LINGO MEDIA CORPORATION

Notes to Condensed Consolidated Interim Financial Statements

For the period ended June 30, 2018

(Unaudited - See Notice to Reader)

1. CORPORATE INFORMATION

Lingo Media Corporation (“Lingo Media” or the “Company”) is a publicly listed company incorporated in Canada with limited liability under the legislation of the Province of Ontario and its shares are listed on the TSX Venture Exchange and quoted on the OTC Marketplace. The consolidated financial statements of the Company as at and for the period ended *June 30, 2018* comprise the Company and its wholly owned subsidiaries: Lingo Learning Inc., ELL Technologies Ltd., ELL Technologies Limited, Vizualize Technologies Corporation, *Speak2Me* Inc., Parlo Corporation and Lingo Group Limited (the “Group”).

Lingo Media is a global provider of best-in-class digital and print-based English language learning solutions that is ‘*Changing the way the world learns English*’. The Company provides online and print-based solutions through its *two* distinct business units: ELL Technologies Ltd. (“ELL Technologies”) and Lingo Learning Inc. (“Lingo Learning”). ELL Technologies is a global English language learning multi-media and online training company. Lingo Learning is a print-based publisher of English language learning school programs in China.

The head office, principal address and registered and records office of the Company is located at 151 Bloor Street West, Suite 703, Toronto, Ontario, Canada, *M5S 1S4*.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These condensed consolidated interim financial statements are unaudited and have been prepared in accordance with IAS 34 ‘Interim Financial Reporting’ (“IAS 34”) using accounting policies consistent with the International Financial Reporting Standards (“IFRS”) issued by the International Accounting Standards Board (“IASB”) and Interpretations of the International Financial Reporting Interpretations Committee (“IFRIC”).

These condensed consolidated interim financial statements have been prepared on a going concern basis, which contemplates the realization of assets and settlement of liabilities in the normal course of business. The Company has incurred significant losses recurring over the years. This raises the doubt about the Company's ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent upon raising additional financing through share issuance or debt borrowing or through cash flow generated from sales contracts and distribution agreements. There are *no* assurances that the Company will be successful in achieving these goals.

The condensed consolidated interim financial statements for the period ended *June 30, 2018* were approved and authorized by the Board of Directors on *August 27, 2018*.

2.2 Basis of measurement

These condensed consolidated interim financial statements have been prepared on the historical cost basis except as provided in Note 4. The comparative figures presented in these consolidated financial statements are in accordance with the same accounting policies.

2.3 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its wholly owned subsidiaries controlled by the Company (the "Group") as at *June 30, 2018*. Control exists when the Company is exposed to, or has the rights to variable returns from its involvement with the entity and has the ability to affect these returns through its power over the entity.

LINGO MEDIA CORPORATION

Notes to Condensed Consolidated Interim Financial Statements

For the period ended *June 30, 2018*

(Unaudited - See Notice to Reader)

2. BASIS OF PREPRATION (Cont'd)

2.3 Basis of consolidation (Cont'd)

Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date when such control ceases. The financial statements of the subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies. All inter-group balances, transactions, unrealized gains and losses resulting from inter-group transactions and dividends are eliminated in full.

2.4 Functional and presentation currency

The functional currency is the currency of the primary economic environment in which the entity operates and has been determined for each entity within the Group. These consolidated financial statements are presented in Canadian Dollars, which is the Company's functional currency. The functional currency of ELL Technologies Limited and Lingo Group Limited are United States Dollar ("USD"). All other subsidiaries' functional currency is Canadian Dollar ("CAD").

The functional currency determinations were conducted through an analysis of the consideration factors identified in IAS 21, "The Effects of Changes in Foreign Exchange Rates".

3. SIGNIFICANT ACCOUTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Company's condensed consolidated interim financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies, reported amounts of assets, liabilities and contingent liabilities, revenues and expenses at the date of the consolidated financial statements and during the reporting period.

Estimates and assumptions are continuously evaluated and are based on management's historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, actual outcomes can differ from these estimates. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and further periods if the revision affects both current and future periods.

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements is included in the following notes:

Determination of functional currency

Determination of allowance for doubtful accounts

Determination of the recoverability of the carrying value of intangibles and goodwill

Recognition of internally developed intangibles

Determination and recognition of long-term revenue contracts

Recognition of government grant and grant receivable

Recognition of deferred tax assets

Valuation of share-based payments

Recognition of provisions and contingent liabilities

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied by the Company in these Condensed Consolidated Interim Financial Statements are the same as those applied by the Company in its Consolidated Financial Statements for the year ended *December 31, 2017*, except the following:

New Standards Adopted in Current Year

IFRS 2 'Share-based Payment' was issued by the IASB in *June 2016*. These amendments provide clarification on how to account for certain types of share-based transaction. The amendments are effective for the annual period beginning on or after *January 1, 2018*. The adoption of this amendment did *not* have a material impact on the Company's condensed interim consolidated financial statements.

IFRS 9 'Financial Instruments: Classification and Measurement', introduces new requirements for the classification and measurement of financial instruments, a single forward-looking expected loss impairment model and a substantially reformed approach to hedge accounting. IFRS 9 is effective for annual periods beginning on or after *January 1, 2018*. The adoption of this amendment did *not* have a material impact on the Company's condensed interim consolidated financial statements.

IFRS 15 'Revenue from Contracts with Customers' was issued by the IASB in *June 2014*. The objective of IFRS 15 is to provide a single, comprehensive revenue recognition model for all contracts with customers. The underlying principle is that an entity will recognize revenue to depict the transfer of goods or services to customers at an amount that the entity expects to be entitled to in exchange for those goods or services. It also contains new disclosure requirements. Under IFRS 15, revenue from the sale of licenses would be recognized at a point in time when control over the products has been transferred to the customer. The Company transfers control and satisfied its performance obligation upon delivery and acceptance by the customer, which is consistent with the Company's current revenue recognition policy under IAS 18. IFRS 15 is effective for the Company on *January 1, 2018*. The adoption of this amendment did *not* have a material impact on the Company's condensed interim consolidated financial statements.

Note that as a result of IFRS 15, the disaggregated revenue has been disclosed in Note 14.

Net book value, December 31, 2017	\$-	\$-	\$-	\$-
Net book value, June 30, 2018	\$-	\$-	\$-	\$-

The Company began commercial production and sale of its services and products during 2009. In 2018, the Company continued to maintain and upgrade its ELL Technologies' suite of products and invested \$337,436 (2017 - \$1,590,420). The ELL Technologies' suite of products includes *five* different products, each designed to suit the needs of different demographic groups. The Company has started the commercial production and sale of *three* of the *five* products.

The Company previously capitalized all development costs related to its software web development, content platform, and content development through to *December 31, 2016*. During the year ended *December 31, 2017*, there was uncertainty with respect to feasibility and profitability of the projects due to sales *not* achieving forecasted levels and a resulting decline in expected future cash flows from their intended use. Consequently, the benefit of these development costs *may not* be realized as soon as previously expected and, as such, the costs incurred during the year ended *December 31, 2017* and the period ended *June 30, 2018* were expensed rather than capitalized as they did *not* meet the criteria for capitalization.

8. LOANS PAYABLE

	June 30, 2018	December 31, 2017
Loans payable, interest bearing at 12% per annum and monthly interest payments, due on demand ⁽ⁱ⁾	\$195,000	\$300,000
	\$195,000	\$300,000

(i)

The Company received an unsecured short-term loan during the period. Included in loans payable are loans amounting to \$90,000 (2017 – \$nil) to related parties as disclosed in Note 16.

9. SHARE CAPITAL

Authorized

Unlimited number of preference shares with *no* par value

Unlimited number of common shares with *no* par value

10. SHARE-BASED PAYMENTS

In *December 2017*, the Company amended its stock option plan (the “2017 Plan”). The 2017 Plan was established to provide an incentive to management (officers), employees, directors and consultants of the Company and its subsidiaries. The maximum number of shares which *may* be reserved for issuance under the 2017 Plan is limited to 7,105,838 shares less the number of shares reserved for issuance pursuant to options granted under the 1996 Plan, the 2000 Plan, the 2005 Plan, the 2009 Plan and the 2011 Plan, provided that the Board of Directors of the Company has the right, from time to time, to increase such number subject to the approval of the relevant exchange on which the shares are listed and the approval of the shareholders of the Company.

10. SHARE-BASED PAYMENTS (Cont'd)

The pricing model assumes the weighted average risk free interest rates of *1.39%* (*2017 – 0.85%, 2016 – 0.44%*) weighted average expected dividend yields of *Nil* (*2017 – Nil, 2016 – Nil*), the weighted average expected common stock price volatility (based on historical trading) of *97%* (*2017 – 48%, 2016 – 78.9%*), a forfeiture rate of zero, a weighted average stock price of *\$0.20*, a weighted average exercise price of *\$0.21*, and a weighted average expected life of *3 years* (*2017 – 3 years, 2016 – 2.58 years*), which were estimated based on past experience with options and option contract specifics.

11. INCOME TAX

Income tax expense is accrued upon recognition of revenue and is withheld at source on remittances from China.

12. GOVERNMENT GRANTS

Included as a reduction of selling, general and administrative expenses are government grants of *\$118,322* (*2017 - \$113,229*), relating to the Company's publishing and software projects. At the end of the period, *\$132,556* (*June 30, 2017 - \$131,847*) is included in accounts and grants receivable.

One government grant for the print-based ELL segment is repayable in the event that the segment's annual net income for each of the previous *two* years exceeds *15%* of revenue. During the year, the conditions for the repayment of grants did *not* arise and *no* liability was recorded.

One grant, relating to the Company's "Development of Comprehensive, Interactive Phonetic English Learning Solution" project, is repayable semi-annually at a royalty rate of 2.5% per year's gross sales derived from this project until 100% of the grant is repaid.

13. FINANCIAL INSTRUMENTS

Fair values

The carrying value of cash and accounts and grants receivable, approximates its fair value due to the liquidity of these instruments. The carrying value of accounts payables and accrued liabilities and loans payables approximates its fair value due to the requirement to extinguish the liabilities on demand.

Financial risk management objectives and policies

The financial risk arising from the Company's operations are currency risk, liquidity risk and credit risk. These risks arise from the normal course of operations and all transactions undertaken are to support the Group's ability to continue as a going concern. The risks associated with these financial instruments and the policies on how to mitigate these risks are as follows:

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's monetary assets and liabilities denominated in currencies other than the Canadian Dollar and the Company's net investments in foreign subsidiaries.

13. FINANCIAL INSTRUMENTS (Cont'd)

a. Foreign currency risk

The Company operates internationally and is exposed to foreign exchange risk as certain expenditures are denominated in non-Canadian Dollar currencies.

The Company has been exposed to this fluctuation and has *not* implemented a program against these foreign exchange fluctuations.

A 10% strengthening of the US Dollar against the Canadian Dollar would have increased the net equity approximately by \$51,037 (2017 - \$124,090) due to reduction in the value of net liability balance. A 10% of weakening of the US Dollar against the Canadian Dollar at *June 30, 2018* would have had the equal but opposite effect. The significant financial instruments of the Company, their carrying values and the exposure to other denominated monetary assets and liabilities, as of *June 30, 2018* are as follows:

	US
	Denominated USD
Cash	35,362
Accounts receivable	714,934
Accounts payable	79,616

b. Liquidity risk

The Company manages its liquidity risk by preparing and monitoring forecasts of cash expenditures to ensure that it will have sufficient liquidity to meet liabilities when due. The Company's accounts payable and accrued liabilities generally have maturities of less than 90 days. At *June 30, 2018*, the Company had cash of \$239,763, accounts and grants receivable of \$1,073,843 and prepaid and other receivables of \$84,568 to settle current liabilities of \$865,114 .

Credit risk

Credit risk refers to the risk that *one* party to a financial instrument will cause a financial loss for the counterparty by failing to discharge an obligation. The Company is primarily exposed to credit risk through accounts receivable. The maximum credit risk exposure is limited to the reported amounts of these financial assets. Credit risk is managed by ongoing review of the amount and aging of accounts receivable balances. As at *June 30, 2018*, the Company has outstanding receivables of \$941,287. An allowance for doubtful accounts is taken on accounts receivable if the account has *not* been collected after a predetermined period of time as determined by the contract and collectability is offset to other operating expenses. The Company deposits its cash with high credit quality financial institutions, with the majority deposited within Canadian Tier 1 Banks.

14. CAPITAL MANAGEMENT

The Company's primary objectives when managing capital are to (a) safeguard the Company's ability to develop, market, distribute and sell English language learning products, and (b) provide a sound capital structure for raising capital at a reasonable cost for the funding of ongoing development of its products and new growth initiatives. The Board of Directors does *not* establish quantitative capital criteria for management, but rather relies on the expertise of the Company's management to sustain future development of the business.

14. CAPITAL MANAGEMENT (Cont'd)

The Company includes equity, comprised of issued share capital, warrants, share-based payments reserve and deficit, in the definition of capital. The Company is dependent on cash flow from co-publishing and distribution agreements and external financing to fund its activities. In order to carry out planned development of its products and pay for administrative costs, the Company will spend its existing working capital and raise additional amounts as needed. Management reviews its capital management approach on an ongoing basis and believes that this approach, given the relative size of the Company, is reasonable. There has been *no* change to the Company's capital management in *2018* or *2017*.

15. SEGMENTED INFORMATION

The Company operates *two* distinct reportable business segments as follows:

Print-based English Language Learning: Lingo Learning is a print-based publisher of English language learning textbook programs in China. It earns significantly higher royalties from Licensing Sales compared to Finished Product Sales.

Online English Language Learning: ELL Technologies is a global web-based educational technology ("EdTech") English language learning training and assessment company. It earns training revenue by developing and hosting online English language learning solutions for its customers, both off the shelf and customized solutions.

The company reports an aggregate revenue number that incorporates all revenues generated from print-based and online-based segments. The revenue of print-based is the royalty income from People's Education & Audio Visual Press. The revenue of online-based is from licensing revenue to the Company's online English Education programs.

Transactions between operating segments are recorded at the exchange amount and eliminated upon consolidation.
