Corporate Governance

Committees of the Board of Directors

Our board of directors currently has three standing committees with the following members:

	Compensation	Audit	Nominating and Corporate Governance
Geoff Armstrong	Chair	ü	
Jay Grossman	ü		
I. Martin Pompadur		ü	Chair
Dennis A. Miller	ü		
Lisbeth McNabb		Chair	
C. Thomas McMillen		ü	

Compensation Committee

The Compensation Committee of our board of directors makes all decisions about the compensation of the Chief Executive Officer and also has the authority to review and approve the compensation for our other executive officers. The primary objectives of the Compensation Committee in determining total compensation (both salary and incentives) of our executive officers, including the Chief Executive Officer, are (i) to enable us to attract and retain highly qualified executives by providing total compensation opportunities with a combination of elements which are at or above competitive opportunities, (ii) to tie executive compensation to our general performance and specific attainment of long-term strategic goals, and (iii) to provide a long-term incentive for future performance that aligns shareholder interests and executive rewards.

The purpose of the Compensation Committee is to establish compensation policies for our directors and executive officers, approve employment agreements with our executive officers, administer our stock option plans and approve grants under the plans and make recommendations regarding any other incentive compensation or equity-based plans. The Compensation Committee met two times during the year ended December 31, 2015. The Compensation Committee operates under a written charter adopted by our board of directors in January 2004, as amended in July 2013. A copy of such charter is available through our website at <http://www.nexstar.tv> in the “Company” section. The information contained on or accessible through our website does not constitute a part of our Original Filing or this Amendment. All three members of the Nexstar Compensation Committee are “independent” as that term is defined in the NASDAQ rules.

Audit Committee

The purpose of the Audit Committee is to oversee the quality and integrity of our accounting, internal auditing and financial reporting practices, to perform such other duties as may be required by our board of directors, and to oversee the relationship with our independent registered public accounting firm. The Audit Committee met four times during the year ended December 31, 2015. The members of our Audit Committee are “independent” as that term is defined in the NASDAQ rules. Our board of directors has determined that Ms. McNabb, who serves as Chair of the Audit Committee, is an “audit committee financial expert” in accordance with the applicable rules and regulations of the SEC. The Audit Committee operates under a written charter adopted by our board of directors in January 2004. A copy of such charter is available through our website at <http://www.nexstar.tv> in the “Company” section.

Nominating and Corporate Governance Committee

The purpose of the Nexstar Nominating and Corporate Governance Committee of our board of directors is to identify individuals qualified to serve on our board of directors, recommend persons to be nominated by our board of directors for election as directors at our annual meeting of shareholders, recommend nominees for any committee of our board of directors, develop and recommend to our board of directors a set of corporate governance principles applicable to us and to oversee the evaluation of the board of directors and its committees. The Nominating and Corporate Governance Committee operates under a written charter adopted by our board of directors in January 2004, as amended in July 2013. Both members of the Nominating and Corporate Governance Committee are “independent” as that term is defined in the NASDAQ rules. A copy of such charter is available through our website at <http://www.nexstar.tv> in the “Company” section. The Nominating and Corporate Governance Committee did not meet during the year ended December 31, 2015, and its functions were performed through consents or by the full board of directors.

Additional Information Concerning the Board of Directors

During the year ended December 31, 2015, our full board of directors met 12 times and no incumbent director attended less than 75% of the meetings of the board of directors and the committees of the board of directors in which they serve.

Because fewer than ten non-management shareholders attended our 2015 annual meeting in person, our board of directors has not adopted a formal policy with regard to director attendance at the annual meeting of shareholders. Mr. Sook attended the 2015 annual meeting.

Our board of directors has not adopted a nominating policy to be used for identifying and evaluating nominees for director, including director candidates recommended by our shareholders, and has not established any specific minimum qualifications that director nominees must possess. Instead, the Nominating and Corporate Governance Committee determines the qualifications and skills required to fill a vacancy to complement the existing qualifications

and skills, as vacancy arises in our board of directors. However, if it is determined that a nominating policy would be beneficial to us, our board of directors may in the future adopt a nominating policy.

There is no formal policy governing how diversity is considered in the makeup of the board of directors and the selection of its members. The Nominating and Corporate Governance Committee defines board diversity broadly to mean that our board of directors is comprised of individuals with a variety of perspectives, industry experience, personal and professional backgrounds, skills and qualifications. When nominating a board member, the Nominating and Corporate Governance Committee examines the diversity of the overall board and strives to maintain an appropriate level of diversity with the addition of each new nominee.

We are not a “controlled company” in accordance with the rules and regulations of the NASDAQ Stock Market. Thus, we are required to maintain a majority of independent directors on our board of directors and to have the compensation of our executive officers and the nomination of our directors be determined by independent directors.

Board of Directors Leadership Structure

Our board of directors has the responsibility for selecting our appropriate leadership structure. In making leadership structure determinations, our board of directors considers many factors, including the specific needs of the business and the best interests of our shareholders. Our current leadership structure is comprised of a combined Chairman of our board of directors and Chief Executive Officer and our board committees comprised of independent directors. Although our board of directors does not currently have a formal policy, our board of directors believes that Mr. Sook's service in this combined role is both in our and our shareholders' best interest. Mr. Sook has a vast knowledge of television broadcasting and is seen as a leader in this industry. He understands the issues facing Nexstar and serving in this dual role he is able to effectively focus our board of directors attention on these matters. In his combined capacity, he can speak clearly with one voice in addressing our various stakeholders such as customers, suppliers, employees and the investing public.

Our board of directors has, so far, not found a need to designate one of the independent directors as a "lead independent director" because each independent director is fully and effectively involved in the activities and issues relevant to the board of directors and its committees. The independent directors have time and again demonstrated the ability to exercise their fiduciary responsibilities in deliberating issues before our board of directors and making independent decisions.

Risk Oversight

Our board of directors plays a vital role in managing the risks facing us. Through the Audit Committee, our board of directors manages potential accounting risk through oversight of disclosure controls and controls surrounding financial reporting. Senior financial executives report to the Audit Committee at each committee meeting on significant financial and accounting matters. In addition, the Audit Committee, in conjunction with senior management, manages our data risks (including privacy and storage risks). Through the Compensation Committee, our board of directors helps manage potential risks associated with our compensation programs by ensuring that they are not structured in a way that encourages executives to take unacceptable risks. Our board of directors are involved in managing operational risk through the evaluation of potential station acquisitions and significant agreements at meetings of our board of directors and in between meetings, as needed. Our board of directors confers with our general counsel and outside legal counsel, when necessary, in overseeing legal and regulatory risks.

Code of Ethics

Our board of directors adopted a Code of Ethics that applies to our Chief Executive Officer, Chief Financial Officer, our other executive officers and directors, and persons performing similar functions. The purpose of the Code of Ethics is to promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships, to promote full, fair, accurate, timely and understandable disclosure in periodic reports that we are required to file and to promote compliance with all applicable rules and regulations that apply to us and our officers and directors. The Code of Ethics was filed as an exhibit to our Annual Report for the year ended December 31, 2003 on Form 10-K, filed with the SEC on March 31, 2004. Our board of directors periodically reviews the Code of Ethics for any necessary changes. Our board of directors last performed such a review in 2012 and made no changes to the Code of Ethics.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who beneficially own more than ten percent of a registered class of our equity securities to file with the SEC initial reports of ownership and reports of changes in their ownership of our equity securities. Executive officers, directors and greater than ten percent beneficial owners are required to furnish us with copies of all Section 16(a) forms they file.

During the year ended December 31, 2015, the Form 4 for Perry A. Sook filed for issuance of stock options and restricted stock units, which we refer to as “RSUs,” on January 14, 2015 was filed on January 30, 2015, and the Form 4 for Blake Russell filed on December 11, 2015 was filed one day after the due date, due to administrative oversight. Based on our records and review of the copies of Section 16(a) reports furnished to us during the year ended December 31, 2015, we believe all other Section 16(a) filing requirements applicable to our executive officers, directors and greater than ten percent beneficial owners were timely satisfied.

Item 11. Executive Compensation COMPENSATION COMMITTEE REPORT

The Compensation Committee establishes compensation policies for our directors and executive officers, approves the employment agreements with our executive officers, administers our equity incentive plans and approves grants under such plans and makes recommendations regarding any other incentive compensation.

In performing the oversight responsibilities of the design and functioning of our executive and director compensation program, the Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis for the year ended December 31, 2015 with our management. Based on this review and discussion, the Compensation Committee has recommended to our board of directors that the Compensation Discussion and Analysis be included in this Amendment.

Respectfully submitted,

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Strategy

In this Compensation Discussion and Analysis, we provide a detailed discussion and analysis of our compensation program and policies and the critical factors that are considered in making compensation decisions.

Throughout this Amendment, the individuals who served as our Chief Executive Officer and Chief Financial Officer during the year ended December 31, 2015, along with the other three most highly-compensated executive officers, are collectively referred to as our “Named Executive Officers.”

Shareholder Say on Pay Considerations

In 2015, we provided our shareholders with an advisory vote on executive compensation (Say on Pay vote) with respect to 2014 compensation. Our executive compensation program was approved by 98% of the votes cast. These results demonstrate strong shareholder support for our executive compensation program.

We evaluate our executive compensation program at least annually, and this year, we have taken into account the outcome of the 2015 Say on Pay vote when considering the 2015 compensation program. Our board of directors and the Compensation Committee will continue to consider the results of the biennial Say on Pay votes in their future compensation policies and decisions. Our next Say on Pay vote will be with respect to the compensation for the year ending December 31, 2016.

Compensation Philosophy and Objectives

Our executive compensation program have been developed to incorporate a compensation philosophy consistent with the following primary objectives:

- Attract and retain talented and highly qualified executives in the competitive television broadcasting industry by providing a total compensation package that includes a combination of elements which are at or above competitive opportunities;
- Tie executive compensation, both annual and long-term elements, to our overall performance and specific attainment of long-term strategic goals;
- Provide executives with long-term incentive for future performance that aligns with shareholder interests and maximizes shareholder value over the long-term; and
- Set executive compensation at responsible levels to promote fairness and equity among all employees within our organization.

Overview and Role of Compensation Committee

The Compensation Committee establishes compensation policies for our directors and executive officers, including our Named Executive Officers. The Compensation Committee approves the employment agreements with our executive officers, administers our equity incentive plans, approves grants under such plans and makes recommendations regarding other incentive compensation provided to our Named Executive Officers and other executive officers.

Role of the Compensation Consultant

The Compensation Committee has the sole authority to retain and obtain advice of advisors and consultants as necessary and evaluates their independence prior to selection or retention. The Compensation Committee also sets the

compensation and oversees the work of advisors and consultants.

In 2013, the Compensation Committee retained Longnecker & Associates, which we refer to as “Longnecker,” to advise on executive and board compensation matters. During 2013, Longnecker attended the Compensation Committee meetings and was instructed to:

- Conduct a peer review analysis to determine the reasonableness and applicability of peer companies for compensation comparison purposes;
- Conduct a market competitive compensation analysis including base salary, annual incentives and long-term incentives for non-Chief Executive Officer Named Executive Officers; and
- Analyze the market competitiveness of total direct compensation packages (annual retainer, board meeting fees, committee meeting fees and equity awards) provided to our non-executive directors.

The Compensation Committee continues to utilize the in-depth review and analysis provided by Longnecker in its decisions on executive and board compensation matters.

In 2014, the Compensation Committee retained Hay Group, a management consulting firm, to advise on matters related to the Executive Employment Agreement with Perry A. Sook, our President and Chief Executive Officer, and to assist with the development of our 2015 Long Term Equity Incentive Plan, which was approved by our shareholders in our 2015 Annual Meeting of shareholders.

Defining the Market – Benchmarking

In 2013, the Compensation Committee, working with Longnecker, performed a benchmark review of the aggregate level of our executive compensation, as well as the mix of elements within our executive compensation program. As a result of the recent increases in our capitalization and our growing digital media business, the Compensation Committee instructed Longnecker to conduct a benchmarking review to analyze the proxy information of 16 diverse media companies that either have a broadcast, communication, entertainment or media component, which we refer to as the “peer group,” as disclosed in their most recent proxy information filing with the SEC. The peer group is comprised of the companies in the table below:

Belo Corp ⁽¹⁾	Meredith Corp
Cumulus Media	National CineMedia
DreamWorks Animation	New York Times Co
Hemisphere Media Group	Pandora Media
LIN TV ⁽²⁾	Regal Entertainment Group
Live Nation Entertainment	Scholastic Corp
Loral Space and Communications	Sinclair Broadcast Group
MDC Partners	Starz

(1) During 2013, Belo was acquired by Gannett Co., Inc.

(2) During 2014, LIN TV was acquired by Media General, Inc.

In 2015, the Compensation Committee continued to utilize Longnecker’s report in assessing the competitiveness and reasonableness of our executive compensation.

Benchmarking review provides a foundation for ensuring that our executive compensation levels remain competitive in relation to the peer group and is generally refreshed prior to the hiring or replacement of an executive officer or when an existing officer’s employment contract is renewed. One of the primary objectives of our executive compensation program is to provide compensation near the median market pay level based on our benchmarking review of peer group companies, when warranted by our results and individual contribution. We believe that such benchmarking is useful because we recognize that our compensation practices must be competitive in the media industry. By targeting Named Executive Officer compensation to the compensation practices of the peer group, we

enhance our ability to attract and retain talented and highly qualified executives, which is fundamental to our growth and delivery of value to our shareholders. In addition, peer group information is one of the many factors we consider in assessing the reasonableness of compensation of the Named Executive Officers.

Compensation Risk Considerations

The Compensation Committee has assessed the level of risk associated with our executive incentive programs to ensure that the design of these programs does not encourage executives to subject us to unacceptable levels of business risk. It is the Compensation Committee's opinion that the current incentives offered to executives are balanced in such a way so as not to create a conflict between executive and shareholder interests. Annual cash bonuses are based primarily on current year net revenues and Adjusted EBITDA, which are short-term measures. These short-term incentives are balanced out by the long-term incentives offered to executives in the form of stock options and RSUs. The options and RSUs generally vest over a four to five year period and encourage executives not to take risks that would jeopardize our future growth and profitability.

Compensation Committee Interlocks and Insider Participation

None of our directors or executive officers served, and we anticipate that no member of our board of directors or executive officers will serve, as a member of the board of directors or compensation committee of any other company that has one or more executive officers serving as a member of our board of directors.

Determination of Compensation

The Compensation Committee reviewed compensation levels for the Named Executive Officers for 2013 through 2015 and considered various factors, including the executive's job performance, the compensation level of competitive jobs and our financial performance. For the executive officers other than the Chief Executive Officer, the Compensation Committee considers the recommendations of the Chief Executive Officer. The Compensation Committee approves the primary components of compensation for each Named Executive Officer, including any annual cash bonus and grant of stock options or RSUs.

Key Metrics Used for Performance Measures

We utilize net revenue and Adjusted EBITDA as quantitative measures to assess performance. Net revenue represents revenue recognized, net of allowances and credits, in accordance with U.S. GAAP. Adjusted EBITDA is defined as income from operations, plus depreciation, amortization of intangible assets and broadcast rights (excluding barter) and loss (gain) on asset disposal, net, minus broadcast rights payments. Both of these measures are reported in our quarterly earnings releases. For additional information on the performance on these and other measures, see discussion in "Elements of Compensation – Annual Cash Bonuses" below.

Elements of Compensation

The principal elements of our executive compensation consist of the following:

- Base Salary;
- Annual Cash Bonuses;
- Stock Options;
- Other Stock-Based Compensation;
- Perquisites and Other Compensation;
- Health Benefits; and
- Severance Benefits and Change in Control Provisions.

Base Salary

The annual base salary of our Named Executive Officers is established by individual employment agreements. The purpose of the base salary is to provide each Named Executive Officer with a set amount of cash compensation that is not variable in nature and that is generally competitive with market practices. The base salary is established based on the scope of the executive's responsibilities, taking into account competitive market compensation paid by peer group companies for similar positions. Generally, we target our executives' base salaries near the median market pay level of our benchmarking review of peer group companies. Under each employment agreement, base salaries are increased on an annual basis. Annual salary increases for the Named Executive Officers are generally consistent, on a percentage basis, with those received by non-executive employees.

Annual Cash Bonuses

Under the terms of their employment agreements, Nexstar Named Executive Officer is eligible to earn a targeted annual cash bonus up to an amount equal to a specified percentage of such executive's salary. Our overall performance determines what percentage, if any, of the target bonus will be paid out, with net revenues and Adjusted EBITDA as the primary performance measures. If we attain our annually budgeted amounts for net revenue and Adjusted EBITDA, then it is likely that 100% of the targeted bonus will be paid. However, our Chief Executive Officer, with the approval of the Compensation Committee, may increase the annual bonus paid to the other Named Executive Officers, and the Compensation Committee may increase the annual bonus paid to our Chief Executive Officer.

Likewise, if we do not achieve our performance benchmarks, then an amount less than the full bonus may be paid. However, we do not utilize defined formulas to determine what percentage of the target bonuses will be paid to our executive officers, including the Named Executive Officers. Ultimately, the payment of cash bonuses is made on a discretionary basis and is determined based on an evaluation of each executive's individual contribution to our overall performance.

Historically, when determining the amount of bonus and incentive compensation to be paid to the Named Executive Officers, the Compensation Committee reviews and considers the following information:

- Evaluations of each of the Named Executive Officers, as well as feedback from the full board of directors, regarding the performance of each Named Executive Officer;
- The Chief Executive Officer's review and evaluation of each of the other Nexstar Named Executive Officers, addressing individual performance and the results of operations of the business areas and departments for which such executive had responsibility, which the Compensation Committee discusses with the Chief Executive Officer;
- Our financial performance, including our stock price, comparable revenue, Adjusted EBITDA and Free Cash Flow growth; and
- Total proposed compensation, as well as each element of proposed compensation, taking into account the recommendations of the Chief Executive Officer.

For the year ended December 31, 2015, performance bonuses were paid to all of the Named Executive Officers at amounts representing the full target percentage for the Named Executive Officer, plus additional amounts for the Chief Executive Officer, Chief Financial Officer and two Co-Chief Operating Officers. The Compensation Committee selected these bonus amounts for 2015 due to our performance, as well as the individual performance of the executives.

Our performance during the year ended December 31, 2015 substantially met the expectations set by our board of directors. Net revenue for 2015 of \$896 million substantially met our budget of \$921 million and, excluding political revenue, was a \$317 million increase over the year ended December 31, 2014. We realized an increase in retransmission fee revenues of 92% over 2014 due to our successful negotiation of expiring contracts and an incremental revenue from our newly acquired stations. In addition, we realized an increase in digital media revenue of 93% over the year ended December 31, 2014 primarily due to acquisitions of new stations and digital entities in the years ended December 31, 2015 and 2014.

Operationally, we achieved significant milestones while maintaining discipline in cost management and simultaneously developing new local marketing solutions for our customers. Our budgeted Adjusted EBITDA for the year ended December 31, 2015 of \$306 million, compared with actual Adjusted EBITDA of \$305 million, was substantially met as we continued to invest for long-term growth.

In the year ended December 31, 2015, we successfully completed our acquisitions of or entry into programming, sales and other services agreements to 14 full power television stations and two digital media businesses, which expanded our penetration across two existing states and into two additional states. During the year ended December 31, 2015, we continued to focus on growing free cash flow and remained disciplined in managing costs. As a result, full year free cash flow for the year ended December 31, rose 30% to \$208 million.

The above factors were considered in determining the levels of performance bonuses paid to each of the Named Executive Officers, along with each executive's individual performance and contribution to the achievement of our goals. Each Named Executive Officer contributed significantly to our 2015 initiatives, including our acquisitions and integration of acquired or newly serviced stations, our organic growth, and our free cash flow growth. Due to the level of incremental effort arising from these initiatives and their favorable impact to us in the year ended December 31, 2015 and for future operations, the Compensation Committee determined that bonuses above the established targets were warranted.

Stock-Based Compensation

We believe that grants of stock-based awards are the most appropriate form of long-term compensation since they provide incentives to promote our long-term success in line with shareholder interests. Our equity incentive plans are

intended to motivate and reward the executive officers and to retain their continued services while providing long-term incentive opportunities including the participation in the long-term appreciation of our common stock value.

The Compensation Committee grants stock-based awards to our four non-Chief Executive Officer Named Executive Officers based on the recommendation of our Chief Executive Officer, who evaluates their performance in meeting the goals established at the beginning of each year. The Compensation Committee grants stock-based awards to our Chief Executive Officer primarily based on our overall performance. As with cash bonuses, there is no defined formula for how many stock-based awards will be granted to a Named Executive Officer.

We currently maintain two equity compensation plans – the 2012 Long-Term Equity Incentive Plan and the 2015 Long-Term Equity Incentive Plan, both of which provide for the granting of stock options, stock appreciation rights, restricted stock and performance awards. Awards made under our equity incentive plans have consisted almost exclusively of non-qualified stock options and RSUs. Stock option awards and RSUs vest ratably over four to five years, dependent on continued employment. The exercise price of stock options may not be less than the market price of our Class A common stock on the date of grant. Stock option awards must be exercised within ten years of the date of grant of the option, subject to earlier expiration upon termination of the individual’s employment. The number of awards that may be granted to any one individual in a calendar year is limited to 1,000,000 shares.

We typically grant stock options and stock awards in connection with the renewal of employment agreements. Each of our non-Chief Executive Officer Named Executive Officers received stock awards in the year ended December 31, 2014. In the year ended December 31, 2015, our Chief Executive Officer’s contract was renewed and at the recommendation of the Compensation Committee based on its discussions with and advice from our board of directors and the Hay Group, he was granted 200,000 stock options and 200,000 RSUs.

Perquisites and Other Compensation

All other compensation for our Named Executive Officers includes automobile allowances we paid, the value of the personal use of an automobile, the group life insurance premiums that we paid and our 401(k) matching contributions.

Health Benefits

All full-time employees, including our Named Executive Officers, may participate in our health benefit program, including medical, dental and vision care coverage, disability insurance and life insurance.

Severance Benefits and Change in Control Provisions

All of our Named Executive Officers have entered into employment agreements with us. These employment agreements, among other things, provide for severance compensation to be paid to the executives if they are terminated upon a change of control, or for reasons other than cause, or if they resign for good reason, as defined in the agreements. See “Potential Payments upon Termination or Change in Control” below.

Potential Payments upon Termination or Change in Control

Each of the Named Executive Officers has entered into an employment agreement with us. Included in each employment agreement are provisions regarding termination of employment, including a change in control. The circumstances that would result in the payment of severance compensation and other benefits under the employment agreements are identical for each of the Named Executive Officers. See “Employment Agreements” above for more information.

As defined in the employment agreements, there are three different circumstances that would result in the payment of severance compensation, each as defined in the employment agreements, as follows: (1) change in control; (2) termination for reasons other than cause; and (3) resignation by the Named Executive Officer with good reason.

In the event of termination for any of the above reasons, as defined in the employment agreements, each Named Executive Officer is eligible to receive his base salary for a period of one year (except for Mr. Sook who would receive two years base salary plus two years target bonus).

The following table sets forth potential payments to our Named Executive Officers under their employment agreements, for various circumstances involving the termination of employment of the Named Executive Officers or a change in control, assuming a December 31, 2015 termination date.

Item 13. Certain Relationships and Related Transactions, and Director Independence

Our board of directors has not adopted a written policy or procedure for the review, approval and ratification of related party transactions, as the Audit Committee Charter already requires the Audit Committee to review all relationships and transactions in which our employees, directors and officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. Based on all the relevant facts and circumstances, the Audit Committee will decide whether the related-party transaction is appropriate and will approve only those transactions that are in our best interest.

All employees sign a conflict of interest statement annually, and we require our directors and executive officers to complete annually a directors' and officers' questionnaire which requires disclosure of any related-party transactions. As required under SEC rules, transactions that are determined to be directly or indirectly material to us or a related person are disclosed in our periodic filings as appropriate.

Under the NASDAQ independence rules, our independent directors are Messrs. Armstrong, Grossman, Pompadur, Miller and McMillen and Ms. McNabb. All of the committees of our board of directors are comprised solely of independent directors.
