Item 2.02. Results of Operations and Financial Condition

On August 1, 2018, Entergy Corporation (the “Company”) issued a press release, which is attached as Exhibit 99.1 hereto and incorporated herein by reference, announcing its results of operations and financial condition for the second quarter 2018 (the “Earnings Release”). The information in Exhibit 99.1 is being furnished, not filed, pursuant to this Item 2.02.

Item 7.01. Regulation FD Disclosure

On August 1, 2018, the Company issued the Earnings Release, which is attached as Exhibit 99.1 hereto and incorporated herein by reference, announcing its results of operations and financial condition for the second quarter 2018. The information in Exhibit 99.1 is being furnished, not filed, pursuant to this Item 7.01.

The below Item 7.01 disclosure relates only to Entergy Corporation.

On August 1, 2018, the Company announced that it had entered into (i) a purchase and sale agreement with Holtec International (“Holtec”) to sell to Nuclear Asset Management Company, LLC, a Holtec subsidiary (“Purchaser”), 100% of the equity interests of Entergy Nuclear Generation Company (“ENGCO”), the owner of the Pilgrim Nuclear Power Station (the “Pilgrim Transaction”), and (ii) a purchase and sale agreement with Holtec to sell to Purchaser 100% of the equity interests of Entergy Nuclear Palisades, LLC (“ENP”), the owner of the Palisades Nuclear Plant and the Big Rock Point Site (the “Palisades Transaction”). The sales of ENGCO and ENP will include the transfer of each entity’s nuclear decommissioning trust (“NDT”) and obligations for spent fuel management and decommissioning. At each closing, Purchaser will pay \$1,000 (subject to adjustment for net liabilities and other amounts) for the equity interests in ENGCO and ENP, respectively.

The Pilgrim Transaction is subject to certain closing conditions, including:

- the permanent shutdown of Pilgrim Nuclear Power Station and the transfer of all nuclear fuel from the reactor vessel to the spent nuclear fuel pool,
- Nuclear Regulatory Commission (“NRC”) approval for the transfer of the operating and the independent spent fuel storage installation (“ISFSI”) licenses,
- Federal Energy Regulatory Commission approval for the change in control of the switchyard,
- receipt of a favorable private letter ruling from the Internal Revenue Service;
- the market value of the NDT for Pilgrim Nuclear Power Station, less the hypothetical income tax on the aggregate unrealized gain of such fund assets at closing, equals or exceeds a specified minimum amount, and
- the Palisades purchase and sale agreement has not been terminated due to a breach by Holtec or Purchaser.

The Palisades Transaction is subject to certain closing conditions, including:

- the permanent shutdown of Palisades Nuclear Plant and the transfer of all nuclear fuel from the reactor vessel to the spent nuclear fuel pool,
- NRC regulatory approval for the transfer of the Palisades Nuclear Plant and Big Rock Point operating and ISFSI licenses,
- receipt of a favorable private letter ruling from the Internal Revenue Service,
- the market value of the NDT for Palisades Nuclear Plant, less the hypothetical income tax on the aggregate unrealized gain of such fund assets at closing, equals or exceeds a specified minimum amount, and
- the Pilgrim Transaction has closed.

Subject to the above conditions, the Pilgrim Transaction is expected to close by the end of 2019 and the Palisades Transaction is expected to close by the end of 2022.

Each transaction is expected to result in a non-cash loss based on the difference between the Company's net investment in each subsidiary and the sale price plus any agreed adjustments. As of June 30, 2018, the adjusted net investment in ENGC was \$557 million and the adjusted net investment in ENP was \$131 million. The primary variables in the ultimate loss are the values of the NDTs and the asset retirement obligations, financial results from plant operations, and the level of any deferred tax balances prior to the closing of the sale.
