Report of Independent Registered Public Accounting Firm

To Plan Participants and  
Perrigo Company Retirement Plan Committee of the  
Perrigo Company Profit-Sharing and Investment Plan  
Allegan, Michigan

Opinion on the Financial Statements

We have audited the accompanying statements of net assets available for benefits of the Perrigo Company Profit-Sharing and Investment Plan (the “Plan”) as of December 31, 2017 and 2016, the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively, the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Plan’s management. Our responsibility is to express an opinion on the Plan’s financial statements based on our audits. We are a public accounting firm registered with the Public Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risk of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by the Plan’s management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Supplemental Information

The supplemental information in the accompanying schedule H, Line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2017, has been subjected to audit procedures performed in conjunction with the audit of the Plan’s financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements but included supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The supplemental information is the responsibility of the Plan’s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

/s/ BDO USA, LLP

We are uncertain as to the year we began serving consecutively as the auditor of the Plan’s financial statements; however, we are aware that we have been the Plan’s auditor consecutively since at least 2003.

PERRIGO COMPANY PROFIT-SHARING AND INVESTMENT PLAN  
NOTES TO FINANCIAL STATEMENTS

---

1. Plan Description

The following description of the Perrigo Company Profit-Sharing and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Plan summary for a more complete description of the Plan's provisions.

General

Perrigo Company plc (formerly known as Perrigo Company Limited, and prior thereto, Blisfont Limited) ("Perrigo"), was incorporated under the laws of Ireland on June 28, 2013, and became the successor registrant of Perrigo Company, a Michigan corporation, on December 18, 2013 in connection with the consummation of the acquisition of Elan Corporation, plc. The Plan Sponsor is Perrigo Company. The Plan is a defined contribution plan in which substantially all U.S. employees of Perrigo Company, Perrigo Management Company, L. Perrigo Company, Perrigo Company of South Carolina, Perrigo Sales Company, Perrigo Research and Development, Perrigo Pharmaceuticals, Perrigo New York, Inc., PBM Holdings, LLC., Paddock Laboratories, LLC, Perrigo Diabetes Care, LLC, Geiss Destin and Dunn, Inc. and Sergeant's Pet Care Products, Inc. (collectively, the "Company" or "Employer") are eligible to participate. The minimum term of service for employees to participate in the Plan is one month of service, which means a consecutive 30-day period of employment beginning with the employee's date of hire. Plan entry dates are at the beginning of each payroll period after the minimum term requirements are satisfied.

The Plan has an automatic enrollment feature that begins with an initial pre-tax contribution rate of 4% of a participant's eligible compensation, as defined in the Plan document, and is invested in the Plan's Qualified Default Investment Alternative, unless the participant has affirmatively elected another investment from among the Plan's investment options. Automatic enrollment occurs on or around the date that the employee becomes eligible to participate, as defined above. The automatic enrollment percentage increases annually by 1% up to a maximum deferral percentage of 10%. Prior to automatic enrollment and at any other time, employees may elect to opt out from participating in the Plan, or they may elect to defer more or less than the 4% automatic elective deferral as well as choose their own investment allocations offered by the Plan.

The Plan conforms to the safe harbor provisions of Sections 401(k) and 401(m) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is administered by the Retirement Plan Committee (the "Committee").

Perrigo has registered an indeterminate number of Plan interests, as well as ordinary shares in which Plan participants may acquire a beneficial interest, pursuant to a Registration Statement on Form S-8 filed on December 19, 2013 (the "Registration Statement"). Perrigo has determined that, from May 1, 2017 through May 30, 2017 (the "Purchase Period"), the prospectus related to the Registration Statement did not satisfy the requirements of Section 10(a) of the Securities Act of 1933 because the financial statements included therein were more than 16 months old. On May 22, 2017, Perrigo filed its Annual Report on Form 10-K for the year ended December 31, 2016, and on May 30, 2017, Perrigo filed its Quarterly Report on Form 10-Q for the quarterly period ended April 1, 2017. The filing of these reports automatically updated the prospectus. Perrigo determined that no participant who purchased ordinary shares during the Purchase Period incurred a material loss related to such shares during the year following the purchase.

Contributions

A participant may elect to defer, in whole percentages, an amount between 1% and 50% of eligible compensation, not to exceed Internal Revenue Service ("IRS") limitations for the Plan year. The total IRS limit was \$18,000 for the 2017 and 2016 Plan years. In addition, participants who are at least 50 years of age by the end of a Plan year may elect to make an additional "catch up" contribution, not to exceed the IRS limit of \$6,000 for the 2017 and 2016 Plan years. Participants may also make a Roth contribution on an after-tax basis.

Effective January 1, 2017, participants are no longer permitted to invest more than 20% of their total account balance in the Perrigo Company Stock Fund.

PERRIGO COMPANY PROFIT-SHARING AND INVESTMENT PLAN  
NOTES TO FINANCIAL STATEMENTS

---

- If more than 20% of a participant's account is invested in the Perrigo Company Stock Fund as of January 1, 2017, the amount in excess of the 20% limit shall be grandfathered in and will be allowed to remain invested.
- Upon initial enrollment in the Plan, participants may direct no more than 20% of their account to be invested in the Perrigo Company Stock Fund.
- Future allocation changes and exchanges into the Perrigo Company Stock Fund are limited to 20% of each participant's account.
- Rollovers are not permitted directly into the Perrigo Company Stock Fund.
- Any future contributions and/or loan repayments that would exceed the Plan's 20% limit on investment to the Perrigo Company Stock Fund will be redirected to the Plan's Qualified Default Investment Alternative, currently MFS Global Total Return Fund.

The Company matches employee contributions per Plan year at the rate of 100% of the first 2% of employee contributions and 50% of the next 2% of employee contributions. Matching contributions are effective upon meeting the 30-day service requirement and participation in the Plan. The Company has the right under the Plan to reduce or suspend such contributions at any time.

In accordance with the safe harbor provisions, the Plan includes an annual Employer nonelective contribution of 3% of an employee's eligible compensation, as defined in the Plan document. In addition, the Company may make a discretionary contribution at the option of the Board of Directors of Perrigo. Employees are eligible as of their date of hire to receive both the Employer nonelective and discretionary contributions, which are deposited in the eligible employee's investment account after the end of each Plan year. The Employer nonelective and discretionary contribution amounts approved for the 2017 and 2016 Plan years were \$10,437,886 and \$11,824,144, respectively.

#### Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of Employer matching, Employer discretionary and nonelective profit-sharing contributions, and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Currently, the Plan offers mutual funds, a money market fund, and Perrigo's ordinary shares as investment options for Plan participants. Participants elect which of these investment options meet their risk and return objectives.

#### Vesting

Amounts credited to a participant's investment account relating to participant contributions and Employer matching and profit-sharing contributions are 100% vested at all times.

#### Notes Receivable from Participants

Participants may borrow from their investment accounts, as defined in the Plan document, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by an equivalent

amount in the remaining portion of the participant's accounts. All loans must be repaid within five years, except for loans used to acquire or rehabilitate a principal residence, which must be repaid within a reasonable time. Interest rates ranged from 4.25% to 10.5% on outstanding loans at December 31, 2017. The loans are repaid ratably through payroll deductions. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. The interest earned on participant loans is allocated to the respective funds in accordance with participant elections.

PERRIGO COMPANY PROFIT-SHARING AND INVESTMENT PLAN  
NOTES TO FINANCIAL STATEMENTS

---

#### Withdrawals

Subject to certain restrictions as set forth in the Plan document, a participant may make a hardship withdrawal from his or her account balance during employment. This hardship withdrawal is subject to a 10% federal income tax penalty if the participant is below the age of 59<sup>1/2</sup>, and the participant cannot make elective deferrals for six months following the hardship withdrawal. A participant may also elect to make a withdrawal, provided that the participant has reached 59<sup>1/2</sup> years of age, even if the participant is still employed.

#### Payment of Benefits

Upon termination of service, participants may elect to receive either a lump-sum amount equal to the value of their vested account or installments. Participants may also elect to roll over their account balance into another qualified retirement plan, or postpone distributions until such time they are required.

#### Forfeitures

There were no forfeited non-vested amounts in the 2017 or 2016 Plan years.

#### Administrative Expenses

The Company pays the administrative costs of the Plan associated with any professional services provided to the Plan and the cost of communications to the participants. Administrative expenses, such as loan administration and some withdrawal fees, are deducted directly from the participants' accounts.

## 2. Significant Accounting Policies

#### Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

#### Risks and Uncertainties

Participants in the Plan invest in various investment securities. Investment securities, including Perrigo's ordinary shares, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

#### Concentration of Investments

Investments at December 31, 2017 and 2016 included Perrigo ordinary shares amounting to \$33,974,350 and \$41,975,578, respectively. This investment represented approximately 5% and 7% of total investments at December 31, 2017 and 2016, respectively.

#### Investment Valuation and Income Recognition

Investment purchases and sales are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. The Plan's investments are stated at fair value. See Note 4 for a discussion of fair value measurements.

PERRIGO COMPANY PROFIT-SHARING AND INVESTMENT PLAN  
NOTES TO FINANCIAL STATEMENTS

---

Payment of Benefits

Distributions of benefits are recorded when paid.

3. Assets in Trust Fund

Vanguard Fiduciary Trust Company ("Vanguard") is the Plan's Trustee. The Trustee manages the trust fund on behalf of the Plan. The Trustee has no discretionary investment authority over the investment options made available to participants under the Plan, including the investments in Perrigo's ordinary shares. Each participant is entitled to exercise voting rights attributable to the Perrigo ordinary shares allocated to his or her account and is notified by the Trustee prior to the time such rights are to be exercised. The Trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

4. Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between marke
