TRICO BANCSHARES ANNOUNCES RECORD ANNUAL AND QUARTERLY EARNINGS
FOR THE PERIODS ENDED DECEMBER 31, 2005

CHICO, Calif. - (January 31, 2006) - TriCo Bancshares (NASDAQ: TCBK), parent company of Tri Counties Bank, today announced record annual earnings of \$23,671,000 for the year ended December 31, 2005. This represents a 17.3% increase when compared with earnings of \$20,182,000 for the year ended December 31, 2004. Diluted earnings per share for the year ended December 31, 2005 increased 16.9% to \$1.45 from \$1.24 for the year ended December 31, 2004. Total assets of the Company increased \$213 million (13.1%) to \$1.841 billion at December 31, 2005 versus \$1.628 billion at December 31, 2004. Total loans of the Company increased \$212 million (18.1%) to \$1.385 billion at December 31, 2005 versus \$1.173 billion at December 31, 2004. Total deposits of the Company increased \$148 million (11.0%) to \$1.497 billion at December 31, 2005 versus \$1.349 billion at December 31, 2004.

Net income for the quarter ended December 31, 2005 increased 25.8% to \$6,734,000 from \$5,355,000 in the quarter ended December 31, 2004. Diluted earnings per

share increased 24.2% to \$0.41 in the quarter ended December 31, 2005 from \$0.33 in the quarter ended December 31, 2004.

Richard Smith, President and Chief Executive Officer commented, "We are very pleased with the results TriCo achieved during the quarter and year ended December 31, 2005. During this time of rapidly increasing short-term interest rates, steady to lower longer-term interest rates, and increased regulatory and compliance requirements, our team members were able to achieve record financial results for our Company. Almost all aspects of the Company's performance were strong in 2005 including very strong loan and deposit growth while maintaining strong credit quality and net interest margin. On top of all that, we continued to restrain growth of total noninterest expenses while opening three new in-store branches, and remodeling and expanding our Sacramento-Arden Fair office during 2005."

The increase in earnings for the quarter ended December 31, 2005 over the year-ago quarter was due to a \$2,103,000 (11.3%) increase in net interest income to \$20,766,000, and an \$886,000 (15.5%) increase in noninterest income to \$6,622,000, which were partially offset by a \$744,000 increase in provision for loan loss to \$561,000 from a \$183,000 reversal, or negative, provision for loan losses during the quarter ended December 31, 2004. Noninterest expense decreased \$15,000 (0.1%) to \$15,800,000 from the year-ago quarter.

The increase in net interest income was due to the loan growth noted above, which was partially offset by a decrease in fully tax-equivalent net interest margin to 5.21% during the quarter ended December 31, 2005 versus 5.28% during the quarter ended December 31, 2004. The fully tax-equivalent net interest margin was 5.10% during the quarter ended September 30, 2005.

The increase in noninterest income was primarily due to a \$524,000 (12.3%) increase in service charges and fees to \$4,790,000 during the quarter ended December 31, 2005 from the quarter ended December 31, 2004, which was due to the introduction of a business overdraft privilege product during 2005. Other noninterest income increased \$362,000 (24.6%) to \$1,832,000 due mainly to a \$185,000 increase in income from cash value of life insurance to \$467,000, and a \$141,000 increase in gain on sale of loans to \$484,000, offset by a \$105,000 decrease in commission on sale of nondeposit investment products to \$515,000.

The \$744,000 increase in provision for loan loss from the quarter ended December 31, 2004 was mainly due to growth in loan balances during the quarter ended December 31, 2005 as credit quality of the loan portfolio remained high. Net loan charge-offs during the quarter ended December 31, 2005 were \$131,000. Nonperforming loans, net of government agency guarantees, were \$2,961,000 at December 31, 2005 compared to \$4,906,000 and at December 31, 2004. The Company's allowance for losses, which consists of the allowance for loan losses and the reserve for unfunded commitments, was \$18,039,000 or 1.30% of total loans outstanding and 609% of nonperforming loans at December 31, 2005 compared to \$16,057,000 or 1.37% of total loans outstanding and 327% of nonperforming loans at December 31, 2004.

The \$15,000 decrease in noninterest expense during the quarter ended December 31, 2005 was mainly due to a \$315,000 (4.2%) decrease in other noninterest expenses to \$7,235,000 offset by a \$300,000 (3.6%) increase in salaries and benefits expense to \$8,565,000. The decrease in other noninterest expense was mainly due to a \$344,000 decrease in provision for losses - unfunded commitments to \$139,000, while efficiencies in operations kept other noninterest expenses approximately the same as the year-ago quarter. The increase in salaries and benefits expense was the result of regular salary increases, incentive compensation related to the loan and deposit growth noted above, and the opening

Edgar Filing: TRICO BANCSHARES / - Form 8-K

of branches in Woodland, Lincoln, Folsom, Sacramento and Roseville in November 2004, February 2005, March 2005, September 2005 and November 2005, respectively.

Mr. Smith continued, "We continue to differentiate ourselves from the competition by offering high levels of service and convenience to our markets with more branch locations, and extended weekday, weekend and holiday hours. Today, we opened our 49th and newest branch inside the Wal-Mart Supercenter at 1150 Harter Road in Yuba City, California. We currently anticipate that we will continue to grow within the Central Valley of California by maximizing revenue growth and new customer opportunities within this region. As always, we remain focused on shareholder value which we measure primarily through earnings per share and growth in earnings per share."

As of January 31, 2006, the Company had purchased 374,371 shares of its common stock under its stock repurchase plan announced on July 31, 2003 and amended on April 9, 2004, which leaves 125,629 shares available for repurchase under the plan.
