Item 1.01 Entry into a Material Definitive Agreement

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On October 17, 2014, General Motors Company (“GM” “we”, “our” or the “Company”) amended and restated its two existing revolving credit facilities (together the “Facilities”) to increase aggregate borrowing capacity to \$12.5 billion with JPMorgan Chase Bank, N.A., as the administrative agent, Citibank, N.A., as syndication agent, and a syndicate of 40 lenders. These Facilities amend and restate the \$11.0 billion revolving credit facilities that we entered into in November 2012. The Facilities consist of a three-year, \$5.0 billion facility and a five-year, \$7.5 billion facility. These Facilities are unsecured and provide additional liquidity and improved terms.

The three-year, \$5.0 billion facility is available to GM as well as certain other wholly-owned subsidiaries, including General Motors Financial Company, Inc., our captive finance company (“GM Financial”). This facility allows for borrowing in U.S. Dollars and other currencies and includes a GM Financial borrowing sub-limit of \$2.0 billion, a letter of credit sub-facility of \$1.6 billion and a Brazilian Real sub-facility of \$0.3 billion. The five-year, \$7.5 billion facility is available to GM as well as certain other wholly-owned subsidiaries, including GM Financial. This facility allows for borrowings in U.S. Dollars and other currencies and includes a GM Financial borrowing sub-limit of \$2.0 billion, a letter of credit sub-limit of \$0.5 billion and a Brazilian Real borrowing sub-facility of \$0.2 billion.

Additionally, subject to compliance with certain covenants, we can further upsize the Facilities.

The Company has guaranteed the obligations of subsidiary borrowers under the Facilities. If GM fails to maintain an investment grade corporate rating from two or more of the following credit rating agencies: Fitch Ratings, Moody's Investor Service and Standard & Poor's, we will be required to provide guarantees from certain domestic subsidiaries under the terms of the Facilities.

Interest rates on obligations under the Facilities are based on prevailing annual interest rates for Eurodollar loans or an alternative base rate, both subject to an applicable margin. This applicable margin will be based upon the credit rating assigned to the Facilities.

The Facilities contain representations, warranties and covenants that are typical for these types of facilities. These covenants include restrictions on mergers or sales of assets and secured debt borrowings, subject to exceptions and limitations. The Facilities also require us to maintain at least \$4.0 billion in global liquidity and at least \$2.0 billion in U.S. liquidity.

Some of the lenders under the Facilities and their affiliates have various relationships with the Company and its subsidiaries involving the provision of financial services, including cash management, investment banking, trust and leasing services, and foreign exchange and other derivative arrangements.

The foregoing description does not constitute a complete summary of the Facilities and is qualified by reference in its entirety to the full text of the Facilities filed herewith.
