Item 8.01 Other Events

On January 10, 2017, Novanta Technologies UK Limited, a wholly owned subsidiary of Novanta Inc. (collectively, “Novanta”), entered into an agreement with the other equity holders (collectively, the “Selling Equity Holders”) of Laser Quantum Limited (“Laser Quantum”) to purchase approximately 35 percent of the outstanding shares of Laser Quantum for approximately £25.5 million in cash. In addition, Novanta and the Selling Equity Holders entered into a call and put option for the purchase and sale of all remaining Laser Quantum outstanding shares held by the Selling Equity Holders in 2020, subject to certain conditions. The transaction was completed on January 10, 2017. As a result of this transaction, Novanta’s ownership position in Laser Quantum increased from approximately 41 percent to approximately 76 percent. The financial results of Laser Quantum were accounted for under the equity method of accounting previously and will be consolidated following the completion of this acquisition.

Novanta funded this acquisition with cash on hand and a \$30.0 million borrowing under its \$225.0 million revolving credit facility. Repayment of the borrowing under the revolving credit facility will be due upon maturity of the revolving credit facility in May 2021. Novanta may repay any portion of this borrowing at any time before May 2021 without prepayment penalties.
