UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended September 30, 2016

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number: 1-13395

SONIC AUTOMOTIVE, INC.

(Exact name of registrant as specified in its charter)

Delaware 56-2010790
(State or other jurisdiction of (I.R.S. Employer
incorporation or organization) Identification No.)

4401 Colwick Road

28211

Edgar Filing: SONIC AUTOMOTIVE INC - Form 10-Q

Charlotte, North Carolina
(Address of principal executive offices) (Zip Code)

(704) 566-2400

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer (Do not check if a smaller reporting company) Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of October 25, 2016, there were 32,840,726 shares of Class A common stock and 12,029,375 shares of Class B common stock outstanding.

Uncertainty of Forward-Looking Statements and Information

This Quarterly Report on Form 10-Q contains, and written or oral statements made from time to time by us or by our authorized officers may contain, “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements address our future objectives, plans and goals, as well as our intent, beliefs and current expectations regarding future operating performance, results and events, and can generally be identified by words such as “may,” “will,” “should,” “believe,” “expect,” “estimate,” “anticipate,” “intend,” “plan,” “foresee” or similar words or phrases.

These forward-looking statements are based on our current estimates and assumptions and involve various risks and uncertainties. As a result, you are cautioned that these forward-looking statements are not guarantees of future performance, and that actual results could differ materially from those projected in these forward-looking statements. Factors which may cause actual results to differ materially from our projections include those risks described in “Item 1A: Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2015 and elsewhere in this report, as well as:

- the number of new and used vehicles sold in the United States as compared to our expectations and the expectations of the market;
- our ability to generate sufficient cash flows or obtain additional financing to fund our EchoPark® expansion, our One Sonic-One Experience initiative, capital expenditures, our share repurchase program, dividends on our common stock, acquisitions and general operating activities;
- our business and growth strategies, including, but not limited to, our EchoPark® initiative and our One Sonic-One Experience initiative;
- the reputation and financial condition of vehicle manufacturers whose brands we represent, the financial incentives vehicle manufacturers offer and their ability to design, manufacture, deliver and market their vehicles successfully;
- our relationships with manufacturers, which may affect our ability to obtain desirable new vehicle models in inventory or complete additional acquisitions;
- adverse resolution of one or more significant legal proceedings against us or our dealerships or EchoPark® stores;
- changes in laws and regulations governing the operation of automobile franchises, accounting standards, taxation requirements and environmental laws;
- general economic conditions in the markets in which we operate, including fluctuations in interest rates, employment levels, the level of consumer spending and consumer credit availability;
- high competition in the automotive retailing industry, which not only creates pricing pressures on the products and services we offer, but also on businesses we may seek to acquire;
- our ability to successfully integrate potential future acquisitions; and
- the rate and timing of overall economic recovery or decline.

These forward-looking statements speak only as of the date of this report or when made, and we undertake no obligation to revise or update these statements to reflect subsequent events or circumstances, except as required under the federal securities laws and the rules and regulations of the Securities and Exchange Commission.

SONIC AUTOMOTIVE, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

Basis of Presentation – The accompanying condensed consolidated financial statements of Sonic Automotive, Inc. and its wholly owned subsidiaries (“Sonic,” the “Company,” “we,” “us” and “our”) for the three and nine months ended September 30, 2016 and 2015, are unaudited and have been prepared in accordance with U.S. generally accepted accounting principles (“U.S. GAAP”) for interim financial information and applicable rules and regulations of the Securities and Exchange Commission. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. These unaudited condensed consolidated financial statements reflect, in the opinion of management, all material normal recurring adjustments necessary to fairly state the financial position, results of operations and cash flows for the periods presented. The operating results for interim periods are not necessarily indicative of the results to be expected for the entire fiscal year or future interim periods, because the first quarter normally contributes less operating profit than the second, third and fourth quarters. These interim financial statements should be read in conjunction with the audited consolidated financial statements included in Sonic’s Annual Report on Form 10-K for the year ended December 31, 2015.

Recent Accounting Pronouncements – In February 2016, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2016-02 to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet and disclosing key information about leasing arrangements. The amendments in this ASU require that leases are classified as either finance or operating leases, a right-of-use asset and lease liability is recognized in the statement of financial position, and repayments are classified within operating activities in the statement of cash flows. For public companies, this ASU is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018 (early adoption is permitted). Upon adoption of this ASU, the presentation of certain items in Sonic’s consolidated financial position, cash flows and other disclosures will be impacted, primarily the recognition of a right-of-use asset and an associated liability.

In March 2016, the FASB issued ASU 2016-09 to simplify several aspects of the accounting for share-based payment transactions. For public companies, this ASU is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2016 (early adoption is permitted). Upon adoption of this ASU, interim period and annual period income tax expense will be affected by option exercises and restricted stock vestings.

In August 2016, the FASB issued ASU 2016-15 related to the classification of certain cash receipts and cash payments on the statement of cash flows. For public companies, this ASU is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2017 (early adoption is permitted). Upon adoption of this ASU, the presentation of certain items in Sonic’s cash flows and other disclosures may be impacted.

Principles of Consolidation – All of Sonic’s subsidiaries are wholly owned and consolidated in the accompanying condensed consolidated financial statements, except for one 50% - owned dealership that is accounted for under the equity method. All material intercompany balances and transactions have been eliminated in the accompanying condensed consolidated financial statements.

Lease Exit Accruals – Lease exit accruals relate to facilities Sonic has ceased using in its operations that remain subject to a current lease agreement. The accruals represent the present value of the lease payments, net of estimated or actual sublease proceeds, for the remaining life of the operating leases and other accruals necessary to satisfy the lease commitment to the landlord. These situations could include the relocation of an existing facility or the sale of a dealership where the buyer will not be subleasing the property for either the remaining term of the lease or for an amount of rent equal to Sonic’s obligation under the lease, or in situations where a store is closed as a result of the associated franchise being terminated by Sonic or the manufacturer and no other operations continue on the leased property. See Note 12, “Commitments and Contingencies,” to the consolidated financial statements in Sonic’s Annual Report on Form 10-K for the year ended December 31, 2015 for further discussion.

A summary of the activity of these operating lease exit accruals consists of the following:

	(In thousands)
Balance at December 31, 2015	\$ 14,527
Interest expense, net of adjustments (1)	1,109
Payments (2)	(4,725)
Balance at September 30, 2016	\$ 10,911

SONIC AUTOMOTIVE, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

- (1) Expense of approximately \$1.0 million is recorded in income (loss) from discontinued operations before taxes and expense of approximately \$0.1 million is recorded in interest expense, other, net, in the accompanying condensed consolidated statements of income.
- (2) Amount is recorded as an offset to rent expense, with approximately \$0.5 million recorded in selling, general and administrative expenses and approximately \$4.2 million recorded in income (loss) from discontinued operations before taxes, in the accompanying condensed consolidated statements of income.

Income Tax Expense – The overall effective tax rate from continuing operations was 39.3% for both the three and nine months ended September 30, 2016, and was 40.0% and 39.5% for the three and nine months ended September 30, 2015, respectively. Sonic's effective tax rate varies from year to year based on the distribution of taxable income between states in which Sonic operates and other tax adjustments. Sonic expects the effective tax rate in future periods to fall within a range of 38.0% to 40.0% before the impact, if any, of changes in valuation allowances related to deferred income tax assets or unusual discrete tax adjustments.

2. Business Acquisitions and Dispositions

Acquisitions – During the three and nine months ended September 30, 2016, Sonic acquired three stand-alone used vehicle dealership businesses and real estate for approximately \$15.9 million. On a pro forma basis as if the results of these acquisitions had been included in Sonic's consolidated results for the entire three and nine months ended September 30, 2016 and 2015, revenue and net income would not have been materially different from Sonic's reported revenue and net income for these periods. Sonic did not acquire any franchises during the nine months ended September 30, 2015.

Dispositions – Revenues and other activities associated with dealerships classified as discontinued operations were as follows:

	Three Months Ended September 30, 2016		Nine Months Ended September 30, 2015	
	2016	2015	2016	2015
	(In thousands)

3. Inventories

Inventories consist of the following:

	September 30, 2016	December 31, 2015
	(In thousands)	
New vehicles	\$998,390	\$ 1,161,490
Used vehicles	322,466	251,103
Service loaners	125,731	121,946
Parts, accessories and other	64,749	65,042
Net inventories	\$1,511,336	\$ 1,599,581

4. Property and Equipment

Property and equipment, net consists of the following:

	September 30, 2016	December 31, 2015
	(In thousands)	
Land	\$ 300,400	\$ 260,275
Building and improvements	748,627	679,712
Software and computer equipment	119,448	107,086
Parts and service equipment	88,909	79,219
Office equipment and fixtures	84,919	76,810
Company vehicles	9,077	8,478
Construction in progress	68,683	55,010
Total, at cost	1,420,063	1,266,590
Less accumulated depreciation	(435,708)	(379,688)
Subtotal	984,355	886,902
Less assets held for sale	(6,347)	-
Property and equipment, net	\$978,008	\$ 886,902

In the three and nine months ended September 30, 2016, capital expenditures were approximately \$46.1 million and \$155.1 million, respectively, and in the three and nine months ended September 30, 2015, capital expenditures were approximately \$44.2 million and \$127.1 million, respectively. Capital expenditures in all periods were related to real estate acquisitions, construction of new dealerships and EchoPark® stores, building improvements and equipment purchased for use in Sonic's dealerships and EchoPark® stores. Assets held for sale as of September 30, 2016 consists of vacant land that Sonic expects to dispose of in the next twelve months.

Impairment charges for the three and nine months ended September 30, 2016 were approximately \$6.1 million and \$6.2 million, respectively. Impairment charges for the three months ended September 30, 2015 were immaterial and for the nine months ended September 30, 2015 were approximately \$16.7 million. Impairment charges for the three and nine months ended September 30, 2016 include the write-off of property and equipment to be demolished in conjunction with a facility construction project and the write-off of costs associated with abandonment of certain construction projects. Impairment charges for the three and nine months ended September 30, 2015 include the write-off of goodwill, intangible assets, property and equipment as part of the disposal of a franchise, the write-off of certain costs associated with website and software development projects as well as abandonment of certain construction projects.

8

SONIC AUTOMOTIVE, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

5. Goodwill and Intangible Assets

The carrying amount of goodwill was approximately \$473.2 million and \$471.5 million as of September 30, 2016 and December 31, 2015, respectively, reflecting a \$1.7 million increase related to business acquisitions in the three months ended September 30, 2016. The carrying amount of goodwill is net of accumulated impairment losses of approximately \$796.7 million as of both September 30, 2016 and December 31, 2015. The carrying amount of franchise assets was approximately \$74.9 million as of both September 30, 2016 and December 31, 2015.

At December 31, 2015, Sonic had approximately \$6.0 million of definite life intangibles related to favorable lease agreements. After the effect of amortization of the definite life intangibles, the balance recorded at September 30, 2016 was approximately \$5.5 million. Both franchise assets and favorable lease agreement assets are included in other intangible assets, net in the accompanying condensed consolidated balance sheets.

6. Long-Term Debt

Long-term debt consists of the following:

	September 30, 2016	December 31, 2015
	(In thousands)	
2014 Revolving Credit Facility (1)	\$-	\$ 4,203
7.0% Senior Subordinated Notes due 2022 (the "7.0% Notes")	200,000	200,000
5.0% Senior Subordinated Notes due 2023 (the "5.0% Notes") (2)	289,273	300,000
Mortgage notes to finance companies-fixed rate, bearing interest from 3.51% to 7.03%	178,910	168,410
Mortgage notes to finance companies-variable rate, bearing interest at 1.25 to 2.80 percentage points above one-month or three-month LIBOR	226,122	150,961
Net debt discount and premium (3)	(1,320)	(1,562)
Debt issuance costs	(11,214)	(12,884)
Other	4,364	5,454
Total debt	\$886,135	\$ 814,582
Less current maturities	(43,241)	(33,437)
Long-term debt	\$842,894	\$ 781,145

- (1) The interest on the 2014 Revolving Credit Facility was 2.25% above LIBOR at both September 30, 2016 and December 31, 2015.
- (2) During the three months ended September 30, 2016, Sonic repurchased approximately \$10.7 million of its outstanding 5.0% Notes for approximately \$10.6 million in cash, plus accrued and unpaid interest related thereto.
- (3) September 30, 2016 includes a \$1.2 million discount associated with the 7.0% Notes and a \$0.1 million discount associated with mortgage notes payable. December 31, 2015 includes a \$1.3 million discount associated with the 7.0% Notes and a \$0.3 million discount associated with mortgage notes payable.

2014 Credit Facilities

On July 23, 2014, Sonic entered into an amended and restated syndicated revolving credit facility (the “2014 Revolving Credit Facility”) and amended and restated syndicated new and used vehicle floor plan credit facilities (the “2014 Floor Plan Facilities”) and, together with the 2014 Revolving Credit Facility, the “2014 Credit Facilities”), which are scheduled to mature on August 15, 2019.

Availability under the 2014 Revolving Credit Facility is calculated as the lesser of \$225.0 million or a borrowing base calculated based on certain eligible assets (the “Revolving Borrowing Base”), less the aggregate face amount of any outstanding letters of credit under the 2014 Revolving Credit Facility. The 2014 Revolving Credit Facility may be increased at Sonic’s option up to \$275.0 million upon satisfaction of certain conditions. Based on balances as of September 30, 2016, the Revolving Borrowing Base was approximately \$193.5 million. As of September 30, 2016, Sonic had no outstanding borrowings and approximately \$21.9 million in outstanding letters of credit under the 2014 Revolving Credit Facility, resulting in total borrowing availability of approximately \$171.6 million under the 2014 Revolving Credit Facility. See Note 6, “Long-Term Debt,” to the consolidated financial statements in Sonic’s Annual Report on Form 10-K for the year ended December 31, 2015 for further discussion.

SONIC AUTOMOTIVE, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

7.0% Senior Subordinated Notes

On July 2, 2012, Sonic issued \$200.0 million in aggregate principal amount of unsecured senior subordinated 7.0% Notes which mature on July 15, 2022. The 7.0% Notes were issued at a price of 99.11% of the principal amount thereof, resulting in a yield to maturity of 7.125%. Interest on the 7.0% Notes is payable semi-annually in arrears on January 15 and July 15 of each year. See Note 6, “Long-Term Debt,” to the consolidated financial statements in Sonic’s Annual Report on Form 10-K for the year ended December 31, 2015 for further discussion.

5.0% Senior Subordinated Notes

On May 9, 2013, Sonic issued \$300.0 million in aggregate principal amount of unsecured senior subordinated 5.0% Notes which mature on May 15, 2023. The 5.0% Notes were issued at a price of 100.0% of the principal amount thereof. Interest on the 5.0% Notes is payable semi-annually in arrears on May 15 and November 15 of each year. See Note 6, “Long-Term Debt,” to the consolidated financial statements in Sonic’s Annual Report on Form 10-K for the year ended December 31, 2015 for further discussion.

During the three months ended September 30, 2016, Sonic repurchased approximately \$10.7 million of its outstanding 5.0% Notes for approximately \$10.6 million in cash, plus accrued and unpaid interest related thereto.

Mortgage Notes

During the nine months ended September 30, 2016, Sonic obtained approximately \$99.6 million in mortgage financing related to nine of its dealership properties. As of September 30, 2016, the weighted average interest rate was 3.61% and the total outstanding principal balance was approximately \$405.0 million, related to approximately 45% of Sonic’s operating locations. These mortgage notes require monthly payments of principal and interest through their respective maturities and are secured by the underlying properties. Maturity dates for these mortgage notes range between 2016 and 2033.

Covenants

Sonic was in compliance with the covenants under the 2014 Credit Facilities as of September 30, 2016. Financial covenants include required specified ratios (as each is defined in the 2014 Credit Facilities) of:

Covenant		
Minimum	Minimum	Maximum
Consolidated	Consolidated	Consolidated
Liquidity	Fixed	Total Lease
Ratio	Charge	

	Coverage Ratio		Adjusted Leverage Ratio
Required ratio	1.05	1.20	5.50
September 30, 2016 actual	1.16	1.70	4.32

The 2014 Credit Facilities contain events of default, including cross defaults to other material indebtedness, change of control events and other events of default customary for syndicated commercial credit facilities. Upon the future occurrence of an event of default, Sonic could be required to immediately repay all outstanding amounts under the 2014 Credit Facilities.

In addition, many of Sonic's facility leases are governed by a guarantee agreement between the landlord and Sonic that contains financial and operating covenants. The financial covenants under the guarantee agreement are identical to those under the 2014 Credit Facilities with the exception of one financial covenant related to the ratio of EBTDAR to Rent (as defined in the guarantee agreement) with a required ratio of no less than 1.50 to 1.00. As of September 30, 2016, the ratio was 3.78 to 1.00.

Derivative Instruments and Hedging Activities

Sonic has interest rate cash flow swap agreements to effectively convert a portion of its LIBOR-based variable rate debt to a fixed rate. Under the terms of these cash flow swaps, interest rates reset monthly. The fair value of these swap positions at September 30, 2016 was a liability of approximately \$13.1 million, with \$5.6 million included in other accrued liabilities and \$7.5 million included in other long-term liabilities in the accompanying condensed consolidated balance sheets. The fair value of these swap

SONIC AUTOMOTIVE, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

positions at December 31, 2015 was a liability of approximately \$10.0 million, with \$5.1 million included in other accrued liabilities and \$4.9 million included in other long-term liabilities in the accompanying condensed consolidated balance sheets.

Under the terms of these cash flow swaps, Sonic will receive and pay interest based on the following:

Notional Amount (In millions)	Pay Rate	Receive Rate (1)	Maturing Date
\$ 2.3	7.100%	one-month LIBOR + 1.50%	July 10, 2017
\$ 7.5	4.655%	one-month LIBOR	December 10, 2017
\$ 6.7	(2) 6.860%	one-month LIBOR + 1.25%	August 1, 2017
\$ 6.0	(2) 6.410%	one-month LIBOR + 1.25%	September 12, 2017
\$ 100.0	2.065%	one-month LIBOR	June 30, 2017
\$ 100.0	2.015%	one-month LIBOR	June 30, 2017
\$ 50.0	1.320%	one-month LIBOR	July 1, 2017
\$ 250.0	(3) 1.887%	one-month LIBOR	June 30, 2018
\$ 25.0	2.080%	one-month LIBOR	July 1, 2017
\$ 100.0	1.560%	one-month LIBOR	July 1, 2017
\$ 125.0	1.303%	one-month LIBOR	July 1, 2017
\$ 125.0	(4) 1.900%	one-month LIBOR	July 1, 2018
\$ 50.0	(5) 2.320%	one-month LIBOR	July 1, 2019
\$ 200.0	(5) 2.313%	one-month LIBOR	July 1, 2019
\$ 100.0	(6) 1.384%	one-month LIBOR	July 1, 2020
\$ 125.0	(5) 1.158%	one-month LIBOR	July 1, 2019
\$ 150.0	(6) 1.310%	one-month LIBOR	July 1, 2020
\$ 125.0	(4) 1.020%	one-month LIBOR	July 1, 2018

(1) The one-month LIBOR rate was approximately 0.527% at September 30, 2016.

(2) Changes in fair value are recorded through earnings.

(3) The effective date of this forward-starting swap is July 3, 2017.

(4) The effective date of these forward-starting swaps is July 1, 2017.

(5) The effective date of these forward-starting swaps is July 2, 2018.

(6) The effective date of these forward-starting swaps is July 1, 2019.

During the nine months ended September 30, 2016, Sonic entered into four forward-starting interest rate cash flow swap agreements with notional amounts of \$100.0 million, \$125.0 million, \$150.0 million and \$125.0 million. These interest rate swaps have been designated and qualify as cash flow hedges and, as a result, changes in the fair value of these swaps are recorded in other comprehensive income (loss) in the accompanying condensed consolidated

statements of comprehensive income.

For the interest rate swaps not designated as cash flow hedges, the changes in the fair value of these swaps are recognized through earnings and are included in interest expense, other, net in the accompanying condensed consolidated statements of income. For the three and nine months ended September 30, 2016, these items were a benefit of approximately \$0.2 million and \$0.4 million, respectively, and for the three and nine months ended September 30, 2015, these items were a benefit of approximately \$0.1 million and \$0.4 million, respectively.

For the interest rate swaps that qualify as cash flow hedges, the changes in the fair value of these swaps are recorded in other comprehensive income (loss) in the accompanying condensed consolidated statements of comprehensive income and are disclosed in the supplemental schedule of non-cash financing activities in the accompanying condensed consolidated statements of cash flows. The incremental interest expense (the difference between interest paid and interest received) related to these cash flow swaps was approximately \$1.5 million and \$4.1 million for the three and nine months ended September 30, 2016, respectively, and \$1.6 million and \$6.2 million for the three and nine months ended September 30, 2015, respectively, and is included in interest expense, other, net in the accompanying condensed consolidated statements of income and the interest paid amount disclosed in the supplemental disclosures of cash flow information in the accompanying condensed consolidated statements of cash flows. The estimated net expense expected to be reclassified out of accumulated other comprehensive income (loss) into results of operations during the next twelve months is approximately \$3.4 million.

SONIC AUTOMOTIVE, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

7. Per Share Data and Stockholders' Equity

The calculation of diluted earnings per share considers the potential dilutive effect of options and shares under Sonic's stock compensation plans. Certain of Sonic's non-vested restricted stock awards contain rights to receive non-forfeitable dividends and, thus, are considered participating securities and are included in the two-class method of computing earnings per share. The following tables illustrate the dilutive effect of such items on earnings per share for the three and nine months ended September 30, 2016 and 2015:

	Three Months Ended September 30, 2016						
	Income (Loss)			Income (Loss)		Net

In addition to the stock options included in the tables above, options to purchase approximately 0.2 million and 0.5 million shares of Sonic's Class A common stock were outstanding at September 30, 2016 and 2015, respectively, but were not included in the computation of diluted earnings per share because the options were not dilutive.

8. Contingencies

Legal and Other Proceedings

Sonic is involved, and expects to continue to be involved, in numerous legal and administrative proceedings arising out of the conduct of its business, including regulatory investigations and private civil actions brought by plaintiffs purporting to represent a potential class or for which a class has been certified. Although Sonic vigorously defends itself in all legal and administrative proceedings, the outcomes of pending and future proceedings arising out of the conduct of Sonic's business, including litigation with customers, employment related lawsuits, contractual disputes, class actions, purported class actions and actions brought by governmental authorities, cannot be predicted with certainty. An unfavorable resolution of one or more of these matters could have a material adverse effect on Sonic's business, financial condition, results of operations, cash flows or prospects.

At September 30, 2016, approximately \$0.4 million and \$0.2 million were included in other accrued liabilities and other long-term liabilities, respectively, and at and December 31, 2015, approximately \$0.3 million and \$0.2 million were included in other accrued liabilities and other long-term liabilities, respectively, in the accompanying condensed consolidated balance sheets for reserves that Sonic was holding for pending proceedings. Except as reflected in such reserves, Sonic is currently unable to estimate a range of reasonably possible loss, or a range of reasonably possible loss in excess of the amount accrued, for pending proceedings.

Guarantees and Indemnification Obligations

In accordance with the terms of Sonic's operating lease agreements, Sonic's dealership subsidiaries, acting as lessees, generally agree to indemnify the lessor from certain exposure arising as a result of the use of the leased premises, including environmental exposure and repairs to leased property upon termination of the lease. In addition, Sonic has generally agreed to indemnify the lessor in the event of a breach of the lease by the lessee.

In connection with dealership dispositions, certain of Sonic's dealership subsidiaries have assigned or sublet to the buyer its interests in real property leases associated with such dealerships. In general, the subsidiaries retain responsibility for the performance of certain obligations under such leases, including rent payments and repairs to leased property upon termination of the lease, to the extent that the assignee or sub-lessee does not perform. In the event the assignees or sub-lessees do not perform their obligations under such leases, Sonic remains liable for the lease payments. See Note 12, "Commitments and Contingencies," to the consolidated financial statements in Sonic's Annual Report on Form 10-K for the year ended December 31, 2015 for further discussion.

In accordance with the terms of agreements entered into for the sale of Sonic's dealerships, Sonic generally agrees to indemnify the buyer from certain liabilities and costs arising subsequent to the date of sale, including environmental exposure and exposure resulting from the breach of representations or warranties made in accordance with the agreements. While Sonic's exposure with respect to environmental remediation and repairs is difficult to quantify, Sonic's maximum exposure associated with these general indemnifications was approximately \$3.5 million and \$5.3 million at September 30, 2016 and December 31, 2015, respectively. These

SONIC AUTOMOTIVE, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

indemnifications expire within a period of one to three years following the date of sale. The estimated fair value of these indemnifications was not material and the amount recorded for this contingency was not significant at September 30, 2016. Sonic also guarantees the floor plan commitments of its 50%-owned joint venture, the amount of which was approximately \$2.8 million at both September 30, 2016 and December 31, 2015.

9. Fair Value Measurements

In determining fair value, Sonic uses various valuation approaches including market, income and/or cost approaches. “Fair Value Measurements and Disclosures” in the Accounting Standards Codification establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of Sonic. Unobservable inputs are inputs that reflect Sonic’s assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities that Sonic has the ability to access. Assets utilizing Level 1 inputs include marketable securities that are actively traded, including Sonic’s stock or public bonds.

Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly. Assets and liabilities utilizing Level 2 inputs include cash flow swap instruments and deferred compensation plan balances.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement. Asset and liability measurements utilizing Level 3 inputs include those used in estimating fair value of non-financial assets and non-financial liabilities in purchase acquisitions, those used in assessing impairment of property, plant and equipment and other intangibles and those used in the reporting unit valuation in the annual goodwill impairment evaluation.

The availability of observable inputs can vary and is affected by a wide variety of factors. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment required by Sonic in determining fair value is greatest for assets and liabilities categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement is disclosed is determined based on the lowest level input (Level 3 being the lowest level) that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant who holds the asset or owes the liability rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, Sonic’s own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. Sonic uses inputs that are current as of the measurement date, including during periods when the market may be abnormally high or abnormally low. Accordingly, fair value measurements can be volatile based on various factors that may or may not be within Sonic’s control.

SONIC AUTOMOTIVE, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Assets and liabilities recorded at fair value in the accompanying condensed consolidated balance sheets as of September 30, 2016 and December 31, 2015 are as follows:

Cash flow swaps not designated as hedges (3)	507	913
Deferred compensation plan (4)	14,274	13,551
Total liabilities	\$ 27,354	\$ 23,558

(1) Included in other assets in the accompanying condensed consolidated balance sheets.

(2) As of September 30, 2016, approximately \$5.1 million and \$7.5 million were included in other accrued liabilities and other long-term liabilities, respectively, in the accompanying condensed consolidated balance sheets. As of December 31, 2015, approximately \$4.6 million and \$4.5 million were included in other accrued liabilities and other long-term liabilities, respectively, in the accompanying condensed consolidated balance sheets.

(3) As of September 30, 2016, approximately \$0.5 million was included in other accrued liabilities in the accompanying condensed consolidated balance sheets. As of December 31, 2015, approximately \$0.5 million and \$0.4 million were included in other accrued liabilities and other long-term liabilities, respectively, in the accompanying condensed consolidated balance sheets.

(4) Included in other long-term liabilities in the accompanying condensed consolidated balance sheets.

There were no instances in the three and nine months ended September 30, 2016 which required a fair value measurement of assets ordinarily measured at fair value on a non-recurring basis. Therefore, the carrying value of assets measured at fair value on a non-recurring basis in the accompanying condensed consolidated balance sheets as of September 30, 2016 has not changed since December 31, 2015. These assets will be evaluated as of the annual valuation assessment date of October 1, 2016, or as events or changes in circumstances require.

As of September 30, 2016 and December 31, 2015, the fair values of Sonic's financial instruments, including receivables, notes receivable from finance contracts, notes payable – floor plan, trade accounts payable, borrowings under the 2014 Credit Facilities and certain mortgage notes, approximated their carrying values due either to length of

maturity or existence of variable interest rates that approximate prevailing market rates.

15

SONIC AUTOMOTIVE, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

At September 30, 2016 and December 31, 2015, the fair value and carrying value of Sonic's significant fixed rate long-term debt were as follows:

	September 30, 2016		December 31, 2015	
	Fair Value	Carrying Value	Fair Value	Carrying Value
	(In thousands)			
7.0% Notes (1)	\$211,000	\$198,829	\$211,000	\$198,708
5.0% Notes (1)	\$284,934	\$289,273	\$284,250	\$300,000
Mortgage Notes (2)	\$188,955	\$178,910	\$174,007	\$168,410
Other (2)	\$4,131	\$4,363	\$5,192	\$5,457

(1) As determined by market quotations as of September 30, 2016 and December 31, 2015, respectively (Level 1).

(2) As determined by discounted cash flows (Level 3).

10. Accumulated Other Comprehensive Income (Loss)

The changes in accumulated other comprehensive income (loss) by component for the nine months ended September 30, 2016 are as follows:

	Gains and Losses on Cash Flow Hedges		Total
	Defined Plan	Benefit Pension	
	(In thousands)		
Balance at December 31, 2015	\$(5,638)	\$ 6	\$(5,632)
Other comprehensive income (loss) before reclassifications (1)	(4,749)	-	(4,749)
Amounts reclassified out of accumulated other comprehensive income (loss) (2)	2,592	-	2,592
Net current-period other comprehensive income (loss)	(2,157)	-	(2,157)
Balance at September 30, 2016	\$(7,795)	\$ 6	\$(7,789)

(1) Net of tax benefit of \$2,911.

(2) Net of tax expense of \$1,589.

See the heading “Derivative Instruments and Hedging Activities” in Note 6, “Long-Term Debt,” for further discussion of Sonic’s cash flow hedges. For further discussion of Sonic’s defined benefit pension plan, see Note 10, “Employee Benefit Plans,” to the consolidated financial statements in Sonic’s Annual Report on Form 10-K for the year ended December 31, 2015.

11. Segment Information

As of September 30, 2016, Sonic had two operating segments: Franchised Dealerships and EchoPark®. The Franchised Dealerships segment is comprised of retail automotive franchises that sell new vehicles and buy and sell used vehicles, sell replacement parts, perform vehicle repair and maintenance services, and arrange finance and insurance products. The EchoPark® segment is comprised of stand-alone specialty retail locations that provide customers an opportunity to search, buy, service, finance and sell pre-owned vehicles.

The operating segments identified above are the business activities of Sonic for which discrete financial information is available and for which operating results are regularly reviewed by Sonic’s chief operating decision maker to assess operating performance and allocate resources. Sonic’s chief operating decision maker is a group of three individuals consisting of the Company’s Chief Executive Officer and President, Executive Vice President and Chief Financial Officer and Executive Vice President of Operations. The Company has determined that its operating segments also represent its reportable segments.

SONIC AUTOMOTIVE, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with the Sonic Automotive, Inc. condensed consolidated financial statements and related notes thereto appearing elsewhere in this report, as well as the audited consolidated financial statements and related notes thereto, "Item 1A: Risk Factors" and "Item 7: Management's Discussion and Analysis of Financial Condition and Results of Operations" appearing in our Annual Report on Form 10-K for the year ended December 31, 2015.

Except to the extent that differences among operating segments are material to an understanding of our business taken as a whole, we present the discussion in Management's Discussion and Analysis of Financial Condition and Results of Operations on a consolidated basis.

Overview

We are one of the largest automotive retailers in the United States (as measured by total revenue). As of September 30, 2016, we operated 114 franchises in 13 states (representing 25 different brands of cars and light trucks) and 18 collision repair centers. For management and operational reporting purposes, we group certain franchises together that share management and inventory (principally used vehicles) into "stores." As of September 30, 2016, we operated 111 stores, including five EchoPark® stores.

As a result of the way we manage our business, as of September 30, 2016, we had two operating segments: Franchised Dealerships and EchoPark®. Our franchised dealerships provide comprehensive services, including (1) sales of both new and used cars and light trucks; (2) sales of replacement parts and performance of vehicle maintenance, manufacturer warranty repairs, and paint and collision repair services (collectively, "Fixed Operations"); and (3) arrangement of extended warranties, service contracts, financing, insurance and other aftermarket products (collectively, "F&I") for our customers. EchoPark® provides the same services (excluding new vehicle sales and manufacturer warranty repairs) in unique stand-alone specialty retail locations. Our EchoPark® business operates independently from our franchised new and used dealership sales operations. Sales operations in our first EchoPark® market in Denver, Colorado began in the fourth quarter of 2014. As of September 30, 2016, we had five EchoPark® stores in operation, and we expect to open another store in Colorado in the first half of 2017. During the second quarter of 2016, we announced that we have begun the process of expanding EchoPark® operations into additional markets in North Carolina, South Carolina and Texas with operations in certain of these markets expected to begin in 2017. We believe that our EchoPark® business will provide long-term benefits to us, our stockholders and customers. However, in the short term, this initiative may negatively impact our overall operating results as we allocate management and capital resources to this business.

Although vehicle sales and sales of associated finance, insurance and other aftermarket products are cyclical and are affected by many factors, including overall economic conditions, consumer confidence, levels of discretionary personal income, interest rates and available credit, our parts, service and collision repair services are not closely tied to vehicle sales and are not as dependent upon near-term sales volume. However, significant changes to the level of manufacturer recall and warranty activity could negatively impact our Fixed Operations results.

In the fourth quarter of 2013, we announced a new customer experience initiative known as “One Sonic-One Experience.” This initiative includes several new processes and proprietary technologies from inventory management, electronic desking and pricing tools to a fully developed “customer-centric” Customer Relationship Management tool. We believe that the development of these processes and technologies will allow us to better serve our customers across our entire platform of stores. Our goal is to allow our guests to control the buying process and move at their pace so that once the vehicle has been selected our team can utilize these processes and technologies to allow our guests to complete a new or pre-owned vehicle sales transaction in less than an hour. During the latter half of 2014 and throughout 2015, we rolled out the One Sonic-One Experience initiative at our dealerships in Charlotte, North Carolina. During the first nine months of 2016, we rolled out the One Sonic-One Experience technologies to 14 additional stores in the Chattanooga, Tennessee; Birmingham, Alabama; and Los Angeles, California markets. Additional market implementations will continue upon completion of migration activities and required market/brand specific technology modifications. We believe that our One Sonic-One Experience initiative will provide long-term benefits to us, our stockholders and customers. However, in the short term, this initiative may negatively impact our overall operating results as we allocate management and capital resources to this initiative.

SONIC AUTOMOTIVE, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Executive Summary

The U.S. retail automotive industry's total new vehicle seasonally adjusted annual rate of sales ("SAAR") decreased 1.7%, to 17.5 million vehicles, in the three months ended September 30, 2016, from 17.8 million vehicles in the three months ended September 30, 2015, according to Bloomberg Financial Markets. The SAAR was flat at 17.2 million vehicles in the nine months ended September 30, 2016 compared to the prior year period, according to Bloomberg Financial Markets. For the year ending December 31, 2016, certain analysts' average industry expectation for the total new vehicle SAAR is approximately 17.7 million vehicles. We estimate the 2016 total new vehicle SAAR will be between 17.3 million and 17.6 million vehicles. Changes in consumer confidence, availability of consumer financing or changes in the financial stability of the automotive manufacturers could cause the actual 2016 total new vehicle SAAR to vary from expectations. Many factors such as brand and geographic concentrations have caused our past results to differ from the industry's overall trend, as well as the industry sales mix between retail and fleet new vehicle sales volume. Our current operational goal focuses on growing our retail new vehicle sales, as opposed to fleet new vehicle sales, and, as a result, we believe it is appropriate to compare our retail new vehicle unit sales volume to the retail SAAR (which excludes fleet new vehicle sales). According to PIN from J.D. Power, retail SAAR was 14.3 million vehicles for the three months ended September 30, 2016, down 2.7% from the prior year period, and 13.8 million vehicles for the nine months ended September 30, 2016, down 0.7% from the prior year period.

Our same store retail new vehicle unit sales volume and gross profit decreased during the three and nine months ended September 30, 2016, driven primarily by lower retail new vehicle unit sales volume and gross profit per unit in our Houston market as a result of continued challenges in the energy markets. Retail new vehicle gross profit per unit decreased \$43 per unit, or 2.4%, to \$1,734 per unit in the three months ended September 30, 2016, and decreased \$11 per unit, or 0.6%, to \$1,877 per unit in the nine months ended September 30, 2016. We believe our retail new vehicle unit sales volume was lower than retail new vehicle industry sales volume due to a variety of factors, including our franchised dealer brand mix, our geographic market concentration and our internal inventory mix between cars and trucks/SUVs. We believe that the recent trend of suppressed industry retail new vehicle gross margins is a result of downward pressure on pricing due to increased competition for sales between similar branded dealerships and higher overall inventory levels. We anticipate that this trend may continue to negatively impact new vehicle gross margins throughout 2016 and into 2017.

Our used vehicle inventories were elevated during the three and nine months ended September 30, 2016 due to a significant number of vehicles held in inventory as a result of open safety recalls on certain models where the manufacturer instructed dealers not to sell the particular model until the recall work was performed. These "stop-sale" vehicles increased our inventory on-hand and associated floor plan interest expense and may continue to negatively affect our dealerships' results of operations until warranty replacement parts become available. As of September 30, 2016, we had approximately 1,800 "stop-sale" used vehicles in our inventory, which increased our used vehicle days' supply by approximately five days.

Our same store retail used vehicle unit sales volume increased during the three and nine months ended September 30, 2016, while our same store retail used vehicle gross profit decreased during the three and nine months ended September 30, 2016. We believe both retail used vehicle unit sales volume and gross profit per unit declined in our Houston market as a result of continued challenges in the energy markets. Retail used vehicle gross profit per unit decreased \$79 per unit, or 5.7%, to \$1,310 per unit in the three months ended September 30, 2016, and decreased \$77 per unit, or 5.5%, to \$1,328 per unit in the nine months ended September 30, 2016. Our same store wholesale vehicle gross loss was flat during the three months ended September 30, 2016 in spite of a 33.7% increase in wholesale vehicle unit sales volume due to higher auction values. Our same store wholesale vehicle gross loss increased \$0.2 million during the nine months ended September 30, 2016 and wholesale vehicle unit sales volume increased 11.4%. The Manheim used vehicle price index remains near multi-year highs, which results in higher costs of acquiring used vehicle inventory either by trade-in or at auction. We focus on maintaining used vehicle inventory days' supply in the 30- to 35-day range in order to limit our exposure to market pricing volatility. Adjusted for "stop-sale" vehicles, our used vehicle inventory days' supply was approximately 37 days as of September 30, 2016.

Our same store Fixed Operations gross profit increased during the three and nine months ended September 30, 2016, in spite of lower Fixed Operations gross margin as a result of increased levels of sublet work and a shift in warranty brand mix to lower-margin brands. During the nine months ended September 30, 2016, customer pay gross profit increased notwithstanding slowing customer pay growth in the three months ended September 30, 2016. During the three and nine months ended September 30, 2016, warranty gross profit growth slowed due primarily to lower levels of warranty and recall activity at our BMW and Lexus dealerships and a shift in the type of warranty work toward less labor intensive, lower-margin warranty and recall claims. During the three and nine months ended September 30, 2016, total internal, sublet and other gross profit increased on higher used vehicle reconditioning volume.

SONIC AUTOMOTIVE, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Our same store F&I gross profit increased during the three and nine months ended September 30, 2016. F&I gross profit per unit increased \$65 per unit, or 5.1%, to \$1,341 per unit during the three months ended September 30, 2016, and increased \$80 per unit, or 6.3%, to \$1,347 per unit during the nine months ended September 30, 2016. These per unit increases offset the effect of overall lower retail unit sales volume. We believe our proprietary software applications and playbook processes drove increases in gross profit per F&I contract and penetration rates (the number of F&I products sold per vehicle). We believe we will continue to improve in this area as we refine our processes, train our associates and continue to sell high levels of retail new and used vehicles at our stores.

We repurchased approximately 0.6 million shares of our Class A common stock for approximately \$10.0 million during the three months ended September 30, 2016 and approximately 5.4 million shares of our Class A common stock for approximately \$97.5 million during the nine months ended September 30, 2016. These share repurchases reduced our total outstanding share count by approximately 10.2% as of September 30, 2016, compared to December 31, 2015.

On September 30, 2016, we repurchased in a private transaction \$10,727,000 in aggregate principal amount of our 5.0% Senior Subordinated Notes due 2023 (the "5.0% Notes") at a repurchase price of 98.75% of par.

The following is a detail of our new vehicle revenues by brand for the three and nine months ended September 30, 2016 and 2015:

Brand	Percentage of New Vehicle Revenue Three Months Ended September 30, 2016		Percentage of New Vehicle Revenue Nine Months Ended September 30, 2015	
	2016	2015	2016	2015

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Results of Operations

Unless otherwise noted, all discussion of increases or decreases for the three and nine months ended September 30, 2016 are compared to the three and nine months ended September 30, 2015, as applicable. The following discussion of new vehicles, used vehicles, wholesale vehicles, parts, service and collision repair, and finance, insurance and other, net are on a same store basis, except where otherwise noted. All currently operating continuing operations stores (both franchised dealerships and EchoPark®) are included within the same store group in the first full month following the first anniversary of the store's opening or acquisition. During the three months ended September 30, 2016, we acquired three stand-alone used vehicle stores and began operations at a manufacturer-awarded franchise open point, the results of which are excluded from the same store group. We opened two additional EchoPark® stores during the nine months ended September 30, 2016, the results of which are excluded from the same store group.

New Vehicles

The automobile retail industry uses the total new vehicle SAAR to measure the annual amount of expected new vehicle unit sales activity (both retail and fleet sales) within the United States. The total and retail SAAR below reflect all brands marketed or sold in the United States. The total and retail SAAR include brands we do not sell and markets in which we do not operate, therefore, our new vehicle sales may not trend directly in line with the total and retail SAAR. We believe that retail SAAR is a more meaningful metric for comparing our new vehicles sales volume to the industry due to our minimal fleet vehicle business.

	Three Months Ended September 30,			Nine Months Ended September 30,

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Our same store new vehicle results (including fleet) are as follows:

	Three Months Ended			
	September 30,		Better / (Worse)	
	2016	2015	Change	Change
	(In thousands, except units and per unit data)			
Same store new vehicle:				
Revenue	\$1,369,958	\$1,354,798	\$15,160	1.1 %
Gross profit	\$61,794	\$64,853	\$(3,059)	(4.7 %)
Unit sales	35,957	37,164	(1,207)	(3.2 %)
Revenue per unit	\$38,100	\$36,455	\$1,645	4.5 %
Gross profit per unit	\$1,719	\$1,745	\$(26)	(1.5 %)
Gross profit as a % of revenue	4.5 %	4.8 %	(30) bps	

	Nine Months Ended			
	September 30,		Better / (Worse)	
	2016	2015	Change	Change
	(In thousands, except units and per unit data)			
Same store new vehicle:				
Revenue	\$3,820,992	\$3,827,094	\$(6,102)	(0.2 %)
Gross profit	\$186,011	\$192,204	\$(6,193)	(3.2 %)
Unit sales	100,344	103,175	(2,831)	(2.7 %)
Revenue per unit	\$38,079	\$37,093	\$986	2.7 %
Gross profit per unit	\$1,854	\$1,863	\$(9)	(0.5 %)
Gross profit as a % of revenue	4.9 %	5.0 %	(10) bps	

During the three and nine months ended September 30, 2016, we believe our retail new vehicle unit sales volume was negatively affected by “stop-sale” vehicles held in inventory as a result of open safety recalls on certain models where the manufacturer instructed dealers not to sell the particular model until the recall work was performed. These “stop-sale” vehicles increased our inventory on-hand and associated floor plan interest expense and may continue to affect our dealerships’ results of operations until warranty replacement parts become available.

Three Months Ended September 30, 2016 Compared to Three Months Ended September 30, 2015

Excluding fleet sales, our retail new vehicle revenue increased 1.5% and our retail new vehicle unit sales volume decreased 2.6%. Decreases in retail new vehicle unit sales volume at our Ford, Toyota, General Motors (excluding Cadillac), BMW and Hyundai dealerships were the main drivers of our retail new vehicle unit sales volume decline, offset partially by increases in retail new vehicle unit sales volume at our Mercedes, Jaguar and Honda dealerships. Excluding fleet sales, our retail new vehicle gross profit decreased approximately \$3.2 million, or 5.0%, primarily driven by decreases in retail new vehicle gross profit at our BMW, Ford, General Motors (excluding Cadillac), Porsche and Land Rover dealerships, offset partially by increases in retail new vehicle gross profit at our Jaguar, Honda and Mercedes dealerships. Our gross profit per retail new unit decreased \$43 per unit, or 2.4%, primarily driven by decreases in gross profit per retail new unit at our BMW, Ford and General Motors (excluding Cadillac) dealerships, offset partially by increases in gross profit per retail new unit at our Jaguar, Honda and Mercedes dealerships.

We believe the decline in retail new vehicle gross profit per unit is primarily due to downward pricing pressure in the Houston market as a result of a downturn in the energy sector and its effect on the local economy.

Nine Months Ended September 30, 2016 Compared to Nine Months Ended September 30, 2015

Excluding fleet sales, our retail new vehicle revenue decreased 0.3% and our retail new vehicle unit sales volume decreased 2.9%. Decreases in retail new vehicle unit sales volume at our BMW, Toyota, Ford and MINI dealerships were the main drivers of our retail new vehicle unit sales volume decline, offset partially by increases in retail new vehicle unit sales volume at our Honda, Volvo, Jaguar and Mercedes dealerships. Excluding fleet sales, our retail new vehicle gross profit decreased approximately \$6.6 million, or 3.4%, primarily driven by decreases in retail new vehicle gross profit at our Land Rover, Ford, General Motors (excluding Cadillac), Porsche and BMW dealerships, offset partially by increases in retail new vehicle gross profit at our Honda and Volvo dealerships. Our

SONIC AUTOMOTIVE, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

gross profit per retail new unit decreased \$11 per unit, or 0.6%, primarily driven by decreases in gross profit per retail new unit at our Land Rover, Ford and General Motors (excluding Cadillac) dealerships, offset partially by increases in gross profit per retail new unit at our Honda and Volvo dealerships.

We believe the decline in retail new vehicle gross profit per unit is primarily due to downward pricing pressure in the Houston market as a result of a downturn in the energy sector and its effect on the local economy.

Used Vehicles

Used vehicle revenues are directly affected by a number of factors, including the level of manufacturer incentives on new vehicles, the number and quality of trade-ins and lease turn-ins, the availability and pricing of used vehicles acquired at auction and the availability of consumer credit.

The following tables provide a reconciliation of same store basis and reported basis for retail used vehicles:

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

During the three and nine months ended September 30, 2016, manufacturer "stop-sale" instructions for safety recalls on certain models increased our inventory on-hand by approximately 1,600 vehicles at March 31, 2016, approximately 4,200 vehicles at June 30, 2016, and approximately 1,800 vehicles at September 30, 2016 primarily in certain BMW and Honda models. We believe the "stop-sale" inventory negatively affected both our retail unit sales volume and gross profit per unit during the three and nine months ended September 30, 2016 due to the inability to retail these units, which typically are in higher demand and can yield higher gross profit per unit. The increased inventory and associated floor plan interest expense may also affect our dealerships' results of operations until warranty replacement parts become available.

In addition to the factors discussed below, incremental used vehicle unit sales volume in the three and nine months ended September 30, 2016 contributed to additional Fixed Operations gross profit (via reconditioning) and F&I gross profit as discussed under the headings "Parts, Service and Collision Repair ("Fixed Operations")" and "Finance, Insurance and Other, Net ("F&I")" below.

Three Months Ended September 30, 2016 Compared to Three Months Ended September 30, 2015

Retail used vehicle revenue increased 0.8%, driven primarily by a 1.3% increase in retail used vehicle unit sales volume. This increase in retail used vehicle unit sales volume was primarily driven by increases in retail used vehicle unit sales volume at our BMW and Mercedes dealerships and EchoPark® stores, offset partially by decreases in retail used vehicle unit sales volume at our Honda, Ford and Volkswagen dealerships. Retail used vehicle gross profit decreased approximately \$1.9 million, or 4.5%, driven primarily by lower retail used vehicle unit sales volume and retail used vehicle gross profit per unit at our dealerships in the Houston market. Retail used vehicle gross profit per unit decreased \$78 per unit, or 5.6%, driven primarily by lower retail used vehicle gross profit per unit at our Honda dealerships and our General Motors (excluding Cadillac) and Volkswagen dealerships in the Houston market, offset partially by higher retail used vehicle gross profit per unit at our BMW dealerships. We believe that the decrease in overall retail used vehicle gross profit per unit is due in part to the positive effects of newly redesigned models in certain brands on new vehicle demand, which, in turn, put downward pricing pressure on similar pre-owned models in those brands. In addition, our Volkswagen dealerships experienced significant decreases in retail used vehicle gross profit per unit both due to the brand reputational damage as a result of the ongoing emissions scandal and their exposure to the Houston energy market.

Nine Months Ended September 30, 2016 Compared to Nine Months Ended September 30, 2015

Retail used vehicle revenue decreased 0.5%, notwithstanding a 1.7% increase in retail used vehicle unit sales volume. This increase in retail used vehicle unit sales volume was primarily driven by increases in retail used vehicle unit sales volume at our BMW, Toyota and Mercedes dealerships and EchoPark® stores, offset partially by decreases in retail used vehicle unit sales volume at our Honda, General Motors (excluding Cadillac) and Volkswagen dealerships. Retail used vehicle gross profit decreased approximately \$4.8 million, or 3.9%, driven primarily by lower retail used vehicle unit sales volume and retail used vehicle gross profit per unit at our Honda and Toyota dealerships and our General Motors (excluding Cadillac) and Ford dealerships in the Houston market. Retail used vehicle gross profit per unit decreased \$78 per unit, or 5.5%, driven primarily by lower retail used vehicle gross profit per unit at our Honda, General Motors (excluding Cadillac) and Toyota dealerships. We believe that the decrease in overall retail used vehicle gross profit per unit is due in part to the positive effects of newly redesigned models in certain brands on new vehicle demand, which, in turn, put downward pricing pressure on similar pre-owned models in those brands. In

addition, our Houston dealerships experienced significant decreases in retail used vehicle gross profit per unit due to downward pricing pressure in the Houston market as a result of a downturn in the energy sector and its effect on the local economy.

Wholesale Vehicles

Wholesale vehicle revenues are highly correlated with retail new and used vehicle sales and the associated trade-in volume. Wholesale vehicle revenues are also significantly affected by our corporate inventory management policies, which are designed to optimize our total used vehicle inventory.

SONIC AUTOMOTIVE, INC.

Wholesale vehicle revenue and unit sales volume fluctuations are typically a result of retail new and used vehicle unit sales volumes that generate additional trade-in vehicle volume that we are not always able to sell as retail used vehicles and choose to sell at auction. Whenever possible, we prefer to sell a used vehicle through retail channels rather than wholesaling the vehicle at auction.

Three Months Ended September 30, 2016 Compared to Three Months Ended September 30, 2015

Wholesale vehicle revenue and unit sales volume increased, while wholesale gross loss decreased on lower wholesale gross loss per unit due to higher average auction prices. Wholesale unit sales volume as a percentage of total used vehicle unit sales volume (retail plus wholesale) increased 490 basis points as we optimized our used vehicle inventory for current consumer demand heading into the fourth quarter.

Nine Months Ended September 30, 2016 Compared to Nine Months Ended September 30, 2015

Wholesale vehicle revenue, gross loss and unit sales volume increased due to higher levels of wholesale activity as a result of elevated inventory levels during the first quarter of 2016. Wholesale unit sales volume as a percentage of total used vehicle unit sales

SONIC AUTOMOTIVE, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

volume (retail plus wholesale) increased 160 basis points as we optimized our used vehicle inventory for current consumer demand heading into the fourth quarter.

Parts, Service and Collision Repair ("Fixed Operations")

Fixed Operations revenue consists of customer requested orders ("customer pay"), warranty repairs, wholesale parts and internal, sublet and other. Parts and service revenue is driven by the mix of warranty repairs versus customer pay repairs, available service capacity, vehicle quality, manufacturer recalls, customer loyalty and manufacturer prepaid maintenance programs. Internal, sublet and other primarily relates to preparation and reconditioning work performed on vehicles that are sold to customers. When that work is performed by one of our dealerships, the work is classified as internal. In the event the work is performed by a third party on our behalf, it is classified as sublet.

We believe that over time, vehicle quality will improve, but vehicle complexity and the associated demand for repairs at franchised dealerships will offset any revenue lost from improvement in vehicle quality. We also believe that over the long term we have the ability to continue to add service capacity and increase revenues. Manufacturers continue to extend new vehicle warranty periods and have also begun to include regular maintenance items in the warranty coverage. These factors, over the long term, combined with the extended manufacturer warranties on certified pre-owned vehicles, should facilitate long-term growth in our service and parts business. Barriers to long-term growth may include reductions in the rate paid by manufacturers to dealers for warranty work performed, as well as the improved quality of vehicles that may affect the level and frequency of future warranty related revenues.

SONIC AUTOMOTIVE, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Three Months Ended September 30, 2016 Compared to Three Months Ended September 30, 2015

Our Fixed Operations customer pay revenue was flat and customer pay gross profit decreased approximately \$0.8 million, or 1.0%, driven primarily by a decrease at our BMW dealerships, offset partially by increases at our Audi, Land Rover and Toyota dealerships. Warranty revenue increased approximately \$2.4 million, or 4.2%, driven primarily by increases at our Honda and Toyota dealerships, offset partially by decreases at our Lexus, Volkswagen and BMW dealerships. In spite of the increase in warranty revenue, warranty gross profit was flat due to a 220 basis point decrease in warranty gross margin, driven primarily by gross margin declines at our Lexus and BMW dealerships due to less labor-intensive warranty work being performed. Wholesale parts revenue decreased approximately \$1.1 million, or 2.4%, and wholesale parts gross profit decreased approximately \$0.4 million, or 4.4%, driven primarily by a decrease at our Mercedes dealerships. Internal, sublet and other revenue increased approximately \$11.9 million, or 12.2%, and internal, sublet and other gross profit increased approximately \$2.2 million, or 4.6%, on higher levels of used vehicle reconditioning and hail damage repairs.

The increase in Fixed Operations revenue contributed approximately \$6.5 million in additional gross profit, offset partially by a 150 basis point decrease in gross margin rate, which reduced the gross profit increase by approximately \$5.4 million, for a net \$1.1 million increase in Fixed Operations gross profit. The gross margin rate decreased primarily due to lower gross margin rates at our BMW and Lexus dealerships and a shift in Fixed Operations revenue mix from our higher-margin customer pay business to lower-margin sublet business as a result of hail damage repairs and cost associated with loaner vehicles related to customer vehicles subject to safety recalls.

Nine Months Ended September 30, 2016 Compared to Nine Months Ended September 30, 2015

Our Fixed Operations customer pay revenue increased approximately \$17.8 million, or 4.2%, and customer pay gross profit increased approximately \$7.8 million, or 3.4%, driven primarily by increases at our Audi, Lexus, Toyota and Honda dealerships. Warranty revenue increased approximately \$5.7 million, or 3.4%, and warranty gross profit decreased approximately \$0.7 million, or 0.7%, driven primarily by decreases in warranty activity (including recalls) and gross margin rate at our BMW and Lexus dealerships, offset partially by increases at our Honda and Toyota dealerships. Wholesale parts revenue decreased approximately \$1.1 million, or 0.8%, and wholesale parts gross profit decreased approximately \$0.6 million, or 2.5%, driven primarily by a decrease at our Mercedes dealerships. Internal, sublet and other revenue increased approximately \$30.0 million, or 10.7%, and internal, sublet and other gross profit increased approximately \$7.2 million, or 5.2%, on higher levels of used vehicle reconditioning and hail damage repairs.

The increase in Fixed Operations revenue contributed approximately \$25.5 million in additional gross profit, offset partially by a 120 basis point decrease in gross margin rate, which reduced the gross profit increase by approximately \$11.8 million, for a net \$13.7 million increase in Fixed Operations gross profit. The gross margin rate decreased primarily due to lower gross margin rates at our BMW dealerships and a shift in Fixed Operations revenue mix from our higher-margin customer pay and warranty business to lower-margin sublet business as a result of hail damage repairs and cost associated with loaner vehicles related to customer vehicles subject to safety recalls.

Finance, Insurance and Other, Net ("F&I")

F&I revenues include commissions for arranging vehicle financing and insurance, sales of third-party extended warranties and service contracts for vehicles and other aftermarket products. In connection with vehicle financing, extended warranties, service contracts, other aftermarket products and insurance contracts, we receive commissions from the providers for originating contracts. F&I revenues are recognized net of estimated chargebacks and other costs associated with originating contracts. F&I revenues are driven by the level of new and used vehicle unit sales, manufacturer financing or leasing incentives and our F&I penetration rate. The F&I penetration rate represents the number of finance contracts, extended warranties, service contracts, other aftermarket products and insurance contracts that we are able to originate per vehicle sold, expressed as a percentage.

SONIC AUTOMOTIVE, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Same store	\$1,347	\$1,267	\$80	6.3	%
Acquisitions and dispositions	4	(1)	5	500.0	%
Total as reported	\$1,351	\$1,266	\$85	6.7	%

Three Months Ended September 30, 2016 Compared to Three Months Ended September 30, 2015

F&I revenues increased approximately \$3.6 million, or 4.2%, and F&I gross profit per retail unit increased \$65 per unit, or 5.1%, to \$1,341 per unit. The growth in F&I revenues and gross profit is attributed to improved penetration rates on finance and service contracts as a result of increased visibility into performance drivers provided by our proprietary internal software applications, which more than offset the impact of lower combined retail new and used vehicle unit sales volume.

Edgar Filing: SONIC AUTOMOTIVE INC - Form 10-Q

Finance contract revenue increased 4.4%, primarily due to a 340 basis point increase in the combined new and used vehicle finance contract penetration rate. Finance contract revenue may be under pressure in future periods if manufacturers offer attractive financing rates from their captive finance affiliates because we tend to earn lower commissions under these programs. Service contract revenue increased 10.1% due primarily to a 180 basis point increase in the service contract penetration rate and a 5.4% increase in gross profit per service contract. Other aftermarket contract revenue decreased 0.9%, driven primarily by a 1,010 basis point decrease in the other aftermarket penetration rate, offset partially by a 7.9% increase in gross profit per aftermarket contract.

Nine Months Ended September 30, 2016 Compared to Nine Months Ended September 30, 2015

F&I revenues increased approximately \$13.1 million, or 5.5%, and F&I gross profit per retail unit increased \$80 per unit, or 6.3%, to \$1,347 per unit. The growth in F&I revenues and gross profit is attributed to improved penetration rates on finance and service contracts as a result of increased visibility into performance drivers provided by our proprietary internal software applications, which more than offset the impact of lower combined retail new and used vehicle unit sales volume.

Finance contract revenue increased 4.0%, primarily due to a 420 basis point increase in the combined new and used vehicle finance contract penetration rate. Finance contract revenue may be under pressure in future periods if manufacturers offer attractive

SONIC AUTOMOTIVE, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

financing rates from their captive finance affiliates because we tend to earn lower commissions under these programs. Service contract revenue increased 12.9% due primarily to a 240 basis point increase in the service contract penetration rate and a 6.1% increase in gross profit per service contract. Other aftermarket contract revenue increased 0.2%, driven primarily by an 8.1% increase in gross profit per aftermarket contract, offset partially by a 910 basis point decrease in the other aftermarket penetration rate.

Segment Results

In the following tables of financial data, total segment income (loss) of the operating segments is reconciled to consolidated operating income (loss).

Franchised Dealerships

See the previous headings "New Vehicles," "Used Vehicles," "Wholesale Vehicles," "Parts, Service and Collision Repair ("Fixed Operations")" and "Finance, Insurance and Other, Net ("F&I")" for further discussion of the operating results of our Franchised Dealerships and EchoPark® segments. The previous tables and discussion include operating results for our EchoPark® segment as the results for EchoPark® are not individually material to the combined operating results.

EchoPark®

We opened the first two EchoPark® locations in November and December 2014, the third location in January 2015 and the fourth and fifth locations in June 2016. We expect to open an additional EchoPark® store in Colorado in the first half of 2017, and have begun the process of expanding EchoPark® operations into additional markets in North

Carolina, South Carolina and Texas with operations in certain of these markets expected to begin in 2017. Our EchoPark® business operates independently from our previously existing new and used dealership sales operations and offers customers an exciting shopping and buying experience.

During the three months ended September 30, 2016, EchoPark® generated approximately \$40.4 million of revenue, up \$18.4 million, or 83.2%, from the prior year period, and gross profit of approximately \$4.2 million, up \$1.3 million, or 44.8%, from the prior year period. EchoPark® retail used vehicle unit sales volume was 1,458 units, up 538 units, or 58.5%, from the prior year period, and retail used vehicle gross profit per unit was \$1,011 per unit, a decrease of \$458 per unit, or 31.2%, from the prior year period, due primarily to differences in model mix between periods. EchoPark® F&I gross profit per unit was \$1,078 per unit, up \$151 per unit, or 16.3%, from the prior year period, as our training and playbook processes enabled our customer experience guides to more effectively provide F&I products to our customers. EchoPark® incurred a \$3.8 million operating loss during the three months ended September 30, 2016, compared to a \$3.7 million operating loss in the prior year period.

During the nine months ended September 30, 2016, EchoPark® generated approximately \$93.9 million of revenue, up \$35.2 million, or 60.0%, from the prior year period, and gross profit of approximately \$10.8 million, up \$3.5 million, or 48.0%, from the prior year period. EchoPark® retail used vehicle unit sales volume was 3,535 units, up 1,074 units, or 43.6%, from the prior year period, and retail used vehicle gross profit per unit was \$1,122 per unit, a decrease of \$253 per unit, or 18.4%, from the prior year period, due primarily to differences in model mix between periods. EchoPark® F&I gross profit per unit was \$1,176 per unit, up \$265 per unit, or 29.1%, from the prior year period, as our training and playbook processes enabled our customer experience guides to more effectively provide F&I products to our customers. EchoPark® incurred a \$10.7 million operating loss during the nine months ended

SONIC AUTOMOTIVE, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

September 30, 2016, compared to a \$12.7 million operating loss in the prior year period, excluding the effects of a \$1.4 million impairment charge in the prior year period.

Selling, General and Administrative ("SG&A") Expenses

SG&A expenses are comprised of four major groups: compensation expense, advertising expense, rent expense and other expense. Compensation expense primarily relates to dealership personnel who are paid a commission or a salary plus commission and support personnel who are paid a fixed salary. Commissions paid to dealership personnel typically vary depending on gross profits realized and sales volume objectives. Due to the salary component for certain dealership and corporate personnel, gross profits and compensation expense do not change in direct proportion to one another. Advertising expense and other expense vary based on the level of actual or anticipated business activity and number of dealerships owned. Rent expense typically varies with the number of dealerships owned, investments made for facility improvements and interest rates. Other expense includes various fixed and variable expenses, including certain customer-related costs, insurance, training, legal and IT expenses, which may not change in proportion to gross profit levels.

The following tables set forth information related to our reported SG&A expenses:

	Three Months Ended September 30,		Better / (Worse) %		
	2016	2015	Change	Change	
	(In thousands)				
SG&A expenses:

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Three Months Ended September 30, 2016 Compared to Three Months Ended September 30, 2015

Overall SG&A expenses increased both in dollar amount and as a percentage of gross profit, primarily due to higher compensation and employee benefit-related expenses, IT expenses and repairs and maintenance expenses combined with lower overall gross profit. Overall SG&A expenses as a percentage of gross profit increased 90 basis points.

Compensation expense increased both in dollar amount and as a percentage of gross profit, primarily due to higher levels of employee benefit-related expenses, Fixed Operations compensation and F&I compensation.

Advertising expense decreased both in dollar amount and as a percentage of gross profit, as we focused on targeted advertising where we would expect the best returns for our business.

Rent expense was relatively flat both in dollar amount and as a percentage of gross profit due to the combined effects of our strategy to own more of our dealership properties and lower overall levels of gross profit.

Other SG&A expenses decreased in dollar amount and was flat as a percentage of gross profit due primarily to a benefit related to estimated storm-related physical damage in the current period and lower gasoline and delivery expenses, offset partially by higher IT expenses and repairs and maintenance expenses.

On an adjusted basis, SG&A expenses as a percentage of gross profit was 79.2%, up 150 basis points from the prior year period. For the three months ended September 30, 2016, adjusted SG&A expenses exclude a benefit of approximately \$2.4 million related to estimated storm-related physical damage and \$0.1 million of legal expenses. For the three months ended September 30, 2015, there were no adjustments to SG&A expenses.

Nine Months Ended September 30, 2016 Compared to Nine Months Ended September 30, 2015

Overall SG&A expenses increased both in dollar amount and as a percentage of gross profit, primarily due to higher compensation-related expenses, repairs and maintenance expenses and IT expenses. Overall SG&A expenses as a percentage of gross profit increased 30 basis points.

Compensation expense increased both in dollar amount and as a percentage of gross profit, due primarily to higher levels of employee benefit-related expenses, Fixed Operations compensation and F&I compensation, offset partially by lower medical insurance expense as a result of better claims experience in the current period.

Advertising expense decreased both in dollar amount and as a percentage of gross profit as we focused on targeted advertising where we would expect the best returns for our business.

Rent expense was relatively flat both in dollar amount and as a percentage of gross profit due primarily to our strategy to own more of our dealership properties, offset by higher rent expense for additional inventory storage needs.

Other SG&A expenses decreased both in dollar amount and as a percentage of gross profit due primarily to lower gasoline, delivery and legal expenses, offset partially by storm-related physical damage charges, IT expenses and higher repairs and maintenance expenses.

On an adjusted basis, SG&A expenses as a percentage of gross profit was 79.4%, up 30 basis points from the prior year period. For the nine months ended September 30, 2016, adjusted SG&A expenses exclude a charge of approximately \$3.6 million related to hail damage and \$0.1 million of legal expenses. For the nine months ended September 30, 2015, adjusted SG&A expenses exclude the effect of approximately \$3.5 million of storm-related physical damage and \$0.6 million of legal expenses, partially offset by net disposal gain of \$0.7 million.

Impairment Charges

Impairment charges for the three and nine months ended September 30, 2016 were approximately \$6.1 million and \$6.2 million, respectively. Impairment charges for the three months ended September 30, 2015 were immaterial and for the nine months ended September 30, 2015 were approximately \$16.7 million. Impairment charges for the three and nine months ended September 30, 2016 include the write-off of property and equipment to be demolished in conjunction with a facility construction project and the write-off of costs associated with abandonment of certain construction projects. Impairment charges for the three and nine months ended

SONIC AUTOMOTIVE, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

September 30, 2015 include the write-off of goodwill, intangible assets, property and equipment as part of the disposal of a franchise, the write-off of certain costs associated with website and software development projects as well as abandonment of certain construction projects.

Depreciation and Amortization

Depreciation and amortization expense increased approximately \$2.7 million, or 15.5%, and \$6.4 million, or 12.5%, during the three and nine months ended September 30, 2016, respectively, due primarily to completed construction projects and purchases of fixed assets that were placed in service subsequent to September 30, 2016.

Interest Expense, Floor Plan

Interest expense, floor plan for new vehicles increased approximately \$0.9 million, or 17.6%, and \$3.8 million, or 26.9%, in the three and nine months ended September 30, 2016, respectively. The average new vehicle floor plan notes payable balance increased approximately \$41.2 million and \$163.1 million in the three and nine months ended September 30, 2016, respectively, resulting in an increase in new vehicle floor plan interest expense of approximately \$0.2 million and \$2.0 million in the three and nine months ended September 30, 2016, respectively. The average new vehicle floor plan interest rate was 1.86% and 1.79% in the three and nine months ended September 30, 2016, respectively, compared to 1.63% and 1.61% in the three and nine months ended September 30, 2015, respectively, resulting in an increase in new vehicle floor plan interest expense of approximately \$0.7 million and \$1.8 million in the three and nine months ended September 30, 2016, respectively.

Interest expense, floor plan for used vehicles increased approximately \$0.4 million, or 131.3%, and \$0.5 million, or 37.8%, in the three and nine months ended September 30, 2016, respectively. The average used vehicle floor plan notes payable balance increased approximately \$90.7 million and \$49.8 million in the three and nine months ended September 30, 2016, respectively, resulting in an increase in used vehicle floor plan interest expense of approximately \$0.3 million and \$0.7 million the three and nine months ended September 30, 2016, respectively. The average used vehicle floor plan interest rate was 1.71% and 1.62% in the three and nine months ended September 30, 2016, respectively, compared to 1.57% and 1.76% in the three and nine months ended September 30, 2015, respectively, resulting in an increase in used vehicle floor plan interest expense of approximately \$0.1 million and a decrease of \$0.2 million in the three and nine months ended September 30, 2016, respectively. During the three and nine months ended September 30, 2016, our used vehicle inventory levels were elevated due to a significant number of "stop-sale" vehicles held in inventory as a result of open safety recalls on certain models where the manufacturer instructed dealers to not sell the particular model until the recall work was performed, contributing to the higher floor plan balances and related interest expense.

Interest Expense, Other, Net

Interest expense, other, net is summarized in the schedules below:

Capitalized interest	(2,063)	(1,246)	817	65.6	%
Other interest	445	554	109	19.7	%
Total interest expense, other, net	\$37,560	\$38,635	\$1,075	2.8	%

Interest expense, other, net increased approximately \$0.7 million during the three months ended September 30, 2016, primarily due to higher stated/coupon interest related to additional mortgage notes payable and lower levels of interest capitalized in conjunction with construction projects, offset partially by a decrease in cash flow swap interest payments. Interest expense, other, net decreased approximately \$1.1 million during the nine months ended September 30, 2016, primarily due to a decrease in cash flow swap interest payments and higher levels of interest capitalized in conjunction with construction projects, offset partially by higher stated/coupon interest related to additional mortgage notes payable.

Income Taxes

The overall effective tax rate from continuing operations was 39.3% for both the three and nine months ended September 30, 2016, and was 40.0% and 39.5% for the three and nine months ended September 30, 2015, respectively. Our effective tax rate varies from year to year based on the distribution of taxable income between states in which we operate and other tax adjustments. We expect the effective tax rate in future periods to fall within a range of 38.0% to 40.0% before the impact, if any, of changes in valuation allowances related to deferred income tax assets or unusual discrete tax adjustments.

Discontinued Operations

Significant components of results from discontinued operations were as follows:

	Three Months Ended September 30, 2016		Nine Months Ended September 30, 2015	
	2016	2015	2016	2015
	(In thousands)			
Income (loss) from operations	\$ (350)	\$ (383)	\$ (539)	\$ (1,029)
Lease exit accrual adjustments and charges	(1,063)	(616)	(974)	(1,171)
Pre-tax income (loss)	\$ (1,413)	\$ (999)	\$ (1,513)	\$ (2,200)
Total revenues	\$-	\$-	\$-	\$42

Liquidity and Capital Resources

We require cash to fund debt service, operating lease obligations, working capital requirements, facility improvements and other capital improvements, dividends on our common stock and to finance acquisitions and otherwise invest in our business. We rely on cash flows from operations, borrowings under our revolving credit and floor plan borrowing arrangements, real estate mortgage financing, asset sales and offerings of debt and equity securities to meet these requirements. We closely monitor our available liquidity and projected future operating results in order to remain in compliance with restrictive covenants under the 2014 Credit Facilities and other debt obligations and lease arrangements. However, our liquidity could be negatively affected if we fail to comply with the financial covenants in our existing debt or lease arrangements. There are no restrictions under our borrowing arrangements on retained earnings or net income. Cash flows provided by our dealerships are derived from various sources. The primary sources include individual consumers, automobile manufacturers, automobile manufacturers' captive finance subsidiaries and finance companies. Disruptions in these cash flows could have a material adverse impact on our operations and overall liquidity.

Because the majority of our consolidated assets are held by our dealership subsidiaries, the majority of our cash flows from operations are generated by these subsidiaries. As a result, our cash flows and our ability to service our obligations depend to a substantial degree on the cash generated from the operations of these dealership subsidiaries.

SONIC AUTOMOTIVE, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

We had the following liquidity resources available as of September 30, 2016 and December 31, 2015:

	September 30, 2016	December 31, 2015
	(In thousands)	
Cash and cash equivalents	\$2,941	\$ 3,625
Availability under our revolving credit facility	171,595	181,058
Availability under our used vehicle floor plan facilities	50,159	21,192
Floor plan deposit balance	10,000	74,000
Total available liquidity resources	\$234,695	\$ 279,875

We participate in a program with two of our manufacturer-affiliated finance companies (the floor plan deposit balance in the table above) wherein we maintain a deposit balance with the lender that earns interest based on the agreed upon rate. This deposit balance is not designated as a pre-payment of notes payable – floor plan, nor is it our intent to use this amount to offset principal amounts owed under notes payable – floor plan in the future, although we have the right and ability to do so. The deposit balance of \$10.0 million and \$74.0 million as of September 30, 2016 and December 31, 2015, respectively, is classified in other current assets in the accompanying condensed consolidated balance sheets.

Floor Plan Facilities

We finance our new and certain of our used vehicle inventory through standardized floor plan facilities with manufacturer captive finance companies and a syndicate of manufacturer-affiliated finance companies and commercial banks. These floor plan facilities are due on demand and bear interest at variable rates based on either LIBOR or the prime rate. The weighted average interest rate for our new and used vehicle floor plan facilities was 1.84% and 1.78% in the three and nine months ended September 30, 2016, respectively, and 1.63% and 1.62% in the three and nine months ended September 30, 2015, respectively.

We receive floor plan assistance from certain manufacturers. Floor plan assistance received is capitalized in inventory and charged against cost of sales when the associated inventory is sold. We received approximately \$11.6 million and \$32.6 million in floor plan assistance in the three and nine months ended September 30, 2016, respectively, and \$11.3 million and \$30.7 million in the three and nine months ended September 30, 2015, respectively. We recognized manufacturer floor plan assistance in cost of sales for continuing operations of approximately \$11.3 million and \$32.2 million in the three and nine months ended September 30, 2016, respectively, and \$10.5 million and \$30.1 million in the three and nine months ended September 30, 2015, respectively. Interest payments under each of our floor plan facilities are due monthly and we are not required to make principal repayments prior to the sale of the vehicles.

Long-Term Debt and Credit Facilities

See Note 6, “Long-Term Debt,” to the accompanying condensed consolidated financial statements for discussion of our long-term debt and credit facilities and compliance with debt covenants.

Dealership Acquisitions and Dispositions

See Note 2, “Business Acquisitions and Dispositions,” to the accompanying condensed consolidated financial statements.

Capital Expenditures

Our capital expenditures include the purchase of land and buildings, construction of new dealerships, EchoPark® stores and collision repair centers, building improvements and equipment purchased for use in our dealerships and EchoPark® stores. We selectively construct new or improve existing dealership facilities to maintain compliance with manufacturers’ image requirements. We typically finance these projects through new mortgages or, alternatively, through our credit facilities. We also fund these projects through cash flows from operations.

Capital expenditures in the three and nine months ended September 30, 2016 were approximately \$46.1 million and \$155.1 million, respectively. Of this amount, approximately \$29.2 million and \$89.3 million were related to facility construction projects in the three and nine months ended September 30, 2016, respectively. Real estate acquisitions accounted for approximately \$9.1 million and \$43.6 million in the three and nine months ended September 30, 2016, respectively. Fixed assets utilized in our

SONIC AUTOMOTIVE, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

dealership operations accounted for the remaining \$7.8 million and \$22.2 million of the capital expenditures in the three and nine months ended September 30, 2016, respectively.

Of the capital expenditures in the three months ended September 30, 2016, approximately \$23.2 million was funded through mortgage financing and approximately \$22.9 million was funded through cash from operations and use of our credit facilities. Of the capital expenditures in the nine months ended September 30, 2016, approximately \$99.5 million was funded through mortgage financing and approximately \$55.6 million was funded through cash from operations and use of our credit facilities. As of September 30, 2016, commitments for facilities construction projects totaled approximately \$53.7 million. We expect investments related to capital expenditures to be partly dependent upon our overall liquidity position and the availability of mortgage financing to fund significant capital projects.

Stock Repurchase Program

Our Board of Directors has authorized us to repurchase shares of our Class A common stock. Historically, we have used our share repurchase authorization to offset dilution caused by the exercise of stock options or the vesting of equity compensation awards and to maintain our desired capital structure. During the nine months ended September 30, 2016, our Board of Directors authorized an additional \$100.0 million to repurchase shares of our Class A common stock. During the three and nine months ended September 30, 2016, we repurchased approximately 0.6 million and 5.4 million shares of our Class A common stock, respectively, for approximately \$10.0 million and \$97.5 million, respectively, in open-market transactions at prevailing market prices, including two separate private block trades, and in connection with tax withholdings on the vesting of equity compensation awards. As of September 30, 2016, our total remaining repurchase authorization was approximately \$47.5 million. Under the 2014 Credit Facilities, share repurchases are permitted to the extent that no event of default exists.

Our share repurchase activity is subject to the business judgment of our Board of Directors and management, taking into consideration our historical and projected results of operations, financial condition, cash flows, capital requirements, covenant compliance and economic and other factors considered relevant. These factors are considered each quarter and will be scrutinized as our Board of Directors and management determine our share repurchase policy in the future.

Dividends

During the three months ended September 30, 2016, our Board of Directors approved a cash dividend of \$0.05 per share on all outstanding shares of Class A and Class B common stock as of September 15, 2016 to be paid on October 14, 2016. Subsequent to September 30, 2016, our Board of Directors approved a cash dividend of \$0.05 per share on all outstanding shares of Class A and Class B common stock as of December 15, 2016 to be paid on January 13, 2017. Under the 2014 Credit Facilities, dividends are permitted to the extent that no event of default exists and we are in compliance with the financial covenants contained therein. The indentures governing our outstanding 5.0% Notes and 7.0% Notes contain restrictions on our ability to pay dividends. The payment of any future dividend is subject to the business judgment of our Board of Directors, taking into consideration our historical and projected results of operations, financial condition, cash flows, capital requirements, covenant compliance, share repurchases, current economic environment and other factors considered relevant. These factors are considered each quarter and will be scrutinized as our Board of Directors determines our future dividend policy. There is no guarantee that additional dividends will be declared and paid at any time in the future. See Note 6, "Long-Term Debt," to the consolidated

financial statements in our Annual Report on Form 10-K for the year ended December 31, 2015 for a description of restrictions on the payment of dividends.

Cash Flows

Net cash provided by operating activities in the nine months ended September 30, 2016 was approximately \$241.5 million. This provision of cash was comprised primarily of cash inflows related to operating profits and decreases in receivables, inventories and other assets, offset partially by a decrease in notes payable – floor plan – trade. In the nine months ended September 30, 2015, net cash provided by operating activities was approximately \$131.7 million. This provision of cash was comprised primarily of cash inflows related to operating profits, and a decrease in receivables and an increase in notes payable – floor plan – trade, offset partially by decreases in trade accounts payable, other liabilities and an increase in inventories.

Net cash used in investing activities in the nine months ended September 30, 2016 was approximately \$169.9 million. This use of cash was primarily comprised of purchases of land, property and equipment. Net cash used in investing activities in the nine months ended September 30, 2015 was approximately \$124.6 million. This use of cash was primarily comprised of purchases of land, property and equipment.

SONIC AUTOMOTIVE, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Net cash used in financing activities in the nine months ended September 30, 2016 was approximately \$72.3 million. This use of cash was comprised primarily of purchases of treasury stock, payments on notes payable – floor plan – non-trade, payments and repurchases on long-term debt, offset partially by proceeds from issuance of mortgage-related long-term debt. Net cash used in financing activities in the nine months ended September 30, 2015 was approximately \$8.8 million. This use of cash was comprised primarily of purchases of treasury stock, a decrease in notes payable – floor plan – non-trade and payments on long-term debt, offset partially by proceeds from issuance of mortgage-related long-term debt.

We arrange our inventory floor plan financing through both manufacturer captive finance companies and a syndicate of manufacturer-affiliated finance companies and commercial banks. Our floor plan financed with manufacturer captives is recorded as trade floor plan liabilities (with the resulting change being reflected as operating cash flows). Our dealerships that obtain floor plan financing from a syndicate of manufacturer-affiliated finance companies and commercial banks record their obligation as non-trade floor plan liabilities (with the resulting change being reflected as financing cash flows). Due to the presentation differences for changes in trade floor plan and non-trade floor plan in the condensed consolidated statements of cash flows, decisions made by us to move dealership floor plan financing arrangements from one finance source to another may cause significant variations in operating and financing cash flows without affecting our overall liquidity, working capital or cash flow. Net cash used in combined trade and non-trade floor plan financing was approximately \$167.3 million in the nine months ended September 30, 2016 and net cash provided by combined trade and non-trade floor plan financing was approximately \$21.2 million in the nine months ended September 30, 2015. Accordingly, if all changes in floor plan notes payable were classified as an operating activity, the result would have been net cash provided by operating activities of approximately \$204.8 million and \$102.5 million in the nine months ended September 30, 2016 and 2015, respectively.

Guarantees and Indemnification Obligations

In connection with the operation and disposition of dealership franchises, we have entered into various guarantees and indemnification obligations. See Note 8, "Contingencies," to the accompanying condensed consolidated financial statements. See also "Item 7: Management's Discussion and Analysis of Financial Condition and Results of Operations" and Note 12, "Commitments and Contingencies," to the consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2015.

Future Liquidity Outlook

We believe our best sources of liquidity for operations and debt service remain cash flows generated from operations combined with the availability of borrowings under our floor plan facilities (or any replacements thereof) and our 2014 Credit Facilities (or any replacements thereof), real estate mortgage financing, selected dealership and other asset sales and our ability to raise funds in the capital markets through offerings of debt or equity securities. Because the majority of our consolidated assets are held by our dealership subsidiaries, the majority of our cash flows from operations are generated by these subsidiaries. As a result, our cash flows and our ability to service our obligations depend to a substantial degree on the results of operations of these subsidiaries and their ability to provide us with cash.

Off-Balance Sheet Arrangements

See “Item 7: Management’s Discussion and Analysis of Financial Condition and Results of Operations – Off-Balance Sheet Arrangements” in our Annual Report on Form 10-K for the year ended December 31, 2015.

Seasonality

Our operations are subject to seasonal variations. The first quarter normally contributes less operating profit than the second, third and fourth quarters. Weather conditions, the timing of manufacturer incentive programs and model changeovers cause seasonality and may adversely affect vehicle demand and, consequently, our profitability. Comparatively, parts and service demand remains stable throughout the year.

SONIC AUTOMOTIVE, INC.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Interest Rate Risk

Our variable rate floor plan facilities, 2014 Revolving Credit Facility and other variable rate notes expose us to risks caused by fluctuations in the applicable interest rates. The total outstanding balance of such variable instruments after considering the effect of our interest rate swaps (see below) was approximately \$855.1 million at September 30, 2016. A change of 100 basis points in the underlying interest rate would have caused a change in interest expense of approximately \$9.2 million in the nine months ended September 30, 2016. Of the total change in interest expense, approximately \$7.9 million would have resulted from the floor plan facilities.

In addition to our variable rate debt, certain of our dealership lease facilities have monthly lease payments that fluctuate based on LIBOR interest rates. An increase in interest rates of 100 basis points would not have had a significant impact on rent expense in the three and nine months ended September 30, 2016 due to the leases containing LIBOR floors which were above the LIBOR rate during the three and nine months ended September 30, 2016.

We also have interest rate cash flow swap agreements to effectively convert a portion of our LIBOR-based variable rate debt to a fixed rate. Under the terms of these cash flow swaps, interest rates reset monthly. The fair value of these swap positions at September 30, 2016 was a liability of approximately \$13.1 million, with \$5.6 million included in other accrued liabilities and \$7.5 million included in other long-term liabilities in the accompanying condensed consolidated balance sheets. Under the terms of these cash flow swaps, we will receive and pay interest based on the following:

Notional Amount (In millions)	Pay Rate	Receive Rate (1)	Maturing Date
\$ 2.3	7.100%	one-month LIBOR + 1.50%	July 10, 2017
\$ 7.5	4.655%	one-month LIBOR	December 10, 2017
\$ 6.7	(2) 6.860%	one-month LIBOR + 1.25%	August 1, 2017
\$ 6.0	(2) 6.410%	one-month LIBOR + 1.25%	September 12, 2017
\$ 100.0	2.065%	one-month LIBOR	June 30, 2017
\$ 100.0	2.015%	one-month LIBOR	June 30, 2017
\$ 50.0	1.320%	one-month LIBOR	July 1, 2017
\$ 250.0	(3) 1.887%	one-month LIBOR	June 30, 2018
\$ 25.0	2.080%	one-month LIBOR	July 1, 2017
\$ 100.0	1.560%	one-month LIBOR	July 1, 2017
\$ 125.0	1.303%	one-month LIBOR	July 1, 2017
\$ 125.0	(4) 1.900%	one-month LIBOR	July 1, 2018
\$ 50.0	(5) 2.320%	one-month LIBOR	July 1, 2019
\$ 200.0	(5) 2.313%	one-month LIBOR	July 1, 2019

Edgar Filing: SONIC AUTOMOTIVE INC - Form 10-Q

\$ 100.0	(6)	1.384%	one-month LIBOR	July 1, 2020
\$ 125.0	(5)	1.158%	one-month LIBOR	July 1, 2019
\$ 150.0	(6)	1.310%	one-month LIBOR	July 1, 2020
\$ 125.0	(4)	1.020%	one-month LIBOR	July 1, 2018

(1) The one-month LIBOR rate was approximately 0.527% at September 30, 2016.

(2) Changes in fair value are recorded through earnings.

(3) The effective date of this forward-starting swap is July 3, 2017.

(4) The effective date of these forward-starting swaps is July 1, 2017.

(5) The effective date of these forward-starting swaps is July 2, 2018.

(6) The effective date of these forward-starting swaps is July 1, 2019.

SONIC AUTOMOTIVE, INC.

Foreign Currency Risk

We purchase certain of our new vehicle and parts inventories from foreign manufacturers. Although we purchase our inventories in U.S. dollars, our business is subject to foreign exchange rate risk that may influence automobile manufacturers' ability to provide their products at competitive prices in the United States. To the extent that we cannot recapture this volatility in prices charged to customers or if this volatility negatively impacts consumer demand for our products, this volatility could adversely affect our future operating results.

44

SONIC AUTOMOTIVE, INC.

Item 4. Controls and Procedures.

Disclosure Controls and Procedures – Under the supervision and with the participation of our management, including our Chief Executive Officer (“CEO”) and Chief Financial Officer (“CFO”), we evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rule 13a-15(e) and Rule 15d-15(e) under the Securities Exchange Act of 1934, as amended) as of September 30, 2016. Based upon that evaluation, our CEO and CFO concluded that our disclosure controls and procedures were effective as of September 30, 2016.

Changes in Internal Control over Financial Reporting – There has been no change in our internal control over financial reporting during the three months ended September 30, 2016, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Because of its inherent limitations, internal control over financial reporting can provide only reasonable assurance that the objectives of the control system are met and may not prevent or detect misstatements. In addition, any evaluation of the effectiveness of internal controls over financial reporting in future periods is subject to risk that those internal controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

SONIC AUTOMOTIVE, INC.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings.

We are involved, and expect to continue to be involved, in numerous legal and administrative proceedings arising out of the conduct of our business, including regulatory investigations and private civil actions brought by plaintiffs purporting to represent a potential class or for which a class has been certified. Although we vigorously defend ourselves in all legal and administrative proceedings, the outcomes of pending and future proceedings arising out of the conduct of our business, including litigation with customers, employment related lawsuits, contractual disputes, class actions, purported class actions and actions brought by governmental authorities, cannot be predicted with certainty. An unfavorable resolution of one or more of these matters could have a material adverse effect on our business, financial condition, results of operations, cash flows or prospects.

SONIC AUTOMOTIVE, INC.

Item 1A. Risk Factors.

In addition to the information set forth in this report, you should carefully consider the risk factors discussed in “Item 1A: Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2015, which could materially affect our business, financial condition or future results.

SONIC AUTOMOTIVE, INC.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

The following table sets forth information about the shares of Class A common stock we repurchased during the three months ended September 30, 2016:

	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs (1)	Total Average Number of Shares per Share (In thousands, except per share data)	Average Price Paid per Share	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs
July 2016	-	\$ -	-	\$ 57,499
August 2016	579	\$ 17.23	579	\$ 47,518
September 2016	-	\$ -	-	\$ 47,518
Total	579		579	

- (1) On January 20, 2016, we announced that our Board of Directors had increased the dollar amount authorized for us to repurchase shares of our Class A common stock pursuant to our previously announced share repurchase program. Our share repurchase program does not have an expiration date and current remaining availability under the program is as follows:

	(In thousands)
January 2016 authorization	\$ 100,000
Total active program repurchases prior to September 30, 2016	(52,482)
	\$ 47,518

Current
remaining
availability as
of
September 30,
2016

See “Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations” for additional discussion of restrictions on share repurchases and payment of dividends.
