About Your Fund's Expenses (Unaudited) June 30, 2018

The Funds' advisor, Shelton Capital Management ("Shelton Capital"), believes it is important for you to understand the impact of costs on your investment. All mutual funds have operating expenses. As a shareholder of the Funds, you incur two types of costs: (1) transaction costs, including sales charges (loads) on purchase payments, reinvested dividends, or other distributions, redemption fees, and exchange fees; and (2) ongoing costs, including management fees, distribution fees and other Fund expenses. Operating expenses, which are deducted from the Funds' gross income, directly reduce the investment return of the Funds. The Funds' expenses are expressed as a percentage of its average net assets. This figure is known as the expense ratio. This example is intended to help you understand your ongoing cost (in dollars) of investing in the Funds and to compare these costs with the ongoing costs of investing in other mutual funds.

The examples are based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from January 1, 2018 to June 30, 2018.

Actual Expenses

The first line of the tables below provide information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses you have paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The second line of the table provides information about hypothetical account values and hypothetical expenses based on the Funds' actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Funds' actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Funds and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds. The Funds do not charge any sales charges. There is a redemption fee of 2% for shares of the Greater China Fund purchased that are held for 90 days or less from the date of purchase.

Edgar Filing: SCM Trust - Form N-CSRS

Please note that the expenses shown in the tables are meant to highlight your ongoing costs only and do not reflect any transactional cost, such as sales charges (loads), redemption fees, or exchange fees. Therefore, the second line of the tables are useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher. The calculations assume no shares were bought or sold during the period. Your actual costs may have been higher or lower, depending on the amount of your investment and the timing of any purchases or redemptions.

More information about the Funds' expenses can be found in this report. For additional information on operating expenses and other shareholder costs, please refer to the Funds' prospectus.

SCM Trust Notes to Financial Statements (Unaudited) June 30, 2018

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

SCM Trust (the “Trust”), is registered under the Investment Company Act of 1940, as amended, as a diversified open-end management investment company. The Trust currently consists of five separate series included in these financial statements. The SCM Trust is a Massachusetts business trust formed in July 1988.

Shelton Greater China Fund (“Greater China Fund”) is an open-end, diversified series of the Trust. The Fund commenced operations in May 1989 as the R.O.C. Taiwan Fund, a diversified, closed-end investment company. The R.O.C Taiwan Fund changed its name to the Taiwan Greater China Fund on December 29, 2003 and the change became effective on the New York Stock Exchange on January 2, 2004. On October 10, 2011, the Fund registered with the SEC as a diversified, open-end management investment company and began operations as The Shelton Greater China Fund.

Shelton BDC Income Fund (“BDC Income Fund”) is an open-end, non-diversified series of the Trust. The inception date is April 22, 2014, and the commencement date of operations is May 2, 2014. The investment objective is to provide a high level of income with the potential for capital appreciation. Effective July 1, 2016, Shelton became the advisor to the Fund.

Shelton Real Estate Income Fund (“Real Estate Income Fund”) is an open-end, non-diversified series of the Trust. The inception date is June 4, 2013, and the commencement date of operations is June 7, 2013. The investment objective is to provide current income with the potential for capital appreciation. Effective July 1, 2016 Shelton became the advisor to the Fund.

Shelton Tactical Credit Fund (“Tactical Credit Fund”) is an open-end, non-diversified series of the Trust. The inception date is December 16, 2014. The Fund’s investment objective is to seek current income and capital appreciation. Effective July 1, 2016, Shelton became the advisor to the Fund. The Tactical Credit Fund is a successor to a series of the FundVantage Trust, a Delaware statutory trust, pursuant to a reorganization that took place after the close of business on March 17, 2017. Prior to March 17, 2017, the Successor Fund had no investment operations. As a result of the reorganization, holders of Class A Shares and Class C Shares of the Tactical Credit Fund received Investor Shares of the Tactical Credit Fund and holders of Advisor Class Shares received Institutional Shares of the Tactical Credit Fund.

Shelton International Select Equity Fund (“International Select Fund”) is an open-end, diversified series of the Trust. The inception date is July 31, 2009. The Fund’s investment objective is to achieve long-term capital appreciation by creating a portfolio composed of primarily large capitalization international equity growth stocks. Effective July 18, 2016, Shelton became the advisor to the Fund. The International Select Fund is a successor to a series of the FundVantage Trust, a Delaware statutory trust, pursuant to a reorganization that took place after the close of business on July 28, 2017. Prior to July 28, 2017, the Successor Fund had no investment operations. As a result of the reorganization, holders of Class A Shares of the International Select Fund received Investor Shares of the International Select Equity Fund and holders of Class I Shares received Institutional Shares of the International Select Equity Fund.

The Trust follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Topic 946, “Financial Services – Investment Companies”.

(a) Security Valuation — Equity securities listed on a national or international exchange are valued at the last reported sales price. Futures contracts are valued at the settle price, depending on the exchange the contract trades on, typically as of 4:15 p.m., Eastern Time. Municipal securities are valued by an independent pricing service at a price determined by a matrix pricing method. This technique generally considers such factors as yields or prices of bonds of comparable quality, type of issue, coupon, maturity, ratings and general market conditions. U.S. government securities for which market quotations are readily available are valued at the mean between the closing bid and asked prices provided by an independent pricing service. U.S. agency securities consisting of mortgage pass-through certificates are valued using dealer quotations provided by an independent pricing service. U.S. Treasury Bills are valued at amortized cost which approximates market value. Securities with remaining maturities of 60 days or less are valued on the amortized cost basis as reflecting fair value.

Securities for which market quotes are not readily available from the Trust’s third-party pricing service are valued at fair value, determined in good faith and in accordance with procedures adopted by the Board of Trustees. The Board has delegated to the Advisor’s Pricing Committee the responsibility for determining the fair value, subject to the Board oversight and the review of the pricing decisions at its quarterly meetings. For a description of the Advisor, see Note 2.

(b) Federal Income Taxes — *No provision is considered necessary for federal income taxes. The Funds intend to qualify for and elect the tax treatment applicable to regulated investment companies under the Internal Revenue Code and to distribute all of their taxable income to shareholders.*

(c) Security Transactions, Investment Income and Distributions to Shareholders — Security transactions are recorded on the trade date. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Withholding taxes on foreign dividends have been provided for, in accordance with the Trust’s understanding of the applicable country’s tax rules and rates. Distributions to shareholders are recorded on the ex-dividend Income distributions and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. These differences are primarily due to differing treatments for PFICs, wash sales, REIT adjustments and post-October capital losses.

Distributions received from investments in securities that represent a return of capital or capital gains are recorded as a reduction of cost of investment or as a realized gain, respectively. The calendar year-end amounts of ordinary income, capital gains, and return of capital included in distributions received from a Fund's investments in real estate investment trusts ("REITs") are reported to the Fund after the end of the calendar year; accordingly, a Fund estimates these amounts for accounting purposes until the characterization of REIT distributions is reported to the Fund after the end of the calendar year. Estimates are based on the most recent REIT distribution information available.

These "Book/tax" differences are considered either temporary (i.e., deferred losses, capital loss carry forwards) or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the composition of net assets based on their federal tax basis treatment; temporary differences do not require reclassification.

(d) Foreign Currency Translation — Investment securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts at the date of valuation. Purchases and sales of investment securities and income and expense items denominated in foreign currencies are translated into U.S. dollar amounts on the respective dates of such transactions. The Trust does not isolate that portion of the results of operations resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in market prices of securities held. Such fluctuations are included with the net realized and unrealized gain or loss from investments.

SCM Trust Notes to Financial Statements (Unaudited) (Continued) June 30, 2018

Reported net realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, and the difference between the amounts of dividends, interest, and foreign withholding taxes recorded on the company's books and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in the fair values of assets and liabilities, other than investments in securities at fiscal period end, resulting from changes in exchange rates.

(e) Concentration — The Greater China Fund concentrates its investments in publicly traded equities issued by corporations located in People's Republic of China, Hong Kong, Taiwan, or Singapore. The portfolio involves considerations not typically associated with investing in U.S. securities. In addition, the Trust is more susceptible to factors adversely affecting the economies of those countries than a fund not concentrated in these issuers to the same extent. Since the Trust's investment securities are primarily denominated in New Taiwan Dollars ("NT\$") and Hong Kong Dollars ("HKD"), changes in the relationships of the NT\$ and the HKD to the USD may also significantly affect the value of the investments and the earnings of the Trust.

The Real Estate Income Fund concentrates its investments in real estate securities (i.e., securities of issuers in the real estate industry), including securities issued by REITs. The Fund invests substantially all (and under normal market conditions, at least 80%) of its net assets (plus any borrowings for investment purposes) in income producing real estate securities. The Advisor evaluates securities based primarily on the relative attractiveness of income and secondarily considers their potential for capital appreciation. The Advisor considers real estate securities to be securities issued by a company that (a) derives at least 50% of its revenues from the ownership, construction, financing, management or sale of commercial, industrial or residential real estate, or (b) has at least 50% of its assets invested in such real estate. The Advisor plans to sell a security if, in the judgment of the portfolio managers, the security's income potential has been compromised, an issuer's fundamentals have deteriorated or may deteriorate or a more attractive investment opportunity is identified. The Fund invests in both equity and debt securities, and invests to a substantial degree in securities issued by REITs. REITs are pooled investment vehicles that own interests in real estate, real-estate related loans or similar interests, and their revenue primarily consists of rent derived from owned, income producing real estate properties and capital gains from the sale of such properties. A majority of the REITs in which the Fund invests are generally considered by the Advisor to be medium- or small-capitalization companies. The Fund will not invest in non-traded REITs that are sponsored, managed or distributed by affiliates of the Advisor. Equity securities in which the Fund may invest include common and preferred stocks, convertible securities, rights and warrants to purchase common stock and depositary receipts. Although the Advisor anticipates that the Fund will invest a substantial portion of its assets in equity securities, the Fund may invest up to 100% of its net assets in debt securities of any maturity, duration or credit rating. Debt securities in which the Fund may invest include corporate debt obligations and CMBS. Debt securities acquired by the Fund may also include high-yield debt securities (commonly referred to as "junk" bonds) issued or guaranteed by real estate companies or other companies. The Fund invests in securities across all market capitalization ranges. The Fund may invest up to 15% of its net assets in illiquid securities

Edgar Filing: SCM Trust - Form N-CSRS

The BDC Income Fund invests substantially all (and under normal market conditions, at least 80%) of its net assets (plus any borrowings for investment purposes) in common stocks and other equity securities of business development companies (“BDCs”) that are traded on one or more nationally recognized securities exchanges. The equity securities in which the Fund may invest consist of common stocks, securities convertible into common stocks; and preferred stocks. In addition, although the Fund typically invests in equity securities, the Fund may invest up to 20% of its net assets in debt securities of BDCs and other issuers of any maturity, duration or credit rating.

The Tactical Credit Fund aims to use related credit asset classes on both the long and short side to generate an attractive rate of return with low volatility. Portfolio construction is implemented with a relative value framework and looks across the entire balance sheet of a corporation from senior secured down through subordinated, equity-linked bonds. This hedged approach is designed to generate performance that is less reliant on the direction of the overall market than a typical credit-based fund.

(f) Use of Estimates in Financial Statements — In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, as well as the reported amounts of income and expense during the year. Actual results may differ from these estimates.

(g) Share Valuations — The net asset value (“NAV”) per share of each Fund is calculated by dividing the sum of the value of the securities held by the Fund, plus cash or other assets, minus all liabilities (including estimated accrued expenses) by the total number of shares outstanding of the Fund, rounded to the nearest cent. A Fund’s shares will not be priced on the days on which the NYSE is closed for trading. The offering and redemption price per share of each Fund is equal to a Fund’s NAV per share.

(h) Accounting for Uncertainty in Income Taxes — The Funds recognize the tax benefits of uncertain tax positions only where the position is “more likely than not” to be sustained assuming examination by tax authorities. Management has analyzed the Fund’s tax positions, and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on returns filed for open tax years (2013-2015), or expected to be taken in the Fund’s 2016 tax returns. The Funds identify its major tax jurisdictions as U.S. Federal, however the Funds are not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next twelve months.

(i) Fair Value Measurements — The Funds utilize various methods to measure the fair value of most of its investments on a recurring basis. U.S. GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the company has the ability to access.

Level 2 – Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund’s own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

SCM Trust Notes to Financial Statements (Unaudited) (Continued) June 30, 2018

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following table summarizes the valuation of the Trust's securities at June 30, 2018 using fair value hierarchy:

NOTE 2 - INVESTMENT MANAGEMENT FEE AND OTHER RELATED PARTY TRANSACTIONS

Shelton Capital Management (“Shelton Capital” or the “Advisor”), a California limited partnership, provides each Fund with management and administrative services pursuant to investment management and administration servicing agreements.

In accordance with the terms of the management agreement, the Advisor receives compensation at the following annual rates:

Fund	All Net Assets
Greater China Fund	1.25 %
BDC Income Fund	0.90 %
Real Estate Income Fund	0.80 %
Tactical Credit Fund	1.17 %
International Select Fund	0.74 %

The Advisor contractually agreed to reduce total operating expense to certain Funds of the Trust. This additional contractual reimbursement is effective until the dates listed below, unless renewed, and is subject to recoupment within three fiscal years following reimbursement. Recoupment is limited to the extent the reimbursement does not exceed any applicable expense limit and the effect of the reimbursement is measured after all ordinary operating expenses are calculated; any such reimbursement is subject to the Board of Trustees’ review and approval. Reimbursements from the Advisor to affected Funds, and the voluntary expense limits, for the period ended June 30, 2018 are as follows:

Fund	Voluntary Expense Limitation			Expiration
	Direct Shares	Institutional Shares	Investor Shares	
Greater China Fund	1.98%	N/A	N/A	5/1/19
BDC Income Fund	N/A	1.25%	1.50%	5/1/19

Total	\$400,447	\$2,392,120

A Fund must pay its current ordinary operating expenses before the Advisor is entitled to any reimbursement of fees and/or expenses. Any such reimbursement is contingent upon Board of trustee review and approval prior to the time the reimbursement is initiated.

As compensation for administrative duties not covered by the management agreement, Shelton Capital receives an administration fee, which was revised on January 1, 2011. The administration fee is based on assets held, in aggregate, by the SCM Trust and other funds within the same “family” of investment companies managed and administered by Shelton Capital. The fee rates are 0.10% on the first \$500 million, 0.08% on the next \$500 million, and 0.06% on combined assets over \$1 billion.

Certain officers and trustees of the Trust are also partners of Shelton Capital. Gregory T. Pusch has served as the Chief Compliance Officer (“CCO”) of the Trust since March 2017. Mr. Pusch is also employed by Shelton Capital, the Advisor and Administrator to the Trust. The Trust is responsible for the portion of his salary allocated to his duties as the CCO of the Trust during his employment, and Shelton Capital is reimbursed by the Trust for this portion of his salary. The level of reimbursement is reviewed and determined by the Board of Trustees at least annually.

The SCM Trust adopted a Distribution Plan (the “Plan”), as amended (date), pursuant to Rule 12b-1 under the Investment Company Act of 1940, whereby the Investor Shares of each Fund pays the Distributor, an affiliate of Shelton Capital, for expenses that relate to the promotion and distribution of shares. Under the Plan, the Investor Shares of the Funds will pay the Distributor a fee at an annual rate of 0.25%, payable monthly, of the daily net assets attributable to such Fund’s Investor Shares.

For the year ended June 30, 2018 the following were paid:

Fund	Class Investor 12b-1 Fees
BDC Income Fund	\$ 15,285
Real Estate Income Fund	9,798
Tactical Credit Fund (Formerly Class A Shares)	15,784
International Select Fund (Formerly Class A Shares)	4,425

SCM Trust Notes to Financial Statements (Unaudited) (Continued) June 30, 2018

NOTE 4 - TAX CHARACTER

Reclassifications: Accounting principles generally accepted in the United States of America require certain components of net assets be reclassified between financial and tax reporting. These reclassifications have no effect on net assets or net asset value per share. For the six months ended June 30, 2018, permanent differences resulting from different book and tax accounting for expiration of capital loss carryforwards, PFIC Reclasses and treatment of foreign currency gains have been reclassified. The reclassifications were as follows:

	Increase (Decrease) Paid-In Capital	Increase (Decrease) Undistributed Net Investment Income (Loss)	Increase (Decrease) Accumulated Gain (Loss)
Greater China Fund	\$(10,930,578)	\$ (5,262)	\$ 10,935,840
BDC Income Fund	(64,188)	64,188	—
Real Estate Income Fund	(38,866)	(26,615)	65,481
Tactical Credit Fund	—	—	—
International Select Fund	—	(12,396)	12,396

Tax Basis of Distributable Earnings: The tax character of distributable earnings at December 31, 2017 was as follows:

	Undistributed Ordinary Income	Undistributed Long-Term Capital Gain	Capital Loss Carry Forwards	Unrealized Appreciation (Depreciation)	Post October and Other Losses	Total Distributable Earnings
Greater China Fund	\$ 41,700	\$ —	\$(623,452)	\$ 2,372,786	\$—	\$1,791,034
BDC Income Fund	61,253	—	(3,074,479)	(464,093)	—	(3,477,319)
Real Estate Income Fund	8,877	16,859	(1,426,240)	494,031	(21,913)	(928,386)
Tactical Credit Fund	12,572	—	(1,415,209)	306,553	—	(1,096,084)
International Select Fund	—	—	(59,688,076)	13,202,029	(1,273)	(46,487,320)

Edgar Filing: SCM Trust - Form N-CSRS

The difference between book basis and tax basis unrealized appreciation/(depreciation) is attributable primarily to wash sales and PFICs.

Elective Deferrals:

The Real Estate Income Fund and International Select Fund has elected to defer \$21,913 and \$1,273 respectively of ordinary income losses to the period ended December 31, 2018.

Capital Losses: Capital loss carry forwards, as of December 31, 2017, available to offset future capital gains, if any, are as follows:

Expiring	Greater China Fund	BDC Income Fund	Real Estate Income Fund*	Tactical Credit Fund	International Select Fund
Long Term with No Expiration	\$—	\$726,516	\$122,324	\$—	\$55,970,420
Short Term with No Expiration	623,452	2,347,963	1,303,916	1,415,209	3,717,656
Total	\$623,452	\$3,074,479	\$1,426,240	\$1,415,209	\$59,688,076

* Subject to limitations under §382 of the Code

Distributions to Shareholders: Income distributions and capital gain distributions are determined in accordance with income tax regulations, which may differ from U.S. generally accepted accounting principles. These differences are primarily due to differing treatments of income and gains on various investment securities held by each Fund, timing differences and differing characterization of distributions made by each Fund.

The tax character of distributions paid during are as follows:

Fund	Year	Return of Capital	Ordinary Income	Long-Term Capital Gains ^(a)	Total Distributions
Greater China Fund	December 31, 2016	\$—	\$169,576	\$—	\$169,576

**Board Approval of the Investment Advisory Agreement (Unaudited)
June 30, 2018**

The Investment Company Act of 1940 (the “1940 Act”) requires that the full board of the SCM Trust (the “Board”) and a majority of the Independent Trustees annually approve the continuation of:

The Investment Advisory Agreement (the “Advisory Agreement”) dated October 11, 2016 between SCM Trust, on behalf of the funds listed below, and Shelton Capital Management (“SCM”):

- o Shelton International Select Equity Fund;
- o Shelton BDC Income Fund;
- o Shelton Greater China Fund;
- o Shelton Real Estate Income Fund; and
- o Shelton Tactical Credit Fund.

At a meeting held in-person on February 7-8, 2018, the Board, including a majority of the Independent Trustees, considered and approved the continuation of each Advisory Agreement for an additional one-year period ending March 31, 2019:

Prior to the meeting, the Independent Trustees requested information from SCM and third-party sources. This information, together with other information provided by SCM, and the information provided to the Independent Trustees throughout the course of the year, formed the primary (but not exclusive) basis for the Board’s determinations, as summarized below. In addition to the information identified above, other material factors and conclusions that formed the basis for the Board’s subsequent approval are described below.

Information Received

Materials Received. During the course of each year, the Independent Trustees receive a wide variety of materials relating to the services provided by SCM, including reports on each applicable Fund’s investment results; portfolio

composition; third party fund rankings; investment strategy; portfolio trading practices; shareholder services; and other information relating to the nature, extent and quality of services provided by SCM to the applicable Funds. In addition, the Board requests and reviews supplementary information that includes materials regarding each Fund's investment results, advisory fee and expense comparisons, the costs of operating the Funds and financial and profitability information regarding Shelton Capital (the principal business activity of which is managing the Funds), descriptions of various functions such as compliance monitoring and portfolio trading practices, and information about the personnel providing investment management services to each applicable Fund.

Review Process. The Board received assistance and advice regarding legal and industry standards from independent legal counsel to the Independent Trustees and fund counsel. The Board discussed the renewal of the Advisory Agreement with SCM representatives, and in a private session with independent legal counsel at which representatives of SCM were not present. In deciding to approve the renewal of the Advisory Agreement, the Independent Trustees considered the total mix of information requested by and made available to them and did not identify any single issue or particular information that, in isolation, was the controlling factor. This summary describes the most important, but not all, of the factors considered by the Board.

Nature, Extent and Quality of Services

SCM, its personnel and its resources. The Board considered the depth and quality of Shelton Capital's investment management process; the experience, capability and integrity of its senior management and other personnel; operating performance and the overall financial strength and stability of its organization. The Board also considered that SCM made available to its investment professionals a variety of resources relating to investment management, compliance, trading, performance and portfolio accounting. The Board further considered SCM's continuing need to attract and retain qualified personnel and, noting SCM's additions over recent years, determined that SCM was adequately managing matters related to the Funds.

Other Services. The Board considered, in connection with the performance of its investment management services to the Funds: SCM's policies, procedures and systems to ensure compliance with applicable laws and regulations and each of their commitment to these programs; each of their efforts to keep the Trustees informed; and each of their attention to matters that may involve conflicts of interest with the applicable Funds. As a point of comparison, the Board also considered the nature, extent, quality and cost of certain non-investment related administrative services provided by SCM to the Funds under the administration servicing agreements.

The Board concluded that SCM had the quality and depth of personnel and investment methods essential to performing its duties under the applicable Advisory Agreements, and that the nature, extent and overall quality of such services provided by SCM, respectively, are satisfactory and reliable.

Investment Performance

The Board considered each Fund's investment results in comparison to its stated investment objectives. The Trustees reviewed the short-term and long-term performance of each Fund on both an absolute basis and against its benchmark indices. The Trustees also reviewed performance rankings for each Fund as provided by an independent third-party service provider, as applicable. In assessing performance of certain Funds, the Trustees took into consideration the fact that Fund performance is expected to mirror the appropriate benchmarks as closely as possible given certain practical constraints imposed by the 1940 Act, the Fund's investment restrictions, the Fund's size, and similar factors. Among the factors considered in this regard, were the following:

For the International Select Equity Fund, it was noted that the performance of the Fund was in the top 1% over the 1-year period.

For the Shelton BDC Income Fund, it was noted that the performance of the Fund was in the fourth quartile over the 1-year and 3-year periods.

For the Shelton Greater China Fund, it was noted that the performance of the Fund was in the third quartile over the 1-year, 3-year, and 10-year period and the fourth quartile over the 5-year periods.

For the Shelton Real Estate Income Fund, it was noted that the performance of the Fund was in the third quartile over the 3-year and 5-year

**Board Approval of the Investment Advisory Agreement (Unaudited)
June 30, 2018 (Continued)**

periods.

For the Shelton Tactical Credit Fund, it was noted that the performance of the Fund was in the top 1% for the 3-year period and in the second quartile over the 1-year period.

The Board received a satisfactory explanation of the reasons underlying the performance of the lower performing Funds and SCM articulated a strategy for improving performance of these Funds. The Board ultimately concluded that SCM's performance records in managing the applicable Fund was satisfactory, and in some cases excellent, supporting the determination that SCM's continued management under the applicable Advisory Agreement would be consistent with the best interests of each applicable Fund and its shareholders.

Management Fees and Total Annual Operating Expense Ratios

The Board reviewed the management fees and total operating expenses of each Fund and compared such amounts with the management fees and total operating expenses of other funds in the industry that are found within the same style category as defined by a third-party independent service provider. The Board considered the advisory fees and total fees and expenses of each Fund in comparison to the advisory fees and other fees and expenses of other funds in each Fund's relevant category. The Trustees considered both the gross advisory fee rates, as well as the effective advisory rates charged by SCM after taking into consideration the expense limitation arrangements and voluntary fee waivers on certain Funds. The Trustees also noted the Funds pay certain administrative services that were previously provided to the Funds by SCM at SCM's expense.

The Board noted that the total management fees charged to most Funds were generally higher than the industry median for comparable funds, with the exception of the International Select Equity Fund, which was at median.

The Board also observed that each Fund's total annual operating expense ratios, after taking into account the expense limitations and waivers applicable to certain Funds (and excluding acquired fund fees and expenses for the Shelton BDC Income Fund), were generally slightly or significantly below the industry median for other comparable funds, with the exception of the Shelton Greater China Fund, which was above median.

Comparable Accounts

The Board noted certain information provided by SCM regarding fees charged to other clients utilizing a strategy similar to that employed by an applicable Fund. The Board determined that, bearing in mind the limitations of comparing different types of managed accounts and the different levels of service typically associated with such accounts, the fee structures applicable to SCM's other clients employing a comparable strategy to each applicable Fund was not indicative of any unreasonableness with respect to the advisory fee payable by such Fund.

Cost Structure, Level of Profits, Economies of Scale and Ancillary Benefits

The Board reviewed information regarding SCM's costs of providing services to the applicable Funds, as well as the resulting level of profits to SCM. The Independent Trustees received financial and other information from SCM.

The Board noted its intention to continue to monitor assets under management, and the resulting impact on SCM's profitability, in order to ensure that each has sufficient resources to continue to provide the services that shareholders in the applicable Funds require. The Board considered SCM's need to invest in technology, data services, infrastructure and staff to provide the expected quality of investment advisory services to the Funds. They further considered that breakpoints in the advisory fee structure of certain Funds provide for reductions in the level of fees charged by SCM to such Fund as Fund assets increase, reflecting the fact that economies of scale in the cost of operations will be shared with such Fund's shareholders. The Trustees also noted that SCM has contractually agreed to limit its advisory fees on certain Funds so that those Funds do not exceed their respective specified operating expense limitations, and that in the case of certain other Funds, SCM has imposed a voluntary fee limitation. Such voluntary contractual fee limitations may only be terminated with the approval of the Board of Trustees of the Funds.

The Board also considered that SCM does not receive material indirect benefits from managing the applicable Funds. For example, SCM does not seek to supplement its fees with "soft dollar" benefits.

Based on the foregoing, together with the other information provided to it at the Meeting and throughout the year, the Board concluded that each applicable Fund's cost structure and level of profits for SCM, respectively, were reasonable and that economies of scale and ancillary benefits, to the extent present with respect to a Fund, were not material.

Conclusions

The Board indicated that the information presented and the discussion of the information were adequate for making a determination regarding the renewal of the Advisory Agreement. During the review process, the Board noted certain instances where clarification or follow-up was appropriate and others where the Board determined that further clarification or follow-up was not necessary. In those instances where clarification or follow-up was requested, the

Edgar Filing: SCM Trust - Form N-CSRS

Board determined that in each case either information responsive to its requests had been provided, or where any request was outstanding in whole or in part, given the totality of the information provided with respect to the Advisory Agreement, the Board had received sufficient information to renew and approve the Advisory Agreement.

Based on their review, including but not limited to their consideration of each of the factors referred to above, the Board concluded that the Advisory Agreement, taking into account the separate administration fees, is and would be fair and reasonable to each Fund and its shareholders, that each Fund's shareholders received or should receive reasonable value in return for the advisory fees and other amounts paid to SCM by the Funds, and that the renewal of the Advisory Agreement was in the best interests of each Fund and its shareholders.
