Yes[x] No[]

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes[x] No[]

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

It is currently anticipated that revenue from operations will be materially lower for the fiscal year ended December 31, 2011 compared to the corresponding period in 2010, resulting in a greater net loss in the recently completed fiscal year compared to the year ended December 31, 2010. The decrease in revenue and the corresponding increase in net loss is principally attributable to the decrease in the number of Ambassadors purchasing product from the Company during the recently completed fiscal year, the absence of available cash resources necessary to market and sell the Company's products, and increased interest expense. The Company currently anticipates that the net loss will be between \$3.9 and \$4.0 million in the recently completed fiscal year compared to approximately \$3.4 million in the corresponding period in 2010.
