Increased the dividend amount paid by 10% during fiscal year 2017

TABLE OF CONTENTS**Pay is Aligned to Company Performance (page 32)**

Broadridge's compensation programs are designed to align the interests of our executives with the interests of our stockholders. For this reason, the mix of compensation elements for the executive officers listed on the Summary Compensation Table on page 54 (the *Named Executive Officers* or *NEOs*), and particularly the CEO, is heavily weighted towards variable, performance-based compensation.

In line with the Company's strong overall financial performance in fiscal year 2017, the annual cash incentive payments for the Named Executive Officers ranged from 119% to 139% of their targets. In addition, because of our strong EPS performance in fiscal year 2017, performance-based RSU target awards were earned at 120% of their target amounts.

The total direct compensation (*TDC*) of the Named Executive Officers increased in fiscal year 2017 due to the Company's performance in this fiscal year, as well as in some cases, an increase in TDC targets reflecting the Company's strong performance in the prior fiscal year.

Target Compensation for Named Executive Officers (page 36)

A summary of the fiscal year 2017 target TDC of the Named Executive Officers as approved by the Compensation Committee is set forth in the table below. The compensation presented in this table differs from the compensation presented in the Summary Compensation Table, which can be found on page 54 of this Proxy Statement, and is not a substitute for such information.

| Name | Base Salary | | Annual Cash Incentive | | | Annual Equity Incentive | | |
|-----------------|--------------|-------------------------------|-----------------------------------|--------------|-----------------------------------|-------------------------|---------------------------|--------------|
| | Annual Value | Fixed Cash as % of Target TDC | Cash Incentive as % of Target TDC | Target Value | Cash Incentive as % of Target TDC | Target Value | Equity as % of Target TDC | Target TDC |
| Mr. Daly | \$ 901,250 | 13% | 165% | \$ 1,487,063 | 21% | \$ 4,750,000 | 67% | \$ 7,138,313 |
| Mr. Young | \$ 546,364 | 25% | 85% | \$ 464,409 | 21% | \$ 1,150,000 | 53% | \$ 2,160,772 |
| Mr. Gokey | \$ 618,000 | 20% | 130% | \$ 803,400 | 26% | \$ 1,650,000 | 54% | \$ 3,071,400 |
| Mr. Perry | \$ 583,495 | 28% | 140% | \$ 816,893 | 39% | \$ 700,000 | 33% | \$ 2,100,388 |
| Mr. Schifellite | \$ 566,500 | 27% | 115% | \$ 651,475 | 31% | \$ 900,000 | 42% | \$ 2,117,975 |

Executive Total Compensation Mix (page 37)

A significant portion of the CEO's and other Named Executive Officers' target TDC is variable, performance-based compensation. This is intended to ensure that the executives who are most responsible for overall performance and changes in stockholder value are held most accountable for results.

Broadridge 2017 Proxy Statement 5

TABLE OF CONTENTS**Response to Say on Pay Advisory Vote (page 29)**

Each year, the Company provides stockholders with an opportunity to cast an advisory vote on the compensation of the Company's Named Executive Officers. At the 2016 annual meeting of stockholders, stockholders continued their strong support of our executive compensation program with over 95% of the votes cast in favor of the proposal. Based on the outcome of the annual advisory vote, the Compensation Committee believes that the Company's current executive compensation program is aligned with the interests of the Company's stockholders. Accordingly, the Compensation Committee decided to retain the core elements and pay-for-performance design of our executive compensation program for fiscal year 2017.

The Compensation Committee will continue to consider the outcome of the Company's Say on Pay Votes and the views of our stockholders when making future compensation decisions for the Named Executive Officers.

This year, in addition to presenting the Say on Pay proposal for an advisory vote, the Company is requesting your non-binding vote on the frequency of holding an advisory vote to approve the compensation of its Named Executive Officers as disclosed in this Proxy Statement (the Frequency Vote). Currently, the Say on Pay proposal is included every year. Recognizing stockholder expectations and market practice, the Board believes that holding the Say on Pay Vote every year is appropriate.

Ratification of Auditors (page 68)

We ask our stockholders to ratify the appointment of Deloitte & Touche LLP as our independent registered public accountants for the year ending June 30, 2018. Below is summary information about Deloitte & Touche LLP's fees for 2017 and 2016.

Proposal 1 — Election of Directors

At the 2017 Annual Meeting, ten directors are to be elected, each of whom will serve until the 2018 annual meeting of stockholders and until their respective successors are duly elected and qualified. The Board has nominated the following individuals to serve as members of the Board of Directors: Leslie A. Brun, Pamela L. Carter, Richard J. Daly, Robert N. Duelks, Richard J. Haviland, Brett A. Keller, Stuart R. Levine, Maura A. Markus, Thomas J. Perna, and Alan J. Weber.

Each of the nominees, with the exception of Ms. Carter, currently serves on the Board and was elected by the stockholders at the 2016 Annual Meeting. Each nominee has consented to be nominated and to serve, if elected.

Nominee Qualifications

Under the Company's Corporate Governance Principles, a majority of the Board must be comprised of directors who are independent based on the rules of the New York Stock Exchange (the "NYSE"). The NYSE rules provide that the Board is required to affirmatively determine which directors are independent and to disclose such determination for each annual meeting of stockholders. No director will be deemed to be independent unless the Board affirmatively determines that the director has no material relationship with the Company, either directly or as an officer, stockholder or partner of an organization that has a relationship with the Company. In its review of director independence, the Board of Directors considers all relevant facts and circumstances, including without limitation, all commercial, banking, consulting, legal, accounting, charitable or other business relationships any director may have with the Company in conjunction with the Corporate Governance Principles and Section 303A of the NYSE's Listed Company Manual (the "NYSE Listing Standards").

On August 2, 2017, the Board reviewed each director's relationship with us and affirmatively determined that all of the directors, other than Mr. Daly, are independent under the NYSE Listing Standards. Mr. Daly was determined to be not independent because he is our Chief Executive Officer.

The Governance and Nominating Committee seeks directors with established strong professional reputations and experience in areas relevant to the strategy and operations of the Company's businesses, particularly industries that Broadridge serves. Broadridge is a global fintech leader providing investor communications and technology-driven solutions to banks, broker-dealers, mutual funds and corporate issuers. Our services include investor and customer communications, securities processing, and data and analytics solutions. In short, we provide the infrastructure that helps the financial services industry operate. With over 50 years of experience, including 10 years as an independent public company, we provide financial services firms with advanced, dependable, scalable and cost-effective integrated systems. Our systems help reduce the need for clients to make significant capital investments in operations infrastructure, thereby allowing them to increase their focus on core business activities.

We serve a large and diverse client base across four client groups: capital markets, asset management, wealth management and corporations. Our clients in the financial services industry include retail and institutional brokerage firms, global banks, mutual funds, asset managers, insurance companies, annuity companies, institutional investors, specialty trading firms, clearing firms, third party administrators, hedge funds, and financial advisors. Our corporate clients are typically publicly held companies. In addition to financial services firms, our customer communications business services other corporate clients in the healthcare, insurance, consumer finance, telecommunications, utilities, retail and other service industries with their essential communications.

Our directors' skills, expertise, background and experiences encompass the areas of banking and financial services, information processing services, technology services, and providers of services to the financial services industry, all of which are areas important to our Company's businesses and strategy.

The biographies of the director nominees are set forth below. They contain information regarding the individual's service as a director of the Company, business experience, director positions held currently or any time in the past five years, and the experiences, qualifications, attributes or skills that caused the Board to determine that such individual should serve as a director of the Company.

Each of the nominees for election as a director at the 2017 Annual Meeting holds or has held senior executive positions in large, complex organizations, and most hold or have held the role of chief executive officer. This experience demonstrates their ability to perform at the highest levels. In these positions, they have gained experience in core business skills, such as strategic and financial planning, public company financial reporting, compliance, risk management, leadership development, and marketing. This experience enables them to provide sound judgment concerning the issues facing a large corporation in today's environment, provide oversight of these areas at the Company and evaluate our performance.

Proposal 1 — Election of Directors

The Governance and Nominating Committee also believes that each of the nominees has other key attributes that are important to an effective board: wisdom, integrity, an understanding and general acceptance of the Company's corporate philosophy, valid business or professional knowledge and experience, a proven record of accomplishment with excellent organizations, an inquiring mind, a willingness to speak one's mind, an ability to challenge and stimulate management, and a willingness to commit time and energy. The Governance and Nominating Committee takes diversity into account in determining the Company's slate of nominees and believes that, as a group, the directors bring a diverse range of perspectives to the Board's deliberations.

In addition to the above, the Governance and Nominating Committee also considered the specific experience described in the biographical details that follow in determining to nominate the individuals set forth below for election as directors. For more information on the process undertaken by the Governance and Nominating Committee in recommending qualified director candidates to the Board, see the Corporate Governance–Nomination Process section of this Proxy Statement.

TABLE OF CONTENTS**Director Compensation**

The compensation of our non-management directors is determined by the Compensation Committee upon review of recommendations from the Committee's independent compensation consultant, Frederic W. Cook & Co., Inc. (*FW Cook*). The table below sets forth cash and equity compensation paid to our non-management directors (including our independent Chairman) in the fiscal year ended June 30, 2017. All of our directors are non-management directors, other than Mr. Daly, who is our Chief Executive Officer. Mr. Daly's compensation as Chief Executive Officer is reflected in the Summary Compensation Table on page 54 of the Executive Compensation section of this Proxy Statement. Mr. Daly does not receive any separate cash or equity compensation for his participation on the Broadridge Board of Directors.

The table on page 15 on fiscal year 2017 non-management director compensation includes the following compensation elements:

| Compensation Element | Director Compensation Program |
|--|--|
| Annual Cash Retainer | •\$75,000, which may be deferred at the director's option |
| Annual Equity Retainer | •\$135,000 target value split equally between stock options and DSUs that are fully vested upon grant |
| Board and Committee Meeting Fees for all directors other than the Chairman | •\$1,500 for each Board meeting and Committee meeting attended in person •\$750 for telephonic meetings |
| Annual Committee Chair Cash Retainer | •\$15,000 |
| Chairman Additional Annual Retainer | •\$57,500 in cash •\$57,500 equity award target value split equally between stock options and DSUs that are fully vested upon grant |
| Matching Gift Program | •For each director, the Company matches charitable contributions up to \$10,000 per calendar year |
| Stock Ownership Guidelines and Holding Period Requirements | •Ownership of common stock or DSUs with a value equivalent to five times the annual cash retainer •Holding of 100% of shares received upon exercise of stock options, net of exercise price, tax liability, and transaction costs, until separation from service on the Board |

Cash Compensation. In fiscal year 2017, all non-management directors received an annual retainer and meeting fees for each Board meeting and each committee meeting attended as a committee member. The meeting fees are paid irrespective of whether meetings are held on the same date; and attendance at Board or committee meetings by telephone results in payment of half of the standard meeting fee. The Chairs of the Audit, Compensation, and Governance and Nominating Committees each received an additional annual retainer. Our independent Chairman, Mr. Brun, received an additional cash retainer, but is not entitled to receive meeting fees for participation in Board or committee meetings.

All retainers and meeting fees are paid in cash on a quarterly basis. Directors may elect to defer 100% of their retainers and meeting fees into a notional account in the form of phantom shares of Broadridge common stock. The number of phantom shares awarded is determined by dividing the quarterly cash payment by the closing price of Broadridge stock on the last day of the quarter. This election is made annually prior to the beginning of the calendar

year in which the retainers and fees are earned and is irrevocable for the entire calendar year. Accounts are adjusted to reflect changes in value over time based on the change in Broadridge's stock price and are also credited with dividend equivalents in the form of additional phantom shares on a quarterly basis as cash dividends are declared by the Broadridge Board. Participants receive distributions of the value of their notional accounts in cash following their departure from the Board of Directors.

Equity Compensation. Non-management directors received annual grants of stock options and DSUs under the Broadridge Financial Solutions, Inc. 2007 Omnibus Award Plan (the *Omnibus Plan*) during fiscal year 2017. Our non-management directors each received equity awards and our independent Chairman, Mr. Brun, received an additional equity award. The equity target value is split equally between grants of stock options and DSUs. The number of shares comprising each director's equity awards is determined at the time of grant based on a 30-day average stock price and, for stock options, the binomial value.

14 Broadridge 2017 Proxy Statement

TABLE OF CONTENTS**Director Compensation**

All stock options are granted with an exercise price equal to the closing price of Broadridge common stock on the date of the grant. All stock options granted to our non-management directors are fully vested upon grant, and have a term of 10 years. Following separation from service on the Board, stock options held by directors expire at the earlier of the expiration of the option term and three years.

All DSUs are granted at the same time as stock options, are fully vested upon grant, and will settle as shares of common stock upon the director's separation from service on the Board. DSUs are credited with dividend equivalents in the form of additional DSUs on a quarterly basis as dividends are declared by the Broadridge Board.

The stock ownership guidelines for the Company's non-management directors provide that each non-management director is expected to accumulate an amount of the Company's common stock equal in value to at least five times their annual cash retainer. Stock option awards granted to the directors are not counted as shares of common stock for purposes of this calculation. All of our non-management directors have met the stock ownership multiple, other than Mr. Keller who joined the Board in 2015 and is making progress toward meeting the multiple.

In addition, the directors are required to hold 100% of their shares received upon exercise of stock options, net of their exercise price, tax liability, and transaction costs, until their separation from service on the Board. DSUs do not settle as shares of common stock until a director's separation from service on the Board. Because of the holding requirement, there is no minimum time period in which the directors are required to achieve the stock ownership multiple.

Other. Non-management directors may participate in the Broadridge Director & Officer Matching Gift Program. Under this program, a charitable foundation established and funded by the Company (the *Broadridge Foundation*) contributes an equal amount to any qualified tax-exempt organization that a director supports up to a maximum Company contribution of \$10,000 per calendar year.

The non-management directors are also reimbursed for their reasonable expenses in connection with attending Board and committee meetings and other Company events.

TABLE OF CONTENTS**Corporate Governance****The Board of Directors**

Our Corporate Governance Principles provide that directors are expected to attend regular Board meetings in person and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. Each of our incumbent directors attended 100% of the meetings of the Board of Directors and of the committees on which they served during fiscal year 2017.

The Board of Directors has three standing committees, each of which is comprised solely of independent directors and is led by an independent Chair: Audit Committee, Compensation Committee, and Governance and Nominating Committee. The independent directors meet in executive sessions during each regular Board meeting and committee meeting. In addition, at least once a year, our independent directors meet to review the Compensation Committee's annual review of the Chief Executive Officer.

Board Leadership Structure

Our Corporate Governance Principles do not specify a policy with respect to the separation of the positions of Chairman and Chief Executive Officer or with respect to whether the Chairman should be a member of management or a non-management director. The Board recognizes that there is no single, generally accepted approach to providing Board leadership, and given the dynamic and competitive environment in which we operate, the Board's leadership structure may vary as circumstances warrant. The Board has determined that the leadership of the Board is currently best conducted by a Chairman. The Chairman provides overall leadership to the Board in its oversight function, while the Chief Executive Officer, Mr. Daly, provides leadership with respect to the day-to-day management and operation of our business. We believe the separation of the offices allows the Chairman to focus on managing Board matters and allows Mr. Daly to focus on managing our business. In addition, we believe the separation of the offices enhances the objectivity of the Board in its management oversight role. To further enhance the objectivity of the Board, the director nominees, other than Mr. Daly, are independent.

The Board is currently led by our independent Chairman, Mr. Brun. Therefore, the Board does not believe that the appointment of a designated lead independent director is necessary and the Board currently has not appointed a lead independent director. The Board believes that having an independent Chairman vested with key duties and responsibilities and three independent Board committees chaired by independent directors provides a formal structure for strong independent oversight of the Company's management team. The independent Chairman has the following

duties and responsibilities:

• advising the independent directors with respect to the quality, quantity and timeliness of information provided by Company management to the Board, and with respect to including items on the agendas of Board meetings;

• developing agendas for, and presiding over executive sessions of, the Board's independent directors; and

• discussing with senior management on behalf of the independent directors such matters which, in the judgment of the Chairman, merit the attention of senior management.

Nomination Process

When seeking candidates for director, the Governance and Nominating Committee may solicit suggestions from incumbent directors, management or stockholders. The Committee will consider director candidates proposed by stockholders, provided that the stockholder recommendation complies with the Company's By-law provisions requiring that stockholder submissions be submitted to the Company's Secretary at 5 Dakota Drive, Lake Success, New York 11042 in a timely manner and include the information called for in the Company's By-laws concerning (a) the potential nominee and (b) the person proposing the nomination. The Committee will apply the same standards in considering candidates submitted by stockholders as it uses for any other potential nominee. In addition, the Governance and Nominating Committee has authority under its charter to retain a search firm to assist the Company with identifying and evaluating Board candidates who have the backgrounds, skills and experience that the Committee has identified as desired in director candidates.

After conducting an initial evaluation of a potential candidate, the Governance and Nominating Committee will interview that candidate if it believes such candidate might be suitable to be a director. The candidate may also meet with other members of the Board. At the candidate's request, they may also meet with management. If the Governance and Nominating Committee believes a candidate would be a valuable addition to the Board, it will recommend that candidate's election to the full Board.

This year, the Board of Directors nominated Pamela L. Carter to stand for election to the Board. Ms. Carter was identified as a potential Board member by our independent Chairman, Mr. Brun. Ms. Carter was interviewed and

evaluated by members of the Governance and Nominating Committee and other Board members, who determined that she met the qualifications for Board service. Her nomination was recommended by the Committee to the full Board for its review and approval.

The Governance and Nominating Committee selects each nominee based on the nominee's skills, achievements and experience. The Corporate Governance Principles provide that director nominees should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated, and be selected based upon contributions they can make.

The Governance and Nominating Committee considers a variety of factors in selecting candidates. The minimum characteristics that the Committee believes must be met include: independence, wisdom, integrity, an understanding and general acceptance of the Company's corporate philosophy, valid business or professional knowledge and experience, a proven record of accomplishment with excellent organizations, an inquiring mind, a willingness to speak one's mind, an ability to challenge and stimulate management, and a willingness to commit time and energy.

Corporate Governance

In making its selection of candidates to recommend for election, the Corporate Governance Principles provide that the Board seeks members from diverse professional, racial, cultural, ethnic and gender backgrounds that combine a broad spectrum of experience and expertise with a reputation for integrity. Exceptional candidates who do not meet all of these criteria may still be considered. The Corporate Governance Principles do not provide for a fixed number of directors, but provide that the optimum size of the Company's Board of Directors is 8 to 12 directors.

Proxy Access By-law

The Company's By-laws provide that under certain circumstances, a stockholder, or group of up to 50 stockholders, who have maintained continuous ownership of at least three percent (3%) of our common stock for at least three years may nominate and include a specified number of director nominees in our annual meeting proxy statement. The number of stockholder-nominated candidates appearing in our annual meeting proxy statement cannot exceed 25% of the number of directors then serving on the Board of Directors.

For a description of the process for nominating directors, see page 70 of this Proxy Statement.

Annual Board and Committee Evaluation Process

The Board conducts an evaluation of its performance and effectiveness as well as that of the three committees on an annual basis. The purpose of the evaluation is to track progress in certain areas targeted for improvement from year to year and to identify ways to enhance the Board's and committees' effectiveness. As part of the evaluation, each director completes a written questionnaire developed by the Governance and Nominating Committee to provide feedback on the effectiveness of the Board, the committees on which they serve, as well as each individual director's own contributions. The collective ratings and comments of the directors are compiled and then presented to the Governance and Nominating Committee by its Chair, and to the full Board for discussion and action.

The Board's Role in Risk Oversight

The Company's management is responsible for managing risks affecting the Company, including identifying, assessing and appropriately mitigating risk. The responsibilities of the Board of Directors include oversight of the Company's risk management processes. The Board of Directors has two primary methods of overseeing risk. The first method is through the Company's Enterprise Risk Management (ERM) process which allows for full Board oversight of the most significant risks facing the Company. The second is through the functioning of the Board's committees.

Management established the ERM process to ensure a complete Company-wide approach to risk over five distinct but overlapping core areas:

- Strategic – the risks that could impede the Company from achieving its strategic vision and goals;
- Financial – the risks related to maintaining accurate financial statements, and timely and complete financial disclosures;
- Operational – the risks in the processes, people and technology the Company employs to achieve its strategy and normal business operations;
- Compliance – the risks related to the Company's legal and regulatory compliance requirements and violations of laws; and
-

Reputational – the risks that impact the Company’s reputation including failing to meet the expectations of its customers, investors, employees, regulators or the public.

The goal of the ERM process is to provide an ongoing procedure, effected at all levels of the Company across each business unit and corporate function, to identify and assess risk, monitor risk, and agree on mitigating action. Central to Broadridge’s risk management process is its risk committee, which oversees management’s identification and assessment of the key risks in the Company, and reviews the controls management has in place with respect to these risks. The risk committee is comprised of executive officers and senior executives of the Company including the Chief Operating Officer, Chief Financial Officer, General Counsel, Senior Managing Director of Global Technology, Chief Information Officer, and Chief Human Resources Officer. The risk committee communicates the results of its work directly to the Chief Executive Officer and the Board. The Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, and General Counsel meet regularly to discuss specific risks and the Company’s risk management processes.

Corporate Governance

In addition, the Board and the Audit and Compensation Committees of the Board oversee specific areas of risk as follows:

- The full Board has oversight responsibility of the Company's Strategic, Operational, and Reputational risks.
 - Executive officers and senior executives with specific subject matter expertise update the full Board on the Strategic, Reputational and non-information technology Operational risks.
 - The Senior Managing Director of Global Technology, Chief Information Officer and Chief Security Officer update the full Board on information technology Operational risks.
 - The Audit Committee has oversight responsibility of the Company's Financial and Compliance risks (other than compensation program design risk).
 - The Chief Financial Officer, Chief Accounting Officer, and Treasurer update the Audit Committee on the Financial risks.
 - The Chief Financial Officer, Chief Accounting Officer, General Counsel, and other business and finance executives update the Audit Committee on the Compliance risks.
 - The Compensation Committee has oversight responsibility of the Company's compensation program design risk.
 - The Chief Human Resources Officer updates the Compensation Committee on compensation program design risk.
- In addition, a subcommittee of the risk committee provides additional oversight of Broadridge's cybersecurity risks. This Cybersecurity Council is comprised of senior executives representing a number of disciplines within the Company including the Chief Financial Officer. The Cybersecurity Council meets regularly, and reports on its activities and the progress of its cybersecurity and information security initiatives are provided regularly to the Audit Committee. In addition, the Cybersecurity Council provides a summary of its activities to the full Board.

The Chairs of the Audit Committee and Compensation Committee may address risks directly with management, or, where appropriate, may elevate a risk for consideration by the full Board. The ERM process and the full Board and committee approach to risk management leverages the Board's leadership structure to ensure that risk is overseen by the Board on both a Company-wide approach and through specific areas of competency.

Risk Assessment of Compensation Programs

Management, with the assistance of FW Cook, performed an annual assessment of our compensation objectives, philosophy, and forms of compensation and benefits for all Broadridge employees, including the executives, to determine whether the risks arising from such policies or practices are reasonably likely to have a material adverse effect on the Company. A report summarizing the results of this assessment was reviewed and discussed with the Compensation Committee. After this review and in consultation with FW Cook, the Compensation Committee concluded that Broadridge's compensation program does not create risks that are reasonably likely to have a material adverse effect on the Company.

The key design features in our compensation programs that support this conclusion are:

- The mix between fixed and variable compensation, annual and long-term compensation, and cash and equity compensation are designed to encourage strategies and actions that are in Broadridge's and our stockholders' long-term best interests.
- Stock options and performance-based RSUs provide for significant long-term wealth creation for executive officers when we provide meaningful total shareholder return over a sustained period. The multiple year vesting periods of 2.5

to four years for equity compensation awards encourage executives to focus on sustained stock price appreciation. Incentive awards are determined based on a review of a variety of financial and non-financial indicators of performance, which diversifies the risk associated with any single performance measure.

Corporate Governance

The Compensation Committee reviews and approves executive officer objectives to ensure that goals are aligned with the Company's business plans, achieve the proper risk/reward balance, and do not encourage unnecessary or excessive risk taking.

The Compensation Committee has the ability to use its discretion to reduce earned incentive awards based on a subjective evaluation of each individual's performance against strategic and leadership objectives and other factors. We maintain a clawback policy that requires the reimbursement by an executive officer of cash or equity incentive compensation earned by any executive officer in connection with a restatement of our financial statements due to material noncompliance with financial reporting requirements.

Officer Stock Ownership Guidelines are in place for all of the Company's executive officers providing the goal that executive officers accumulate shares of our common stock at least equal in value to two to six times their current annual base salary.

Officer Stock Retention and Holding Period Requirements are in place providing the goal that all executive officers retain at least 50% of the net profit shares realized from stock option exercises and RSU vesting in the form of our common stock. These net profit shares must be held indefinitely if the executive officer has not met the stock ownership guideline and must be held for a minimum of one year if the executive officer has met the ownership guideline.

A Pre-Clearance and Insider Trading Policy is in place that requires pre-approval of any transactions in our common stock by executive officers and directors and prohibits the hedging or pledging of our stock.

Succession Planning

The Board is actively engaged and involved in executive officer talent management. The Board reviews the Company's executive talent management strategy which includes a discussion of the Company's leadership bench and succession plans with a focus on key positions at the senior officer level.

In addition, the Committees of the Board regularly discuss the talent pipeline for specific critical roles. High potential leaders are given exposure and visibility to Board members through formal presentations and informal events. More broadly, the Board is regularly updated on key talent indicators for the overall workforce, including diversity, recruiting and development programs.

Communications with the Board of Directors

All interested parties who wish to communicate with the Board of Directors or any of the non-management directors, may do so by sending a letter to the Secretary, Broadridge Financial Solutions, Inc., 5 Dakota Drive, Lake Success, New York 11042, and should specify the intended recipient or recipients. All such communications, other than unsolicited commercial solicitations or communications, will be forwarded to the appropriate director or directors for review. Any such unsolicited commercial solicitation or communications not forwarded to the appropriate director or directors will be available to any non-management director who wishes to review it. The Governance and Nominating Committee, on behalf of the Board, will review any letters it may receive concerning the Company's corporate governance processes and will make recommendations to the Board based on such communications.

Code of Business Conduct and Code of Ethics

The Company has adopted a Code of Business Conduct and Ethics (the *Code of Business Conduct*) and a Code of Ethics for Principal Executive Officer and Senior Financial Officers (the *Code of Ethics*) which applies, among others, to the Company's principal executive officer, principal financial officer and controller. The Company will post on its

Certain Relationships and Related Transactions

The Company maintains a written Related Party Transactions Policy. Under this policy any transaction between the Company and a related person in which such related person has a direct or indirect material interest must be submitted to our Audit Committee for review, approval, or ratification.

A related person means a director, executive officer or beneficial holder of more than five percent (5%) of the Company's outstanding common stock, or any immediate family member of the foregoing, as well as any entity at which any such person is employed, is a partner or principal (or holds a similar position), or is a beneficial owner of a ten percent (10%) or greater direct or indirect equity interest. Our directors and executive officers must promptly inform our General Counsel of any plan to engage in a potential related party transaction.

This policy requires our Audit Committee to be provided with full information concerning the proposed transaction, including the risks and benefits to the Company and the related person, any alternative means by which to obtain like products or services, and the terms of a similar transaction with an unaffiliated third party. In considering whether to approve any such transaction, the Audit Committee will consider all relevant facts and circumstances, including the nature of the interest of the related person in the transaction and the terms of the transaction.

Specific types of transactions are excluded from review under the policy, such as, for example, transactions in which the related person's interest derives solely from his or her service as a director of another entity that is a party to the transaction.

In fiscal year 2017, the Company did not engage in any transaction with a related person in which the amount involved exceeded \$120,000.

In addition, the Code of Business Conduct prohibits Company personnel, including members of the Board of Directors, from exploiting their positions or relationships with Broadridge for personal gain. The Code of Business Conduct provides that there shall be no waiver of any part of the Code of Business Conduct, except by a vote of the Board of Directors or a designated committee, which will ascertain whether a waiver is appropriate and ensure that the waiver is accompanied by appropriate controls designed to protect Broadridge.

Director Attendance at Annual Meetings

The Company does not have a formal policy with regard to the directors' attendance at annual meetings of stockholders. Generally, however, Board and committee meetings are held the same day as the annual meeting of stockholders, with directors attending the annual meeting. All of our incumbent directors who were members of our Board at the time attended the Company's 2016 annual meeting of stockholders.

Stockholder Engagement

We believe that regular, transparent communication with our stockholders is essential to our long-term success. Throughout the year, members of our management team regularly engage with our stockholders to ensure that we are addressing their questions or concerns. We do this through the participation of our CEO and CFO at industry and investment community conferences, investor road shows, and analyst meetings both in our offices and in the offices of current and potential institutional investors. We provide several ways for our stockholders to communicate with us, including by email and telephone. During fiscal year 2017, members of our management team met with representatives of many of our top institutional stockholders to discuss our business strategy, financial performance, capital stewardship program, governance practices, executive compensation, and various other matters. Management shares with the Board any concerns raised by our stockholders. We have had success engaging with our stockholders to understand their questions or concerns, and we remain committed to these efforts on an ongoing basis.

We welcome feedback from all stockholders, who can contact our Investor Relations team by calling 516-472-5400 or by emailing *broadridgeir@broadridge.com*.

Proposal 2 — Advisory Vote to Approve the Compensation of our Named Executive Officers (the Say on Pay Vote)

In recognition of the interest the Company's stockholders have in the Company's executive compensation policies and practices, and in accordance with the requirements of Section 14A of the Exchange Act, this proposal provides the Company's stockholders with an opportunity to cast an advisory vote on the compensation of the Named Executive Officers, as disclosed pursuant to the SEC's compensation disclosure rules in this Proxy Statement.

At the 2016 annual meeting of stockholders, over 95% of the votes cast on the Say on Pay proposal were voted in favor of the proposal. The Compensation Committee discussed the results of this advisory vote in connection with its review of compensation decisions.

As described in more detail beginning on page 32 of this Proxy Statement under the heading Executive Compensation—Compensation Discussion and Analysis, the Company has adopted an executive compensation program that reflects the Company's philosophy that executive compensation should be structured to align each executive's interests with the interests of our stockholders. Provided below are a few highlights of our performance and our executive compensation policies and practices in fiscal year 2017.

Pay for Performance. The mix of compensation elements for the Named Executive Officers, and particularly the CEO, is more heavily weighted towards variable, performance-based compensation than for the balance of the Company's executive officers. This is intended to ensure that the executives who are most responsible for overall performance and changes in stockholder value are held most accountable for results. For example, approximately 87% of the total target fiscal year 2017 compensation of our CEO, and approximately 76% of the total target fiscal year 2017 compensation of our other Named Executive Officers (on average), is at risk and tied primarily to the growth and profitability of the Company.

As discussed in the 2017 Financial Performance Highlights section beginning on page 33 below, in fiscal year 2017, we reported strong financial performance including record closed sales results.

In line with the Company's strong overall financial performance in fiscal year 2017, the annual cash incentive payments for the Named Executive Officers ranged from 119% to 139% of their targets. In addition, because of our strong EPS performance in fiscal year 2017, performance-based RSU target awards were earned at 120% of their target amounts.

The TDC of the Named Executive Officers increased in fiscal year 2017 due to the Company's above target performance in this fiscal year, as well as in some cases, an increase in TDC targets reflecting the Company's strong performance in the prior fiscal year.

In summary, the Compensation Committee concluded that fiscal year 2017 compensation was well aligned with our performance for the year and that the connection between pay and performance is strong.

Pay Targeted at Median. Our goal is to position target compensation at the median of the external market for the Named Executive Officers. On an individual basis, target compensation for each Named Executive Officer may be set above or below median based on a variety of factors including sustained performance over time, readiness for promotion to a higher level, and skill set and experience relative to external market counterparts. Actual compensation varies above or below the target level based on the degree to which specific performance goals are attained in the variable incentive plans, changes in stock value over time, and the individual performance of each executive.

Risk Mitigation and Corporate Governance Policies and Practices. The Company has certain policies in place to minimize excessive risk taking such as a clawback policy and a policy that prohibits the hedging or pledging of the Company's stock. In consultation with its independent compensation consultant, FW Cook, the Compensation Committee has reviewed the compensation programs for all Broadridge employees and has concluded that they do not create risks that are reasonably likely to have a material adverse effect on the Company.

In addition, the Company has certain governance and compensation policies and practices in place to ensure that we meet best practices in corporate governance. Please see the Compensation Governance Policies and Practices and the Corporate Governance Policies sections on pages 38 and 50, respectively, of this Proxy Statement for descriptions of these policies and practices.

Proposal 2 — Advisory Vote to Approve the Compensation of our Named Executive Officers (the Say on Pay Vote)

The stockholder vote on this proposal is not intended to address any specific element of compensation, but rather the overall compensation of our Named Executive Officers. This vote is advisory and will not be binding on the Company. However, the Board of Directors and the Compensation Committee will review and consider the voting results when evaluating future compensation decisions relating to our Named Executive Officers.

We request that stockholders approve, on an advisory basis, the compensation of our Named Executive Officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure requirements of the SEC.

In determining whether the proposal has received the requisite number of affirmative votes, abstentions will have no effect on the outcome of the vote. Proposal 3 — Advisory Vote on the Frequency of Holding the Say on Pay Vote (the Frequency Vote)

In accordance with Section 14A of the Exchange Act, we are requesting your non-binding vote on whether an advisory vote to approve the compensation of our Named Executive Officers as disclosed in the Proxy Statement (the Say on Pay Vote) should take place every one year, two years, or three years.

Currently, a Say on Pay proposal is provided to stockholders to vote on every year. Recognizing stockholder expectations and market practice, the Board believes that holding a Say on Pay Vote every year is appropriate.

Required Vote

The frequency of future advisory votes to approve executive compensation receiving the greatest number of votes cast on the matter at the 2017 Annual Meeting (every one year, two years, or three years), in person or by proxy, and entitled to be voted on this proposal at the Annual Meeting will be considered the frequency recommended by stockholders, provided that a quorum is present. Executive Summary

Philosophy and Objectives of our Executive Compensation Program

The philosophy underlying our executive compensation program is to provide an attractive, flexible, and market-based total compensation program tied to performance and aligned with the interests of our stockholders. Our objective is to recruit and retain top caliber executive officers and other key employees to deliver sustained high performance to our stockholders.

Within this framework, we observe the following principles:

Hire and motivate talented executive officers: Base salaries and target incentive opportunities are designed to be market competitive to attract, engage and retain executives who will help ensure our future success. In addition, our program is designed to motivate and inspire behavior that fosters a high performance culture while maintaining a reasonable level of risk and adherence to the highest standards of overall corporate governance.

Pay for performance: Our program is designed to provide a clear line of sight and connection between compensation and performance, both individual and organizational. A significant portion of each executive's pay varies based on organizational, individual and, when appropriate, business unit performance.

Align compensation with stockholder value: We align the interests of our executives with stockholders by ensuring that their compensation is heavily weighted towards variable, performance-based compensation. We use a combination of incentives to motivate our executives to meet annual goals in a manner that supports our longer term strategic objectives, with a significant portion of our executives' compensation opportunity linked to Broadridge common stock.

Our annual cash incentive program is designed to reward annual performance as measured by achievement against pre-set annual financial and operating goals.

Our long-term equity incentive compensation program is designed to align executive officer financial interests with those of stockholders and to help improve our long-term profitability and stability through the attraction and retention of superior talent.

2017 Financial Performance Highlights

In fiscal year 2017, we achieved another year of strong financial performance, including record closed sales results.

Broadridge 2017 Proxy Statement 33

TABLE OF CONTENTS

Executive Compensation

Our strong financial results enabled the Company to generate total shareholder return of 18% and 93% for the one-year and three-year periods ended June 30, 2017, respectively. This performance would have put Broadridge within the top half of companies in the S&P 500 for the one-year period and within the top quartile of companies in the S&P 500 for the three-year period. Our total return is calculated as the annualized rate of return reflecting our common stock price appreciation plus the reinvestment of dividends and the compounding effect of dividends paid on reinvested dividends. We continued to return capital to our stockholders through share repurchases and increased levels of dividends, while also investing in our business through acquisitions.

During the fiscal year, we repurchased 4.9 million shares at an average price of \$69.64 under our stock repurchase program. In total, in fiscal year 2017 we returned \$434 million to stockholders in the form of dividends and share repurchases, net of proceeds from the exercise of stock options.

Acquisitions are an important part of our strategy. We spent a total of \$539 million on acquisitions and other strategic investments in fiscal year 2017, including the acquisition in July 2016 of the North American Customer Communications business (NACC) of DST Systems, Inc. for an aggregate purchase price of \$410 million. NACC has been integrated into our existing customer communications business to create Broadridge Customer Communications. The NACC acquisition expands the services we provide to corporations to include other forms of communications including both print and digital bills and statements, and provides additional benefits with respect to our digital communication strategy.

We increased the dividend amount paid by 10% during fiscal year 2017. Also, in August 2017, our Board of Directors increased our annual dividend amount for fiscal year 2018 by 11% to \$1.46 per share, subject to the discretion of the Board of Directors to declare quarterly dividends. With this increase, our annual dividend has increased for the tenth consecutive year since becoming a public company in 2007.

Explanation and Reconciliation of the Company's Use of Non-GAAP Financial Measures

Certain financial results in the Proxy Summary section and this 2017 Financial Performance Highlights section are not presented in accordance with U.S. GAAP (*Non-GAAP*). These Non-GAAP measures are adjusted net earnings and adjusted EPS. These Non-GAAP measures should be viewed in addition to, and not as a substitute for, our reported results.

Our Non-GAAP adjusted earnings results exclude the impact of certain costs, expenses, gains and losses and other specified items that management believes are not indicative of our ongoing performance. Our adjusted net earnings and adjusted EPS measures for fiscal year 2016 exclude the impact of Acquisition Amortization and Other Costs, which represent the amortization of acquired intangibles as well as other transaction costs and certain integration costs associated with the Company's acquisition activities. Our adjusted net earnings and adjusted EPS measures for fiscal year 2017 exclude the impact of Amortization of Acquired Intangibles and Purchased Intellectual Property, Acquisition and Integration Costs, and the Message Automation Limited (*MAL*) investment gain.

Amortization of Acquired Intangibles and Purchased Intellectual Property represents non-cash expenses associated with the Company's acquisition activities. Acquisition and Integration Costs represent certain transaction and integration costs associated with the Company's acquisition activities. The MAL investment gain refers to the Company's non-cash, nontaxable gain on the Company's 25% interest in MAL upon its acquisition of the remaining 75% of the company.

Please see Explanation and Reconciliation of the Company's Use of Non-GAAP Financial Measures on pages 20 and 21 of the Annual Report to Stockholders accompanying this Proxy Statement, which can also be found on our website at www.broadridge.com, for more information on the use of these Non-GAAP financial measures and a reconciliation of these Non-GAAP measures to their most directly comparable GAAP measures.

TABLE OF CONTENTS**Executive Compensation****2017 Compensation Highlights**

Our philosophy is to position the target compensation structure for our executive officers, in the aggregate, at the median of the external market. On an individual basis, target compensation for executive officers including our Named Executive Officers, is set above or below the median based on a variety of factors including time in position, sustained performance over time, readiness for promotion to a higher level, and skill set and experience relative to external market counterparts. Actual compensation varies above or below the target level based on the degree to which specific performance goals are attained in the variable incentive plans, changes in stock value over time, and the individual performance of each executive.

Fiscal year 2017 TDC for the Named Executive Officers reflects the Company's strong overall performance in this fiscal year. The annual cash incentive payments for the Named Executive Officers were above their targets, as described below. In addition, performance-based RSU awards for the performance period ending with fiscal year 2017 were earned at 120% of their target amounts, reflecting Adjusted EPS performance in fiscal years 2016 and 2017 that exceeded our target performance goals.

In summary, the Compensation Committee concluded that fiscal year 2017 compensation was well aligned with the Company's performance for the year and that the connection between pay and performance was strong.

Executive Total Compensation Mix

A significant portion of the CEO's and other Named Executive Officers' target TDC is variable, performance-based compensation. This is intended to ensure that the executives who are most responsible for overall performance and changes in stockholder value are held most accountable for results.

Strong Stockholder Support for our Compensation Programs

Each year, the Company provides stockholders with an opportunity to cast an advisory vote on the compensation of the Company's Named Executive Officers (the Say on Pay Vote). At the 2016 annual meeting of stockholders, stockholders continued their strong support of our executive compensation program with over 95% of the votes cast in favor of the proposal. Based on the outcome of the annual advisory vote, the Compensation Committee believes that the Company's current executive compensation program is aligned with the interests of the Company's stockholders. Accordingly, the Compensation Committee decided to retain the core elements and pay-for-performance design of our executive compensation program for fiscal year 2017.

The Compensation Committee will continue to consider the outcome of the Company's Say on Pay Votes and the views of our stockholders when making future compensation decisions for the Named Executive Officers.

This year, in addition to presenting the annual Say on Pay proposal for advisory vote, the Company is requesting your non-binding vote on the frequency of the Say on Pay Vote to approve the compensation of its Named Executive Officers as disclosed in the Proxy Statement (the Frequency Vote). Currently, the Say on Pay proposal is included every year. Recognizing stockholder expectations and market practice, the Board believes that holding the Say on Pay Vote every year is appropriate.

Compensation Governance Policies and Practices

The Company has the following policies and practices in place to ensure that we minimize excessive risk taking and meet best practices in compensation governance:

| Policy/Practice | Overview |
|--|---|
| Clawback Policy | Executive officer cash and equity incentive compensation is subject to reimbursement, if and to the extent that the payment, grant, or vesting was predicated upon the achievement of financial results that were subsequently the subject of a financial restatement due to material noncompliance with financial reporting requirements by the Company, and a lower payment, award, or vesting would have occurred based upon the restated financial results. |
| Double-trigger on Change in Control | Our Change in Control Severance Plan (the <i>CIC Plan</i>) has a double-trigger, which provides payments of cash and vesting of equity awards only upon termination of employment without cause or with good reason within three years following a change in control. |
| No Re-pricing or Discount Stock Options | We do not replace, cash out, or lower the exercise price of underwater stock options without stockholder approval, and the exercise price of our stock options is not less than 100% of the fair market value of our common stock on the date of grant. |
| No Dividends or Dividend Equivalents on Unearned Performance-based RSUs | Dividends or dividend equivalents are not earned or accrued by our performance-based RSUs until they vest and convert to shares of common stock. |
| Stock Ownership Guidelines and Retention and Holding Period Requirements | To encourage equity ownership among our executive officers, we maintain stock ownership guidelines based on a multiple of their salaries; the guidelines include stock retention and holding period provisions. |
| No Employment Agreements | Our Named Executive Officers do not have employment agreements and therefore are not entitled to minimum base salaries, guaranteed bonuses or guaranteed levels of equity or other incentives. |
| No Hedging or Pledging of Stock | Our executive officers, directors, and employees are prohibited from engaging in hedging and pledging activities or short sales with respect to Broadridge common stock. |
| No Excise Tax Gross-ups | We do not provide for excise tax gross-ups to executive officers in the event of a change in control of the Company. |
| Restrictive Covenant Agreements | We require that executives agree to be bound by a restrictive covenant agreement containing non-competition, non-solicitation and confidentiality provisions as a condition to receiving an equity grant or severance payments under the severance plan for executive officers (<i>Officer Severance Plan</i>). |
| Independence of our Compensation Committee and Advisor | The Compensation Committee is comprised solely of independent directors and utilizes the services of an independent compensation consultant. |

Key Roles and Processes for Executive Compensation Decision-Making

Role of the Compensation Committee

The Compensation Committee has oversight of all compensation elements provided to Broadridge's executive officers, including the Named Executive Officers.

The Compensation Committee plays a significant role in the evolution of Broadridge's executive compensation strategies and policies in order to ensure that our executive compensation program supports our long-term business strategies and enhances our performance and return to stockholders while not creating undue risk. Among its duties, the Compensation Committee determines and approves the total compensation of our CEO and approves the compensation for the remainder of our executive officers after taking into account the CEO's recommendations including:

- review and approval of corporate incentive goals and objectives relevant to compensation;
- evaluation of the competitiveness of each executive officer's total compensation package; and
- approval of any changes to the total compensation package, including, but not limited to, base salary, annual cash incentive and long-term equity incentive award opportunities.

Role of the Independent Consultant

The Compensation Committee engages FW Cook as its independent compensation consultant to provide compensation market analysis and insight with respect to the compensation of our executive officers. In addition, FW Cook gives the Compensation Committee advice regarding selection of the Peer Group companies (as defined below), market competitive compensation, executive compensation trends, and governance and regulatory updates. FW Cook also provides ongoing assistance in the design and structure of the variable incentive plans, including the selection of performance metrics and the setting of performance goals.

The Compensation Committee annually reviews the independence of FW Cook and, in fiscal year 2017, concluded that FW Cook is independent and their work has not raised any conflicts of interest. FW Cook reports to the Compensation Committee, does not perform any other services for the Company, and has no economic or other ties to the Company or the management team that could compromise their independence or objectivity. Please see the Corporate Governance section on page 17 of this Proxy Statement for additional information about the role of FW Cook.

Role of Management

Our CEO makes recommendations to the Compensation Committee with respect to the base salaries, annual cash incentive awards and long-term incentive awards for executive officers, within the framework of the executive compensation program approved by the Compensation Committee and taking into account FW Cook's review of market competitive compensation data on behalf of the Compensation Committee. These recommendations are based upon his assessment of each executive officer's performance, the performance of the individual's respective business or function, and retention considerations. The Compensation Committee considers the CEO's recommendations in its sole discretion. Our CEO does not make recommendations that affect his own compensation.

Peer Group Selection and Market Data

Broadridge refers to a peer group in establishing executive officer target compensation. The list of companies determined to be Broadridge's peers for executive officer compensation benchmarking purposes is reviewed annually by the Compensation Committee. Fiscal year 2017 target compensation was determined by the Committee in August 2016 taking into account the peer group established earlier in 2016 and set out below.

How the Peer Group was Chosen:

Comparable businesses operating in similar industries

Within a reasonable range of revenue, market capitalization, operating income, total assets and number of employees compared to Broadridge, with revenue as the primary measure

Similar cost structures, business models, and compensation models

Similar level of global reach

How we use the Peer Group:

As a reference point to assess the competitiveness of base salary, incentive targets, and total direct compensation awarded to the Named Executive Officers

As information on market practices including share utilization and share ownership guidelines

To compare Company performance and validate whether executive compensation programs are aligned with

Company performance

The Compensation Committee, with the assistance of its independent compensation consultant, FW Cook, determined that the following 17 companies are Broadridge's peers for fiscal year 2017 compensation benchmarking purposes (the *Peer Group*):

- Alliance Data Systems Corp.
- CA, Inc.
- Convergys Corp.
- CoreLogic, Inc.
- DST Systems
- Dun & Bradstreet Corp.
- Equifax Inc.
- Euronet Worldwide Inc.
- Fiserv Inc.
- Global Payments Inc.
- Heartland Payment Systems Inc.
- Jack Henry & Associates
- Paychex Inc.
- Total System Services Inc.
- Vantiv
- VeriFone Holdings Inc.
- Western Union Company

The Compensation Committee decided to remove Fidelity National Information Services, Inc. from the Peer Group for fiscal year 2017 as it was considered too large following its acquisition of SunGard in 2016. The Committee decided to add CA, Inc. and Vantiv to the Peer Group for fiscal year 2017, both of which are comparable in size and business to the Company. Following the acquisition of Heartland Payment Systems Inc. by Global Payments Inc. in April 2016, the Committee continued to include both companies in the Peer Group for fiscal year 2017 compensation purposes. At the time of the Committee's compensation review, Broadridge was at the 46th percentile for revenue and the 44th percentile on all financial measures compared with the Peer Group.

Peer Group data is considered a primary source of information for the determination of both market practices and market compensation levels for the Named Executive Officers. As there is limited data on positions other than the CEO and CFO in the Peer Group data, the Compensation Committee also reviews data from national survey sources related to general industry and technology companies size-adjusted for Broadridge's total revenues, or in the case of the role of Mr. Schifellite, size-adjusted for the total revenues of the business he manages, when it considers the market competitiveness of Named Executive Officer compensation levels and/or market practices. The Committee does not review the specific companies included in these surveys and the data presented to the Compensation Committee is general and not specific to any particular subset of companies.

CEO Evaluation Process

The Board of Directors evaluates the performance of the CEO annually. For fiscal year 2017, the Board's evaluation of Mr. Daly's performance took into account a CEO balanced scorecard. The CEO balanced scorecard assessed financial and operational business performance against pre-determined objectives in four categories: financial goals, operational excellence goals, human capital goals, and client goals. For more information on the fiscal year 2017 goals, please see the section entitled "Corporate Officer Bonus Plan—Strategic and Leadership Goals" beginning on page 44.

The Board of Directors concluded that Mr. Daly exceeded its overall expectations based on his leadership of the Company and in driving strong operational and financial performance. The Compensation Committee considered the Board of Directors' evaluation of Mr. Daly's performance when determining his fiscal year 2017 cash incentive achievement and his fiscal year 2018 base salary and incentive compensation targets.

The Board of Directors also used the CEO balanced scorecard to communicate the key performance and strategic and leadership goals that it wants Mr. Daly to pursue in the upcoming fiscal year.

Elements of Executive Compensation

Base Salary

The Compensation Committee reviews the base salaries of the Named Executive Officers in the first quarter of the Company's fiscal year. In fiscal year 2017, the Compensation Committee approved base salary increases for the Named Executive Officers of three percent (3%), in line with other employees of the Company, except that Mr. Schifellite received a salary adjustment of ten percent (10%) to reflect his key role as leader of our largest business and in driving strong results including product growth. The salary increases were effective September 1, 2016.

Corporate Officer Bonus Plan – 2017 Performance Funding Target

For the annual cash incentive awards, the Compensation Committee established that no amount would be payable to the Company's officers for fiscal year 2017 unless the Company's fiscal year 2017 Adjusted Net Earnings were at least \$229.7 million. Broadridge's compensation Adjusted Net Earnings for fiscal year 2017 were \$383.9 million and, therefore, exceeded the \$229.7 million threshold required in order to pay cash incentive awards under this plan. For the definition of Adjusted Net Earnings and for information on how it is calculated, see Explanation of Compensation Adjusted Non-GAAP Financial Measures on page 52.

Achievement of the performance threshold goal establishes a maximum award amount that each executive officer is eligible to receive, equal to 200% of their target amount set forth below. However, the actual cash incentive award payable is determined by the Compensation Committee based on the scoring of the financial and leadership goals established for each officer as described below, limited to the maximum award amount.

Corporate Officer Bonus Plan – 2017 Performance Metrics

For fiscal year 2017, the Compensation Committee determined that the annual cash incentive awards for the Named Executive Officers be calculated as follows:

Corporate Officer Bonus Plan – 2017 Performance Metrics – Financial Goals

The Compensation Committee considers the achievement of financial goals to be the most relevant measure of the Company's overall business performance for the year; therefore, the financial goals are the most heavily weighted factors. The Compensation Committee determined that the financial goals below are aligned with the Company's long-term growth and profitability objectives.

The Compensation Committee establishes threshold, target and maximum performance levels for each financial goal. Each level represents a different performance expectation considering factors such as the Company's prior year performance and the Company's operating plan growth goals.

The corporate financial goals used to score the annual cash incentives of the Named Executive Officers are set forth below. These financial goals include the NACC business acquired by the Company during fiscal year 2017.

TABLE OF CONTENTS

Executive Compensation

In addition to the Corporate Financial Goals, Mr. Schifellite's Corporate Officer Bonus Plan includes Adjusted EBT, Closed Sales and Fee-Based Revenue goals based on the performance of the bank, broker-dealer and corporate issuer solutions business of our Investor Communication Solutions segment (*Bank/Broker/Issuer division*). The Corporate Financial Goals and those of the Bank/Broker/Issuer division are given equal weight in the determination of his cash incentive award.

The Company has not disclosed the targets and ranges pertaining to the Bank/Broker/Issuer division because this information is not otherwise publicly disclosed by the Company, and the Company believes it would cause competitive harm to do so in this Proxy Statement. The Bank/Broker/Issuer division financial goals were set above last year's achievement and the outcome was substantially uncertain at the time the goals were set. Achievement of the Bank/Broker/Issuer division goals ranged from 93% to 114% of target performance in fiscal year 2017, 98% to 103% of target performance in fiscal year 2016, and 101% to 106% of target performance in fiscal year 2015. For fiscal year 2017, the weighted-average score of the Bank/Broker/Issuer division Financial Goals was 107%.

Mr. Perry's Corporate Officer Bonus Plan has two components, each with a target of 70% of his base salary:

Corporate Goals Component, which is comprised of the corporate financial goals described above, as well as client satisfaction and strategic and leadership results. This component is scored in the same manner as the annual cash incentive awards of the other corporate Named Executive Officers (*i.e.*, Messrs. Daly, Young and Gokey).

Sales Incentive Component, which is scored based on Broadridge's Closed Sales achievement.

Corporate Officer Bonus Plan – Client Satisfaction Goal

Broadridge conducts a client satisfaction survey for each of its major business units annually. Each year, threshold, target and stretch goals are established, with target and stretch award levels based on exceeding the prior year's performance. The results of the client satisfaction survey are included as a component of the Corporate Officer Bonus Plan because of the importance of client retention to the achievement of Broadridge's revenue goals.

For the Named Executive Officers, other than Mr. Schifellite, client satisfaction is the weighted-average achievement against pre-set targets in Broadridge's client satisfaction survey of the Investor Communication Solutions and Global Technology and Operations business segments. The score for Mr. Schifellite is based solely on the performance of the Bank/Broker/Issuer division. The percentage earned by Mr. Schifellite was 200% of target, and the percentage earned by the other Named Executive Officers was 142% of target.

Corporate Officer Bonus Plan – Strategic and Leadership Goals

Strategic and leadership achievement is included as a component of each Named Executive Officer's bonus in order to reinforce the importance of the Company's non-financial strategic objectives. The amounts payable on this component are determined based on the Compensation Committee's evaluation of the Named Executive Officer's strategic and leadership performance.

Executive Compensation

CEO

The following primary strategic and leadership goals were communicated to Mr. Daly by the Compensation Committee at the beginning of the fiscal year. The Compensation Committee evaluated Mr. Daly's achievement of these strategic and leadership goals which are set forth in the CEO balanced scorecard:

CEO Strategic and Leadership Goals

| | Achievement |
|--|---|
| Meet established financial goals and achieve top quartile total shareholder return performance | Financial performance was in line with targets. One year total shareholder return performance was in the top half of the S&P 500 and three year total shareholder return performance was in the top quartile of the S&P 500. |
| Drive strategic growth through new products, innovation and global expansion | The Company made multiple acquisitions aligned with its strategic objectives and advanced several strategic initiatives including expanding its digital capabilities and blockchain technology applications. |
| Develop bench strength throughout the organization, paying special attention to increasing diversity | The Company enhanced its executive talent through a combination of external hires and promotions. Annual talent reviews are conducted with focus on the executive talent pipeline and diversity. |
| Ensure that operations are accurate, dependable and efficient while fully integrating the NACC acquisition | The NACC acquisition was the Company's largest in its history and during the integration, the Company has continued to consistently achieve strong operational performance. The Company's strong client revenue retention rate of 98% provides a stable base for future revenue growth. |

The Compensation Committee specifically considered these key accomplishments in its assessment of Mr. Daly's overall performance and decided to pay Mr. Daly 130% of the target on the strategic and leadership goals portion of his cash incentive award.

Other Named Executive Officers

The strategic and leadership goals for the other Named Executive Officers were similar to the qualitative measures used by the Compensation Committee to evaluate the performance of Mr. Daly; however, they varied by Named Executive Officer. The following key accomplishments were considered in determining the achievement of the strategic and leadership goals portion of the other Named Executive Officers' cash incentive awards:

- The Company's strong financial results for fiscal year 2017 and total shareholder return performance
 - The successful integration of the NACC business, and other acquisitions aligned with the Company's strategic objectives
 - Progress in the Company's strategic initiatives including expanding its digital capabilities and blockchain technology applications
 - The Company's strong operational performance as evidenced by its client revenue retention rates
- Mr. Daly made a recommendation to the Compensation Committee with respect to achievement of the strategic and leadership goals for each of the other executive officers, which the Compensation Committee reviewed in assessing their performance.

Long-Term Equity Incentive Compensation

The purpose of long-term equity incentive compensation provided under the Omnibus Plan is to align executive officer financial interests with those of stockholders, and to improve our long-term profitability and stability through the attraction and retention of superior talent.

The Company grants both stock options and performance-based RSUs to its executive officers annually to reinforce key long-term business strategies. Stock options have a 10-year term and align executive officers with stockholder interests to create long-term growth in the Broadridge stock price. Performance-based RSUs, which have a two-year performance period with EPS goals, reinforce year-over-year EPS growth. This metric was selected because it is Broadridge's primary measure of long-term corporate profitability and is intended to provide alignment with stockholders' interests.

Long-Term Equity Incentive Grants

Each executive officer has an annual long-term equity incentive target grant denoted in terms of a dollar value, which is allocated equally between stock options and performance-based RSUs. The Compensation Committee considers recommendations from the CEO with regard to grants of stock options and performance-based RSUs to executive officers other than himself. The Compensation Committee retains full responsibility for approval of individual grants. Details on the types of equity awards granted are provided in the table below.

| Type of Equity | FY17 Timing | Vesting | Terms |
|----------------|--|---|--|
| Stock Options | August 2016: The Compensation Committee determines target dollar value for each officer. February 2017: Stock option grants approved and awarded. | Vest 25% per year on the anniversary date of the grant, subject to continued employment with the Company. | <ul style="list-style-type: none"> •The exercise price equals the common stock closing price on the date of the grant (<i>i.e.</i>, fair market value). •Stock options have a 10-year maximum term. •The number of stock options is determined by dividing the target value by the option's fair value.^{(1),(2)} |

| | | | |
|------------------------|--|---|---|
| Performance-Based RSUs | August 2016: The Compensation Committee determines the performance criteria and the target dollar value for each officer. October 2016: Awards granted. | Vest on April 1st of the calendar year following the two-year performance period, resulting in a 30-month total vesting period from date of award to date of vesting. | <ul style="list-style-type: none"> •The performance criteria is average Adjusted EPS for fiscal years 2017 and 2018.⁽³⁾ •The number of shares that can be earned based on performance ranges from 0% to 150% of the total target RSUs. •The dollar target is converted into a target number of RSUs based on the average closing price of Broadridge common stock in the month of August.⁽²⁾ |
|------------------------|--|---|---|

The fair value is determined using a standard valuation model under FASB ASC Topic 718 and based on a 30-day

(1) average closing price of Broadridge common stock, typically determined one week prior to the Compensation Committee meeting in February.

The use of an average closing price for purposes of converting dollar value targets into shares is intended to reduce (2) the impact of short-term stock price volatility on individual awards, thereby mitigating the risk of a windfall or impairment to the award opportunity.

(3) For information on how this metric is calculated, see Explanation of Compensation Adjusted Non-GAAP Financial Measures on page 52.

Fiscal Year 2016-2017 Performance-Based RSU Earned Awards

The goals for performance-based RSUs granted on October 1, 2015 were set and evaluated by the Compensation Committee in August 2015. Following the end of the two-year performance period, the Compensation Committee calculated that the Named Executive Officers earned 120% of the performance-based RSU target award amounts, due to the achievement of average compensation Adjusted EPS of \$2.90 in fiscal years 2016 and 2017. Broadridge's compensation Adjusted EPS achievement for fiscal years 2016 and 2017 was \$2.77 and \$3.03, respectively. The earned RSUs will vest and convert to shares of our common stock on April 1, 2018, provided that the plan participant remains actively employed with Broadridge on the vesting date.

Additional Benefits

Retirement Plans

Broadridge provides the Named Executive Officers with retirement benefits on the same terms as those offered to other employees generally through Broadridge's 401(k) Plan. The 401(k) Plan allows our U.S. employees to save for retirement on a tax-deferred or Roth after-tax basis, and Broadridge makes matching contributions to the 401(k) Plan to encourage participation in this plan.

In addition, the Named Executive Officers, other than Mr. Young and Mr. Perry, participate in the Company's Supplemental Officer Retirement Plan (the *SORP*), which is a non-qualified supplemental retirement plan. The Broadridge SORP provides supplemental benefits to certain executive officers and was intended to support the objective of attracting and retaining key talent by improving the market competitiveness of our overall rewards package and tying the receipt of value to continued tenure through a defined retirement age. On January 1, 2014, the SORP was closed to new participants.

The Broadridge Executive Retirement and Savings Plan (the *ERSP*) is a defined contribution restoration plan that mirrors Broadridge's qualified 401(k) Plan for those executives who are not in the SORP. The ERSP provides specified deferred compensation benefits to a select group of U.S.-based management or highly compensated employees. The ERSP allows for voluntary associate deferrals of base salary and/or cash incentive compensation and employer contributions above the qualified defined contribution compensation and deferral limitations. Participants in the SORP are eligible to defer their cash compensation under the ERSP but are not eligible for additional benefits such as Company matching under the ERSP.

Please see the *Pension Benefits* and the *Non-Qualified Deferred Compensation* tables on pages 59 and 60 in this Proxy Statement for further information regarding Broadridge's retirement plans.

Executive Retiree Health Insurance Plan

Certain key executives, including all Named Executive Officers, who terminate employment with the Company after they have attained age 55 and have been credited with at least 10 years of service are eligible to participate in our Executive Retiree Health Insurance Plan. This plan is a post-retirement benefit plan pursuant to which the Company helps defray the health care costs of certain eligible key executive retirees and qualifying dependents until they reach the age of 65. This plan is intended to support the objective of attracting and retaining key talent by improving the market competitiveness of our overall rewards package.

Benefit Plans

Broadridge provides its Named Executive Officers with health and welfare benefits during active employment on the same terms as those offered to other employees.

Perquisites

Broadridge provides the Named Executive Officers with a Company-paid car or car allowance. In addition, the Broadridge Foundation, a charitable foundation established and funded by the Company, provides up to \$10,000 per

calendar year in matching of charitable contributions made to qualified tax-exempt organizations on behalf of executive officers.

These perquisites are consistent with both general industry market practice based on independent third-party executive benefit and perquisite surveys and Broadridge's executive rewards strategy. The Compensation Committee reviewed these perquisites in fiscal year 2017 and determined that they are in line with perquisites provided by companies with which Broadridge competes for talent.

Please see the "All Other Compensation" table on page 55 of this Proxy Statement for more information regarding the perquisites provided to the Named Executive Officers.

Change in Control Severance Plan

Our CIC Plan is designed to neutralize the potential conflict our executive officers could face with a potential change in control and possible termination of employment and to facilitate our ability to attract and retain executives as we compete for talented individuals in a marketplace where such protections are commonly offered. In addition, the CIC Plan protects and enhances stockholder value by encouraging executive officers to evaluate potential transactions with independence and objectivity, ensuring continuity of management prior to and after a transaction, and ensuring that executives receive reasonable severance compensation in the event that their positions are eliminated as a result of a transaction.

All Named Executive Officers participate in the CIC Plan. The CIC Plan is a double-trigger plan that requires both a change in control of the Company and a subsequent qualifying termination of employment in order for the executive officer to receive any payment under the plan. Under the CIC Plan, if a participant's employment is terminated by the Company without cause or by the participant for good reason, as those terms are defined under the CIC Plan, within a three-year period following a change in control, the participant would be eligible to receive a severance payment and certain equity awards will be accelerated.

Mr. Daly is party to a Change in Control Enhancement Agreement with the Company (the *Enhancement Agreement*) under which he is entitled to receive, on an item-by-item basis, the greater of the benefits and payments under the Enhancement Agreement and the CIC Plan.

Please see the Potential Payments upon a Termination or Change in Control section beginning on page 62 of this Proxy Statement for further information regarding Broadridge's CIC Plan.

Officer Severance Plan

The Company maintains an Officer Severance Plan for executive officers, including the Named Executive Officers, in order to enhance recruitment and retention of senior officers who are key to our long-term success without the necessity of having separate employment agreements. The Officer Severance Plan provides for severance benefits when an executive officer is terminated without cause as defined in the Officer Severance Plan. Upon a qualifying termination the executive officer would be eligible to receive severance payments, and the vesting of certain equity awards will continue during the severance period. In the instance that an executive officer is due benefits or payments under both the Officer Severance Plan and the CIC Plan, the executive officer would be eligible to receive the greater of the benefits and payments and the more favorable terms and conditions determined on an item-by-item basis.

Please see the Potential Payments upon a Termination or Change in Control section beginning on page 64 of this Proxy Statement for further information regarding the Officer Severance Plan.

Employment Agreements

Broadridge does not have employment agreements in place with any Named Executive Officers.

Corporate Governance Policies

Stock Ownership Guidelines and Retention and Holding Period Requirements

The Company's stock ownership guidelines reinforce the objective of increasing equity ownership of the Company among executive officers in order to more closely align their interests with those of our stockholders. The ownership guidelines are based on each executive officer acquiring and holding a total equity value at least equal to a specified multiple of his or her annual base salary. The multiples of base salary by executive officer position are:

| Level | Multiple of base salary |
|--|--------------------------------|
| Chief Executive Officer | 6x |
| Chief Financial Officer | 3x |
| President and Chief Operating Officer | 4x |
| All other Corporate Senior Vice Presidents and Corporate Vice Presidents | 2x |

What Counts:

- Shares owned outright
- Shares beneficially owned by direct family members (spouse, dependent children)
- Shares held in the executive's account under a 401(k) plan or other savings plan

What Doesn't Count:

- Unexercised stock options
- Unvested RSUs

•

The Compensation Committee has also established stock retention and holding period requirements for the executive officers. Specifically:

An executive officer should retain at least 50% of his or her net profit shares realized after the exercise of stock options or vesting of RSUs until the guideline ownership level is reached. Net profit shares are the shares remaining after the sale of shares to finance payment of the stock option exercise price, taxes and transaction costs owed at exercise or vesting.

- After the guideline ownership level is met, the executive officer must continue to hold at least 50% of future net profit shares for one year.

All executive officers are in compliance with the stock retention requirement and meet or are making progress toward meeting the ownership multiples.

Clawback Policy

The Company maintains a clawback policy that requires reimbursement by an executive officer of all or part of any bonus, incentive or equity-based compensation that is paid, awarded or vests if and to the extent that: (a) the payment, grant, or vesting was predicated upon the achievement of financial results that were subsequently the subject of a financial restatement due to material noncompliance with financial reporting requirements by the Company, and (b) a lower payment, award, or vesting would have occurred based upon the restated financial results.

Under this policy, the Company will, to the extent allowable under applicable laws, require reimbursement of any bonus, incentive or equity-based compensation previously awarded or cancel any unvested, unexercised or deferred stock awards previously granted to the executive officer in the amount by which the individual executive officer's bonus, incentive or equity-based compensation for the relevant period exceeded the lower amount that would have been received based on the restated financial results. However, the Company will not seek to recover bonuses, incentive or equity-based compensation that was paid or had vested more than three years prior to the date the applicable restatement is disclosed.

Pre-Clearance and Insider Trading Policy and Prohibition on Hedging and Pledging

The Broadridge trading policy for the Company's executive officers and directors provides that the Company's executive officers and directors or their immediate family members, family trusts or other controlled entities cannot engage in any transaction in Broadridge securities (including purchases, sales, broker assisted cashless exercises of stock options and the sale of the common stock acquired pursuant to exercise of stock options) without first obtaining the approval of the Company's General Counsel.

Approval of transactions can be sought only during a defined window period when the executive officers and directors are not in possession of material non-public information about the Company. The window period is generally defined as the period of time commencing on the second day after the public release by Broadridge of its quarterly and annual earnings information and ending on the date of distribution to Broadridge's executive officers of the flash financial performance results for the second month of the then current fiscal quarter, but can be closed by the Company's General Counsel at any time if the person seeking approval is in possession of material non-public information. The Broadridge trading policy also clarifies the obligations of Broadridge's officers, directors and employees with respect to securities law prohibitions against insider trading.

In addition, the trading policy prohibits the Company's executive officers, directors and employees from engaging in short sales and the purchase of any financial instrument, including prepaid variable forward contracts, equity swaps, put options, collars and exchange funds, or otherwise engaging in a transaction that is designed to, or may reasonably be expected to have the effect of, hedging or offsetting any decrease in the market value of Broadridge securities, and also prohibits holding Broadridge securities in a margin account or pledging Broadridge securities as collateral for a loan.

Impact of Accounting and Tax Considerations

As a general matter, the Compensation Committee reviews and considers the various tax and accounting implications of the compensation elements utilized by the Company.

With respect to accounting considerations, the Compensation Committee examines the accounting cost associated with equity compensation in light of requirements under FASB ASC Topic 718. Under its current practice, annual equity grants, including performance-based RSU and stock option grants, are made on a target value basis and then converted into a set number of RSUs and/or stock options, so as to limit the total accounting cost of the grants.

With respect to taxes, the Compensation Committee considers the impact of Section 162(m) of the Internal Revenue Code of 1986, as amended (the *Code*), which generally prohibits any publicly-held corporation from taking a federal income tax deduction for compensation paid in excess of \$1 million in any taxable year to the Named Executive Officers other than the CFO, subject to certain exceptions. This limitation does not apply to compensation that meets the requirements for qualified performance based compensation.

We have requested and obtained stockholder approval of the Omnibus Plan so that awards under the Plan that meet the other applicable requirements may qualify as performance-based compensation under Section 162(m) of the Code. Annual incentive awards, performance-based RSU awards and stock option grants have been generally designed with the intent to satisfy the requirements for deductibility. However, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) will in fact satisfy such requirements. While

the Compensation Committee considers the deductibility of payments and grants as one factor in determining executive compensation, in certain instances it may determine that it is in the Company's best interest and that of our stockholders to pay compensation that is not deductible under the limitations of Section 162(m) of the Code in order to provide a compensation package consistent with our program and objectives, and we have retained the flexibility to do so.

Explanation of Compensation Adjusted Non-GAAP Financial Measures

We use a variety of performance metrics when setting the incentive compensation performance goals at the beginning of the fiscal year. These metrics are:

- Adjusted Net Earnings – to determine whether annual cash incentive awards will be paid and the maximum amount of such awards
- Adjusted EBT – a component in scoring the annual cash incentive award
- Closed Sales – a component in scoring the annual cash incentive award
- Fee-Based Revenue – a component in scoring the annual cash incentive award
- Adjusted EPS – to measure performance for purposes of our performance-based RSUs

Adjusted Net Earnings, Adjusted EBT, and Adjusted EPS are adjusted to exclude the impact of Amortization of Acquired Intangibles and Purchased Intellectual Property, Acquisition and Integration Costs and the MAL investment gain because the Company believes these items do not reflect ordinary operations or earnings so they should not impact compensation. Please see *Explanation and Reconciliation of the Company's Use of Non-GAAP Financial Measures* on page 35 of this Proxy Statement for a discussion of these Non-GAAP adjustments. The Compensation Committee specifies certain additional adjustments that are set forth in the Omnibus Plan at the time it establishes the targets. This is done to ensure that the measurement of performance reflects factors that management can directly control and so that payout levels are not artificially inflated or impaired by factors unrelated to the ongoing operation of the business.

Adjusted Net Earnings: Adjusted Net Earnings is defined for purposes of the Company's corporate officer bonus plan as the Company's adjusted net earnings from continuing operations after income taxes reported in the Company's financial statements for the 2017 fiscal year, as further adjusted to exclude the impact of all items of gain, loss, charge or expense relating to the items specified by the Compensation Committee within the first 90 days of the performance period, and as disclosed in the Company's Form 10-K for the fiscal year. In fiscal year 2017, results were adjusted by the Compensation Committee to exclude the impact of:

- reorganization and restructuring programs to the extent such programs resulted in aggregate net expenses in excess of \$6 million;
- acquisitions that closed during the fiscal year that were not included in the operating plan; and
- foreign currency exchange gains or losses to the extent they vary from the operating plan by more than \$2 million.

Adjusted EBT: Adjusted EBT is the Company's EBT, as adjusted by \$82 million to exclude the impact of Amortization of Acquired Intangibles and Purchased Intellectual Property, Acquisition and Integration Costs and the MAL investment gain. In calculating achievement of this goal, pre-set adjustments were also applied to exclude the impact of:

- reorganization and restructuring programs to the extent such programs resulted in aggregate net expenses in excess of \$6 million;

- acquisitions that closed during the fiscal year that were not included in the operating plan; and
- foreign currency exchange gains and losses to the extent they vary from the operating plan.

Closed Sales: Closed Sales is the total amount of recurring revenue closed sales in the fiscal year. Closed sales represent an estimate of the expected recurring annual revenues for new client contracts that were signed by Broadridge in the current reporting period. A sale is considered closed when the Company has received the signed client contract. The amount of the closed sale is an estimate of annual revenues based on client volumes or activity, it excludes event-driven and distribution revenues.

TABLE OF CONTENTS

Executive Compensation

Fee-Based Revenues: Fee-Based Revenues are the total annual revenues from continuing operations, less distribution revenues that consist primarily of postage-related fees. In calculating achievement of this goal, pre-set adjustments were applied to exclude the impact of:

- revenues derived from acquisitions that closed during the fiscal year that were not included in the operating plan; and
- foreign currency exchange gains and losses to the extent they vary from the operating plan.

Adjusted EPS: Adjusted EPS is defined as the Company's adjusted EPS from continuing operations as reported in the Company's financial statements, as further adjusted to exclude the impact of all items of gain, loss, charge or expense relating to the items specified by the Compensation Committee within the first 90 days of the performance period, and as disclosed in the Company's Form 10-K for the fiscal year. In scoring the achievement of fiscal year 2016-2017 performance-based RSUs, the Compensation Committee applied its pre-set adjustments to the fiscal years 2016 and 2017 adjusted EPS results, to exclude the impact of:

- reorganization and restructuring programs to the extent such programs resulted in aggregate net expenses in excess of \$6 million; and
- acquisitions that closed during the fiscal year.

TABLE OF CONTENTS**Executive Compensation****Option Exercises and Stock Vested Table**

The following table provides information regarding the number of Broadridge stock options that were exercised by Named Executive Officers and the number of RSU awards that vested during fiscal year 2017, and the value realized from the exercise or vesting of such awards.

| Name | Stock Options ⁽¹⁾ | | Stock Awards and Restricted Stock ⁽²⁾ | |
|----------------------|---|---------------------------------|--|--------------------------------|
| | Number of Shares Acquired on Exercise (#) | Value Realized on Exercise (\$) | Number of Shares Acquired on Vesting (#) | Value Realized on Vesting (\$) |

The shares acquired on exercise represent shares of our common stock. The value realized upon the exercise of (1) stock options equals the difference between the closing price of common stock on the date of exercise and the exercise price of the stock options.

(2) RSUs convert to shares of common stock upon vesting. The value realized on vesting equals the number of RSUs multiplied by the closing price of common stock on the date of vesting.

Pension Benefits Table

The following table sets forth for each Named Executive Officer certain information with respect to the Broadridge SORP which provides for pension benefits in connection with retirement. Mr. Young and Mr. Perry are not eligible to participate in this plan.

| Name | Number of Years of Credited Service ⁽¹⁾ (#) | Present Value of Accumulated Benefit ⁽²⁾ (\$) | Payments During Last Fiscal Year |
|----------------------|--|--|----------------------------------|
| | | | (\$) |
| Richard J. Daly | 23.0 | \$ 10,752,338 | — |
| James M. Young | — | — | — |
| Timothy C. Gokey | 6.0 | \$ 1,768,495 | — |
| Christopher J. Perry | — | — | — |
| Robert Schifellite | 16.0 | \$ 3,825,531 | — |

Broadridge SORP-credited service is defined as complete calendar years. Years of service recognized under the Broadridge SORP for Mr. Daly and Mr. Schifellite include credit for their years of service under ADP's SORP (as (1) described in more detail below). For actuarial valuation purposes, credited service is attributed through the Statement of Financial Accounting Standards measurement date.

Service credit and actuarial values are calculated as of June 30, 2017, the pension plan's measurement date for the last fiscal year. Actuarial values are based on the Mercer modified RP-2014 base white collar mortality tables for males and females (*MRP2007*), with generational mortality improvements projected using the Mercer modified MP-2014 scale (*MMP-2007*), a 3.96% discount rate for the SORP and a normal retirement age of 65. The method (2) of valuation to determine the liabilities presented includes discounting the value of the respective benefits, based on service accrued through the measurement date and payable at age 65, for interest and mortality with mortality not applicable prior to the commencement of benefits. The present value amounts for the SORP include the impact of the years of service credited under the ADP Supplemental Officer Retirement Plan (the *ADP SORP*), and are also net of the ADP SORP offset (as described in more detail below).

Broadridge 2017 Proxy Statement 59

TABLE OF CONTENTS**Executive Compensation**

The SORP is available to executive officers of the Company hired prior to January 1, 2014. Benefits under the SORP are not subject to any maximum benefit limitations under the Code. Although benefits under the SORP are generally payable out of the general assets of the Company, the Company has established a rabbi trust, which is intended to provide a source of funds to be contributed by the Company to assist the Company in meeting its liabilities under the SORP.

The Broadridge SORP provides for a lifetime annuity retirement benefit payable annually equal to the product of: (a) a participant's final five-year average compensation; (b) years of service to the Company while a participant in the SORP; (c) a multiplier which equals 2% for every year of credited service up to 20 years, plus an additional 1% for every year of service in excess of 20 years; and (d) the applicable vesting percentage. The vesting schedule for the Broadridge SORP is as follows:

| Credited Service | Vesting Percentage |
|-------------------------|---------------------------|
| 0-4 | 0% |
| 5 | 50% |
| 6 | 60% |
| 7 | 70% |
| 8 | 80% |
| 9 | 90% |
| 10 | 100% |

Compensation covered under the Broadridge SORP includes base salary and annual cash incentive award (paid or deferred) and is not subject to the limitations under the Code. Equity compensation is not included in the calculation of the SORP benefit. Payments are also available in other forms of actuarial equivalent annuities.

Reduced benefits are available after age 60 using an early retirement reduction of 5% for each year the benefit commences earlier than age 65. If a participant with a vested benefit terminates employment with the Company prior to reaching age 60, payment of the benefit is delayed until the participant reaches age 60. In addition, the Broadridge SORP provides: (i) a disability retirement benefit, generally calculated in the same manner as the retirement benefit, if a participant incurs a disability while employed by the Company; and (ii) if a participant dies, a spousal benefit equal to 50% of the benefit the participant would have been entitled to at death, provided the participant is at least 35 years old and the vested percentage is greater than 0%.

Mr. Daly and Mr. Schifellite are also credited with the service they accrued under the ADP SORP as of the date Broadridge became an independent company from ADP, 13 and 6 years, respectively. While the net effect of this increases the accrued benefit they receive under the Broadridge SORP, the benefits are offset by the amount of their vested, accrued benefits payable under the ADP SORP. The amounts of the offset will continue to be the obligations of ADP and are as follows: \$223,770 for Mr. Daly and \$25,916 for Mr. Schifellite.

The ERSP is a defined contribution restoration plan that mirrors the Company's qualified 401(k) Plan. The purpose of the ERSP is to provide specified deferred compensation benefits to a select group of U.S.-based management or highly compensated employees. The ERSP allows for voluntary participant deferrals of up to 50% of base salary and/or up to 100% of cash incentive compensation and employer contributions above the Code's qualified defined contribution compensation and deferral limitations. Participants in the SORP are eligible to defer their cash compensation under the ERSP but are not eligible for additional benefits such as Company contributions under the ERSP. Company contributions vest 50% after two years of service and 100% after three years of service.

The Company provides two types of contributions for eligible employees, as described below. In addition, the Company provides an additional Company contribution to executive officers who are not participants in the SORP (currently Mr. Young and Mr. Perry). Eligible employees must be employed on December 31st to receive the employer contributions for that plan year.

Restoration basic contribution: The Company provides a restoration basic contribution which varies from 1 to 6.25% of eligible salary and cash incentive compensation above the Code's compensation limit based on the number of years of the eligible employee's service. Eligible employees are not required to contribute to the ERSP in order to receive the Restoration basic contribution.

Restoration matching contribution: Participants who contribute the maximum contribution to the 401(k) Plan are eligible to receive a restoration matching contribution equal to \$0.70 or \$0.80 for every dollar deferred under the ERSP, up to 6% of eligible pay above the Code's compensation limit based on the number of months of participation under the 401(k) Plan.

Additional Company contribution: executive officers who are not participants in the SORP are eligible to receive an additional Company contribution of 3% of their base salary and cash incentive amounts.

Participants may elect to enroll in the ERSP each calendar year, but once their deferral elections are made they are irrevocable for the covered year. Participants elect to receive distributions (either as a lump sum or in annual installments) of their deferrals plus any subsequent interest or investment gains upon their retirement, or on a fixed future date at least three years in the future. ERSP participants who terminate employment with the Company prior to their elected fixed distribution date receive a lump sum distribution of all deferred amounts at least six months after the termination date.

Potential Payments upon a Termination or Change in Control

The Company does not have any employment agreements with its Named Executive Officers that require severance payments upon termination of their employment. The Company maintains a Change in Control Severance Plan and an Officer Severance Plan under which the Named Executive Officers may be eligible for severance payments upon termination of their employment.

The following tables and footnotes quantify the treatment of compensation and value of benefits that each Named Executive Officer would receive under the Company's compensation program upon various scenarios for termination of employment.

The tables include the amounts that the Named Executive Officers would receive under the SORP and the Executive Retiree Health Insurance Plan upon retirement on June 30, 2017, which amounts would be payable on termination of employment for any reason. Compensation amounts deferred under the ERSP have been earned and therefore are retained by the Named Executive Officers upon termination for any reason. Amounts deferred under the ERSP are not included in the following tables because they are reported in the Non-Qualified Deferred Compensation Table on page 60 of this Proxy Statement.

Change in Control Severance Plan and Enhancement Agreements

The Company maintains an executive severance plan for the payment of certain benefits to executive officers, including our Named Executive Officers, upon termination of employment from Broadridge following a change in control.

The CIC Plan provides for the following severance benefits upon a termination without cause or for good reason (as defined below) within two years after a change in control (as defined below):

Compensation: The Named Executive Officers will receive 150% of their current total annual compensation (generally defined as the higher of the two most recent calendar years' base salary amounts, plus the average annual cash incentive earned in the last two completed calendar years).

Stock Option Vesting: 100% vesting of all unvested stock options.

RSU Vesting: 100% vesting of all unvested time-based RSUs where vesting restrictions would have lapsed within two years of termination. In addition, any stock that a participant would have been entitled to receive had performance goals been achieved at target in the Company's performance-based RSU programs will be granted to the participant. The CIC Plan provides for the following severance benefits upon a termination of employment without cause or for good reason if the termination occurs between the second and third anniversary of a change in control:

Compensation: The executive officers will receive 100% of their current total annual compensation (as defined above).

Stock Option Vesting: 100% vesting of all unvested stock options that would have vested within one year after termination.

RSU Vesting: 100% vesting of all unvested time-based RSUs where vesting restrictions would have lapsed within one year of termination. In addition, in the case of performance-based RSUs for which the performance period has ended, all earned but unvested stock for which vesting restrictions would have lapsed within one year of termination, will vest.

In addition, the Company will reduce the severance payments and benefits to the extent specified in the CIC Plan to avoid the imposition of the excise tax under Section 4999 of the Code.

Mr. Daly entered into an Enhancement Agreement with the Company at the time of the Company's spin-off from ADP, pursuant to which he is entitled to receive on an item-by-item basis, the greater of the benefits and payments under the Enhancement Agreement and the CIC Plan. Under the Enhancement Agreement, if a change in control occurs and Mr. Daly's employment is terminated by the Company without cause or he resigns for good reason within two years after the change in control, he will receive a termination payment equal to 200% of his current total annual compensation (as defined above), or 150% of his current total annual compensation if the termination occurs between the second and third anniversary of the change in control.

TABLE OF CONTENTS**Executive Compensation**

For purposes of the CIC Plan, a change in control generally means: (A) the acquisition of 35% or more of the total combined voting power of the Company's then outstanding securities; (B) the merger, consolidation or other business combination of the Company, subject to certain exceptions; or (C) the sale of all or substantially all of the Company's assets, subject to certain exceptions.

For purposes of the CIC Plan, cause generally means the occurrence of any of the following events after a change in control which is not cured within 15 days after a participant provides written notice thereof: (A) gross negligence or willful misconduct which is materially injurious to the Company monetarily or otherwise; (B) misappropriation or fraud with regard to the Company or its assets; or (C) conviction of, or the pleading of guilty or nolo contendere to, a felony involving the assets or business of the Company.

For purposes of the CIC Plan, good reason generally means the occurrence of any of the following events after a change in control which is not cured within 15 days after a participant provides written notice thereof: (A) material diminution in the value and importance of a participant's position, duties, responsibilities or authority; (B) a reduction in a participant's aggregate compensation or benefits; or (C) a failure of any successor or assign of the Company to assume in writing the obligations under the CIC Plan.

In the instance that an executive officer is due benefits or payments under both the Officer Severance Plan and the CIC Plan, such as in the event a termination without cause occurs within three years after a change in control, the executive officer would be eligible to receive the greater of the benefits and payments and the more favorable terms and conditions determined on an item-by-item basis. See below for the details on the Officer Severance Plan.

The following table sets forth the payments which each of our Named Executive Officers would have received assuming that the employment of each Named Executive Officer was terminated by the Company on June 30, 2017 without cause or by the executive for good reason within two years following a change in control and during the third year after the change in control.

TABLE OF CONTENTS

Executive Compensation

(1) Represents current total annual compensation as detailed above.

In the event of a termination of employment within two years following a change in control, base salaries and annual cash incentives are calculated based on the terms of the CIC Plan for all NEOs. The annual cash incentive is the multiple of the average annual cash incentive paid in 2015 and 2016 (the last two completed calendar years).

In the event of a termination of employment between two and three years following a change in control, for all NEOs except Mr. Daly, the base salary and annual cash incentive amounts are calculated based on the Officer Severance Plan, as that plan provides the greater benefit.

For Mr. Daly, in the event of a termination of employment between two and three years following a change in control, base salary is calculated based on the Officer Severance Plan and annual cash incentive is calculated based on the CIC Plan.

Represents the aggregate value of all unvested stock options and performance-based RSUs vesting upon termination under the CIC Plan as detailed above, based on the June 30, 2017 common stock closing price of \$75.56 per share. If Mr. Daly were to terminate between two to three years after a change in control, based on his (2) age, he would qualify for retirement treatment of his outstanding equity awards, which would continue to vest for a period of time on the original vesting dates. For this purpose, retirement is defined as termination of employment for any reason other than cause for employees age 65 and over, and involuntary termination of employment without cause for employees age 60 and over.

Mr. Daly is 100% vested in his SORP benefit and based on his age, he would commence receiving annual benefits at termination of employment that are reduced by an early retirement factor for commencement prior to age 65. Mr. Schifellite is 100% vested in his SORP benefits and Mr. Gokey is 60% vested in his SORP benefits, but based on (3) their ages, they would commence receiving annual benefits at age 60. Those benefits would then be reduced by an early retirement factor for commencement prior to age 65. Service credit and actuarial values are calculated as of June 30, 2017 (Broadridge SORP's measurement date for the last fiscal year). Actuarial values are based on the Mercer MRP-2007 with generational mortality improvements projected using the Mercer MMP-2007, and a 3.96% discount rate.

Based on age and service, Mr. Daly and Mr. Schifellite are eligible for executive retiree medical benefits under the Executive Retiree Health Insurance Plan upon termination of employment with the Company until they reach age (4) 65. Actuarial values are calculated as of June 30, 2017 (measurement date for the last fiscal year) and are based on Mercer MRP-2007 with generational mortality improvements projected using the Mercer MMP-2007, and a 3.14% discount rate.

Officer Severance Plan

In the event of a termination without cause (as defined below) that is not within three years after a change in control, executive officers would be eligible to receive severance benefits under the Officer Severance Plan instead of the CIC Plan. Upon a qualifying termination under the Officer Severance Plan, the executive officers would be eligible to receive:

Continued payment of base salary of 24 months for the CEO and 18 months for the other Named Executive Officers; Payment of a cash incentive award for the fiscal year of termination on the normal payment date based on actual performance, pro-rated for the Named Executive Officers other than the CEO, who is eligible for a full year's cash incentive award; and

Continued vesting during the severance period of equity awards granted after the effective date of the Officer Severance Plan, with proration of performance-based restricted stock and RSUs if the termination occurs prior to the end of the performance period.

As a condition to receiving any severance payments under the Officer Severance Plan, executive officers will be required to enter into agreements that contain a general release of the Company and certain restrictive covenants, including non-competition provisions that will be in force during the severance period.

For purposes of the Officer Severance Plan, cause generally means: (A) conviction of, or pleading nolo contendere to, a felony; (B) willful misconduct resulting in material harm to the Company; (C) fraud, embezzlement, theft or dishonesty resulting in material harm to the Company; (D) continuing failure to perform duties after written notice; or (E) material breach of any confidentiality, non-solicitation and/or non-competition agreements.

⁽²⁾ Death or Permanent Disability: All unvested stock options vest in full and unvested performance-based RSUs vest at target.

⁽³⁾ Voluntary Termination or Involuntary Termination with Cause: All unvested equity is forfeited.

Retirement: Awards would continue to vest for a period of time on the original vesting dates. For this purpose, retirement is defined as termination of employment for any reason other than cause for employees age 65 and over, and involuntary termination of employment without cause for employees age 60 and over. Mr. Daly would not qualify for retirement treatment of his awards if he were to voluntarily terminate employment or if the Company terminated

his employment with cause, but he would qualify for retirement treatment of his awards if the Company involuntarily terminated his employment without cause. Mr. Young, Mr. Gokey, Mr. Perry and Mr. Schifellite are not eligible for retirement treatment of their equity awards.

Mr. Daly and Mr. Schifellite are 100% vested in their SORP benefits and Mr. Gokey is 60% vested in his SORP benefits. Based on his age, in the case of termination or retirement, Mr. Daly would commence receiving annual benefits at termination of employment that are reduced by an early retirement factor for commencement prior to age 65. Under the same circumstances, based on their ages, Mr. Schifellite and Mr. Gokey would commence receiving annual benefits at age 60. Those benefits would then be reduced by an early retirement factor for (2) commencement prior to age 65. Service credit and actuarial values are calculated as of June 30, 2017 (Broadridge SORP's measurement date for the last fiscal year). Actuarial values are based on the Mercer MRP-2007 with generational mortality improvements projected using the Mercer MMP-2007, and a 3.96% discount rate. In the case of death, represents the annual benefits payable to the spouse of the deceased participant under the Broadridge SORP. The spouse of a deceased participant is assumed to be the same age as the participant and is expected to commence receiving benefits at age 60.

Based on age and service, Mr. Daly and Mr. Schifellite are eligible for executive retiree medical benefits under the Executive Retiree Health Insurance Plan upon termination of employment due to disability, voluntary termination (3) or retirement from the Company until they reach age 65. Actuarial values are calculated as of June 30, 2017 (measurement date for the last fiscal year) and are based on the Mercer MRP-2007 with generational mortality improvements projected using the Mercer MMP-2007, and a 3.14% discount rate.

TABLE OF CONTENTS**Proposal 4 — Ratification of Appointment of Independent Registered Public Accountants**

The Audit Committee of the Board of Directors is directly responsible for the appointment, compensation, retention and oversight of the work of the Company's independent registered public accountants. The Audit Committee has appointed Deloitte & Touche LLP as the independent registered public accountants for the Company and its subsidiaries for the fiscal year ending June 30, 2018. In determining whether to reappoint Deloitte & Touche LLP as the independent registered public accountant for the upcoming fiscal year, the Audit Committee considered several factors including:

the performance of Deloitte & Touche LLP as the Company's independent auditors since its retention when Broadridge became an independent public company in 2007, including the extent and quality of Deloitte and Touche LLP's communications with the Audit Committee, and feedback from management regarding Deloitte and Touche LLP's overall performance;

Deloitte & Touche LLP's independence with respect to the services to be performed;

Deloitte & Touche LLP's general reputation for adherence to professional auditing standards;

Deloitte & Touche LLP's knowledge and expertise in handling the complexity of Broadridge's global operations within our respective industry; and

Deloitte and Touche LLP's tenure as the independent registered public accountant for the Company and its subsidiaries which has contributed to higher audit quality due to the auditor's deep understanding of Broadridge's business, accounting policies and practices, and internal control over financial reporting.

The Audit Committee also confirms compliance with the partner rotation rules applicable to independent registered public accountants. The current lead audit partner completed her rotation with the filing of the Form 10-K for the fiscal year ended June 30, 2017. The new lead audit partner was designated in 2017 to commence with the audit of the Company's consolidated financial statements for the fiscal year ending June 30, 2018.

Fees for Services Provided by Independent Registered Public Accountants

The Audit Committee believes that these expenditures are compatible with maintaining the independence of the Company's registered public accountants. The Audit Committee pre-approved all such audit and non-audit services performed by our independent registered public accountants during the fiscal year ended June 30, 2017.

Proposal 4 — Ratification of Appointment of Independent Registered Public Accountants

The Audit Committee believes that the continued retention of Deloitte & Touche LLP as our independent registered public accountants is in the best interest of the Company and our stockholders, and we are asking our stockholders to ratify the selection of Deloitte and Touche LLP as our independent registered public accountant for the fiscal year ended 2018. Stockholder ratification is not required by the Company's By-laws or otherwise, but as a matter of good corporate governance practices, the Board has decided to ascertain the position of the stockholders on the appointment at the Annual Meeting. If the stockholders fail to ratify the selection, the Audit Committee may reconsider whether to retain Deloitte & Touche LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of different independent registered public accountants at any time during the year if it determines that such a change would be in the best interest of the Company and our stockholders.

Representatives of Deloitte & Touche LLP are expected to be present at the 2017 Annual Meeting, with an opportunity to make a statement should they choose to do so, and to be available to respond to questions, as appropriate.

Required Vote

The proposal to ratify the appointment of Deloitte & Touche LLP as independent registered public accountants will require the affirmative vote of a majority of the votes cast at the 2017 Annual Meeting, in person or by proxy, and entitled to vote, provided that a quorum is present. Abstentions will be included in determining whether a quorum is present. In determining whether the proposal has received the requisite number of affirmative votes, abstentions will have no effect on the outcome of the vote. Pursuant to NYSE regulations, brokers have discretionary voting power with respect to this proposal.

Nonetheless, in case there is an unforeseen need, your proxy gives discretionary authority to the persons named on the proxy card to vote your shares with respect to any other matters that might be brought before the Annual Meeting. Those persons intend to vote the proxy in accordance with their best judgment.

When will the Annual Meeting take place?

The 2017 Annual Meeting will take place on Thursday, November 16, 2017, at 10:00 a.m. Eastern Time. The Annual Meeting will be a completely virtual meeting. You will be able to attend, vote, and submit questions during the Annual Meeting via the Internet by visiting ***broadridge.onlineshareholdermeeting.com***.

Who may vote at the Annual Meeting?

Holders of our common stock at the close of business on September 21, 2017 (the *Record Date*) may vote at the Annual Meeting. We refer to the holders of our common stock as *stockholders* throughout this Proxy Statement. Each stockholder is entitled to one vote for each share of common stock held as of the Record Date.

Stockholders at the close of business on the Record Date may examine a list of all stockholders as of the Record Date for any purpose germane to the Annual Meeting for 10 days preceding the Annual Meeting, at our offices at 5 Dakota Drive, Lake Success, New York, and electronically during the Annual Meeting at ***broadridge.onlineshareholdermeeting.com*** when you enter the control number we have provided to you.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholders of Record. You are a stockholder of record or registered stockholder if, at the close of business on the Record Date, your shares were registered directly in your name with Broadridge Corporate Issuer Solutions, Inc., our transfer agent.

Beneficial Owner. You are a beneficial owner, if at the close of business on the Record Date, your shares were held by a brokerage firm or other nominee and not in your name. Being a beneficial owner means that, like most of our stockholders, your shares are held in street name. As the beneficial owner, you have the right to direct your broker or nominee how to vote your shares by following the voting instructions your broker or other nominee provides. If you do not provide your broker or nominee with instructions on how to vote your shares, your broker or nominee will be able to vote your shares with respect to some of the proposals in this Proxy Statement, but not all. Please see the section titled *What if I submit a proxy, but do not specify how my shares are to be voted?* for additional information.

Why did I receive a Notice in the mail regarding the Internet Availability of Proxy Materials instead of a full set of printed proxy materials?

Under rules adopted by the SEC, we are making this Proxy Statement available to our stockholders primarily via the Internet (*Notice and Access*). On or about October 2, 2017, we will mail the Notice regarding the Internet Availability of Proxy Materials (the *Notice of Internet Availability*) to stockholders of our common stock at the close of business on the Record Date, other than those stockholders who previously requested electronic or paper delivery of communications from us. The Notice contains instructions on how to access an electronic copy of our proxy materials, including this Proxy Statement and our 2017 annual report to stockholders (the *Annual Report*). The Notice also contains instructions on how to request a paper copy of the proxy materials. We believe that this process will allow us to provide you with the information you need in a timely manner, while conserving natural resources and lowering the costs of printing and distributing our proxy materials.

Can I vote my shares by filling out and returning the Notice regarding the Internet Availability of Proxy Materials?

No. The Notice of Internet Availability only identifies the items to be voted on at the Annual Meeting. You cannot vote by marking the Notice and returning it. The Notice provides instructions on how to cast your vote. For additional information, please see the section titled *How do I vote my shares and what are the voting deadlines?*

Why didn't I receive a Notice in the mail regarding the Internet Availability of the Proxy Materials?

We are providing some of our stockholders, including stockholders who have previously asked to receive paper copies of the proxy materials, with paper copies of the proxy materials instead of a Notice of Internet Availability. In addition, we are providing the proxy materials by e-mail to those stockholders who have previously elected delivery of the proxy materials electronically. Those stockholders should have received an e-mail containing a link to the website where those materials are available and a link to the proxy voting website.

Beneficial Owners. You should follow the instructions in the Notice or the voting instructions provided by your broker or nominee in order to instruct your broker or nominee on how to vote your shares. Notice and Access delivery of the proxy materials, and Internet and/or telephone voting, also will be offered to stockholders owning shares through most banks and brokers.

TABLE OF CONTENTS

About the Annual Meeting and These Proxy Materials

Beneficial Owners. If you are the beneficial owner of your shares and you do not instruct your broker or other nominee how to vote your shares, your broker or nominee may exercise its discretion to vote on some proposals at the Annual Meeting, but not all. Under the rules of the NYSE, your broker or nominee does not have discretion to vote your shares on non-routine matters such as Proposals 1, 2 and 3. However, your broker or nominee does have discretion to vote your shares on routine matters such as Proposal 4.

What if I submit a proxy, but do not specify how my shares are to be voted?

Stockholders of Record. If you are a stockholder of record and you submit a proxy card, but you do not provide voting instructions on the card, your shares will be voted:

For the election of the ten directors nominated by our Board of Directors and named in this Proxy Statement;
For the approval, on an advisory basis, of the compensation of our Named Executive Officers (the Say on Pay Vote);
For, on an advisory basis, on the frequency of holding the Say on Pay Vote every year (the Frequency Vote);
For the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accountants for the fiscal year ending June 30, 2018; and
In the discretion of the named proxies regarding any other matters properly presented for a vote at the Annual Meeting.

Beneficial Owners. If you are a beneficial owner and you do not provide the broker or other nominee that holds your shares with voting instructions, the broker or nominee will determine if it has the discretionary authority to vote on your behalf. Under the NYSE's rules, brokers and nominees have the discretion to vote on routine matters such as Proposal 4, but do not have discretion to vote on non-routine matters such as Proposals 1, 2 and 3. Therefore, if you do not provide voting instructions to your broker or nominee, your broker or nominee may only vote your shares on Proposal 4 and any other routine matters properly presented for a vote at the Annual Meeting.

What is the effect of a broker non-vote?

Brokers or other nominees who hold shares of our common stock for a *beneficial owner* have the discretion to vote on routine proposals when they have not received voting instructions from the beneficial owner at least 10 days prior to the Annual Meeting. A broker non-vote occurs when a broker or other nominee does not receive voting instructions from the beneficial owner and does not have the discretion to direct the voting of the shares.

Broker non-votes will be counted for purposes of calculating whether a quorum is present at the Annual Meeting, but will not be counted as votes cast at the Annual Meeting. Therefore, a broker non-vote will not impact our ability to obtain a quorum and will not otherwise affect the outcome of the vote on any of the proposals to be considered at the Annual Meeting.

How many shares must be present or represented to conduct business at the Annual Meeting?

We need a quorum of stockholders to hold our Annual Meeting. A quorum exists when at least a majority of the outstanding shares entitled to vote at the close of business on the Record Date is represented at the Annual Meeting either in person or by proxy. On September 21, 2017, there were 116,543,814 shares of common stock outstanding and entitled to vote (excluding 37,917,313 treasury shares not entitled to vote).

Your shares will be counted towards the quorum if you vote by mail, by telephone, or via the Internet either before or during the Annual Meeting. Abstentions and broker non-votes also will count towards the quorum requirement. If a quorum is not met, a majority of the shares present at the Annual Meeting may adjourn the Meeting to a later date.

Can I confirm that my vote was cast in accordance with my instructions?

Stockholders of Record. Our stockholders have the opportunity to confirm that their vote was cast in accordance with their instructions. Vote confirmation is consistent with our commitment to sound corporate governance standards and an important means to increase transparency. Vote confirmation is available 24 hours after your vote is received

Beneficial Owners. If you hold your shares through a bank or brokerage account, the ability to confirm your vote may be affected by the rules of your bank or broker and the confirmation will not confirm whether your bank or broker allocated the correct number of shares to you.

What is householding?

To reduce the expense of delivering duplicate proxy materials to stockholders who may have more than one account holding Broadridge stock but sharing the same address, we have adopted a procedure approved by the SEC called *householding*. Under this procedure, certain *stockholders of record* who have the same address and last name, and who do not participate in electronic delivery of proxy materials, will receive only one copy of our Notice of Internet Availability and, as applicable, any additional proxy materials that are delivered until such time as one or more of these stockholders notifies us that they want to receive separate copies. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If you are a *stockholder of record* and would like to have separate copies of the Notice of Internet Availability or proxy materials mailed to you in the future, you must submit a request to opt out of householding in writing to Broadridge Financial Solutions, Inc., Householding Department, 51 Mercedes Way, Edgewood, New York 11717 or call Broadridge at 1-800-542-1061, and we will cease householding all such documents within 30 days.

If you are a *beneficial owner*, information regarding householding of proxy materials should have been forwarded to you by your bank or broker.

However, please note that if you want to receive a paper proxy card or vote instruction form or other proxy materials for purposes of the 2017 Annual Meeting, you should follow the instructions included in the Notice of Internet Availability that was sent to you.

Who will count the votes?

We have retained independent inspectors of election who will count the shares voted including shares voted during the Annual Meeting and will certify the election results.

What happens if the Annual Meeting is adjourned or postponed?

Your proxy will still be effective and will be voted at the rescheduled or adjourned Annual Meeting. You will still be able to change or revoke your proxy until the rescheduled or adjourned Annual Meeting.

Who is paying for the costs of this proxy solicitation?

Your proxy is being solicited by and on behalf of the Board of Directors of the Company. The expense of preparing, printing and providing this proxy solicitation will be borne by the Company. The Company may retain D.F. King &

Co. to assist with the solicitation of proxies for a fee estimated not to exceed \$20,000 plus reimbursement of reasonable out-of-pocket expenses. Also, certain directors, officers, representatives and employees of the Company may solicit proxies by telephone and personal interview. Such individuals will not receive additional compensation from the Company for solicitation of proxies, but may be reimbursed by the Company for reasonable out-of-pocket expenses in connection with such solicitation. In accordance with the regulations of the SEC, banks, brokers and other custodians, nominees and fiduciaries also will be reimbursed by the Company, as necessary, for their reasonable expenses for sending proxy solicitation materials to the beneficial owners of common stock.

Copies of the proxy materials will be supplied to brokers and other nominees for the purpose of soliciting proxies from *beneficial owners*, and we will reimburse such brokers or other nominees for their reasonable expenses.

How can I find the results of the Annual Meeting?

Preliminary results will be announced at the Annual Meeting. Final results will be published in a current report on Form 8-K to be filed with the SEC within four business days after the Annual Meeting. If the official results are not available at that time, we will provide preliminary voting results in the Form 8-K and will provide the final results in an amendment to the Form 8-K as soon as they become available.
