Item 3.02 Unregistered Sales of Equity Securities.

On September 30, 2013, SANUWAVE Health, Inc., a Nevada Corporation, (the “Company”), in conjunction with an offering of up to an aggregate of \$600,000 in securities (the “Offering”) of the Company pursuant to an exemption from registration under the Securities Act of 1933, as amended (the “Act”), issued 675,000 Units (as described below) to certain “accredited investors,” as that term is defined in the Securities and Exchange Commission’s (the “SEC”) Rule 501 of Regulation D under the Act, for an aggregate total purchase price of \$405,000. In addition, on October 3, 2013, in conjunction with the Offering, the Company issued an additional 125,000 Units for an aggregate total purchase price of \$75,000. The Company has further received subscription agreements for the remaining 200,000 Units in the Offering for a total purchase price of \$120,000. The full number of Units for sale in the Offering to accredited investors was 1,000,000 at a total aggregate purchase price of \$600,000.

The Offering was conducted pursuant to the exemption from registration provided by Section 4(a)(2) of the Act and Rule 506 of Regulation D thereunder. The Company did not utilize any form of general solicitation or general advertising in connection with the offering. The Company took reasonable care to assure that the accredited investors are not underwriters within the meaning of Section 2(a)(11) of the Act, including obtaining agreements from each such accredited investor not to sell, transfer or otherwise dispose of the Units other than pursuant to a registration statement under the Act or an available exemption therefrom. The Company reasonably believes that no purchasers of the Units are non-accredited investors. Within 15 calendar days of the first sale of Units in the Offering, the Company filed a notice of sale on Form D.

Each Unit was sold to the accredited investors at a purchase price of \$0.60 per Unit. Each “Unit” in the Offering consists of: (i) one share of common stock, par value \$0.001 per share (the “Common Stock”); and (ii) a five-year common stock purchase warrant (the “Warrant”) to purchase one share of Common Stock, at an exercise price of \$0.85. The Warrants are callable by the Company if the average share price of the Common Stock is at or above \$1.40 for a twenty (20) day period.

The form of the Subscription Agreement used by the Company in connection with the Offering is attached hereto as Exhibit 10.1, and is incorporated by reference herein.
