QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended October 28, 2018

- OR -

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission file number 1-8207

THE HOME DEPOT, INC.

(Exact name of Registrant as specified in its charter)

Delaware 95-3261426

(State or other jurisdiction of incorporation or organization) (I.R.S. Employer Identification Number)

2455 Paces Ferry Road, Atlanta, Georgia 30339
(Address of principal executive offices) (Zip Code)

(770) 433-8211
(Registrant's telephone number, including area code)

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the Registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the Registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the Registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the Registrant was required to submit such files). Yes No

Indicate by check mark whether the Registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer Non-accelerated filer Smaller reporting company

Emerging growth company If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the Registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

APPLICABLE ONLY TO CORPORATE ISSUERS:

Edgar Filing: HOME DEPOT INC - Form 10-Q

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date.

1,129,527,754 shares of common stock, \$0.05 par value, as of November 13, 2018

FORWARD-LOOKING STATEMENTS

Certain statements contained herein, as well as in other filings we make with the SEC and other written and oral information we release, regarding our future performance constitute "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements may relate to, among other things, the demand for our products and services; net sales growth; comparable sales; effects of competition; implementation of store, interconnected retail, supply chain and technology initiatives; issues related to the payment methods we accept; state of the economy; state of the residential construction, housing and home improvement markets; state of the credit markets, including mortgages, home equity loans and consumer credit; demand for credit offerings; inventory and in-stock positions; management of relationships with our suppliers and vendors; continuation of share repurchase programs; net earnings performance; earnings per share; dividend targets; capital allocation and expenditures; liquidity; return on invested capital; expense leverage; stock-based compensation expense; commodity price inflation and deflation; the ability to issue debt on terms and at rates acceptable to us; the impact and expected outcome of investigations, inquiries, claims and litigation; the effect of accounting charges; the effect of adopting certain accounting standards; the impact of the Tax Act; store openings and closures; financial outlook; and the integration of acquired companies into our organization and the ability to recognize the anticipated synergies and benefits of those acquisitions.

Forward-looking statements are based on currently available information and our current assumptions, expectations and projections about future events. You should not rely on our forward-looking statements. These statements are not guarantees of future performance and are subject to future events, risks and uncertainties – many of which are beyond our control, dependent on actions of third parties, or currently unknown to us – as well as potentially inaccurate assumptions that could cause actual results to differ materially from our expectations and projections. These risks and uncertainties include, but are not limited to, those described in Part II, Item 1A, "Risk Factors" and elsewhere in this report and as also may be described from time to time in our future reports we file with the SEC. You should read such information in conjunction with our consolidated financial statements and related notes and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in this report. There also may be other factors that we cannot anticipate or that are not described in this report, generally because we do not currently perceive them to be material. Such factors could cause results to differ materially from our expectations.

Forward-looking statements speak only as of the date they are made, and we do not undertake to update these statements other than as required by law. You are advised, however, to review any further disclosures we make on related subjects in our periodic filings with the SEC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying consolidated financial statements of The Home Depot, Inc. and its subsidiaries (the "Company," "Home Depot," "we," "our" or "us") have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Results of operations for interim periods are not necessarily indicative of results for the entire year. As a result, these financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in our 2017 Form 10-K.

There were no significant changes to our significant accounting policies as disclosed in the 2017 Form 10-K, except as set forth below.

Net Sales

We recognize revenue, net of expected returns and sales tax, at the time the customer takes possession of merchandise, or when a service is performed. The liability for sales returns, including the impact to gross profit, is estimated based on historical return levels, and recognized at the transaction price. We also recognize a return asset, and corresponding adjustment to cost of sales, for our right to recover the goods returned by the customer, measured at the former carrying amount of the goods, less any expected recovery cost. At each financial reporting date, we assess our estimates of expected returns, refund liabilities, and return assets.

Net sales include services revenue generated through a variety of installation, home maintenance, and professional service programs. In these programs, the customer selects and purchases material for a project, and we provide or arrange for professional installation. These programs are offered through our stores and in-home sales programs. Under certain programs, when we provide or arrange for the installation of a project and the subcontractor provides material as part of the installation, both the material and labor are included in services revenue. We recognize this revenue when the service for the customer is complete, which is not materially different from recognizing the revenue over the service period as the substantial majority of our services are completed within one week.

For product sold in stores or online, payment is typically due at the point of sale. For services, payment in full is due upon completion of the job. When we receive payment from customers before the customer has taken possession of the merchandise or the service has been performed, the amount received is recorded as deferred revenue until the sale or service is complete. Such performance obligations are part of contracts with expected original durations of three months or less. We further record deferred revenue for the sale of gift cards and recognize the associated revenue upon the redemption of those gift cards in net sales. Gift card breakage income (estimated non-redeemed gift card balance) is recognized in proportion to the redemption pattern of rights exercised by the customer. For merchandise sold to customers to whom we directly extend credit, collection of tender is typically expected within three months or less from the time of purchase.

We also have agreements with third-party service providers who directly extend credit to customers and manage our PLCC program. The deferred interest charges we incur for our deferred financing programs offered to these customers, interchange fees charged to us for their use of the cards, and any profit sharing with the third-party service providers are included in net sales.

Cost of Sales

Cost of sales includes the actual cost of merchandise sold and services performed; the cost of transportation of merchandise from vendors to our distribution network, stores, or customers; shipping and handling costs from our stores or distribution network to customers; and the operating cost and depreciation of our sourcing and distribution network and online fulfillment centers.

Recently Adopted Accounting Pronouncements

ASU No. 2014-09. In May 2014, the FASB issued a new standard related to revenue recognition. Under ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606), revenue is recognized when a customer obtains control of promised goods or services in an amount that reflects the consideration the entity expects to receive in

exchange for those goods or services. In addition, the standard requires disclosure of the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. On January 29, 2018, we adopted ASU No. 2014-09 using the modified retrospective transition method.

Table of Contents

In preparation for implementation of the standard, we finalized key accounting assessments and then implemented internal controls and updated processes to appropriately recognize and present the associated financial information. Based on these efforts, we determined that the adoption of ASU No. 2014-09 changes the presentation of (i) certain expenses and cost reimbursements associated with our PLCC program (now recognized in net sales), (ii) certain expenses related to the sale of gift cards to customers (now recognized in operating expense), and (iii) gift card breakage income (now recognized in net sales). We also have changed our recognition of gift card breakage income to be recognized proportionately as redemption occurs, rather than based on historical redemption patterns.

In addition, the adoption of ASU No. 2014-09 requires that we recognize our sales return allowance on a gross basis rather than as a net liability. As such, we now recognize (i) a return asset for the right to recover the goods returned by the customer, measured at the former carrying amount of the goods, less any expected recovery costs (recorded as an increase to other current assets) and (ii) a return liability for the amount of expected returns (recorded as an increase to other accrued expenses and a decrease to receivables, net).

We applied ASU No. 2014-09 only to contracts that were not completed prior to fiscal 2018. The cumulative effect of initially applying ASU No. 2014-09 was a \$99 million reduction to deferred revenue, a \$24 million increase to deferred income taxes (included in other long-term liabilities), and a \$75 million increase to the opening balance of retained earnings as of January 29, 2018. The comparative prior period information continues to be reported under the accounting standards in effect during those periods. We expect the impact of the adoption to be immaterial to our financial position, results of operations, and cash flows on an ongoing basis.

Excluding the effect of the opening balance sheet adjustment noted above, the impact of the adoption of ASU No. 2014-09 on our consolidated balance sheet as of October 28, 2018 follows.

	As Reported	ASU No. 2014-09 Impact	Excluding ASU No. 2014-09 Impact
in millions			
Receivables, net	\$ 2,171	\$ (44)	\$ 2,215
Other current assets	1,120	268	852
Other accrued expenses	2,685	224	2,461

The impact of the adoption of ASU No. 2014-09 on our consolidated statements of earnings follows.

	As Reported	ASU No. 2014-09 Impact	Excluding ASU No. 2014-09 Impact
in millions			
Three Months Ended October 28, 2018			
Net sales	\$ 26,302	\$ 64	\$ 26,238
Cost of sales	17,151	(83)	17,234
Gross profit	9,151	147	9,004
Selling, general and administrative	4,808	147	4,661

Nine Months Ended October 28, 2018

Net sales	\$ 81,712	\$ 130	\$ 81,582
Cost of sales	53,579	(300)	53,879
Gross profit	28,133	430	27,703
Selling, general and administrative	14,591	430	14,161

ASU No. 2016-16. In October 2016, the FASB issued ASU No. 2016-16, Income Taxes (Topic 740): Intra-Entity Transfers of Assets Other Than Inventory, which requires an entity to recognize the income tax consequences of an intercompany transfer of assets other than inventory when the transfer occurs. An entity will continue to recognize the income tax consequences of an intercompany transfer of inventory when the inventory is sold to a third party.

On January 29, 2018, we adopted ASU No. 2016-16 using the modified retrospective transition method with no impact on our consolidated financial statements. We expect the impact of the adoption to be immaterial to our

financial position, results of operations, and cash flows on an ongoing basis.

Recently Issued Accounting Pronouncements

ASU No. 2016-02. In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842), which requires an entity that is a lessee to recognize the assets and liabilities arising from leases on the balance sheet. ASU No.

Table of Contents

2016-02 also requires disclosures about the amount, timing, and uncertainty of cash flows arising from leases. This new standard will be effective for us on February 4, 2019.

Topic 842 was subsequently amended by ASU No. 2018-01, Land Easement Practical Expedient for Transition to Topic 842; ASU No. 2018-10, Codification Improvements to Topic 842; and ASU No. 2018-11, Targeted Improvements. These updates permit two methods of adoption (i) retrospectively to each prior reporting period presented (modified retrospective method) and (ii) prospectively with the cumulative effect adjustment recognized in the opening balance of retained earnings in the period of adoption (prospective method). These updates also provide a number of practical expedients for implementation that are being evaluated.

We are continuing to evaluate the method of adoption and plan for the implementation of ASU No. 2016-02, including implementing changes to our processes, controls and systems in connection therewith. We believe that ASU 2016-02 will have a material impact on our balance sheet as a result of the requirement to recognize right-of-use assets and lease liabilities upon adoption. We do not believe that there will be a material impact to our results of operations or cash flows upon adoption of ASU No. 2016-02.

Recent accounting pronouncements pending adoption not discussed above or in the 2017 Form 10-K are either not applicable or will not have or are not expected to have a material impact on us.

2. NET SALES

No sales to an individual customer or country other than the U.S. accounted for more than 10% of net sales during the three and nine months ended October 28, 2018. Net sales, classified by geography, follow.

Table of Contents**3. INCOME TAXES**

In December 2017, the U.S. enacted comprehensive tax legislation with the Tax Act, making broad and complex changes to U.S. tax law, including lowering the U.S. corporate income tax rate to 21%, transitioning to a modified territorial system, and providing for current expensing of certain qualifying capital expenditures. Also in December 2017, the SEC issued Staff Accounting Bulletin No. 118 ("SAB 118") to address the application of GAAP in situations when a registrant does not have the necessary information available, prepared, or analyzed (including computations) in reasonable detail to complete the accounting for certain income tax effects of the Tax Act. As of October 28, 2018, our accounting for the Tax Act was not finalized. As disclosed in our 2017 Form 10-K, however, we were able to reasonably estimate certain effects and, therefore, recorded a provisional charge of \$400 million for the deemed repatriation of historical earnings of foreign subsidiaries, recorded a provisional benefit of \$147 million for the remeasurement of deferred tax assets and liabilities, and estimated a \$126 million benefit due to a lower U.S. statutory tax rate. During the third quarter of fiscal 2018, we recorded a benefit of \$115 million as measurement-period adjustments related to (i) a benefit of \$86 million for the deemed repatriation of historical earnings of foreign subsidiaries and (ii) a benefit of \$29 million for deferred tax activity. These adjustments were made upon our further analysis of certain aspects of the Tax Act, refinement of our calculations, and the issuance of guidance by the U.S. Treasury. We have not made any additional measurement-period adjustments during the current quarter because we have not finalized our provisional adjustments. We will continue to analyze and refine our calculations related to the measurement of these balances as supplemental legislation, regulatory guidance, or evolving technical interpretations become available. Any adjustment to these amounts during the measurement period will be recorded to the provision for income taxes in the period in which the analysis is finalized. We expect to complete our accounting under SAB 118 in the fourth quarter of fiscal 2018.

The Tax Act also creates a new requirement that certain income (i.e., global intangible low-taxed income or "GILTI") earned by controlled foreign corporations ("CFCs") must be included currently in the gross income of the CFCs' U.S. shareholder. Due to the complexity of the new GILTI tax rules, we are not yet able to reasonably estimate the long-term effects of this provision. Therefore, we have not recorded any potential deferred tax effects related to GILTI in our consolidated financial statements and have not made a policy decision regarding whether to record deferred taxes on GILTI or use the period cost method. We have, however, included an estimate of the current GILTI impact in our estimated annual effective tax rate for fiscal 2018.

Our income tax returns are routinely examined by domestic and foreign tax authorities. During the third quarter of fiscal 2018, we settled a transfer pricing issue between the U.S. and Mexican tax authorities. The resolution of this issue reduced our unrecognized tax benefits by \$80 million. The net impact of the settlement resulted in an immaterial tax charge in the third quarter of fiscal 2018.

4. STOCKHOLDERS' EQUITY**Accelerated Share Repurchase Agreements**

We enter into ASR agreements from time to time with third-party financial institutions to repurchase shares of our common stock. These agreements are structured as outlined in the 2017 Form 10-K. The terms of the ASR agreements entered into during the first nine months of fiscal 2018 follow (in millions).

Agreement Date	Settlement Date	Agreement Amount	Initial Shares Delivered	Additional Shares Delivered	Total Shares Delivered
Q1 2018	Q2 2018	\$ 750	3.4	0.8	4.2
Q2 2018	Q3 2018	1,600	7.1	1.0	8.1

See Note 6 to the consolidated financial statements in the 2017 Form 10-K for further discussion.

5. FAIR VALUE MEASUREMENTS

The fair value of an asset is considered to be the price at which the asset could be sold in an orderly transaction between unrelated knowledgeable and willing parties. A liability's fair value is defined as the amount that would be

paid to transfer the liability to a new obligor, rather than the amount that would be paid to settle the liability with the creditor. Assets and liabilities recorded at fair value are measured using a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value.

8

Table of Contents

Assets and Liabilities Measured at Fair Value on a Recurring Basis

Assets and liabilities that are measured at fair value on a recurring basis follow.

in millions	Fair Value at October 28, 2018 Using		Fair Value at January 28, 2018 Using	
	Quoted Prices in Significant Active Markets for Inputs (Level 2) Identical	Significant Unobservable Inputs (Level 3)	Quoted Prices in Significant Active Markets for Inputs (Level 2) Identical	Significant Unobservable Inputs (Level 3)
Derivative agreements - assets	\$ 108	\$	\$ 235	\$
Derivative agreements - liabilities	—(29)	—	—(12)	—
Total	\$ 79	\$	\$ 223	\$

We use derivative financial instruments from time to time in the management of our interest rate exposure on long-term debt and our exposure on foreign currency fluctuations. The fair value of our derivative financial instruments was measured using observable market information (level 2).

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

The carrying amounts of cash and cash equivalents, receivables, short-term debt, and accounts payable approximate fair value due to the short-term maturities of these financial instruments.

Long-lived assets and other intangible assets were analyzed for impairment on a nonrecurring basis using fair value measurements with unobservable inputs (level 3).

The aggregate fair values and carrying values of our senior notes follow.

in millions	October 28, 2018		January 28, 2018	
	Fair Value (Level 1)	Carrying Value	Fair Value (Level 1)	Carrying Value
Senior notes	\$23,871	\$23,329	\$26,617	\$24,485

6. WEIGHTED AVERAGE COMMON SHARES

The reconciliation of our basic to diluted weighted average common shares follows.

in millions	Three Months Ended		Nine Months Ended	
	October 28, 2018	October 29, 2017	October 28, 2018	October 29, 2017
Basic weighted average common shares	1,135	1,168	1,144	1,184
Effect of potentially dilutive securities	6	6	6	6
Diluted weighted average common shares	1,141	1,174	1,150	1,190
Anti-dilutive securities excluded from diluted weighted average common shares ⁽¹⁾	—			

(1) Represent options that were granted under our employee stock plans to purchase shares of our common stock.

7. COMMITMENTS AND CONTINGENCIES

We are involved in litigation arising in the normal course of business. In management's opinion, any such litigation is not expected to have a material adverse effect on our consolidated financial condition, results of operations, or cash

flows.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders and Board of Directors

The Home Depot, Inc.:

Results of Review of Interim Financial Information

We have reviewed the Consolidated Balance Sheet of The Home Depot, Inc. and Subsidiaries (the "Company") as of October 28, 2018, the related Consolidated Statements of Earnings and Comprehensive Income for the three-month and nine-month periods ended October 28, 2018 and October 29, 2017, the related Consolidated Statements of Cash Flows for the nine-month periods ended October 28, 2018 and October 29, 2017, and the related notes (collectively, the "Consolidated Interim Financial Information"). Based on our reviews, we are not aware of any material modifications that should be made to the Consolidated Interim Financial Information for it to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) ("PCAOB"), the Consolidated Balance Sheet of the Company as of January 28, 2018, and the related Consolidated Statements of Earnings, Comprehensive Income, Stockholders' Equity, and Cash Flows for the year then ended (not presented herein); and in our report dated March 22, 2018, we expressed an unqualified opinion on those Consolidated Financial Statements. In our opinion, the information set forth in the accompanying Consolidated Balance Sheet as of January 28, 2018, is fairly stated, in all material respects, in relation to the Consolidated Balance Sheet from which it has been derived.

Basis for Review Results

This Consolidated Interim Financial Information is the responsibility of the Company's management. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our reviews in accordance with the standards of the PCAOB. A review of Consolidated Interim Financial Information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the PCAOB, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Executive Summary

Results of Operations

Liquidity and Capital Resources

Critical Accounting Policies

Executive Summary

Quarter to date and year to date highlights of our financial performance follow.

dollars in millions, except per share data	Three Months Ended		Nine Months Ended	
	October 28, 2018	October 29, 2017	October 28, 2018	October 29, 2017
Net sales	\$26,302	\$25,026	\$81,712	\$77,021
Net earnings	2,867	2,165	8,777	6,851
Effective tax rate	21.4 %	36.9 %	23.3 %	36.3 %

Diluted earnings per share	\$2.51	\$1.84	\$7.63	\$5.76
----------------------------	--------	--------	--------	--------

Net cash provided by operating activities	\$10,036	\$9,741
---	----------	---------

Repayments of long-term debt	1,192	534
------------------------------	-------	-----

Repurchases of common stock	5,518	6,067
-----------------------------	-------	-------

We reported net sales of \$26.3 billion in the third quarter of fiscal 2018. Net earnings were \$2.9 billion, or \$2.51 per diluted share. For the first nine months of fiscal 2018, net sales were \$81.7 billion and net earnings were \$8.8 billion, or \$7.63 per diluted share.

Our total store count was 2,286 at the end of the third quarter of fiscal 2018. As of October 28, 2018, a total of 305 of our stores, or 13.3%, were located in Canada and Mexico. For the third quarter of fiscal 2018, total sales per square foot were \$433.99 and our inventory turnover ratio was 5.2 times.

We generated \$10.0 billion of cash flow from operations during the first nine months of fiscal 2018. This cash flow, together with cash on hand, was used to pay \$3.5 billion of dividends, repay \$1.2 billion of senior notes that matured in September 2018, fund cash payments of \$5.5 billion for share repurchases, and fund \$1.7 billion in capital expenditures.

During the first nine months of fiscal 2018, we repurchased a total of 28.5 million shares of our common stock for \$5.5 billion through two ASR agreements and open market transactions. In February 2018, we announced a 15.7% increase in our quarterly cash dividend to \$1.03 per share.

Our ROIC for the trailing twelve-month period was 42.2% at the end of the third quarter of fiscal 2018. See the "Non-GAAP Financial Measures" section below for our definition and calculation of ROIC, as well as a reconciliation of NOPAT, a non-GAAP financial measure, to net earnings, the most comparable GAAP financial measure.

Results of Operations

The tables and discussion below should be read in conjunction with our consolidated financial statements and related notes included in this report and in the 2017 Form 10-K and with our MD&A included in the 2017 Form 10-K. We believe the percentage relationship between net sales and major categories in our consolidated statements of earnings, as well as the percentage change in the associated dollar amounts, are relevant to an evaluation of our business.

(1) The calculation for the three months ended October 29, 2017 does not include results for Interline, which was acquired in the fiscal year ended January 31, 2016.

(2) Does not include results for Interline.

Sales. We assess our sales performance by evaluating both net sales and comparable sales.

Net Sales. Net sales for the third quarter of fiscal 2018 increased 5.1% to \$26.3 billion from \$25.0 billion in the comparable prior-year period. The increase in net sales in the third quarter of fiscal 2018 primarily reflected the impact of positive comparable sales driven by an increase in comparable average ticket and comparable customer transactions. In the third quarter of fiscal 2018, we recognized approximately \$150 million of hurricane-related sales (the majority of which was attributable to the continuing impact of the 2017 fall hurricanes), compared with approximately \$282 million of hurricane-related sales in the third quarter of fiscal 2017. A stronger U.S. dollar negatively impacted sales growth by \$110 million in the third quarter of fiscal 2018. The adoption of ASU No. 2014-09 also benefited net sales in the third quarter of fiscal 2018 by \$64 million. See Note 1 to our consolidated financial statements for further discussion.

Comparable Sales. Comparable sales is a measure that highlights the performance of our existing locations and websites by measuring the change in net sales for a period over the comparable prior-period of equivalent length. Comparable sales includes sales at all locations, physical and online, open greater than 52 weeks (including remodels and relocations) and excluding closed stores. Retail stores become comparable on the Monday following

12

Table of Contents

their 365th day of operation. Acquisitions, digital or otherwise, are included after we own them for greater than 52 weeks (with the exception of Interline, which is excluded from comparable sales for periods prior to fiscal 2018). Comparable sales is intended only as supplemental information and is not a substitute for net sales presented in accordance with GAAP.

Total comparable sales increased 4.8% in the third quarter of fiscal 2018. The increase, which was due in part to the execution of our strategy and broad-based growth across our stores and online, was driven by a 3.5% increase in comparable average ticket and a 1.2% increase in comparable customer transactions. The increase in comparable average ticket was primarily driven by sales in big ticket items, such as vinyl plank flooring, windows, appliances, and water heaters. Total comparable sales in the third quarter of 2018 also reflected the impact of higher prior year hurricane-related sales.

All of our departments, except for Lighting, posted positive comparable sales in the third quarter of fiscal 2018. Comparable sales for our Appliances, Electrical, Plumbing, Tools, Décor, and Flooring merchandising departments were above the Company average in the third quarter of fiscal 2018. Comparable sales for Lighting were essentially flat primarily due to LED price deflation. Online sales, which consist of sales generated online through our websites for products picked up in our stores or delivered to customer locations, represented 7.5% of net sales and grew 28.1% during the third quarter of fiscal 2018.

Gross Profit. Gross profit increased 5.8% to \$9.2 billion in the third quarter of fiscal 2018 from \$8.6 billion in the comparable prior-year period. Gross profit as a percent of net sales, or gross profit margin, was 34.8% for the third quarter of fiscal 2018 compared to 34.6% for the third quarter of fiscal 2017. The increase in gross profit margin for the third quarter of fiscal 2018 primarily reflected \$147 million of benefit from the adoption of ASU No. 2014-09, partially offset by higher supply chain and transportation costs.

Operating Expenses. Our operating expenses are composed of SG&A and depreciation and amortization. Selling, General & Administrative. SG&A increased 6.5% to \$4.8 billion in the third quarter of fiscal 2018 from \$4.5 billion in the comparable prior-year period. As a percent of net sales, SG&A was 18.3% for the third quarter of fiscal 2018 compared to 18.0% for the third quarter of fiscal 2017. The increase in SG&A as a percent of net sales for the third quarter of fiscal 2018 reflected an increase of \$147 million from the adoption of ASU No. 2014-09 and \$131 million of incremental investments made in the business. These items were partially offset by expense leverage resulting from the positive comparable sales environment, continued expense control and the impact of higher prior year hurricane-related expenses.

Depreciation and Amortization. Depreciation and amortization increased 4.2% to \$473 million in the third quarter of fiscal 2018 from \$454 million in the comparable prior-year period. As a percent of net sales, depreciation and amortization was 1.8% in the third quarters of both fiscal 2018 and fiscal 2017, reflecting the offsetting effects of strategic investments in the business, leverage resulting from the positive comparable sales environment, and timing of asset additions.

Interest and Other, net. Interest and other, net, was \$224 million in the third quarter of fiscal 2018 compared to \$247 million in the comparable prior-year period. Interest and other, net, as a percent of net sales was 0.9% for the third quarter of fiscal 2018 and 1.0% for the third quarter of fiscal 2017. The decrease as a percent of net sales primarily reflected the impact of tax settlements and expense leverage resulting from the positive comparable sales environment.

Provision for Income Taxes. Our combined effective income tax rate was 21.4% for the third quarter of fiscal 2018 compared to 36.9% for the third quarter of fiscal 2017. The decrease in the provision for income taxes in the third quarter of fiscal 2018 primarily reflected the enactment of the Tax Act and adjustments to the provisional tax charge recorded in the fourth quarter of fiscal 2017. See [Note 3](#) to our consolidated financial statements for further discussion.

Diluted Earnings per Share. Diluted earnings per share were \$2.51 for the third quarter of fiscal 2018 compared to \$1.84 for the third quarter of fiscal 2017. Diluted earnings per share for the third quarter of fiscal 2018 reflected a benefit of \$0.37 per diluted share resulting from enactment of the Tax Act.

(1) The calculation for the nine months ended October 29, 2017 does not include results for Interline, which was acquired in the fiscal year ended January 31, 2016.

(2) Does not include results for Interline.

Sales.

Net Sales. For the first nine months of fiscal 2018, net sales increased 6.1% to \$81.7 billion from \$77.0 billion in the comparable prior-year period. The increase in net sales for the first nine months of fiscal 2018 primarily reflected the impact of positive comparable sales driven by an increase in comparable average ticket growth and comparable customer transactions. The adoption of ASU No. 2014-09 also benefited net sales in the first nine months of fiscal 2018 by \$130 million. See Note 1 to our consolidated financial statements for further discussion.

Comparable Sales. For the first nine months of fiscal 2018, total comparable sales increased 5.8%. This increase reflected a number of factors, including the execution of our strategy, broad-based growth across our stores and online, and the impact of hurricane-related sales from both the 2017 and 2018 hurricane seasons. During the first nine months of fiscal 2018, all of our departments, except for Lighting, posted positive comparable sales. Comparable sales

for our Appliances, Electrical, Lumber, Tools, Plumbing, Décor and Flooring product categories were above the Company average for the first nine months of fiscal 2018. Comparable sales for Lighting were negative primarily due to LED price deflation. Our comparable store average ticket increased 4.7% for the first nine months of fiscal 2018, due in part to strong sales in big ticket purchases. Online sales represented 7.5% of net sales and grew 24.6% during the first nine months of fiscal 2018.

Table of Contents

Gross Profit. For the first nine months of fiscal 2018, gross profit increased 7.1% to \$28.1 billion from \$26.3 billion in the comparable prior-year period. Gross profit margin was 34.4% for the first nine months of fiscal 2018 compared to 34.1% for the first nine months of fiscal 2017. The increase in gross profit margin for the first nine months of fiscal 2018 primarily reflected \$430 million of benefit from the adoption of ASU No. 2014-09, partially offset by higher transportation and fuel costs in our supply chain.

Operating Expenses. Our operating expenses are composed of SG&A and depreciation and amortization.

Selling, General & Administrative. SG&A increased 8.7% to \$14.6 billion for the first nine months of fiscal 2018, from \$13.4 billion in the comparable prior-year period. As a percent of net sales, SG&A was 17.9% for the first nine months of fiscal 2018 compared to 17.4% for the first nine months of fiscal 2017. The increase in SG&A as a percent of net sales for the first nine months of fiscal 2018 reflected an increase of \$430 million from the adoption of ASU No. 2014-09 and \$396 million of incremental investments made in the business, partially offset by expense leverage resulting from the positive comparable sales environment and continued expense control.

Depreciation and Amortization. Depreciation and amortization was \$1.4 billion for the first nine months of fiscal 2018 compared to \$1.3 billion in the comparable prior-year period. As a percent of net sales, it was unchanged at 1.7% for the first nine months of both fiscal 2018 and fiscal 2017 and reflected offsetting effects of expense leverage resulting from the positive comparable sales environment, timing of asset additions, and certain investments.

Interest and Other, net. For the first nine months of fiscal 2018, interest and other, net was \$709 million compared to \$737 million for the first nine months of fiscal 2017. As a percent of net sales, it was 0.9% for the first nine months of fiscal 2018 compared to 1.0% for the first nine months of fiscal 2017. The decrease in interest and other, net as a percent of sales reflected expense leverage resulting from the positive comparable sales environment, the impact of tax settlements and higher interest income, partially offset by higher senior notes interest expense.

Provision for Income Taxes. Our combined effective income tax rate was 23.3% for the first nine months of fiscal 2018 compared to 36.3% for the first nine months of fiscal 2017. The decrease in the provision for income taxes in fiscal 2018 was primarily attributable to the enactment of the Tax Act and adjustments to the provisional tax charge recorded in the fourth quarter of fiscal 2017. See [Note 3](#) to our consolidated financial statements for further discussion.

Diluted Earnings per Share. Diluted earnings per share were \$7.63 for the first nine months of fiscal 2018, compared to \$5.76 for the first nine months of fiscal 2017. Diluted earnings per share for the first nine months of fiscal 2018 included a benefit of \$1.16 per diluted share resulting from the enactment of the Tax Act.

Non-GAAP Financial Measures

To provide clarity, internally and externally, about our operating performance, we supplement our reporting with certain non-GAAP financial measures. However, this supplemental information should not be considered in isolation or as a substitute for the related GAAP measures. Non-GAAP financial measures presented herein may differ from similar measures used by other companies.

Return on Invested Capital. We believe ROIC is meaningful for investors and management because it measures how effectively we deploy our capital base. We define ROIC as NOPAT, a non-GAAP financial measure, for the most recent twelve-month period, divided by the average of beginning and ending long-term debt (including current installments) and equity for the most recent twelve-month period.

The calculation of ROIC, together with a reconciliation of NOPAT to net earnings (the most comparable GAAP measure), follows.

dollars in millions	Twelve Months Ended	
	October 28, 2018	October 29, 2017
Net earnings	\$ 10,556	\$ 8,595
Interest and other, net	955	972
Provision for income taxes	3,830	4,852
Operating income	15,341	14,419
Income tax adjustment ⁽¹⁾	(4,012)	(5,234)

NOPAT	\$11,329	\$9,185		
Average debt and equity	\$26,857	\$28,255		
ROIC	42.2	%	32.5	%

(1) Income tax adjustment is defined as operating income multiplied by our effective tax rate.

Additional Information

For information on accounting pronouncements that have impacted or are expected to materially impact our consolidated financial condition, results of operations, or cash flows, see [Note 1](#) to our consolidated financial statements.

Liquidity and Capital Resources

Cash and Cash Equivalents

At October 28, 2018, we had \$1.8 billion in cash and cash equivalents, of which \$1.4 billion was held by our foreign subsidiaries. We believe that our current cash position, access to the long-term debt capital markets, cash flow generated from operations, and funds available under our commercial paper programs should be sufficient not only for our operating requirements but also to enable us to complete our capital expenditure programs and fund dividend payments, share repurchases, and any required long-term debt payments through the next several fiscal years. In addition, we believe that we have the ability to obtain alternative sources of financing.

As we accelerate our investments in the business within our disciplined approach to capital allocation, we expect capital expenditures of approximately \$2.5 billion in fiscal 2018.

Debt and Derivatives

We have commercial paper programs that allow for borrowings of up to \$3.0 billion. All of our short-term borrowings in the first nine months of fiscal 2018 were under these commercial paper programs, and the maximum amount outstanding at any time was \$2.4 billion. In connection with these programs, we have back-up credit facilities with a consortium of banks for borrowings up to \$3.0 billion. Our back-up credit facilities consist of a five-year \$2.0 billion credit facility scheduled to expire in December 2022 and a 364-day \$1.0 billion credit facility scheduled to expire in December 2018. At October 28, 2018, we were in compliance with all of the covenants contained in the credit facilities, and none are expected to impact our liquidity or capital resources. At October 28, 2018, there were \$1.4 billion of borrowings outstanding under the commercial paper programs. We also issue senior notes from time to time. We use derivative financial instruments in the management of our exposure to fluctuations in foreign currency exchange rates and interest rates on certain long-term debt. See [Note 5](#) to our consolidated financial statements for further discussion.

Share Repurchases

In December 2017, our Board of Directors authorized a new \$15.0 billion share repurchase program that replaced the previous authorization. In the first nine months of fiscal 2018, we repurchased 28.5 million shares of our

Table of Contents

common stock for \$5.5 billion through two ASR agreements and open market transactions. See Note 4 to our consolidated financial statements for further discussion on the ASR agreements.

Cash Flows Summary

Operating Activities. Cash flow generated from operations provides us with a significant source of liquidity. Our operating cash flows result primarily from cash received from our customers, offset by cash payments we make for products and services, employee compensation, operations, and occupancy costs.

Net cash provided by operating activities increased \$295 million in the first nine months of fiscal 2018 compared to the same period last year and was primarily driven by an increase in net earnings, largely offset by net cash outflows associated with changes in working capital. The increase in net earnings during the first nine months of fiscal 2018 was due to a lower effective income tax rate in fiscal 2018 resulting from the enactment of the Tax Act, higher comparable sales, and expense leverage in the first nine months of fiscal 2018.

Cash provided by or used in operating activities is also subject to changes in working capital. Working capital at any specific point in time is subject to many variables, including seasonality, inventory management and category expansion, the timing of cash receipts and payments, vendor payment terms, and fluctuations in foreign exchange rates.

Investing Activities. Cash used in investing activities primarily reflected capital expenditures for investments in our business of \$1.7 billion during the first nine months of fiscal 2018 compared to \$1.4 billion of capital expenditures and \$260 million for a business acquisition in the comparable prior-year period.

Financing Activities. Cash used in financing activities primarily reflected: \$5.5 billion of share repurchases, \$3.5 billion of cash dividends paid, and \$1.2 billion of repayments of long-term debt in the first nine months of fiscal 2018, and

\$6.1 billion of share repurchases and \$3.2 billion of cash dividends paid in the first nine months of fiscal 2017, partially offset by \$3.0 billion of net proceeds from long-term borrowings.

Critical Accounting Policies

There were no changes during fiscal 2018 to our critical accounting policies as disclosed in the 2017 Form 10-K. Our significant accounting policies are disclosed in Note 1 to our consolidated financial statements.

Item 3. Quantitative and Qualitative Disclosures about Market Risk.

Our exposure to market risks results primarily from fluctuations in interest rates. We are also exposed to risks from foreign currency exchange rate fluctuations on the translation of our foreign operations into U.S. dollars and on the purchase of goods by these foreign operations that are not denominated in their local currencies. There have been no material changes to our exposure to market risks from those disclosed in the 2017 Form 10-K.

Item 4. Controls and Procedures.

Under the direction and with the participation of our Chief Executive Officer and Chief Financial Officer, we evaluated our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) and concluded that our disclosure controls and procedures were effective as of October 28, 2018. There has been no change in our internal control over financial reporting during the fiscal quarter ended October 28, 2018, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1A. Risk Factors.

In addition to the other information set forth in this report, you should carefully consider the factors discussed under Item 1A, "Risk Factors" and elsewhere in the 2017 Form 10-K. These risks and uncertainties could materially and adversely affect our business, consolidated financial condition, results of operations, or cash flows. Our operations could also be affected by additional factors that are not presently known to us or by factors that we currently do not consider material to our business. There have been no material changes in the risk factors discussed in the 2017 Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

Issuer Purchases of Equity Securities

Since the inception of our initial share repurchase program in fiscal 2002 through the end of the third quarter of fiscal 2018, we have repurchased shares of our common stock having a value of approximately \$80.6 billion. The number and average price of shares purchased in each fiscal month of the third quarter of fiscal 2018 follow.

Period	Total Number of Shares Purchased ⁽¹⁾	Average Price Paid Per Share ⁽¹⁾	Total Number of Shares Purchased as Part of Publicly Announced Program ⁽²⁾	Dollar Value of Shares that May Yet Be Purchased Under the Program ⁽²⁾
July 30, 2018 - August 26, 2018	2,725,420	\$ 197.31	2,720,890	\$ 9,611,421,264
August 27, 2018 - September 23, 2018	4,212,762	206.95	4,196,611	8,743,002,317
September 24, 2018 - October 28, 2018	6,704,638	193.64	6,703,065	7,445,002,638
Total	13,642,820	198.48	13,620,566	

(1) These amounts include repurchases pursuant to our Amended and Restated 2005 Omnibus Stock Incentive Plan and our 1997 Omnibus Stock Incentive Plan (collectively, the "Plans"). Under the Plans, participants may surrender shares as payment of applicable tax withholding on the vesting of restricted stock and deferred share awards. Participants in the Plans may also exercise stock options by surrendering shares of common stock that the participants already own as payment of the exercise price. Shares so surrendered by participants in the Plans are repurchased pursuant to the terms of the Plans and applicable award agreement and not pursuant to publicly announced share repurchase programs.

(2) In December 2017, our Board of Directors authorized a \$15.0 billion share repurchase program that replaced the previous authorization. The program does not have a prescribed expiration date.

Sales of Unregistered Securities

During the third quarter of fiscal 2018, we issued 692 deferred stock units under the Home Depot, Inc. Nonemployee Directors' Deferred Stock Compensation Plan pursuant to the exemption from registration provided by Section 4(a)(2) of the Securities Act and Rule 506 of the SEC's Regulation D thereunder. The deferred stock units were credited to the accounts of those non-employee directors who elected to receive all or a portion of board retainers in the form of deferred stock units instead of cash during the third quarter of fiscal 2018. The deferred stock units convert to shares of common stock on a one-for-one basis following a termination of service as described in this plan.

During the third quarter of fiscal 2018, we credited 1,013 deferred stock units to participant accounts under the Restoration Plan pursuant to an exemption from the registration requirements of the Securities Act for involuntary, non-contributory plans. The deferred stock units convert to shares of common stock on a one-for-one basis following a termination of service as described in this plan.
