USE OF PROCEEDS

All or a substantial portion of the proceeds from the sale of the debt securities will be lent by GM Nova Scotia to General Motors or its affiliates, and General Motors or such affiliates will use such proceeds for general corporate purposes.

DESCRIPTION OF NOTES

General

Edgar Filing: GENERAL MOTORS CORP - Form S-3

The notes offered hereby will be issued in aggregate principal amount initially limited to \$750,000,000 pursuant to an indenture dated as of October __, 2001 among GM Nova Scotia, as issuer, General Motors, as guarantor, and Citibank, N.A., as trustee, a copy of which is filed as an exhibit to the registration statement. The following summaries of certain provisions of the indenture are not complete and are subject to all provisions of the indenture, including the definition of certain terms. The notes and the guarantees have been authorized and approved by resolution of GM Nova Scotia's and General Motors Boards of Directors.

The indenture provides that, in addition to the notes and the guarantees being offered, additional debt securities and guarantees may be issued without limitation as to aggregate principal amount, but only as authorized by GM Nova Scotia's and General Motors Boards of Directors. The indenture and the notes are governed by, and construed in accordance with, the laws of the State of New York, United States.

The notes will mature and be redeemed at par on . The notes will be redeemable by GM Nova Scotia prior to maturity at prices determined in the manner described below and also if certain events occur involving Canadian taxation. See "Optional Redemption" and "Redemption for Tax Reasons." The notes will bear interest, calculated on the basis of a 360-day year consisting of twelve 30-day months, from , 2001 at the rate of ___% per annum, payable on and of each year, the first payment to be made on in respect of the period from to , to the person in whose name the notes are registered at the close of business on the day of the calendar month next preceding such and .

Guarantee

General Motors, in its capacity as guarantor, will guarantee (each, a "Guarantee") the punctual payment of the principal of, premium, if any, and interest and all other amounts payable on the notes, when and as the same are due and payable. Each Guarantee is absolute and unconditional, irrespective of any circumstance that might otherwise constitute a legal or equitable discharge of a surety or guarantor. To evidence the Guarantee, a guarantee, executed by General Motors, will be endorsed on each note. A form of the Guarantee is attached as Appendix I.

Optional Redemption

The notes will be redeemable at any time, at GM Nova Scotia's option, in whole or in part, on not less than 30 nor more than 60 days' prior notice, prior to their maturity at a redemption price equal to the sum of the principal amount of the notes, the Make-Whole Amount described below and any accrued and unpaid interest to the date of redemption. Holders of record on a record date that is on or prior to a redemption date will be entitled to receive interest due on the interest payment date.

The term "Make-Whole Amount" means, the excess, if any, of (i) the aggregate present value as of the date of the redemption of principal being redeemed and the amount of interest (exclusive of interest accrued to the date of redemption) that would have been payable if redemption had not been made, determined by discounting, on a semiannual basis, the remaining principal and interest at the Reinvestment Rate described below (determined on the third business day preceding the date notice of redemption is given) from the dates on which the principal and interest would have been payable if the redemption had not been made, to the date of redemption, over (ii) the aggregate principal amount of the notes being redeemed.

The term "Reinvestment Rate" means ___% plus the arithmetic mean of the yields under the heading "Week Ending" published in the most recent weekly Statistical Release under the caption "Treasury Constant Maturities" for the

Edgar Filing: GENERAL MOTORS CORP - Form S-3

maturity (rounded to the nearest tenth) corresponding to the remaining life to maturity, as of the payment date of the principal being redeemed or paid. If no maturity exactly corresponds to the maturity, yields for the two published maturities most closely corresponding to the maturity would be so calculated and the Reinvestment Rate would be interpolated or extrapolated on a straight-line basis, rounding to the nearest tenth. The most recent Statistical Release published prior to the date of determination of the Make-Whole Amount will be used for purposes of calculating the Reinvestment Rate.

The Make-Whole Amount will be calculated by an independent investment banking institution of national standing appointed by GM Nova Scotia. If GM Nova Scotia fails to make the appointment at least 45 business days prior to the date of redemption, or if the institution is unwilling or unable to make the calculation, the calculation will be made by an independent investment banking institution of national standing appointed by the trustee.

If the Reinvestment Rate is not available as described above, the Reinvestment Rate will be calculated by interpolation or extrapolation of comparable rates selected by the independent investment banking institution.

In the case of any partial redemption, selection of the notes for redemption will be made by the trustee in compliance with the requirements of the principal national securities exchange, if any, on which the notes are listed or, if the notes are not listed on a national securities exchange, by lot or by such other method as the trustee in its sole discretion deems to be fair and appropriate.

Book-Entry, Delivery and Form

The notes will be offered and sold in principal amounts of U.S. \$1,000 and integral multiples thereof. The notes will be issued in the form of one or more fully registered Global Notes (collectively, the "Global Notes"), which will be deposited with, or on behalf of, The Depository Trust Company, New York, New York (the "Depository" or "DTC") and registered in the name of Cede & Co., the Depository's nominee. Beneficial interests in the Global Notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in the Depository. Investors may elect to hold interests in the Global Notes through DTC. Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of the Depository or to a successor of the Depository or its nominee.

The Depository has advised as follows: it is a limited-purpose trust company which was created to hold securities for its participating organizations and to facilitate the clearance and settlement of securities transactions between participants in such securities through electronic book-entry changes in accounts of its participants. Participants include:

- o securities brokers and dealers, including the underwriters named in this prospectus;
- o banks and trust companies;
- o clearing corporations; and
- o certain other organizations.

Access to the Depository's system is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. Persons who are not participants may beneficially own securities held by the Depository only through participants or indirect participants.

Edgar Filing: GENERAL MOTORS CORP - Form S-3

The Depository advises that pursuant to procedures established by it:

- o upon issuance of the Global Notes by GM Nova Scotia, the Depository will credit the account of participants designated by the underwriters with the principal amounts of the Global Notes purchased by the underwriters; and
- o ownership of beneficial interests in the Global Notes will be shown on, and the transfer of that ownership will be effected only through, records maintained by the Depository (with respect to participants' interests), the participants and the indirect participants (with respect to the owners of beneficial interests in the Global Notes).

The laws of some states require that certain persons take physical delivery in definitive form of securities which they own. Consequently, the ability to transfer beneficial interests in the Global Notes is limited to such extent.

As long as the Depository's nominee is the registered owner of the Global Notes, such nominee for all purposes will be considered the sole owner or holder of the notes under the indenture. Except as provided below, you will not:

- o be entitled to have any of the notes registered in your name;
- o receive or be entitled to receive physical delivery of the notes in definitive form; or
- o be considered the owners or holders of the notes under the indenture.

GM Nova Scotia, General Motors, the trustee, any paying agent and the Depository will not have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests of the Global Notes, or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Principal and interest payments on the notes registered in the name of the Depository's nominee will be made by the trustee to the Depository's nominee as the registered owner of the Global Notes. Under the terms of the indenture, GM Nova Scotia, General Motors and the trustee will treat the persons in whose names the notes are registered as the owners of the notes for the purpose of receiving payment of principal and interest on the notes and for all other purposes whatsoever. Therefore, GM Nova Scotia and General Motors do not have, and neither the trustee nor any paying agent has, any direct responsibility or liability for the payment of principal or interest on the notes to owners of beneficial interests in the Global Notes. The Depository has advised GM Nova Scotia, General Motors and the trustee that its present practice is, upon receipt of any payment of principal or interest, to immediately credit the accounts of the participants with such payment in amounts proportionate to their respective holdings in principal amount of beneficial interests in the Global Notes as shown on the records of the Depository. Payments by participants and indirect participants to owners of beneficial interests in the Global Notes will be the responsibility of such participants and indirect participants and will be governed by their standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name".

Individual certificates in respect of the notes will not be issued in exchange for the Global Notes, except in very limited circumstances. If the Depository is at any time unwilling or unable to continue as depository and GM Nova Scotia has not appointed a successor depository within 90 days, GM Nova Scotia will issue notes in definitive form in exchange for the Global Notes. In addition, GM Nova Scotia may at any time determine not to have the notes represented by the Global Notes and, in such event, will issue notes in definitive form in exchange for the Global Notes. In either instance, an owner

Edgar Filing: GENERAL MOTORS CORP - Form S-3

of a beneficial interest in Global Notes will be entitled to have notes equal in principal amount to the beneficial interest registered in its name and will be entitled to physical delivery of the notes in definitive form. Notes so issued in definitive form will be issued in denominations of U.S. \$1,000 and integral multiples thereof and will be issued in registered form only, without coupons. No service charge will be made for any transfer or exchange of the notes, but GM Nova Scotia may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Title to book-entry interests in the notes will pass by book-entry registration of the transfer within the records of DTC, in accordance with its procedures. Book-entry interests in the notes may be transferred within DTC in accordance with procedures established for this purpose by DTC.

Global Clearance and Settlement Procedures

Initial settlement for the notes will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with Depository rules.

Further Issues

GM Nova Scotia may from time to time, without notice to or the consent of the registered holders of the notes, create and issue further notes ranking *pari passu* with the notes in all respects, or in all respects except for the payment of interest accruing prior to the issue date of such further notes or except for the first payment of interest following the issue date of such further notes having Guarantees endorsed thereon. Such further notes may be consolidated and form a single series with the notes and have the same terms as to status, redemption or otherwise as the notes.

Payment of Additional Amounts

All payments of principal, premium, if any, and interest, if any, in respect of the notes will be made without withholding of or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the government of Canada or any political subdivision thereof, or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law or the application or interpretation thereof. If such withholding or deduction is so required, GM Nova Scotia shall pay (subject to GM Nova Scotia's right of redemption referred to under "Redemption for Tax Reasons" below) as additional interest such additional amounts as may be necessary in order that the net amounts received by the holders of notes after such withholding or deduction shall equal the net payment in respect of such notes which would have been received by them in respect of the notes, in the absence of such withholding or deduction; except that no additional amounts shall be payable with respect to any note presented for payment:

(a) by or on behalf of a holder (i) that is not a "Non-Canadian Person" as defined under the heading "Taxation-Canadian Federal Taxation" or (ii) in respect of whom such taxes, duties, assessments or governmental charges are required to be withheld or deducted by reason of such holder failing to comply with any certification or information reporting as may be required under Canadian income tax law to qualify for an exemption from such deduction or withholding;

(b) more than 10 days after the later of (a) the date on which payment in respect of the notes becomes due and payable or (b) if the full amount of monies payable on such date has not been received by the trustee on or prior to such date, the date on which notice that such monies have been received is

Edgar Filing: GENERAL MOTORS CORP - Form S-3

published, except to the extent that the holder thereof would have been entitled to such additional amounts on presenting such note for payment on the last day of such period of 10 days.

The notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable thereto. Except as specifically provided under this heading "Payment of Additional Amounts" and under the heading "Redemption for Tax Reasons", GM Nova Scotia shall not be required to make any payment with respect to any tax, assessment or governmental charge imposed by any government or a political subdivision or taxing authority thereof or therein.

Redemption for Tax Reasons

If, as a result of-

- o any change or proposed change in or amendment or proposed amendment to the laws (including any regulations or rulings promulgated thereunder) of Canada or any political subdivision thereof or therein affecting taxation, or in or to the income tax treaty between the United States and Canada which becomes effective after the date of this prospectus or which proposal is made after such date,
- o any change in the official application or interpretation of such laws or such treaty, including any official proposal for such a change, amendment or change in the application or interpretation of such laws or such treaty, which change, amendment, application or interpretation is announced or becomes effective after the date of this prospectus or which proposal is made after such date, or
- o any action taken or proposed to be taken by any taxing authority of Canada which action or proposed action is taken or becomes generally known after the date of this Prospectus,

there is, in the written opinion of independent legal counsel of recognized standing to GM Nova Scotia, a material increase in the probability that GM Nova Scotia has or may become obligated to pay additional amounts (as described above under "Payment of Additional Amounts"), and GM Nova Scotia in its business judgment, determines that such obligation cannot be avoided by the use of reasonable measures available to it, the notes may be redeemed, as a whole but not in part, at GM Nova Scotia's option at any time thereafter, upon notice to the trustee and the holders of the notes in accordance with the provisions of the indenture, at a redemption price equal to 100% of the principal amount of the notes to be redeemed together with accrued interest thereon to but excluding the date fixed for redemption.

Certain Covenants of General Motors

DEFINITIONS APPLICABLE TO COVENANTS. The following definitions shall be applicable to the covenants of General Motors in the indenture in its capacity as guarantor:

(i) "Attributable Debt" means, at the time of determination as to any lease, the present value (discounted at the actual rate, if stated, or, if no rate is stated, the implicit rate of interest of such lease transaction as determined by the chairman, president, any vice chairman, any vice president, the treasurer or any assistant treasurer of General Motors), calculated using the interval of scheduled rental payments under such lease, of the obligation of the lessee for net rental payments during the remaining term of such lease (excluding any subsequent renewal or other extension options held by the lessee). The term "net rental payments" means, with respect to any lease for any

Edgar Filing: GENERAL MOTORS CORP - Form S-3

period, the sum of the rental and other payments required to be paid in such period by the lessee thereunder, but not including, however, any amounts required to be paid by such lessee (whether or not designated as rental or additional rental) on account of maintenance and repairs, insurance, taxes, assessments, water rates, indemnities or similar charges required to be paid by such lessee thereunder or any amounts required to be paid by such lessee thereunder contingent upon the amount of sales, earnings or profits or of maintenance and repairs, insurance, taxes, assessments, water rates, indemnities or similar charges; provided, however, that, in the case of any lease which is terminable by the lessee upon the payment of a penalty in an amount which is less than the total discounted net rental payments required to be paid from the later of the first date upon which such lease may be so terminated and the date of the determination of net rental payments, "net rental payments" shall include the then-current amount of such penalty from the later of such two dates, and shall exclude the rental payments relating to the remaining period of the lease commencing with the later of such two dates.

(ii) "Debt" means notes, bonds, debentures or other similar evidences of indebtedness for money borrowed.

(iii) "Manufacturing Subsidiary" means any Subsidiary (A) substantially all the property of which is located within the continental United States of America, (B) which owns a Principal Domestic Manufacturing Property and (C) in which General Motors investment, direct or indirect and whether in the form of equity, debt, advances or otherwise, is in excess of \$2,500,000,000 as shown on the books of General Motors as of the end of the fiscal year immediately preceding the date of determination; provided, however, that "Manufacturing Subsidiary" shall not include Hughes Electronics Corporation and its Subsidiaries, General Motors Acceptance Corporation and its Subsidiaries (or any corporate successor of any of them) or any other Subsidiary which is principally engaged in leasing or in financing installment receivables or otherwise providing financial or insurance services to General Motors or others or which is principally engaged in financing General Motors operations outside the continental United States of America.

(iv) "Mortgage" means any mortgage, pledge, lien, security interest, conditional sale or other title retention agreement or other similar encumbrance.

(v) "Principal Domestic Manufacturing Property" means any manufacturing plant or facility owned by General Motors or any Manufacturing Subsidiary which is located within the continental United States of America and, in the opinion of the Board of Directors, is of material importance to the total business conducted by General Motors and its consolidated affiliates as an entity.

(vi) "Subsidiary" means any corporation of which at least a majority of the outstanding stock having by the terms thereof ordinary voting power to elect a majority of the board of directors of such corporation (irrespective of whether or not at the time stock of any other class or classes of such corporation shall have or might have voting power by reason of the happening of any contingency) is at the time owned by General Motors, or by one or more Subsidiaries, or by General Motors and one or more Subsidiaries.

LIMITATION ON LIENS. For the benefit of the notes, General Motors will not, nor will it permit any Manufacturing Subsidiary to, issue or assume any Debt secured by a Mortgage upon any Principal Domestic Manufacturing Property of General Motors or any Manufacturing Subsidiary or upon any shares of stock or indebtedness of any Manufacturing Subsidiary (whether such Principal Domestic Manufacturing Property, shares of stock or indebtedness are now owned or hereafter acquired) without in any such case effectively providing concurrently with the issuance or assumption of any such Debt that the guarantees (together with, if General Motors shall so determine, any other indebtedness of General

Edgar Filing: GENERAL MOTORS CORP - Form S-3

Motors or such Manufacturing Subsidiary ranking equally with the guarantees and then existing or thereafter created) shall be secured equally and ratably with such secured Debt, unless the aggregate amount of Debt issued or assumed and so secured by Mortgages, together with all other Debt of General Motors and its Manufacturing Subsidiaries which (if originally issued or assumed at such time) would otherwise be subject to the foregoing restrictions, but not including Debt permitted to be secured under clauses (i) through (vi) of the immediately following paragraph, does not at the time exceed 20% of the stockholders' equity of General Motors and its consolidated subsidiaries, as determined in accordance with accounting principles generally accepted in the U.S. and shown on the audited consolidated balance sheet contained in the latest published annual report to the stockholders of General Motors.

The above restrictions shall not apply to Debt secured by:

(i) Mortgages on property, shares of stock or indebtedness of any corporation existing at the time such corporation becomes a Manufacturing Subsidiary;

(ii) Mortgages on property existing at the time of acquisition of such property by General Motors or a Manufacturing Subsidiary, or Mortgages to secure the payment of all or any part of the purchase price of such property upon the acquisition of such property by General Motors or a Manufacturing Subsidiary or to secure any Debt incurred prior to, at the time of, or within 180 days after, the later of the date of acquisition of such property and the date such property is placed in service, for the purpose of financing all or any part of the purchase price thereof, or Mortgages to secure any Debt incurred for the purpose of financing the cost to General Motors or a Manufacturing Subsidiary of improvements to such acquired property;

(iii) Mortgages securing Debt of a Manufacturing Subsidiary owing to General Motors or to another Subsidiary;

(iv) Mortgages on property of a corporation existing at the time such corporation is merged or consolidated with General Motors or a Manufacturing Subsidiary or at the time of a sale, lease or other disposition of the properties of a corporation as an entirety or substantially as an entirety to General Motors or a Manufacturing Subsidiary;

(v) Mortgages on property of General Motors or a Manufacturing Subsidiary in favor of the United States of America or any State thereof, or any department, agency or instrumentality or political subdivision of the United States of America or any State thereof, or in favor of any other country, or any political subdivision thereof, to secure partial, progress, advance or other payments pursuant to any contract or statute or to secure any indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the property subject to such Mortgages; or

(vi) any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of any Mortgage referred to in the foregoing clauses (i) to (v); provided, however, that the principal amount of Debt secured thereby shall not exceed by more than 115% the principal amount of Debt so secured at the time of such extension, renewal or replacement and that such extension, renewal or replacement shall be limited to all or a part of the property which secured the Mortgage so extended, renewed or replaced (plus improvements on such property).

LIMITATION ON SALE AND LEASE-BACK. For the benefit of the notes, General Motors will not, nor will it permit any Manufacturing Subsidiary to, enter into any arrangement with any person providing for the leasing by General Motors or any Manufacturing Subsidiary of any Principal Domestic Manufacturing Property owned by General Motors or any Manufacturing Subsidiary on the date that the notes are

Edgar Filing: GENERAL MOTORS CORP - Form S-3

originally issued (except for temporary leases for a term of not more than five years and except for leases between General Motors and a Manufacturing Subsidiary or between Manufacturing Subsidiaries), which property has been or is to be sold or transferred by General Motors or such Manufacturing Subsidiary to such person, unless either:

(i) General Motors or such Manufacturing Subsidiary would be entitled, pursuant to the provisions of the covenant on limitation on liens described above, to issue, assume, extend, renew or replace Debt secured by a Mortgage upon such property equal in amount to the Attributable Debt in respect of such arrangement without equally and ratably securing the guarantees; provided, however, that from and after the date on which such arrangement becomes effective the Attributable Debt in respect of such arrangement shall be deemed for all purposes under the covenant on limitation on liens described above and this covenant on limitation on sale and lease-back to be Debt subject to the provisions of the covenant on limitation on liens described above (which provisions include the exceptions set forth in clauses (i) through (vi) of such covenant); or

(ii) General Motors shall apply an amount in cash equal to the Attributable Debt in respect of such arrangement to the retirement (other than any mandatory retirement or by way of payment at maturity), within 180 days of the effective date of any such arrangement, of Debt of General Motors or any Manufacturing Subsidiary (other than Debt owned by General Motors or any Manufacturing Subsidiary) which by its terms matures at or is extendible or renewable at the option of the obligor to a date more than twelve months after the date of the creation of such Debt.

Defeasance

The indenture provides that either GM Nova Scotia or General Motors, in its capacity as guarantor, may, at its option, (a) discharge its indebtedness and its obligations under the indenture with respect to the notes or (b) not comply with certain covenants contained in the indenture with respect to the notes, in each case by depositing trust funds or obligations guaranteed by the United States of America with the trustee sufficient to pay and discharge the entire indebtedness of all outstanding notes. Such defeasance is subject to other conditions including receipt of a tax opinion to the effect that the holders of the notes will not recognize income, gain or loss for United States Federal income tax purposes as a result of such defeasance and will be subject to United States Federal income tax on the same amounts and in the same manner and at the same times, as would have been the case if such defeasance had not occurred.

Merger and Consolidation; Assumption

The indenture provides that neither GM Nova Scotia nor General Motors, will merge or consolidate with another corporation or sell or convey all or substantially all of its assets unless either GM Nova Scotia or General Motors, as the case may be, is the continuing corporation or the new corporation shall expressly assume the interest and principal, or guarantee as the case may be, and all other amounts due under the notes or guarantees. In either case, the indenture provides that neither GM Nova Scotia nor General Motors, as the case may be, nor any successor companies may be in default of performance immediately after a merger or consolidation. Additionally, the indenture provides that in the case of any such merger or consolidation, either GM Nova Scotia or its successor companies may continue to issue securities under the indenture.

General Motors or any wholly-owned subsidiary of General Motors organized and existing under United States or Canadian law may, without merging or consolidating with or acquiring all or substantially all of the assets of GM Nova Scotia, assume the due and punctual payment of the principal, interest and any additional amounts on all the notes. If the assuming corporation is not

Edgar Filing: GENERAL MOTORS CORP - Form S-3

General Motors, then General Motors shall unconditionally guarantee payment of the obligations assumed as fully and to the same extent as it guarantees the obligation prior to assumption. Such assumption is subject to other conditions including receipt of a tax opinion to the effect that the holders of the notes will not recognize income, gain or loss for United States Federal income tax purposes as a result of such assumption and will be subject to United States Federal income tax on the same amounts and in the same manner and at the same times, as would have been the case if such assumption had not occurred.

Modification of the Indenture

The indenture contains provisions permitting GM Nova Scotia, General Motors and the trustee to modify or amend the indenture or any supplemental indenture or the rights of the holders of the debt securities issued thereunder, with the consent of the holders of not less than a majority in aggregate principal amount of the debt securities of all series at the time outstanding under such indenture which are affected by such modification or amendment, voting as one class, provided that no such modification shall:

- o extend the fixed maturity of any debt securities, or reduce the principal amount thereof, or premium, if any, or reduce the rate or extend the time of payment of interest thereon, or make the principal of or interest thereon payable in any coin or currency other than so provided in the debt securities, without the consent of the holder of each debt security so affected; or
- o reduce the aforesaid percentage of debt securities, the consent of the holders of which is required for any such modification, without the consent of the holders of all debt securities then outstanding under the indenture.

Events of Default

An event of default with respect to any series of debt securities issued subject to the indenture is defined in the indenture as being:

- o default in payment of any principal or premium, if any, on such series;
- o default for 30 days in payment of any interest (including Additional Amounts) on such series;
- o default for 90 days after notice in performance of any other covenant in the indenture; or
- o certain events of bankruptcy, insolvency or reorganization.

No event of default with respect to a particular series of debt securities issued under the indenture necessarily constitutes an event of default with respect to any other series of debt securities issued thereunder. In case an event of default as set out in the first, second and third items listed above shall occur and be continuing with respect to any series, the trustee or the holders of not less than 25% in aggregate principal amount of debt securities of each such series then outstanding may declare the principal, or, in the case of discounted debt securities, the amount specified in the terms thereof, of such series to be due and payable. In case an event of default as set out in the fourth item listed above shall occur and be continuing, the trustee or the holders of not less than 25% in aggregate principal amount of all the debt securities then outstanding, voting as one class, may declare the principal, or, in the case of discounted debt securities, the amount specified in the terms thereof, of all outstanding debt securities to be due and payable. Any event of default with respect to a particular series of debt securities may be waived by the holders of a majority in aggregate principal amount of the outstanding debt securities of such series, or of all the outstanding debt securities, as the case may be, except in a case of failure to pay principal or premium, if any, or interest (including Additional Amounts) on such debt security for which payment

Edgar Filing: GENERAL MOTORS CORP - Form S-3

had not been subsequently made. GM Nova Scotia and General Motors are each required to file with the trustee annually an Officers' Certificate as to the absence of certain defaults under the terms of the indenture. The indenture provides that the trustee may withhold notice to the securityholders of any default, except in payment of principal, premium, if any, or interest, if it considers it in the interest of the securityholders to do so.

Subject to the provisions of the indenture relating to the duties of the trustee in case an event of default shall occur and be continuing, the trustee shall be under no obligation to exercise any of its rights or powers under the indenture at the request, order or direction of any of the securityholders, unless such securityholders shall have offered to the trustee reasonable indemnity or security.

Subject to such provisions for the indemnification of the trustee and to certain other limitations, the holders of a majority in principal amount of the debt securities of each series affected, with each series voting as a separate class, at the time outstanding shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee.

Concerning the Trustee

Citibank, N.A. is the trustee under the indenture. It is also trustee under various indentures covering outstanding notes and debentures of General Motors. Citibank, N.A. and its affiliates act as depository for funds of, make loans to, act as trustee and perform certain other services for, certain of General Motors affiliates and General Motors in the normal course of its business. As trustee of various trusts, it has purchased securities of General Motors and those of certain of its affiliates.

TAXATION

Canadian Federal Taxation

The following summary describes the material Canadian federal tax consequences of ownership and disposition of the notes generally applicable to a holder who acquires the notes in this offering. This summary is based upon the provisions of the Income Tax Act (Canada) (the "Canadian Tax Act") in force on the date hereof and the regulations adopted thereunder (the "Regulations"), proposed amendments to the Act and the Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date of this prospectus and the current published administrative practices and policies of the Canada Customs and Revenue Agency, changes to any of which subsequent to the date of this prospectus may affect the tax consequences described herein, possibly with retroactive effect. This summary does not otherwise take into account or anticipate any other changes in law or administrative practice, whether by legislative, governmental or judicial action, nor does it take into account foreign income tax considerations. This summary does not discuss all of the Canadian federal tax considerations that may be relevant to a holder in light of the holder's particular circumstances. It is of a general nature only and is not, and should not be construed to be, advice to any particular holder of notes. Persons considering the purchase of notes should consult their own tax advisors with regard to the application of the Canadian federal tax laws to their particular situation, as well as any tax consequences arising under the laws of any provincial or non-Canadian taxing jurisdiction.

For purposes of the following discussion, "Non-Canadian person" means a beneficial owner of a note that, for purposes of the Canadian Tax Act:

- o is not (and is not deemed to be) a resident of Canada,

Edgar Filing: GENERAL MOTORS CORP - Form S-3

- o deals at arm's length with GM Nova Scotia,
- o does not use or hold and is not deemed to use or hold the notes in, or in the course of, carrying on business in Canada, and
- o in the case of a person who carries on an insurance business in Canada and elsewhere, establishes that the notes are not "designated insurance property" and are not effectively connected with such insurance business carried on in Canada.

Interest and Other Payments

A Non-Canadian holder will not be subject to Canadian federal tax (including withholding tax) on the payment of interest, premium or principal on the notes.

Dispositions

Gains realized on the disposition or deemed disposition of a note by a Non-Canadian holder will not be subject to Canadian federal tax.

United States Federal Income Taxation

The following summary describes the material United States federal income tax consequences of ownership and disposition of the notes. This summary provides general information only and is directed solely to original holders purchasing notes at the "issue price" (that is, the first price to the public at which a substantial amount of the notes in an issue is sold (excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers)). This summary is based on the Internal Revenue Code of 1986, as amended to the date hereof (the "Code"), existing administrative pronouncements and judicial decisions, existing and proposed Treasury Regulations currently in effect, and interpretations of the foregoing, changes to any of which subsequent to the date of this prospectus may affect the tax consequences described herein, possibly with retroactive effect. This summary discusses only notes held as capital assets within the meaning of Section 1221 of the Code. This summary does not discuss all of the tax consequences that may be relevant to a holder in light of the holder's particular circumstances, and does not apply to holders that are not "United States persons" (as defined below) or to holders subject to special rules, such as certain financial institutions, insurance companies, dealers in securities, persons holding notes in connection with a hedging transaction, "straddle," conversion transaction, or other integrated transaction, or persons who have ceased to be United States citizens or to be taxed as resident aliens, or United States persons whose functional currency (as defined in Section 985 of the Code) is not the U.S. dollar. Persons considering the purchase of notes should consult their tax advisors with regard to the application of the United States federal income tax laws to their particular situations as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

For purposes of the following discussion, "United States person" means a beneficial owner of a note that is for United States federal income tax purposes:

- o a citizen or resident of the United States,
- o a corporation or other entity created or organized in or under the laws of the United States or of any political subdivision thereof,
- o an estate the income of which is subject to United States federal income taxation regardless of its source, or

Edgar Filing: GENERAL MOTORS CORP - Form S-3

- o a trust if (1) a court within the United States is able to exercise primary supervision over the administration of the trust and (2) one or more United States persons have the authority to control all substantial decisions of the trust.

If a partnership holds notes, the tax treatment of a partner will generally depend upon the status of the partner and upon the activities of the partnership. Partners of partnerships holding notes should consult their tax advisors.

Payments of Interest

Interest on a note will generally be taxable to a United States person as United States source ordinary interest income at the time it is accrued or is received in accordance with the United States person's method of accounting for tax purposes.

Sale, Exchange or Retirement of the Notes

Upon the sale, exchange or retirement of a note, a United States person will recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange or retirement and the United States person's adjusted tax basis in the note. For these purposes, the amount realized does not include any amount attributable to interest on the note that has not previously been included in income, which will be includable as interest as described under "Payments of Interest" above. A United States person's adjusted tax basis in a note generally will equal the cost of the note to the United States person.

In general, gain or loss realized on the sale, exchange or redemption of a note will be capital gain or loss. Prospective investors should consult their tax advisors regarding the treatment of capital gains (which may be taxed at lower rates than ordinary income for taxpayers who are individuals, trusts or estates) and losses (the deductibility of which is subject to limitations).

Backup Withholding and Information Reporting

Backup withholding and information reporting requirements may apply to certain payments of principal, premium and interest on a note, and to payments of proceeds of the sale or redemption of a note, to certain non-corporate United States persons. GM Nova Scotia, General Motors, its agent, a broker, or any paying agent, as the case may be, will be required to withhold from any payment tax at the rates specified in the Code if the United States person fails to furnish or certify his correct taxpayer identification number to the payor in the manner required, fails to certify that such United States person is not subject to backup withholding, or otherwise fails to comply with the applicable requirements of the backup withholding rules. Any amounts withheld under the backup withholding rules from a payment to a United States person may be credited against that United States person's United States federal income tax and may entitle that United States person to a refund, provided that the required information is furnished to the United States Internal Revenue Service.

In addition, the underwriters may bid for and purchase the notes in the open market to cover short positions or to stabilize the price of the notes. Any of these activities may stabilize or maintain the market price of the notes above independent market levels. The underwriters will not be required to engage in these activities, and may end any of these activities at any time.

John H. Bryan, a director of Goldman, Sachs Group Inc., of which Goldman, Sachs & Co. is a direct wholly owned subsidiary, is a director of General Motors. In the ordinary course of their respective businesses, certain of the underwriters or their affiliates have engaged, and will in the future engage, in commercial banking and investment banking transactions with GM Nova Scotia, General Motors and certain of their affiliates.

Item 15. Indemnification of Directors and Officers

General Motors

Under Section 145 of the Delaware Corporation Law, General Motors is empowered to indemnify its directors and officers in the circumstances therein provided.

General Motors Certificate of Incorporation, as amended, provides that no director shall be personally liable to General Motors or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to General Motors, or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174, or any successor provision thereto, of the Delaware Corporation Law, or (iv) for any transaction from which the director derived an improper personal benefit.

Under Article V of its By-Laws, General Motors shall indemnify and advance expenses to every director and officer (and to such person's heirs, executors, administrators or other legal representatives) in the manner and to the full extent permitted by applicable law as it presently exists, or may hereafter be amended, against any and all amounts (including judgments, fines, payments in settlement, attorneys' fees and other expenses) reasonably incurred by or on behalf of such person in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative ("a proceeding"), in which such director or officer was or is made or is threatened to be made a party or is otherwise involved by reason of the fact that such person is or was a director or officer of General Motors, or is or was serving at the request of General Motors as a director, officer, employee, fiduciary or member of any other corporation, partnership, joint venture, trust, organization or other enterprise. General Motors shall not be required to indemnify a person in connection with a proceeding initiated by such person if the proceeding was not authorized by the Board of Directors of General Motors. General Motors shall pay the expenses of directors and officers incurred

in defending any proceeding in advance of its final disposition ("advancement of expenses"); provided, however, that the payment of expenses incurred by a director or officer in advance of the final disposition of the proceeding shall be made only upon receipt of an undertaking by the director or officer to repay all amounts advanced if it should be ultimately determined that the director or officer is not entitled to be indemnified under Article V of the By-Laws or otherwise. If a claim for indemnification or advancement of expenses by an officer or director under Article V of the By-Laws is not paid in full within ninety days after a written claim therefor has been received by General Motors, the claimant may file suit to recover the unpaid amount of such claim and, if successful in whole or in part, shall be entitled to be paid the expense of prosecuting such claim. In any such action General Motors shall have the burden of proving that the claimant was not entitled to the requested indemnification or advancement of expenses under applicable law. The rights conferred on any person by Article V of the By-Laws shall not be exclusive of any other rights which such person may have or hereafter acquire under any statute, provision of General Motors Certificate of Incorporation or By-Laws, agreement, vote of stockholders or disinterested directors or otherwise.

General Motors is insured against liabilities which it may incur by reason of Article V of its By-Laws. In addition, directors and officers are insured, at General Motors expense, against some liabilities which might arise out of their employment and not be subject to indemnification under Article V of the By-Laws.

Pursuant to a resolution adopted by General Motors Board of Directors on December 1, 1975, General Motors to the fullest extent permissible under law will indemnify, and has purchased insurance on behalf of, directors or officers of General Motors and its subsidiaries, including GM Nova Scotia, or any of them, who incur or are threatened with personal liability, including expenses, under the Employee Retirement Income Security Act of 1974, as amended, or any amendatory or comparable legislation or regulation thereunder.

GM Nova Scotia

Under the applicable Canadian law, GM Nova Scotia is permitted to indemnify its officers and directors on terms acceptable to the shareholders. The Articles of Association of GM Nova Scotia provide that no director or officer, former director or officer, or person who acts or acted at GM Nova Scotia's request, as a director or officer of GM Nova Scotia, a body corporate, partnership or other association of which GM Nova Scotia is or was a shareholder, partner, member or creditor, in the absence of any dishonesty on such person's part, shall be liable for the acts, receipts, neglects or defaults of any other director, officer or such person, or for joining in any receipt or other act for conformity, or for any loss, damage or expense of any kind which happens in the execution of the duties of such person or in relation thereto. The Articles of Association of GM Nova Scotia also provide that no director or officer, former director or officer, or person who acts or acted at GM Nova Scotia's request, as a director or officer of GM Nova Scotia, a body corporate, partnership or other association of which GM Nova Scotia is or was a shareholder, partner, member or creditor, and the heirs and legal representatives of such person, in the absence of any dishonesty on the part of such person, shall be indemnified by GM Nova Scotia against, and it shall be the duty of the directors out of the funds of GM Nova Scotia to pay, all costs, losses and expenses, including an amount paid to settle an action or claim or satisfy a judgment, that such director, officer or person may incur or become liable to pay in respect of any claim made against such person or civil, criminal or administrative action or proceeding to which such person is made a party by reason of being or having been a director or officer of GM Nova Scotia or such body corporate, partnership or other association, whether GM Nova Scotia is a claimant or party to such action or proceeding or otherwise; and the amount for which such indemnity is proved shall immediately attach as a lien on the property of GM Nova Scotia and have priority as against the shareholders over all other claims. As a subsidiary of General

Motors, GM Nova Scotia is insured against liabilities which it may incur by reason of the foregoing provisions of its Articles of Association and directors and officers of GM Nova Scotia are insured against some liabilities which might arise out of their employment and not be subject to the indemnification contained in the Articles of Association of GM Nova Scotia as previously described.

Item 17. Undertakings

(a) The undersigned registrants hereby undertake that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(b) The undersigned registrants hereby further undertake that, for purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrants pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective and each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors and officers of the registrants pursuant to the provisions discussed in Item 15 above, or otherwise, the registrants have been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrants of expenses incurred or paid by a director or officer of the registrants in the successful defense of any action, suit or proceeding) is asserted by such director or officer in connection with the securities being registered, the registrants will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be
