RYERSON HOLDING CORPORATION

Ryerson Holding Corporation (“Ryerson,” the “Company,” “we,” “us” or “our”) is furnishing this proxy statement to the holders of our common stock in connection with the solicitation of proxies on behalf of our board of directors (the “Board”) for use at our 2017 annual meeting of stockholders, which will be held on Wednesday, April 26, 2017, at The Seelbach Hilton Louisville, 500 South 4th Street, Louisville, Kentucky 40202.

Our common stock trades on the New York Stock Exchange (“NYSE”) under the ticker symbol ‘RYI’. The Company’s fiscal year ends on December 31 of each calendar year. Our corporate headquarters is located at 227 W. Monroe St., 27th Floor, Chicago, Illinois 60606, and our website address is www.ryerson.com. Please note that the information on our website is not, and shall not be deemed to be, a part of this proxy statement nor, by reference or otherwise (except to the extent we specifically incorporate it by reference), incorporated into any other filings we make with the Securities and Exchange Commission (“SEC”).

On August 13, 2014, we completed an initial public offering of 11 million shares of our common stock (the “IPO”). Prior to that time, all of our common stock was held by affiliates of Platinum Equity, LLC (together with such affiliates, “Platinum”), which still own approximately 57% of Ryerson’s common stock. For additional information regarding Platinum’s ownership, see below under “Ownership of More Than 5% of Ryerson Stock,” on page 44.

As the context requires, “Ryerson,” the “Company,” “we,” “us” or “our” may also include the direct and indirect subsidiaries of Ryerson Holding Corporation.

ANNUAL MEETING INFORMATION

This proxy statement contains information we must provide to you under the rules of the SEC and the NYSE in connection with the solicitation of proxies by our Board for the 2017 annual meeting of stockholders. It is designed to assist you in voting your shares of our stock. We will begin sending notice of the availability of these proxy materials on or about March 16, 2017.

Who May Vote?

You may vote if you were the holder of record of shares of our common stock at the close of business on March 3, 2017. You are entitled to one vote on each matter presented at the 2017 annual meeting of stockholders for each share of our stock you owned at that time. If you held stock at that time in “street name” through a broker, bank or other institution, you must either provide voting instructions to the holder or obtain a proxy, executed in your favor, from the holder to be able to vote those shares at the meeting.

Each share of Ryerson common stock is entitled to one vote. As of the close of business on March 3, 2017 (the record date for determining stockholders entitled to vote at the annual meeting), we had 37,132,019 shares of common stock outstanding and entitled to vote.

Who May Attend the Meeting?

You are entitled to attend our 2017 annual meeting if you were the holder of record of shares of our common stock at the close of business on March 3, 2017 or if you hold a valid proxy for the annual meeting. You should be prepared to present photo identification (a driver’s license or passport is preferred) for admittance. In addition, if you are a stockholder of record, your name is subject to verification against the list of stockholders of record on the record date prior to being admitted to the meeting. If you are not a stockholder of record but hold shares through a broker, bank or other nominee (i.e., in “street name”), you also may attend our 2017 annual meeting if you provide proof of beneficial ownership on the record date, such as your most recent account statement or similar evidence of ownership. If you do not provide photo identification or comply with the other procedures outlined above upon request, you may not be admitted to the meeting.

The annual meeting will occur at The Seelbach Hilton Louisville, 500 South 4th Street, Louisville, Kentucky 40202 and will begin promptly at 2:00 p.m. Eastern Daylight Time, and you should allow ample time for check-in procedures. No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted into the meeting or adjacent areas. All items may be subject to search.

What Am I Voting On?

You are voting on:

The election of two directors;

The appointment of Ernst & Young LLP as our independent registered public accounting firm for 2017; and

Such other business as may properly come before the meeting.

How Do I Vote?

If your shares of stock are registered directly in your name, you are considered a stockholder of record and you will receive your Notice of Internet Availability of Proxy Materials directly from us. Stockholders of record can vote in advance of our annual meeting by requesting a proxy card to sign, date and return or by submitting voting instructions by telephone or through the Internet. Please see the Notice of Internet Availability of Proxy Materials you received or this proxy statement for specific instructions on how to cast your vote by any of these methods. You may obtain directions to the location of our 2017 annual meeting by contacting us at Investor Relations, 227 W. Monroe St., 27th Floor, Chicago, Illinois 60606, email: investorinfo@ryerson.com, or telephone: 312-292-5130.

If you hold your shares of stock through a broker, bank or other institution, you are considered the beneficial owner of stock held in "street name" and you will receive your notice from your broker, bank or other institution.

Stockholders of Record

For stockholders of record, voting instructions submitted via mail, telephone or the Internet must be received by Broadridge, our independent tabulator, by 11:59 p.m. Eastern Time on April 26, 2017. Submitting your voting instructions prior to the annual meeting will not affect your right to vote in person should you decide to attend the meeting.

Stockholders of record can vote by:

Explanation of Responses:

Requesting and returning a completed proxy card by mail to our independent tabulator, Broadridge, by 11:59 p.m. Eastern Time on April 26, 2017;

Submitting voting instructions via the Internet or telephone by 11:59 p.m. Eastern Daylight Time on April 26, 2017;
or

Completing a ballot and returning it to the inspector of election during the annual meeting.

Instructions and contact information for each of these voting options can be found in our Notice of Internet Availability of Proxy Materials.

The Internet and telephone voting procedures available to you are designed to authenticate stockholders' identities, to allow stockholders to submit voting instructions and to confirm that stockholders' voting instructions have been recorded properly. We have been advised that the Internet and telephone voting procedures are consistent with the requirements of applicable law. Stockholders voting via the Internet or telephone should understand that there may be costs associated with voting in this manner, such as usage charges from Internet access providers and telephone companies, which must be borne by the stockholder.

Stock Held in Street Name

If you hold your stock in street name, you can vote by submitting a voting instruction card to your broker, bank or other institution that sent your Notice of Internet Availability of Proxy Materials to you in accordance with their procedures. Please note that if you hold your stock in street name, the broker, bank or other institution that holds the stock will not be able to vote your shares on any proposal other than the appointment of Ernst & Young LLP unless you have provided voting instructions. If you hold your stock in street name and wish to vote at the meeting, you must obtain a proxy, executed in your favor, from the holder of record of the stock as of the record date.

What If I Do Not Provide Voting Instructions?

If you submit a valid proxy card, or validly submit voting instructions via the telephone or Internet, but you do not indicate your vote, your shares of stock will be voted for:

The election of two directors; and

The appointment of Ernst & Young LLP as our independent registered public accounting firm for 2017.

You also give the proxies discretionary authority to vote on any other business that may properly be presented at the annual meeting.

Can I Revoke or Change My Vote?

If you are a stockholder of record, you may revoke or change your proxy and voting instructions at any time prior to the vote at the annual meeting. To do so:

Submit a new proxy card or voting instructions to the independent tabulator by mail, telephone or through the Internet by 11:59 p.m. Eastern Daylight Time on April 26, 2017; or

Attend the annual meeting and vote in person by ballot.

If you hold your stock in street name, you may revoke or change your proxy instructions prior to the vote at the annual meeting by submitting new voting instructions to your broker, bank or other institution in accordance with their procedures.

Who Are the Proxies and What Do They Do?

When you vote in advance of the annual meeting, you appoint Mr. Mark S. Silver, our Executive Vice President, General Counsel & Secretary, and Ms. Camilla R. Merrick, our Senior Counsel, as proxies, each with the power to

appoint a substitute. You direct them to vote all of the shares of stock you held on the record date at the annual meeting and at any adjournment or postponement of that meeting. If you submit a valid proxy card or validly submit voting instructions via the telephone or Internet, and you do not subsequently revoke your proxy or vote, the individuals named on the card as your proxies will vote your shares of stock in accordance with your instructions. If you submit a valid proxy card or voting instructions but you do not indicate your vote, your shares of stock will be voted as described above under “What If I Do Not Provide Voting Instructions?” on page 3.

Is My Vote Confidential?

We have a confidential voting policy. Stockholders’ votes will not be disclosed to us other than in limited situations. The independent tabulator will collect, tabulate and retain all proxies and will forward any comments written on the proxy cards or otherwise received by the independent tabulator to management. Our confidential voting policy will not apply in the event of a contested solicitation.

What Is the Quorum Requirement for the Annual Meeting?

A quorum is necessary to hold a valid meeting. A quorum will exist if stockholders holding a majority of the shares of stock issued and outstanding and entitled to vote at the meeting are present in person or represented by proxy.

How Are Abstentions, Withheld Votes and Broker Non-Votes Treated?

The election inspector will treat abstentions, withholds and “broker non-votes” as shares of stock that are present and entitled to vote for purposes of determining the presence of a quorum. A “broker non-vote” occurs when a broker holding stock for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Brokers will have discretionary voting power with respect to proposal two (the appointment of Ernst & Young LLP), but not with respect to any other proposal. Abstentions and broker non-votes do not count as votes cast either for or against any of the proposals. A “withhold” vote with respect to any director nominee will have the effect of a vote against such nominee.

What Vote Is Required to Approve a Proposal?

Proposal One: A nominee will be elected to the Board if the number of votes cast “for” his or her election exceeds the number of votes “withheld” from or cast “against” his or her election.

Proposal Two: The appointment of Ernst & Young LLP as our independent registered public accounting firm for 2017 will be approved if holders of a majority of the stock present in person at the meeting or represented by proxy vote in favor of the proposal.

Who Solicits Proxies and How Are They Paid?

The proxy accompanying this proxy statement is solicited on behalf of our Board for use at the annual meeting and Ryerson pays the expenses of soliciting the proxies. In addition to this solicitation by mail, our directors, officers and other employees may contact you by personal interview, telephone, electronic mail, facsimile, Internet or otherwise to obtain your proxy. These persons will not receive any additional compensation for these activities. Brokerage houses and other custodians, nominees and fiduciaries will be requested to forward solicitation material to the beneficial owners of stock. We will reimburse these entities and our transfer agent for their reasonable out-of-pocket expenses in forwarding solicitation material. We have not retained the services of a proxy solicitor.

How Do You Determine Whether I Get One or More Paper Copies of the Proxy Materials?

To reduce the costs of printing and distributing proxy materials we are taking advantage of the SEC rule that allows companies to furnish their proxy materials over the Internet. As a result, we send many stockholders a notice regarding the Internet availability of the proxy materials instead of a paper copy of our proxy materials. This notice explains how you can access the proxy materials over the Internet and also describes how to request to receive a paper copy of the proxy materials. If you have requested paper copies of the proxy materials, you may have received one copy of our proxy statement, annual report or Notice of Internet Availability of Proxy Materials for multiple stockholders in your household. This is because we and some brokers, banks and other record holders participate in the practice of “householding” proxy statements, annual reports and Notices of Internet Availability of Proxy Materials and deliver only one copy to stockholders at one address unless we or they receive other instructions from you.

If these materials were delivered to an address that you share with another stockholder, we will promptly deliver a separate copy if you make a written or verbal request to Ryerson Holding Corporation, Investor Relations, 227 W. Monroe St., 27th Floor, Chicago, Illinois 60606, email: investorinfo@ryerson.com, or telephone: 312-292-5130.

If you are receiving multiple copies and would like to receive only one copy for your household, you may make such request as follows:

If you are a stockholder of record, by contacting Broadridge Householding Department, 51 Mercedes Way, Edgewood, New York 11717 or call Broadridge toll free: 1-866-540-7095; and

If you are a beneficial owner of stock, by contacting your broker, bank or other record holder.

The Company's proxy materials are also available at ir.ryerson.com.

ITEMS YOU MAY VOTE ON

1. Election of Directors

Our Board presently consists of seven directors, three of whom are independent under the NYSE Listed Company Manual and other NYSE rules and requirements (together, "NYSE rules"), and four of whom are affiliated with Platinum, which owns a majority of our outstanding common stock. Because Platinum owns more than 50% of the voting power of our common stock, we are considered to be a "controlled company" for purposes of the NYSE rules. As such, we are permitted, and have elected, to opt out of the NYSE rules that would otherwise require our Board to be comprised of a majority of independent directors.

The Board is divided into three separate classes, with one class being elected each year to serve a staggered three-year term. The terms of the Class III Directors expire at the 2017 annual meeting, and two directors will be elected at the annual meeting to serve as Class III Directors for a three-year term expiring at the 2020 annual meeting or until their successors are duly elected and qualified.

For the 2017 annual meeting, the Board has proposed the following nominees for election: Kirk K. Calhoun and Jacob Kotzubei.

Detailed information on each nominee and continuing director is provided below under “Biographies” on page 7. If you submit valid voting instructions, the proxies will vote your shares of stock for the election of each of the nominees, unless you indicate that you wish to vote against a nominee or withhold your vote on a nominee. If at the time of the annual meeting any of the nominees is unable or declines to serve, the persons named in the proxy will, at the direction of the Board, either vote for the substitute nominee or nominees that the Board recommends or the Board may reduce the number of directors to be elected at the meeting. The Board has no reason to believe that any nominee will be unable or will decline to serve as a director if elected.

Under our Bylaws, our directors are elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote in the election of directors. In an uncontested election, a director is elected if the votes cast “for” the director’s election exceed the votes “withheld” from or cast “against” the director’s election.

Our Board of Directors unanimously recommends a vote “FOR” the election of Kirk K. Calhoun and Jacob Kotzubei to serve as directors of the Company.

2. Ratification of the Appointment of Independent Registered Public Accounting Firm

Our Audit Committee has selected Ernst & Young LLP to serve as our independent registered public accounting firm for 2017. Ernst & Young LLP has served as the independent registered public accounting firm for the Company since 2006. Representatives of Ernst & Young LLP will be present at the annual meeting to answer questions. They will also have the opportunity to make a statement if they desire to do so.

The Audit Committee is responsible for recommending, for stockholder approval, our independent registered public accounting firm. Should stockholders fail to approve the appointment of Ernst & Young LLP, the Audit Committee would undertake the task of reviewing the appointment. Nevertheless, given the difficulty and expense of changing independent accountants mid-way through the year, there is no assurance that a firm other than Ernst & Young LLP

could be secured to deliver any or all of the Company's independent auditing services required in 2017. The Audit Committee, however, would take the lack of stockholder approval into account when recommending an independent registered public accounting firm for 2018.

The following table sets out the various fees for services provided by Ernst & Young LLP for 2016 and 2015. The Audit Committee pre-approved all of these services. For additional information, see the description of the pre-approval policies and procedures of the Audit Committee under "Pre-approval Policies," below on page 15.

Annual Fees for 2016 and 2015

Description	Amounts	
	2016	2015
Audit Fees(1)	\$4,430,841	\$4,362,000
Audit-related Fees(2)	\$1,980	\$1,995
Tax Fees(3)	\$216,929	\$687,368
Other Fees (4)	—	—
Total	\$4,649,750	\$5,051,363

- (1) Audit fees related to professional services rendered in conjunction with the audit of our annual financial statements, the audit of our internal control over financial reporting, the review of our quarterly financial statements, comfort letters, consents, and the audit of our statutory filings and other services pertaining to SEC matters.

Audit-related fees related to professional services that are reasonably related to the performance of the audit or (2) review of the Company's financial statements, including compliance-related matters, which are not specifically classified as audit fees. Such fees related to subscription fees for the audit firm's online research tool.

Tax fees related to professional services performed by the independent auditor's tax personnel and not included in audit fees or audit related fees, such as services related to tax audits, tax compliance and tax consulting and (3) planning services. Tax fees primarily related to tax consulting and planning services related to international corporate structuring, transfer pricing relative to service charges from our U.S. operations to our Canadian subsidiary, and preparation of the tax return for our Canadian subsidiary.

(4) For 2016 and 2015, there were no fees billed by Ernst & Young LLP for services provided other than those described in the three preceding footnotes.

Ernst & Young LLP's full-time, permanent employees conducted a majority of the audit of the Company's 2016 financial statements. Leased personnel were not employed with respect to the domestic audit engagement.

Our Board of Directors unanimously recommends a vote "FOR" the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2017.

3. Such Other Business as May Properly Come before the Annual Meeting

We do not know of any other matters to be voted on at the meeting. If, however, other matters are properly presented for a vote at the meeting, the persons named as proxies will vote your properly submitted proxy according to their judgment on those matters.

BOARD OF DIRECTORS

Composition of Board of Directors

Our Amended and Restated Certificate of Incorporation and Bylaws provide that the authorized number of directors shall be fixed from time to time by a resolution of the majority of our Board. Our Board is currently comprised of the following seven members: Kirk K. Calhoun, Court D. Carruthers, Eva M. Kalawski, Jacob Kotzubei, Stephen P. Larson, Philip E. Norment and Mary Ann Sigler.

Explanation of Responses:

In connection with the IPO, the Company and Platinum entered into an amended and restated investor rights agreement (the "Investor Rights Agreement") in August 2014 that provided, among other things, that for so long as Platinum collectively beneficially owns (i) at least 30% of the voting power of the outstanding capital stock of the Company, Platinum will have the right to nominate for election to the Board no fewer than that number of directors that would constitute a majority of the number of directors if there were no vacancies on the Board, (ii) at least 15% but less than 30% of the voting power of the outstanding capital stock of the Company, Platinum will have the right to nominate two directors and (iii) at least 5% but less than 15% of the voting power of the outstanding capital stock of the Company, Platinum will have the right to nominate one director. The agreement also provides that if the size of the Board is increased or decreased at any time, Platinum's nomination rights will be proportionately increased or decreased, respectively, rounded up to the nearest whole number. Under the Investor Rights Agreement, Platinum has nominated Ms. Kalawski, Mr. Kotzubei, Mr. Norment and Ms. Sigler. Our Corporate Governance Guidelines provide that if an officer serving on our Board resigns or retires from his or her executive position with the Company or if a non-management director's external job changes from the time such director was last elected, such individual shall offer his or her resignation from the Board at the same time; however, whether or not the individual shall continue to serve on the Board is a matter for determination on a case-by-case basis by the Board.

Term and Classes of Directors

Our Board is divided into three staggered classes of directors of the same or nearly the same number. At each annual meeting of stockholders, a class of directors will be elected for a three-year term to succeed the directors of the same class whose terms are then expiring. The terms of the directors will expire upon election and qualification of successor directors at the annual meeting of stockholders to be held during the years 2017 for the Class III directors, 2018 for the Class I directors and 2019 for the Class II directors.

Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class shall consist of one-third of the directors. The following table sets forth information as of the date of this proxy statement regarding the nominees for directors and other directors who will serve as directors in the classes and for the terms specified below:

Name	Age	Independent (Yes/No)	Director Since	Expiration of Current Term

Director Independence

As stated above, because Platinum owns more than 50% of the voting power of our common stock, we are considered to be a "controlled company" for purposes of the NYSE rules. As such, we are permitted, and have elected, to opt out of the NYSE rules that would otherwise require our Board to be comprised of a majority of independent directors and require our compensation committee and nominating and corporate governance committee to be comprised entirely of independent directors.

For a director to be considered independent under the NYSE rules, our Board must determine that he or she does not have any material relationship with the Company. To assist in making this determination, our Board adopted a policy on director independence based on the NYSE's independence standards. A copy of the policy is available on the corporate governance page on our website, which can be found at ir.rverson.com by clicking on "Governance."

Under our policy on director independence, a director will be considered independent only if the Board has affirmatively determined that the director has no material relationship with the Company that would impair his or her independent judgment. In the process of making such determinations, the Board will consider the nature, extent and materiality of the director's relationships with the Company. When assessing the materiality of a director's relationship with the Company, the Board should consider the issue not only from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. The Board will consider all relevant facts and circumstances in rendering its "independence" determinations. Material relationships can include commercial, banking, consulting, legal, accounting, charitable and familial relationships, among others. In addition, a director will not be deemed "independent" for purposes of service on the Board if such director:

1. is, or has been within the last three years, an employee of the Company, or an immediate family member of such director is, or has been within the last three years, an executive officer of the Company;

2. has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

3. (A) is a current partner or employee of a firm that is the Company's internal or external auditor; (B) has an immediate family member who is a current partner of such a firm; (C) has an immediate family member who is a current employee of such a firm and personally works on the Company's audit; or (D) was, or has an immediate family member who was, within the last three years a partner or employee of such a firm and personally worked on the Company's audit within that time;

4. is, or an immediate family member of such director is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee; or

5. is a current employee, or has an immediate family member who is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1,000,000, or 2% of such other company's consolidated gross revenues.

For purposes of the Company's policy on director independence, "immediate family member" means any of the person's spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and anyone (other than domestic employees) who shares the person's home.

The Board has determined that of the nominees and continuing directors, only Messrs. Calhoun, Carruthers and Larson are, or during 2016 were, independent within the meaning of the NYSE rules or our policy on director independence.

As stated above, our Board of Directors unanimously recommends a vote “FOR” the election of the Board’s nominees identified above.

CORPORATE GOVERNANCE MATTERS

Our policies and practices reflect corporate governance standards that comply with the NYSE rules and the corporate governance requirements of the Sarbanes-Oxley Act, including:

Our Board adopted clear corporate governance policies, including standards for determining director independence;

Our Board committee charters clearly establish their respective roles and responsibilities;

Our non-management directors meet regularly in executive session without management present;

We have a code of ethics and business conduct that applies to all Ryerson directors, officers and associates;

Our Chief Executive Officer (“CEO”), Chief Financial Officer and other senior financial officers are subject to an additional code of ethics to promote (i) honest and ethical conduct; (ii) full, fair, accurate, timely and understandable disclosure in SEC filings; and (iii) compliance with applicable laws, rules and regulations;

Our internal audit function maintains critical oversight over the key areas of our business, compliance processes and controls, and reports regularly to the Audit Committee;

We have a compliance hotline service that permits employees to report violations of our code of ethics or other issues of significant concern on a confidential basis, via a toll-free telephone number or the Internet;
and

Concerns related to the Company's financial statements, accounting practices, or internal controls may be communicated in writing to the Company's Audit Committee.

Cash compensation and reimbursements are paid in arrears on a quarterly basis. There is currently no formal policy in place relating to the granting of equity awards to our directors.

MEETINGS OF THE BOARD AND BOARD COMMITTEES

During 2016, our Board met six times. In addition to the meeting of the full Board, directors also attended meetings of Board committees on which they served. All of the directors attended at least 75% of the meetings of the Board and the committees on which they served. While we do not have a formal policy requiring them to do so, we encourage our directors to attend our annual meeting of stockholders. Six of our seven directors attended our 2016 annual meeting of stockholders.

The standing committees of the Board (other than the Executive Committee), with the membership indicated as of February 28, 2017, are set forth in the table below. The Board has had an audit committee since prior to the IPO and established the Compensation Committee and Nominating and Corporate Governance Committee in connection with the IPO.

(C) Committee Chair.

EXECUTIVE COMMITTEE

In December 2014, the Board established an Executive Committee in accordance with our Bylaws. The Executive Committee has and may exercise all powers that the Board legally delegates to it. In addition, during the intervals between meetings of the Board, the Executive Committee has and may exercise all of the powers of the Board, other than such powers as are granted to the Audit Committee, the Compensation Committee or the Nominating and Corporate Governance Committee, in the management of the business and affairs of the Corporation, unless otherwise limited by a resolution of the Board, the Company's Amended and Restated Certificate of Incorporation or Bylaws, or applicable law. The Executive Committee is convened when circumstances do not allow the time, or when it is otherwise not practicable, for the entire Board to meet. The Executive Committee consists of Messrs. Kotzubei, Larson and Norment. In 2016, the Executive Committee did not meet.

NOMINATING AND CORPORATE GOVERNANCE COMMITTEE

Our Nominating and Corporate Governance Committee (the “Governance Committee”) considers and oversees all corporate governance issues as they arise and develops appropriate recommendations for the Board regarding those issues. It is also responsible for reviewing the requisite skills and characteristics of the members of the Board. In 2016, the Governance Committee met three times. The Governance Committee consists of Mr. Norment and Mses. Kalawski and Sigler, none of whom is independent under NYSE rules. Because Platinum owns more than 50% of the voting power of our common stock, we are considered to be a “controlled company” for the purposes of the NYSE rules. As such, we are permitted, and have elected, to opt out of the NYSE rules that would otherwise require our Governance Committee to be comprised entirely of independent directors.

Our Board has adopted a written charter for the Governance Committee, pursuant to which the Governance Committee has, among others, the following responsibilities:

Oversee and assist our Board in identifying, reviewing and recommending nominees for election as directors and for appointment to Board committees;

Review and evaluate the overall effectiveness and functioning of the management and the Board and the compliance of the Board with applicable legal requirements;

Review and evaluate the composition and performance of the other Board committees, and recommend any changes to the composition, size and functions of each committee;

Develop, review and recommend corporate governance guidelines; and

Generally advise our Board on corporate governance and related matters.

Qualifications for Directors

In selecting or recommending candidates to serve as directors, the Governance Committee takes into consideration the following criteria as approved by the Board, and as modified by the Board from time to time, and such other factors as it deems appropriate:

- (i) high personal and professional ethics, values and integrity;
- (ii) education, skill and experience that the Board deems relevant and useful, including whether such attributes or background would contribute to the diversity of the Board as a whole;
- (iii) ability and willingness to serve on any committees of the Board; and
- (iv) ability and willingness to commit adequate time to the proper functioning of the Board and its committees.

The Governance Committee will consider all candidates recommended by the Company's stockholders in accordance with the procedures set forth in the Company's annual proxy statement. The Governance Committee may also consider candidates proposed by management. For additional information, see "Stockholder Nominations for Directors," below on page 46.

Governance Guidelines and Committee Charters

We maintain a corporate governance page on our website that includes our Corporate Governance Guidelines, Code of Ethics and Business Conduct and the charters for our Audit, Compensation and Nominating and Corporate Governance Committees. The corporate governance page can be found at ir.ryerson.com by clicking on "Governance." Stockholders also may obtain copies of these materials by contacting us at Investor Relations, 227 W. Monroe St., 27th Floor, Chicago, Illinois 60606, email: investorinfo@ryerson.com, or telephone: 312-292-5130.

Code of Ethics

Our Board has adopted a code of ethics (“Code of Ethics”) that contains the ethical principles by which our chief executive officer and chief financial officer, among others, are expected to conduct themselves when carrying out their duties and responsibilities. A copy of the Code of Ethics may be found at the end of our general code of ethics and business conduct, available on our corporate governance webpage located at ir.ryerson.com. We will provide a copy of our general code of ethics and business conduct, which includes the Code of Ethics, to any person, without charge, upon request, by writing to the Compliance Officer, Ryerson Holding Corporation, 227 W. Monroe St., 27th Floor, Chicago, Illinois 60606 (telephone number: 312-292-5000). We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding an amendment to, or waiver from, a provision of our Code of Ethics by posting such information on the corporate governance page on our website, which can be found at ir.ryerson.com by clicking on “Governance.”

Communications with Directors

An employee, officer or other interested party who has an interest in communicating with non-management members of the Board may do so by directing the communication to the General Counsel of the Company. Persons who desire to communicate with the non-management directors should send their correspondence addressed to the attention of the General Counsel, c/o Ryerson Holding Corporation, 227 W. Monroe St., 27th Floor, Chicago, Illinois 60606. The General Counsel will provide a summary of all appropriate communications to the addressed non-management directors.

BOARD LEADERSHIP STRUCTURE

Under our Bylaws, the Board may appoint one of the directors as Chairman of the Board. The Chairman of the Board may be a management or a non-management director and may or may not be the same individual as our CEO (if our CEO is a director), at the option of the Board. The Board believes it should be free to make this determination depending on what it believes is best for the Company in light of all the circumstances. The Company’s CEO is currently not a member of the Board and the Board currently does not have a Chairman of the Board. This leadership structure also allows our CEO to focus his time and energy on operating and managing the Company and leverages the experiences and perspectives of all of the Company’s directors.

Our non-management directors meet at regularly scheduled executive sessions without management present, usually in conjunction with regularly scheduled Board meetings. In addition, at least once each year the independent directors meet in executive session without any other persons present. One of our independent directors is chosen by the

directors at each such session of non-management directors or independent directors to preside over the session.

BOARD OVERSIGHT OF RISK

Our Board as a whole has responsibility for overseeing our risk management. The Board exercises this oversight responsibility directly and through its committees. The Board and its committees are informed by reports from our management team and from our internal audit department that are designed to provide visibility to the Board about the identification and assessment of key risks and our risk mitigation strategies. The full Board oversees strategic and operational risks, and succession planning.

Committee Roles

Prior to the IPO, our Board was responsible for evaluating risk arising from our compensation policies and practices; since that time, the newly-formed Compensation Committee has assumed that responsibility. Our Audit Committee's role includes assisting the Board in monitoring the Company's compliance with legal and regulatory requirements as well as its ethical standards and policies. It also oversees our internal audit function. The committees provide reports to the full Board regarding these and other matters.

Internal Audit

Under its charter, the internal audit department is tasked to help the Company accomplish its objectives by bringing a systematic and disciplined approach to evaluate and improve the effectiveness of the Company's risk management, control and governance processes. To promote independence of the department and ensure appropriate internal audit coverage, the internal audit director is responsible for leading the department and reports functionally to the Audit Committee, and administratively (i.e., day-to-day operations) to the chief financial officer. The internal audit services personnel have unrestricted access to all functions, records, property and personnel of the Company, and full and free access to the Audit Committee. The internal audit department is currently staffed entirely by a third-party auditing firm. The internal audit director provides reports to the Audit Committee at each regularly scheduled Audit Committee meeting.

The scope of the department's internal auditing encompasses, but is not limited to, the examination and evaluation of the adequacy and effectiveness of the Company's governance, risk management and internal controls, as well as the quality of performance in carrying out assigned responsibilities to achieve the Company's stated goals and objectives. This includes, among other things:

partnering with other governance and monitoring groups to evaluate risk exposure relating to achievement of the Company's strategic objectives;

monitoring and evaluating the effectiveness of the Company's risk management processes;

performing consulting and advisory services related to governance, risk management and control as appropriate for the Company; and

reporting significant risk exposures and control issues, including fraud risks, governance issues and other matters needed or requested by the Audit Committee.

In addition, the internal audit department is responsible for conducting an annual risk assessment and developing a corresponding annual audit plan using a risk-based approach to monitor and report on the adequacy and effectiveness of the Company's processes for controlling its activities and managing its risks.

AUDIT COMMITTEE

Our Audit Committee oversees a broad range of issues surrounding our accounting and financial reporting processes and audits of our financial statements. In 2016, the Audit Committee met four times. The Audit Committee consists of Messrs. Calhoun, Carruthers and Larson. Each of Messrs. Calhoun, Carruthers and Larson are "independent" as such term is defined in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and under the applicable NYSE rules. Each is "financially literate," and Mr. Calhoun, the chair of the Audit Committee, is an "audit committee financial expert" as defined in Item 407(d)(5) of Regulation S-K.

Our Board has adopted a written charter for the Audit Committee, pursuant to which the Audit Committee has, among others, the following responsibilities:

Review and recommend to the Board the independent auditors to be selected to audit the financial statements;

Explanation of Responses:

Inquire as to the independence of the independent auditors and obtain from the independent auditors, on a periodic basis, a formal written statement delineating all relationships between the independent auditors and the Company; in addition, review the extent of non-audit services provided by the independent auditors in relation to the objectivity needed in the independent audit and recommend that the Board take appropriate action in response to the independent auditors' written statement to satisfy the Board as to the independent auditors' independence;

Pre-approve all services provided by the independent auditors to the Company;

Pre-approve appropriate funding for payment of (a) compensation to the Company's independent auditors for preparing or issuing an audit report or performing other audit, review or attest services for the Company, (b) compensation to any advisors employed by the Committee and (c) ordinary administrative expenses necessary or appropriate to carry out its duties;

Ensure proper audit partner rotation;

Meet with the independent auditors and the financial management to review the scope of the audit proposed for the current year and the audit procedures to be utilized and at its conclusion review the audit with the Committee; upon completion of the audit and following each interim review of the Company's financial statements, discuss with the independent auditors all matters required to be communicated to the Committee under generally accepted auditing standards, including the judgments of the independent auditors with respect to the quality, not just the acceptability, of the Company's accounting principles and underlying estimates in the financial statements;

Review with the independent auditors, the internal auditor (if any) and the financial and accounting personnel, the adequacy of the accounting and financial controls and elicits any recommendations for improvement or particular areas where augmented controls are desirable;

Review the internal audit function of the Company including the independence and authority of its reporting obligations, the audit plans proposed for the coming year and the coordination of such plans with the work of the independent auditors;

Receive before each meeting a summary of findings from completed internal audits and a progress report on the proposed internal audit plan with explanations for any deviations from the original plan;

Review the financial statements contained in the annual and quarterly reports with management and the independent auditors;

Review any year-to-year changes in accounting principles or practices;

Provide sufficient opportunity at each meeting for the internal and independent auditors to meet with the Committee without management present; among the items to be discussed in these meetings are the independent auditors' evaluation of the financial, accounting and auditing personnel, and their cooperation during the audit;

Review with the independent auditors any problems or difficulties the auditors may have encountered, including any disagreements with management;

Review accounting and financial personnel and succession planning;

Investigate any matter brought to its attention within the scope of its duties, with the power to retain professional advice (at the expense of the Company) for this purpose if, in its judgment, that is appropriate; and

Establish, as necessary, detailed pre-approval policies and procedures for engaging audit and non-audit services.

Audit, Audit-related and Other Non-Audit Services

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation for and overseeing the work of Ernst & Young LLP, our independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all

Explanation of Responses:

audit and permissible non-audit services provided by Ernst & Young LLP. For additional information regarding the services provided by Ernst & Young LLP and the fees for such services, see “Ratification of Appointment of Independent Registered Public Accounting Firm,” above on page 5.

Pre-approval Policies

The Audit Committee must pre-approve any audit or any permissible non-audit services to be provided by the independent registered public accounting firm. The Audit Committee has established pre-approval policies and procedures. Permissible non-audit services are services allowed under SEC regulations. The Audit Committee may pre-approve certain specific categories of permissible non-audit services up to an annual budgeted dollar limit. If any permissible non-audit services do not fall within a pre-approved category, or exceed the approved fees or budgeted amount, the services and the additional fees have to be pre-approved by the Audit Committee on a project-by-project basis. The Audit Committee may delegate to any member of the Committee the duty to pre-approve any payments of compensation to the independent registered public accounting firm, provided that the decisions of such member to grant pre-approvals shall be presented to the full Committee for ratification.

No required pre-approvals were waived or approved after the services commenced. Before approving the non-audit services described as “Tax Fees” under “Ratification of Appointment of Independent Registered Public Accounting Firm,” above on page 5, the Audit Committee reviewed whether the independent registered public accounting firm could provide those services and maintain its independence. The Audit Committee approved 100% of the audit-related and tax fees for 2016 and 2015.

Other Policies

The Audit Committee has adopted policies to ensure the independence of the Company's independent registered public accounting firm, including policies on employment of audit firm employees and audit partner rotation.

AUDIT COMMITTEE REPORT – FINANCIAL STATEMENTS RECOMMENDATION

Management is responsible for the preparation, presentation and integrity of Ryerson’s consolidated financial statements and the reporting process including Ryerson’s internal controls over financial reporting and their effectiveness. The independent registered public accounting firm of Ernst and Young LLP (“EY”) is responsible for performing an independent audit of Ryerson’s consolidated financial statements. The Audit Committee’s responsibility is to monitor and oversee these activities and processes. In this context, the Audit Committee reports as follows:

1. The Audit Committee has reviewed and discussed with management Ryerson’s audited consolidated financial statements as of and for the year ended December 31, 2016 and management has represented that the consolidated financial statements were prepared in accordance with generally accepted accounting principles;
2. The Audit Committee has discussed with EY the matters required to be discussed by Public Company Accounting Oversight Board (“PCAOB”) Auditing Standard No. 1301 (Communications with Audit Committees); and
3. The Audit Committee received the written disclosures and the letter from EY required by applicable requirements of the PCAOB regarding EY’s communications with the Audit Committee concerning independence, and has discussed with EY its independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements referred to above be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2016, for filing with the Securities and Exchange Commission.

Respectfully submitted by the Audit Committee:

Kirk K. Calhoun, Chair

Court D. Carruthers

COMPENSATION COMMITTEE

Our Compensation Committee reviews and recommends policies relating to compensation and benefits of our officers and employees, including reviewing and approving corporate goals and objectives relevant to the compensation of our chief executive officer and other named executive officers, evaluating the performance of those officers in light of those goals and objectives and setting compensation of those officers based on such evaluations. In 2016, the Compensation Committee met three times. The Compensation Committee consists of Messrs. Calhoun and Kotzubei and Ms. Sigler, of whom only Mr. Calhoun is independent under NYSE rules. Because Platinum owns more than 50% of the voting power of our common stock, we are considered to be a “controlled company” for the purposes of the NYSE rules. As such, we are permitted, and have elected, to opt out of the NYSE rules that would otherwise require our Compensation Committee to be comprised entirely of independent directors.

Our Board has adopted a written charter for the Compensation Committee, pursuant to which the Compensation Committee has, among others, the following authority to fulfill its duties and responsibilities:

Review, revise and interpret the Company’s compensation philosophy, policies and objectives, including reviewing and approving any incentive compensation plans and equity-based plans of the Company; and the Compensation Committee shall report its determinations and any actions it takes with respect to the Company’s compensation philosophy, policies and objectives to the Board;

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

This section explains our executive compensation philosophy, objectives and design; our compensation-setting process; our executive compensation program components; and the decisions made in 2016 with respect to the compensation of each of our named executive officers. The Company’s named executive officers for 2016 are:

Edward J. Lehner, President & Chief Executive Officer (“CEO”);

Erich S. Schnaufer, Chief Financial Officer (“CFO”);

Michael J. Burbach, President, North-West Region;

Kevin D. Richardson, President, South-East Region;

Mark S. Silver, Executive Vice President, General Counsel & Secretary; and

Roger W. Lindsay, Former Chief Human Resources Officer.

Mr. Lindsay retired effective April 1, 2016. Mr. Schnauffer, previously the Company's Interim Chief Financial Officer, became the Company's Chief Financial Officer in January 2016. Mr. Silver, previously the Company's Vice President, Managing Counsel and Secretary, became the Company's Executive Vice President, General Counsel & Secretary in February 2016.

Executive Compensation Philosophy

The Company's compensation decisions are based on the goals of recruiting, retaining and motivating individuals who could help us meet and exceed our financial and operational goals, for the purpose of providing meaningful returns to our stockholders.

Objectives. Ryerson's executive compensation program is designed to:

align the interests of executive management with stockholders;

provide market competitive compensation;

attract and retain talented executives;

differentiate rewards based on individual performance;

encourage long-term value creation; and

avoid incentivizing excessive risk-taking.

Principles. Ryerson seeks to promote a high-performance culture and create a compensation program that recognizes and rewards superior individual and Company performance. The following key principles are applied by the Board and our Compensation Committee when determining the compensation approach for the Company's executives:

Accountability – Performance-based compensation is tied to corporate results, applicable business unit results and individual performance metrics. This ensures executives are held accountable through their compensation for the performance of the business and for achieving the Company performance objectives, thereby enhancing stockholder value.

Competitive Positioning – Ryerson seeks to provide competitive total compensation that includes significant upside and downside potential for executives, with actual pay determined based on performance. For compensation decisions made based on peer group data, target compensation will be based upon a range around the median of the defined peer group.

Market Compensation Elements – The compensation components reflect the competitive marketplace so that we can attract, motivate, reward and retain talented executives through business cycles.

Consideration of Results of Advisory Vote on Executive Compensation

In accordance with the advisory vote on the frequency of the stockholder advisory vote on executive compensation submitted to stockholders at the Company's annual meeting of stockholders held in June 2015, the Company will hold a stockholder advisory vote on executive compensation every three years. The most recent executive compensation advisory vote was held at the Company's 2015 annual meeting of stockholders. At that time, our stockholders approved, by more than 99% of the shares voted, the compensation of our named executive officers as disclosed in the proxy statement for that meeting. This high level of support was a factor in the Compensation Committee's continued application of the same principles when making compensation decisions for our named executive officers for 2017.

We expect that our next executive compensation advisory vote will be held at our annual meeting of stockholders in 2018.

Determination of Compensation

The Board established the Compensation Committee to oversee matters including executive compensation. Since that time, the Compensation Committee has been responsible for executive compensation matters as further described above under “Compensation Committee,” beginning on page 18, and has authority to make decisions regarding the named executive officers’ compensation. In determining the levels and mix of compensation, our Compensation Committee has not generally relied on formulaic guidelines but rather has sought to maintain a flexible compensation program that allowed it to adapt components and levels of compensation to motivate and reward individual executives within the context of our desire to maximize stockholder value. Subjective factors considered in compensation determinations included an executive’s skills and capabilities, contributions as a member of the executive management team, contributions to our overall performance, and whether the total compensation potential and structure were sufficient to ensure the retention of an executive when considering the compensation potential that may be available elsewhere. In some cases in 2016, the Executive Committee of the Board made decisions regarding the compensation of our named executive officers, rather than the Compensation Committee.

Mr. Lehner’s Employment Agreement

On May 7, 2015, the Company entered into an employment agreement (“Mr. Lehner’s Employment Agreement”) with Mr. Lehner, pursuant to which he was appointed President & CEO of the Company, effective June 1, 2015. The terms of Mr. Lehner’s Employment Agreement were negotiated between Mr. Lehner and members of the Board and Mr. Lehner’s Employment Agreement was approved by the Board, in connection with his appointment. The Board determined it to be in the best interests of the Company to enter into the employment agreement with Mr. Lehner both as a means to induce Mr. Lehner to accept the CEO role and to insure that Mr. Lehner is bound by appropriate post-employment restrictive covenants which are described below under “Mr. Lehner’s 2015 Employment Agreement and Non-Competition Agreement,” on page 37.

Pursuant to the terms of the Mr. Lehner’s Employment Agreement, as amended, Mr. Lehner is entitled to an annual base salary of \$820,000 per year and has a target annual bonus opportunity equal to 110% of his base salary, based on the achievement of targets established pursuant to the Company’s Annual Incentive Plan. Also pursuant to Mr. Lehner’s Employment Agreement, Mr. Lehner received a grant of performance units (“PSUs”) and time-vesting restricted stock units (“RSUs”).

Additional details regarding the terms of Mr. Lehner’s Employment Agreement are described below under “Narrative Relating to Summary Compensation Table and Grants of Plan-Based Awards,” on page 37.

Use of Peer Groups for Compensation Matters

Ryerson management engaged Willis Towers Watson & Co., an executive compensation consultant, to assist in planning for the Company's executive compensation program after our initial public offering. As an outside advisor, Towers Watson assisted Ryerson management in evaluating executive compensation programs, providing general executive compensation consulting support including a review of Ryerson's compensation philosophy, examining existing compensation plans, and partnering with Ryerson management on development of competitive post-IPO executive total rewards design strategies and future compensation design strategies. Towers Watson completed competitive market positioning reviews of Ryerson's named executive officers, based upon an assessment of relevant total compensation comparative data obtained from surveys and publicly reported proxy statements. The comparative reviews assessed the named executive officers' base salaries, target annual bonuses (as a percentage of salary), total cash compensation and total direct compensation against the compensation paid to comparable executives of the companies listed below, as reported by those companies. The other companies (the "Peer Group") generally are competitors of Ryerson or conduct business in industries similar to Ryerson's and have annual sales comparable to Ryerson's.

AK Steel Holding Corporation	Gibraltar Industries, Inc.
A. M. Castle & Co.	Haynes International, Inc.
Allegheny Technologies Inc.	Kaman Corporation
Applied Industrial Technologies, Inc.	MRC Global Inc.
Carpenter Technologies Corp.	NCI Building Systems, Inc.
Commercial Metals Company	Olympic Steel, Inc.
Quanex Building Products Corporation	Schnitzer Steel Industries, Inc.
Reliance Steel & Aluminum Co.	Steel Dynamics Inc.
Russel Metals Inc.	Worthington Industries, Inc.

Management presented a summary of the Willis Towers Watson reviews to the Compensation Committee in December 2015. The Compensation Committee and Board considered Peer Group information in making some of its 2016 compensation decisions, as further described below.

Components of Compensation

The compensation provided to our named executive officers in 2016 consisted of the same elements generally available to our non-executive employees, including base salary, annual bonuses, and retirement and other benefits, each of which is described in more detail below. Additionally, our named executive officers received certain perquisites, our named executive officers participated in an equity-based long-term incentive program, and Mr. Lehner received a one-time incentive award payment, each as also described in more detail below. Our named executive officers may also receive compensation in connection with the termination of their employment in some circumstances, as further described below under “Narrative Relating to Summary Compensation Table and Grants of Plan-Based Awards,” on page 37, and under “Potential Payments Upon Termination or Change in Control,” on page 42.

Relationship Among the Different Components of Compensation

In order to ensure that named executive officers are held most accountable for our performance and changes in stockholder value, management and the committee generally allocate total compensation such that the portion of compensation attributable to fixed elements, such as salary and benefits, decreases with increasingly higher levels of responsibility, and the portion attributable to variable, performance-based elements increases with increasingly higher levels of responsibility. The value of the named executive officers’ 2016 base salaries, target annual bonus opportunities for 2016 and long-term incentive plan awards granted in 2016, as a percentage of those three components, are set forth below. Each component is discussed in more detail in the sections below.

Named Executive Officer	Base Salary*	Target Annual Bonus	Long-Term Incentive**	
Edward J. Lehner	35.56%	39.12%	25.32	%
Erich S. Schnauffer	50.73%	25.37%	23.90	%
Michael J. Burbach	47.47%	35.61%	16.92	%
Kevin D. Richardson	47.47%	35.61%	16.92	%
Mark S. Silver	53.46%	26.73%	19.81	%
Roger W. Lindsay	66.67%	33.33%	0.00	%

*The value of the base salaries is based on the named executive officers’ base salary rates as of December 31, 2016.

Explanation of Responses:

**The value of the long-term incentive award (RSUs and PSUs) is determined as the grant date fair value of the awards as described in footnote (3) to the Summary Compensation Table below on page 34.

Base Salary

The base salary payable to each named executive officer was intended to provide a fixed component of compensation reflecting the executive's skill set, experience, role and responsibilities, as well as to recruit well-qualified executives. Salary is paid to ensure that we are able to attract and retain the talent necessary to lead our Company and to ensure that sufficient fixed income is provided even when variable compensation programs pay out below target (or not at all), intending to help mitigate incentive for executives to assume overly risky business strategies.

The named executive officers' initial base salaries are generally determined in connection with the negotiation of their employment terms upon their hiring or promotion. The salary levels are then reviewed annually in connection with the Company's salary review for all management employees. Each year, the Company's Chief Human Resources Officer recommends to the CEO a salary adjustment for each officer reporting to the CEO (subsequent to Mr. Lindsay's April 1, 2016 retirement, this role is performed by the Executive Vice President, General Counsel & Secretary). This recommendation is based on a review of competitive market factors, Company budget considerations, retention considerations and the officer's performance during the prior year, including his performance against his personal goals determined at the beginning of the prior year. After reviewing this recommendation, the CEO may make modifications based on his own assessment of individual performance and then prepares salary recommendations for the officers reporting to him. The CEO then makes his recommendations to the Compensation Committee for each officer (other than himself); the chief human resources officer makes a recommendation directly to the Compensation Committee regarding the CEO's salary, which recommendation is determined in the same manner as his recommendations to the CEO regarding the other officers' salaries. The Compensation Committee members then review the salary recommendations and, after any adjustments, determine the officers' base salaries on behalf of the Company. In determining base salaries for our named executive officers for any particular year, the Committee generally considers, among other factors, competitive market practice, individual performance for the prior year and the mix of fixed compensation to overall compensation.

2016 Base Salaries

Mr. Lehner's base salary was increased from \$650,000 to \$670,000 effective as of July 4, 2016 and increased from \$670,000 to \$820,000 effective as of October 1, 2016. The Board approved the October 1, 2016 increase in conjunction with the simultaneous discontinuance of reimbursement for his housing in Chicago and travel to his home, as provided in his Employment Agreement described on page 23 and further detailed in footnote (6) to the Summary Compensation Table on page 34. In January 2016, the Executive Committee approved base salary increases for Mr. Schnauffer and Mr. Silver in conjunction with their appointments as Chief Financial Officer and Executive Vice President, General Counsel & Secretary, respectively. Mr. Schnauffer's base salary was increased from \$265,000 to \$295,000 effective January 25, 2016 and Mr. Silver's base salary was increased from \$275,000 to \$300,000 effective February 1, 2016.

With respect to the other named executive officers' base salaries in 2016, Mr. Lindsay, the Former Chief Human Resources Officer, considered the Peer Group information in determining his salary adjustment recommendations. Mr. Lindsay also presented this information to Mr. Lehner in connection with his recommendations regarding the salaries of such named executive officers. In February 2016, the Compensation Committee, considered the recommendations, the Peer Group information and other factors, including market competitiveness, and it modified the salaries of the other named executive officers as follows, effective July 2016:

Named Executive Officer	2016 Base Salary
Previous	Effective Date

	base salary	Base salary	
Michael J. Burbach	\$375,000	\$390,000	7/4/2016
Kevin D. Richardson	\$375,000	\$390,000	7/4/2016

Annual Bonus

The Company has historically maintained an annual incentive plan (“AIP”), pursuant to which its key managers (including our named executive officers) are eligible to receive performance-based cash bonuses tied to the Company’s achievement of specified financial performance targets for each year. Each year the Compensation Committee or Board establishes objective financial performance criteria that must be met by the Company in order for bonuses to be paid (usually establishing threshold, target and maximum payout levels for each type of performance criterion), and other terms and conditions of awards under the AIP. It also approves any changes to the bonus targets for the named executive officers, which are expressed as a percentage of annual salary base rates in effect at November 30 of the applicable AIP plan year. No cash AIP bonuses are payable unless we achieve the performance thresholds set for the performance period. The Compensation Committee and our Board generally view the use of cash AIP bonuses as an effective means to compensate our named executive officers for achieving our annual financial goals. In general, a participant must be employed by the Company or its subsidiaries through the end of the AIP plan year in order to receive an AIP bonus payment, although some exceptions exist for circumstances such as retirement, death or position elimination. Additional information regarding AIP bonus payments in these circumstances is included below under “Potential Payments Upon Termination or Change in Control,” below on page 42.

The named executive officers' target AIP bonus percentages are generally determined in connection with the negotiation of their employment terms upon their hiring or promotion. The target bonus percentages are then reviewed annually by the Company's Chief Human Resources Officer, who makes a recommendation to the CEO regarding any percentage adjustments for each officer reporting to the CEO. This recommendation is based on a review of competitive market factors and retention considerations. After reviewing this recommendation, the CEO may make modifications based on his own assessment, and then prepares recommendations for the officers reporting to him. The CEO then makes his recommendations to the Compensation Committee for each officer (other than himself); the Chief Human Resources Officer makes a recommendation directly to the Compensation Committee regarding the CEO's percentage, which recommendation is determined in the same manner as his recommendations to the CEO regarding the other officers' salaries. The Compensation Committee members then review the target bonus percentage recommendations and, after any adjustments, determine the officers' target bonus percentages on behalf of the Company. In determining target bonus percentage for our named executive officers for any particular year, the Committee generally considers the same factors it uses in determining base salary rate adjustments. If a participant's target bonus percentage is changed effective during a plan year, then the effective target bonus percentage for the plan year is a weighted average of the two percentages, based on the time during 2016 that each of the two percentages was in effect unless determined otherwise by the Compensation Committee.

2016 Annual Incentive Plan

In 2016, the Company's 2016 annual incentive plan (the "2016 AIP") was approved under the 2014 Omnibus Incentive Plan (the "Omnibus Plan"). The target 2016 AIP bonuses for our named executive officers are expressed as a percentage of their annual base salary rates in effect on November 30, 2016.

With respect to the named executive officers' target bonus percentages for 2016, Mr. Lindsay considered the Peer Group information in determining his target bonus percentage adjustment recommendations. Mr. Lindsay also presented this information to Mr. Lehner in connection with his recommendations regarding the target bonus percentages of such named executive officers. In February 2016, the Compensation Committee considered the recommendations, the Peer Group information and other factors, including the factors it considered in making base salary rate adjustments, and it modified the target bonus percentages of the other named executive officers as set forth in the below table, effective January 2016. The target AIP bonus levels were set to reflect the relative responsibility for our performance and to allocate appropriately the total cash opportunity between base salary and incentive-based compensation.

Named Executive Officer	2016 target bonus percentage
Erich S. Schnauffer	50 %
Michael J. Burbach	75 %

Edgar Filing: MILLS ANDREW G - Form 4

Kevin D. Richardson	75	%
Mark S. Silver	50	%

For the 2016 AIP, it was determined that a combination of earnings before interest, taxes, depreciation, amortization, reorganization, and other adjustments (“EBITDAR”), and “economic value added” (“EVA”) should be used as the performance measures for determining the cash AIP bonus payable to our named executive officers. EBITDAR and EVA were chosen as the appropriate performance measures to motivate our key executives, including the named executive officers, to both maximize earnings and increase utilization of our working capital.

EBITDAR is calculated as our net income excluding interest and other expense on debt, provision for income taxes, depreciation, amortization, reorganization, net last-in first-out inventory expenses, asset impairment expenses, and other charges (as reported in the Company’s annual audited financial statements included in the Company’s Form 10-K and other SEC filings).

EVA is the amount by which EBITDAR exceeded a carrying cost of capital applied to certain of our assets (“Cost of Capital”). Cost of Capital is equal to our net operating assets (accounts receivable plus average cost inventory plus property, plant & equipment, plus prepaid expenses & other assets, minus accounts payable, minus salaries & wages payable, and minus other current liabilities) (as reported in the Company’s annual audited financial statements included in the Company’s Form 10-K and other SEC filings) multiplied by the “cost of capital rate” of 15%. In summary, EVA is calculated as EBITDAR minus the Cost of Capital.

For Messrs. Lehner, Schnaufer and Silver 50% of their bonus opportunity for 2016 was based on Company (“corporate”) EBITDAR during 2016 and the remaining 50% was based on corporate EVA during 2016. For Messrs. Burbach and Richardson, 30% of their bonus opportunity for 2016 was split equally between corporate 2016 EBITDAR and EVA, and the remaining 70% was split equally between their respective assigned regions’ 2016 EBITDAR and EVA.

Actual Payouts under the 2016 AIP

In 2016, the Company’s financial performance resulted in a payout under the 2016 AIP for corporate performance with respect to corporate 2016 EBITDAR and EVA. The Company’s financial performance also resulted in a payout under the 2016 AIP for Messrs. Burbach’s and Richardson’s respective assigned regions’ 2016 EBITDAR and EVA. Information on the achievement of each corporate target for 2016 AIP purposes is shown in the table below.

Performance Criteria (Corporate)	Threshold (50% payout)	Target (100% payout)	Maximum (200% payout)	2016 Performance	Payout Percentage Performance	
2016 EBITDAR	\$ 160.0M	\$ 190.0M	\$ 250.0M	\$ 178.0M	80	%
2016 EVA	(\$ 15.4M)	\$ 10.9M	\$ 61.0M	\$ 14.1M	106	%

The named executive officers’ bonus opportunities under the 2016 AIP are set forth in the table below.

Named Executive Officer	Base salary ⁽¹⁾	Target 2016 AIP Bonus (as a percentage of base salary)	Target 2016 AIP Bonus (dollar amount)	Actual 2016 AIP Award Paid
Edward J. Lehner	\$820,000	110 %	\$902,000	\$840,664
Erich S. Schnaufer	\$295,000	50 %	\$147,500	\$137,470
Michael J. Burbach	\$390,000	75 %	\$292,500	\$414,218
Kevin D. Richardson	\$390,000	75 %	\$292,500	\$220,514
Mark S. Silver	\$300,000	50 %	\$150,000	\$139,800
Roger W. Lindsay	\$322,905	50 %	\$161,453	\$0 ⁽²⁾

(1) As of November 30, 2016.

(2) Mr. Lindsay retired effective April 1, 2016. Mr. Lindsay was ineligible for an AIP bonus payment under the terms of the separation and release agreement between the Company and Mr. Lindsay.

Long-Term Incentive Program

Retention Bonus Plan

On July 23, 2014, the Board adopted a new retention plan called the Ryerson Holding Corporation Retention Bonus Plan (the “Retention Bonus Plan”), which is intended to incentivize certain of our employees to continue with the Company following the IPO. Our Board administers the Retention Bonus Plan and is authorized to, among other things, construe, interpret and implement the plan, to prescribe, amend and rescind rules and regulations relating to the plan and make any other determinations that it deems necessary or advisable for the administration of the plan. The Board may also delegate to certain members of the Board, our officers or employees, or other committees, the authority, subject to such terms as the Board determines appropriate, to perform such functions, including but not limited to administrative functions. Any action of the Board (or its authorized delegates) will be final, conclusive, and binding on all persons, including the Company and plan participants.

Under the Retention Bonus Plan, participants were granted a number of units, which corresponds to their allocation of the total bonus pool that may be awarded under the plan. The total number of units that were made available for grant under the plan was 10,000,000 units, and the total amount of the bonus pool allocated among participants was \$10,000,000. Each of our named executive officers participates in the Retention Bonus Plan and was granted the following number of units: Mr. Lehner, 1,574,803 units; Mr. Schnauffer, 393,700 units; Mr. Burbach, 1,338,583 units; Mr. Lindsay, 1,181,102 units; Mr. Richardson, 1,338,583 units; and Mr. Arnold, 1,811,024 units.

The named executive officers' units vested 20% upon the effectiveness of the IPO and vest 20% on each of the next three anniversaries of the effectiveness of the IPO; provided that (i) all unvested units would be accelerated and vest immediately as of the date the Company achieves a TTM EBITDAR of \$400 million or greater; (ii) any units scheduled to vest on the third anniversary of the IPO would be accelerated and vest immediately as of the date the Company achieves a TTM EBITDAR of at least \$325 million (but less than \$400 million) prior to the third anniversary of the IPO; (iii) any units scheduled to vest on the fourth anniversary of the IPO would be accelerated and vest immediately as of the date the Company achieves a TTM EBITDAR of at least \$280 million (but less than \$400 million); and (iv) all unvested units would be accelerated and vest immediately as of the date Platinum ceases to hold at least 5% of the outstanding shares of our common stock. Payment of vested bonus amounts is made on the next payroll date after vesting that is at least five business days after the applicable vesting date. For purposes of the Retention Bonus Plan (i) "TTM EBITDAR" means the trailing twelve month period of EBITDAR, and (ii) "EBITDAR" means net income before interest and other expense on debt, provision for income taxes, depreciation and amortization expense, reorganization expenses, advisory services fees and termination costs, debt retirement expenses, foreign currency (gains) losses, impairment charges, purchase consideration expenses, other adjustments and last in, first out inventory accounting expense (income).

In August 2016, 20% of the units of the named executive officers other than Mr. Arnold vested and were paid in cash as set forth in the table below, after the second anniversary of the IPO:

Named Executive Officer	Retention Bonus Plan – 2016 Payment
Edward J. Lehner	\$ 314,961
Erich S. Schnauffer	\$ 78,740
Michael J. Burbach	\$ 267,717
Kevin D. Richardson	\$ 267,717

On a participant's termination of employment with the Company without "cause" (as defined in the plan), for "good reason" (as defined in the plan), due to death or "disability" (as defined in the plan) or upon a voluntary resignation that the Board determines in its sole discretion to treat as a "qualified retirement," any unvested units shall immediately vest and become payable on the next payroll date after vesting that is at least five business days after the date of termination. On all other terminations of employment prior to vesting, any unvested units and corresponding bonus amounts will be forfeited.

Mr. Lindsay retired on April 1, 2016. The Compensation Committee recommended, and the Board approved, the determination that Mr. Lindsay's upcoming retirement would be treated as a qualified retirement under the Retention Bonus Plan, resulting in his unvested units vesting upon his retirement. As a result, Mr. Lindsay's remaining units under the Retention Bonus Plan vested and were paid to him in cash in connection with his retirement on April 1, 2016, resulting in a payment of \$708,661.

Long-Term Incentive Plan ("LTIP")

In March 2016, the Company made equity awards to some of its employees, including its named executive officers. The Compensation Committee expects that the Company will make equity awards to select employees on an annual basis under an LTIP, in order to serve several compensation objectives. First, the Compensation Committee believes that equity awards, in tandem with our executive stock ownership guidelines described below under "Executive Stock Ownership Guidelines," on page 33, encourage ownership of our common stock by our executive officers, which aligns the interests of those officers with those of our stockholders. In addition, the vesting provisions applicable to the awards help retain executive officers and reward the achievement of long-term business objectives that benefit our stockholders. The Compensation Committee believes that performance metrics applicable to long-term incentive awards are particularly critical to encourage forward planning for our success. The Compensation Committee intends to continue to align the metrics for future long-term incentive compensation programs with the Company's strategic goals as they evolve.

The equity awards are issued under the Omnibus Plan, which was approved by our stockholders prior to the IPO. The Omnibus Plan permits the grant of various types of awards which allows the Compensation Committee to choose awards it believes will provide competitive long-term incentive compensation.

The Compensation Committee expects to approve annually the design of the LTIP for the upcoming year and to make LTIP equity awards to named executive officers on an annual basis. Management, including the President & CEO, the CFO and the Chief Human Resources Officer, discuss and determine the initial LTIP program elements for recommendation to the Compensation Committee. This includes the type of equity award to be granted as well as the aggregate size of the awards for all selected employees. After considering management's recommendation and other factors, the Compensation Committee then determines the design of the LTIP for the upcoming year, as well as the types and sizes of awards to the named executive officers.

In determining the type and aggregate size of all awards to be provided and the type and size of awards to the named executive officers, as well as the performance metrics that may apply, the Compensation Committee may consider factors including the strategic goals of the Company, trends in corporate governance, accounting impact, tax-deductibility, the Company's aggregate budget for long-term incentive compensation, cash flow, the impact on the Company's earnings per share and the number of shares of common stock that would be required to be allocated. The Compensation Committee may also consider some or all of the following: the officer's original terms of hire, performance against annual performance goals, and considerations of fairness and comparability within the Company. The Compensation Committee also reviews and may adjust the target long-term incentive award at the time of promotions or other significant increases in executive responsibilities.

2016 LTIP – Type of Equity Granted and Performance Metrics

Management presented Peer Group data and other general survey data from Willis Towers Watson regarding long-term incentive awards to the Compensation Committee. This data included information regarding award types, mix of awards and award vesting periods. After consideration of the information and management's recommendations, in February 2016 the Board approved the 2016 LTIP and the named executive officers' LTIP awards.

Under the 2016 LTIP, named executive officers received a combination of RSUs and PSUs. Each named executive officer's 2016 LTIP award consisted of a number of RSUs and PSUs; two-thirds of the total number of RSUs and PSUs granted consisted of PSUs and one-third of the total number consisted of RSUs. More PSUs were granted than RSUs in order to place greater emphasis on improving financial performance.

The RSUs and PSUs awarded under the 2016 LTIP were granted in March 2016. All of the RSU and PSU awards were subject to award agreements and the terms of the Omnibus Plan.

Restricted Stock Units (“RSUs”)

A restricted stock unit is a right to receive a share of Ryerson common stock (or cash based on the value of a share of stock) on a specified vesting date in the future. The RSUs will vest on each of the first three anniversaries of the RSU grant date, provided that the recipient remains employed by the Company through the applicable vesting date.

Under the form of RSU award agreement applicable to the RSUs under the 2016 LTIP, holders of the RSUs accrue dividend equivalents with respect to the RSUs in the event the Company declares a cash dividend on its common stock, but they have no rights as stockholders with respect to the RSUs (e.g., no voting rights). Holders of the RSUs may not sell, assign or otherwise transfer the RSUs, and any unvested RSUs are forfeited if the holder’s employment is terminated for any reason.

Performance Units (“PSUs”)

A performance unit is a right to receive a share of Ryerson common stock (or cash based on the value of a share of stock) on a specified vesting date in the future, subject to the level of achievement of predetermined organizational performance goals over a specified period of time. The PSUs awarded under the 2016 LTIP will vest, if at all, after the third anniversary of the PSU grant date. Vesting of the PSUs is subject to the recipient remaining employed by the Company through the vesting date, and the portion of the PSUs that vest will depend on the level of the Company’s performance over the three-year period from 2016 through 2018 (the “PSU Performance Period”) against certain performance objectives. The actual number of shares of Ryerson common stock received with respect to a PSU award might not equal the targeted number of shares, depending on the Company’s performance. The three-year performance period was chosen to emphasize the importance of achieving longer-term goals in creating value for stockholders, and to diminish the effect of short-term macroeconomic volatility on achievement of longer-term objectives of the 2016 LTIP.

Under the form of PSU award agreement applicable to the PSUs under the 2016 LTIP, holders of the PSUs have no rights as stockholders with respect to the PSUs (e.g., no voting rights) and do not accrue any dividend equivalent rights. Holders of the PSUs may not sell, assign or otherwise transfer the PSUs, and any unvested PSUs are forfeited if the holder’s employment is terminated for any reason.

PSU Performance Objectives

Payment under the PSUs is subject to the achievement of two PSU performance objectives – (i) a “Cumulative Managerial Controllable Free Cash Flow” performance objective and (ii) a “Relative Free Cash Flow Yield” performance objective.

“Cumulative Managerial Controllable Free Cash Flow” means the sum of Adjusted EBITDA, excluding LIFO expense or income (as reported in the Company’s SEC filings for the applicable period), plus or minus changes in the Consolidated Statements of Cash Flows for inventory, accounts receivable, accounts payable, capital expenditures, and proceeds from asset sales, for the Company’s 2016, 2017 and 2018 fiscal years (as reported in the Company’s Forms 10-K) combined.

“Relative Free Cash Flow Yield” determination begins by calculating the Company’s “Free Cash Flow Yield,” which is defined as (A) divided by (B), where (A) is cash flow from operating activities, less capital expenditures, plus proceeds from the sale of assets (“Free Cash Flow”) for a fiscal year during the Performance Period (all as reported on Form 10-K), and (B) is stock market capitalization for the last day of such fiscal year. The same calculation for each

comparative fiscal year during the Performance Period is performed for a group of the Company's publicly traded direct competitors (the "LTIP Competitors Group") by summing LTIP Competitors Group's Free Cash Flows and dividing by their aggregate equity market capitalizations on the last day of such fiscal year to compute a LTIP Competitors Group equity market capitalization weighted Free Cash Flow Yield. Relative Free Cash Flow Yield is determined by comparing the Company's Free Cash Flow Yield metric against the LTIP Competitors Group's for each fiscal year 2016, 2017 and 2018. A positive Relative Cash Flow Yield exists for a fiscal year if the Company's Free Cash Flow Yield for that year is greater than that of the LTIP Competitors Group for the same year.

Determining PSUs Earned and Award Range

The actual number of PSUs, if any, that are earned will be based on the Company's Cumulative Managerial Controllable Free Cash Flow and Relative Free Cash Flow Yield for the Performance Period. In order for any PSUs to be earned for the Performance Period, both (i) Cumulative Managerial Controllable Free Cash Flow must be achieved at a level at least equal to the threshold performance level, and (ii) Relative Free Cash Flow Yield must be positive in at least one of the three years measured during the Performance Period. If both such conditions are met, the number of PSUs earned will be equal to one-third of the target number of PSUs set forth in Section 1, multiplied by (i) the number of years during the Performance Period (out of three) that the Relative Free Cash Flow Yield was positive, multiplied by (ii) the Percent of Shares Earned based on Cumulative Managerial Controllable Free Cash Flow. The Percent of Shares Earned based on Cumulative Managerial Controllable Free Cash Flow is 50% for performance at the threshold level and increases up to 100% for performance at a target level. Performance at a level above a target level does not result in shares earned in excess of the target number of PSUs awarded. The level of difficulty of attaining the Cumulative Managerial Controllable Free Cash Flow performance objectives is moderate, based on projected results over the performance period. Overall attainment is predicated on attainment of the Relative Free Cash Flow Yield, which is dependent in part upon the performance of the LTIP Competitors Group. When granted, the company expects that performance results will be in the range between threshold and target levels.

Named Executive Officer 2016 LTIP Awards

On February 25, 2016, after review of management's recommendations regarding the type and size of 2016 LTIP awards to the named executive officers, the Board awarded the named executive officers the following 2016 LTIP awards, which were granted in August 2016. Mr. Lindsay had announced his retirement prior to the grant of the 2016 LTIP awards and did not receive a 2016 LTIP award.

Named Executive Officer	PSUs	RSUs
	(units)	(units)
Edward J. Lehner	70,350	34,650
Erich S. Schnauffer	16,750	8,250
Michael J. Burbach	16,750	8,250
Kevin D. Richardson	16,750	8,250
Mark S. Silver	13,400	6,600

* One-third of such RSUs will vest on each of the first three anniversaries of the RSU grant date.

The Board approved 2016 LTIP awards to the named executive officers after considering Peer Group data, the officers' positions and shares available for allocation under the Omnibus Plan.

Additional information regarding the 2016 LTIP equity awards granted to our named executive officers, including the threshold and target award amounts for the PSUs granted to each of our named executive officers, is included in the table below under "Grants of Plan-Based Awards," on page 36.

Retirement Benefits*Defined Contribution Plans*

Our tax-qualified employee savings and retirement plan (the “401(k) Plan”) covers certain full- and part-time employees, including our named executive officers. Under the 401(k) Plan, employees may elect to reduce their current compensation up to the statutorily prescribed annual limits and have the amount of such reduction contributed to the 401(k) Plan. Our Board believes that the 401(k) Plan provides an important and highly valued means for employees to save for retirement.

Our Board reviewed the basic employee matching contribution policy under the 401(k) Plan in 2013 and concluded that it was competitive as compared to that of other employers. With respect to the 401(k) Plan, in 2016, we matched 100% of the first 4% of each employee’s contributed base salary and 50% of the contributions from 4% to 6% of the employee’s contributed base salary. All of our named executive officers participated in the 401(k) Plan on the same basis as our other employees in 2016.

We also maintain a nonqualified savings plan, which is an unfunded, nonqualified plan that allows highly compensated employees who make the maximum annual contributions allowed by applicable law to the 401(k) Plan to make additional deferrals in excess of the statutory limits. Under this plan, participants may contribute from 1% to 10% of their base salary. Just as we do for the 401(k) Plan, under this plan we match 100% of the first 4% of each participant’s contributed base salary contributed and 50% of the contributions from 4% to 6% of the participant’s contributed base salary. Our Board believes that our nonqualified savings plan provides an enhanced opportunity for our eligible employees, including our named executive officers, to plan for and meet their retirement savings needs. In 2016, none of our named executive officers contributed to the nonqualified savings plan and we did not make any contributions to it on behalf of any of them. As of December 31, 2016, Messrs. Burbach and Richardson each had an aggregate account balance under the nonqualified savings plan, equal to \$11,005 and \$35,819, respectively. For additional information, see “Nonqualified Deferred Compensation,” below on page 41.

Pension Plans

We currently sponsor the Ryerson Pension Plan, a qualified defined benefit pension plan. Of our named executive officers, only Messrs. Burbach and Richardson were eligible to participate in the Ryerson Pension Plan. Mr. Burbach was eligible to participate in the Ryerson Pension Plan under the Ryerson Pension Plan Supplement for Former Participants in the Integris Metals, Inc. Pension Plan, which was frozen as of December 31, 2005, and Mr. Richardson was eligible to participate in the Ryerson Pension Plan under the Ryerson Pension Plan Supplement for Salaried Employees of Ryerson Inc. and Certain Subsidiaries, which was frozen as of December 31, 1997.

We also sponsor the Integris Metals, Inc. Excess Retirement Benefit Plan, a nonqualified supplemental pension plan, in which only Mr. Burbach participated. This plan was frozen as of December 31, 2005.

Mr. Burbach's combined frozen pension benefit from these pension plans is approximately \$74,949 annually upon his retirement upon reaching retirement age under the plans, which is 62 years. Mr. Richardson's combined frozen pension benefit from these pension plans is approximately \$13,227 annually upon his retirement; due to the length of his service at the Company, Mr. Richardson could retire at any time and receive this benefit. These plans are described in further detail below under "Pension Benefits," on page 40.

Perquisites and Other Benefits

All of our named executive officers were eligible for coverage under our health insurance programs, as well as group life insurance, short-term disability and long-term disability benefits, on the same terms as our other employees.

Housing and Relocation Expenses

Mr. Lehner's employment agreement executed in 2012 and in effect prior to the effectiveness of Mr. Lehner's Employment Agreement provided for Company payments for temporary housing in Chicago, weekly round trip airfare to Ohio, and payments pursuant to the relocation policy, which provided for payment of, or reimbursement for, certain expenses such as moving expenses, buying and selling a home, and a tax gross-up for any income related to such relocation payments and reimbursements. Under Mr. Lehner's Employment Agreement effective June 1, 2015, the Company extended Mr. Lehner's temporary housing and transportation payments through August 31, 2016, and included a tax gross-up for such payments. Mr. Lehner's Employment Agreement also provides for support for Mr. Lehner with respect to his relocation to the Chicago area. In August 2016, the Compensation Committee agreed to extend this arrangement through September 30, 2016, after which Mr. Lehner would receive a base salary increase to defray these expenses and the associated income taxes. Our Board believed that Mr. Lehner should not suffer any adverse financial impact due to his working in Illinois. Effective September 1, 2016, the Board increased Mr. Lehner's base salary by \$150,000.

Employment Agreements

Our Compensation Committee believes that employment agreements with our named executive officers are valuable tools to both enhance our efforts to retain these executives and protect our competitive and confidential information.

We are party to agreements with each of our named executive officers that govern their employment with the Company. Mr. Lehner's Employment Agreement and the other named executive officers' employment agreements are described in more detail under "Narrative Relating to Summary Compensation Table and Grants of Plan-Based Awards," below on page 37. Mr. Lehner's Employment Agreement is also further described under "Mr. Lehner's Employment Agreement," above on page 23. The estimates of the value of the benefits potentially payable under these agreements upon a termination of employment or change of control are included under "Potential Payments Upon Termination or Change in Control," below on page 42.

Compensation Risk Management

The Company's management conducts a risk-assessment annually related to the Company's compensation programs and presents to the Compensation Committee its assessment of the related risks. The Company's assessment included a review and assessment of risks related to Company's AIP and LTIP discussed in this proxy statement as well as sales incentive plans applicable to the Company's sales employees. We have reviewed our compensation policies and practices and have determined that those policies and practices are not reasonably likely to have a material adverse effect on the Company.

Tax Considerations and Deductibility of Compensation

Section 162(m) of the Code generally disallows public companies a tax deduction for compensation in excess of \$1 million paid to their chief executive officers and the three other most highly compensated executive officers (other than the chief financial officer), unless an exemption applies. For example, compensation that qualifies as “performance-based” is excluded for purposes of calculating the amount of compensation subject to the \$1 million limit. We intend to rely on transitional relief under Code Section 162(m) that exempts newly-public companies from the limitations on deductibility, for so long as such transition rules apply to us. After the transition period, our intent generally is to design and administer executive compensation programs in a manner that will preserve the deductibility of compensation paid to our executive officers, and we believe that a substantial portion of our current executive compensation program would satisfy the requirements for the performance-based compensation exception from the \$1 million deduction limitation. None of the named executive officers’ compensation for 2016 was not deductible for purposes of Code Section 162(m). However, the Compensation Committee may, from time to time, design programs that are intended to further our success, including by enabling us to continue to attract, retain, reward and motivate highly-qualified executives that may not qualify as performance-based compensation under Code Section 162(m).

Executive Stock Ownership Guidelines

In June 2015, the Board established stock ownership guidelines for executive officers, including all named executive officers. The guidelines are intended to increase the stake these officers hold in the Company and to more closely align their interests with those of our stockholders. The guidelines provide that officers meet the following stock ownership requirements:

The President & CEO should acquire and maintain stock ownership equal in value to five times his base salary;

The CFO should acquire and maintain stock ownership equal in value to three times his base salary;

Each Regional President should acquire and maintain stock ownership equal in value to three times his base salary;
and

Other executive officers should acquire and maintain stock ownership equal in value to one time his base salary.

Executive officers have five years to achieve the above ownership requirements from the date the ownership guidelines were adopted. Newly hired and promoted executive officers will have five years from the date they are

appointed to achieve their ownership requirements. Shares purchased by the executive officer and vested RSUs and PSUs are included in the calculation of stock ownership levels.

Based on the closing price per share of our common stock on the NYSE on December 30, 2016, of \$13.35 per share, the last trading day of fiscal year 2016, as of that date our continuing named executive officers held the following percentages of their base salaries at that date: Mr. Lehner, 149%; Mr. Schnaufer, 48%; Mr. Burbach, 145%; Mr. Richardson, 208%; and Mr. Silver, 27%.

Prohibition on Speculative Stock Transactions

The Company considers it improper and inappropriate for our officers and directors to engage in speculative transactions in Ryerson securities. Therefore, our insider trading policy prohibits such persons from engaging in short sales of our securities and certain other inherently speculative transactions in our securities.

2017 Base Salaries

In 2016, the Compensation Committee engaged Vivient Consulting LLC (“Vivient”), as executive compensation consultant to provide information in connection with the Company’s design of its executive compensation program for 2017. Vivient provided data to the Committee.

Vivient presented a summary of their assessment to the Compensation Committee in December 2016. The Compensation Committee and Board considered the information in making compensation decisions in March 2017.

With respect to the base salaries of the named executive officers, on March 8, 2017 the Compensation Committee approved increases in annual base salary for Mr. Lehner from \$820,000 to \$850,000, for Mr. Burbach from \$390,000 to \$405,000, for Mr. Richardson from \$390,000 to \$405,000, for Mr. Schnauffer from \$295,000 to \$310,000, and for Mr. Silver from \$300,000 to \$310,000. Mr. Silver recommended annual base salary adjustments for the named executive officers other than the CEO to Mr. Lehner based on competitive market data, individual performance and Company budget considerations. Mr. Lehner reviewed and approved these recommendations for consideration by the Compensation Committee. Mr. Silver also recommended directly to the Committee a base salary adjustment for Mr. Lehner. The base salary adjustments approved on March 8, 2017 will become effective in June 2017.

Recommendation

As set forth in the “Compensation Committee Report” above on page 20, the committee has reviewed this Compensation Discussion and Analysis and recommended its inclusion in this proxy statement.

Compensation Tables

The following table presents compensation information for Mr. Lehner, our President & CEO; Mr. Schnauffer, our CFO; and Messrs. Burbach and Richardson, our two next most highly compensated executive officers serving on December 31, 2016. It presents compensation information for Messrs. Lehner, Burbach, Lindsay and Richardson for the last three years, and compensation information for Mr. Schnauffer for 2016 and 2015 only, since he was not a named executive officer in 2014, and compensation for Mr. Silver for 2016 only, since he was not among the three highest paid executives other than the President & CEO and the CFO in prior years.

Mr. Lehner served as the Company's Executive Vice President & Chief Financial Officer until he became the Company's President & CEO, effective June 1, 2015. Mr. Schnaufer, previously the Company's Interim Chief Financial Officer was appointed as the Company's Chief Financial Officer in January 2016. Mr. Silver previously the Company's Vice President, Managing Counsel and Secretary, was appointed the Company's Executive Vice President, General Counsel & Secretary in February 2016.

For 2015, consists of a discretionary bonus awarded to Mr. Lehner which was paid to him in March 2016. For 2016, consist of discretionary bonuses awarded to Messrs. Schnaufer, Burbach, Richardson and Silver, which were paid to them in March 2017.

The amounts in this column reflect the aggregate grant date fair values of the restricted stock units ("RSUs") and performance units ("PSUs") awarded to the named executive officers on March 31, 2016, under the 2016 LTIP, as further described above under "Long-Term Incentive Plan ('LTIP')," on page 28, and below under "Grants of Plan-Based Awards," on page 36. The grant date fair value of the RSU and PSU awards was computed in accordance with FASB ASC Topic 718 and the per-unit grant date fair value of each award was determined to be the closing price per share of our common stock on the day of grant, \$5.56 per share. This determination with respect to the PSUs assumes that the PSUs will be earned at target performance levels and is consistent with the estimate of aggregate compensation cost to be recognized over the performance period determined as of the grant date, excluding the effect of estimated forfeitures.

For 2016, consists of each named executive officer's Retention Bonus Plan payments described under "Retention Bonus Plan," above on page 27. As a result of Mr. Lindsay's qualified retirement under the Retention Bonus Plan, all of his remaining units under the Retention Bonus Plan vested and were paid to him in cash in connection with his retirement as of April 1, 2016, resulting in a payment of \$708,661.

For 2016, there was an increase in the actuarial present value of Mr. Burbach or Mr. Richardson's accumulated benefits under our pension plans. Due to an increase in the discount rate used in the actuarial present value calculation over the prior fiscal year-end measurement date, the value of Mr. Burbach's accumulated benefits increased by \$65,249 and the value of Mr. Richardson's accumulated benefits increased by \$10,391. For additional information, see "Pension Plans," above on page 31, and "Pension Benefits," below on page 40. The remainder of the amounts shown for Messrs. Burbach and Richardson consist of the aggregate earnings on their balances in the nonqualified savings plan. For additional information, see "Nonqualified Deferred Compensation" on page 41.

- With respect to the 2016 LTIP Awards, on February 25, 2016, the Board approved the number of RSUs and PSUs to be granted to each named executive officer and directed that the awards be granted at a later date determined administratively appropriate by the Company’s CEO. For more information regarding the 2016 LTIP awards, see the discussion under “Long-Term Incentive Plan (‘LTIP’),” above on page 28. With respect to the 2016 AIP awards, on February 25, 2016, the Compensation Committee approved the AIP, including the performance measures on which the cash AIP bonus payments would be based. For more information regarding the 2016 AIP awards and the determination of the AIP target bonus percentages, see the discussion under “2016 Annual Incentive Plan,” above on page 26.
- (1) 2016 AIP awards consist of annual incentive bonus opportunities for each of the named executive officers awarded under the 2016 AIP. See the description of the 2016 AIP under “2016 Annual Incentive Plan,” above on page 26. The award amounts paid are based on a percentage of the named executive officers’ annualized salaries in effect on November 30, 2016. Actual 2016 AIP award payments for the fiscal year reported are listed under “Actual Payouts under 2016 AIP,” above on page 27.
- (2) Reflects long-term incentive awards in the form of performance-based PSUs granted to the named executive officers (other than Mr. Lindsay) under the 2016 LTIP on March 31, 2016, in accordance with the Omnibus Plan as discussed under “Long-Term Incentive Plan (‘LTIP’),” beginning on page 28. These awards are also included in column (i) of the “Outstanding Equity Awards at Fiscal Year-End” table on page 39 and the aggregate grant date fair value is included in column (e) of the “Summary Compensation Table,” on page 34. The maximum number of shares that may be earned with respect to the PSUs is equal to the number of shares earned at target level performance.
- (3) Reflects long-term incentive awards in the form of time-based RSUs granted to the named executive officers (other than Mr. Lindsay) under the 2016 LTIP on March 31, 2016, in accordance with the Omnibus Plan as discussed under “Long-Term Incentive Plan (‘LTIP’),” beginning on page 28. These awards are also included in column (g) of the “Outstanding Equity Awards at Fiscal Year-End” table on page 39, and the aggregate grant date fair value is included in column (e) of the “Summary Compensation Table,” on page 34.
- (4) The grant date fair value of the RSUs and PSUs described in notes 3 and 4 to this table, which were granted to the named executive officers on March 31, 2016, under the 2016 LTIP, as further described above under “Long-Term Incentive Plan (‘LTIP’),” on page 28. The grant date fair value of the RSU and PSU awards was computed in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures and as further described

above in footnote (3) to the Summary Compensation Table on page 34. This determination with respect to the PSUs is calculated based on probable performance (or target performance) achievement.

Narrative Relating to Summary Compensation Table and Grants of Plan-Based Awards

Each of our named executive officers was a participant in the 2016 Long-Term Incentive Plan, and the 2016 Annual Incentive Plan. Messrs. Lehner, Schnaufer, Burbach and Richardson were participants in the Retention Bonus Plan. For additional information on the 2016 LTIP, please see “Long-Term Incentive Plan (‘LTIP’),” above on page 28, for additional information on the 2016 Annual Incentive Plan, please see “2016 Annual Incentive Plan,” above on page 26, and for additional information on the Retention Bonus Plan, please see “Retention Bonus Plan,” above on page 27. We are also party to employment agreements with each of our named executive officers as described below. References to termination for “cause” or for “good reason” relate to the terms as defined in the applicable employment agreements.

Mr. Lehner

Mr. Lehner’s 2015 Employment Agreement and Non-Competition Agreement

In May 2015, the Company and Mr. Lehner entered into a new employment agreement for Mr. Lehner to serve as our President & CEO. Mr. Lehner’s Employment Agreement, which is also further described under “Mr. Lehner’s Employment Agreement,” above on page 23, provides for at-will employment, an initial annual base salary of \$650,000 per year, a target annual bonus opportunity equal to 110% of Mr. Lehner’s base salary based on the achievement of targets established pursuant to the AIP, and four weeks of paid vacation. It provided for an initial long-term incentive award grant of performance share units and time-vesting restricted stock units in amounts that total 90,000, which were awarded under the 2015 LTIP in August 2015. The Board subsequently increased Mr. Lehner’s annual base salary in June 2016 to \$670,000.

Additionally, Mr. Lehner’s Employment Agreement provided for reimbursement of his temporary living expenses through August 31, 2016, including rent, utilities and upkeep of an apartment in Chicago, weekly transportation costs between Mr. Lehner’s home in the Cleveland area and Chicago, and tax gross-up to cover any personal income taxes associated with these covered expenses. The employment agreement also provided relocation assistance, broadly in line with the Company’s relocation policy, the terms of which will be agreed between Mr. Lehner and the Company’s Board of Directors at such time he relocates to the Chicago area. In August 2016, the Compensation Committee agreed to extend this arrangement through August 30, 2016, after which Mr. Lehner would receive a base salary increase to defray these expenses and the associated income taxes. Our Board believed that Mr. Lehner should not suffer any adverse financial impact due to his working in Illinois. Effective September 1, 2016, the Board increased Mr. Lehner’s base salary by \$150,000, to \$820,000.

In connection with the execution of Mr. Lehner's Employment Agreement, Mr. Lehner and the Company also entered into a confidentiality, non-competition and non-solicitation agreement ("Non-Competition Agreement") effective on the date of his appointment as our President & CEO. Its confidentiality provisions require Mr. Lehner to keep confidential and not disclose confidential information relating to the Company, its subsidiaries and affiliates, its customers and/or vendors and suppliers. Under the agreement's non-competition and non-solicitation provisions, during Mr. Lehner's employment and for a period of 18 months after the termination of his employment for any reason, Mr. Lehner may not (a) own, operate, manage, control, participate, consult with, advise or have any financial interest in any a person or entity engaged in the metal service center processing and/or distribution business, (b) engage in the start-up of a business in competition with the Company's business, (c) call upon, solicit business from or sell any products sold or distributed by the Company to any customer or prospective customer of the Company with whom employees of the Company had contact during Mr. Lehner's employment with the Company, (d) encourage any employees of the Company to seek or accept an employment or business relationship with a person or entity other than the Company, or in any way interfere with the relationship of the Company and any of its employees, or (e) encourage any supplier, distributor, franchisee, licensee or other business relation of the Company to cease or curtail doing business with the Company, or in any way interfere with the relationship between any such customer, supplier, distributor, franchisee, licensee or business relation and the Company.

The Non-Competition Agreement also contains provisions regarding Mr. Lehner's rights and payments owed to him upon his termination. In the event that Mr. Lehner's employment is terminated by the Company without "cause" or by him for "good reason" (each as defined in the Non-Competition Agreement), he will, subject to his execution of a release in favor of the Company and certain other conditions, be entitled to an amount equal to eighteen months of his then current base salary and subsidized COBRA continuation of his medical and dental benefits coverage.

Messrs. Schnaufer, Burbach and Richardson

We entered into employment agreements with Messrs. Schnaufer, Burbach and Richardson in September 2005, January 2005 and December 2004, respectively, in connection with their respective positions at those times. The employment agreements have remained in effect since that time, although provisions regarding compensation items such as annual base salary, target annual bonus opportunity as a percentage of salary and other compensation elements have been modified, including by a most recent amendment in April 2009. The ongoing terms of the three agreements are substantially the same and are described below.

Each employment agreement provides that the Company and the officer may each terminate the agreement for any or no reason on 30 days' prior notice. In the event that the officer's employment is terminated by us without cause or by him for good reason, he will be entitled to continue to receive his base salary, payable in installments in accordance with normal payroll practices, commencing on his termination date and ending on the earlier of (i) the twelfth month after the termination date, (ii) the date he violates or initiates any legal challenge to certain provisions of the agreement including confidentiality, non-compete and non-solicitation obligations imposed by the employment agreement, or (iii) the date of his death or the date he is determined to be eligible for benefits under our long-term disability plan. Additionally, the officer would also receive a payment equal to the average of the Annual Incentive Plan awards paid to him in the three years immediately preceding his termination date, payable in the first quarter of the year following the year of his termination. Further, he may be eligible for a pro-rated portion of the Annual Incentive Plan award for the year of his termination, based on the number of months during that year that elapsed prior to his termination date, and depending on the Company's attainment of the applicable performance measures for that year, which pro-rated amount would be payable in the first quarter of the year following the year of his termination.

Each employment agreement contains confidentiality, non-compete and non-solicitation provisions. The confidentiality provisions require the officer to keep confidential and not disclose confidential information relating to the Company, its subsidiaries and affiliates, its customers and/or vendors and suppliers. Under the non-solicitation and non-competition provisions, beginning on the date of the employment agreement and ending twelve months after his employment termination date, the officer may not (a) own, operate, manage, control, participate, consult with, advise or have any financial interest in (including as a stockholder, agent, director, officer, employee or consultant or contractor) any competitor (as defined below), or in any manner engage in the start-up of a business in competition with the Company's business (subject to an exception permitting the officer's ownership of one percent or less of the outstanding stock of certain publicly-listed corporations), (b) call upon, solicit business from or sell any products sold or distributed by the Company to any customer or prospective customer of the Company with whom employees of the Company had contact during his employment with the Company, (c) encourage any employees of the Company to seek or accept an employment or business relationship with a person or entity other than the Company, or in any way interfere with the relationship of the Company and any of its employees, or (d) encourage any supplier, distributor, franchisee, licensee, or other business relation of the Company to cease or curtail doing business with the Company, or in any way interfere with the relationship between any such customer, supplier, distributor, franchisee, licensee or business relation and the Company. A "competitor" under each of Mr. Schnaufer's, Mr. Burbach's and Mr. Richardson's employment agreements refers to a person or entity, including metals-related Internet marketplaces, engaged in the metal service center processing and/or distribution business.

Mr. Silver

In January 2013 we entered into an employment agreement with Mr. Silver in connection with his initial employment as Vice President and Managing Counsel. The agreement has remained in effect since that time, although provisions regarding position title and duties and compensation provisions such as annual base salary and other compensation items have been modified. The agreement provides that either Mr. Silver or the Company may terminate his employment at any time, with or without cause. In the event his employment is terminated by us without cause, he will be entitled to continue to receive his base salary, payable in installments in accordance with normal payroll practices, for twenty-six weeks, provided that he executes a mutual release acceptable to the Company and him through which he will release the Company and its affiliates from any and all claims and the Company and its affiliates will release him from any and all claims, as well as a non-compete agreement which shall limit him from competing with the Company during the twenty-six week severance period, to the extent allowed by applicable law.

Each of these time-based awards will vest with respect to one-third of the award on each of the first three anniversaries of the RSU grant date if service requirements are met. The named executive officers are not entitled to any voting rights with respect to the RSUs and are not entitled to receive dividends on the RSUs, but are entitled to dividend equivalent rights with respect to the RSUs.

Each of these performance-based awards will vest, if at all, after the third anniversary of the PSU grant date if service and performance requirements are met. The portion of the PSUs that vest will depend on the level of the Company’s performance over the three-year period from 2015 through 2017 against certain performance objectives for PSUs granted on August 17, 2015, and the Company’s performance over the three-year period from 2016 through 2018 against certain performance objectives for PSUs granted on March 31, 2016. The named executive officers are not entitled to any voting rights with respect to the PSUs and are not entitled to receive dividends on the PSUs. This column reflects the number of PSUs that will be received based on the performance objectives being achieved at target levels.

The actuarial present value of Mr. Burbach’s accumulated benefit under the relevant plan assumes retirement at age 62 with at least 10 years of credited service, which is the earliest he would be eligible to receive unreduced benefits. The actuarial present value of Mr. Richardson’s accumulated benefit under the relevant plan assumes retirement at age 65 and at least 5 years of credited service, at which time he would be eligible for the maximum (1) benefit. Both are computed as of December 31, 2016, the same pension plan measurement date used for financial statement reporting purposes with respect to our audited financial statements for the last completed fiscal year. See Note 11. “Employee Benefits—Summary of Assumptions and Activity” of the Notes to Consolidated Financial Statements in the Company’s Annual Report on Form 10-K for the year ended December 31, 2015, for information regarding the valuation method and assumptions used in quantifying these amounts.

Of our named executive officers, only Messrs. Burbach and Richardson were eligible to participate in the Ryerson Pension Plan, by virtue of their service with the Company prior to the applicable plan supplements being frozen. Our named executive officers no longer accrue any benefit under the plan. For additional information regarding their participation, see “Pension Plans,” above on page 31.

Qualified Pension Plan

Mr. Burbach participates in the Ryerson Pension Plan under the Ryerson Pension Plan Supplement for Former Participants in the Integris Metals, Inc. Pension Plan, under which full pension benefits are payable to eligible employees who, as of the date of separation from employment, are at least age 62 with 10 years of vesting service. Reduced benefits are payable to eligible employees who, as of the date of separation from employment, are at least age 55 but less than age 62 with 10 years of vesting service. Accrued benefits are reduced by 7% for each year benefits commencement precedes age 62. Under this supplement, in general, benefits for eligible employees are based on two factors: (i) years of benefit service prior to the December 31, 2005 freeze date of this supplement, and (ii) the average annual earnings in the highest five consecutive paid calendar years during the ten year period prior to December 31, 2005.

Mr. Richardson participates in the Ryerson Pension Plan under the Ryerson Pension Plan Supplement for Salaried Employees of Ryerson Inc. and Certain Subsidiaries, under which pension benefits are payable to eligible employees who, as of the date of separation from employment, are (i) age 65 or older with at least 5 years of vesting service, (ii) age 55 or older with at least 10 years of vesting service, or (iii) any age with at least 30 years of vesting service. Benefits may be reduced depending on age and the type of benefit for which the participant qualifies when an individual retires and/or chooses to have benefit payments begin. Benefits are reduced under (ii) above if voluntary retirement commences prior to the employee reaching age 62 with at least 15 years of vesting service. Benefits are not reduced if the age and vesting service conditions under (i) or (iii) above are met. Under this supplement, in general, benefits for salaried employees are based on two factors: (i) years of benefit service prior to the December 31, 1997 freeze date of the pension benefit, and (ii) average monthly earnings, based on the highest consecutive 36 months of earnings during the participant's last ten years of benefit service prior to the December 31, 1997 freeze date.

Supplemental Pension Plan

The Internal Revenue Code of 1986, as amended (the "Code"), imposes annual limits on contributions to and benefits payable from our qualified pension plan. Our nonqualified supplemental pension plans provide benefits to highly compensated employees (including our named executive officers) in excess of the limits imposed by the Code. Mr. Burbach is eligible for the Integris Excess Benefit Retirement Plan. Under this plan, payments are made on a monthly basis following retirement, along with the qualified plan monthly payments. The amount of benefit payable is an amount equal to the excess of the amount of pension plan benefit to which he would be entitled if such benefit were computed without giving any effect to the limitations imposed from time to time by Sections 401(a)(17) and 415 of the Code, less the amount of the qualified pension plan benefit to which he is entitled. Participants are fully vested in this supplemental plan after the earlier of attaining (i) age 65, or (ii) five years of vesting service, as defined in the qualified pension plan. If a participant's termination occurs for reasons of cause, the participant's or beneficiary's supplemental benefit from this plan is permanently forfeited.

Nonqualified Deferred Compensation

The following table reflects information regarding our named executive officers' participation in our nonqualified savings plan.

Nonqualified Deferred Compensation

Name	Executive	Registrant	Aggregate	Aggregate	Aggregate
	Contributions	Contributions	Earnings	Withdrawals/ Distributions	Balance at Last Fiscal Year End
(a)	in Last Fiscal Year (\$)	in Last Fiscal Year (\$)	Last Fiscal Year (\$)	(\$)	(\$)
	(b)	(c)	(d)(2)	(e)	(f)
Michael J. Burbach	—	—	\$ 159	—	\$ 11,005
Kevin D. Richardson	—	—	\$ 519	—	\$ 35,819

(1) None of the contributions or earnings reported in columns (c) and (d) are reported as compensation in the Summary Compensation Table above on page 34.

(2) All account balances are deferred to a cash account which is credited with interest at the monthly rate paid by our 401(k) savings plan's Managed Income Portfolio Fund II fund, which in 2016 ranged from 0.10% to 0.12% per month, compounded monthly. The amounts reported in this column consist of interest earned on such deferred cash accounts.

The Code imposes annual limits on employee contributions to our 401(k) Plan. Our nonqualified savings plan is an unfunded, nonqualified plan that allows highly compensated employees who make the maximum annual 401(k) contributions to defer, on a pre-tax basis, amounts in excess of the limits applicable to deferrals under our 401(k) Plan. Participants may contribute up to a maximum of 10% of their base compensation to our nonqualified savings plan when eligible. Our nonqualified savings plan allows deferred amounts to be notionally invested in the Managed Income Portfolio Fund II (or any successor fund) that is available to the participants in our 401(k) Plan.

Generally, each of our named executive officers is eligible for our nonqualified savings plan. Our named executive officers will be entitled to the vested balance of their respective accounts when they retire or otherwise terminate employment. Participants are generally permitted to choose whether the benefits paid following their retirement will be paid in a lump sum or installments, with all amounts to be paid by the end of the calendar year in which the employee reaches age 75. For participants terminating employment for reasons other than retirement, the account balance is payable in a lump sum by no later than 60 days after the 1-year anniversary of the termination of employment. None of our named executive officers made contributions to the nonqualified savings plan during 2016.

Potential Payments Upon Termination or Change in Control

Each of our named executive officers has entered into employment agreements, the material terms of which have been summarized under “Narrative Relating to Summary Compensation Table and Grants of Plan-Based Awards,” above on page 37. Upon certain terminations of employment, our named executive officers (employed as of December 31, 2016) are entitled to payments of compensation and certain benefits. The table below reflects the amount of compensation and benefits payable to each named executive officer who was employed as of December 31, 2016 in the event of (i) termination for “cause” by the Company or without “good reason” by the named executive officer (“voluntary termination”), (ii) termination other than for “cause” or termination with “good reason” (“involuntary termination”), or (iii) termination by reason of an executive’s death or disability. The amounts shown assume that the applicable triggering event occurred on December 31, 2016, and therefore, are estimates of the amounts that would be paid to the named executive officers upon the occurrence of such triggering event. Note that all unvested RSUs and PSUs are forfeited upon termination for any reason. In addition to the amounts reflected below, Messrs. Burbach and Richardson would also be eligible to receive amounts in connection with their terminations, based on their participation in the Company’s pension plans and nonqualified savings plan, which are further described above under “Pension Benefits,” on page 40, and under “Nonqualified Deferred Compensation,” on page 41.

In the event of an involuntary termination, consists of (i) 52 weeks or 12 months of base salary payment in the case of Messrs. Lindsay, Burbach, Richardson and Schnauffer, (ii) 18 months of base salary payment in the case of Mr. Lehner, pursuant to Mr. Lehner's Employment Agreement, and (iii) 26 weeks for Mr. Silver in each case in accordance with the Company's normal pay practices. In the event of termination due to death (but not disability), under the Ryerson Severance Plan, employees, including our named executive officers, are entitled to a payment (1) equal to four weeks of base pay in the event of their death while actively employed. The named executive officers' receipt of payments after their terminations is subject to execution of a release and a non-compete agreement in the case of Messrs. Lehner, Lindsay and Silver; and continued compliance with existing confidentiality, non-compete and non-solicitation provisions in their employment agreements in the case of Messrs. Burbach, Richardson and Schnauffer and with compliance with the executed confidentiality, non-compete and non-solicitation provisions in the case of Mr. Lehner.

If a named executive officer's termination is due to an involuntary termination due to position elimination, death, permanent disability or retirement, he would be entitled to a portion of the AIP payment to which he would have (2) been entitled (based on Company performance) had he remained an employee through December 31, 2016, pro-rated based on the time during the year that he was an employee. Actual 2016 AIP award payments for the fiscal year are reported in the table.

Payable under the Retention Bonus Plan if terminated without "cause," by resignation for "good reason," death, (3) disability or for qualified retirement. For additional information, see the description of the Retention Bonus Plan under "Retention Bonus Plan," above on page 27.

Under each of Mr. Schnauffer's, Mr. Burbach's and Mr. Richardson's employment agreements, if the executive is terminated involuntarily, he will receive a payment equal to the average of the AIP awards paid to him in the three (4) years immediately preceding his termination date. For additional information, see "Narrative Relating to Summary Compensation Table and Grants of Plan-Based Awards – Messrs. Schnauffer, Burbach and Richardson," above on page 38.

Mr. Lehner is eligible for 18 months of medical and dental benefits continuation subsidized at the active employee rate as provided by his confidentiality, non-competition and non-solicitation agreement. For Mr. Silver, medical and dental insurance are subsidized for 4 weeks at active employee rates under the Company's Severance Plan. (5) Messrs. Burbach and Richardson are eligible for 12 months of dental benefits continuation subsidized at the active employee rate as provided by their employment agreements. They are not eligible for medical insurance benefits under the terms of their employment agreements because both are eligible for the retiree medical benefits under the Ryerson Retiree Comprehensive Health Care Plan. Mr. Schnauffer is eligible for 12 months of medical and dental benefits continuation subsidized at the active employee rate as provided by his employment agreement.

(6) Mr. Lindsay retired effective April 1, 2016. The amounts reflected in the table consist of the remaining severance payments due to him under his employment agreement.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, including our named executive officers, and any person who owns more than 10% of a registered class of our equity securities (collectively, “Reporting Persons”), to file reports of ownership and changes in ownership of Ryerson stock with the SEC. Based on a review of Forms 3, 4 and 5 and any amendments thereto, and on written representations from the certain of the Reporting Persons, we believe that in 2016 our Reporting Persons made all required Section 16(a) filings on a timely basis.

RELATED PARTY TRANSACTIONS

Investor Rights Agreement

Ryerson and Platinum entered into an investor rights agreement (the “Investor Rights Agreement”) in connection with the IPO that provides for, among other things, demand, piggyback and Form S-3 registration rights and board nomination rights.

The Investor Rights Agreement provides that Platinum may make written demands of us to require us to register the shares of our common stock owned by Platinum; provided, however that we will not be obligated to effect more than two such demand registrations. In addition, Platinum has piggyback registration rights entitling them to require us to register shares of our common stock owned by them in connection with any registration statements filed by us after the completion of the IPO, subject to certain exceptions. We have also agreed to use commercially reasonable efforts to qualify for registration on Form S-3 for secondary sales. After we have qualified for the use of Form S-3, Platinum will, subject to certain exceptions, have the right to request an unlimited number of registrations on Form S-3. We are not obligated to effect a registration unless certain pricing or timing conditions are first satisfied.

On December 20, 2016, we filed a Registration Statement on Form 3 after Platinum exercised its right to request a registration on Form S-3. The Form S-3 was declared effective on January 15, 2017.

The Investor Rights Agreement provides that we will indemnify Platinum against losses suffered by it in connection with any untrue or alleged untrue statement of a material fact contained in any prospectus, offering circular, or other document delivered or made available to investors (or in any related registration statement or any amendment or supplement thereto) or any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statement therein not misleading, except insofar as the same may be caused by or contained in any information furnished in writing to us by Platinum for use therein.

The Investor Rights Agreement provides that for so long as Platinum collectively beneficially owns at least (i) 30% of the voting power of the outstanding capital stock of the Company, Platinum will have the right to nominate for election to the Board no fewer than that number of directors that would constitute a majority of the number of directors if there were no vacancies on the Board, (ii) at least 15% but less than 30% of the voting power of the outstanding capital stock of the Company, Platinum will have the right to nominate two directors, and (iii) at least 5% but less than 15% of the voting power of the outstanding capital stock of the Company, Platinum will have the right to nominate one director. The agreement also provides that if the size of the Board is increased or decreased at any time, Platinum’s nomination rights will be proportionately increased or decreased, respectively, rounded up to the nearest

whole number.

The Investor Rights Agreement was negotiated among management and Platinum, and we believe the Investor Rights Agreement is on arm's-length terms.

Policies and Procedures Regarding Transactions with Related Persons

Our Board has adopted a written policy regarding related person transactions that contains procedures for the review and approval/disapproval of such transactions. Related person transactions are transactions between the Company and/or its subsidiaries and affiliates on the one hand and "related persons" on the other hand. As a general matter, the policy requires the Nominating and Corporate Governance Committee to review and approve or disapprove the entry by us into certain transactions with related persons. The policy only applies to transactions, arrangements and relationships where the aggregate amount involved could reasonably be expected to exceed \$120,000 in any calendar year and in which a related person has a direct or indirect interest. In addition, the policy lists certain transactions that are deemed to be pre-approved. A "related person" is: (i) any director, nominee for director or executive officer of the Company; (ii) any immediate family member of a director, nominee for director or executive officer; and (iii) any holder of 5% or more of any class of our voting securities, and any immediate family member of such holder.

45

The policy provides that if advance approval of a transaction subject to the policy is not obtained, the transaction must be promptly submitted to the Nominating and Corporate Governance Committee for possible ratification, approval, amendment, termination or rescission. In reviewing any transaction, the Nominating and Corporate Governance Committee will take into account, among other factors the Committee deems appropriate, whether the transaction is on terms no less favorable than terms generally available to a third party in similar circumstances and the extent of the related person's interest in the transaction.

Any member of the Nominating and Corporate Governance Committee who is a related person with respect to a transaction under review may not participate in any discussion or vote on the approval or ratification of the transaction. However, such a director may be counted in determining the presence of a quorum at a meeting of the Nominating and Corporate Governance Committee that considers the transaction.
