchanges.

Compensation Discussion and Analysis

Overview

The following is a discussion of how the total compensation awarded to, earned by or paid to each of our “named executive officers,” or “NEOs,” is determined. Our NEOs are:

- William J. Brodsky, Chairman and Chief Executive Officer,
- Edward T. Tilly, President and Chief Operating Officer,
- Alan J. Dean, Executive Vice President Finance and Administration, Chief Financial Officer and Treasurer,
- Gerald T. O’Connell, Executive Vice President and Chief Information Officer, and
- Edward L. Provost, Executive Vice President and Chief Business Development Officer.

Our executive compensation program is designed to attract and retain talented and dedicated executives, motivate our executives and other key employees to achieve corporate goals that create value for our stockholders and align the compensation of our executive officers with stockholder returns. To meet these objectives, the Compensation Committee designed and implemented an executive compensation program that pays a substantial portion of executive compensation based on corporate and individual performance.

The Compensation Committee believes that compensation plays a vital role in contributing to the achievement of key strategic business objectives that ultimately drive long-term business success. Accordingly, our executive compensation program has been designed to focus our executives on achieving critical corporate goals, while taking steps to position the business for sustained growth in financial performance over time.

The following table lists the various elements included in the total compensation mix for our executive officers and each element’s purpose. Additional details regarding each component are provided in later sections.

Total Compensation Component	Purpose
Base salary	Provides a defined amount of compensation based on the market value of the position
Annual incentive	Provides variable discretionary payments designed to reward each executive for his or her contribution towards achieving our annual financial and operational results
Long-Term Incentive Plan	Aligns the interests of our executives with stockholders and motivates our executives to focus on our long-term value
Benefits-retirement, medical, life and disability	Provides competitive benefits and protects executives in a catastrophic event
Severance	Creates a stable framework by encouraging retention in a time of uncertainty

2012 Highlights

Executive Succession and Transition

On December 12, 2012, we announced that, effective following the Annual Meeting, Mr. Brodsky would be transitioning into the role of Executive Chairman, Mr. Tilly would become Chief Executive Officer and Mr. Provost would become President and Chief Operating Officer. We have entered into a Transition Agreement with Mr. Brodsky and an Amended and Restated Employment Agreement with Mr. Tilly relating to this transition.

These new agreements allowed the Board and the Compensation Committee to implement additional modifications to the compensation of our named executive officers to better align the interests of our executives with our stockholders. Most notably, in connection with this transition, we:

eliminated the provisions in the agreements for Messrs. Brodsky and Tilly that provided for tax gross-up payments to cover any excise or related income tax liability arising under Section 280G of the Internal Revenue Code, effective immediately for Mr. Brodsky and on January 1, 2013 for Mr. Tilly;

did not enter into an employment agreement with Mr. Provost, as he remains covered by the Executive Severance Plan;

eliminated the payment upon a change-in-control for Mr. Brodsky, effective in 2014; and

reduced the payment upon a change-in-control for Mr. Tilly from three to two times annual compensation.

For more detail regarding these agreements, see "Severance, Change-in-Control and Employment-related Agreements."

Operating Highlights

In 2012, our management team led the effort to achieve several strategic objectives, including:

increasing net income, despite lower industry and company-specific trading volumes,

achieving record volume in our VIX options and futures,

expanding user base by intensifying the focus on overseas investors, including holding the first Risk Management Conference in Europe,

successfully relocating the data center for CBOE and CBOE Futures Exchange, LLC ("CFE") to reduce distance latency, and

providing resources for significant enhancements to our regulatory staffing and processes.

Most notably, management oversaw a total stockholder return of 19.1% during 2012, significantly outperforming the return on S&P 500 Index and that of most of our peers. For more information on 2012 performance, see "Elements of Compensation - Annual Incentive."

Executive Compensation Practices

The Compensation Committee has recently taken the following steps regarding executive compensation:

Reduced base salaries: In the beginning of 2012, certain of our named executive officers accepted reductions to their base salaries, despite having contractual prohibitions on such reductions. As discussed in more detail below, this provides the Compensation Committee flexibility to provide a greater percentage of the officers' total compensation based on corporate and individual performance, through the annual performance-based incentives, and further align the interests of management and stockholders, through long-term equity awards.

Eliminated tax gross-up provisions: Effective January 1, 2013, no executive officers have provisions in their employment-related arrangements that provide for gross-up payments to cover any excise and related income tax liability arising under Section 280G of the Internal Revenue Code.

Eliminated pledging: In early 2013, our Insider Trading Policy was amended to prohibit executive officers and directors from entering into any pledges or margin loans with their stock. Individuals with existing pledges or margin loans have until June 2013 to end these arrangements.

The Compensation Committee has also implemented numerous other compensation best practices. See "Best Practices."

Role of Compensation Committee

The Compensation Committee is responsible for reviewing the various components of the total compensation program for all executive officers. The Compensation Committee makes recommendations to the full Board regarding compensation

related decisions. The Compensation Committee has directly engaged McLagan, a division of Aon Hewitt Consulting, to serve as its independent compensation consultant and assist its review and determination of executive compensation. Messrs. Brodsky, Dean and Tilly, and the independent compensation consultant generally attend portions of the meetings of the Compensation Committee, other than when the executive's compensation is discussed, to provide information and assistance.

Independent Compensation Consultant

The independent compensation consultant reviews the executive compensation program and advises the Compensation Committee on best practices or plan designs that may improve effectiveness. The consultant recommends the peer group, provides comparative data and assists the Compensation Committee in monitoring the competitive positioning of the various components of the executive compensation program. The independent compensation consultant meets with the Compensation Committee in executive session without management. The consultant also communicates directly with members of the Compensation Committee and the Board at large. Based on a review of its engagement of McLagan and consideration of factors set forth in SEC and NASDAQ rules, the Compensation Committee determined that McLagan's work did not raise any conflicts of interest and that it is independent.

Company's Response to Stockholder Vote on Say-on-Pay.

At our last annual meeting, our stockholder "say-on-pay" vote received the support of over 87% of the votes cast on the matter. The Compensation Committee has reviewed these results and considers them supportive of our executive compensation program and determined that no large-scale changes to compensation are warranted as a result of the voting; however, the Committee did take steps to further align compensation practices with best practices.

Peer Group and Comparative Data

The independent compensation consultant conducted an in-depth analysis to identify and recommend to the Compensation Committee a peer group based upon our business mix and size. The peer group includes financial services firms with a heavy focus on technology and an environment similar to ours. Although the members of our peer group may be larger or smaller in one or several measures, the Committee determined that it added more value to focus on members of our industry and believes that the variance is necessary due to our unique business model and in order to have a sufficient number of members in the group. The most recent review, conducted in October 2012, included 2011 data from the following peer group:

BGC Partners, Inc.	MarketAxess Holdings, Inc.
CME Group, Inc.	NASDAQ OMX Group, Inc.
GFI Group, Inc.	NYSE Euronext, Inc.
IntercontinentalExchange, Inc.	Penson Worldwide, Inc.
Investment Technology Group	TMX Group, Inc.
Knight Capital Group, Inc.	

To ensure that our compensation and performance is competitive, the Compensation Committee reviews comparative data from the peer group. The Compensation Committee uses the comparative data as a point of reference, rather than as the determining factor in setting compensation for our executive officers. Profitability measures such as stockholder return, earnings per share, net income, return on equity and return on assets of the peer group are reviewed annually to evaluate relative performance to assist the Compensation Committee in setting compensation.

Based on the Compensation Committee's recent review of peer group data, total compensation for the named executive officers in 2012 (including the 2013 grant of restricted stock for 2012 performance) was below the fiftieth percentile, both individually and in the aggregate. In addition, each element of the total compensation (salary, annual incentive and long-term incentive) was below the fiftieth percentile in the aggregate. This was due in large part to the voluntary acceptance by certain of the named executive officers of a reduction in base salary, which allowed the Compensation Committee to base a greater portion of compensation on performance. This pay mix brings us more in line with the compensation of our peers as compared to prior years, when a greater percentage of our compensation was base salary.

Elements of Compensation

Base Salary. The base salary for our named executive officers is designed to be part of a competitive total compensation package when compared to our peer group companies. It is intended to provide our named executive officers

Table of Contents

with a measure of certainty within their total compensation package. Also considered for each named executive officer in determining base salary was his:

- experience,
- industry specific knowledge,
- level of responsibility,
- individual performance,
- potential to influence our future success, and
- total compensation.

For 2012, the Compensation Committee reviewed and made recommendations to the Board regarding the base salaries for Messrs. Brodsky and Tilly and, with input from Messrs. Brodsky and Tilly, for the remaining six executive officers. At the request of the Compensation Committee, all of our named executive officers other than Mr. Dean accepted a reduction in their base salary for 2012 so that a greater portion of their compensation would be variable to help better align the mix of their compensation with that of our peers and with stockholder interests. Most notably, Mr. Brodsky accepted a \$500,000 reduction in his base salary, from \$1.5 million to \$1.0 million. The Compensation Committee did not ask Mr. Dean to take a reduction in his base salary as it was already at an amount that allowed the Committee to provide more discretionary compensation based on a review of peers.

Annual Incentive. The annual incentive component of the total compensation package paid to our named executive officers is intended to reward performance during the prior year, based on both short- and long-term goals. In the first quarter of each year, the Compensation Committee reviews corporate and individual performance for the prior year and makes recommendations to the Board of Directors for annual incentives to be paid to the named executive officers and other executive officers for the prior year performance. The Board may approve, disapprove or modify the recommendations of the Compensation Committee.

The key drivers in determining annual incentive compensation for 2012 were:

- corporate accomplishments, especially relating to our market share and regulatory functions,
- financial performance, and
- individual performance.

The Compensation Committee recommended an aggregate bonus pool for all employees, including the named executive officers, equal to 4.7% of adjusted pre-tax net income before the accrual of the bonus amount, adjusted for certain items that the Compensation Committee did not think were indicative of performance. Adjusted pre-tax net income, as so determined, was 80% of target. The Compensation Committee then reviewed the individual performance of each of the named executive officers and, where it determined appropriate, made adjustments to determine his bonus amount.

Among other things, the Compensation Committee took into consideration the achievement of a number of milestones in 2012, and Mr. Brodsky's leadership of the executive team in these accomplishments, including:

- increasing net income, despite lower industry and company-specific trading volumes,
- increasing options market share in 2012,
- achieving record volume in our VIX options and futures,
- effectively managing expenses, including executing a reduction in force,
- implementing a new brand identity,

expanding the user base by intensifying the focus on overseas investors, including holding the first Risk Management Conference in Europe,
relocating the data center for CBOE and CFE to reduce distance latency,
successfully defending our intellectual property rights, including through court victories protecting our licensing agreements for the S&P 500 Index,
initiating the leadership transition,
providing resources for significant enhancements to our regulatory staffing and processes,
introducing several new products, and
advocating strongly on regulatory reform.

The Compensation Committee compared corporate performance through the third quarter, the latest period for which data was available, to our peer group in the areas of:

- return on equity,
- return on assets,
- operating margin,
- EBITDA,
- operating income,
- net income, and
- stockholder return.

The performance data was obtained and reviewed by McLagan, the independent compensation consultant. The Compensation Committee observed that we performed at or well above median in each category.

With regard to individual performance, the Compensation Committee considered the roles of the named executive officers in the accomplishments listed above. The Compensation Committee received from Messrs. Brodsky and Tilly input regarding the individual performance, and recommendations regarding incentive compensation, of Messrs. Dean, O'Connell, Provost and the other executive officers. The Compensation Committee also evaluated the performance of Messrs. Brodsky and Tilly in the areas of leadership, communication and management, which includes:

developing, communicating and executing strategic goals and vision,
anticipating and addressing changes and challenges facing the organization,
engaging and developing an effective leadership team, and
effectively communicating with stockholders, potential investors, government regulators, the Board and employees.

The specific amount awarded to each named executive officer is reflected in the Summary Compensation table under the "Bonus" column.

Long-Term Incentive Plan. The Compensation Committee strongly believes that an ownership culture will enhance our long-term success. We have adopted the Amended and Restated Long-Term Incentive Plan, which was approved by stockholders at the 2011 Annual Meeting of Stockholders. Under the plan, the Compensation Committee may grant equity or cash awards, including restricted stock, restricted stock units and options. In connection with our demutualization and initial public offering in June 2010, our executive officers each received a grant of restricted stock that was intended to cover a multi-

year service period, including through 2011. The Compensation Committee chose to make awards for 2012 performance after December 31, 2012, which were based on the performance in 2012. Therefore, the awards intended for 2012 performance are not reflected in the Summary Compensation Table. But see "2013 Grants for 2012 Performance" below for more information. The Committee elected to make the awards after the close of 2012 so that it would have financial and other information about the completed year when making its decisions.

The Compensation Committee believes that restricted stock grants assist us in meeting the following goals:

- aligning the financial interests of our Board members and employees with the interests of our stockholders,
- aligning our Board and executive compensation with that of our peer group in terms of form and amount,
- providing competitive compensation to assist in retaining highly skilled and qualified Board members and executives,
- and

- deferring a significant portion of total compensation to the future and linking the ultimate value of the award to the stock price over the coming years.

2013 Grants for 2012 Performance

The grants of restricted stock made in 2013 for 2012 performance to executive officers and other employees have a three-year vesting schedule under which one-third of the shares granted will vest each year on the anniversary of the grant date, subject to the continued employment of the named executive officers. Vesting will accelerate upon death, disability or the occurrence of change in control, unless the awards are replaced with substantially the same terms by a successor entity, in which case vesting will accelerate only if the successor terminates the officer without cause or the officer resigns for good reason. Unvested portions of the restricted stock grants will be forfeited if the employee or executive officer terminates employment with us prior to the applicable vesting date. Dividends are paid on the unvested restricted stock. The restricted stock grants to the named executive officers are subject to non-compete, non-solicitation and confidentiality covenants. In addition, the grant to Mr. Brodsky provides that the restricted stock will fully vest upon his retirement.

As a newly public company, the Compensation Committee elected to award restricted stock to align the interest of the executives with stockholders. The amounts were based on performance that was in line with the targeted amounts. While these grants are not reportable in the Summary Compensation Table for this proxy statement, they will be reportable in the table in next year's proxy statement. The following is a schedule of the grants made in 2013 to the named executive officers, with the value based on the date of grant:

Name	Date of Grant	Value on Date of Grant	Number of Shares
William J. Brodsky	2/6/2013	\$2,500,022	73,036
Edward T. Tilly	2/6/2013	\$1,450,017	42,361
Alan J. Dean	2/6/2013	\$750,014	21,911
Gerald T. O'Connell	2/6/2013	\$680,013	19,866
Edward L. Provost	2/6/2013	\$760,009	22,203

Stock Ownership Guidelines. The Compensation Committee adopted stock ownership guidelines, shown below, specifying the levels of stock ownership that each named executive officer must maintain while employed by us. For purposes of this ownership requirement, (a) shares owned outright or in trust and (b) restricted stock, including shares that have been granted but are unvested, are included. The named executive officers have three years to meet the guidelines from the later of the date of our initial public offering or the date that such officer was appointed to his position. Each named executive officer meets the applicable holding requirement based on his position with us.

Table of Contents

Name	Holding Requirement
William J. Brodsky	Five times base salary
Edward T. Tilly	Four times base salary
Alan J. Dean	Two times base salary
Gerald T. O'Connell	Two times base salary
Edward L. Provost	Two times base salary

The executive officers who are assuming new roles in connection with our leadership transition will have 3 years to meet the ownership requirements of their new positions.

Hedging Policy. Under our Insider Trading Policy, our executive officers are prohibited from entering into transactions involving options to purchase or sell our common stock or other derivatives related to our common stock.

Pledging Policy. In early 2013, our Insider Trading Policy was amended to prohibit executive officers and directors from entering into any pledges or margin loans with their stock. Individuals with existing pledges or margin loans have until June 2013 to end such arrangements. None of the named executive officers have existing pledges or margin loans with their stock.

Clawbacks. The Compensation Committee has a policy for the clawback of cash incentive payments based on the provisions of the Dodd-Frank Act. The policy provides that we will attempt to recover incentive amounts paid to executive officers in the event of any material noncompliance with any financial reporting requirement. The policy has a three-year look-back and applies to both current and former executives, regardless of such executive's involvement in the noncompliance.

Employee Benefit Plans, Severance, Change in Control and Employment-Related Agreements. We provide retirement, medical, life and disability plans for our named executive officers in order to provide a competitive benefits program, a level of protection for catastrophic events and income during retirement. We do not provide any defined benefit retirement plans to our executive officers or employees. In addition, we have entered into employment agreements with two of our executive officers and established the Executive Severance Plan for other executive officers in order to encourage retention, maintain a consistent management team to effectively run our operations and allow executives to focus on our strategic business priorities. The employment agreements and Executive Severance Plan contain severance and change-in-control provisions and are described more fully below under "Severance, Change in Control and Employment-Related Agreements." Any payments upon a change-in-control provide that the payments will only occur if the named executive officer's employment is also terminated or he resigns for good reason during a set period of time following the change-in-control, known as a double trigger provision.

Tax and Accounting Considerations. The Compensation Committee considers the tax and accounting implications of compensation to us and the tax implications to our named executive officers. The Compensation Committee strives to provide compensation deductible under Section 162(m) of the Internal Revenue Code and, to that end, certifies the performance target under the Amended and Restated Long-term Incentive Plan annually in accordance with Section 162(m). However, the Compensation Committee reserves the right to pay compensation that is not deductible for tax purposes when, in its judgment, such compensation is appropriate.

Compensation Committee Report

The following report of the Compensation Committee shall not be deemed to be "soliciting material" or to otherwise be considered "filed" with the SEC, nor shall such information be incorporated by reference into any future filing with the SEC except to the extent that we specifically incorporate it by reference into such filing.

The Compensation Committee consists of Mr. Sunshine, Chair, Ms. Froetscher and Messrs. Kepes and Skinner, each of whom the Board has determined is independent under the applicable NASDAQ rules and our Corporate Governance Guidelines. The Compensation Committee has duties and powers as described in its written charter adopted by the Board. A copy of the charter can be found on our Investor Relations page at <http://ir.CBOE.com>. The Compensation Committee has reviewed and discussed with management the disclosures contained in the foregoing section entitled "Compensation Discussion and Analysis." Based on this review and discussion, the Compensation Committee recommended to the Board that the section entitled "Compensation Discussion and Analysis" be included in this Proxy Statement for the Annual Meeting.

Risk Assessment

With assistance from the independent compensation consultant, the Compensation Committee conducted a risk assessment of our compensation policies and practices for all employees for 2012, including non-executive officers. The Compensation Committee concluded that the compensation policies and practices do not motivate imprudent risk taking. Consequently, the Committee believes that any potential risk arising from our employee compensation policies and practices are not reasonably likely to have a material adverse effect on us.

In reaching this conclusion, the Compensation Committee considered the following factors:

Our compensation program is designed to provide a mix of both fixed and variable incentive compensation.

The variable portions of compensation are designed to reward both annual and longer-term performance. We believe that this design mitigates any incentive for short-term risk-taking that could be detrimental to our company's long-term best interests.

Our senior executives are subject to stock ownership guidelines, which we believe provide incentives for our executives to consider the long-term interests of our company and our stockholders and discourage excessive risk-taking that could negatively impact our stock price over time.

In 2012, Messrs. Brodsky, Tilly, O'Connell and Provost accepted reductions to their base salaries to assist the (1) Compensation Committee in modifying the pay mix. In 2010, all employees, including the named executive officers, were required to take unpaid furlough days, which reduced the approved salaries paid in that year.

The amounts shown reflect the total cash incentive paid to the individual under our annual incentive program. For a (2) discussion of our annual incentive program, please see "Compensation Discussion and Analysis-Elements of Compensation-Annual Incentive" above. Annual incentive payments for services performed in 2012, 2011 and 2010 by named executive officers were paid in early 2013, 2012 and 2011, respectively.

The amounts in the stock award column represent the aggregate fair value of the awards granted to each named executive officer on June 15, 2010 for service through 2011 computed in accordance with stock based accounting (3) rules (Financial Standards Accounting Board ASC Topic 718). Assumptions used in the calculation of these amounts are included in the footnotes to our 2010 consolidated financial statements, which are included in our Annual Report on Form 10-K for the year ended December 31, 2010 filed with the SEC. Awards made in 2013 for 2012 service are not reportable in this Summary Compensation Table. See "2013 Grants for 2012 Performance."

(4) The amounts shown represent benefits that were, from time to time, made available to our executives, including retirement plan contributions and life insurance. For more information on the amounts shown in this column for 2012,

2012 Grants of Plan-Based Awards

The awards for 2012 performance were made in 2013. See the Summary Compensation Table for information regarding bonus amounts.

Non-Qualified Defined Contribution Plans

We do not have a defined benefit retirement plan. We currently have two non-qualified defined contribution plans in which the NEOs participate: the Supplemental Executive Retirement Plan (SERP) and the Executive Retirement Plan. The SERP is designed for employees whose level of compensation exceeds the IRS defined annual compensation limit (\$250,000 for 2012). Under the SERP, we match deferral contributions made by executives under the SERP with respect to compensation in excess of the IRS compensation limit. These contributions mirror those under the 401(k) plan. In 2012, we matched 200% of eligible employee contributions to the 401(k) and SERP plans up to 4% of the employee's compensation, subject to statutory limitations.

All named executive officers are eligible to participate in the Executive Retirement Plan. Our 2012 contribution to the Executive Retirement Plan was six percent of each participant's base salary and annual incentive, and, in the future, we expect to make further contributions consistent with this formula.

Messrs. Tilly, Dean, O'Connell and Provost participate in the age-based component of the Executive Retirement Plan. In addition to the contribution to the Executive Retirement Plan described in the preceding paragraph, under the age-based component, we contribute to each eligible employee's account an amount equal to a percentage of the employee's base salary and cash incentive, based on such employee's age at the start of the year, as set forth in the table below.

Age of Participant	Contribution Percentage	
Under 45	1	%
45 to 49	3	%
50 to 54	6	%
55 to 59	9	%
60 to 64	11	%
65 and over	None	

All of our contributions to qualified and non-qualified defined contribution plans vest 20% for each year of continuous service, identical to the qualified 401(k) plan.

Severance, Change in Control and Employment-Related Agreements

On December 12, 2012, we announced that, effective following the Annual Meeting, Mr. Brodsky would become our Executive Chairman, Mr. Tilly would become our Chief Executive Officer and Mr. Provost would become our President and Chief Operating Officer. In connection with this transition, the following modifications to our employment-related agreements were made:

• Mr. Brodsky entered into a Transition Agreement with us as of December 11, 2012,

• Mr. Tilly entered into an Amended and Restated Employment Agreement with us effective as of January 1, 2013, and

• We amended the Amended and Restated Executive Severance Plan, effective on January 1, 2013.

The following discussion is of the agreements effective on December 31, 2012 and includes a discussion of the changes to Mr. Tilly's agreement and to the Executive Severance Plan that were not effective until the start of 2013.

Mr. Brodsky's Transition Agreement

On December 11, 2012, we entered into a Transition Agreement with Mr. Brodsky, our Chairman and Chief Executive Officer. The Transition Agreement contemplates that Mr. Brodsky will continue to serve as Chairman and Chief Executive Officer until the Annual Meeting. After that time, if reelected as a director by our stockholders, he will serve as Executive Chairman until the 2014 Annual Meeting of Stockholders. As Executive Chairman, Mr. Brodsky will perform such duties as are customary for that position, as well as any duties reasonably requested by the Chief Executive Officer or the Board.

Pursuant to the Transition Agreement, we have agreed to grant Mr. Brodsky a restricted stock award with a grant date target fair market value of \$2.5 million in 2013 in respect of his service and performance during 2012 and a grant date target fair market value of \$2.5 million in 2014 in respect of his service and performance during 2013. The Transition Agreement also

provides that Mr. Brodsky will be entitled to continue to receive his current annual base salary of \$1.0 million through December 31, 2013. Mr. Brodsky will be entitled to receive \$600,000 for service from the period from January 1, 2014 through the date of the 2014 Annual Meeting of Stockholders. He will also be eligible to receive an annual bonus for each of the 2012 and 2013 performance periods in the following year, with a \$1.5 million target bonus for the 2013 performance period, which will be dependent on the achievement of certain individual and corporate performance metrics.

If Mr. Brodsky terminates employment with us prior to December 31, 2013 for certain reasons specified in the Transition Agreement, including a departure to accept a full-time senior-level position with a government or self-regulatory organization, he will receive a prorated portion of the equity grant to be made in 2014 and a prorated bonus for service in 2013, each prorated based on the number of days worked in 2013.

The terms of Mr. Brodsky's employment and post-employment obligations shall continue to be governed by the terms of his employment agreement with us, dated January 13, 2010, except as modified by the Transition Agreement. The surviving provisions include that he is entitled to participate in all our employee benefit plans that are generally available to senior management, except for the age-based portion of the Executive Retirement Plan, and that all unvested stock awards will vest upon retirement. Also upon retirement, Mr. Brodsky's employment agreement includes payment of medical insurance for him and his spouse for life, subject to reductions for new employer benefits and Medicare.

If, before December 31, 2013, the agreement is terminated without cause by us, for good reason by Mr. Brodsky or due to death or disability, we will pay Mr. Brodsky a severance payment equal to the greater of (1) his then-current annual base salary plus the annual target cash incentive or (2) a prorated base salary and target cash incentive for the remainder of his contract term. Since there is less than a year before December 31, 2013, any such payment in 2013 would be equal to Mr. Brodsky's then-current annual base salary plus the annual target cash incentive.

The provisions in Mr. Brodsky's employment agreement that would have required us to reimburse Mr. Brodsky for excise taxes in the event of a change in control have been removed. The Transition Agreement provides that Mr. Brodsky's employment agreement will terminate on December 31, 2013, unless terminated earlier in accordance with its terms.

Mr. Tilly's Employment Agreement**2012**

We also have an employment agreement with Edward T. Tilly, our President and Chief Operating Officer. This is a discussion of Mr. Tilly's employment agreement that was effective until December 31, 2012. The agreement provided for a base salary of \$600,000. Mr. Tilly was eligible to receive a cash incentive each fiscal year in the sole discretion of the Board of Directors. The agreement provided that Mr. Tilly was entitled to participate in all of our employee benefit plans that are generally available to senior management. Pursuant to the agreement, Mr. Tilly had agreed to certain non-compete provisions during the employment term and for two years thereafter. This employment agreement could have been terminated for cause. If the agreement was terminated without cause by us, for good reason by Mr. Tilly, or due to death or disability, we were required to pay Mr. Tilly a severance payment equal to two times his then-current annual base salary plus two times his annual target cash incentive and all retirement plan contributions, including a lump sum payment equal to the amounts he would have received under the plans for a period of two years. Mr. Tilly would have received three times these benefits instead of two times if he were terminated without cause or resigned for good reason within 18 months of a change in control, as defined in the Employment Agreement. We were to provide a gross-up payment to Mr. Tilly to cover any excise and related income tax liability arising under Section 280G of the Internal Revenue Code, if any, as a result of any payment or benefit arising under the agreement.

2013
Under the amended and restated Employment Agreement effective on January 1, 2013, Mr. Tilly will assume the title of Chief Executive Officer following the Annual Meeting. It also provides that the Board will nominate Mr. Tilly for election to serve on the Board at the Annual Meeting. The Employment Agreement is scheduled to expire on December 31, 2015, and will automatically renew for successive one-year terms unless either we or Mr. Tilly gives notice not to renew 180 days prior to the expiration of the then current term. The Employment Agreement provides for

a base salary of \$640,000 from January 1, 2013, the effective date of the agreement, until the Annual Meeting, at which time, Mr. Tilly's base salary will be increased to \$800,000 and he will also be entitled to an award of restricted stock with a fair market value at that time of \$2.0 million. The restricted stock award will vest one-half on the date of the grant and one-half on the first anniversary of the grant date.

Under the amended and restated Employment Agreement, Mr. Tilly is eligible to receive a cash incentive each fiscal year and equity incentive awards, each in the sole discretion of the Board. The agreement provides that Mr. Tilly is entitled to participate in all of our employee benefit plans that are generally available to senior management. Pursuant to the agreement, Mr. Tilly has agreed to certain non-compete provisions during the employment term and for two years thereafter. The

Employment Agreement may be terminated for cause. If the Employment Agreement is terminated without cause by us, for good reason by Mr. Tilly, or due to death or disability, we will pay Mr. Tilly a severance payment equal to two times his then-current annual base salary plus a pro-rated bonus and long-term incentive award based on the portion of the calendar year worked, and two times his annual target cash incentive and all retirement plan contributions, including a lump sum payment equal to the amounts he would have received under the plans for a period of two years. Mr. Tilly would also receive these benefits if he is terminated without cause or resigns for good reason within 18 months of a change in control, as defined in the Employment Agreement.

Executive Severance Plan

The other named executive officers do not have employment agreements; however, the Compensation Committee believes it is appropriate to provide a severance plan to encourage retention, maintain a consistent management team to effectively run our operations and allow executives to focus on our strategic business priorities. The plan covers Messrs. Dean, O'Connell and Provost, as well as four of our other officers. Under the plan, an executive who experiences an involuntary termination (as defined in the plan, which includes termination in the event of a change in control) shall be entitled to receive the following severance benefits:

- the executive's accrued salary, unpaid expenses, accrued and unpaid vacation days through the date of termination and any unpaid bonus earned in any year prior to the year in which the executive's employment terminates;
- a pro-rated target bonus;
- a salary and bonus payment in an amount equal to the sum of (a) two times base salary and (b) two times target bonus; and
- COBRA premiums for 18 months and, at the end of such period, premiums for 6 months coverage in the retiree medical plan, if eligible.

If the executive's employment is terminated either by us for cause, or by the executive other than for good reason (each as defined in the plan), we will pay the executive any unpaid bonus and accrued benefits. The plan also provides that we will require any successor to expressly assume and agree to maintain the plan.

In addition to the above, the plan also provides Messrs. O'Connell and Provost with certain death and disability benefits if the executive dies or is terminated due to becoming disabled. These benefits include accrued but unpaid salary; a pro-rated bonus equal to his average annual bonus paid in the prior three years and a salary and bonus payment in an amount equal to the sum of (a) two times his annual rate of base salary and (b) two times his target annual bonus. Messrs. O'Connell and Provost have also agreed to certain non-compete and non-solicitation provisions during their employment and for a period of two years following termination of their employment.

On December 11, 2012, the severance plan was amended, effective January 1, 2013, to modify, among other things, two provisions. First, the plan was amended to provide that any equity awards to Mr. Provost would automatically vest upon his retirement after reaching age 65. The other amendment provides that in the event a covered executive receives Severance Benefits, as defined in the plan, such executive will also receive a pro-rated equity award based on the period of the calendar year during which the executive is employed by the Company. It is anticipated that such an award will only be paid in the event of a change-in-control and qualifying termination, or upon the retirement of certain individuals after reaching age 65, including Mr. Provost, because this amendment does not provide for accelerated vesting provisions.

Severance Payments

The following table shows the potential payment to each officer pursuant to either such executive's agreement or the Executive Severance Plan, each discussed above, upon the termination of the executive's employment either without cause by us or for good reason by the executive or the termination of the executive's employment by us upon a change in control. For Mr. Tilly and Messrs. Dean, O'Connell and Provost, the amounts shown are for the employment agreement and Executive Severance Plan, respectively, effective on December 31, 2012. Following the table is a discussion of the amounts payable under the employment agreement and Executive Severance Plan effective on January 1, 2013.

Represents amounts to be paid in connection with a termination of the executive's employment by us without cause (1) or a termination of employment by the executive for good reason and, for all except Mr. Dean, payable upon death or disability. For purposes of these calculations, we have assumed that such event occurred on December 31, 2012.

Represents amounts to be paid in connection with a termination of the executive's employment upon a change in (2) control. For purposes of these calculations, we have assumed that change in control occurred on December 31, 2012.

The amounts shown represent amounts contributed on behalf of the executive under our qualified and non-qualified defined contribution plans in connection with such executive's termination. It also includes estimated medical insurance cost (based upon total monthly premiums as of December 31, 2012) for the severance period and (3) outplacement cost. The amount included for future medical insurance costs is equal to the actuarial valuation associated with the lifetime continuation of medical insurance for Mr. Brodsky and is reported as an aggregate liability in our financial statements. All of the named executive officers are fully vested in our qualified and non-qualified defined contribution plans, so there is no acceleration of vesting on these events.

Table of Contents

Under Mr. Tilly's employment agreement and the Executive Severance Plan, both effective January 1, 2013, the following are the potential payments that would be made to the applicable named executive officers upon the termination of employment either without cause by us or for good reason by the executive following a change in control. For purposes of this table, we have assumed that the termination occurred on December 31, 2012 under the provisions not effective until January 1, 2013. We used the same 2012 salary, target bonus and target long-term incentive award as is used in the above table.

PROPOSAL TWO

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Board is providing our stockholders with an advisory vote to approve executive compensation. This advisory vote, commonly known as a “say-on-pay” vote, is a non-binding vote to approve the compensation paid to our named executive officers as disclosed in this proxy statement in accordance with SEC rules.

As discussed in the Compensation Discussion and Analysis, our executive compensation program is designed to meet the following objectives:

- attract and retain talented and dedicated executives,
- motivate our executives to achieve corporate goals that create value for our stockholders, and
- align the compensation of our executive officers with stockholder returns.

The Compensation Committee has implemented the following best practices applicable to our executive officers in order to achieve these objectives:

- a greater portion of compensation is variable based on performance,
- stock ownership guidelines,
- limitations on hedging,
- prohibition of pledging,
- elimination of tax gross-up payments in the event of a change-in-control, and
- clawbacks of incentive compensation.

We believe that the compensation paid to the named executive officers is appropriate to align their interests with those of our stockholders to generate stockholder returns. Accordingly, the Board recommends that our stockholders vote in favor of the say-on-pay vote as set forth in the following resolution:

RESOLVED, that our stockholders approve, on an advisory basis, the compensation paid to our named executive officers, as disclosed in this Proxy Statement, including in the “Compensation Discussion and Analysis,” the accompanying compensation tables and the corresponding narrative discussion.

As this is an advisory vote, the outcome of the vote is not binding on us with respect to future executive compensation decisions, including those relating to our named executive officers. Our Compensation Committee and Board value the opinions of our stockholders. The Compensation Committee and Board will consider the results of the say-on-pay vote and evaluate whether any actions should be taken in the future.

Non-binding approval of our executive compensation program would require that a majority of the shares cast on this matter be cast in favor of the proposal. Abstentions and broker non-votes will not be counted as votes cast and therefore will not affect the vote.

The Board of Directors recommends that the stockholders vote FOR Proposal Two.
