Item 1.01. ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

On November 11, 2014, Internet Patents Corporation (“*IPC*” or the “*Company*”), Strategic Concepts Acquisition Corp., a Delaware corporation and a wholly owned subsidiary of IPC (“*Merger Sub*”), Prism Technologies, LLC, a Nebraska limited liability company (“*Prism*”), and Gregory J. Duman, as Securityholders’ Agent entered into an Agreement and Plan of Merger (the “*Merger Agreement*”), pursuant to which, among other things, subject to the satisfaction or waiver of the conditions set forth in the Merger Agreement, Merger Sub will merge with and into Prism, with Prism becoming a wholly-owned subsidiary of IPC and the surviving corporation of the merger (the “*Merger*”).

Subject to the terms and conditions of the Merger Agreement, at the closing of the Merger, in exchange for all of the outstanding equity of Prism, IPC will pay \$16.5 million in cash, less any debt that is not related to the acquisition of patents, and issue 3.5 million shares of its common stock to Prism security holders at closing. IPC has also agreed to share future revenue related to Prism’s patents with Prism’s former security holders. Under the terms of the Merger Agreement, IPC, through ownership of Prism, will retain the first \$16.5 million in Prism Patent Proceeds received after closing, less any cash remaining in Prism at the time of closing. Prism’s former security holders will receive 70% of subsequent Prism Patent Proceeds, up to \$55 million. The maximum revenue share of \$55 million to be paid to Prism’s former security holders would be reduced by any distributions of Prism Patent Proceeds that are made by Prism prior to closing. After the maximum earnout is achieved, IPC will retain all future Prism Patent Proceeds. Prism Patent Proceeds is defined in the Merger Agreement as total recoveries from litigation, licensing, and patent sales minus production expenses (e.g., legal fees and costs paid to third parties, minus cash operating expenses incurred by Prism).

Immediately following the closing of the transaction, Prism’s former equity owners are expected to own approximately 31% of the outstanding common stock of IPC (or approximately 34% of the outstanding common stock of IPC calculated on a fully diluted basis).

Consummation of the Merger is subject to certain closing conditions, including, among other things, approval by the stockholders of IPC and the members of Prism. The Merger Agreement contains certain termination rights for both IPC and Prism.

The preceding summary does not purport to be complete and is qualified in its entirety by reference to the Merger Agreement, which is filed as Exhibits 2.1 and which is incorporated herein by reference.
