**Item 1.01 Entry into a Material Definitive Agreement.**

Effective March 14, 2018, Ocean Power Technologies, Inc. (the “Company”) entered into a contract with eni SpA (“ENI”) for the lease of a PB3 PowerBuoy™ (the “ENI Agreement”) to be deployed in the Adriatic Sea. Under the agreement, ENI will perform various case studies to demonstrate the feasibility of the unit for recharging a battery pack for offshore operations of an autonomous underwater vehicle. The initial trial phase shall last for 18 months, and if successful, ENI may elect to extend for a second 18 month trial phase. The Company will be paid a flat fee specified in the contract for each phase of the lease. After each phase, ENI has the option to purchase the unit or return the unit to the Company. If ENI elects to purchase the unit, the parties have agreed to negotiate in good faith a purchase and sale agreement. The Company has agreed to assist ENI in deployment and commissioning of the unit, as well as related data collection and assessment of performance. ENI is responsible for all costs associated with deployment and installation.

All intellectual property developed as a result of the Agreement shall be owned by the Company and ENI in proportion to their contributions. The Agreement includes a number of other standard contract terms and conditions, including without limitation, provisions relating to confidentiality, environment, health and safety, inspection and testing, warranties, indemnities and limit of liabilities, and risk of loss and insurance.

The foregoing description of the ENI Agreement is not complete and is qualified in its entirety by reference to the full text of such agreement, a copy of which is filed herewith as Exhibit 10.1 to this Form 8-K and is incorporated herein by reference.

**Item 8.01 Other Events.**

On March 19, 2018, the Company issued a press release announcing the execution of the ENI Agreement. A copy of the press release is filed herewith as Exhibit 99.1.
