EXPLANATORY NOTE

On April 22, 2014, Chuy's Holdings, Inc. (the "Company," "we," "us," or "our") filed Amendment No. 1 to amend its Annual Report on Form 10-K for the year ended December 29, 2013, originally filed with the Securities and Exchange Commission (the "SEC") on March 11, 2014 (the "Original Form 10-K"). Due to an inadvertent error, however, Amendment No. 1 was filed without a signature page. As such, this Amendment No. 2 on Form 10-K/A ("Amendment No. 2") is filed solely for the purpose of supplementing such Amendment No. 1 with its proper signature page. We filed Amendment No. 1 to amend the Original Form 10-K to include the information required by Items 10 through 14 of Part III of Form 10-K. This information was previously omitted from the Original Form 10-K in reliance on General Instruction G(3) to Form 10-K, which permits the information in the above referenced items to be incorporated in the Form 10-K by reference from our definitive proxy statement if such statement is filed no later than 120 days after our fiscal year-end. We filed Amendment No. 1 to provide the information required in Part III of Form 10-K because a definitive proxy statement containing such information will not be filed by the Company within 120 days after the end of the fiscal year covered by the Form 10-K.

Pursuant to the rules of the SEC, Part IV, Item 15 has also been amended to contain the currently dated certifications from the Company's principal executive officer and principal financial officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002. The certifications of the Company's principal executive officer and principal financial officer are attached to this Amendment No. 2 as Exhibits 31.1 and 31.2. Because no financial statements have been included in this Amendment No. 2 and this Amendment No. 2 does not contain or amend any disclosure with respect to Items 307 and 308 of Regulation S-K, paragraphs 3, 4 and 5 of the certifications have been omitted. We are not including the certificate under Section 906 of the Sarbanes-Oxley Act of 2002 as no financial statements are being filed with this Amendment No. 2.

This Amendment No. 2 does not amend any other information set forth in Amendment No.1 or the Original Form 10-K, and we have not updated disclosures included therein to reflect any subsequent events. This Amendment No. 2 should be read in conjunction with the Original Form 10-K and with our filings with the SEC subsequent to the Original Form 10-K.

Director Biographies

Michael Young, one of our founders, has served as a member of our board since November 2006 and became Co-Chairman of the Board in October 2013. We have concluded that Saed should serve on our board based upon his experience as an executive and board member and his knowledge of the restaurant industry.

Doug Schmick has served as a member of our board since April 2013 and is a highly respected executive with 40 years of experience in the upscale casual dining segment as a co-founder of McCormick & Schmick's Seafood Restaurants in 1972. Mr. Schmick served on McCormick & Schmick's Board of Directors beginning in 2001 and was appointed Chairman in 2004. He also served as Chief Executive Officer of McCormick & Schmick's from 1974 through 1999, and again from 2007 through 2009. He currently serves on Cheesecake Factory's Board of Directors as a member of the Audit Committee and on Anthony's Coal Fired Pizza's Board of Directors which is a privately held company. We have concluded that Doug should serve on our board based upon his experience as an executive and board member and his knowledge of the restaurant industry.

Ira Zecher has served as a member of our board since June 2011. Ira has been a professor at Rutgers University in the Graduate program since September 2010. Previously, he was a senior transaction advisory services partner and Far East private equity leader for Ernst & Young LLP, where he advised clients on mergers and acquisitions across a broad range of industries. Prior to joining the transaction advisory services group, Ira provided accounting, audit and business-advisory services to both public and private clients for Ernst & Young LLP since 1974. He received his Bachelor's degree from Queens College. He is also a certified public accountant, a member of the American Institute of Certified Public Accountants (AICPA)

and the New York State Society of Certified Public Accountants. We have concluded that Ira should serve on our board based upon his extensive professional accounting and financial expertise, which allow him to provide key contributions to the Board on financial, accounting, corporate governance and strategic matters.

Board of Directors

Our board of directors currently consists of seven directors. Except for Ira Zecher, Starlette Johnson, Saed Mohseni and Doug Schmick, our directors were elected as directors pursuant to our stockholders' agreement. The provisions of the agreement regarding the right of certain of our stockholders to nominate and elect members of the board terminated upon the consummation of our IPO. See Item 13. "Certain Relationships and Related Transactions, and Director Independence—Stockholders Agreement."

In connection with our IPO, our bylaws were amended and restated to provide that the authorized number of directors may be changed only by resolution of the board of directors, and our amended and restated certificate of incorporation divided our board

Table of Contents

into three classes with staggered three-year terms. At each annual meeting of stockholders, the successors to directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following election or until their earlier death, resignation or removal.

Our amended and restated certificate of incorporation provides that directors may only be removed for cause. To remove a director for cause, 66 2/3% of the voting power of the outstanding voting stock must vote as a single class to remove the director at an annual or special meeting. The certificate also provides that, if a director is removed or if a vacancy occurs due to either an increase in the size of the board or the death, resignation, disqualification or other cause, the vacancy will be filled solely by the affirmative vote of a majority of the remaining directors then in office, even if less than a quorum remain.

This classification of the board of directors, together with the ability of the stockholders to remove our directors only for cause and the inability of stockholders to call special meetings, may have the effect of delaying or preventing a change in control or management.

Director Independence and Former Controlled Company Status

Our board of directors will review at least annually the independence of each director. During these reviews, the board will consider transactions and relationships between each director (and his or her immediate family and affiliates) and our company and its management to determine whether any such transactions or relationships are inconsistent with a determination that the director is independent. This review will be based primarily on responses of the directors to questions in a directors' and officers' questionnaire regarding employment, business, familial, compensation and other relationships with the Company and our management. Our board of directors has determined that each of Ira Zecher, Starlette Johnson, Saed Mohseni and Doug Schmick are independent within the meaning of the Nasdaq Marketplace Rules. As required by the Nasdaq Global Select Market, a majority of our directors are independent and our independent directors meet in regularly scheduled executive sessions at which only independent directors are present.

Corporate Governance

We believe that good corporate governance is important to ensure that, as a public company, we will be managed for the long-term benefit of our stockholders. We and our board of directors have been reviewing the corporate governance policies and practices of other public companies, as well as those suggested by various authorities in corporate governance. We have also considered the provisions of the Sarbanes-Oxley Act and the rules of the SEC and the Nasdaq Global Select Market.

Based on this review, we have established and adopted, charters for the audit committee, compensation committee and nominating and corporate governance committee, as well as a code of business conduct and ethics applicable to all of our directors, officers and employees.

Board Committees

Our board of directors has three standing committees: an audit committee, a compensation committee and a nominating and corporate governance committee. The composition and responsibilities of each committee are described below. Members will serve on these committees until their resignation or until otherwise determined by our board of directors.

Audit Committee

Our audit committee is a standing committee of our board of directors. The functions of our audit committee include:

- appointing and determining the compensation for our independent auditors;
- establishing procedures for the receipt, retention and treatment of complaints regarding internal accounting controls;
- and
- reviewing and overseeing our independent registered public accounting firm.

Our audit committee currently consists of Ira Zecher, Starlette Johnson and Saed Mohseni, with Ira Zecher serving as chairman. All of our audit committee members are independent as defined by Section 10A(m)(3) of the Securities Exchange Act of 1934 (the "Exchange Act") and the Nasdaq Marketplace Rules. We are also required to have at least one audit committee financial expert. Our board of directors has determined that Ira Zecher is an audit committee financial expert.

Our board of directors has adopted a written charter under which the audit committee operates. A copy of the charter, which satisfies the applicable standards of the SEC and the Nasdaq Global Select Market, is available on our website.

Compensation Committee

Our compensation committee is a standing committee of our board of directors. The compensation committee's functions include:

- reviewing and recommending to our board of directors the salaries and benefits for our executive officers;
- recommending overall employee compensation policies; and
- administering our equity compensation plans.

Table of Contents

Our compensation committee currently consists of Ira Zecher, Doug Schmick and Saed Mohseni, with Doug Schmick serving as chairman. All members of our compensation committee are independent as defined by Section 10(c) of the Exchange Act, Rule 10C of the Exchange Act Rules and the Nasdaq Marketplace Rules.

Our board of directors has adopted a written charter under which the compensation committee operates. A copy of the charter, which satisfies the applicable standards of the SEC and the Nasdaq Global Select Market, is available on our website.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is a standing committee of our board of directors. The functions of our nominating and corporate governance committee include:

- identifying individuals qualified to serve as members of our board of directors;
- recommending to our board nominees for our annual meetings of stockholders;
- evaluating our board's performance;
- developing and recommending to our board corporate governance guidelines; and
- providing oversight with respect to corporate governance and ethical conduct.

Our nominating and corporate governance committee consists of Starlette Johnson and Doug Schmick, with Starlette Johnson serving as the committee chairman. All members of our nominating and corporate governance committee are independent as defined by the Nasdaq Marketplace rules.

Our board of directors has adopted a written charter under which the nominating and corporate governance committee will operate. A copy of the charter, which satisfies the applicable standards of the SEC and the Nasdaq Global Select Market, is available on our website.

Other Committees

Our board of directors may establish other committees as it deems necessary or appropriate from time to time.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, and persons performing similar functions ("covered persons"). A current copy of the code is posted on our website, which is located at www.chuys.com. Any amendments to or waivers from a provision of our code of conduct and ethics that applies to our covered persons and that relates to the elements of Item 406(b) of Regulation S-K will be disclosed on our Internet website promptly following the date of such amendment or waiver.

Board Leadership Structure and Board's Role in Risk Oversight

Michael Young and John Zapp serve as Non-Executive Co-Chairmen of our board of directors. We support separating the positions of Chief Executive Officer and Chairman to allow our Chief Executive Officer to focus on our day-to-day business, while allowing the Co-Chairmen to lead our board of directors in its fundamental role of providing advice to, and oversight of, management. Our board of directors recognizes the time, effort and energy that the Chief Executive Officer is required to devote to his position in the current business environment, as well as the commitment required to serve as one of our Co-Chairmen, particularly as our board of directors' oversight responsibilities continue to grow. Our board of directors also believes that this structure ensures a greater role for the non-management directors in the oversight of our company and establishing priorities and procedures for the work of our board of directors.

While our amended and restated bylaws do not require that our Co-Chairmen and Chief Executive Officer positions be separate, our board of directors believes that having separate positions and having non-employee directors serve as Co-Chairmen is the appropriate leadership structure for us at this time and demonstrates our commitment to good corporate governance.

Risk is inherent with every business and we face a number of risks as outlined in Item 1a. "Risk Factors." Management is responsible for the day-to-day management of risks we face, while our board of directors, as a whole and through our audit committee, is responsible for overseeing our management and operations, including overseeing its risk assessment and risk management functions. Our board of directors has delegated responsibility for reviewing our policies with respect to risk assessment and risk management to our audit committee through its charter. Our board of

directors has determined that this oversight responsibility can be most efficiently performed by our audit committee as part of its overall responsibility for providing independent, objective oversight with respect to our accounting and financial reporting functions, internal and external audit functions and systems of internal controls over financial reporting and legal, ethical and regulatory compliance. Our audit committee will regularly report to our board of directors with respect to its oversight of these areas.

Limitations of Liability and Indemnification of Directors and Officers

We are incorporated under the laws of the State of Delaware. Section 145 of the Delaware General Corporation Law (“DGCL”) provides that a Delaware corporation may indemnify any persons who are, or are threatened to be made, parties to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person was an officer, director, employee or agent of such corporation, or is or was serving at the request of such person as an officer, director, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided that such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the corporation’s best interests and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his or her conduct was illegal. A Delaware corporation may indemnify any persons who are, or are threatened to be made, a party to any threatened, pending or completed action or suit by or in the right of the corporation by reason of the fact that such person was a director, officer, employee or agent of such corporation, or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys’ fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit provided such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the corporation’s best interests except that no indemnification is permitted without judicial approval if the officer or director is adjudged to be liable to the corporation. Where an officer or director is successful on the merits or otherwise in the defense of any action referred to above, the corporation must indemnify him or her against the expenses that such officer or director has actually and reasonably incurred. Our certificate of incorporation and our bylaws provide for the indemnification of our directors and officers to the fullest extent permitted under the DGCL. Section 102(b)(7) of the DGCL permits a corporation to provide in its certificate of incorporation that a director of the corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duties as a director, except for liability for any:

- transaction from which the director derives an improper personal benefit;
- act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- unlawful payment of dividends or redemption of shares; or
- breach of a director’s duty of loyalty to the corporation or its stockholders.

Our certificate of incorporation and bylaws include such a provision. Expenses incurred by any officer or director in defending any such action, suit or proceeding in advance of its final disposition shall be paid by us upon delivery to us of an undertaking, by or on behalf of such director or officer, to repay all amounts so advanced if it shall ultimately be determined that such director or officer is not entitled to be indemnified by us.

Section 174 of the DGCL provides, among other things, that a director who willfully or negligently approves of an unlawful payment of dividends or an unlawful stock purchase or redemption may be held liable for such actions. A director who was either absent when the unlawful actions were approved, or dissented at the time, may avoid liability by causing his or her dissent to such actions to be entered in the books containing minutes of the meetings of the board of directors at the time such action occurred or immediately after such absent director receives notice of the unlawful acts.

Indemnification Agreements

We have entered into indemnification agreements with each of our current directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

Section 16(a) Beneficial Ownership Reporting Compliance

Compliance with Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company’s executive officers and directors and persons who own more than 10% of a registered class of its equity securities to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10% stockholders are

required by SEC rules to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such forms furnished to the Company, the Company believes that during 2013, all Section 16(a) filing requirements applicable to its officers, directors and greater than 10% stockholders were in compliance with Section 16(a), except that Michael Hatcher, Susan Kittrell, Steve Hislop, Sharon Russell, and Ted Zapp were each late in filing one required report on Form 4 relating to one transaction each and Frank Biller was late in filing two required reports on Form 4 related to two transactions.

ITEM 11. EXECUTIVE COMPENSATION

Introduction

This compensation discussion provides an overview of our executive compensation program, together with a description of the material factors underlying the decisions that resulted in the compensation provided to our chief executive officer, chief financial officer and our three other highest paid executive officers during fiscal year 2013 (collectively, the “named executive officers”), as presented in the tables which follow this discussion. This discussion contains statements regarding our performance targets and goals. These targets and goals are disclosed in the limited context of our compensation program and should not be understood to be statements of management’s expectations or estimates of financial results or other guidance. We specifically caution investors not to apply these statements to other contexts.

Objective of Compensation Policy

The objective of our compensation policy is to provide a total compensation package to each named executive officer that will enable us to:

- attract, motivate and retain outstanding individuals;
- reward named executive officers for performance; and
- align the financial interests of each named executive officer with the interests of our stockholders to encourage each named executive officer to contribute to our long-term performance and success.

Overall, our compensation program is designed to reward both individual and company performance. A significant portion of each of our named executive officers’ annual compensation is comprised of discretionary and performance-based bonuses. While we have not used significant amounts of equity-based compensation in the past, we intend to increase our use of long-term incentives to reward long-term company and individual performance and to promote retention through delayed vesting of awards.

Administration

Our compensation committee, which is comprised exclusively of independent directors, oversees our executive compensation program and is responsible for approving or recommending to the board the nature and amount of the compensation paid to, and any employment and related agreements entered into with, our named executive officers. The committee also administers our equity compensation plans and awards. Additionally, we are subject to Section 162(m) of the Internal Revenue Code (the “Code”), and the members of our compensation committee qualify as outside directors under Section 162(m) of the Code to enable us to maintain the deductibility of compensation we pay.

Process for Setting Total Compensation

At the first meeting of each new fiscal year, our compensation committee sets annual base salaries, determines the amount of discretionary and performance-based bonuses for the prior year and sets performance criteria for our performance-based bonuses for the following year. In making these compensation decisions, our compensation committee considers the recommendations of our chief executive officer, particularly with respect to salary adjustments, discretionary and performance-based bonus targets and awards and equity incentive awards of our other named executive officers. Our compensation committee meets with our chief executive officer at least annually to discuss and review his recommendations for compensation of our executive officers, excluding himself. When making individual compensation decisions for our named executive officers, the compensation committee takes many factors into account, including the officer’s experience, responsibilities, management abilities and job performance, our performance as a whole, current market conditions and competitive pay levels for similar positions at comparable companies. These factors are considered by the compensation committee in a subjective manner without any specific formula or weighting.

When hiring named executive officers, our compensation committee sets their compensation based on the individual’s position and responsibilities and their compensation package at their previous company. At the time of hire, we have granted equity awards to new executives at a level that the compensation committee believes is appropriate to motivate that named executive officer to accomplish the individual goals for their position as well as our company objectives. For new named executive officers, bonuses are pro rated based on the portion of the year during which the executive was employed by us.

During its annual review process, our compensation committee has set compensation for each named executive officer at a level we believe is appropriate considering each named executive officer's annual review, level of responsibility, the awards and compensation paid to the named executive officer in past years and progress toward or attainment of previously set personal and corporate goals and objectives, including attainment of financial performance goals and such other factors as the compensation committee has deemed appropriate and in our best interests and the best interests of our stockholders. The compensation committee has given different weight at different times to different factors for each named executive officer. Our performance criteria are discussed more fully below under the heading “—Bonus Compensation—Performance-Based Bonus.” Other than with respect to our performance-based bonuses, the compensation committee has not relied on predetermined formulas or a limited set of criteria when it evaluates the performance of our named executive officers.

Table of Contents

The charter of the compensation committee authorizes the committee to engage independent consultants at any time at the expense of the company. The committee has retained Mercer as its independent compensation consultant for 2014. Mercer reports directly to the committee and performs no other work for the company. The committee assessed the independence of Mercer and concluded that its work did not raise any conflict of interest with the company. Mercer was engaged to:

- Advise the committee on named executive officer and director pay decisions;
- Assist in short-term and long-term incentive plan design;
- Conduct compensation reviews and make recommendations regarding both executive and director pay structures;
- Provide periodic updates on current trends, technical and regulatory developments and best practices in compensation design; and
- Perform any other tasks which the committee may request from time to time.

Elements of Compensation

Our compensation program for named executive officers consists of the following elements of compensation, each described in greater depth below:

- Base salaries.
- Discretionary and performance-based bonuses.
- Equity-based incentive compensation.
- Severance and change-in-control benefits.
- Perquisites.
- General benefits.
- Employment agreements.

We may, from time to time, enter into written agreements to reflect the terms and conditions of employment of a particular named executive officer, whether at the time of hire or thereafter. We consider entering into these agreements when it serves as a meaningful recruitment and retention mechanism. We currently have employment agreements in place with each of our named executive officers. See Item 11. "Executive Compensation—Employment Agreements" for additional information regarding our executive officer's employment agreements.

Base Salary

NAME	2013 SALARY (\$)(1)
Steve Hislop	\$410,800
Jon Howie	260,000
Sharon Russell	187,200
Frank Biller	176,800
Michael Hatcher	166,400

(1) Represents each officer's annual base salary assuming service with us for the entire fiscal year.

We pay base salaries to attract, recruit and retain qualified employees. Our compensation committee reviews and sets base salaries of our named executive officers annually. These salary levels are and will continue to be set based on the named executive officer's experience and performance with previous employers and negotiations with individual named executive officers. The compensation committee may increase base salaries each year based on its subjective assessment of our company's and the individual executive officer's performance and each named executive officer's experience, length of service and changes in responsibilities. The weight given such factors by the compensation committee may vary from one named executive officer to another.

In the first quarter of 2013, our named executive officers received an average pay increase of approximately 4%. The compensation committee determined that these raises were appropriate in light of company and individual performance, increases in individual responsibilities and the role of salary in our named executive officers' compensation package.

On July 25, 2013, after expressing a desire to reduce his role with the Company, Mr. Ted Zapp resigned from his (1) position as Vice President of Operations. Mr. Zapp will remain employed by the Company in an advisory role and will continue to assist with the operational development of the Company.

Performance-Based Bonus

In line with our strategy of rewarding performance, our executive compensation program includes performance-based bonuses to named executive officers under our cash bonus plan, which complies with Section 162(m) of the Code. Our compensation committee establishes annual target performance-based bonuses for each named executive officer during the first quarter of the year.

The target and maximum performance-based bonuses have been set at levels our compensation committee believes will provide a meaningful incentive to achieve company and individual goals and contribute to our financial performance. In 2013, the target and maximum performance-based bonus that each named executive officer could receive were set at 50% and 100%, respectively, of our Chief Executive Officer's and Chief Financial Officer's annual base salary and 30% and 60%, respectively, of our other named executive officers' annual base salaries. No bonus is paid if actual Company Adjusted EBITDA is 95% or less of budget Company Adjusted EBITDA. To the extent that actual Company Adjusted EBITDA exceeds 95% of budget Company Adjusted EBITDA, the plan provides that we will pay a bonus based on where performance falls on a linear basis between 95% and 100% of budget Company Adjusted EBITDA and between 100% and 110% of budget Company Adjusted EBITDA. In each circumstance, the compensation committee retains discretion to adjust the amount paid under the plan based on individual and company circumstances. If our budget Company Adjusted EBITDA is achieved, each individual will earn 100% of their target bonus.

This performance bonus is determined based primarily on the extent to which we achieve our budget Company Adjusted EBITDA goal. Company Adjusted EBITDA is our earnings before interest, taxes, depreciation and amortization plus any loss on sales of asset (less any gain on a sale of assets); stock-based compensation; management fees; and certain non-cash and other adjustments. For each 1.0% that actual Company Adjusted EBITDA is above or below budget Company Adjusted EBITDA, the percentage of the target they receive will increase by 10% or decrease by 20%, respectively, of the Company Adjusted EBITDA portion of their target bonus. For example, if actual Company Adjusted EBITDA is 1% above budget Company Adjusted EBITDA, the named executive officers will receive 1.1 times their target bonus. The maximum a named executive officer may receive for Company Adjusted EBITDA performance is 2.0 times their target bonus. We use our Company Adjusted EBITDA, together with financial measures prepared in accordance with GAAP, such as revenue, net income and cash flows from operations, to assess our historical and prospective operating performance and to enhance our understanding of our core operating performance. We also use our Company Adjusted EBITDA internally to evaluate the performance of our personnel and also as a benchmark to evaluate our operating performance or compare our performance to that of our competitors. The use of our Company Adjusted EBITDA as a performance measure permits a comparative assessment of our operating performance relative to our performance based on our GAAP results, while isolating the effects of some items that vary from period to period without any correlation to core operating performance or that vary widely among similar companies.

Target, maximum and actual performance-based bonuses for 2013 for each of the named executive officers are shown in the table above and in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table.

Discretionary Bonus

Our compensation committee does not intend to regularly pay discretionary bonuses. Historically, each of our named executive officers has also received a \$1,000 holiday bonus each December. The discretionary bonuses awarded to our named executive officers in 2013 are set forth in the "Bonus" column of the Summary Compensation Table.

Table of Contents

Equity Compensation

We pay equity-based compensation to our named executive officers because it links our long-term results achieved for our stockholders and the rewards provided to named executive officers, thereby ensuring that such officers have a continuing stake in our long-term success.

Historically, we have granted equity awards to our named executive officers in conjunction with significant transactions and in conjunction with a named executive officer's initial hire or promotion to an executive position. We have provided this equity compensation to reward performance as well as to promote retention through delayed vesting. We believe that by weighting total compensation in favor of discretionary and performance-based bonuses, we have appropriately rewarded individual achievement while at the same time providing incentives to promote company performance. In the future, we plan to increase our use of long-term equity incentives, particularly through grants of stock options and unrestricted stock units under our 2012 Omnibus Equity Incentive Plan (the "2012 Plan"), to further align the interests of our executives with those of stockholders. In addition to stock options and restricted stock units, the 2012 Plan provides for the issuance of share appreciation rights, restricted shares, deferred shares, performance shares and other share based awards. In the future, we may consider granting other forms of equity to our named executive officers. For additional information regarding our 2012 Plan, see "—2012 Omnibus Equity Incentive Plan."

We adopted the 2012 Plan as insufficient shares were available under the 2006 Stock Option Plan (the "2006 Plan"), which was adopted in November 2006, in order to provide an incentive to employees selected by the board of directors for participation. In connection with the adoption of the 2012 Plan, we terminated the 2006 Plan, and no further awards will be granted under the 2006 Plan. The termination of the 2006 Plan will not affect awards outstanding under the 2006 Plan at the time of its termination and the terms of the 2006 Plan will continue to govern outstanding awards granted under the 2006 Plan.

Options granted after 2006 held by each of the named executive officers (and certain of our other salaried employees) ordinarily vest ratably over a period of five years, subject to the applicable named executive officer remaining employed through each vesting date. The equity awards granted to our named executive officers in 2006 vest with respect to 60%, 20% and 20% of the shares subject to the awards on the third, fourth and fifth anniversaries, respectively, of the date of grant of the awards. We believe that the delayed vesting terms promote retention. We will make grants of stock options to the current named executive officers and other employees under the 2012 Plan. We will make these grants to the current named executive officers and other employees because we believe that we should provide our employees an opportunity to share in our success provided they continue to contribute to our success.

In the first quarter of 2014, the compensation committee determined it would grant restricted stock units in addition to stock options as part of the Company's equity compensation package. In the future, the compensation committee may grant stock options, restricted stock units or a combination of both.

Severance and Transaction-Based Benefits

We currently have employment agreements in place with all of our named executive officers that provide termination or severance benefits. We agreed to pay termination or severance benefits in the event of an executive's termination by us without cause as a retention incentive. We believe this level of severance benefit provides our executives with the assurance of security if their employment is terminated for reasons beyond their control. For additional information on the severance benefits provided under the employment agreements with our executive officers see "—Employment Agreements."

Upon a change in control, our named executive officers' equity awards granted under the 2006 Plan would vest. The amount each named executive would be entitled to receive in the event of a termination is reported below under the heading "—Potential Payments upon Termination or Change in Control."

Perquisites

In 2013, we provided complimentary dining as a personal-benefit perquisite to named executive officers. The aggregate incremental cost to us of the perquisites received by each of the named executive officers in 2013 did not exceed \$10,000 and, accordingly, this benefit is not included in the Summary Compensation Table below. We provide the named executive officers with complimentary dining privileges at our restaurants. We view complimentary dining

privileges as a meaningful benefit to our named executive officers as it is important for named executive officers to experience our products and services in order to better perform their duties for us.

General Benefits

We provide a limited number of personal benefits to our named executive officers. Our named executive officers participate in our health and benefit plans, and are entitled to vacation and paid time off based on our general vacation policies.

Table of Contents

The following are standard benefits offered to all of our eligible employees, including the named executive officers.
Retirement Benefits. We maintain a tax-qualified 401(k) savings plan. Employees are eligible after one year of service and may defer up to the maximum amount allowable by the IRS.

Medical, Dental, Life Insurance and Disability Coverage. Active employee benefits such as medical, dental, life insurance and disability coverage are available to all eligible employees, including our named executive officers.

Moving Costs. We will reimburse out-of-pocket moving expenses for eligible executive officers in conjunction with their hiring.

Other Paid Time Off Benefits. We also provide vacation and other paid holidays to all employees, including the named executive officers, which we believe are appropriate for a company of our size and in our industry.

Employment Agreements

We entered into employment agreements with Messrs. Hislop, Howie, Biller and Hatcher and Mrs. Russell. The employment agreements do not provide for a fixed term.

The employment agreements provide that Messrs. Hislop, Howie, Biller and Hatcher and Mrs. Russell, will receive an annual base salary of at least \$366,608, \$250,000, \$162,692, \$149,205 and \$167,094, respectively. Mr. Hislop and Mr. Howie are each eligible to receive a target annual bonus of 50% of their annual base salary, based upon the achievement of goals and objectives determined by our compensation committee with a minimum and maximum bonus of 0% and 100% of their annual base salary, respectively. Messrs. Biller and Hatcher and Mrs. Russell are each eligible to receive a target annual bonus of 30% of their annual base salary, based upon the achievement of goals and objectives determined by our compensation committee with a minimum and maximum bonus of 0% and 60% of their annual base salary respectively. The employment agreements provide that each executive will be eligible to participate in employee plans, including 401(k), medical and dental plans, made available to our other senior executives generally.

Each employment agreement provides for severance benefits if the executive's employment is terminated without cause (as defined in the employment agreement), subject to the executive's compliance with certain confidentiality, non-compete, non-solicitation and non-disparagement obligations and the execution of a general release of claims. In the event Mr. Hislop's employment is terminated without cause, he is entitled to continue to receive his base salary for two years following the termination of his employment. In the event that the employment of Messrs. Biller, Hatcher and Howie or Mrs. Russell, is terminated, each is entitled to continue to receive one year's base salary following their termination. In the event of termination, all of our executive officers are entitled to continue to receive the amount that the Company was subsidizing for the executive and his or her dependents' medical and dental insurance coverage during the same period the executive is entitled to continue to receive his or her base salary after his termination.

Tax and Accounting Considerations

U.S. federal income tax generally limits the tax deductibility of compensation we pay to our executive officers to \$1.0 million in the year the compensation becomes taxable to the executive officers. There is an exception to the limit on deductibility for performance-based compensation that meets certain requirements. Although deductibility of compensation is preferred, tax deductibility is not a primary objective of our compensation programs. Rather, we seek to maintain flexibility in how we compensate our executive officers so as to meet a broader set of corporate and strategic goals and the needs of stockholders, and as such, we may be limited in our ability to deduct amounts of compensation from time to time. Accounting rules require us to expense the cost of our stock option grants. Because of option expensing and the impact of dilution on our stockholders, we pay close attention to, among other factors, the type of equity awards we grant and the number and value of the shares underlying such awards.

2012 Omnibus Equity Incentive Plan

Prior to the completion of our IPO, we adopted the 2012 Plan. The purposes of the 2012 Plan are to provide additional incentives to our management, employees, directors, independent contractors and consultants, to strengthen their commitment, motivate them to faithfully and diligently perform their responsibilities and to attract and retain competent and dedicated persons whose contributions are essential to the success of our business and whose efforts will impact our long-term growth and profitability. To accomplish such purposes, the 2012 Plan provides for the issuance of stock options, share appreciation rights, restricted shares, deferred shares, performance shares and other share-based awards, which we refer to as plan awards.

Summary of 2012 Plan Terms

We reserved a total of 1,250,000 shares of common stock that are available for issuance under the 2012 Plan. When Section 162(m) of the Code becomes applicable to us, the maximum aggregate awards that may be granted during any fiscal year to any individual will be 200,000 shares, and in the case of options to acquire shares, with a per share exercise price equal to the grant date fair market value of a share. If the shares underlying any plan award are forfeited, cancelled, exchanged or surrendered or if a plan award otherwise terminates or expires without a distribution of shares, the shares will again become available under the 2012 Plan provided that shares surrendered or withheld as payment of either the exercise price of an award (including shares otherwise underlying an award of a share appreciation right that are retained by us to account for the grant price of such share appreciation right) and/or withholding taxes in respect of an award will no longer be available for grant under the 2012 Plan, and notwithstanding that a share appreciation right is settled by the delivery of a net number of shares of the full number of shares underlying such share appreciation right will not be available for subsequent awards under the 2012 Plan. In addition, awards are paid or settled in cash, the number of shares with respect to which such payment or settlement is made will again be available for grants of awards under the 2012 Plan and shares underlying awards that can only be settled in cash will not be counted against the aggregate number of shares available for awards under the 2012 Plan. The 2012 Plan will be administered by our compensation committee (the plan administrator). The plan administrator may construe and interpret the 2012 Plan and may adopt, alter and repeal rules and make all other determinations necessary or desirable to administer the 2012 Plan.

The plan administrator may select the employees, directors, independent contractors and consultants who will receive plan awards, determine the terms and conditions of those awards, including but not limited to the exercise price, the number of shares of common stock subject to awards, the term of the awards, and the vesting schedule applicable to awards. Unless otherwise determined by the plan administrator, all awards that vest solely on a requirement of continued employment or service may not become fully vested prior to the second anniversary of the date upon which the award is granted.

We may issue stock options under the 2012 Plan. All stock options granted under the 2012 Plan are intended to be non-qualified stock options and are not intended to qualify as incentive stock options within the meaning of Section 422 of the Code. The option exercise price of all stock options granted under the 2012 Plan will be determined by the plan administrator, but in no event will the exercise price be less than 100% of the fair market value of the common stock on the date of grant. The term of all stock options granted under the 2012 Plan will be determined by the plan administrator, but may not exceed ten years from the date of grant. Each stock option will be exercisable at such time and subject to such terms and conditions as determined by the plan administrator in the applicable stock option agreement. Other than equitable adjustments made in connection to a change in capitalization, under no circumstances will an exercise price be reduced following the date of the grant of an option, nor will an option be cancelled in exchange for a replacement option with a lower exercise price without stockholder approval.

Unless the applicable stock option agreement provides otherwise, in the event of an optionee's termination of employment or service for any reason other than for cause, disability or death, such optionee's stock options (to the extent exercisable at the time of such termination) generally will remain exercisable until 30 days after such termination and then expire. Unless the applicable stock option agreement provides otherwise, in the event of an optionee's termination of employment or service due to, disability or death, such optionee's stock options (to the extent exercisable at the time of such termination) generally will remain exercisable until one year after such termination and will then expire. For certain employees, a demotion in position will result in a loss of unvested options. If termination

was for any other reason other than for cause, stock options that were not exercisable on the date of termination will expire at the close of business on the date of such termination. In the event of an optionee's termination of employment or service for cause, such optionee's outstanding stock options will expire at the commencement of business on the date of such termination. The plan administrator may waive the vesting requirements based on such factors as the plan administrator deems appropriate.

Share appreciation rights ("SARs") may be granted under the 2012 Plan either alone or in conjunction with all or part of any stock option granted under the 2012 Plan. A free-standing SAR granted under the 2012 Plan entitles its holder to receive, at the time of exercise, the number of shares, or alternate form of payment determined by the plan administrator, equal in value to the excess of the fair market value (at the date of exercise) over a specified price fixed by the plan administrator (which shall be no less than fair market value at the date of grant). A SAR granted in conjunction with all or part of an option under the 2012 Plan entitles its holder to receive, upon surrendering of the related option, the number of shares, or alternate form of payment determined by the

Table of Contents

plan administrator, equal in value to the excess of the fair market value (at the date of exercise) over the exercise price of the related stock option. The term of all SARs granted under the 2012 Plan will be determined by the plan administrator, but may not exceed ten years from the date of grant. In the event of a participant's termination of employment or service, free-standing SARs will be exercisable at such times and subject to such terms and conditions determined by the plan administrator, while SARs granted in conjunction with all or part of an option will be exercisable at such times and subject to terms and conditions applicable to the related option. Other than equitable adjustments made in connection to a change in capitalization, under no circumstances will an exercise price be reduced following the date of the grant of a SAR, nor will a SAR be cancelled in exchange for a replacement SAR with a lower exercise price without stockholder approval.

Restricted shares, deferred shares and performance shares may be granted under the 2012 Plan. The plan administrator will determine the number of shares to be awarded, the purchase price, vesting schedule and performance objectives, if any, applicable to the grant of restricted shares, deferred shares and performance shares. Participants with restricted shares and performance shares generally have all of the rights of a stockholder and deferred shares generally do not have the rights of a stockholder. However, during the restricted period, deferred shares may be paid dividends on the number of shares covered by the deferred shares if the applicable award agreement so provides. If the performance goals and other restrictions are not satisfied, the restricted shares, deferred shares and/or performance shares will be forfeited in accordance with the terms of the grant. Subject to the provisions of the 2012 Plan and applicable award agreement, the plan administrator has sole discretion to provide for the lapse of restrictions in installments or the acceleration or waiver of restrictions (in whole or part) under certain circumstances, based upon such factors including, but not limited to, the attainment of certain performance goals, a participant's termination of employment or service or a participant's death or disability.

The 2012 Plan also authorizes grants of other share-based awards, such as unrestricted shares, restricted stock units, dividend equivalents or performance units. The plan administrator will determine the terms and conditions of such awards, consistent with the terms of the 2012 Plan, at the date of grant or thereafter, including any performance goals and performance periods.

In the case of awards subject to performance goals, such goal may be based on one or more of the following criteria: (i) earnings, including one or more of operating income, earnings before or after taxes, earnings before or after interest, depreciation, amortization, adjusted EBITDA, economic earnings, or extraordinary or special items or book value per share (which may exclude nonrecurring items); (ii) pre-tax income or after-tax income; (iii) earnings per share (basic or diluted); (iv) operating profit; (v) revenue, revenue growth or rate of revenue growth; (vi) return on assets (gross or net), return on investment, return on capital, or return on equity; (vii) returns on sales or revenues; (viii) operating expenses; (ix) share price appreciation; (x) cash flow, free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, or cash flow in excess of cost of capital; (xi) implementation or completion of critical projects or processes; (xii) cumulative earnings per share growth; (xiii) operating margin or profit margin; (xiv) cost targets, reductions and savings, productivity and efficiencies; (xv) strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, geographic business expansion, customer satisfaction, employee satisfaction, human resources management, supervision of litigation, information technology, and goals relating to acquisitions, divestitures, joint ventures and similar transactions, and budget comparisons; (xvi) personal professional objectives, including any of the foregoing performance goals, the implementation of policies and plans, the negotiation of transactions, the development of long term business goals, formation of joint ventures, research or development collaborations, and the completion of other corporate transactions; and (xvii) any combination of, or a specified increase in, any of the foregoing. Where applicable, a performance goal may be expressed in terms of attaining a specified level of the particular criteria or the attainment of a percentage increase or decrease in the particular criteria, and may be applied to one or more of the company or a company affiliate, or a division or strategic business unit of the company, or may be applied to the performance of the company relative to a market index, a group of other companies or a combination thereof, all as determined by the Administrator. The performance goals may include a threshold level of performance below which no payment may be made (or no vesting may occur), levels of performance at which specified payments may be made (or specified vesting may occur), and a maximum level of

performance above which no additional payment shall be made (or at which full vesting may occur). Each of the foregoing performance goals will determine in accordance with generally accepted accounting principles, as applicable, and may be subject to certification by the committee; provided, that the committee shall have the authority to make equitable adjustments to the performance goals, to the extent permitted under Section 162(m) of the Code, if applicable, in recognition of unusual or non-recurring events affecting the company or any company affiliate thereof or the financial statements of the company or any company affiliate thereof, in response to changes in applicable laws or regulations, or to account for items of gain, loss or expense determined to be extraordinary or unusual in nature or infrequent in occurrence or related to the disposal of a segment of a business or related to a change in accounting principles.

In the event of a merger, amalgamation, consolidation, recapitalization, reorganization, stock dividend, stock split or other change in corporate structure affecting the common stock, an equitable substitution or proportionate adjustment shall be made, as may be determined by the plan administrator, in (a) the aggregate number of shares of common stock reserved for issuance under the 2012 Plan and the maximum number of shares of common stock that may be subject to awards granted to any participant in any calendar year, (b) the kind, number and exercise price subject to outstanding stock options and SARs granted under the 2012 Plan, and

(c) the kind, number and purchase price of shares of common stock subject to outstanding awards of restricted shares, deferred shares, performance shares or other share-based awards granted under the 2012 Plan. In addition, the plan administrator, in its discretion, may terminate all outstanding awards for the payment of cash or in-kind consideration. However, no adjustment or payment may cause any award under the 2012 Plan that is or becomes subject to Section 409A of the Code to fail to comply with the requirements of that section.

Unless otherwise determined by the plan administrator and evidenced in an award agreement, in the event that a change in control occurs and a participant's employment or service is terminated without cause on or after the effective date of the change in control but prior to 12 months following the change in control, then any unvested or unexercisable portion of any award carrying a right to exercise shall become fully vested and exercisable, and the restrictions, deferral limitations, payment conditions and forfeiture conditions applicable to an award granted under the 2012 Plan will lapse and such unvested awards will be deemed fully vested and any performance conditions imposed with respect to such awards will be deemed to be fully achieved at the target level. Under the 2012 Plan, the term change in control generally means: (a) any person other than the company, any company affiliate or subsidiary, becomes the beneficial owner, directly or indirectly, of securities representing 50% or more of our then-outstanding voting power (excluding shares purchased directly from us or our affiliates); (b) a change in the majority of the membership of our board of directors other than directors approved by two-thirds of the directors (other than directors assuming office in conjunction with an election contest) who constituted the board of directors at the time our IPO was consummated, or whose election was previously so approved; (c) the consummation of a merger, amalgamation or consolidation of us or any of our subsidiaries with any other corporation, other than a merger or amalgamation immediately following which our board of directors immediately prior to the merger or amalgamation constitute at least a majority of the directors of the company surviving or continuing after the merger or amalgamation or, if the surviving company is a subsidiary, the ultimate parent thereof; or (d) our stockholders approve a plan of complete liquidation or dissolution of our company or there is consummated an agreement for the sale or disposition of all or substantially all of our assets, other than (1) a sale of such assets to an entity, at least 50% of the voting power of which is held by our stockholders following the transaction in substantially the same proportions as their ownership of the company immediately prior to the transaction or (2) a sale or disposition of such assets immediately following which our board of directors immediately prior to such sale constitute at least a majority of the board of directors of the entity to which the assets are sold or disposed, or, if that entity is a subsidiary, the ultimate parent thereof. The completion of our IPO and our secondary offering were not a change of control under the 2012 Plan.

Until such time as the awards are fully vested and/or exercisable in accordance with the 2012 Plan, awards may not be sold, assigned, mortgaged, hypothecated, transferred, charged, pledged, encumbrance, gifted, transferred in trust (voting or other) or disposed in any other manner, except with the prior written consent of the administrator, which consent may be granted or withheld in the sole discretion of the plan administrator.

The 2012 Plan provides our board of directors with authority to suspend or terminate the 2012 Plan or any award, or revise and amend the 2012 Plan. However, stockholder approval is required for any amendment to the extent it is required to comply with applicable law or stock exchange listing requirements. The 2012 Plan will automatically terminate on the tenth anniversary of the effective date (although awards granted before that time will remain outstanding in accordance with their terms).

The award agreements for the 2012 Plan provide the board of directors and the plan administrator with the sole discretion to cancel or require repayments of awards in the event an award recipient engages in certain conduct deemed harmful to the Company.

United States Federal Income Tax Consequences of Plan Awards

The following is a summary of certain United States Federal income tax consequences of awards under the 2012 Plan. It does not purport to be a complete description of all applicable rules, and those rules (including those summarized here) are subject to change.

An optionee generally will not recognize taxable income upon the grant of a non-qualified stock option. Rather, at the time of exercise of such non-qualified stock option, the optionee will recognize ordinary income for income tax purposes in an amount equal to the excess of the fair market value of the shares purchased over the exercise price. We generally will be entitled to a tax deduction at such time and in the same amount that the optionee recognizes ordinary

income. If shares acquired upon exercise of a non-qualified stock option are later sold or exchanged, then the difference between the amount received upon such sale or exchange and the fair market value of such shares on the date of such exercise will generally be taxable as long-term or short-term capital gain or loss (if the shares are a capital asset of the optionee) depending upon the length of time such shares were held by the optionee.

A participant who is granted a share appreciation right will not recognize ordinary income upon receipt of the share appreciation right. At the time of exercise, however, the participant will recognize compensation income equal to the value of any cash received and the fair market value on the date of exercise of any shares received. We will not be entitled to a deduction upon the grant of a share appreciation right, but generally will be entitled to a compensation deduction for the amount of compensation income the participant recognizes upon the participant's exercise of the share appreciation right. The participant's tax basis in any shares received will be the fair market value on the date of exercise and, if the shares are later sold or exchanged, then the difference

Table of Contents

between the amount received upon such sale or exchange and the fair market value of the shares on the date of exercise will generally be taxable as long-term or short-term capital gain or loss (if the shares are a capital asset of the participant) depending upon the length of time such shares were held by the participant.

A participant generally will not be taxed upon the grant of a restricted share or performance award, but rather will recognize ordinary income in an amount equal to the fair market value of the shares at the time the shares are no longer subject to a substantial risk of forfeiture (within the meaning of the Code). We generally will be entitled to a deduction at the time when, and in the amount that, the participant recognizes ordinary income on account of the lapse of the restrictions. A participant's tax basis in the shares will equal their fair market value at the time the restrictions lapse, and the participant's holding period for capital gains purposes will begin at that time. Any cash dividends paid on the shares before the restrictions lapse will be taxable to the participant as additional compensation (and not as dividend income). Under Section 83(b) of the Code, a participant may elect to recognize ordinary income at the time the restricted or performance shares are awarded in an amount equal to their fair market value at that time, notwithstanding the fact that such shares are subject to restrictions and a substantial risk of forfeiture. If such an election is made, no additional taxable income will be recognized by such participant at the time the restrictions lapse, the participant will have a tax basis in the shares equal to their fair market value on the date of their award, and the participant's holding period for capital gains purposes will begin at that time. We generally will be entitled to a tax deduction at the time when, and to the extent that, ordinary income is recognized by such participant.

In general, the grant of deferred shares will not result in income for the participant or in a tax deduction for us. Upon the settlement of such an award, the participant will recognize ordinary income equal to the aggregate value of the payment received, and we generally will be entitled to a tax deduction in the same amount.

2006 Stock Option Plan

In November 2006, we adopted the 2006 Plan. On April 6, 2012, we amended and restated the 2006 Plan to increase the number of shares available for issuance under the plan from 1,004,957 to 1,070,209. On April 10, 2012, we issued options to purchase 63,797 shares. As of April 10, 2012, we were authorized to issue up to 9,192 additional shares of common stock under the 2006 Plan. In connection with the adoption of the 2012 Plan upon the completion of our IPO as described in "—2012 Omnibus Equity Incentive Plan," the board of directors terminated the 2006 Plan effective as of July 27, 2012, and no further awards will be granted under the 2006 Plan after such date. However, the termination of the 2006 Plan will not affect awards outstanding under the 2006 Plan at the time of its termination and the terms of the 2006 Plan will continue to govern outstanding awards granted under the 2006 Plan. The options granted under the 2006 Plan expire 10 years after the date of grant. Subject to the grantee's continued employment with us, options granted on December 6, 2006 vest 60% on the third anniversary of the date of grant and 20% on each of the fourth and fifth anniversary of the date of grant. Subject to the grantee's continued employment with us, all other options granted under the plan vest 20% on each of the first five anniversaries of the date of grant.

Potential Payments upon Termination or Change in Control

Termination of Employment

We currently have employment agreements in place with Messrs. Hislop, Howie, Biller and Hatcher and Mrs. Russell that would entitle them to severance payments upon termination of employment. Assuming the employment of our executive officers was terminated by us without cause on December 29, 2013, Messrs. Hislop, Howie, Biller and Hatcher and Mrs. Russell would be entitled to \$821,600, \$260,000, \$176,800, \$166,400 and \$187,200, respectively. For information on the severance benefits the executives are entitled to in the event of a termination of employment, under their employment agreements entered into on November 16, 2011, see Item 11. “Executive Compensation—Employment Agreements.”

Change-in-Control

Under the 2012 Plan, a named executive officer’s stock options granted under that plan will immediately vest in the event that a change in control (as defined in the 2012 Plan) occurs and the officer’s employment is terminated without cause within 12 months following the change in control.

Under the 2006 Plan, a named executive officer’s stock options granted under that plan will immediately vest, in the event that (i) we are merged, consolidated or reorganized into or with another corporation and immediately afterwards our current owners no longer own a majority of the outstanding stock of the merged, consolidated or reorganized corporation; (ii) we sell or otherwise transfer all or substantially all of our assets to another corporation; (iii) after a public offering any person becomes, directly or indirectly, the beneficial owner of more than 50% of our stock; and (iv) our stockholders approve a plan of complete liquidation or dissolution of the company.

If Messrs. Hislop, Howie, Biller and Hatcher and Mrs. Russell were terminated following a change in control on December 29, 2013, they would have received 324,800, \$677,992, \$247,820, \$266,575 and \$81,200, respectively, as a result of the vesting of their unvested stock options that were granted under the 2006 Plan and 2012 Plan. As of December 29, 2013, the closing price of our common stock on the most recent trading day was \$36.63 per share.

Grants of stock options to new members of our board of directors are made under the 2012 Plan. These stock options vest 20% on each of the first five anniversaries of the grant date.

Default License Letter Agreements

We entered into letter agreements in November 2006 with respect to the properties that we lease from Young/Zapp, an entity owned 50% by each of our Founders, and its subsidiaries. Pursuant to these letter agreements, if we default under our lease agreements with Young/Zapp and terminate possession of the lease location, Young/Zapp may operate a Tex Mex or Mexican food restaurant in that location. However, they may not use our trademarks or trade names or confusingly similar trademarks or tradenames. The approximate dollar value of this agreement was not determinable.
