Annual Shareholders Meeting

March 5, 2019

Notice of Annual Meeting

The accompanying proxy is solicited by the Board of Directors (the “Board”) of Panhandle Oil and Gas Inc., an Oklahoma corporation (the “Company”, “Panhandle”, “we”, “us” and “our”), for use at the Company’s annual shareholders meeting (the “annual meeting”) to be held at The Oklahoma History Center, 800 Nazih Zuhdi Drive (N.E. 23rd & Lincoln Blvd.), Oklahoma City, Oklahoma, on Tuesday, March 5, 2019, at 9:00 a.m. local time, and at any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Shareholders Meeting.

When the proxy is properly executed and returned, the shares it represents will be voted at the meeting in accordance with the directions noted thereon. If no direction is indicated, the persons named on the enclosed proxy will vote the proxy FOR the nominees for director in Proposal No. 1 and FOR Proposal No. 2 and Proposal No. 3. Signed proxy cards without specified choices will be voted at the discretion of the proxies. Should other matters properly come before the meeting, the proxy will be voted as the Board may recommend, except proxies which are marked to deny discretionary authority.

If the enclosed form of proxy is executed and returned, it still may be revoked at any time before it is exercised by signing and sending to the Company a later dated proxy or a written revocation, or by attending the meeting and voting in person.

If your shares are held in “street name” (that is, through a bank, broker or other nominee), follow the voting instructions on the form you receive from such firm. If you hold shares in “street name” and would like to attend the meeting and vote in person, you will need to bring a proxy to the meeting signed by the nominee in whose name your shares are registered.

The mailing address of the Company is 5400 N. Grand Boulevard, Suite 300, Oklahoma City, OK 73112-5688. The Company anticipates the proxies and proxy statements will be mailed to shareholders beginning on or about January 25, 2019. A copy of the Company’s Annual Report to Shareholders for the fiscal year ended September 30, 2018, accompanies this proxy statement.

The cost of soliciting proxies for the meeting will be paid by the Company. In addition to solicitation by mail, arrangements may be made with brokerage firms, banks and other custodians, nominees and fiduciaries to send proxy material to their principals. The Company will reimburse these institutions for their reasonable costs. No solicitation is to be made by specially engaged employees or other paid solicitors.

Important Notice Regarding the Availability of Proxy Materials for the Shareholders Meeting to be held on March 5, 2019: this proxy statement, form of proxy and the Company’s 2018 Annual Report to Shareholders are available at the following website: www.proxydocs.com/phx.

PLEASE VOTE. YOUR VOTE IS VERY IMPORTANT.

(1)

Voting of Common Stock

All holders of Common Stock of record at the close of business on January 17, 2019, will be entitled to vote at the meeting or any adjournments or postponements. As of January 17, 2019, there were 16,721,774 shares of Class A Common Stock, par value \$0.01666 (“Common Stock”), outstanding, entitled to vote and owned by approximately 5,000 shareholders. A list of record shareholders entitled to vote at the meeting will be available for examination at least 10 days prior to the meeting at the Company’s offices during ordinary business hours and at the meeting.

The Amended Certificate of Incorporation of the Company provides for one vote for each share of Common Stock outstanding. At the meeting, each record holder of Common Stock will be entitled to cast one vote per share of Common Stock held on the record date. Votes may be cast by shareholders either in person or by proxy.

The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum for the transaction of business at the meeting. Abstentions and broker “non-votes” are counted as present and entitled to vote for the purpose of determining a quorum. Broker “non-votes” are shares held by brokers or nominees over which the broker or nominee lacks discretionary power to vote (such as for the election of directors) and for which the broker or nominee has not received specific voting instructions from the beneficial owner. For purposes of determining the outcome of any matter as to which the broker or nominee has indicated on the proxy card that it does not have discretionary authority to vote, those shares will be treated as not present and not entitled to vote with respect to that particular matter, even though those shares will be considered present and entitled to vote for purposes of determining a quorum and may be entitled to vote on other matters.

Under the rules of the New York Stock Exchange (“NYSE”), brokers or their nominees do not have the discretionary power to vote shares on most matters. At the meeting, they may only vote shares if they receive specific voting instructions from the beneficial owner. In very limited circumstances, brokers generally do have discretion to vote on matters deemed to be routine such as ratification of the appointment of our auditor. If your shares are held by a broker or other nominee, and if you do not provide such specific voting instructions, your shares cannot be voted for the election of directors or any Proposal other than ratification of the appointment of our independent registered public accounting firm.

The Board has adopted a majority vote standard for the election of directors in uncontested director elections. Accordingly, at the meeting, each nominee will be elected if the holders of a majority of shares of Common Stock present at the meeting and entitled to vote for the election of directors cast their votes “FOR” the nominee.

One of the two nominees for director at the 2019 annual meeting is not currently a director of the Company. To be elected a director, he must receive “FOR” votes from the holders of a majority of the shares of Common Stock present at the meeting and entitled to vote for the election of directors.

(2)

The other nominee for director at the 2019 annual meeting is an incumbent director. If he fails to receive the required affirmative vote of the holders of a majority of the votes entitled to be cast for that director, under Oklahoma law and the Company's Bylaws, the incumbent will remain in office until his or her successor is elected and qualified or until his or her earlier resignation, retirement, death or removal. If the incumbent nominee for director receives a greater number of votes "WITHHELD" from his or her election than votes "FOR", he or she must promptly submit his or her offer of resignation from the Board for consideration by the Corporate Governance and Nominating Committee of the Board. The Corporate Governance and Nominating Committee will consider all relevant facts and circumstances and recommend to the Board the action to be taken with respect to such offer of resignation. The Board will act on the offered resignation, taking into account such recommendation, and publicly disclose its decision regarding the offered resignation within 90 days from the date of the annual meeting. The director who offered his or her resignation will not participate in any proceedings with respect to his or her offered resignation. If the Board accepts the director's offered resignation, the Corporate Governance and Nominating Committee will recommend to the Board whether to fill such vacancy or reduce the size of the Board. The Company's Corporate Governance Guidelines and Bylaws can be viewed at the Company's website: www.panhandleoilandgas.com.

Proposals No. 2 and No. 3 will be approved if the holders of a majority of shares of Common Stock present at the meeting and entitled to vote on each such Proposal vote "FOR" the Proposal.

The Company knows of no arrangements which would result in a change in control of the Company at any future date.

The Company knows of no other matters to come before the meeting. The Company did not receive any shareholder proposals. If any other matters properly come before the meeting, the proxies solicited hereby will be voted on such matters as the Board may recommend, except proxies which are marked to deny discretionary authority.

A proxy card is enclosed for your signature. Please return it immediately, marked, dated and signed. If your shares are held in "street name", please provide voting instructions on the form you receive from your broker or other nominee.

(1) Member of the Audit Committee.

(2) Member of the Compensation Committee.

(3) Member of the Corporate Governance and Nominating Committee.

Our Bylaws state that the Board shall be comprised of not less than five members with the exact number determined by resolution of the Board. The Board has set the current size of the Board at seven members. The Board is divided into three classes. Under the classified Board, at each annual shareholders' meeting, the term of one class expires. Directors in each class ordinarily serve three-year terms, or until the director's retirement or until his or her successor is elected and qualified.

The Board believes it is in the Company's best interest to continue to have a classified board structure, with three-year terms for its directors, due to the uniqueness of Company assets, strategies and the minimal amount of shares outstanding. Panhandle's ownership of perpetual fee mineral acres leads the Company to employ business strategies that are more long-term results oriented as compared to more traditional oil and gas exploration and production companies. This requires the Company's directors to have a long-term outlook and understanding rather than being focused on short-term results. This focus on long-term results has served the Company well, with demonstrated operating and financial results that have created value for our shareholders.

Our Bylaws generally provide that a person may not stand for election or re-election as a director after attaining the age of 70.

Nominees for the vacancies for the three-year terms ending at the Company's annual meeting in 2022 are Robert E. Robotti and Christopher T. Fraser. Mr. Robotti is currently a director. Mr. Fraser has never been a director of the Company.

These two nominees were recommended by the Corporate Governance and Nominating Committee and approved by the Board. Each nominee has consented to being named as a nominee in this proxy statement and has indicated a willingness to serve on the Board if elected. However, if any nominee should be unable for any reason to accept nomination or election, it is

(4)

the intention of the persons named in the enclosed proxy to vote those proxies for the election of such other person or persons as the Board may recommend.

Fraser, are independent under the listing standards of the NYSE, the requirements of the SEC and our Corporate Governance Guidelines. Paul F. Blanchard, Jr., is not independent based on his service as our President and Chief Executive Officer. Mr. Blanchard does not serve on any Board committee. Mr. Blanchard is the only director who is also an officer or employee of the Company.

Meetings and Committees of the Board of Directors

During the fiscal year ended September 30, 2018 ("fiscal 2018"), the Board held five meetings. At each meeting, a quorum of directors was present. The non-employee directors hold executive sessions at each regularly scheduled Board meeting without management present. The Company expects all of its directors to attend each annual meeting. All of the then-current directors attended the 2018 Annual Meeting.

During fiscal 2018, each director attended at least 75% of the meetings of the Board and each of the Board committees on which he or she served.

Each year, the Board and each of its committees conduct a formal evaluation of its performance. These evaluations address, among other matters, the qualifications and performance of individual directors, overall Board or committee dynamics, the quality of information received from management, the appropriateness of matters reviewed, and the quality of Board or committee deliberations. The results of these evaluations are discussed with the chairs of the relevant committees, the Lead Independent Director, or the full Board in executive session, as appropriate.

The independent members of the Board are elected to various committees. The Board presently has three standing committees: Audit, Compensation, and Corporate Governance and Nominating. Each committee operates under a charter that has been approved by the Board, and the chair of each committee reports to the Board on actions taken at each committee meeting.

The Audit Committee is currently comprised of Mark T. Behrman (chair), Lee M. Canaan, Robert O. Lorenz and Chad L. Stephens III. Darryl G. Smette served on the committee until his resignation from the Board on March 7, 2018. For information regarding the functions

performed by the Audit Committee, its membership and the number of meetings held during fiscal 2018, see “Report of the Audit Committee” on page 17 below. The Board has determined that each member of the Audit Committee during fiscal 2018 met all applicable independence and financial literacy requirements of the SEC and of the NYSE. Mark T. Behrman, Lee M. Canaan and Robert O. Lorenz have also been determined by the Board to meet the “audit committee financial expert” requirements of the SEC. The Audit Committee Charter (which was most recently amended in December 2017) can be viewed at the Company’s website: www.panhandleoilandgas.com.

The Compensation Committee is currently comprised of Robert E. Robotti (chair), Peter B. Delaney, Robert O. Lorenz and Chad L. Stephens III. Messrs. Robotti, Lorenz and Stephens served on the Compensation Committee during the entire fiscal 2018 and Mr. Delaney joined the Compensation Committee in March 2018. Darryl G. Smette served as the chair of the Compensation Committee until his resignation from the Board on March 7, 2018. H. Grant Swartzwelder served on the Compensation Committee until his resignation in January 2018. Each member of the Compensation Committee during fiscal 2018 met the applicable independence requirements, including the enhanced independence standards of the NYSE, and qualifies as an “outside director” under Section 162(m) of the Internal Revenue Code and as a “Non-Employee Director” under SEC Rule 16b-3. The Compensation Committee met six times during fiscal 2018. The Committee reviews officer performance and recommends to the Board compensation amounts for executive officers and directors. See “Compensation Discussion and Analysis” on page 23 below. The Compensation Committee also oversees the administration of the Panhandle Oil and Gas Inc. Employee Stock Ownership and 401(k) Plan and Trust Agreement (the “ESOP Plan”). The Compensation Committee Charter (which was most recently amended in December 2016) can be viewed at the Company’s website: www.panhandleoilandgas.com.

The Corporate Governance and Nominating Committee is currently comprised of Lee M. Canaan (chair), Mark T. Behrman, Peter B. Delaney and Robert E. Robotti. Ms. Canaan and Messrs. Behrman and Robotti served on the Corporate Governance and Nominating Committee during the entire fiscal 2018 and Mr. Delaney joined the Corporate Governance and Nominating Committee in March 2018. H. Grant Swartzwelder served on the Corporate Governance and Nominating Committee until his resignation in January 2018. The Board determined that each member of the Corporate Governance and Nominating Committee during fiscal 2018 met the applicable independence requirements. The Corporate Governance and Nominating Committee met five times during fiscal 2018.

Functions of the Corporate Governance and Nominating Committee include: search for, identify and screen individuals qualified to become members of the Board; recommend to the Board when new members should be added to the Board; recommend to the Board individuals to fill vacant Board positions; recommend to the Board nominees for election as directors at the annual meeting; and recommend the committee structure of the Board and the directors who will serve as members and chairs of each committee. If a vacancy on the Board exists that will not be filled by an incumbent director, the Corporate Governance and Nominating Committee identifies prospective nominees from several sources, including through the Board’s and management’s business and industry contacts and through shareholder recommendations. With respect to the two nominees for election at the 2019 annual meeting, Mr. Robotti is currently a director and Mr.

Fraser was recommended by a shareholder. There are no differences in the manner in which the Corporate Governance and Nominating Committee evaluates nominees for director based on whether a nominee was recommended by the incumbent directors or by a shareholder. The Company does not pay a fee to any third party or parties to identify or evaluate or assist in identifying or evaluating potential nominees.

Although the Corporate Governance and Nominating Committee does not have a formal policy with respect to the consideration of diversity when considering potential nominees for Board membership, the Corporate Governance and Nominating Committee seeks individuals with backgrounds and qualities that, when combined with those of the Company's existing directors, provide a blend of skills and experience that will further enhance the Board's effectiveness at the time the consideration is made. When considering potential nominees for Board membership, at a minimum the Corporate Governance and Nominating Committee considers the candidate's character, wisdom, judgment, acumen, diversity, skills, financial literacy, experience and understanding of and involvement in the oil and gas industry. The committee also considers a potential nominee's availability to devote the time and effort necessary to fulfill his or her responsibilities in the context of the needs of the Company and the Board.

The Corporate Governance and Nominating Committee will consider nominees proposed by shareholders of the Company if the requirements set forth in the Company's Bylaws are satisfied. For more information, see "Shareholder Proposals" on page 42. Those nominations must include sufficient biographical information so that the Corporate Governance and Nominating Committee can appropriately assess the proposed nominee's background and qualifications. To propose a prospective nominee for the Corporate Governance and Nominating Committee's consideration, shareholders must submit the proposal in writing to Panhandle Oil and Gas Inc., Attention: Secretary, 5400 N. Grand Boulevard, Suite 300, Oklahoma City, OK 73112-5688. Any such submission must be accompanied by the proposed nominee's written consent to being named as a nominee and to serve as a director, if elected. Whether recommended by a shareholder or through the activities of the Corporate Governance and Nominating Committee, the Corporate Governance and Nominating Committee seeks to select candidates who have distinguished records and who will make significant contributions to the Board. The Corporate Governance and Nominating Committee is responsible for overall corporate governance issues and compliance. The Corporate Governance and Nominating Committee reviews periodically the corporate governance policies and principles of the Company and oversees and evaluates compliance with the Company's Codes of Ethics and Business Practices. These Codes and the Corporate Governance and Nominating Committee Charter (which was most recently amended in March 2018) can be viewed at the Company's website: www.panhandleoilandgas.com.

Board Role in Risk Oversight

Management is responsible for day-to-day risk assessment and mitigation activities. The Board is responsible for risk oversight, focusing on the Company's overall risk management strategy, its degree of tolerance for risk and the steps management is taking to manage the Company's risk. This process is designed to provide to the Board timely visibility about the identification, assessment and management of critical risks. The Audit Committee assists the

Board by annually reviewing and discussing with management this process and its functionality. The areas of critical risk include information technology, strategic, operational, compliance, environmental and financial risks. The Board, or the Audit Committee, receives this information through updates from the appropriate members of management to enable it to understand and monitor the Company's risk management process. Information brought to the attention of the Audit Committee is then appropriately shared with the Board.

Compensation of Directors

The following outlines the compensation for the Company's non-employee directors for their services in all capacities in fiscal 2018.

The table below contains information with respect to fiscal 2018 compensation of non-employee directors who served in such capacity at any time during fiscal 2018. The fiscal 2018 compensation of Paul F. Blanchard, Jr., who serves as a director and our President and Chief Executive Officer, is disclosed on page 34 under the caption "Executive Compensation – Summary Compensation Table". Currently, the Company's Deferred Compensation Plan for Non-Employee Directors (the "Directors' Deferred Compensation Plan") and the Company's Amended 2010 Restricted Stock Plan (the "Restricted Stock Plan") serve as the only equity incentive plans for its non-employee directors.

Annually, non-employee directors may elect to be included in the Directors' Deferred Compensation Plan. The Directors' Deferred Compensation Plan provides that each non-employee director may individually elect to be credited with future unissued shares of Company Common Stock rather than cash for all or a portion of the annual retainers, Board meeting fees and committee meeting fees otherwise payable to that director, and may elect to receive shares, if and when issued, over annual time periods up to ten years. These unissued shares are recorded to each director's deferred compensation account at the closing market price of the shares (i) on the dates of the Board and committee meetings, and (ii) on the payment dates of the annual retainers. Dividends are credited to each deferred account on the record date of each declared dividend. Only upon a director's retirement, resignation, termination, death, or a change-in-control of the Company will the shares recorded for such director under the Directors' Deferred Compensation Plan be issued to the director. In the case of a change-in-control of the Company, all shares in the deferred accounts will be issued in a single lump sum to the appropriate directors at the closing of such change-in-control. The promise to issue such shares in the future is an unsecured obligation of the Company. All but two current non-employee directors participated in the Directors' Deferred Compensation Plan in fiscal 2018.

For fiscal 2018, non-employee directors received annual retainers of \$37,500, \$1,500 for attending each Board meeting, \$1,000 for attending each committee meeting and reimbursement for out-of-pocket travel expenses for attending all meetings. Any director who traveled over 50 miles to attend a Board or committee meeting received an additional \$500 for each meeting. During fiscal 2018, the Lead Independent Director and the chairs of the Audit, Compensation and Corporate Governance and Nominating Committees received additional annual retainers of \$15,000, \$10,000, \$7,000, and \$7,000, respectively. The annual retainers were paid in equal installments on December 31, 2017, and March 31, June 30 and September 30, 2018. This retainer and fee structure was guided by a study conducted by Longnecker & Associates,

Houston, Texas (“Longnecker”), an independent compensation consultant retained by the Compensation Committee to review the Company’s Board compensation levels.

For fiscal 2019, non-employee directors will receive annual retainers of \$37,500, \$1,500 for attending each Board meeting, \$1,000 for attending each committee meeting and reimbursement for out-of-pocket travel expenses for attending all meetings. Any director who travels over 50 miles to attend a Board or committee meeting receives an additional \$500 for each meeting. In addition, the Lead Independent Director and the chairs of the Audit, Compensation and Corporate Governance and Nominating Committees will receive additional annual retainers of \$15,000, \$10,000, \$7,000 and \$7,000, respectively. These annual retainers are to be paid in equal installments on December 31, 2018, March 31, June 30 and September 30, 2019.

Any director who participates in a board meeting or committee meeting by conference telephone or other communications equipment receives one-half of the fee paid for attendance in person at these meetings.

Based in part on a recommendation from Longnecker, an amendment to the Restricted Stock Plan was approved by the shareholders at the 2014 Annual Meeting, providing that all independent directors are eligible to participate in the Restricted Stock Plan. The initial grant of restricted stock to each director was valued at \$35,000, vesting throughout calendar 2014. On March 4, 2015, each director was granted restricted stock valued at \$35,000, vesting quarterly throughout calendar 2015. On December 9, 2015, the Board approved restricted stock awards to each director valued at \$35,000, vesting quarterly throughout calendar 2016. On December 9, 2016, the Board approved restricted stock awards to each director valued at \$35,000, vesting quarterly throughout calendar 2017. On December 12, 2017, the Board approved restricted stock awards to each director valued at \$35,000, vesting quarterly throughout calendar 2018. At its December 11, 2018, meeting, the Board approved restricted stock awards with a grant date of December 31, 2018, to each director in the amount of \$35,000 which will vest quarterly throughout calendar 2019.

- Share Ownership Guidelines for Directors

The Bylaws of the Company require non-employee directors to own shares of the Company's Common Stock in order to be a Board member. To further align the interests of the Directors with the Company's shareholders, each Director is expected to own that number of shares at the end of their fifth year of Board service which equals, on a cost basis, the aggregate amount of their first three years' annual Board retainers, annual restricted stock awards and meeting fees for the five regularly scheduled Board meetings held each year during such three- year period. Future unissued shares that have been recorded to the directors' accounts under the Directors' Deferred Compensation Plan may be used to satisfy this share ownership requirement.

Related Person Transactions

The Company has entered into indemnification agreements with each of its directors and executive officers.

Except as detailed below, none of the organizations described above in the business experiences of the Company's directors, nominees for election to the Board and officers are parents, subsidiaries or affiliates of the Company, or conduct business with the Company. The Company for many years, in the ordinary course of its business, has participated on industry terms through its mineral acreage ownership in the drilling and completion of oil and gas wells in which Range Resources Corporation or Devon Energy Corporation serves as the operator. Current director Chad L. Stephens retired as Senior Vice President – Corporate Development of Range Resources Corporation in December 2018. Former director Darryl G. Smette, who retired from the Board in March 2018, retired as an Executive Vice President of Devon in August 2016.

None of the non-employee directors have ever been an officer or employee of the Company.

We review all transactions and relationships in which the Company and any of our directors, nominees for director, executive officers or any of their immediate family members may be participants, so as to determine whether any of these individuals have a direct or indirect material interest in any such transaction. We have developed and implemented processes and

(15)

controls to obtain information from the directors and executive officers about related person transactions, and for then determining, based on the facts and circumstances, whether a related person has a direct or indirect material interest in any such transaction. Transactions that are determined to be directly or indirectly material to a related person are disclosed in our proxy statement as required by SEC rules.

Pursuant to these processes, all directors and executive officers annually complete, sign and submit questionnaires that are designed to identify actual or potential conflicts of interest, related persons and any related person transactions. We also make appropriate inquiries as to the nature and extent of business that the Company may conduct with other companies for whom any of our directors or executive officers also serve as directors or executive officers. Under the Company's Code of Ethics & Business Practices, if an actual or potential conflict of interest affects an executive officer or a director, he or she is to immediately disclose all the relevant facts and circumstances to the Company's President or the Corporate Governance and Nominating Committee, as appropriate. If the Corporate Governance and Nominating Committee determines that there is a conflict, it will refer the matter to the Board, which will review the matter to make a final determination as to whether a conflict exists, and, if so, how the conflict should be resolved. In addition, the Audit Committee reviews all reports and disclosures of actual and potential related person transactions.

Compensation Committee Interlocks and Insider Participation

The functions and members of the Compensation Committee are set forth above under "Proposal No. 1 – Meetings and Committees of the Board of Directors." All Committee members are independent under the enhanced independence standards of the NYSE for compensation committee members of NYSE listed companies.

Codes of Ethics

The Board has adopted a Code of Ethics & Business Practices applicable to all directors, officers and employees of the Company. Each director, officer and employee annually submits a signed statement that he or she is in compliance with the Company's Code of Ethics & Business Practices. In addition, the Board has adopted a Code of Ethics for Senior Financial Officers. The Company's Chief Executive Officer and Chief Financial Officer are required to sign this Code and will be held to the standards outlined in the Code. Copies of both Codes are available at the Company's website: www.panhandleoilandgas.com.

Proposal No. 2

Ratification of Selection of

Independent Registered Public Accounting Firm

The Audit Committee has directed the Company to submit the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2019 for ratification by the shareholders at the meeting. Neither the Company's Bylaws nor other governing documents or law require shareholder ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm. However, the Audit Committee is submitting the selection of Ernst & Young LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee may, at its discretion, direct the appointment of a different independent registered public accounting firm at any time during fiscal 2019 if it determines that such a change would be in the best interests of the Company and its shareholders. Ernst & Young LLP has served as the Company's auditor since 1989.

A representative of Ernst & Young LLP is expected to attend the annual meeting, will have the opportunity to make a statement if he or she so desires, and will be available to respond to appropriate questions from shareholders.

The Audit Committee has selected Ernst & Young LLP to conduct quarterly reviews for the first three fiscal quarters of fiscal 2019.

Report of the Audit Committee

The Audit Committee is currently comprised of Mark T. Behrman (chair, since March 7, 2018), Lee M. Canaan, Robert O. Lorenz and Chad L. Stephens III. During fiscal 2018, Robert O. Lorenz served as chair of the Audit Committee until March 7, 2018. Darryl G. Smette served on the committee until his resignation from the board on March 7, 2018. Four Audit Committee meetings were held during fiscal 2018. The Board has determined that all committee members are independent and financially literate as defined by NYSE listing standards and SEC regulations and that Mr. Behrman, Ms. Canaan and Mr. Lorenz are each an "audit committee financial expert" as defined by applicable SEC regulations. For purposes of complying with NYSE rules, the Board has determined that none of the Committee members currently serve on the audit committees of more than three public companies.

The Audit Committee Charter was last amended in December 2017. A copy of the amended Charter can be viewed at the Company's website: www.panhandleoilandgas.com.

The Audit Committee's primary responsibility is to oversee the Company's financial reporting process on behalf of the Board and report the results of its activities to the Board. Management has the primary responsibility for the financial statements and the reporting process, including internal control over financial reporting.

(17)

Disclosure Controls and Procedures. Management has established and maintains a system of disclosure controls and procedures designed to provide reasonable assurance that information required to be disclosed by the Company in the reports filed or submitted under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and includes controls and procedures designed to provide reasonable assurance that information required to be disclosed by the Company in those reports is accumulated and communicated to management, including the Chief Executive Officer and the Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. As of September 30, 2018, management conducted an evaluation of disclosure controls and procedures. Based on this evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective to provide reasonable assurance that the information required to be disclosed in the reports filed or submitted under the Securities and Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. The Audit Committee discussed with management and Ernst & Young LLP, the Company's independent registered public accounting firm ("independent accountants"), the quality and adequacy of the Company's disclosure controls and procedures.

Internal Controls. Management has also established and maintains a system of internal controls over financial reporting as defined in Rule 13a-15(f) of the Securities Exchange Act of 1934. These internal controls are designed to provide reasonable assurance that the reported financial information is presented fairly, that disclosures are adequate and that the judgments inherent in the preparation of financial statements are reasonable. Management conducted an evaluation of the effectiveness of the Company's internal control over financial reporting based on the framework set forth in Internal Control – Integrated Framework (as updated in 2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on management's evaluation under the framework in Internal Control – Integrated Framework, management concluded that the Company's internal control over financial reporting was effective as of September 30, 2018, as discussed in more detail in Management's Report on Internal Control Over Financial Reporting, which was included in our Annual Report on Form 10-K for the year ended September 30, 2018, filed with the SEC on December 11, 2018. The effectiveness of the Company's internal control over financial reporting as of September 30, 2018, has been audited by Ernst & Young LLP, as stated in its attestation report, which was included in our Annual Report on Form 10-K for the year ended September 30, 2018. The Audit Committee reviewed and discussed with management and Ernst & Young LLP the Company's system of internal control over financial reporting in compliance with Section 404 of the Sarbanes-Oxley Act of 2002.

Discussions with Management and Independent Accountants. In fulfilling its responsibilities, the Committee reviewed with management the audited financial statements included in the Company's Annual Report on Form 10-K for fiscal 2018, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also reviewed the audited financial statements with Ernst & Young LLP, which is responsible for expressing an opinion on the conformity of those financial statements with the standards of the Public Company Accounting Oversight Board and its judgment as to the quality, not just the acceptability, of the Company's accounting principles. The Audit Committee

discussed with the independent accountants such matters required under the standards of the Public Company Accounting Oversight Board and the SEC. In addition, the Audit Committee discussed with the independent accountants its independence from management and the Company, including matters in the written disclosures and letter received from the independent accountants as required by Public Company Accounting Oversight Board Rule 3526 (Communications with Audit Committee Concerning Independence). The Audit Committee met with the independent accountants, with and without management present, to discuss the overall scope and plans for their audit, the results of their examinations, their evaluations of the Company's internal control over financial reporting and the overall quality of the Company's financial reporting.

The Audit Committee also met with the independent accountants and management after the end of each of the first three 2018 fiscal quarters. At these meetings, the independent accountants' review of quarterly results was presented and discussed and discussions were also held with management concerning these results.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board (and the Board approved) that the audited financial statements be included in our Annual Report on Form 10-K for fiscal 2018 for filing with the SEC (which was filed on December 11, 2018).

Proposal No. 3

Advisory Vote on Executive Compensation

The Securities Exchange Act of 1934 requires that we include in our proxy statements a non-binding vote on our executive compensation (commonly referred to as “Say-On-Pay”). At the 2014 Annual Meeting, the Board recommended, and the shareholders approved, that the Say-on-Pay vote should occur every year. Accordingly, Proposal No. 3 is included for a non-binding vote on our executive compensation as described in this Proxy Statement.

The first vote was taken in 2011, and 94% of the shares voted were cast in support of the Company’s executive compensation program. In 2017, 94% of the shares voted were cast in support of the program, and in 2018, 94% of the shares voted were cast in support of the program. We encourage shareholders to review the discussion on executive compensation contained in this Proxy Statement, the Compensation Discussion and Analysis section below on pages 23 to 33 and the Executive Compensation section on pages 34 to 41. The Company’s consistent value creation over time is attributable to a rigorously applied management process implemented over the years by successive teams of talented and committed executives. The Company’s executive compensation underpins and reinforces this process and the performance it generates. We believe our compensation program strikes the appropriate balance between utilizing fair and responsible pay practices and effectively incentivizing our executives to dedicate themselves fully to value creation for our shareholders.

The Board strongly endorses the Company’s executive compensation program and recommends that the shareholders vote in favor of the following resolution:

RESOLVED, that the shareholders approve on an advisory basis the compensation of the Company’s named executive officers as described in the Company’s Proxy Statement for the 2019 Annual Meeting of Shareholders under “Compensation Discussion and Analysis” and “Executive Compensation” and the other related tabular and narrative disclosures contained in this Proxy Statement.

Because the vote is advisory, it will not be binding upon the Board or the Compensation Committee, and neither the Board nor the Compensation Committee will be required to take any action as a result of the outcome of the vote on this Proposal. The Compensation Committee will carefully consider the outcome of the vote when considering future executive compensation arrangements.

(20)

To approve the foregoing resolution, a majority of the votes entitled to be cast on Proposal No. 3 must vote “FOR” approval. Abstentions will have the effect of a vote “AGAINST” approval.

Approval of the Company’s Executive Compensation

Executive Compensation Overview

For fiscal 2018, Panhandle’s executive compensation program was generally unchanged from fiscal 2017. The program is designed to reward the Company’s leadership team for operating and financial results for the year and for adding to and building per share value for our shareholders, measured on both yearly and long-term horizons. We believe our current program’s performance metrics are the correct measures to align shareholder interests and executive interests to Company performance over the short-, medium- and long-term horizons. Because of the unique assets and operating strategies of the Company, we believe it is imperative that its management team be engaged in and manage the Company based on a longer-term horizon than the typical oil and gas exploration and production company. Accordingly, our compensation programs and performance metric measurements are structured to achieve that purpose.

Summary of Current Compensation Program

- Yearly base salaries of our executives are based on Company and individual results, overall responsibilities of each officer, expertise required in execution of the position and comparable peer company ranges,
- Yearly cash bonus payments are based on achievement of Company operational performance metrics and subjective job responsibility performance goals of each officer,
- Yearly Long-Term Incentive (LTI) restricted equity based compensation is used to motivate achievement of long-range goals of the Company and to reward individual achievement performance over longer-term horizons, and
- Yearly LTI ultimate realization is based on employment longevity (25%) and per share market price performance (75%) of the Common Stock over the vesting period of the restricted stock grants.

Financial and Operating Performance – Fiscal 2018

The financial and operating results outlined below provide additional perspective on Panhandle’s fiscal 2018 performance:

- Net income of \$14,635,669, \$0.86 per share, compared to net income of \$3,531,933, \$0.21 per share, for fiscal 2017;

Compensation Discussion and Analysis

Compensation Committee and Role of the Board of Directors in Fiscal 2018

The Compensation Committee is composed entirely of independent directors as defined by NYSE listing standards and SEC rules and has the responsibility for establishing, implementing and monitoring all facets of the compensation of the Company's executive officers, which for fiscal 2018 include the following executive officers required to be named in this proxy statement pursuant to SEC rules: our President and Chief Executive Officer, Paul F. Blanchard Jr.; our Vice President, Chief Financial Officer and Controller, Robb P. Winfield; our Vice President, Operations, Freda R. Webb; and our Vice President, Administration/Corporate Secretary, Lonnie J. Lowry. Raphael D'Amico, our Vice President – Business Development and Investor Relations, joined the Company on January 2, 2019, and thus was not an executive officer in fiscal 2018. On December 31, 2016, Michael C. Coffman, our former President and Chief Executive Officer, retired and thus for fiscal 2017 and fiscal 2018, except where indicated, was not considered in the compensation decisions described in this Compensation Discussion and Analysis but would be considered a named executive officer under SEC rules and is accordingly included in the tabular disclosures below where applicable. In particular, the Committee's role is to recommend to the Board for final approval, the compensation, benefit plans and policies, and, in addition, to review, approve and recommend to the Board annually all compensation decisions relating to the Chief Executive Officer and the other executive officers of the Company. The Committee reviews the executive compensation program and recommends compensation levels, performance metrics, executive bonus distributions and restricted stock awards. The Committee met six times during fiscal 2018. The Committee operates in accordance with its Charter, which sets forth its powers and responsibilities. A copy of the Charter of the Compensation Committee, which was most recently amended in December 2016, can be viewed at the Company's website: www.panhandleoilandgas.com.

Compensation Philosophy and Objectives

The objectives of the Company's compensation program are to:

- Attract, retain and incentivize key executives, who are necessary to continue execution of the Company's unique business strategies, including the ownership, management and use of mineral acreage in an oil and gas exploration and production company;
- Motivate and reward individual performance and contributions and Company performance; and
- Align the interests of our executives with those of our shareholders.

The principal elements of the executive compensation program are (i) yearly salary, (ii) annual cash bonus, (iii) restricted stock awards and (iv) contributions to the ESOP Plan. Awards of restricted stock pursuant to the Company's Amended 2010 Restricted Stock Plan (the "Restricted Stock Plan") are an integral part of the Company's compensation program as a retention and long-term incentive form of compensation. The overall executive compensation program is used to meet the Company's compensation objectives as follows:

- Attract and retain key executives, reward the officers who contribute to the Company's success, and motivate the officers to develop and execute short- medium- and long-term business strategies as well as meet annual goals approved by the Board;
- Align the interests of our executives with those of the Company's shareholders. In fiscal 2018, the Company used awards of restricted stock and contributions of Company stock to the ESOP Plan to align the financial interests of the executives with those of our shareholders and to provide a longer-term incentive form of compensation;
- Motivate and reward individual performance and contributions. The Company's evaluation of the individual performance of each executive officer affects most aspects of the executive's compensation. Market data, individual performance and level of responsibility are considered in determining an executive's annual salary and are important factors in deciding discretionary cash bonuses;
- Use financial and operating performances of the Company and the market price performance of the Company's Common Stock as key factors in determining compensation; and
- Further align the structure of management compensation to Company performance and the enhancement of shareholder value by awarding shares under the Restricted Stock Plan. The share awards made in December of 2016, 2017 and 2018 contain different vesting provisions relating to continuous length of service to the Company and market price performance of the Company's Common Stock.

(24)

Role of the Compensation Consultant

In an effort to align our executives' compensation competitively with the market, the Compensation Committee engaged an outside, independent compensation consultant, Longnecker & Associates, Houston, Texas, to review levels and incentive components of the executives' compensation for fiscal 2018. The primary role of Longnecker was to help identify peer companies and to provide the Compensation Committee with market data and information regarding compensation trends in our industry, base salaries, the design of our incentive programs and executive and director compensation levels. Management does not direct or oversee the retention or activities of Longnecker with respect to the Company's executive compensation program. The Compensation Committee has sole authority to retain and terminate independent compensation consultants and to determine the terms of their retention. Longnecker takes direction from the Compensation Committee, as appropriate, reports directly to the Compensation Committee and does not provide any other services to Panhandle.

Role of Executive Officers

In fiscal 2018, the Compensation Committee and the Board, after receiving input from Longnecker, made all compensation decisions for the executive officers. The Compensation Committee and the Board reviewed the performance of Mr. Blanchard, our Chief Executive Officer, and afterwards, set his compensation. Mr. Blanchard was not present during these discussions. Mr. Blanchard made compensation recommendations to the Compensation Committee with respect to the other executive officers. Messrs. Lowry and Winfield and Ms. Webb were not present during these discussions. Mr. Blanchard did not participate in the Compensation Committee or Board deliberations about executive compensation. The Board made the final decisions on the compensation of our executive officers.

Base Salaries and Annual Cash Bonuses

In December of each year, base salaries of the executive officers are set for the next calendar year and bonuses are determined based on the preceding fiscal year's (year-end September 30) operational and financial performance. Base salaries and annual cash bonuses for executive officers are based on the individual's responsibilities and experience, taking into account, among other factors, the individual's initiative, contribution to the Company's overall performance, handling of special projects or events during the year and yearly financial and operating results of the Company. Base salaries for executive officers are reviewed and compared to similar positions in the Company's industry. The Compensation Committee, with the assistance of Longnecker, selected the following group of "peer companies" for comparison purposes in determining compensation for fiscal 2018.

Abraxas Petroleum Corporation	Lonestar Resources US Inc.
Approach Resources, Inc.	Mid-Con Energy Partners, LP
Contango Oil & Gas Company	PetroQuest Energy, Inc.
Dorchester Minerals, L.P.	PrimeEnergy Corporation
Earthstone Energy, Inc.	Ring Energy, Inc.
Evolution Petroleum Corporation	Rosehill Resources Inc.
Gastar Exploration Inc.	

Since the Company is not the same size and does not have the same complexity of drilling and field operations as most of the peer companies, the Compensation Committee uses the peer group comparison as a tool while considering many other factors.

Base Salaries. The base salaries of our executive officers are reviewed annually by the Compensation Committee and future salary adjustments, if any, are recommended to the Board for final approval. The Compensation Committee and the Board consider various factors, including:

- overall responsibilities of the executive officers;
- scope, level of experience and expertise required to successfully execute the executive officer's position with the Company;
- demonstrated individual performance of the executive officer; and
- recommendation of the Chief Executive Officer with respect to other executive officers.

Salaries for the named executive officers in fiscal 2018 are set forth below in the "Executive Compensation - Summary Compensation Table" on page 34 and were determined by the Board based on the considerations described above. Based on the above factors and considerations, in December 2018, the Board established the annual base salary for Mr. Blanchard at \$326,500 for calendar year 2019 ("Calendar 2019"). Calendar 2019 base salaries established for the other executive officers were: Raphael D'Amico - \$200,000; Lonnie J. Lowry - \$190,000; Freda R. Webb - \$218,000; and Robb P. Winfield - \$200,000.

Annual Cash Bonuses. Annual cash bonuses are determined by the weighting of objective performance metrics and subjective performance goals applicable to each executive officer. During an annual Company goal-setting process, the Compensation Committee and the Board approve Company objective performance metrics as well as more subjective performance goals that focus on the manner in which the Company's oil and gas business is managed. These performance metrics are used in determining annual cash bonuses.

For fiscal years 2018 and 2017, the objective performance metrics, which addressed earnings per share, reserve replacement percentage, Mmcf production, all in finding cost per Mcfe, capital deployed finding cost per Mcfe and total General and Administrative (G&A) expense were as follows:

Metric Category	Fiscal 2018			Fiscal 2017		
	Minimum(1)	Target(1)	Weighting	Minimum(1)	Target(1)	Weighting
Earnings per share (1)(3)	\$0.00	\$0.20	13%	(\$0.35)	\$0.01	7%
Reserve replacement percentage (1)	100%	150%	10%	150%	180%	17%
Mmcf production (1)	10%	15%	6%	1%	5%	7%
	Maximum(2)	Target(2)	Weighting	Maximum(2)	Target(2)	Weighting
All-In Finding cost per Mcfe (2)(4)	\$1.10	\$0.75	28%	\$1.50	\$1.00	29%
Capital Deployed Finding cost per Mcfe (2)(5)	\$1.10	\$0.75	28%	\$1.50	\$1.00	29%
Total G&A expense (2)	\$7.4 mil	\$7.1 mil	15%	\$7.5 mil	\$7.3 mil	11%

- (1) If the Target is achieved in any metric category utilizing a Minimum measurement, 100% credit is earned. In 2017, if the Minimum was achieved for any of these metric categories and the Target was not achieved, 50% credit is earned, with the remaining 50% based on the proportion achieved between the Minimum and the applicable Target. In 2018, if the Minimum was achieved for any of these metric categories and the Target was not achieved, 25% credit is earned, with the remaining 75% based on the proportion achieved between the Minimum and the applicable Target. If the Minimum is not achieved in a metric category, no credit is earned.
- (2) If the Maximum is exceeded for any of these three metric categories, no credit is received for the affected metric category. In 2017, if the Target was met for these metric categories, 100% credit was earned. If the amount achieved was below the Maximum for either of these metric categories and the Target was not achieved, 50% credit was earned, with the remaining 50% based on the proportion achieved between the Maximum and the applicable Target. In 2018, if the Target was met for these metric categories, 100% credit was earned. If the amount achieved was below the Maximum for either of these metric categories and the Target was not achieved, 25% credit was earned, with the remaining 75% based on the proportion achieved between the Maximum and the applicable Target.
- (3) Earnings per share is net of the tax effected net change during the fiscal year in receivables and payables related to derivative contracts and net of the impact of the Tax Cuts and Jobs Act.
- (4) All-in finding cost per Mcfe is defined by the Compensation Committee as the total of all fiscal year exploration and development costs (excluding any costs for property acquisitions and sales) divided by the change in proved developed reserves (excluding any changes in proved developed reserves related to property acquisitions and sales). Standard SEC pricing is used to calculate these reserves; however, instead of utilizing the SEC standard conversion factor of six Mcf to one barrel of oil or NGL, the conversion factor is based on the ratio of the oil price or NGL price to the natural gas price.
- (5) Current year capital deployed finding cost per Mcfe is defined by the Compensation Committee as the total of all fiscal year exploration and development costs (excluding any costs for property acquisitions and sales) divided by proved developed reserve changes related only to extensions, discoveries and conversions. Standard SEC pricing is used to calculate these reserves; however, instead of utilizing the SEC standard conversion factor of six Mcf to one barrel of oil or NGL, the conversion factor is based on the ratio of the oil price or NGL price to the natural gas

price.
(27)

The Compensation Committee believes that combining the performance metric categories of growing reserves, increasing Mcfe production, minimizing finding cost per Mcfe and managing G&A (overhead) expense are the important measurements necessary for increasing shareholder value and to grow our oil and gas exploration and production business. The target metrics of minimizing finding cost per Mcfe is intended to discourage drilling marginal or unprofitable wells only to achieve increased production and reserves. These metrics have been adopted by the Compensation Committee to focus management on drilling wells that are economically viable and generate a reasonable rate of return for the Company. The earnings per share metric has the effect of discouraging excessive risk taking. The Compensation Committee does not believe that these performance metrics reward executives for taking risks beyond those risks inherent in the oil and gas exploration and production business.

The Compensation Committee has the discretion to modify the effect of any of the objective performance metrics if unforeseen or uncontrollable conditions result in any of these metrics not being relevant to the Company's results for the year.

The subjective performance goals are tailored to fit the job description of each executive officer by weighting each major area of responsibility. Within each major area, a breakdown is made of more detailed areas of responsibility. An evaluation of the Chief Executive Officer is performed annually by the Compensation Committee. The Chief Executive Officer performed the evaluation of each of the other executive officers. In these evaluations, performances are evaluated on each of the detailed areas of responsibility.

The Committee reviewed the performance of Paul F. Blanchard, Jr., President and Chief Executive Officer, in meeting the objective performance metrics and his subjective performance goals for fiscal 2018.

The stock price performance included in this graph is not necessarily indicative of future stock price performance.

The Compensation Committee believes that the cash bonus element of compensation for Mr. Blanchard, President and Chief Executive Officer, should principally reflect his success in achieving the above outlined objective performance metrics. His bonus calculation was based on a weighting of 70% for meeting his objective performance metrics and 30% for meeting his subjective performance goals.

(29)

Cash bonuses are paid in the first fiscal quarter (December) of each fiscal year based on the preceding fiscal year's metric results. Thus, bonuses awarded in fiscal 2018 (paid in December 2017) were based on the following fiscal 2017 objective performance metric results.

Metric Category	Actual Results	Target
Earnings per share	\$0.16	\$0.01
Reserve replacement percentage	501%	12%
Mmcfe production	-16%	5%
All in finding cost per Mcfe	\$0.52	\$1.00
Capital deployed finding cost per Mcfe	\$0.86	\$1.00
Total G&A expense	\$7.4 mil	\$7.4 mil

The maximum targeted annual cash bonus that could have been paid in December 2017 to Mr. Blanchard, our Chief Executive Officer who was our Chief Operating Officer during a portion of fiscal 2017 (based on fiscal 2017 results) was 100% of his \$317,000 base salary. See "Executive Compensation – Summary Compensation Table", footnotes (4) and (6), page 34, for the dollar amount of cash bonuses for fiscal years 2018, 2017 and 2016.

The other named executive officers' annual bonuses were targeted at 30% to 50% of base salaries and were based 50% on meeting subjective performance goals and 50% on meeting Company objective performance metrics.

Cash bonus payments made to all named executive officers during the first fiscal quarter of 2018 (December 2017) are set forth below in the "Summary Compensation Table" under "Executive Compensation" on page 34.

Long-Term Equity-Based Restricted Stock Compensation

Our executive officers are eligible to receive stock-based awards under the Restricted Stock Plan. The objectives of the Restricted Stock Plan are to attract and retain key employees, align their interests with those of the Company's shareholders, motivate them to achieve long-range goals and reward individual performance. Because executives' compensation from stock-based awards is heavily weighted to our stock price performance, the Compensation Committee believes stock-based awards create a strong incentive to improve long-term financial performance and increase shareholder value.

Vesting provisions contained in the stock restriction agreements for restricted stock awards are used by the Compensation Committee as another method to tie executive compensation both to continuing service by the executive to the Company and to the growth in shareholder value, as measured by the market price of the Company's shares. Under various circumstances, the restricted stock awards may vest totally, partially or not at all.

A portion (usually 25%) of these restricted stock awards vest if the executive officers remain employees of the Company for the vesting period (known as "non-performance shares"). These time-vested stock awards are forfeited if the officer does not remain continuously employed for the vesting period (typically three years). The other portion (usually 75%) of these restricted stock awards vest based on the market price performance of the Company's Common Stock at the completion of three years of service (known as "performance shares"). The

Compensation Committee believes a three-year vesting schedule for restricted stock awards enhances the retention value of these awards and positions the Company competitively from a market perspective. For a description of the stock-based awards for executive officers under the Restricted Stock Plan, see the table entitled “Outstanding Restricted Stock Awards” on page 40.

Longnecker reviewed the total direct compensation packages of our executives, including our stock-based award program and recommended the Committee continue the use of restricted stock awards. The Compensation Committee relied upon the market data, Company performance and individual performance in the determination of stock-based awards for our executive officers. After considering all of these factors, in fiscal 2018 (December 2017), our committee approved the following restricted stock awards, which vest over a three-year period: Paul F. Blanchard, Jr., 5,283 non-performance shares and 15,850 performance shares; Lonnie J. Lowry, 1,131 non-performance shares and 3,393 performance shares; Freda R. Webb 1,893 non-performance shares and 5,678 performance shares; and Robb P. Winfield, 1,393 non-performance shares and 4,178 performance shares.

Retirement of Former Chief Executive Officer

Michael C. Coffman, the Company’s former President and Chief Executive Officer, retired from the Company on December 31, 2016. Upon his retirement, certain non-performance shares awarded to Mr. Coffman under the Restricted Stock Plan vested which are discussed under the caption “Chief Executive Officer Actual Realized Compensation” on page 36. In addition, upon his retirement Mr. Coffman forfeited certain restricted stock awards which are discussed under the caption “Outstanding Restricted Stock Awards” on page 40.

Clawback Policy

The Company’s clawback policy further aligns the interests of our executives with shareholders. Under our clawback policy, during the 3-year period preceding the date of an accounting restatement based on erroneous data due to material non-compliance with any financial reporting requirement under federal securities laws that affect directly or indirectly the objective and subjective metrics used to determine bonuses and restricted stock awards, the Company shall be entitled to recover from any executive the amount of incentive compensation paid to the executive in excess of what would have been paid under such restated audited financial statements.

Broad-Based Employee Benefits

- The Company’s ESOP Plan is a tax-qualified, defined contribution plan that covers all employees, including the executive officers. Under the ESOP Plan, the Company contributes shares of its Common Stock to the ESOP Plan based on the employees’ salary and bonus compensation during the fiscal year.
- All employees, including the executive officers, are eligible to participate on the same basis in all of the Company’s other employee benefit plans which include medical, dental, vision, group life, long-term disability and accidental death and dismemberment insurance.
- The Company provides no other perquisites or personal benefits to its executive officers.

(31)

Change-In-Control Executive Severance Agreements

The Board believes that, in the event of a change-in-control of the Company, the executives' performance may become hampered by distraction, uncertainty or other activities, which might adversely affect shareholder values. To reduce these potential adverse effects and to encourage fair treatment of the executive officers in connection with any change-in-control event, the Company began to enter into Change-In-Control Executive Severance Agreements in 2007 with the executive officers to provide for change-in-control protection. Under these Agreements, if, within two years following a change-in-control event, the Company terminates the employment of any of the executives without cause or any executive resigns for good reason as defined in the Agreements, that executive would be entitled to a severance payment, payable in a lump sum, in cash, following his or her termination, in an amount equal to two times the average of the compensation paid to the executive during the two calendar years preceding the change-in-control event (or the annual average of any shorter period). Compensation for this purpose includes the sum of the executive's base salary, cash bonuses and ESOP Plan contribution (restricted stock awards are excluded). The bonus amount used in determining the executive's compensation will not be less than two times his or her targeted bonus for the calendar year in which the change-in-control event occurs (or if not yet determined for that year, two times the executive's targeted bonus for the preceding calendar year). Further, if the executive qualifies, and the Company is required to provide coverage under COBRA, the Company shall reimburse the executive the costs of purchasing continuing coverage under COBRA for the executive and his or her dependents for as long as he or she qualifies for COBRA coverage. The Company became subject to COBRA on January 1, 2014.

A change-in-control event generally means: (i) the acquisition of beneficial ownership of 30% or more of the Company's Common Stock; (ii) during any period of two consecutive years, individuals who at the beginning of such period constitute the Board, and any new director, whose election by the Board or nomination for election by the Company's shareholders was approved by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors at the beginning of the period or whose election or nomination for election was previously so approved, cease for any reason to constitute a majority of the Board; or (iii) approval by the Company's shareholders of (a) a reorganization, merger or consolidation which results in the ownership of 20% or more of the Company's Common Stock by persons or entities that were not previously shareholders, (b) a liquidation or dissolution of the Company, or (c) the sale of substantially all of the Company's assets.

There may arise situations where the potential to merge with or be acquired by another company may be in the best interest of our shareholders. Based on this potential, the Company believes that the "double trigger" requiring both (i) a change-in-control event and (ii) the termination of an executive's employment without cause or his or her resignation for good reason after the event is appropriate to provide fair treatment of the executive officers, while allowing them to continue to concentrate on enhancing shareholder value during a change-in-control event, as they may take actions which ultimately may lead to termination of their employment after the change-in-control event.

Pursuant to the Change-In-Control Executive Severance Agreements, assuming that a change-in-control event took place on the last business day of fiscal 2018, and an executive's

employment was terminated without cause, or the executive terminated his or her employment for good reason, within two years following this assumed change-in-control event, the executives named below would receive the following severance payments:

Name (4)	Salary(1)	Bonus(2)	Total(3)
Paul F. Blanchard, Jr.	\$690,250	\$634,000	\$1,324,250
Lonnie J. Lowry	\$450,845	\$152,000	\$602,845
Freda R. Webb	\$479,738	\$254,400	\$734,138
Robb P. Winfield	\$410,109	\$198,000	\$608,109

(1) Calculated based on (i) two times the average of the executive officer's base salary during calendar years 2016 and 2017 plus (ii) two times the average amount contributed to the ESOP on behalf of each executive during calendar years 2016 and 2017.

(2) Calculated based on two times the maximum targeted bonus for each executive for calendar year 2018.

(3) In addition, if the Company is required to provide continuing coverage to its employees under COBRA (as defined in Section 4980B of the Internal Revenue Code of 1986) at the time of a change-in-control, the Company will reimburse each executive for all costs incurred by them in purchasing such continuing coverage for themselves and their dependents as long as they qualify for COBRA coverage.

(4) Michael C. Coffman retired in December 2016 and therefore is not included in this table. Raphael D'Amico was not an employee or executive officer during fiscal 2018 and therefore is also not included in this table.

Other than the Change-In-Control Executive Severance Agreements, the Company maintains no employment agreements with its executive officers.

Other Compensation Matters

The Company does not have ownership requirements or a stock retention policy for its executive officers. The Company's Code of Ethics and Business Practices prohibits directors, officers and employees from engaging in speculative transactions involving the Company's securities.

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation in excess of \$1,000,000 annually paid to any of our executive officers, unless the compensation qualifies as performance-based compensation. Exclusive of performance based restricted stock awards, our compensation levels are below the Section 162(m) level.

(1) Base salaries are set on a calendar year basis and are reported on a fiscal year basis ending on September 30 of each year. This means that the salary shown above for each fiscal year reported represents three months' salary of the previous calendar year and the first nine months of the current calendar year through September 30 fiscal year-end. Cash bonuses are

Chief Executive Officer Actual Realized Compensation

The supplemental table below, which details Michael Coffman's, our then Chief Executive Officer, actual realized compensation (which equals his IRS Form W-2 income) for calendar 2016 and Paul Blanchard's, our current Chief Executive Officer, actual realized compensation (which equals his IRS Form W-2 income) for calendar 2017 and 2018, is not a substitute for the Summary Compensation Table on pages 34 and 35. "Total Actual Realized Compensation" differs substantially from "Total Compensation" as shown in the Summary Compensation Table. The principal differences between these totals are: i) the table below reports the actual value realized on restricted stock compensation during each year (as vesting occurs), whereas the Summary Compensation Table reports the grant date fair market value in the year of each award irrespective of vesting; ii) the table below does not include the value of the ESOP Plan contribution portion of "All Other Compensation" reported in the Summary Compensation Table because it is not taxable income; and iii) the table below reflects calendar year compensation amounts, whereas compensation amounts shown in the Summary Compensation Table are based on the Company's fiscal year.

Upon Mr. Coffman's retirement on December 31, 2016, 6,296 non-performance shares which were awarded to him under the Restricted Stock Plan vested. The value of these shares at vesting was \$148,271. In accordance with IRS rules, this value was reported as income to Mr. Coffman in calendar 2017 and is therefore excluded from the schedule below.

Calendar Year	Salary	Cash Bonuses	Value of			Total Actual

ESOP Plan

The ESOP Plan is a tax-qualified, defined contribution plan and serves as the Company's only retirement plan for its employees. Contributions are made at the discretion of the Board and, to date, all contributions have been made in shares of Common Stock. Contributions are allocated to all participants in proportion to their compensation for the plan year and 100% vesting occurs after three years of service. Separation prior to three years of service results in forfeiture of all contributions received. All employees, including the named executive officers, may participate in the 401(k) portion of the ESOP Plan on a voluntary basis. Under the terms of the 401(k) portion of the ESOP Plan, eligible employees may elect to defer a portion of their earnings up to the maximum allowed by regulations of the Internal Revenue Service. The Company makes no matching contributions to the 401(k) portion of the ESOP Plan.

Amended 2010 Restricted Stock Plan

General. The number of shares of common stock covered by the Restricted Stock Plan is 500,000 shares and, after shareholders approved amendments to the Restricted Stock Plan in 2014, directors became eligible for awards of restricted stock. The Compensation Committee is

given the authority to determine the award and vesting terms for all awards to directors and officers.

After the awards of restricted stock in December 2018, and the vesting of restricted stock in December 2018, there are 141,847 shares of Common Stock currently available under the Restricted Stock Plan for future awards of restricted stock.

Awards. The Restricted Stock Plan permits awards of restricted stock to Company officers and directors and is used by the Compensation Committee for retention and long-term incentive compensation. The Company sells shares of restricted stock to officers and directors at a significant discount to the fair market value of the shares, generally at the par value of the shares. The vesting terms under the Restricted Stock Plan will be determined by the Compensation Committee when it awards shares of restricted stock. Under various vesting requirements, the restricted stock awards may wholly, partially or never vest. The Company will repurchase the restricted stock at the original purchase price if vesting does not occur.

Officers participate in this program based on their (i) ability to make a significant contribution to the Company's financial and operating results, (ii) level of responsibility and (iii) performance. No officer is entitled to participate automatically based on title, position or salary level. This program is designed to help retain key officers of the Company and participation is highly selective.

Based in part on a recommendation by Longnecker, the Restricted Stock Plan was amended by vote of the shareholders at the 2014 Annual Meeting to include the directors as participants in the Restricted Stock Plan.

The initial grant of restricted stock to directors valued at \$35,000 was made in May 2014 and vested throughout the remainder of calendar 2014. On March 4, 2015, each director was granted restricted stock valued at \$35,000, vesting quarterly throughout calendar 2015. At its December 9, 2015, meeting, the Board approved restricted stock awards with a grant date of December 31, 2015, to each director in the amount of \$35,000 vesting quarterly throughout calendar 2016. On December 9, 2016, the Board approved restricted stock awards to each director valued at \$35,000, vesting quarterly throughout calendar 2017. On December 12, 2017, the Board approved restricted stock awards to each director valued at \$35,000, vesting quarterly throughout calendar 2018. On December 11, 2018, the Board approved restricted stock awards to each director valued at \$35,000 which will vest quarterly throughout calendar 2019.

Each participant in the Restricted Stock Plan enters into a stock restriction agreement with the Company setting forth the terms, conditions and restrictions of the restricted stock award. The restricted stock is issued by the Company in the name of the participant and deposited with the Company, or an escrow agent determined by the Compensation Committee, until the restrictions lapse or until vesting is no longer possible under the stock restriction agreement.

During the restriction period, subject to the terms and conditions of the stock restriction agreement, a participant holding restricted stock has the right to receive dividends on the shares, vote the shares and enjoy other shareholder rights related to the restricted stock. On expiration of

(37)

the restriction period, subject to the terms of the Restricted Stock Plan, the stock restriction agreement and the vesting requirements, the participant will be entitled to receive shares of Common Stock no longer subject to restriction.

Effective Date and Term. The Restricted Stock Plan initially became effective in March 2010, when approved by shareholders. No restricted stock can be awarded after the day before the tenth anniversary of the date of shareholder approval, but the vesting periods for restricted stock previously sold may extend beyond that date. The tenth anniversary will be measured from the date of approval by the shareholders of the amendments to the Restricted Stock Plan on March 5, 2014.

Eligibility. Any current officer or director of the Company, or any future subsidiary entities in which the Company has a controlling interest, as determined by the Compensation Committee, are eligible to be granted an award of restricted stock.

Administration. The Plan is administered by the Compensation Committee, which has authority to grant awards of restricted stock and determine the recipients and the terms of awards. The Compensation Committee has full authority to construe and interpret the terms of the Restricted Stock Plan and to determine all facts necessary for its administration.

Stock Subject to the Restricted Stock Plan. Subject to adjustments allowed under the Restricted Stock Plan, awards of restricted stock may be made up to 500,000 shares of Common Stock. If any award of restricted stock expires or is terminated, forfeited or canceled without being fully vested, the unused shares covered by such award will be repurchased by the Company and will again be available for awards under the Restricted Stock Plan.

Restricted Stock. Pursuant to the Restricted Stock Plan, the Compensation Committee may grant awards of restricted stock on the terms and conditions set forth by the Compensation Committee in the applicable stock restriction agreement, including the conditions for vesting, the vesting periods, the issue price and the acceleration of vesting in certain events.

Adjustments Due to Changes in Capitalization or Control. In the event of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any dividend or distribution to holders of shares of Common Stock other than an ordinary cash dividend, (i) the number of shares of Common Stock available under the Restricted Stock Plan, (ii) the number of shares of Common Stock subject to and the repurchase price per share subject to each outstanding restricted stock award, and (iii) the terms of each other outstanding award shall be equitably adjusted by the Company in the manner determined by the Compensation Committee.

Change in Control. On the occurrence of a change in control of the Company as defined in the Restricted Stock Plan, except to the extent provided to the contrary in the stock restriction agreement between a participant and the Company, all restrictions, vesting requirements and other conditions on all restricted stock awards then outstanding shall automatically lapse and be deemed terminated or satisfied, as applicable.

Transferability of Awards. Unless otherwise provided by the Compensation Committee, restricted stock will be nontransferable, either voluntarily or by operation of law, except by will or the laws of descent and distribution or pursuant to a qualified domestic relations order.

Voting and Dividends. Holders of shares of restricted stock may vote and receive dividends paid on their shares.

Termination of Employment. The Compensation Committee, in conjunction with the terms of the stock restriction agreement between a participant and the Company, will determine the effect on restricted stock due to the disability, death, retirement, termination or other cessation or change in the employment of a participant.

Tax Withholding. A participant in the Restricted Stock Plan must satisfy all applicable federal, state and local or other income and employment tax withholding obligations of the Company before it will authorize the restricted stock to be released by the Company or from escrow. The Compensation Committee requires, pursuant to mutually agreed to amendments of existing agreements, and intends to continue to require a participant to satisfy all of these withholding obligations by transferring shares of restricted stock to the Company.

Amendment of Awards. The Compensation Committee may amend, suspend or terminate, in whole or in part, the Restricted Stock Plan at any time; provided that if at any time the approval of the Company's shareholders is required as to any modification or amendment under applicable laws and rules, the Compensation Committee may not effect such modification or amendment without shareholder approval. Unless otherwise specified in the amendment, any amendment to the Restricted Stock Plan shall apply to, and be binding on, the holders of restricted stock under the Restricted Stock Plan at the time the amendment is adopted, provided, the Compensation Committee determines that such amendment does not materially and adversely affect the rights of participants.

CEO Pay Ratio

The Pay Ratio Disclosure Rule, codified in Item 402(u) of Regulation S-K and adopted pursuant to Section 953(b) of the Dodd-Frank Act, requires the Company to calculate and disclose the ratio of the annual total compensation of Paul F. Blanchard, Jr., the Company's Chief Executive Officer, to the median of the annual total compensation of the Company's employees (other than the Chief Executive Officer). For 2018, our last completed fiscal year:

Median Employee total annual compensation\$106,700

Total Compensation of Chief Executive Officer – Paul F. Blanchard, Jr.\$964,025

Ratio of CEO to Median Employee Compensation9 to 1

To identify the median of the annual compensation of all our employees, as well as to determine the annual total compensation for our median employee and our Chief Executive Officer, we took the following steps:

•We determined that, as of September 30, 2018, our employee population consisted of 20 individuals, all of whom were located in the United States. This population consisted of only full-time employees, as we do not have part-time, temporary or seasonal workers. We selected September 30, 2018, as our identification date for determining our median employee because it is the last day of our fiscal year and it enables us to make such identification in a reasonably efficient and economic manner.

•We used a consistently applied compensation measure to identify our median employee by comparing the amount of the salary or wages, bonuses and restricted stock awards that vested in 2018 as reflected in our payroll records.

•We identified our median employee by consistently applying this compensation measure to all of our employees included in our analysis. Since all of our employees, including the Chief Executive Officer, are located in the United States, we identified our median employee by comparing the compensation of each employee to the compensation of the Chief Executive Officer.

(41)

States, we did not make any cost of living adjustments in identifying the median employee.

After we identified our median employee, we combined all of the elements of such employee's compensation for fiscal 2018 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$106,700.

With respect to the annual total compensation of our Chief Executive Officer, we used salary, bonus, restricted stock awards granted and all other compensation for fiscal 2018 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$964,025.
