PROXY STATEMENT

Annual Meeting of Stockholders to be held on December 7, 2018

GENERAL INFORMATION

This proxy statement is furnished to stockholders of Ocean Power Technologies, Inc., a Delaware corporation (the “Company”), in connection with the solicitation by our Board of Directors of proxies for use at our 2018 Annual Meeting of Stockholders (the “Meeting”). The Meeting is scheduled to be held on Friday, December 7, 2018, at 9:00 a.m., Eastern Standard Time, at the Princeton Marriott at Forrestal, 100 College Road East, Princeton, NJ 08540. We anticipate that this proxy statement and the enclosed form of proxy will be mailed to stockholders on or about October 17, 2018.

At the Meeting, stockholders will be asked to vote upon: (1) the election of six directors; (2) an amendment to the 2015 Plan to increase the number of shares of our common stock available for grant under the 2015 Plan from 640,703 to 2,640,703 in order to ensure that adequate shares will be available under the 2015 Plan for future grants; (3) an amendment to our Certificate of Incorporation to increase the number of authorized shares of Common Stock from 50,000,000 to 100,000,000; (4) the ratification of the selection of our independent registered public accounting firm for fiscal year 2019; (5) an advisory resolution to approve our executive officer compensation; and (6) such other business as may properly come before the Meeting and at any adjournments thereof.

Voting Rights and Votes Required

The close of business on October 12, 2018 has been fixed as the record date (the “Record Date”) for the determination of stockholders entitled to receive notice of, and to vote at, the Meeting. As of the close of business on such date, we had outstanding and entitled to vote _____ shares of Common Stock. The closing price of our Common Stock on The NASDAQ Capital Market on the Record Date was \$_____ per share. Because stockholders often cannot attend the

meeting in person, a large number of shares is usually represented by proxy. You may vote your shares by completing the enclosed proxy card and mailing it in the envelope provided or by telephone or internet as instructed on the proxy card. Stockholders who hold shares in “street name” should refer to their proxy card or the information forwarded by their bank, broker or other holder of record for instructions on the voting options available to them.

A majority of the shares of Common Stock entitled to vote at the Meeting must be represented in person or by proxy at the Meeting in order to constitute a quorum for the transaction of business. The record holder of each share of Common Stock entitled to vote at the Meeting will have one vote for each share so held. Abstentions and broker non-votes will count as present for the purpose of determining the presence of a quorum.

Assuming the presence of a quorum at the Meeting, the following votes are required for approval of the following proposals:

Directors are elected by a plurality of the votes cast (Proposal 1). This means that the six nominees with the highest number of “FOR” votes will be elected as directors. Stockholders may not cumulate their votes. If the shares you own are held in “street name” by a bank or brokerage firm, that bank or brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. **If you do not instruct your bank or broker how to vote with respect to this item, your bank or broker may not vote with respect to the election of directors.** In tabulating the votes, withheld votes for the election of one or more nominees and broker non-votes, if any, are not treated as votes cast, and therefore will have no effect on the outcome of the vote.

The proposal to amend the certificate of incorporation (Proposal 3) requires the affirmative vote of the holders of a majority of the shares of our Common Stock entitled to vote at the Annual Meeting. Abstentions and broker non-votes will have the effect of a vote against this proposal.

The proposal to approve the amendment to the 2015 Plan (Proposal 2), the proposal to ratify the selection of our independent registered public accounting firm (Proposal 4) and the advisory resolution to approve our executive officer compensation (Proposal 5) each require the affirmative vote of the holders of a majority of the shares of our Common Stock present or represented at the Meeting and voting on the proposal. Abstentions and broker non-votes are not considered votes cast and therefore will have no effect on the outcome of the vote on these proposals.

Our Board of Directors has retained Regan & Associates, Inc., an independent proxy solicitation firm, to assist it in soliciting proxies, for approximately \$55,000. Proxies may be solicited in person or by mail, telephone or other electronic means.

Voting of Proxies

If the accompanying proxy is properly executed and returned, the shares represented by the proxy will be voted at the Meeting as specified in the proxy. If no instructions are specified, the shares represented by any properly executed proxy will be voted **FOR** the election of the nominees listed below under “Proposal One - Election of Directors,” **FOR** the amendment to the 2015 Plan, **FOR** the amendment to our Certificate of Incorporation, **FOR** the ratification of the selection of our independent registered public accounting firm, and **FOR** the approval of the advisory resolution to approve our executive compensation.

Broker Non-Votes

A “broker non-vote” occurs when a broker, bank, or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because that holder (i) has not received instructions from the beneficial owner and (ii) does not have discretionary voting power for that particular item.

If you are a beneficial owner and you do not give instructions to your broker, bank, or other holder of record, such holder of record will be entitled to vote the shares with respect to “routine” items but will not be permitted to vote the shares with respect to “non-routine” items (those shares are treated as “broker non-votes”). If you are a beneficial owner, your broker, bank, or other holder of record has discretion to vote your shares on the proposal to ratify the appointment of KPMG as our independent registered public accounting firm if the holder of record does not receive voting instructions from you. However, such holder of record may not vote your shares on the election of directors,

the amendment to the 2015 Plan, the amendment to our Certificate of Incorporation or the advisory resolution regarding executive compensation without your voting instructions on those proposals. Accordingly, without your voting instructions on those proposals, a broker non-vote will occur.

We encourage you to provide instructions to your bank, brokerage firm, or other nominee by voting your proxy. This action ensures that your shares will be voted in accordance with your wishes at the Meeting.

Revocation of Proxies

Any proxy given pursuant to this solicitation may be revoked by a stockholder at any time before it is exercised by: (i) providing written notice to our Secretary, (ii) delivery to us of a properly executed proxy bearing a later date, or (iii) voting in person at the Meeting.

Solicitation of Proxies

We will bear the cost of this solicitation, including amounts paid to banks, brokers, proxy solicitors, and other record owners to reimburse them for their expenses in forwarding solicitation materials regarding the Meeting to beneficial owners of Common Stock. The solicitation will be by mail, with the materials being forwarded to stockholders of record and certain other beneficial owners of Common Stock, and by our officers and other regular employees (at no additional compensation). Our officers, employees and proxy solicitors may also solicit proxies from stockholders by personal contact, by telephone, or by other means if necessary in order to ensure sufficient representation at the Meeting. Computershare Investor Services has been retained to receive and tabulate proxies. Regan & Associates, Inc. has been retained to assist in soliciting proxies.

Our Board of Directors believes that good corporate governance is important to ensure that the Company is managed for the long-term benefit of our stockholders. This section describes key corporate governance guidelines and practices that our Board has adopted. Complete copies of our corporate governance guidelines, committee charters and code of business conduct and ethics are available on the corporate governance section of our website, www.oceanpowertechnologies.com. Alternatively, you can request a copy of any of these documents by writing to our

Corporate Governance Guidelines

Our Board has adopted corporate governance guidelines to assist in the exercise of its duties and responsibilities and to serve the best interests of the Company and our stockholders. These guidelines, which provide a framework for the conduct of the Board's business, provide that:

the Board's principal responsibility is to oversee the management of the Company;

a majority of the members of the Board shall be independent directors;

the non-employee directors shall meet regularly in executive session;

directors have full and free access to management and, as necessary and appropriate, independent advisors; and

at least annually, the Board and its committees will conduct a self-evaluation to determine whether they are functioning effectively.

Board Determination of Independence

Our Board has determined that all of our current directors are "independent directors" within the meaning of the applicable listing standards of the NASDAQ Stock Market, LLC ("NASDAQ"), except for George H. Kirby III who is our President and Chief Executive Officer.

Meetings of the Board of Directors

As of the date of this proxy statement, our Board has six members. The Board of Directors held 8 meetings during fiscal 2018. During fiscal 2018, each director (other than Ms. Moore who was not on the Board during fiscal 2018) attended at least 75% of the aggregate of the total number of meetings of (a) the Board of Directors and (b) the committees on which such director served.

Our corporate governance guidelines provide that directors are expected to attend the Meeting. All directors attended our 2017 Annual Meeting of Stockholders (other than Mr. Burger whose term ended at the 2017 Annual Meeting of Stockholders).

Board Leadership Structure

The Board of Directors is led by the chairman, which currently is Mr. Cryan. The Board of Directors has established the position of Vice Chairman, which currently is Mr. Glover. The Board of Directors has also established the position of Chief Executive Officer (CEO), and currently Mr. Kirby is serving as CEO. The Board of Directors recognizes that, depending on the circumstances, other leadership structures might be appropriate. Accordingly, the Board of Directors periodically reviews its leadership structure.

Board Committees

As of the date of this proxy statement, our Board of Directors has established four standing committees: an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and a Health, Safety and Environment Committee. For an interim period of time from October 20, 2017 until September 10, 2018, the Health, Safety and Environment Committee had no members and its functions were handled directly by the Board. Each committee operates under a charter that has been approved by the Board. The charters of all Board committees are available on our website at www.oceanpowertechnologies.com.

Our Board has determined that all of the current members of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are “independent directors” within the meaning of the applicable rules of NASDAQ. Our Board has also determined that all current Audit Committee members meet the independence requirements contemplated by Rule 5605(c) of the NASDAQ and Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

Audit Committee. The members of our Audit Committee are Dean J. Glover, Steven M. Fludder and Robert K. Winters. Mr. Glover is the chair of the Audit Committee. The Board of Directors has determined that Mr. Glover is an “audit committee financial expert” within the meaning of the regulations of the Securities and Exchange Commission (the “SEC”). The Audit Committee met four times in fiscal 2018.

Our Audit Committee assists our Board of Directors in its oversight of the integrity of our consolidated financial statements, our independent registered public accounting firm’s qualifications, independence and performance.

Our Audit Committee’s responsibilities include: appointing, approving the compensation of, and assessing the independence of, our independent registered public accounting firm; overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of reports from our independent registered public accounting firm; reviewing and discussing with management and our independent registered public accounting firm our annual and quarterly consolidated financial statements and related disclosures; monitoring our internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics; establishing procedures for the receipt and retention of accounting related complaints and concerns; meeting independently with our independent registered public accounting firm and management; and preparing the Audit Committee report required by SEC regulations.

Compensation Committee. The current members of our Compensation Committee are Terence J. Cryan, Robert K. Winters and Steven M. Fludder. Mr. Fludder is the chair of the Compensation Committee. Robert Burger, a former member of the Board, served on the committee until his departure from the Board in October 2017. Our Compensation Committee assists our Board of Directors in the discharge of its responsibilities relating to the compensation of our executive officers.

Our Compensation Committee’s responsibilities include: reviewing and approving, or making recommendations to the Board of Directors with respect to, our chief executive officer and other executive officers’ compensation; evaluating the performance of our executive officers and reviewing and approving, or making recommendations to the Board of Directors with respect to, overseeing and administering, and making recommendations to the Board of Directors with respect to, our cash and equity incentive plans. The Compensation Committee met one time in fiscal 2018.

The Compensation Committee has the authority to retain compensation consultants and other outside advisors to assist in the evaluation of executive officer compensation and any such compensation consultants and other advisors retained by the Compensation Committee will report directly to the committee, which has the authority to select, retain and terminate any such consultants or advisors. In determining and approving executive compensation for fiscal year 2018, the Compensation Committee principally relied on independent salary surveys and other publicly available compensation and online survey data to assist in their evaluation of appropriate levels of executive officer compensation. The Compensation Committee retained an outside consultant to provide certain limited data and

information relevant to its determination of compensation for our executive officers for fiscal year 2017 and future years.

Additional information regarding compensation of executive officers is provided on pages 18 through 26 of this proxy statement.

Nominating and Corporate Governance Committee. The current members of our Nominating and Corporate Governance Committee are Terence J. Cryan and Dean J. Glover. Mr. Cryan is the chair of the Nominating and Corporate Governance Committee. Robert Burger, a former member of the Board, served on the committee until his departure from the Board on October 20, 2017.

Our Nominating and Corporate Governance Committee's responsibilities include: recommending to the Board of Directors the persons to be nominated for election as directors or to fill vacancies on the Board of Directors and to be appointed to each of the Board's committees; overseeing an annual review by the Board of Directors with respect to management succession planning; developing and recommending to the Board of Directors corporate governance principles and guidelines; overseeing periodic evaluations of the Board of Directors; and reviewing and making recommendations to the Board of Directors with respect to director compensation. The Nominating and Corporate Governance Committee met three times in fiscal 2018.

Health, Safety and Environment Committee. The current members of our Health, Safety and Environment Committee are Kristine S. Moore, George H. Kirby III and a member of the Company's senior management team. Ms. Moore is the chair of the Health, Safety and Environment Committee. Robert Burger, a former member of the Board, served on the committee until his departure from the Board on October 20, 2017. The committee assists the Board of Directors in fulfilling its oversight responsibilities by assessing the effectiveness of the Company's programs and initiatives that support the health, safety, and environment, sustainability, and security policies, programs, and practices of the Company. In addition, the Health, Safety and Environment Committee advises the Board on matters impacting the Company's health, safety and environment responsibilities and the Company's public reputation. For an interim period of time from October 20, 2017 until September 10, 2018, the responsibilities of the committee were performed by the full Board. On September 10, 2018, the committee was reconstituted under its prior mandate. The Health, Safety and Environment Committee met two times in fiscal year 2018.

Risk Oversight

The Board of Directors has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. At each Board meeting, the Directors review the Company's significant risks and management's plans for addressing or mitigating those risks. The Board of Directors regularly reviews information regarding the Company's financial position and operations, as well as the risks associated with each. While the Board of Directors is ultimately responsible for risk oversight at the Company, our Board committees assist the Board of Directors in fulfilling its oversight responsibilities in certain areas of risk. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting, internal controls and compliance with legal and regulatory requirements. The Compensation Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. The Nominating and Corporate Governance Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the management of risks associated with the Board organization, membership and structure of the Board of Directors, succession planning for our directors and executive officers, and corporate governance. Our Health, Safety and Environment Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the Company's health, safety and environment policies, programs and practices.

Director Nomination Process

The current nominees for election to the Board were recommended for the Board's nomination by our Nominating and Corporate Governance Committee, which is comprised solely of independent directors, and based on such recommendation, were nominated by the full Board of Directors. At the Meeting, stockholders will be asked to consider the election of Terence J. Cryan, Dean J. Glover, George H. Kirby III, Steven M. Fludder, Robert K. Winters and Kristine S. Moore.

The process followed by our Nominating and Corporate Governance Committee to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Nominating and Corporate Governance Committee and the Board.

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, our Nominating and Corporate Governance Committee applies the criteria set forth in our corporate governance guidelines. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry or of other industries with comparable risks and issues, experience, diligence, potential conflicts of interest and the ability to act in the interests of all stockholders. The Nominating and Corporate Governance Committee considers the value of diversity when recommending candidates. The committee views diversity broadly to include diversity of experience, skills and viewpoint. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. Our Board believes that the backgrounds and qualifications of its directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow it to fulfill its responsibilities.

Stockholders may recommend individuals to our Nominating and Corporate Governance Committee for consideration as potential director candidates. The Nominating and Corporate Governance Committee will evaluate stockholder-recommended candidates by following the same process and applying the same criteria as it follows for candidates submitted by others.

Stockholders may directly nominate a person for election to our Board by complying with the procedures set forth in Article I, Section 1.10 of our by-laws, and with the rules and regulations of the SEC. Under our by-laws, only persons nominated in accordance with the procedures set forth in the by-laws will be eligible to serve as directors. In order to nominate a candidate for service as a director, you must be a stockholder at the time you give the Board notice of your nomination, and you must be entitled to vote for the election of directors at the meeting at which your nominee will be considered. In accordance with our by-laws, director nominations generally must be made pursuant to notice to our Secretary delivered to or mailed and received at our principal executive offices at 28 Engelhard Drive, Suite B, Monroe Township, NJ 08831, not later than the 90th day, nor earlier than the 120th day, prior to the first anniversary of the prior year's annual meeting of stockholders. Your notice must set forth (i) the name, age, business address and residence address of the nominee, (ii) the principal occupation or employment of the nominee, (iii) the class and number of shares of capital stock of Ocean Power Technologies, Inc. owned beneficially or of record by the nominee and (iv) all other information relating to the nominee that is required to be disclosed in solicitations of proxies for the election of directors in an election contest, or is otherwise required, in each case, pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder. The stockholder making the nomination must include his or her name and address, a statement as to the class and amount of shares beneficially owned by the stockholder, a description of any arrangements or understandings between the stockholder and the nominee, a representation that the stockholder intends to appear in person or by proxy at the annual meeting and a representation as to whether such stockholder intends, or is part of a group that intends, to deliver a proxy statement/and or solicit proxies.

Communicating with the Independent Directors

Our Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. The chairman (if an independent director), or the lead independent director (if one is appointed), or otherwise the chairman of the Nominating and Corporate Governance Committee, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he or she considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments considered to be important for the directors to know. In general, communications relating to corporate governance and corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to our Board should address such communications to Board of Directors c/o Secretary, Ocean Power Technologies, Inc., 28 Engelhard Drive, Suite B, Monroe Township, NJ 08831.

Code of Ethics

We have adopted a Code of Business Conduct and Ethics that applies to our employees, officers (including our principal executive officer and principal financial officer) and directors. The Code of Business Conduct and Ethics is posted on our website at www.oceanpowertechnologies.com and can also be obtained free of charge by sending a request to our Secretary at 28 Engelhard Drive, Suite B, Monroe Township, NJ 08831. Any changes to or waivers under the Code of Business Conduct and Ethics as it relates to our chief executive officer, chief financial officer, controller or persons performing similar functions must be approved by our Board of Directors and will be disclosed in a Current Report on Form 8-K within four business days of the change or waiver.

Section 16(a) Beneficial Ownership Reporting Compliance

Pursuant to Section 16(a) of the Exchange Act and the rules issued thereunder, our executive officers and directors are required to file with the SEC reports of ownership and changes in ownership of Common Stock. Copies of such reports are required to be furnished to us. Based solely on a review of the copies of such reports furnished to us, or written representations that no other reports were required, we believe that all required reports were filed in fiscal 2018 in a timely manner.

PROPOSAL TWO

APPROVAL OF AN AMENDMENT TO THE

OCEAN POWER TECHNOLOGIES, INC. 2015 OMNIBUS INCENTIVE PLAN

General

As of September 28, 2018, the 2015 Plan only had 121,196 shares remaining available for future issuance for awards. Effective September 28, 2018, our Board approved and adopted an amendment to the 2015 Plan, subject to stockholder approval, to increase the number of shares available for grant under the 2015 Plan from 640,703 to 2,640,703 in order to ensure that adequate shares will be available for future grants.

We believe that substantial equity participation by employees is important in creating an environment in which employees will be motivated to remain employed and be productive for long periods of time in helping us to achieve our goals. We further believe that the attraction, retention and motivation of highly qualified personnel is essential to our continued growth and success and that continued awards under the 2015 Plan are necessary for us to remain competitive in our compensation practices. In addition, we believe that the 2015 Plan is an effective way to ensure alignment of employees' and stockholders' interests and believe all such equity incentives are in the best interest of the stockholders. In addition, our directors receive annual compensation in restricted shares or stock option awards. Additional shares are needed under the 2015 Plan to ensure that grants to our directors can continue to be made on an annual basis.

A copy of the amendment is attached to this proxy statement as Annex A. The amendment to the 2015 Plan is being submitted for your approval pursuant to the rules and regulations of the SEC and the NASDAQ.

Description of 2015 Plan

A summary description of the 2015 Plan is included in this proxy statement under "Executive Compensation – Stock Option and Other Compensation Plans – 2015 Omnibus Incentive Plan".

Plan Benefits

No determination has been made as to any awards that will be made to directors, officers or other employees upon approval of the proposed amendment of the 2015 Plan.

Vote Required

The approval of the amendment to the 2015 Plan requires the affirmative vote of the holders of a majority of the shares represented at the Annual Meeting, in person or by proxy, and entitled to vote. For the approval of the amendment to the 2015 Plan, you may vote “FOR” or “AGAINST” or “ABSTAIN” from voting. Abstentions will have the same effect as a vote “AGAINST” this proposal. Broker non-votes will have no effect on the approval of this proposal.

Board Recommendation

The Board recommends a vote FOR the amendment to the 2015 Plan.

PROPOSAL THREE

AMENDMENT TO CERTIFICATE OF INCORPORATION TO INCREASE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

General

Our Certificate of Incorporation currently authorizes the issuance of up to 50,000,000 shares of Common Stock. However, as of September 28, 2018, 18,793,586 shares of Common Stock were issued and outstanding, as well as (i) options outstanding as of that date representing the right to purchase a total of 359,864 shares of Common Stock, (ii) outstanding warrants to purchase up to 324,452 shares of our Common Stock, and (iii) 3,243,249 shares reserved for issuance pursuant to the Aspire Capital equity line of credit, leaving 27,278,849 shares of Common Stock unissued and unreserved. In order to ensure sufficient shares of Common Stock will be available for issuance by us, our Board of Directors has approved, subject to stockholder approval, an amendment to the Certificate of Incorporation that increases the number of shares of such common stock authorized for issuance from 50,000,000 to 100,000,000.

We desire to authorize additional shares of Common Stock to ensure that enough shares will be available in the event the Board of Directors determines that it is necessary or appropriate to (i) raise additional capital through the sale of equity securities, (ii) acquire another company or its assets, (iii) provide equity incentives to employees and officers, (iv) permit future stock splits in the form of stock dividends or (v) satisfy other corporate purposes. The availability of additional shares of Common Stock is particularly important in the event that the Board of Directors needs to undertake any of the foregoing actions on an expedited basis and thus to avoid the time and expense of seeking stockholder approval in connection with the contemplated issuance of Common Stock.

The increase in authorized Common Stock will not have any immediate effect on the rights of existing stockholders. However, the Board of Directors will have the authority to issue authorized Common Stock without requiring future stockholder approval of such issuances, except as may be required by applicable law or the NASDAQ. In particular, the rules of the NASDAQ require that we obtain stockholder approval prior to the issuance of Common Stock in a private financing if (i) the Common Stock has or will have upon issuance voting power equal to or in excess of 20% of the voting power outstanding before the issuance or (ii) the number of shares of Common Stock to be issued is or will be equal to or in excess of 20% of the number of shares of Common Stock outstanding before the issuance. To the extent that additional authorized shares are issued in the future, they may decrease the existing stockholders' percentage equity ownership and, depending on the price at which they are issued, could be dilutive to the existing stockholders.

The amendment is not presently intended for the purposes of effecting an anti-takeover device and is not proposed in response to any specific takeover threat known to the Board of Directors. Furthermore, this proposal is not part of any

plan by the Board of Directors to adopt anti-takeover devices, and the Board of Directors currently has no present intention of proposing anti-takeover measures in the near future.

The holders of Common Stock have no preemptive rights and the Board of Directors has no plans to grant such rights with respect to any such shares.

A copy of the amendment is attached to this proxy statement as Annex B. This amendment to the Certificate of Incorporation is being submitted for your approval pursuant to the Delaware General Corporation Law and SEC rules.

No Appraisal Rights

Under Delaware law, our stockholders are not entitled to appraisal rights with respect to the increase to the number of authorized shares of Common Stock.

Vote Required

The approval of this amendment to the Certificate of Incorporation requires the affirmative vote of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Meeting. For the approval of this amendment to the Certificate of Incorporation, you may vote "FOR" or "AGAINST" or "ABSTAIN" from voting. If you hold your shares in your own name and abstain from voting on this matter, your abstention will have the effect of a vote "AGAINST" this amendment. If you hold your shares through a broker, bank, trustee or other nominee and you do not instruct them on how to vote on this proposal, your broker or other nominee will not have authority to vote your shares and such non-vote will have the effect of a vote "AGAINST" this amendment.

Board Recommendation

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL TO AMEND THE CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK.

PROPOSAL FOUR

RATIFICATION OF THE SELECTION OF

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors, in accordance with the recommendation of the Audit Committee, has selected KPMG LLP to audit our consolidated financial statements for fiscal 2019. KPMG LLP has audited our consolidated financial statements since fiscal 2005.

Although stockholder approval of the selection of KPMG LLP is not required by law, our Board of Directors believes it is advisable to give stockholders an opportunity to ratify this selection. If this proposal is not approved at the Meeting, the Board will reconsider its selection of KPMG LLP.

We expect representatives of KPMG LLP to attend the Meeting, to be available to respond to appropriate questions from stockholders, and to have the opportunity to make a statement if so desired.

Fiscal 2018 includes \$4,500 for out of pocket fees.

(3) All Other Fees for fiscal 2018 includes subscription fee for KPMG's accounting research tool. Fiscal year 2017 include reimbursement of costs related to response to SEC inquiry.

Pre-Approval Policies and Procedures

The Audit Committee's policy is that all audit services and all non-audit services to be provided to us by our independent registered public accounting firm must be approved in advance by our Audit Committee. The Audit Committee's approval procedures include the review and approval of a description of the services that documents the fees for all audit services and non-audit services, primarily tax advice and tax return preparation and review.

All audit services and all non-audit services in fiscal years 2018 and 2017 were pre-approved by the Audit Committee. The Audit Committee has determined that the provision of the non-audit services for which these fees were rendered is compatible with maintaining the independent auditor's independence.

Board Recommendation

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL TO RATIFY THE SELECTION OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2019.

REPORT OF AUDIT COMMITTEE

The Audit Committee has reviewed the Company's audited consolidated financial statements for the fiscal year ended April 30, 2018 and discussed them with the Company's management and the Company's independent registered public accounting firm. Management represented to the Audit Committee that the consolidated financial statements of the Company were prepared in accordance with U.S. generally accepted accounting principles.

The Audit Committee has also received from, and discussed with, the Company's independent registered public accounting firm various communications that the Company's independent registered public accounting firm is required to provide to the Audit Committee, including the matters required to be discussed by Auditing Standard No. 16, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board. These matters included a discussion of the independent registered public accounting firm's judgments about the quality (not just the acceptability) of the accounting practices of the Company and accounting principles as applied to the financial reporting of the Company.

The Audit Committee has received the written disclosures and the letter from the Company's independent registered public accounting firm required by the Public Company Accounting Oversight Board Ethics and Independence Rule 3526, *Communications with Audit Committees Concerning Independence*, and has discussed with the Company's independent registered public accounting firm their independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended April 30, 2018. We have concluded that the independent registered public accounting firm for the fiscal 2018 is independent from the Company and its management.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Review and Approval of Related Person Transactions

The Audit Committee is charged with the responsibility of reviewing and approving all related person transactions (as defined in SEC regulations), and periodically reassessing any related person transaction entered into by the Company to ensure continued appropriateness. This responsibility is set forth in our Audit Committee charter. A related party transaction will only be approved if the members of the Audit Committee determine that the transaction is in the best interests of the Company. If a director is involved in the transaction, he or she will recuse himself or herself from all decisions regarding the transaction.

Board Determination of Independence

Under applicable NASDAQ rules, a director will only qualify as an “independent director” if they are not an executive officer or employee of the Company, and, in the opinion of our Board of Directors, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Our Board has determined that all of our current directors are “independent directors” within the meaning of the applicable listing standards of the NASDAQ, except for George H. Kirby III who is our President and Chief Executive Officer.

EXECUTIVE COMPENSATION

Overview of Executive Compensation

Our Compensation Committee is responsible for overseeing the compensation of all of our executive officers. In this capacity, the Compensation Committee designs, implements, reviews and approves all compensation for our named executive officers. The goal of the Compensation Committee is to ensure that our compensation programs are aligned with our business goals and objectives and that the total compensation paid to each of our named executive officers is fair, reasonable and competitive.

Compensation Objectives and Philosophy

Our compensation programs are designed to attract and retain qualified and talented executives, motivating them to achieve our business goals and rewarding them for superior short- and long-term performance. In particular, our compensation programs are intended to reward the achievement of specified predetermined quantitative and qualitative goals and to align our executives' interests with those of our stockholders in order to attain the ultimate objective of increasing stockholder value.

Elements of Total Compensation and Relationship to Performance

Key elements of these programs include:

base salary compensation designed to reward annual achievements, with consideration given to the executive's qualifications, scope of responsibility, leadership abilities and management experience and effectiveness;

cash bonus awards designed to align executive compensation with business objectives and performance; and

equity-based incentive compensation, primarily in the form of stock options and restricted stock, the value of which is dependent upon the performance of our Common Stock, and which is subject to multi-year vesting that requires continued service and/or the attainment of certain performance goals.

Determining and Setting Executive Compensation

Our management develops our compensation plans by utilizing publicly available compensation and on-line survey data for a broad selection of national and regional companies, which we believe are generally comparable to the Company in terms of public ownership, organizational structure, size and stage of development, and against which we believe we may compete for executive talent. The results of these analyses are reviewed with and approved by the Compensation Committee annually. We believe that these compensation practices provide us with appropriate compensation guidelines. The Compensation Committee generally targets compensation for our executives near the median range of compensation paid to similarly situated executives in comparable companies covered by the on-line survey data. Other considerations, including market factors, the unique nature of our business and the experience level of an executive, may dictate variations to this general target.

Our business is characterized by a long product development cycle, including a lengthy engineering and product-testing period and regulatory approval and licensing. Because of this, many of the traditional benchmarking metrics, such as product sales, revenues and profits are inappropriate for our Company. Instead, the specific factors the Compensation Committee considers when determining our named executive officers' compensation include:

key product development initiatives;
 technology advancements;
 achievement of regulatory and other commercial milestones;
 establishment and maintenance of key strategic relationships;
 implementation of appropriate financing strategies; and
 financial and operating performance.
