March [], 2009

Dear Fellow Stockholder:

It is my pleasure to invite you to the 2009 Annual Meeting of Stockholders of Simon Property Group, Inc. This year's meeting will be held on Friday, May 8, 2009 at 10:00 a.m. (EDT), at our executive offices located at 225 West Washington Street, Indianapolis, Indiana. At the meeting, stockholders will vote on the business items listed in the notice of the meeting, which follows on the next page.

This year we are again exercising the option to furnish proxy materials to stockholders over the Internet. Based on our experience last year, we believe that the e-proxy process expedites stockholders' receipt of proxy materials, lowers our costs and reduces the environmental impact of our annual meeting. On March [], 2009, we mailed to a majority of our stockholders a Notice containing instructions on how to access our Proxy Statement and 2008 Annual Report to Stockholders and vote online. All other stockholders will receive these materials by mail. The proxy statement contains instructions on how you can (i) receive a paper copy of the proxy statement and annual report, if you only received a Notice by mail, or (ii) elect to receive your proxy statement and annual report over the Internet, if you received them by mail this year.

Whether or not you plan to attend the meeting, your vote is especially important and we encourage you to vote promptly. We have three related items of business on the agenda for this year's meeting involving amendments to our Charter. Our Charter currently provides that effective at the meeting the number of directors will be reduced to nine. The Board of Directors believes that, in particular, the approval of the amendment to the Charter that would allow us to have a Board of up to fifteen members rather than nine is clearly in the best interests of stockholders. We have identified three nominees for election at this meeting who can only be elected if this Charter amendment is approved. Two of those nominees would be new directors and each would bring a wealth of talent and experience to the Board.

You may vote your shares via a toll-free telephone number or over the Internet. If you received a paper copy of the proxy card by mail, you may sign, date and mail the proxy card in the envelope provided. Instructions regarding all three methods of voting are contained in the proxy statement and on the proxy card.

I look forward to seeing you at the annual meeting.

Sincerely,

David Simon
Chairman of the Board
and Chief Executive Officer

PROXY STATEMENT

This proxy statement and accompanying proxy are being provided to stockholders on or about March [], 2009 in connection with the solicitation by the Board of Directors of Simon Property Group, Inc. ("Simon," "we," "us," "our" or the "company") of proxies to be voted at the 2009 annual meeting on May 8, 2009.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Why did I receive a Notice of Internet Availability of Proxy Materials?

Certain of our stockholders will receive a Notice of Internet Availability of Proxy Materials, or Notice, which was or will be sent to stockholders on or about March [], 2009. Instead of initially mailing a printed copy of our proxy materials to all stockholders, we are making our proxy materials available on the Internet. If you received the Notice by mail, you will not receive a printed copy of our proxy materials unless you request it in the manner described in the Notice. The Notice explains how to access and review this proxy statement and our 2008 Annual Report to Stockholders, and how you may vote by proxy.

What is a proxy?

A proxy is your legal designation of another person to vote on your behalf. By completing and returning the enclosed proxy card, you are giving the persons named in the proxy card, Herbert Simon and David Simon, the authority to vote your shares in the manner you indicate on your proxy card.

Who is qualified to vote?

You are qualified to vote on all matters presented to the stockholders at the meeting if you own shares of our common stock, par value \$.0001 per share or Class B common stock, par value \$.0001 per share, at the close of business on March 9, 2009.

All of the Class B common shares are held by a voting trust as to which Melvin Simon, Herbert Simon and David Simon are the voting trustees. The Board is not soliciting proxies in respect of the Class B common shares.

How many shares may vote at the meeting?

On March 9, 2009, there were outstanding 232,067,651 shares of common stock and 8,000 shares of Class B common stock. As a result, a total of 232,075,651 shares are entitled to vote (which we refer to in this proxy statement as the "voting shares") on all matters presented to stockholders at the meeting.

How many shares must be present to hold the meeting?

The presence at the meeting in person or by proxy of holders of shares representing a majority of all the votes entitled to be cast at the meeting, or 116,037,826 voting shares, will constitute a quorum for the transaction of business.

What is the difference between a "stockholder of record" and a "street name" holder?

These terms describe how your shares are held. If your shares are registered directly in your name with BNY Mellon Shareowner Services, our transfer agent, you are a "stockholder of record." If your shares are held in the name of a brokerage, bank, trust or other nominee as a custodian, you are a "street name" holder.

Table of Contents

How do I vote my shares?

If you are a "stockholder of record," you have several choices. You can vote your shares by proxy:

By mailing your proxy card;

Over the telephone; or

Via the Internet.

Please refer to the specific instructions set forth on the Notice or printed proxy materials. For security reasons, our electronic voting system has been designed to authenticate your identity as a stockholder.

If you hold your shares in "street name," your broker/bank/trustee/nominee will provide you with materials and instructions for voting your shares.

Can I vote my shares in person at the meeting?

If you are a "stockholder of record," you may vote your shares in person at the meeting. If you hold your shares in "street name," you must obtain a proxy from your broker, bank, trustee or nominee, giving you the right to vote the shares at the meeting.

What do I need to do to attend the meeting in person?

An admission ticket (or other proof of stock ownership) and some form of government-issued photo identification (such as a valid driver's license or passport) will be required for admission to the meeting. **Only stockholders who own Simon Property Group common stock as of the close of business on March 9, 2009, are entitled to attend the meeting. An admission ticket will serve as verification of your ownership.**

If your shares are registered in your name and you received your proxy materials by mail, an admission ticket is attached to your proxy card.

If your shares are registered in your name and you received the Notice by mail, the Notice is your admission ticket.

If your shares are held in a bank or brokerage account, contact your bank or broker to obtain a written legal proxy in order to vote your shares at the meeting. If you do not obtain a legal proxy from your bank or broker, you will not be entitled to vote your shares, but you can still attend the meeting if you bring a recent bank or brokerage statement showing that you owned shares of common stock on March 9, 2009.

What are my choices when voting?

Proposals 1(a), 1(b), 1(c), 3 and 4 You may cast your vote FOR or AGAINST each proposal, or you may elect to abstain from voting your shares.

Proposal 2 You may cast your vote FOR ALL of the nominees for election as directors or vote AGAINST one or more of the nominees.

What are the Board's recommendations on how I should vote my shares?

The Board recommends that you vote your shares as follows:

Edgar Filing: SIMON PROPERTY GROUP INC /DE/ - Form PRE 14A

Proposals 1(a) through 1(c): **FOR** all of the proposed amendments to the Charter.

Proposal 2: **FOR ALL** of the nominees for election as directors.

Proposal 3: **FOR** the proposal authorizing adjournment, postponement or continuation of the meeting.

Table of Contents

Proposal 4: **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm (independent auditors) for the year ending December 31, 2009.

How would my shares be voted if I do not specify how they should be voted?

If you sign and return a proxy card without indicating how you want your shares to be voted, the persons named as proxies will vote your shares as follows:

Proposals 1(a) through 1(c): **FOR** the proposed amendments to the Charter.

Proposal 2: **FOR ALL** of the nominees for election as directors.

Proposal 3: **FOR** authorizing management to adjourn, postpone or continue the meeting if necessary.

Proposal 4: **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm (independent auditors) for the year ending December 31, 2009.

What are broker non-votes?

A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary authority to vote for that particular proposal and has not received instructions from the beneficial owner as to how to vote its shares.

Table of Contents**What vote is required to approve each proposal?**

The voting trustees who vote the Class B common stock have advised us that they intend to vote all shares of the Class B common stock FOR all of the proposals and the election of all nominees. Accordingly, to approve each of the proposals, the following votes are required from the holders of voting shares.

Proposal	Vote Required	Impact of Abstentions and Broker Non-Votes, if any
Amendments to the Charter:		
1(a) provide for the election of up to fifteen directors	Approval by eighty percent (80%) of the outstanding voting shares	Abstentions and broker non-votes will have the same effect as a vote AGAINST
1(b) delete supermajority voting requirements	Approval by eighty percent (80%) of the outstanding voting shares	Abstentions and broker non-votes will have the same effect as a vote AGAINST
1(c) increase the number of authorized shares and delete or change obsolete or unnecessary provisions	Approval by a majority of the outstanding voting shares	Abstentions and broker non-votes will have the same effect as a vote AGAINST
2 election of directors	For the nominees to be elected by the holders of voting shares, approval by a majority of the votes cast. Under our By-Laws, a nominee who receives more AGAINST votes than FOR votes will be required to tender his or her resignation. See "CORPORATE GOVERNANCE MATTERS Majority Vote Standard for Election of Directors."	Abstentions and broker non-votes will not count as votes cast on the proposal and will not affect the outcome of the vote.
3 authorizing management to adjourn, postpone or continue meeting	Approval by a majority of the votes cast	Abstentions and broker non-votes will not count as votes cast on the proposal and will not affect the outcome of the vote
4 ratification of auditors	Approval by a majority of the votes cast	Abstentions and broker non-votes will not count as votes cast on the proposal and will not affect the outcome of the vote

All shares entitled to vote at the meeting are entitled to one vote per share.

Why is the Board asking stockholders to approve the amendments to the Charter?

There are three separate proposals on which stockholders will vote on various Charter amendments. The rationale for each of these is discussed under "PROPOSALS 1(a) THROUGH 1(c) PROPOSED AMENDMENTS TO THE CHARTER" which begins on page 16. The Board believes that changing the provision which limits the number of directors and reducing supermajority voting requirements to amend the Charter would improve our corporate governance. Proposal 1(a) would permit an increase in the Board of Directors from nine to no more than fifteen members. If this amendment is approved, we intend to initially increase the number of directors to

Table of Contents

twelve members. We have identified twelve nominees in this proxy statement, including three persons identified as the Additional Nominees. Two of the Additional Nominees would be new to the Board. The approval of Proposal 1(a) is a condition to increasing the size of the Board and electing the Additional Nominees. If Proposal 1(a) is not approved, one of our current directors, Pieter S. van den Berg, could not be re-elected.

What happens if Proposal 1(a) is not approved?

If the holders of voting shares do not approve Proposal 1(a), the size of the Board will remain fixed at nine members, four of whom are elected by the holders of the Class B common stock. Since there are six current directors elected by the holders of voting shares who are standing for reelection, only five of those persons would be elected. The Board would consist of nine directors—five elected by the holders of voting shares and four elected by the holders of the Class B common stock, each of whom is an employee.

If Proposal 1(a) is approved, the Board of Directors will initially increase the number of directors to twelve and the holders of voting shares will vote on a slate of eight directors. The nominees for election by the holders of voting shares are identified in two groups—five nominees if Proposal 1(a) is not approved and eight nominees (including the Additional Nominees) if Proposal 1(a) is approved.

Why did I receive more than one Notice or proxy card?

You will receive multiple Notices or cards if you hold your shares in different ways (e.g., joint tenancy, trusts, custodial accounts) or in multiple accounts. If your shares are held by a broker (i.e., in "street name"), you will receive your proxy card or other voting information from your broker, and you will return your proxy card(s) to your broker. You should vote on and sign each proxy card you receive.

Can I change my vote after I have mailed in my proxy card?

You may revoke your proxy by doing one of the following:

By sending a written notice of revocation to our Secretary at 225 West Washington Street, Indianapolis, Indiana 46204 that is received prior to the meeting, stating that you revoke your proxy;

By signing a later-dated proxy card and submitting it so that it is received prior to the meeting in accordance with the instructions included in the proxy card(s); or

By attending the meeting and voting your shares in person.

What happens if additional matters are presented at the annual meeting?

We know of no other matters other than the items of business described in this proxy statement that can be considered at the meeting. If other matters requiring a vote do arise, the persons named as proxies will have the discretion to vote on those matters for you.

Who will count the votes?

Broadridge Financial Solutions, Inc. will count the votes and serve as our inspector of election. The inspector will be present at the meeting.

Will the meeting be accessible to disabled persons?

Our executive offices are accessible to disabled persons. Please call us at least five days in advance at 317-685-7330 if you require any special accommodations.

Table of Contents

How can I review the list of stockholders entitled to vote at the meeting?

A list of stockholders entitled to vote at the meeting will be available at the meeting and for ten days prior to the meeting, between the hours of 8:45 a.m. and 4:30 p.m., at our offices at 225 West Washington Street, Indianapolis, Indiana 46204. If you would like to view the stockholder list, please contact our Secretary to schedule an appointment.

Who pays the cost of this proxy solicitation?

We will pay the cost of preparing, assembling and mailing the proxy materials. We will also request banks, brokers and other holders of record to send the proxy materials to, and obtain proxies from, beneficial owners and will reimburse them for their reasonable expenses in doing so. In addition, we have hired MacKenzie Partners, Inc. to assist in the solicitation of proxies. We will pay MacKenzie Partners a fee of \$10,000 for its services.

Is this proxy statement the only way that proxies are being solicited?

Certain employees or other representatives of the company may also solicit proxies by telephone, facsimile, e-mail or personal contact. They will not be specifically compensated for doing so.

CORPORATE GOVERNANCE MATTERS

Policies on Corporate Governance

Our Board believes that good corporate governance is important to ensure that the company is managed for the long-term benefit of its stockholders. Each year, the Board or one of its committees reviews our Governance Principles, the written charters for each of its standing committees of the Board and our Code of Business Conduct and Ethics and amends them as appropriate to reflect new policies or practices. The current version of each of these documents is available on our Internet website, www.simon.com, in the About Simon/Investor Relations/Corporate Governance section, and will be provided in print without charge upon written request to our Secretary at 225 West Washington Street, Indianapolis, Indiana 46204. During 2009, we expect that the Board of Directors will consolidate the responsibilities of the Governance and Nominating Committees into a single committee.

The Board of Directors recently amended our By-Laws to adopt a majority voting standard for uncontested elections of directors. In addition, the Board believes that the proposed amendments to our Charter reflected in Proposals 1(a) and 1(b), if approved by the stockholders, would represent improvements to our corporate governance.

We will also either disclose on Form 8-K or post on our Internet website any substantive amendment to, or waiver from, a provision of the Code of Business Conduct and Ethics that applies to any of our directors or executive officers.

Director Independence

As permitted by the rules of the New York Stock Exchange, the Board has adopted categorical standards to assist it in making determinations of director independence. These standards incorporate, and are consistent with, the definition of "independent" contained in the New York Stock Exchange listing rules. These standards are included in our Governance Principles, which are available on our Internet website, www.simon.com, as described above. The Board has affirmatively determined that each of the persons nominated for election as directors by the holders of voting shares, including the three persons identified as Additional Nominees, meets these categorical standards and is independent.

Melvin Simon, Herbert Simon, David Simon and Mr. Sokolov are our employees and, accordingly, are not independent.

Majority Vote Standard for Election of Directors

We recently amended our By-Laws to adopt a majority voting standard for the election of directors. This means that any director who, in an uncontested election, receives a greater number of "against" votes than "for" votes must promptly tender his or her resignation to the Board of Directors, subject to its acceptance. The Governance Committee will promptly consider the resignation and recommend to the Board whether to accept or reject it. Both the committee and the Board may consider any factors they deem appropriate and relevant to their actions.

The Board will act on the tendered resignation, taking into account the Governance Committee's recommendation. The affected director cannot participate in any part of the process. We will publicly disclose the Board's decision by a press release, a filing with the Securities and Exchange Commission or other broadly disseminated means of communication within 90 days after the vote is certified.

Table of Contents

In a contested election (a situation in which the number of nominees exceeds the number of directors to be elected), the standard for election of directors will be a plurality of the votes cast by the holders of shares entitled to vote on the election of directors, provided a quorum is present.

Nominations for Directors

The Nominating Committee will consider director nominees recommended by stockholders. A stockholder who wishes to recommend a director candidate for consideration by the Nominating Committee should send such recommendation to our Secretary at 225 West Washington Street, Indianapolis, Indiana 46204, who will forward it to the Nominating Committee. Any such recommendation should include a description of the candidate's qualifications for Board service, the candidate's written consent to be considered for nomination and to serve if nominated and elected, and addresses and telephone numbers for contacting the stockholder and the candidate for more information. A stockholder who wishes to nominate an individual as a director candidate at the annual meeting of stockholders, rather than recommend the individual to the Nominating Committee as a nominee, must comply with the advance notice requirements set forth in our By-Laws.

Our Governance Principles provide that all candidates for election as members of the Board should possess high personal and professional ethics, integrity and values and be committed to representing the long-term interests of our stockholders and otherwise fulfilling the responsibilities of directors as described in our Governance Principles. Our Governance Principles further provide that our directors should not serve on more than four boards of public companies, including our Board, unless the Board or Governance Committee determines that serving on more than four boards does not impair the ability of the director to serve as an effective member of our Board. In recommending candidates to the Board for election as directors, the Nominating Committee will consider the foregoing minimum qualifications as well as each candidate's credentials, keeping in mind our desire, as stated in our Governance Principles, to have a Board representing diverse experiences and backgrounds, as well as areas that are relevant to our business activities.

Communications with the Board

The Board has implemented a process by which our stockholders and other interested parties may communicate with one or more members of our Board, its committees or the independent directors as a group in a writing addressed to Simon Property Group, Inc., Board of Directors, c/o Secretary, 225 West Washington Street, Indianapolis, Indiana 46204. The Board has instructed our Secretary to promptly forward all such communications to the specified addressees thereof.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, requires our directors, executive officers and beneficial owners of more than 10% of our capital stock to file reports of ownership and changes of ownership with the Securities and Exchange Commission and the New York Stock Exchange. Based on our records and other information, we believe that during the year ended December 31, 2008 all applicable Section 16(a) filing requirements were met.

TRANSACTIONS WITH RELATED PERSONS

Policy

On an annual basis, each director and executive officer is obligated to complete a director and officer questionnaire which requires disclosure of any transactions with us in which the director or executive officer, or any member of his or her immediate family, has an interest. Pursuant to our Code of Business Conduct and Ethics, which is available in the About Simon/Investor Relations/Corporate Governance section of our Internet website at www.simon.com, the Audit Committee must review and approve all related person transactions in which any executive officer, director, director nominee or more than 5% stockholder of the company, or any of their immediate family members, has a direct or indirect material interest. Pursuant to the charter of the Audit Committee, which is available in the About Simon/Investor Relations/Corporate Governance section of our Internet website at www.simon.com, the Audit Committee may not approve a related person transaction unless (1) it is in or not inconsistent with our best interests and (2) where applicable, the terms of such transaction are at least as favorable to us as could be obtained from an unrelated third party.

Our general counsel is charged with reviewing any conflict of interest involving any other employee.

Transactions with the Simons

In 1993, we entered into noncompetition agreements with Melvin Simon, Herbert Simon and David Simon, collectively, the Simons, all of whom are our officers. Pursuant to such agreements and except as set forth below, Melvin Simon and Herbert Simon are prohibited from engaging in the shopping center business in North America other than through the company or as passive investors until the date that they are no longer our directors or officers, and David Simon is prohibited from engaging in the shopping center business in North America other than through the company and, with certain exceptions, for two years after he resigns or is terminated for cause. These restrictions will not prohibit Melvin Simon, Herbert Simon or David Simon from owning an interest in four (now three) shopping centers owned by the Simons that were not contributed to the Operating Partnership at the time of our predecessor's initial public offering in 1993. It is anticipated that such commitments will not, in the aggregate, involve a material amount of time, but no assurance can be given in this regard. In addition, Melvin Simon and Herbert Simon may pursue other investment activities in which they are currently engaged.

We manage the shopping centers referred to above pursuant to management agreements that provide for a management fee and reimbursement of our direct and indirect costs. In 2008, we received \$2,667,190 in fees and reimbursements for managing these centers. Although some of the agreements were not negotiated on an arms-length basis, they have been reviewed and approved by the Audit Committee and management believes that their terms are fair to us.

We provide MSA with office space and other support services in exchange for MSA's payment to us for the cost of those services. In 2008, MSA paid us \$1,250,000 as MSA's share of the cost of these services. We also reimburse companies owned by MSA and David Simon, respectively, for our business use of the aircraft owned and operated by such entities. Our reimbursement for aircraft use is based upon a below market hourly cost of operating each of the aircraft in question and the verified number of hours of our use, plus reimbursement for certain out-of-pocket expenses. For our business use of aircraft in 2008, we reimbursed MSA \$119,900 and David Simon's company \$492,583. In addition, we reimbursed MSA \$119,900 for maintenance, pilot and other support services that MSA provided with respect to the company use of David Simon's company's aircraft. These payments and reimbursements were reviewed and approved by the Audit Committee.

Our Charter requires that at least a majority of our directors be neither our employees nor members or affiliates of members of the Simon family (including Melvin Simon, Herbert Simon, David Simon, members of

Table of Contents

the immediate family of any of the foregoing, other lineal descendants of any of the foregoing, estates of any of the foregoing, trusts established for the benefit of any of the foregoing or entities controlled by any of the foregoing). Our Charter further requires that transactions involving us in our capacity as general partner of the Operating Partnership, in which any member or affiliate of any member of the Simon family has an interest must, in addition to any other vote that may be required, be approved in advance by a majority of such "independent directors".

Other Transactions

Some of the limited partners of the Operating Partnership guarantee a portion of the mortgage debt obligations on certain properties through foreclosure guarantees. In each case, the loans (which are without recourse against us and our affiliates) were made by unrelated third party institutional lenders and the guarantees are for the benefit of each lender. In the event of foreclosure of the mortgaged property, the proceeds from the sale of the property are first applied against the amount of the guarantee and also reduce the amount payable under the guarantee. To the extent the sale proceeds from the disposal of the property do not cover the amount of the guarantee, then the limited partner is liable to pay the difference between the sale proceeds and the amount of the guarantee so that the entire amount guaranteed to the lender is satisfied. In addition, some of the limited partners have executed capital contribution obligation agreements which guarantee a portion of our third-party unsecured non-recourse debt obligations. In the event these loans are called, the proceeds realized from the lenders' exercise of their remedies would be applied against and reduce the amount of the contribution obligation. To the extent the proceeds from the exercise of lenders' remedies are less than the amount of the contribution obligation, the limited partner would be obligated to make a capital contribution in an amount equal to the shortfall in the proceeds. As of December 31, 2008, the following directors, executive officers and beneficial owners of more than 5% of any class of our voting securities guaranteed the indicated amounts: Edward J. DeBartolo, Jr., et al. \$110,039,163; and MSA, wholly owned subsidiaries of MSA, Melvin Simon, Herbert Simon, David Simon and members of the Simon family \$63,775,000.

MEETINGS AND COMMITTEES OF THE BOARD

Meetings and Attendance

Our business, property and affairs are managed under the direction of our Board of Directors. Members of our Board of Directors are kept informed of our business through discussions with our Chief Executive Officer, other officers and our Lead Independent Director, by reviewing materials provided to them, by visiting our offices and properties, and by participating in meetings of the Board and its committees. Directors are also expected to use reasonable efforts to attend the annual meeting of stockholders. All directors, except for former director, M. Denise DeBartolo York, attended the 2008 annual meeting. During 2008, the Board of Directors met four times. Much of the Board's oversight responsibilities are conducted through its five standing committees. Those committees consist of an Audit Committee, a Compensation Committee, a Governance Committee, a Nominating Committee and an Executive Committee. As noted above, the Board of Directors expects to consolidate the Governance and Nominating Committees into a single committee later this year. During 2008, all directors participated in 75% or more of the aggregate number of meetings of the Board and the committees on which they served.

Executive Sessions of Independent Directors

The independent directors meet in executive session without management present following each regularly scheduled Board meeting. In addition, the Board has designated J. Albert Smith, Jr. as Lead Independent Director. In such capacity, Mr. Smith presides over the executive sessions and serves as a liaison between the independent directors and the senior management team.

The Audit Committee

The Audit Committee assists the Board in monitoring the integrity of our financial statements, the qualifications, independence and performance of our independent registered public accounting firm, the performance of our internal audit function and our compliance with legal and regulatory requirements. The Audit Committee has sole authority to appoint, subject to stockholder ratification, or replace our independent registered public accounting firm and pre-approves the auditing services and permitted non-audit services to be performed by our independent registered public accounting firm, including the fees and terms thereof. The Audit Committee has authority to retain legal, accounting or other advisors. The Audit Committee reviews and discusses with management and our independent registered public accounting firm our annual audited financial statements, our quarterly earnings releases and financial statements, significant financial reporting issues and judgments made in connection with the preparation of our financial statements and any major issues regarding the adequacy of our internal controls. It also issues the report on its activities which appears on pages 29 to 31 of this proxy statement. The charter of the Audit Committee requires that each member meet the independence and experience requirements of the New York Stock Exchange, the Exchange Act and the rules and regulations of the Securities and Exchange Commission.

The Board of Directors has determined that all current members of the Audit Committee qualify as an "audit committee financial expert" as defined by rules of the Securities and Exchange Commission.

The Compensation Committee

The Compensation Committee (1) sets remuneration levels for our executive officers, (2) reviews significant employee benefit programs, (3) establishes and administers our executive compensation programs and our stock incentive plan, (4) discusses with management the Compensation Discussion and Analysis, or CD&A, and, if appropriate, recommends its inclusion in our annual report on Form 10-K and proxy statement

Table of Contents

and (5) issues the report on its activities which appears on page 33 of this proxy statement. The CD&A begins on page 34 of this proxy statement.

The Compensation Committee has authority to retain the advice and assistance of compensation consultants and legal, accounting or other advisors. The Compensation Committee has retained Frederic W. Cook & Co., Inc., or Cook, as its independent compensation consultant to assist in the design of our executive compensation programs and to provide the Compensation Committee with executive compensation data from other companies of comparable size. In addition, the Compensation Committee reviews and takes into consideration the recommendations of management when making determinations on the compensation of all executive officers other than our Chief Executive Officer. As discussed in the CD&A under "Role of Management in Compensation Decisions", these recommendations are initially developed by our human resources department and are then reviewed by our Chief Executive Officer, who may make adjustments based upon his subjective assessment of the executive's performance.

Compensation Committee Interlocks and Insider Participation

Although our Charter requires that the Compensation Committee have at least one member elected by holders of the Class B common stock, the holders of Class B common stock have waived that right. The charter of the Compensation Committee requires that each member meet the independence requirements of the New York Stock Exchange.

If Proposal 1(c) is approved, the holders of the Class B common stock will no longer have the right to appoint a member of the Compensation Committee.

No member of the Compensation Committee during 2008 was an officer, employee or former officer of us or any of our subsidiaries or had any relationship requiring disclosure in this proxy statement pursuant to Securities and Exchange Commission regulations. None of our executive officers served as a member of a compensation committee or a director of another entity under the circumstances requiring disclosure in this proxy statement pursuant to Securities and Exchange Commission regulations.

The Governance Committee

The Governance Committee addresses a broad range of issues surrounding the composition and operation of the Board, develops and recommends to the Board the Governance Principles applicable to the company and the Board, leads the Board in its annual evaluation of the Board's performance, oversees the assessment of the independence of each director and makes recommendations regarding compensation for non-employee directors. The Governance Committee has the authority to retain legal, accounting or other advisors, and has sole authority to approve the fees and other terms and conditions associated with retaining any such external advisors. The charter of the Governance Committee requires that each member meet the independence requirements of the New York Stock Exchange.

The Nominating Committee

The Nominating Committee nominates persons to serve as directors and, in consultation with the Governance Committee and in accordance with our Governance Principles, proscribes appropriate qualifications for Board members. Members of the Nominating Committee are responsible for screening director candidates, but may solicit advice from our Chief Executive Officer and other members of the Board. The Nominating Committee currently has four members, with two members appointed by the holders of the Class B common stock. The members of the Nominating Committee who are appointed by the holders of the Class B common stock have the sole right to nominate the directors to be elected by such holders. Each member of the Nominating Committee meets the independence requirements of the New York Stock Exchange.

Table of Contents

If Proposal 1(c) is approved by the stockholders, the right of the holders of the Class B common stock to appoint any members to the Nominating Committee would terminate. The right of the holders of the Class B common stock to nominate the directors they elect would not be affected.

The nominees for election as directors by the holders of voting shares include Allan Hubbard and Daniel C. Smith, who have not previously served as our directors. As explained below, the election of Mr. Hubbard and Daniel C. Smith is contingent upon the approval of Proposal 1(a). Mr. Hubbard's nomination was recommended by J. Albert Smith, Jr., our Lead Independent Director. We did not pay any fees to third parties to identify or evaluate or assist in identifying or evaluating Mr. Hubbard or Daniel C. Smith or any other potential nominees.

The Executive Committee

The Executive Committee can exercise all of the authority of the full Board of Directors except for those matters which Delaware law or our organizational documents require the full Board of Directors to act. The Executive Committee can approve any acquisition, disposition or investment in real estate in which our proportionate share of the transaction is less than \$100 million. If our share is greater than \$100 million, but less than \$250 million, the Executive Committee can only approve the transaction with the consent of the Lead Independent Director. In addition, the Executive Committee can approve any financing or refinancing transaction in which our proportionate share is less than \$500 million. Actions taken by the Executive Committee are reported to the full Board of Directors at its next meeting.

PROPOSALS 1(a) THROUGH 1(c) PROPOSED AMENDMENTS TO THE CHARTER

On March [], 2009, our Board of Directors unanimously adopted resolutions to amend a number of provisions of our Charter, determined the advisability of the amendments and has recommended the submission of the amendments for stockholder approval at the meeting. The proposed Charter amendments are described below. A form of an amended and restated Charter, marked to reflect the changes contemplated by Proposals 1(a) through 1(c), including additional conforming changes, is attached to this proxy statement as Appendix A. This summary of the proposed amendments to the Charter is qualified in its entirety by reference to Appendix A.

Proposal 1(a) Amendment to Paragraph (a) of Article FIFTH Respecting Number of Directors

The first Charter amendment proposal is to revise paragraph (a) of Article FIFTH to provide for (1) the election of up to fifteen directors, including any directors to be elected by the holders of the Class B common stock and (2) the number of directors to be fixed from time to time pursuant to our By-Laws or by resolution of the Board of Directors.

The primary purpose of these amendments is to replace the Charter provision that requires a nine-person Board of Directors with a provision that would allow the number of directors to be set from time to time by the Board or the stockholders up to a maximum of fifteen.

The conversion of the Class C common stock during 2008 had the consequence of automatically reducing the number of directors to nine effective at the annual meeting. The Board currently has eleven members. Unless Proposal 1(a) is approved, the number of directors will be reduced from eleven to nine, four of whom are elected by the holders of the Class B common stock. The Board of Directors believes that the reduction in the size of the Board will make it more difficult for the Board and its standing committees to fulfill their oversight responsibilities. Under the rules of the Securities and Exchange Commission and the New York Stock Exchange, a majority of the Board of Directors must be comprised of persons the Board determines are independent under applicable rules. All of the Class B directors are employees and, accordingly, do not meet the requirements to be considered independent directors or to serve on the Audit, Compensation or Nominating Committees.

Although we would still meet applicable requirements for the number of independent directors serving on the Board and its committees, the Board of Directors believes that being able to increase the number of directors so that at least two-thirds of its members can qualify as independent would represent an improvement to our corporate governance and permit the addition of members who bring a variety of areas of expertise and viewpoints to the Board. Accordingly, if Proposal 1(a) is approved, the Board would increase the number of directors to twelve eight elected by the holders of voting shares and four by the holders of the Class B common stock.

The election of the three Additional Nominees identified in Proposal 2 is conditioned upon approval of this proposal by 80% of the outstanding voting shares. The Board of Directors believes that the proposed amendment is in our best interests as it will permit Mr. van den Berg to continue to serve as a director and will also allow the addition of Mr. Hubbard and Daniel C. Smith. Each of the Additional Nominees is well qualified to serve as a director and would also meet all requirements necessary to be determined as independent directors. The expansion of the Board would also facilitate a more effective division of responsibilities among the standing committees of the Board, which other than the Executive Committee, must be comprised solely of independent directors.

Although the approval of this proposal will not affect the right of the holders of the Class B common stock to elect four directors, that right would be affected in two circumstances. First, the number of Class B directors

Table of Contents

would decline to two if the aggregate ownership interest of the Simon family and related interests is reduced to less than one-half of the aggregate ownership interest they had on August 9, 1996. Second, the right to elect directors would terminate if the aggregate ownership interest of the Simon family and related interests falls below 5%.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR PROPOSAL 1(a).

Proposal 1(b) Amendment Limiting Supermajority Voting Requirements

The second Charter amendment proposal is to revise paragraph (b) of Article SIXTH to eliminate the current 80% supermajority vote requirement that applies to amendments to four specific provisions of the Charter. If Proposal 1(b) is approved, then any future amendment, repeal or adoption of provisions inconsistent with the following provisions will no longer require an 80% vote from the holders of voting shares:

Article FIFTH which contains the provisions regarding the number of directors (which are proposed to be amended as discussed above) and the composition of the standing committees of the Board of Directors;

Paragraph (a)(iv)(e) of Article SIXTH which limits the personal liability of directors for monetary damages for certain breaches of fiduciary duty;

Paragraph (a)(v) of Article SIXTH which authorizes the Board of Directors to specify advance notice requirements for stockholder proposals and stockholder nominations of candidates for director; and

Paragraph (b) of Article SIXTH which requires a supermajority vote respecting any change to the three provisions listed above.

The primary purpose of these amendments is to eliminate provisions that currently limit the ability of stockholders to amend the Charter in the future by requiring a supermajority vote. The Board believes that eliminating all of the supermajority approval requirements with the exception noted above would enhance the rights of stockholders and our corporate governance practices.

If Proposal 1(b) is approved, then the sole provision in the Charter that could only be amended with a supermajority vote is paragraph (c) of Article FOURTH which specifies the preferences, conversion rights, voting powers and other terms of the Class B common stock. All other amendments to the Charter would require the affirmative vote of the holders of a majority of the outstanding voting shares.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR PROPOSAL 1(b).

Proposal 1(c) Amendments to Increase Number of Authorized Shares and Delete Obsolete or Unnecessary Provisions

The third Charter amendment proposal is to increase the number of authorized shares and change or delete a number of provisions which are obsolete due to developments in our ownership and structure that have taken place since the Charter was adopted in 1998 or are no longer considered necessary. The Charter provisions that would be affected are as follows:

Paragraph (a) of Article FOURTH would be changed to increase the total number of authorized shares of stock from 750,000,000 to 850,000,000, increase the number of authorized shares of common stock from 400,000,000 to 486,990,000, decrease the number of authorized shares of Class B common stock from 12,000,000 to 10,000, eliminate the 4,000 authorized shares of Class C common stock, increase

Table of Contents

the number of authorized shares of preferred stock from 100,000,000 to 125,000,000 and increase the number of authorized shares of Excess Common Stock from 237,990,000 to 238,000,000.

Paragraph (c)(3)(B) of Article FOURTH would be revised to provide that, in the event of a transaction which results in the issuance of cash, stock, debt or securities to holders of common shares and Class B common stock, the holders of the two classes will receive the same consideration on a per share basis, except that the two classes may receive classes of voting securities with different voting and other rights to the extent that the common shares and Class B common stock differ in the same respects; however, the foregoing limitation would not apply to a transaction that is approved by the affirmative vote of the holders of a majority of the class of stock which is adversely affected.

Paragraph (c-1) of Article FOURTH which designates the preferences, conversion and other rights of the Class C common stock would be deleted, as would the related provisions in paragraphs (b)(2) and (g) of Article FIFTH and all references and defined terms in Article NINTH that relate to the Class C common stock or its holders.

Paragraph (e) of Article FOURTH which identifies the members of our Board of Directors in office at the time the Charter was adopted in 1998 and paragraph (e) of Article FIFTH which referred to those directors would be deleted.

Paragraph (c-2) of Article FOURTH which refers to series of preferred stock that are no longer outstanding would be deleted, references to the currently outstanding series of preferred stock that were authorized after 1998 would be added and copies of the certificates of designation for the currently outstanding series of preferred stock would replace the certificates of designation for series of preferred stock that are no longer outstanding. Copies of the new certificates of designation are not attached as Exhibits A, B, C and D to the restated Charter that appears as Appendix A, but will be added before filing the restated Charter. Copies of the omitted exhibits to Appendix A can be obtained without charge upon request.

Paragraph (d) of Article FIFTH which relates to the standing committees of the Board of Directors would be amended to eliminate the rights of the holders of Class B common stock and Class C common stock to designate members to such committees and to reflect our current standing committee structure. This would facilitate the consolidation of the Governance and Nominating Committees into a single committee comprised entirely of independent directors.

Paragraph (f) of Article FIFTH which requires the affirmative vote of the Independent Directors to approve transactions between us and any members of the Simon family or related interests would be revised to delete references to entities that no longer exist or which we now own and so are no longer owned or controlled by the Simon family.

Paragraph (d) of Article SIXTH would be revised to require that the number of Independent Directors whose vote is necessary to sell any property owned by a partnership of which we are a general partner from a fixed number of six to a variable number of three-fourths of the Independent Directors.

Article SEVENTH which relates to the "paired-share" relationship between us and the former affiliate, SPG Realty Consultants, Inc., would be deleted.

The primary purposes of these amendments are to make our capital structure more flexible and to update the Charter which has not been amended since it was adopted in 1998.

The increase in authorized shares of capital stock by 100,000,000 shares will enhance the flexibility of our capital structure by allowing for the issuance of additional shares of capital stock by the Board of Directors without amending the Charter. As of March 9, 2009, there were outstanding: 232,067,651 shares of common stock; 8,000 shares of Class B common stock; 8,383,212 shares of preferred stock; and no shares of Excess Common Stock. There were an additional 63,872,691 shares of common stock reserved for issuance pursuant

Table of Contents

to the conversion of outstanding shares of preferred stock, the exercise of exchange rights by limited partners of the Operating Partnership and the exercise of outstanding stock-based awards.

The additional authorized shares will be available for general purposes, including capital raising transactions, acquisitions, employee benefit plans and other uses. We currently have no specific plans or understandings with respect to the issuance of any shares except for which we had previously reserved shares for issuance.

The increase in the authorized number of shares could have possible anti-takeover effects. These authorized but unissued shares could (within the limits imposed by applicable law and NYSE rules) be issued in one or more transactions that could make a change of control of us more difficult, and therefore more unlikely. The additional authorized shares could be used to discourage persons from attempting to gain control of us by diluting the voting power of shares then outstanding or increasing the voting power of persons who would support the Board of Directors in a potential takeover situation, including by preventing or delaying a proposed business combination that is opposed by the Board although perceived to be desirable by some stockholders.

Some of the remaining changes in this proposal delete provisions made unnecessary by the conversion of the Class C common stock and changes in relationships with former affiliates. Other changes accommodate corporate governance requirements or clarify existing provisions. None of these changes in Proposal 1(c) are intended to have any adverse effect on the rights of our stockholders.

If Proposal 1(c) is approved, we will file the restated Charter with the Delaware Secretary of State shortly following the meeting and will incorporate into the restatement the amendments to the Charter contemplated by Proposal 1(a) or 1(b) to the extent they are approved at the meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR PROPOSAL 1(c).

PROPOSAL 2 ELECTION OF DIRECTORS

As a consequence of the conversion last year of the Class C common stock into common shares, effective at the meeting, the size of the Board of Directors will be reduced from eleven to nine directors, four of whom are to be elected by the holders of the Class B common stock. Contingent upon the approval of Proposal 1(a), the Board of Directors has approved setting the number of directors at twelve, including the four Class B directors.

Our Board of Directors has nominated the following five persons listed below as "Nominees for Director to be Elected by Holders of Voting Shares." Mr. Bayh, who is currently a director, is not standing for reelection. The Class B holders have nominated the four persons listed below as "Nominees for Director to be Elected by the Holders of Class B Common Stock." All of these four nominees are currently Class B directors.

Under the current provisions of the Charter, the Board of Directors does not have the authority to change the number of directors from nine. Accordingly, the election of the three persons listed below as "Additional Nominees" is subject to the approval of Proposal 1(a) which would permit the Board of Directors to change the number of directors subject to a maximum of fifteen.

If Proposal 1(a) is not approved, then, the persons holding the proxies for the voting shares will not vote for the election of the Additional Nominees, and the number of directors will be fixed at nine. Each person selected will serve until the 2010 annual meeting of stockholders and until his or her successor has been elected.

Our employment agreement with Mr. Sokolov contemplates that he will be elected to the Board of Directors and holders of Class B common shares have agreed to elect Mr. Sokolov to the Board.

We expect each nominee for election as a director to be able to serve if elected. If any nominee is not able to serve, proxies will be voted in favor of the remainder of those nominated and may be voted for substitute nominees.

The names, principal occupations and certain other information about the nominees for director are set forth on the following pages.

Security Ownership of Directors and Officers

As of March 9, 2009, the nominees and our named executive officers:

owned beneficially the indicated number and percentage of common shares and Class B common stock treated as a single class; and

owned beneficially the indicated number and percentage of units which are exchangeable for common shares on a one-for-one basis or cash, as determined by the Board.

Unless otherwise indicated in the footnotes, shares or units are owned directly and the indicated person has sole voting and investment power.

No nominee or named executive officer beneficially owns any shares of our preferred stock that has the right to vote on any matter presented to stockholders at the meeting.

**PROPOSAL 3 AUTHORIZATION OF MANAGEMENT TO ADJOURN, POSTPONE
OR CONTINUE THE MEETING**

The Board of Directors believes that, if the number of votes cast in favor of either Proposal 1(a) or Proposal 1(b) is insufficient to approve the proposal, it is in the best interests of the stockholders to permit the Board of Directors, for a limited period of time, to continue to seek to obtain a sufficient number of additional votes to approve such proposal. As explained above, approval of Proposal 1(a) will allow us to increase the number of directors so that the Additional Nominees can be added to the Board. Approval of Proposal 1(b) will enhance the rights of stockholders by eliminating certain supermajority voting requirements for Charter amendments.

In Proposal 3, we are asking you to authorize the holder of any proxy solicited by our Board of Directors to vote in favor of authorizing management to adjourn, postpone or continue the meeting and any later adjournments. If our stockholders approve this proposal, we could adjourn, postpone or continue the meeting, and any adjourned session of the meeting, to use the additional time to solicit additional proxies in favor of Proposal 1(a) or Proposal 1(b), including the solicitation of proxies from the stockholders that have previously voted against such proposal. Among other things, approval of Proposal 3 could mean that, even if proxies representing a sufficient number of votes against Proposal 1(a) or Proposal 1(b) to defeat it have been received, we could adjourn, postpone or continue the meeting without a vote on the proposal and seek to convince the stockholders who voted against or abstained from voting on the proposal to change their votes.

No proxy that is specifically marked **AGAINST** Proposal 1(a) or Proposal 1(b) will be voted in favor of Proposal 3 unless it is specifically marked **FOR** Proposal 3.

PROPOSAL 4 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Ernst & Young LLP, or E&Y, as our independent registered public accounting firm for 2009, subject to the approval of our stockholders.

The Report of the Audit Committee contains information on the amount of fees paid to E&Y during 2008 and 2007. We expect that representatives of E&Y will be present at the meeting and will be available to respond to appropriate questions. They will also have an opportunity to make a statement if they desire to do so.

If the holders of a majority of voting shares voting on this matter do not ratify the selection, the Audit Committee will reconsider its choice taking into consideration the views of the stockholders and may, but will not be required to, appoint a different independent registered public accounting firm.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR PROPOSAL 4.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is responsible for monitoring the integrity of the company's consolidated financial statements, the qualifications, performance and independence of the company's independent registered public accounting firm, the performance of the company's internal auditor and the company's compliance with legal

and regulatory requirements. We have the sole authority to appoint or replace the company's independent registered public accounting firm. The committee operates under a written charter adopted by the Board. The committee currently has three members. The Board has determined that each committee member is independent under the standards of director independence established under our Governance Principles, New York Stock Exchange listing standards and applicable securities laws.

Management is responsible for the financial reporting process, including the system of internal control, for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States and for management's report on internal control over financial reporting. The company's independent registered public accounting firm is responsible for auditing the consolidated financial statements, expressing an opinion on the financial statements and the effectiveness of internal control over financial reporting. Our responsibility is to oversee and review the financial reporting process and to review and discuss management's report on internal control over financial reporting. We are not, however, professionally engaged in the practice of accounting or auditing and do not provide any expert or other special assurance as to such financial statements concerning compliance with laws, regulations or accounting principles generally accepted in the United States or as to the independence of the independent registered public accounting firm. We rely, without independent verification, on the information provided to us and on the representations made by management and the independent registered public accounting firm.

We held nine meetings during 2008. The meetings were designed, among other things, to facilitate and encourage communication among the committee, management, the company's internal auditor and the independent registered public accounting firm, E&Y.

We discussed with the company's internal auditor and E&Y the overall scope and plans for their respective audits. We met with the internal auditor and E&Y, with and without management present, to discuss the results of their examinations and their evaluations of the company's internal control. We reviewed and discussed the company's compliance with Section 404 of the Sarbanes-Oxley Act of 2002, including consideration of the Public Company Accounting Oversight Board's (PCAOB) Auditing Standard No. 5, An Audit of Internal Control Over Financial Reporting That is Integrated With an Audit of Financial Statements.

We discussed with management the company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the company's risk assessment and risk management processes.

We reviewed and discussed the audited consolidated financial statements for the year ended December 31, 2008 with management, the internal auditor and E&Y. We reviewed E&Y's report on our financial statements which indicated that the financial statements present fairly, in all material respects, our financial position and results of operations and cash flows in conformity with accounting principles generally accepted in the United States. We reviewed and discussed with management, the internal auditor and E&Y, management's report on the effectiveness of internal control over financial reporting and E&Y's report on internal control over financial reporting. We also discussed with management, the internal auditor and E&Y the process used to support certifications by the company's Chief Executive Officer and Chief Financial Officer that are required by the Securities and Exchange Commission and the Sarbanes-Oxley Act of 2002 to accompany the company's periodic filings with the Securities and Exchange Commission and the processes used to support management's report on internal control over financial reporting.

We also discussed with E&Y matters required to be discussed by their professional standards, including, among other things, matters related to the conduct of the audit of the company's consolidated financial statements and the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

Table of Contents

We also received the written disclosures and the letter from E&Y required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with us concerning independence and we discussed with E&Y the independence of that firm.

When considering E&Y's independence, we considered if services they provided to the company beyond those rendered in connection with their audit of the company's consolidated financial statements and the effectiveness of internal control over financial reporting and reviews of the company's quarterly unaudited consolidated financial statements were compatible with maintaining their independence. We concluded that the provision of such services by E&Y has not jeopardized E&Y's independence.

Based on our review and these meetings, discussions and reports, and subject to the limitations on our role and responsibilities referred to above and in the Audit Committee Charter, we recommended to the Board that the company's audited consolidated financial statements for the year ended December 31, 2008 be included in the company's annual report on Form 10-K. The Committee has also selected E&Y as the company's independent registered public accounting firm for the year ended December 31, 2009 and will present the selection to the stockholders for ratification at the meeting.

We approve all audit and permissible non-audit services to be provided to the company by E&Y prior to commencement of services. We have delegated to the Chairman of the Audit Committee the authority to approve specific services up to specified individual and aggregate fee amounts. These approval decisions are presented to the full Audit Committee at the next scheduled meeting after such approvals are made.

The company has incurred fees as shown below for services from E&Y. E&Y has advised us that it has billed or will bill the company the below indicated amounts for the following categories of services for the years ended December 31, 2008 and 2007, respectively:

	2008	2007

COMPENSATION COMMITTEE REPORT

The Compensation Committee consists of the four directors named below, each of whom meets the independence standards of the company's Governance Principles, the New York Stock Exchange listing standards and applicable securities laws. The committee has overall responsibility for:

determining the compensation of the executive officers, including setting and determining achievement of established performance goals;

designing, with the active assistance of management and human resource experts and the committee's consultant, the company's executive compensation program;

administering the company's stock-based compensation plans and programs;

recommending any new elements of executive compensation or programs for consideration to the full Board of Directors; and

discussing the Compensation Discussion and Analysis required by Securities and Exchange Commission regulations with management and, if appropriate, recommending its inclusion in the company's annual report on Form 10-K and proxy statement.

The committee has the authority to engage an independent compensation consultant or other advisors and has used Frederic W. Cook & Co., Inc., or Cook, in that capacity. Cook does no work for management unless requested by the Chairman of the Compensation Committee, receives no compensation from the company other than for its work in advising the committee, and maintains no other economic relationships with the company.

The meetings were designed, among other things, to facilitate and encourage free and frank discussion between committee members and the consultant as well as extensive communication among committee members, executive management, and other company personnel involved in executive compensation matters.

The committee reviewed and discussed with management the Compensation Discussion and Analysis that immediately follows this report. Based on its review and these discussions with management, the committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the company's annual report on Form 10-K for the fiscal year ended December 31, 2008, and proxy statement for the 2009 annual meeting of stockholders.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The following discussion is intended to supplement the more detailed information concerning executive compensation that appears in the rest of this section and in the tables and the accompanying narrative. Our goal is to provide a better understanding of our compensation practices and the decisions made concerning the compensation payable for 2008 to our executive officers, including the Chief Executive Officer, or CEO, and the other executive officers named in the Summary Compensation Table, or the named executive officers.

The Compensation Committee of our Board of Directors, referred to in this section as the committee, plays a key role in designing and administering our executive compensation program. All principal elements of compensation paid to our executive officers are subject to approval by the committee. The Compensation Committee Report immediately precedes this discussion.

The past year proved to be one of the most challenging years in recent memory, not only for the retail real estate sector, but for our tenants and their retail customers. The year was equally challenging for our stockholders. The two broad indices we use to measure our performance for some compensation determinations the Standard and Poor's 500 Index and the Morgan Stanley US REIT Index each declined by more than one-third during 2008. These difficult economic conditions are continuing into 2009.

Bearing these conditions in mind, the committee, at the request of management, made significant reductions in the overall compensation paid to executives for 2008. In many cases, individual goals or targets for company performance were achieved that would have justified greater levels of compensation. As explained below, the committee made substantial reductions in bonuses and payouts of incentive compensation for executives as a consequence of current adverse business conditions and to support management's focus on reducing costs. Management also instituted similar compensation reductions throughout the organization.

For the named executive officers and other executive officers with an office of Vice President or above, the committee took the following actions in early 2009:

determined not to make any merit or other increases to 2008 base salaries;

approved annual cash bonuses for 2008 at approximately 60% of the amounts paid for 2007;

reduced the payout of the 2008 stock incentive program from an 80% payout to 40% or less for individual participants; and

determined not to create an annual stock-based incentive compensation program for 2009.

These actions are generally consistent with actions our peer companies are taking. The committee will continue to review compensation arrangements to determine if circumstances warrant additional changes.

Objectives

We believe we are the leading retail real estate company in the United States. We have the largest market capitalization of any publicly traded real estate company in North America and own the largest portfolio by square footage of U.S. retail real estate. We depend on the knowledge, skills, experience, and talent of our senior executives in the highly-competitive real estate industry, in particular in the areas of real estate acquisitions, development, leasing and property management.

Table of Contents

To maintain and enhance our competitive position, our executive compensation program needs to:

maintain the team of executives who have made major contributions to our success and attract other highly qualified executives to strengthen that team;

motivate executives to improve their performance by contributing to the achievement of corporate and business unit goals as well as individual goals; and

align the interests of executives with those of our stockholders.

The committee has designed and administers our executive compensation program with the intention of incenting long-term superior performance. The committee monitors the effectiveness of our program on an ongoing basis. As we continue to grow in size and complexity, it is increasingly important for us to develop effective executive succession plans. For these plans to be effective, we believe it is necessary for our compensation to be competitive not only with other real estate companies, but also with other large enterprises, in both public and private sectors, with whom we compete for executive talent. The committee will continue to study and develop improvements to our compensation practices as circumstances warrant.

Principal Elements of Compensation

To accomplish these objectives, we have designed a relatively simple executive compensation program. There are three major elements of our program base salary, annual cash bonuses and long-term incentives.

Although all three of these elements are integrated into our overall program, each serves a different purpose:

base salaries provide an appropriate level of fixed compensation that will promote executive recruitment and retention;

annual cash bonuses that primarily depend upon our overall financial performance in a year and the committee's qualitative assessment of the executives' contributions to that performance; and

long-term incentives which take the form of restricted stock awards made under the Simon Property Group, L.P. 1998 Stock Incentive Plan, or 1998 plan, align the interests of our executives with the interests of our stockholders. The issuance of the restricted stock depends on the extent to which we achieve predetermined quantitative measures of performance including internal operational metrics such as Funds From Operations, or FFO, per share, and established indices against which we measure our total stockholder return. They also assist in retention of our executives because after the performance measures are achieved, the restricted stock is then subject to multi-year continued service vesting requirements. As explained below, the committee has determined that for the first time since 2001, it will not establish an annual stock incentive program for 2009 due to current economic circumstances and to support management's focus on reducing costs.

Base Salaries. Base salaries of executive officers are set at levels competitive with other companies engaged in the retail real estate industry and with other businesses of comparable size and scope with whom we compete for executive talent. The committee reviews base salaries for the executive officers annually and makes adjustments to reflect market conditions, changes in responsibilities and merit increases consistent with compensation practices throughout our organization.

Annual Cash Bonuses. At the beginning of the performance year, the committee approves target and stretch bonus amounts for each participant, ranging from 0 to 200% of the participant's base salary in effect at the end of the performance year. Unlike the stock incentive programs in which the performance measures used for the named executive officers are based solely on company performance, the performance factors or goals for annual cash bonuses include both objective and subjective criteria and consider individual performance as

Table of Contents

well as company performance. For example, with respect to the CEO, the committee specified the following as some, but not all, of the performance factors or goals to be considered with respect to 2008:

Stockholder value creation

Earnings growth

Achievement of successful acquisition and development activity

Achievement of strategic business priorities

Operational efficiencies

The annual cash bonus decisions for the named executive officers, except for Mr. Lewis, are determined by using a combination of objective and subjective criteria. In Mr. Lewis' case, the target and stretch bonus opportunities set by the committee were tied to achievement of objective levels for leasing results. However, the final amount of the annual cash bonuses to all of the named executive officers is within the committee's discretion, it may be increased or decreased from the original target and stretch levels. Ultimately, it is the committee's subjective assessment of each executive officer's performance which determines the amount of the bonus and not the operation of a mechanical formula.

Long-Term Incentives. Long-term incentives are equity awards made under the 1998 plan, which is administered by the committee. Although the 1998 plan authorizes a variety of awards, the only forms of awards the committee has granted have been options and restricted stock. No stock options have been granted to employees since 2001.

Until 2009, the committee had created an annual stock incentive program under the 1998 plan for seven consecutive years. The details of the two most recent stock incentive programs are explained below. The committee allocates each participant an opportunity to receive an award valued in dollars that will be granted if absolute and relative performance measures have been achieved. The determination of the extent to which the goals have been achieved is made after our financial results have been announced in the following year. In view of current economic conditions and management's focus on reducing costs, the committee determined not to create a similar stock incentive program for 2009.

In recent years, the absolute performance measures have included "target" and "stretch" goals for funds from operations (FFO) per share and the relative performance measures have compared our total stockholder return for the performance year to the returns experienced by two recognized stock indices the Morgan Stanley US REIT Index and the S&P 500 Index.

Depending on the extent to which the company's performance measures are achieved, the dollar values are converted into shares of restricted stock using the average of the closing prices for our common stock for the ten day trading period commencing three days after we report earnings for the program year, or the ten day average price. Once issued, the shares of restricted stock are then subject to a four-year continued service vesting requirement beginning in the second year after the performance year. Except as otherwise provided in the award agreement, the participant must remain employed on the day prior to the vesting date for the restricted stock to vest. Participants are entitled to vote and receive distributions on unvested shares of restricted stock.

The 2007 stock incentive program had the following terms:

Incentive opportunities designated in dollar values.

Table of Contents

The company's performance measures and weightings for the year were as follows:

Performance Measure	Goals	Weighting
"Target" FFO per Share Goal	\$ 5.85	35%
"Stretch" FFO per Share Goal	\$ 5.90	25%
Total Stockholder Return (including dividends) vs. MSCI US REIT Index	(meet or exceed)	20%
Total Stockholder Return (excluding dividends) vs. S&P 500 Index	(meet or exceed)	20%
	<i>Total</i>	100%

The 2007 program also provided that if FFO per share exceeded \$5.85 but was less than or equal to \$5.90, an additional 5% in value would be awarded for each incremental \$0.01 in FFO per share.

The 2007 program recognized evaluations of individual annual performance to adjust, both up and down, each individual's original award allocation. The committee assigned each executive officer an individual rating for his or her program year performance ranging from "0" to "3." Participants with the highest rating of "3" receive 110% to 125% of the initial allocation based on corporate performance (the "calculated award"). Participants with a rating of "2" receive 100% of the calculated award. Participants with a rating of "1" receive 75% of the calculated award, and participants with a rating of "0", which represents unacceptable performance, receive no award. The committee delegated the authority to assess the individual performance of the other participants to a committee of senior management, which assigned similar ratings to other participants.

On February 28, 2008, the committee determined that, except for total stockholder return vs. S&P 500 index, all of the performance measures for 2007 had been achieved, resulting in a payout of 80% of the original award allocations and calculated an adjusted value for each participant using their individual performance ratings. The adjusted values were then converted into shares of restricted stock using the ten day average price of \$84.98. Fractional shares were rounded to the next full share. A total of 310,166 shares of restricted stock were issued under the program, including 61,191 shares issued to the named executive officers.

The shares of restricted stock will vest in four equal annual installments commencing January 1, 2009 with a continuous service requirement, except for termination of service resulting from death, disability or, with the committee's approval, retirement. Participants are entitled to vote and receive distributions on unvested shares.

The restricted stock awards issued in 2008 under the 2007 stock incentive program are reported in the Grants of Plan-Based Awards in 2008 Table on page 46 in this proxy statement.

The 2008 stock incentive program had the following terms:

Incentive opportunities designated in dollar values were allocated to participants, including approximately \$6.5 million to the named executive officers.

Table of Contents

The performance measures and weightings for the year for the named executive officers were as follows:

Performance Measure	Goals	Weighting
"Target" FFO per Share Goal	\$ 6.40	35%
"Stretch" FFO per Share Goal	\$ 6.50	25%
Total Stockholder Return (including dividends) vs. MSCI US REIT Index	(meet or exceed)	20%
Total Stockholder Return (excluding dividends) vs. S&P 500 Index	(meet or exceed)	20%
	<i>Total</i>	100%

The 2008 program also provided that if FFO per share exceeded \$6.40 but was less than or equal to \$6.50, an additional 2.5% in value would be awarded for each incremental \$0.01 in FFO per share.

In addition to the executive officers, three other groupings participated in the 2008 program, each with somewhat different performance measures and weightings. The first of these groupings, consisting of senior employees who are heads of identified business units, had 50% of their award tied to the achievement of the performance measures established for the executive officers, with the remaining 50% tied to the achievement of pre-determined individual and business unit objectives. The remaining two groupings had at least a portion of their award based upon achievement of the target FFO per share goal of \$6.40, with the balance tied to achievement of either defined financial goals and/or other pre-determined qualitative individual performance objectives.

Consistent with the 2007 stock incentive program, the 2008 program used evaluations of individual performance to adjust the original award allocations on a positive or negative basis. The committee assigned each executive officer an individual rating for his or her program year performance ranging from "0" to "3." The committee delegated the authority to assess the individual performance of the other participants to a committee of senior management, which assigned similar ratings to other participants.

On February 27, 2009, the committee determined that all of the 2008 performance measures applicable to executive officers had been achieved at levels resulting in a 75% payout percentage. In addition, because FFO per share for 2008 was \$6.42, or \$0.02 greater than the "target goal," the payout percentage was increased by an additional 5% increment to a potential payout of 80% of the original award allocations. In view of current economic conditions and management's focus on reducing costs, the committee reduced the payout to executive officers to a 40% payout or less. For participants in the remaining three groups, management advised the committee that applicable performance measures had been achieved resulting in payout percentages between 20% and 80% of initial opportunities. Based upon management's recommendation, the Committee then further adjusted payouts for each participant in the three remaining groups to 40%, 50% or 60% of each participant's payout percentage using their assigned ratings. The adjusted values were then converted into shares of restricted stock using the ten day average price of \$41.42. Fractional shares were rounded to the next full share. A total of 262,947 shares of restricted stock were issued under the program, including 58,912 shares issued to the named executive officers.

The shares of restricted stock will vest in four equal annual installments commencing January 1, 2010 with a continuous service requirement, except for termination of service resulting from death, disability or, with the committee's approval, retirement. Executive officers who received restricted stock awards will not be entitled to receive distributions on unvested awards denominated in common shares.

Other Elements of Compensation

Retirement and Health and Welfare Benefits. We have never had a traditional or defined benefit pension plan. We maintain a 401(k) retirement plan in which all salaried employees can participate on the same terms.

Table of Contents

Currently, our basic contribution to the 401(k) retirement plan is equal to 1.5% of the participant's compensation and vests 20% after the completion of two years and an additional 20% after each additional year of service until fully vested after six years. We match 100% of the first 3% of the participant's contribution and 50% of the next 2% of the participant's contribution. Our matching contributions are vested when made. Our basic and matching contributions are subject to applicable IRS limits and regulations. The contributions we made to the 401(k) accounts of the named executive officers are shown in the All Other Compensation column of the Summary Compensation Table on 43. Executive officers also participate in health and welfare benefit plans on the same terms as other salaried employees.

Employment and Change-in-Control Agreements. The only executive officer who has an employment agreement with us is Mr. Sokolov who had an employment agreement in place with his previous employer a company we merged with in 1996. A summary of Mr. Sokolov's employment agreement appears on 51 of this proxy statement. Our named executive officers do not participate in or benefit from any "change in control" or "golden parachute" arrangements. Awards under the 1998 plan will vest in the event of a change in control.

Deferred Compensation Plan. We maintain a non-qualified deferred compensation plan that permits senior executives, key employees and directors to defer all or part of their compensation, including awards under the 1998 plan. There are separate accounts for the executives and the directors. Although we have the discretion to contribute a matching amount or make additional incentive contributions, we have never done either. As a result, the amounts disclosed in the Nonqualified Deferred Compensation in 2008 Table on page [] consist entirely of compensation earned by, but not yet paid to, the executives and any earnings on such deferred compensation. A participant's deferrals are fully vested, except for restricted stock awards that still have vesting requirements. Upon death or disability of the participant or our insolvency or a change in control affecting us, a participant becomes 100% vested in his account.

Stock Option and Equity Award Grant Practices. The committee has not granted any stock options to executives or other employees since 2001. The 1998 plan requires the exercise price of stock options to be set at the mean between the high and low sales prices of a share of common stock as reported by the New York Stock Exchange for the grant date.

Role of Management in Compensation Decisions

The CEO provides his recommendations to the committee on the compensation of each of the other executive officers. The CEO develops his recommendations using third-party data, his own views regarding the executives' performance and the advice of our human resources department on such factors as compensation history, tenure, responsibilities, market data for competitive positions and retention concerns and the need to maintain consistency within the organization. Although the committee gives consideration to the CEO's recommendations and to any views of its compensation consultant, the final compensation decisions affecting all executive officers are within its discretion.

In recent years, the committee has used the concept of "total direct compensation" as a means to assess the competitiveness of our pay practices. Total direct compensation is not the same as total compensation shown in the Summary Compensation Table. Total direct compensation for a given year consists of base salary, cash bonus earned for that year and the grant date fair value of the restricted stock award made for that year. Although they are not paid until the following year, bonuses are reflected as having been earned in the Bonus column of the Summary Compensation Table on page 43 of this proxy statement. Because the restricted stock awards for a performance year are not made until the following year, they are not reflected in the Grants of Plan-Based Awards Table for the performance year. The restricted stock awards for 2008 performance are shown in footnote (6) to the Outstanding Equity Awards at 2008 Fiscal Year-End Table on page 47. The amounts of total direct compensation paid to the named executive officers for the past three years are shown in the Supplemental Table on page 45 of this proxy statement.

Table of Contents

Competitive Position

In some years, management or the committee has reviewed data with regard to the compensation practices of other public real estate companies to assess the competitive position of our executive compensation program. Although no similar review was conducted in 2008 the committee nonetheless made a number of changes to our compensation policies both with respect to 2008 and 2009.

2009 Compensation Decisions

CEO Compensation. In light of current economic circumstances and in recognition of management's efforts to reduce costs, the committee made the following decisions with respect to the CEO's compensation.

The committee decided not to make any change to David Simon's 2008 base salary for 2009.

The committee determined that, although David Simon had achieved or exceeded his performance goals and factors for the year, he was awarded a bonus equal to 60% of his bonus for 2007.

The committee had allocated David Simon the opportunity to receive a target award of restricted shares with a value of \$2,000,000 under the 2008 stock incentive program. These award opportunities are reflected in the Grants of Plan-Based Awards in 2008 Table. As explained above, although the performance measures had been achieved to the extent that an 80% payout was appropriate, the committee reduced the payout by 50% to a 40% payout. Based on the ten-day average price of \$41.42 per share, this resulted in an award to David Simon of 19,315 shares of restricted stock. These shares were granted in 2009 for 2008 performance and their grant date fair value is reflected in the Supplemental Table for 2008 on page 45.

The committee determined not to allocate an award opportunity for any executive officers, including David Simon, under a stock incentive program for 2009, the first year since 2001 in which such a program has not been established.

As seen in the Supplemental Table on page 45 of this proxy statement, David Simon's total direct compensation for 2008 was 38% less than the comparable amount for 2007.

Other Executive Officer Compensation. After taking into account current economic conditions and in recognition of management's effort to reduce costs, the committee made the following decisions with respect to the 2008 compensation of the named executive officers other than David Simon as follows:

The committee decided not to make any changes to the 2008 base salaries for the other four named executive officers.

On February 27, 2009, the committee approved the following bonuses for 2008: Mr. Sterrett \$270,000; Mr. Sokolov \$586,500; Mr. Lewis \$250,000 and Mr. Barkley \$360,000. The aggregate bonuses were approximately 65% of the aggregate bonuses paid to these executive officers for 2007.

The committee had allocated the other named executive officers the opportunity to receive a target award of restricted shares under the 2008 stock incentive program with the values reflected in the Grants of Plan Based Awards in 2008 Table. As explained above, although the performance measures for the 2008 performance year had been achieved at a level that would have resulted in an 80% payout for three of these officers and a 40% payout for the other officer, the committee reduced the payout for Messrs. Sterrett, Sokolov and Barkley by one-half to a 40% payout and for Mr. Lewis by 40% to a 24% payout. Accordingly, the committee approved issuing shares of restricted stock to the named executive officers in the amounts shown in footnote (6) to the Outstanding Equity Awards at 2008 Fiscal Year-End table on page 47.

Table of Contents

Based on the recommendation of the CEO, the committee determined not to allocate award opportunities to the other named executive officers under a stock incentive program for 2009, the first year since 2001 in which such a program has not been established.

The committee determined that executive officers who received restricted stock awards under the 2008 stock incentive program would not be entitled to receive distributions on unvested awards denominated in common shares.

Total Direct Compensation. Consistent with prior years, compensation tied in various way to our performance comprised a significant portion of the compensation of the named executive officers. As shown in the Supplemental Table on page 45, the base salary and bonus payments earned by our named executive officers for 2008 as a percentage of total direct compensation ranged from 36% to 58%. The grant date fair value of the restricted stock awards under the 2008 stock incentive program granted in 2009 represented approximately 25% of 2008 total direct compensation. Because the Summary Compensation Table reflects the compensation expense we reported in our 2008 financial statements for restricted stock awards granted in 2008 and prior years and not the grant date fair value of the awards granted in 2009 with respect to 2008 performance, these percentages cannot be derived using the amounts in the Summary Compensation Table. The committee's actions to reduce bonuses and payouts of incentive compensation in response to economic conditions had a significant impact on 2008 total direct compensation. The aggregate total direct compensation to the named executive officers for 2008 was approximately 61% of the comparable amount for 2007.

Executive Equity Ownership Guidelines

We believe that the financial interests of our executives should be aligned with those of our stockholders. In addition to using awards of restricted shares as a long-term incentive, our Board of Directors has established equity ownership guidelines for key executives, including the named executive officers. The current ownership guidelines require the executives to maintain ownership of our stock or other securities having a value expressed as a multiple of their base salary for as long as they remain our employees. These multiples are as follows:

Position	Value as a Multiple of Base Salary
CEO	4.0
President and/or Chief Operating Officer	3.0
Other Executive Officers and Executive Vice Presidents who are heads of significant disciplines	2.0

In addition, these executives are required to retain ownership of a sufficient number of shares received in the form of restricted share awards representing at least 50% of the after-tax value of his or her award or 25% of the pre-tax value of such awards. These shares are to be retained by the executive until he or she retires, dies, becomes disabled or is no longer our employee.

Ownership of any class of our equity securities or units of Simon Property Group, L.P. counts toward fulfillment of these guidelines, including securities held directly, securities held indirectly by or for the benefit of immediate family members, shares of restricted stock that have been earned, even if not vested, and shares held following the exercise of stock options. Unexercised stock options do not count toward these goals. Each of our named executive officers currently meets or exceeds these guidelines.

We do not have a policy regarding the recovery of performance-based awards in the event of a financial statement restatement beyond the requirements of Section 302 of the Sarbanes-Oxley Act of 2002. That statute requires the chief executive and chief financial officers of a publicly-held company to repay certain amounts if the company restates its financial statements as a result of financial reporting misconduct. The amounts to be

Table of Contents

repaid consist of (1) any bonus or other incentive-based or equity-based compensation received from the company during a twelve month period following the filing of the financial document in question; and (2) any profits realized from the sale of securities of the company during that period.

Section 162(m)

Section 162(m) of the Internal Revenue Code disallows a federal income tax deduction to publicly-held companies for compensation paid to certain executives to the extent their compensation exceeds \$1,000,000 in any fiscal year. As long as we qualify as a REIT, we do not pay taxes at the corporate level. To the extent that any part of our compensation expense does not qualify for deduction under Section 162(m), a larger portion of stockholder distributions may be subject to federal income tax as ordinary income rather than return of capital, and any such compensation allocated to our taxable REIT subsidiaries whose income is subject to federal income tax would result in an increase in income taxes due to the inability to deduct such compensation. In addition, the Internal Revenue Service has issued a series of private letter rulings which indicate that compensation paid by an operating partnership to executive officers of a REIT that serves as its general partner is not subject to limitation under Section 162(m) to the extent such compensation is attributable to services rendered to the operating partnership. Although we have not obtained a ruling on this issue, we believe the positions taken in the rulings would apply to our operating partnership as well.

Substantially all of the services rendered by our executive officers were on behalf of the Operating Partnership. Accordingly, we believe that the compensation we paid to our executive officers for 2008 will not be limited by Section 162(m).

(1) Bonuses earned with respect to the listed year were paid in the following year.

(2) Represents the dollar amount recognized for financial statement purposes for the shares of restricted stock that were issued under the stock incentive programs for 2007 and earlier. The amounts recognized have been determined in accordance with Financial Accounting Standards Board Statement No. 123R (Share-Based Payment) ("FAS 123R") except that estimated forfeitures were excluded in the determination. For this purpose, the number of shares of restricted stock is multiplied by the closing price of our common stock at the time of grant and then is amortized over the vesting period beginning January 1 of the year of grant. There were no forfeitures of awards to the named executive officers identified in the table. Awards of restricted stock under stock incentive programs are not granted until the following year and therefore are not included in FAS 123R compensation cost for the program year. The cost of each award included in the aggregate cost is as follows:

- (1) The dollar values shown represent the initial opportunities allocated under the 2008 stock incentive program. Initial opportunities were designated as dollar values at target and maximum levels which may be converted into shares of restricted stock depending on the extent to which the performance measures for the program year are met. As explained in the Compensation Discussion & Analysis, although the performance measures for the 2008 stock incentive program were achieved at levels that would have resulted in payouts to four of the named executive officers at 80% of the maximum estimated payout shown in the table, the actual payouts to the named executive officers were reduced to 40% or less. Shares of restricted stock under the 2008 stock incentive program were issued in 2009 and the grant date fair value of those awards is reflected in the Supplemental Table on page 45.

Value realized is calculated on the basis of the difference between the exercise price and the closing price of our common stock as reported by the NYSE on the date of exercise, multiplied by the number of shares acquired on exercise.

- (2) Portions of restricted stock awards from stock incentive programs for 2006 and earlier vested on January 1, 2008. Value realized is calculated by multiplying \$86.86 (the closing price of our common stock as reported by the NYSE on December 31, 2007) by the number of shares that vested on January 1, 2008.
- (3) David Simon continues to hold the shares acquired on exercise of this option. Based on the closing prices as reported by the NYSE, the value of the 100,000 shares acquired by David Simon at the time he exercised the option was \$1,230,000 greater than the value on March 9, 2009.

- (1) The contributions for David Simon include \$500,000 of the amount reported in the Salary column of the Summary Compensation Table for 2008. The contributions for Messrs. Sterrett and Barkley consist of a portion of their restricted stock awards under the 2007 stock incentive program.
- (2) Aggregate earnings include dividends paid on, and appreciation of, shares of our common stock held in the plan.
- (3) Of the amounts in this column, the following amounts are or were previously reported in the Summary Compensation Table: Mr. Simon \$8,703,504, Mr. Sterrett \$1,851,127, Mr. Sokolov \$0, Mr. Lewis \$894,900, and Mr. Barkley \$4,822,182.

The assets of our deferred compensation plan are held in what is commonly referred to as a "rabbi trust" arrangement. This means the assets of the plan are subject to the claims of our general creditors in the event of our insolvency. The plan assets are invested by the trustee in its sole discretion. Payments of a participant's elective deferrals are made as elected by the participant. These amounts would be paid earlier in the event of termination of employment or death of the participant, an unforeseen emergency affecting the participant as determined by the committee appointed to administer the plan or a change in control affecting us.

We have not made any contributions to the executive account of our deferred compensation plan since its inception in 1995. As a result, the contributions and aggregate balances shown in the table above are composed entirely of contributions made by the executives from their salary, bonus or restricted stock awards for prior years and earnings on those amounts. The earnings do not represent above-market or preferential rates. The executives may vote and are entitled to receive dividends on their restricted stock awards in the plan.

Deferral elections are made by eligible executives in June of each year for amounts to be earned or granted in the following year. An executive may defer all or a portion of salary, annual bonus or restricted stock awards.

The investment options available to an executive under the deferral program vary depending upon the type of compensation being deferred. Deferred compensation consisting of shares of our common stock may be kept in that form. The table below shows the investment options available and their annual rate of return for the calendar year ended December 31, 2008:

**ESTIMATED POST-EMPLOYMENT PAYMENTS
UNDER ALTERNATIVE TERMINATION SCENARIOS**

This section discloses the payments we would make to our named executive officers under alternative scenarios in which their employment could terminate. These consist of payments we would make under our current severance policy (which applies to all full-time employees) and Mr. Sokolov's employment agreement and certain continuing benefits under our 1998 plan. There are no other agreements, arrangements or plans that entitle our executive officers to severance, perquisites or other enhanced benefits upon a termination of employment. We do not disclose payments or other benefits under our 401(k) retirement plan and health and welfare plans because all salaried employees are entitled to the same benefits under those plans. The amounts paid upon termination of employment would not include any contributions we have made to the deferred compensation plan for our named executive officers because the amounts in that plan consist entirely of contributions made by the executives and earnings on those contributions.

Severance Policy

Under our current severance policy (which we may change without notice), we normally pay a severance benefit to a full-time employee (not covered by a collective bargaining agreement) whose employment is involuntarily terminated due to:

a reduction in force or organizational change following which the employee is not offered another position at substantially the same compensation;

the sale of assets, merger, reorganization or termination of management contract following which the employee is not offered another position with us or the successor company or manager at substantially the same compensation; or

contracting or subcontracting with a third party for services previously performed by our employees, but only if the employee applies for a position with the contractor and is not offered a position.

The severance benefit to our named executive officers is equal to one week of pay for each completed year of service, with a maximum of sixteen weeks. We do not pay severance to an employee whose employment is terminated under other circumstances, including termination for cause (which we can determine in our sole discretion).

In the event that any of our named executive officers, other than Mr. Sokolov, were involuntarily terminated as of December 31, 2008 under the circumstances covered by our current severance policy, they would have been entitled to the following severance benefit: David Simon, \$307,692; Mr. Sterrett, \$146,154; Mr. Lewis, \$153,846; and Mr. Barkley, \$153,846. We discuss Mr. Sokolov's severance benefits below in the summary of his employment agreement.

1998 Plan

Pursuant to the 1998 plan and the terms of the awards granted by the committee as part of our annual stock incentive program, if a participant's employment is terminated for any reason (other than death, permanent disability or, as described below, retirement) the unvested portion of any restricted stock award will terminate. The unvested portion of restricted stock awards fully vest upon the death of a participant and will continue to vest upon the permanent disability of a participant. In the event any of our named executive officers were to have died or become permanently disabled as of December 31, 2008, the value (based on the closing price of \$53.13 for our common stock as reported by the NYSE on December 31, 2008) of the unvested portion of their restricted stock awards would have been: David Simon, \$2,133,435; Mr. Sterrett, \$1,343,020; Mr. Sokolov, \$2,016,177; Mr. Lewis, \$1,416,074; and Mr. Barkley, \$1,359,809.

Table of Contents

If a participant's employment terminates, the vested portion of his option awards will continue to be exercisable for a period of one year in the case of death or disability, three years in the case of retirement at or after age 65, and thirty days if his service is terminated for any other reason other than "cause". In the event service is terminated for cause, all option awards terminate. A participant is deemed to be terminated for "cause" under the 1998 plan if he is discharged (1) on account of fraud, embezzlement or other unlawful or tortious conduct, whether or not involving or against us or any of our affiliates, (2) for violation of our policies or the policies of any of our affiliates, (3) for serious and willful acts of misconduct detrimental to our or our affiliates' business or reputation or (4) for "cause" or any like term as defined in any written contract with the participant. All outstanding option awards held by our named executive officers were fully vested at December 31, 2008, so death, disability or retirement would not have affected any of those awards.

Employment Agreement with Mr. Sokolov

We have an employment agreement with Mr. Sokolov which has a term ending January 31, 2010, subject to automatic renewal for two successive one-year periods unless either party provides 90 day advance notice. The agreement provides for an annual base salary of \$782,000, subject to annual review and adjustment by the committee. The agreement also provides that he is eligible to receive a cash bonus of not less than 75% and not more than 150% of his base salary as determined by the committee.

Mr. Sokolov's employment agreement provides severance benefits that are different from our current severance policy. These benefits are only payable if his employment terminates under the circumstances described in this section. If Mr. Sokolov's employment was terminated by us without "cause," or by him for "good reason," we would have to pay him an amount equal to one year's current base salary and his target bonus in twelve monthly installments. In those instances and also in the event of disability, any unvested restricted stock awards that the committee had granted would continue to vest provided that Mr. Sokolov executes a release in favor of the company and complies with the restrictive covenants described in the following paragraph.

The agreement includes covenants which restrict Mr. Sokolov while he is employed and during any period of time in which restricted stock awards continue to vest from: (1) soliciting any of our employees or inducing them to terminate their employment with us; (2) employing or offering employment to any persons employed by us in a non-administrative capacity during the previous twelve months; or (3) diverting any persons from doing business with us or inducing any persons from doing business with us or inducing anyone to cease being one of our customers or suppliers.

For purposes of Mr. Sokolov's agreement, "cause" is defined as a substantial and continued failure to perform his duties (following notice and an opportunity to cure) or conviction of a felony. "Good reason" is defined as a material diminution of or material adverse change in his duties, offices or responsibilities (including removal from or failure to secure his election to, the Board of Directors); a material breach of our obligations; a failure to have the agreement assumed by any successor to our business; or a required relocation of his principal base location from Youngstown, Ohio or Indianapolis, Indiana.

In the event Mr. Sokolov was terminated by us without "cause" or by him for "good reason" on December 31, 2008, he would have been entitled to receive a severance benefit of \$1,368,500 under his employment agreement.

Compensation of Non-Employee Directors

The Board of Directors believes that competitive compensation arrangements are necessary to attract and retain qualified non-employee directors. The key components of our director compensation program are an annual cash retainer, cash fees for meeting attendance, annual restricted stock grants and additional compensation to committee chairs and the Lead Independent Director.

During 2008, we paid each non-employee director an annual retainer of \$70,000. We also paid each non-employee director a fee of \$2,000 for attending each Board meeting and \$1,500 for attending each committee meeting. The meeting attendance fees are increased by 100% for any non-employee director who travels more than four time zones to attend the meeting.

Non-employee directors who serve as chairpersons of standing committees (excluding the Executive Committee) receive an additional annual cash fee of \$10,000 (in the case of the Audit Committee) or \$7,500 (in the case of all other standing committees). The Lead Independent Director also receives an additional annual cash fee of \$12,500.

Under the 1998 Plan, each non-employee director receives on the first day of the first calendar month following his or her initial election as a director, an award of restricted stock with a value of \$82,500 (pro-rated for partial years of service). Thereafter, as of the date of each annual meeting of stockholders, non-employee directors who are re-elected receive an award of restricted stock having a value of \$82,500. In addition, we make additional awards of restricted stock on the same date to the chairpersons of the standing committees (excluding the Executive Committee) having a value of \$10,000 (in the case of the Audit Committee) or \$7,500 (in the case of all other standing committees). The Lead Independent Director also receives an annual restricted stock award having a value of \$12,500. The number of shares included in any award of restricted stock is determined by dividing the cash value of such award by the 20 trading day average closing price of our

Table of Contents

common stock ending on the trading day immediately preceding the date of any such award. The restricted stock vests in full after one year.

Once vested, all restricted stock awards granted to our non-employee directors must be held in the director account of our deferred compensation plan until the director retires, dies or becomes disabled or otherwise no longer serves as a director. The directors may vote and are entitled to receive dividends on the restricted stock awards in the account. Dividends on the restricted stock awards are reinvested in shares of our common stock. There are no assets other than shares of common stock in the director account.

Director Ownership Guidelines

Each of our directors is required to own not less than 3,000 shares of our common stock or units of Simon Property Group, L.P. within two years after he or she is initially elected to the Board, and not less than 5,000 shares of our common stock within three years from such date. In addition, our directors are required to hold vested restricted stock awards in the director account of our deferred compensation plan until the director retires, dies or becomes disabled, or otherwise no longer serves as a director. Any director who is prohibited by law or by applicable regulation of his or her employer from having an ownership interest in our securities will be exempt from this requirement until the restriction is lifted at which time he or she will have the following two and three year periods to comply with the ownership guidelines. Stock options and unvested shares of restricted stock do not count toward these goals. As of December 31, 2008, all of our directors were in compliance with the ownership guideline.

ANNUAL REPORT

Our Annual Report for the year ended December 31, 2008, including financial statements audited by E&Y, our independent registered public accounting firm, and E&Y's report thereon, is available to our stockholders on the Internet as described in the Notice of Internet availability of proxy materials. (B) the Board of Directors obtains such representations and undertakings from such Person as are reasonably necessary to ascertain that no individual's Beneficial Ownership and Constructive Ownership of Capital Stock will violate the Ownership Limit and agrees that any violation or attempted violation will result in such Common Stock or Preferred Stock being converted into shares of Excess Stock in accordance with subparagraph (a)(3) of this Article NINTH.

Unless so excepted, any acquisition of Capital Stock and continued holding of ownership constitutes a continuous representation of compliance with the above limitations, and any Person who attempts to Beneficially Own or Constructively Own shares of Capital Stock in excess of the above limitations has an affirmative obligation to notify the Corporation immediately upon such attempt. If the restrictions on transfer are violated, the transfer will be void ab initio and the shares of Capital Stock represented hereby will be automatically converted into shares of Excess Stock and will be transferred to the Trustee to be held in trust for the benefit of one or more Qualified Charitable Organizations, whereupon such Person shall forfeit all rights and interests in such Excess Stock. In addition, certain Beneficial Owners or Constructive Owners must give written notice as to certain information on demand and on an annual basis. (A) (1) Upon any purported Transfer or other event that results in Excess Stock pursuant to subparagraph (a)(3) of this Article NINTH, such Excess Stock shall be deemed to have been transferred to the Trustee as trustee of the Trust for the exclusive benefit of one or more Qualifying Charitable Organizations as are designated from time to time by the Board of Directors with respect to such Excess Stock. Shares of Excess Stock held in trust shall be issued and outstanding stock of the Corporation. The Purported Record Transferee or Purported Record Holder and the Purported Beneficial Transferee or Purported Beneficial Holder shall have no rights in such Excess Stock, except such rights to certain proceeds upon Transfer of shares of Excess Stock or upon any voluntary or involuntary liquidation, dissolution or winding up of, or any distribution of the assets of, the Corporation as are expressly set forth herein.

(2) Excess Common Stock shall be entitled to dividends in an amount equal to any dividends which are declared and paid with respect to shares of Common Stock from which such shares of Excess Common Stock were converted. Excess Preferred Stock shall be entitled to dividends in an amount equal to any dividends which are declared and paid with respect to shares of Preferred Stock from which such shares of Excess Preferred Stock were converted. Any dividend or distribution paid prior to discovery by the Corporation that shares of Common Stock or Preferred Stock have been converted into Excess Common Stock or Excess Preferred Stock, as the case may be, shall be repaid to the Corporation upon demand for delivery to the Trustee. The recipient of such dividend shall be personally liable to the Trust for such dividend. Any dividend or distribution declared but unpaid shall be rescinded as void ab initio with respect to such shares of Common Stock or Preferred Stock and shall automatically be deemed to have been declared and paid with respect to the shares of Excess Common Stock or Excess Preferred Stock, as the case may be, into which such shares of Common Stock or Preferred Stock shall have been converted.

(3) In the event of any voluntary or involuntary liquidation, dissolution or winding up of, or any distribution of the assets of, the Corporation, (i) subject to the preferential rights of the Preferred Stock, if any, as may be determined by the Board of Directors and the preferential rights of the Excess Preferred Stock, if any, each holder of shares of Excess Common Stock shall be entitled to receive, ratably with each other holder of Common Stock and Excess Common Stock that portion of the assets of the Corporation available for distribution to the holders of Common Stock or Excess Common Stock as the number of shares of the Excess Common Stock held by such holder bears to the total number of shares of Common Stock and the number of shares of Excess Common Stock then outstanding and (ii) each holder of shares of Excess Preferred Stock shall be entitled to receive that portion of the assets of the Corporation which a holder of the shares of Preferred Stock that were converted into such shares of Excess Preferred Stock would have been entitled to receive had such shares of Preferred Stock remained outstanding. Notwithstanding the foregoing, distributions shall not be made to holders of Excess Stock except in accordance with the following sentence. The Corporation shall distribute to the Trustee, as holder of the Excess Stock in trust, on behalf of the Beneficiaries any such assets received in respect of the Excess Stock in any liquidation, dissolution or winding up of, or any distribution of the assets of the Corporation. Following any such distribution, the Trustee shall distribute such proceeds between the Purported Record Transferee or Purported Record Holder, as appropriate, and the Qualified Charitable organizations which are Beneficiaries in accordance with procedure for distribution of proceeds upon Transfer of Excess Stock set forth in subparagraph (b)(5) of this Article NINTH; provided, however, that with respect to any Excess Stock as to which no Beneficiary shall have been determined within 10 days following the date upon which the Corporation is prepared to distribute assets ("Undesignated Excess Stock"), any assets that would have been distributed on account of such Undesignated Excess Stock had a Beneficiary been determined shall be distributed to the holders of Common Stock and the Beneficiaries of the Trust designated with respect to shares of Excess Common Stock, or to the holders of Preferred Stock and the Beneficiaries of the Trust designated with respect to shares of Excess Preferred Stock as determined in the sole discretion of the Board of Directors.

(4) Excess Common Stock shall be entitled to such voting rights as are ascribed to shares of Common Stock from which such shares of Excess Common Stock were converted. Excess Preferred Stock shall be entitled to such voting rights as are ascribed to shares of Preferred Stock from which such shares of Excess Preferred Stock were converted. Any voting rights exercised prior to discovery by the Corporation that shares of Common Stock or Preferred Stock have been converted into Excess Common Stock or Excess Preferred Stock, as the case may be, shall be rescinded and recast as determined by the Trustee.

(5) (A) Following the expiration of the ninety day period referred to in subparagraph (b)(6) of this Article NINTH, Excess Stock shall be transferable by the Trustee to any Person whose Beneficial Ownership or Constructive Ownership of shares of Capital Stock outstanding, after giving effect to such Transfer, would not result in the shares of Excess Stock proposed to be transferred constituting excess Stock in the hands of the proposed transferee. A Purported Record Transferee or, in the case of Excess Stock resulting from any event other than a purported Transfer, the Purported Record Holder shall have no rights whatsoever in such Excess Stock, except that such Purported Record Transferee or, in the case of Excess Stock resulting from any event other than a purported Transfer, the Purported Record Holder, upon completion of such Transfer, shall be entitled to receive the lesser of a price per share for such Excess Stock not in excess (based on the information provided to the Corporation in the notice given pursuant to this subparagraph (b)(5)(A)) of (x) the price per share such Purported Beneficial Transferee paid for the Common Stock or Preferred Stock in the purported Transfer that resulted in the Excess Stock, or (y) if the Purported Beneficial Transferee did not give value for such shares of Excess Stock (through a gift, devise or other transaction), a price per share of Excess Stock equal to the Market Price of the Common Stock or Preferred Stock on the date of the purported Transfer that resulted in the Excess Stock. Upon such transfer of any interest in Excess Stock held by the Trust, the corresponding shares of Excess Stock in the Trust shall be automatically converted into such number of shares of Common Stock or Preferred Stock (of the same class as the shares that were converted into such Excess Stock) as is equal to the number of shares of Excess Stock, and such shares of Common Stock or Preferred Stock (of the same class as the shares that were converted into such Excess Stock) as is equal to the number of shares of Excess Stock, and such shares of Common Stock or Preferred Stock shall be transferred of record to the proposed transferee of the Excess Stock. If, notwithstanding the provisions of this Article NINTH, under any circumstances, a Purported Transferee receives an amount for shares of Excess Stock that exceeds the amount provided by the formula set forth above, the Purported Transferee must pay the excess to the Trust. Prior to any transfer resulting in Common Stock or Preferred Stock being converted into Excess Stock, the Purported Record Transferee and Purported Beneficial Transferee, jointly, or Purported Record Holder and Purported Beneficial Holder, jointly, must give written notice to the Corporation of the date and sale price of the purported Transfer that resulted in Excess Stock or the Market Price on the date of the other event that resulted in Excess Stock. Prior to a Transfer by the Trustee of any shares of Excess Stock, the intended transferee must give advance notice to the Corporation of the information (after giving effect to the intended Transfer) required under subparagraph (a)(6), and the Corporation must have waived in writing its purchase rights, if any, under subparagraph (b)(6) of this Article NINTH. The Board of Directors may waive the notice requirements of this subparagraph in such circumstances as it deems appropriate.

(B) Notwithstanding the foregoing, if the provisions of paragraph (b)(5) of this Article NINTH are determined to be void or invalid by virtue of any legal decision, statute, rule or regulation, then the Purported Beneficial Transferee or Purported Beneficial Holder of any shares of Excess Stock may be deemed, at the option of the Corporation, to have acted as an agent on behalf of the Trust, in acquiring or holding such shares of Excess Stock and to hold such shares of Excess Stock in trust on behalf of the Trust.

(6) Shares of Excess Stock shall be deemed to have been offered for sale by the Trust to the Corporation, or its designee, at a price per share of Excess Stock equal to the lesser of:

(A) (i) in the case of Excess Stock resulting from a purported Transfer, (x) the price per share of the Common Stock or Preferred Stock in the transaction that created such Excess Stock (or, in the case of devise or gift, the Market Price of the Common Stock or Preferred Stock at the time of such devise or gift), or (y) in the absence of a notice from the Purported Record Transferee or Purported Record Holder and Purported Beneficial Transferee to the Corporation within ten days after request therefor, such price as may be determined by the Board of Directors in its sole discretion, which price per share of Excess Stock shall be equal to the lowest Market Price of Common Stock or Preferred Stock (whichever resulted in Excess Stock) at any time prior to the date the Corporation, or its designee, accepts such offer; or

(ii) in the case of Excess Stock resulting from an event other than a Purported Transfer, (x) the Market Price of the Common Stock or Preferred Stock on the date of such event, or (y) in the absence of a notice from the Purported Record Holder and Purported Beneficial Holder to the Corporation within ten days after request therefor, such price as may be determined, by the Board of Directors in its sole discretion, which price shall be the lowest Market Price for shares of Common Stock or Preferred Stock (whichever resulted in Excess Stock) at any time from the date of the event resulting in Excess Stock and prior to the date the Corporation, or its designee, accepts such offer, and

(B) the Market Price of the Common Stock or Preferred Stock on the date the Corporation, or its designee, accepts such offer. The Corporation shall have the right to accept such offer for a period of ninety days after the later of (i) the date of the Transfer which resulted in such shares of Excess Stock and (ii) the date the Board of Directors determines in good faith that a Transfer or other event resulting in shares of Excess Stock has occurred, if the Corporation does not receive a notice of such Transfer or other event pursuant to subparagraph (a)(5) of this Article NINTH.

TENTH: Whenever the Corporation shall have the obligation to purchase Units and shall have the right to choose to satisfy such obligation by purchasing such Units either with cash or with Common Stock, the determination whether to utilize cash or Common Stock to effect such purchase shall be made by majority vote of the Independent Directors, pursuant to Section 141(a) of the General Corporation Law of the State of Delaware.

ELEVENTH: In the event any term, provision, sentence or paragraph of the Charter of the Corporation is declared by a court of competent jurisdiction to be invalid or unenforceable, such term, provision, sentence or paragraph shall be deemed severed from the remainder of the Charter, and the balance of the Charter shall remain in effect and be enforced to the fullest extent permitted by law and shall be construed to preserve the intent and purposes of the Charter. Any such invalidity or unenforceability in any jurisdiction shall not invalidate or render unenforceable such term, provision, sentence or paragraph of the Charter in any other jurisdiction.
