ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD TUESDAY, MAY 20, 2014

PROXY STATEMENT

This Proxy Statement is furnished to the Shareholders of Bar Harbor Bankshares (the Company) in connection with the solicitation of proxies on behalf of the Board of Directors for use at the Annual Meeting of Shareholders (the Annual Meeting). The Annual Meeting will be held on Tuesday, May 20, 2014, at 11:00 a.m. EDT at the Bar Harbor Club located at 111 West Street in Bar Harbor, Maine. The official *Notice of the Annual Meeting of Shareholders* accompanies this Statement. A *Form of Proxy* for use at the meeting and a return envelope for the Proxy are enclosed.

The Notice of Annual Meeting, Proxy Statement, and Proxy Card were first mailed to the Company's shareholders on or about April 9, 2014 to solicit proxies for the Annual Meeting. Any shareholder submitting a proxy has the right to revoke it at any time before it is exercised; therefore, the delivery of an executed Proxy Card will not in any way affect a shareholder's right to attend the Annual Meeting and vote in person. Revocation may be made prior to the Annual Meeting by a written revocation, or by submitting a duly executed Proxy Card bearing a later date sent to the Company attention: Marsha C. Sawyer, Clerk, 82 Main Street, Bar Harbor, Maine 04609; or a proxy may be revoked personally at the Annual Meeting prior to the voting of the Proxy.

In absence of specific instructions to the contrary, shares represented by properly executed proxies received by the Company, including unmarked proxies, will be voted:

Proposal - I **FOR** the election of the fourteen (14) persons nominated as directors by the Board of Directors;

Proposal - II **FOR** approval of the non-binding, advisory resolution on the compensation of the named executive officers; and

Proposal - III **FOR** ratification of the appointment of KPMG LLP as the independent registered public accounting firm of the Company for the ensuing year.

Except for procedural matters incidental to the conduct of the Annual Meeting, the Board of Directors does not know of any matters other than those described in the Notice of Annual Meeting that are to come before the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons named in the Proxy will vote the shares represented by such proxy on such matters as determined by a majority of the Board of Directors.

Quorum and Vote Required

Only shareholders of record as of March 24, 2014 (the Record Date) will be entitled to notice of, to attend, and to vote at, the Annual Meeting. Each share is entitled to cast one vote for each of the fourteen (14) director nominees to the Company's Board of Directors and to cast one vote on each of the other matters to be voted on at the Annual Meeting. Cumulative voting is not permitted. As of the Record Date, 3,944,219 shares of the Company's common stock, \$2.00 par value (Common Stock), were outstanding and entitled to vote at the Annual Meeting. The presence at the Annual Meeting, either in person or by proxy, of the holders of not less than a majority of the shares entitled to vote at any meeting will constitute a quorum. If a quorum is present at the Annual Meeting, action may be taken on any matter considered, excepting only the election of directors, by the holders of a majority of the shares present and voting. Directors are elected by a plurality of the votes cast by the shares entitled to vote in the election at a meeting at which a quorum is present. The inspector of election will treat abstentions and broker non-votes as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but not for purposes of voting with respect to determining the approval of any matter submitted to the shareholders for a vote. Shareholders who are present will have an opportunity to vote on each matter properly brought before the Annual Meeting. A broker non-vote occurs when a broker or other nominee holder, such as a bank, submits a proxy

representing shares that another person actually owns, and that person has not given voting instructions to the broker or other nominee holder.

The following is the Board's recommendation with respect to each of the items to be considered and voted upon at the Annual Meeting:

Proposal I - The Board of Directors recommends that you vote **FOR** the election of the fourteen (14) nominated as directors;

Proposal II - The Board of Directors recommends that you vote **FOR** the approval of the non-binding advisory resolution on the compensation of the named executive officers; and

Proposal III - The Board of Directors recommends that you vote **FOR** ratification of the appointment of KPMG LLP as the independent registered public accounting firm of the Company for the ensuing year.

It is not anticipated that any matters will be presented at the Annual Meeting other than as set forth in the accompanying Notice of the Annual Meeting. If any other matters are presented properly at the Annual Meeting, however, the proxy will be voted by the proxy holders in accordance with the recommendations of the Board.

Voting

Voting by Mail. Shareholders can ensure that their shares are voted at the Annual Meeting by completing, signing, dating, and mailing the enclosed Proxy Card in the enclosed, postage prepaid envelope.

Voting by Telephone or the Internet. If you choose to vote by telephone or the Internet, instructions to do so are set forth on the enclosed Proxy Card. If you vote by telephone or the Internet, you do not have to mail in your proxy card, but your vote must be received by the voting deadline set forth on the Proxy Card.

If your shares are held by a bank, broker, or other nominee, please follow the instructions provided with your proxy materials supplied by your bank or broker.

Revocability of Proxies

Any shareholder who executes and delivers a proxy has the right to revoke it at any time before it is exercised, by filing, with the Company Clerk, an instrument revoking it, or by submitting a duly executed proxy bearing a later date. A proxy may also be revoked by attending the Annual Meeting and voting in person at the Annual Meeting. If your shares are held in street name, you should follow the instructions of your broker, bank or nominee regarding the revocations of proxies.

Solicitation of Proxies

Proxies are being solicited by the Board of Directors of the Company, (the Board), principally through the mail. The Board of Directors and Management of the Company may also solicit proxies personally, or by telephone, e-mail, or facsimile transmission. The entire expense of solicitation, including costs of preparing assembling and mailing the proxy material will be borne by the Company.

PROPOSAL I

ELECTION OF DIRECTORS

At the Annual Meeting of Shareholders, fourteen (14) director-nominees will stand for election to serve until the 2015 Annual Meeting of Shareholders and until each director's successor is elected and qualified. Each director-nominee has consented to serve, and to the use of his or her name in this Proxy. Thirteen (13) of the fourteen (14) director-nominees currently serve on the Board of the Company with the exception of Mr. Matthew L. Caras, who is a new director nominee this year. Mr. Robert M. Phillips, a Director of our Company since 1993 will not stand for re-election this year under the age restriction contained in our Company Bylaws.

The Board has determined the majority of director-nominees are independent directors as required in accordance with applicable laws, regulations, and NYSE MKT, LLC (formerly the American Stock Exchange or AMEX and hereinafter NYSE MKT) listing requirements. The exceptions are director-nominee Joseph M. Murphy, who previously served as President and Chief Executive Officer of the Company through August 9, 2013 and Curtis C. Simard who currently serves as President and Chief Executive Officer of the Company. Mr. Simard and Mr. Murphy do not serve as voting members of the Audit, Compensation and Human Resources, or Governance Committees.

Board of Director Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THE ELECTION OF THE FOURTEEN (14) PERSONS NOMINATED AS DIRECTORS IN THE PROXY.

PROPOSAL II

NON-BINDING, ADVISORY RESOLUTION ON THE COMPENSATION

OF THE NAMED EXECUTIVE OFFICERS

The Securities Exchange Act of 1934, as amended, requires the Company to provide shareholders an opportunity to vote to approve, on a non-binding, advisory basis, the compensation of named executive officers as disclosed in this Proxy Statement. This vote does not address any specific item of compensation, but rather the overall compensation of the Company's named executive officers and its compensation philosophy, policies and practices, as disclosed in this Proxy Statement. Shareholders requested through their 2011 vote to have the opportunity to express their opinion on the overall compensation program through this non-binding voting mechanism on an annual basis.

The Company's named executive officers in this Proxy Statement include, Curtis C. Simard, Joseph M. Murphy, Gerald Shencavitz, Michael W. Bonsey, Gregory W. Dalton, and Stephen M. Leackfeldt. The compensation of the Company's named executive officers is disclosed in the Compensation Discussion and Analysis, the summary compensation table and the other related tables and narrative disclosure contained elsewhere in this Proxy Statement. As discussed in those disclosures, the Board of Directors believes that our executive compensation philosophy, policies, and procedures provide a strong link between each named executive officer's compensation and our short and long-term performance. The objective of our executive compensation program is to provide compensation which is competitive based on our performance and aligned with the long-term interests of our shareholders.

The Company asks shareholders to indicate their support of our named executive officer's compensation as described in this Proxy Statement. This proposal will be presented at the Annual Meeting as a resolution in substantially the following form:

RESOLVED, on an advisory basis, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Board of Director Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THIS PROPOSAL.

PROPOSAL III

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

The Company's Audit Committee has appointed KPMG LLP as the Company's principal independent registered public accounting firm for the fiscal year ending December 31, 2014. The Company is asking its shareholders to ratify the appointment of KPMG LLP as its independent registered public accounting firm because it believes it is a matter of good corporate practice to do so. If the Company's shareholders do not ratify the appointment, the Audit Committee will reconsider whether to retain KPMG LLP, but may still retain them. Even if the appointment is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines such a change would be in the best interest of the Company and its shareholders.

Information regarding the audit fees and reports of KPMG LLP is set forth in this Proxy under the caption INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Board of Director Recommendation

DIRECTORS AND EXECUTIVE OFFICERS

Directors and Nominees:

The Company's Board of Directors currently consists of fourteen (14) members. The Board has determined that the majority of the director-nominees are independent directors as required in accordance with applicable laws, regulations, and NYSE MKT listing requirements. The exceptions are directors nominees Murphy and Simard. Mr. Simard became President and Chief Executive Officer of the Company on August 10, 2013. Mr. Simard does not serve as a voting member of the Audit, Compensation and Human Resources, or Governance Committees. Mr. Murphy served as President and Chief Executive Officer of the Company through his retirement on August 9, 2013 and did not, and does not, serve as a voting member of the Audit, Compensation and Human Resources, or Governance Committees. The Board believes Mr. Murphy's continuing service as a director following his retirement is important for continuity and leadership transition purposes. CORPORATE GOVERNANCE

Board of Directors:

A Board of Directors comprised of thirteen (13) members managed the Company from January through June 16, 2013. With Mr. Simard s election to the Board on June 17, 2013, the Board expanded to fourteen (14) members. A majority of the Board of Directors meet the independence standards established by NYSE MKT. The Board has determined that all the named director-nominees listed in this Proxy, with the exceptions of Mr. Murphy and Mr. Simard, meet applicable independence standards established by NYSE MKT. The Board of Directors of the Company held a total of twelve (12) regular meetings, one (1) annual meeting and one (1) Strategic Planning meeting during 2013. Each director attended at least 75% of the total number of board and committee meetings that he or she was eligible to attend. The Board encourages, but does not require, each director to attend its Annual Meeting. All of the

Board's members attended the 2013 Annual Meeting.

Board Leadership Structure and Risk Oversight:

The leadership structure of the Company is guided by its Governance Committee. The Company's Governance Committee nominates individuals to serve as members of the Company's Board of Directors, including any management Directors. All Directors of the Company are considered independent directors except for the CEO of the Company and Joseph M. Murphy, our recently retired CEO of the Company. The Chairperson of the Board of Directors, as well as the Vice Chairperson of the Board, are both independent directors. Management Directors do not vote or serve as Chairs of any Board Committees. The Governance Committee nominates the Chairperson and Vice Chairperson roles for election by the entire Board of Directors. The independent directors meet in executive session directly after Board meetings periodically to ensure that there is adequate oversight of Company management and to ensure that there is ample time to assess the Company's activities separate from management. The Governance Committee believes this leadership structure is prudent and provides sufficient segregation and independence.

The Board of Directors provides oversight to the management of the Company's risk profile, including but not limited to internal controls over financial reporting, credit risk, interest rate risk, liquidity risk, operational risk, reputational risk and compliance risk. The Board of Directors monitors and manages these risks through the activities of specialized Board Committees and other committees in conjunction with management, internal audit,

the independent registered public accounting firm, and other independent advisors. Some of the more significant risks and the Board's oversight of those risks are described below.

The Board manages credit risk through a Director's Loan Committee, which operates at the BHBT level and meets at least monthly. This committee sets loan policy, establishes credit authorities, and approves or ratifies all extensions of credit to borrowers with loan relationships over \$1,000,000. This Committee regularly reviews credit trends, delinquencies, non-performing loans and recommends loans to be charged-off to the Board of Directors.

The Asset and Liability Management Committee (ALCO), which comprises the entire senior management team and is chaired by the CFO, assists in the management of interest rate and liquidity risk. This committee meets on a regular basis to review market interest rate trends and product pricing strategies. On a quarterly basis, ALCO meets with its asset and liability management consultant, Darling Consulting Group, to review current trends, possible interest rate or liquidity risks in the balance sheet and to review prospective strategies over typically a two-year horizon using their proprietary modeling services. The Chairperson of the Board attends these quarterly meetings and the findings and recommendations are reported to the full Board quarterly and the consultants meet with the Board at least twice a year. The Company's balance sheet position and risk mitigation strategies are reviewed by internal audit and the data verified by an outsourced specialist from M & M Consulting.

The Company's Audit Committee meets quarterly and receives reports from its independent registered public accounting firm, the independent loan review consultants, and the Company's internal audit function. The Internal Auditor conducts an annual risk-based audit program and provides audit findings quarterly.

The Company has an Enterprise Risk Management Program that is administered on behalf of the Board of Directors by Executive Vice President and Chief Risk Officer Mr. Michael W. Bonsey. In addition to this Risk Program, the Bank's credit review, consumer loan underwriting, compliance and information security departments report to Mr. Bonsey. The Enterprise Risk Management Program coordinates with all of BHBT's lines of business to identify, monitor, track and report various risks within the organization. The program also established an Enterprise Risk Management committee that reviews and discusses on a quarterly basis the BHBT's bank-wide risk assessments. The final risk assessments are shared and discussed with the Board of Directors each quarter.

The Board manages compensation, including incentive compensation risk, through its Compensation and Human Resources Committee. This Committee has engaged Pearl Meyer & Partners as independent compensation consultants to provide the Committee with both competitive market data and research into compensation best practices to guide the decisions of the Committee. To mitigate the inherent risks of incenting behaviors potentially adverse to the Company and its stakeholders, the Committee has reviewed the plans with the assistance of the Company's Chief Risk Officer and their results are reviewed by the Board to ensure that incentive plans for senior officers and others do not encourage excessive risk-taking.

The Company believes that its risk management activities and procedures provide sufficient information to management and the Board of Directors to assist them in properly and adequately evaluating the Company's compliance with its risk management programs and policies. There can be no assurance that the Board's risk oversight structure has identified and addressed every potential material risk and there may be additional risks that could arise in the Company's business. Both known and unknown risks could result in potentially material financial and/or business losses despite the Board's efforts to oversee risk.

The Audit Committee is responsible for the compensation and oversight of the independent registered public accounting firm and this firm reports directly to the Audit Committee. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to (i) the financial information to be provided to shareholders and the Commission; (ii) the review of quarterly financial statements; (iii) the system of financial reporting controls management has established; and (iv) the internal audit, external audit, and loan review processes.

Governance Committee

The Governance Committee for 2013 was comprised of directors Shea, Dodge, Colwell, Carter, and Lewis. The Governance Committee met eight (8) times during 2013. The Governance Committee's responsibilities include screening director candidates, recommending nominees to the full Board of Directors (including the slate of returning directors) to be elected each year, making recommendations concerning the size and composition of the Board of Directors, recommending Committee structure and membership, and sponsoring new director orientation and education. The Governance Committee has a written charter, which may be viewed on the Company's general website under the Investor Relations section at www.bhbt.com.

The Governance Committee expects to identify nominees to serve as directors of the Company primarily by accepting and considering the suggestions and nominee recommendations made by directors, management, and shareholders. To date the Governance Committee has not engaged any third parties to assist it in identifying candidates for the Board of Directors. The Governance Committee considers among other things the background, business and professional experience (including any requisite financial expertise or other special qualifications), current employment, community service, and other board service of its director-nominees, as well as racial, ethnic, and gender diversity of the Board as a whole. The Governance Committee generally considers a candidate's qualifications in light of these broad criteria as well as an assessment as to whether the candidate can make decisions on behalf of or while representing the Company in a manner consistent with its stated business goals and objectives. The Governance Committee will also consider the candidate's independent status in accordance with applicable regulations and listing standards. The Governance Committee will consider nominees recommended by shareholders. Any shareholder wishing to nominate a candidate for director must follow the procedures for submission of proposals set forth in the section of this Proxy Statement entitled "Nominations by Shareholders."

Compensation and Human Resources Committee

The Compensation and Human Resources Committee reviews and considers recommendations from management, consultants, and directors concerning executive compensation policies, employee benefit plans, and salary administration programs, including reviewing annually the performance, total compensation, and recommended adjustments for all executive officers of the Company and its subsidiaries. The deliberations of the Compensation and Human Resources Committee are reported to the Board of Directors for review and approval by the independent board members. The Compensation and Human Resources Committee has a written charter, which may be viewed on the Company's general website under the Investor Relations section at www.bhbt.com.

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

This section discusses an overview and analysis of the Company's compensation program and policies, the material compensation decisions made under those programs and policies with respect to its named executive officers, and the material factors considered in making those decisions. Later in this Proxy Statement under the heading, "Executive Compensation" is a series of tables containing specific information about the compensation earned or paid to the named executive officers, referred to as NEOs.

The discussion below is intended to aid understanding the detailed information provided in those tables and put that information into context within the overall compensation program.

Named Executive Officers

As used in this Proxy Statement, the term named executive officers or NEOs includes: the Company's President and Chief Executive Officer, Curtis C. Simard (effective August 10, 2013); Former President and Chief Executive Officer, Joseph M. Murphy (through retirement August 9, 2013); Chief Financial Officer, Gerald Shencavitz, and the Company's three (3) other most highly compensated policy making, executive officers who earned more than \$100,000 in total compensation during the Company's last fiscal year. In 2013, the other three NEOs were Executive Vice President and Chief Risk Officer, Michael W. Bonsey; Executive Vice President Business Banking, Gregory W. Dalton; and Executive Vice President Retail Banking, Stephen M. Leackfeldt.

Objectives of the Company's Compensation Program

The objective of the Company's compensation program is to attract, retain, motivate, and reward NEOs and other executives who contribute to its financial and operational success, which ultimately builds value for its shareholders. The Company's Board of Directors believes that, in order to do this effectively, the program must:

·
Provide Company NEOs with total compensation opportunities at levels that are competitive for comparable positions at companies and banks with which it competes for talent;

·
Directly link a significant portion of total compensation to the Company's achievement of performance goals in a way that proportionally rewards higher performance levels;

Provide upside opportunities for exceptional individual performance, which can result in differentiated compensation among NEOs based on performance; and

Closely align the NEOs' interests with those of Company shareholders by making stock-based incentives an element of the executive's compensation over time.

Role of the Compensation Committee

The Compensation and Human Resources Committee (the Committee) oversees regulatory compliance for all Company compensation and benefit plans and administers the Company's executive compensation programs. The Committee recommends these programs to the Company's Board of Directors for approval by its independent board members at least annually and more frequently, if circumstances warrant. These programs are intended to provide a variety of competitive compensation components including base salaries, annual cash incentives,

retirement programs, and traditional benefits. In addition, the Company has sought to align the long-term interests of its executives, including the NEOs, with those of its shareholders by providing share-based incentives in the form of equity awards. The composition of the components may vary from year to year based on individual performance, the Company's business plan, market conditions, or other factors.

The Committee believes that the Company's compensation policies and procedures are designed to provide a strong link between each NEO's compensation and the Company's short and long-term performance. The objective of the Company's compensation program is to provide compensation which is competitive, variable based on the Company's performance, and aligned with the long-term interests of shareholders.

Shareholder Say on Pay Advisory Votes

Shareholders were first entitled to vote on an advisory, non-binding resolution on the Company's compensation policies and procedures in 2009, again in 2011, and annually thereafter. Past shareholder votes have been overwhelmingly in favor of the Company's programs and practices.

The May 2013 Say on Pay voting results were as follows:

For	Against	Abstain	Broker Non-Vote¹
2,135,395	59,458	93,010	958,962

¹A broker non-vote occurs when a broker or other nominee holder, such as a bank, submits a proxy representing shares that another person actually owns, and that person has not given voting instructions to the broker or other nominee holder.

The Compensation Committee will continue to consider the outcome of future advisory, non-binding Say on Pay votes when reviewing and planning future executive compensation arrangements.

The Role of Compensation Consultants and the Committee's Evaluation of Conflicts of Interest

The Committee has occasionally utilized, and expects to utilize in the future, various outside consultants, actuaries, and employment attorneys to assist it in developing and implementing the essential components of the Company's compensation program, including its stock option program, Supplemental Executive Retirement Plan (SERP), and incentive compensation arrangements.

During 2013, as in past years, Committee Chair, Robert Phillips and Senior Vice President Sawyer attended a multi-day conference sponsored by *Bank Director Magazine* specifically targeted at Bank Executive & Board Compensation best practices.

The Committee, under authority granted by its Charter, engages Pearl Meyer & Partners, LLC (PM&P) to assist in conducting updated reviews of the Company's executive officer and director compensation packages. Their 2013 engagement included:

.

Providing current market-based total compensation guidelines to assist in establishing appropriate and ongoing base compensation and short-term incentive compensation levels for the Company's NEOs;

.
Providing on-going guidance on the Company's short-term, annual cash incentive program positions in relationship to competitive plan design and payout opportunities to the Company's strategic and long-term financial plans;

.
Providing a comprehensive review of the Company's compensation program for its directors;

.
Recommending an updated, appropriate Compensation Peer Group comparison for compensation purposes;

.
Providing guidelines for competitive base salary, equity components, and benefit structure as the Company sought and negotiated with Mr. Simard to fill the vacancy created by Mr. Murphy's announced retirement in August 2013; and

.
Providing guidance for the development and implementation of a long-term incentive program using equity grants to NEOs under the Bar Harbor Bankshares and Subsidiaries Equity Incentive Plan of 2009.

The Committee has assessed the relationships among PM&P, the Company, the Committee, and the executive officers of the Company for independence and conflicts of interest. In this assessment, the Committee reviewed the criteria set forth in the SEC's Reg. 240.10C-1(b)(4) (i)-(vi) and such other criteria as it deemed appropriate. Specifically, the Committee considered the following factors in its evaluation of its relationship with PM&P:

.
Whether PM&P provided any other services to the Company;

.
How much compensation PM&P has received from the Company for compensation consulting services, as a percentage to their total revenue;

.
What policies and procedures have been adopted by PM&P to prevent a conflict of interest;

.
Whether PM&P has any business or personal relationship with a member of the Committee;

.
Whether PM&P owns any of our Company stock; and

Whether PM&P has any personal or business relationship with any executive officer of the Company.

The Committee did not identify any conflicts of interest with the engagement of PM&P.

Additionally, PM&P provided the Company documented assurances that they are confident their relationship with the Company meets the independence standards and they have identified no conflicts of interest.

Role of Management in Establishing Compensation

On an annual basis Mrs. Marsha C. Sawyer, the Senior Vice President of Human Resources, with the oversight of the CEO, provides the Committee with general information on executive officer compensation, including the NEOs. The Committee then reviews, discusses, and considers this information and any recommendations. The CEO and the Senior Vice President of Human Resources generally attend the Committee meetings but were not present for the executive sessions or for any discussion of their own compensation. Mrs. Sawyer assists in the administration of all executive compensation programs, prepares Committee and Board meeting materials and performs work as requested by the Committee, including working directly with the Company's Compensation Consultant in preparation of peer analyses for the Committee's consideration. Mr. Murphy (before August 2013) and Mr. Simard (after August 2013), as the Company's CEOs, attend portions of the Committee's meetings and make recommendations on base salary, annual incentives, and equity compensation for executive officers who report to the CEO position. The Committee has the discretion to accept, reject, or modify the CEO's recommendations. No changes occurred in 2013 with respect to the participation by management in the compensation process.

Market Benchmarking and Performance Comparisons

The Committee reviews and recommends to the Board's independent members for approval of compensation programs, which it believes meet the Company's ongoing needs to attract, motivate, and retain talented and qualified executives who have the ability to make a major contribution to the leadership and success of the Company. The Committee regularly reviews market information provided by the Company's independent compensation consulting firm, PM&P. Primary data sources used in the benchmarking for the named executive officers is the information publicly disclosed by a peer group of publicly traded banks and published surveys. The Committee reviews comparative compensation and benefit information contained in the public filings of this peer group which has been established for compensation comparison (the Compensation Peer Group) using objective selection criteria. The redefined 2013 peer group consists of community banks of similar asset size (approximately between one-half and two times the Company's asset size of \$1.3 billion), located in the Northeast region and New York excluding New York City. The Committee believes this group provides an appropriate selection of publicly-traded financial institutions representing the geographical area most probable to be considered for recruitment purposes. Further, the Committee believes the Compensation Peer Group information discloses compensation programs of similarly situated executives in comparable institutions and they are a useful comparative tool for the Committee in establishing executive compensation programs and individual criteria for its executives including the NEOs.

The members of the 2013 peer group include:

Arrow Financial Corp.	NY	AROW	Hampden Bancorp, Inc.	MA	HBNK
Bridge Bancorp, Inc.	NY	BDGE	Hingham Institution	MA	HIFS
Camden National Corp.	ME	CAC	Merchants Bancshares, Inc.	VT	MBVT

First Bancorp, Inc.	ME	FNLC	United Financial Bancorp, Inc.	MA	UBNK

The Compensation Peer Group information is used as a guide in establishing reasonableness in the Company's compensation program. The Committee did not target the elements of its compensation program at any specific level or percentile within the Compensation Peer Group, but used the information as a whole and the 50th percentile as a way to define its compensation program and assess the competitiveness and reasonableness of the Company's pay practices. Rather than rely on a specific formula-based model, the Committee believes that retaining discretion to assess the overall performance of NEOs gives the Committee the ability to more accurately reflect individual contributions that cannot be absolutely quantified. The Committee also considers the senior incentive program tailored to provide emphasis on incentive compensation for the NEO group as an important component of the Company's overall compensation program.

The Committee believes the Company's financial results and total shareholder return (communicated in the accompanying Form 10-K) compare favorably with the Company's Compensation Peer Group indicating a solid

pay-performance alignment. The Committee further believes that the compensation established for its CEO and other NEOs provides for appropriate balance between market compensation and shareholder return.

The Committee referenced market data including peer group and survey information along with guidance provided by PM&P in its process to establish and validate the appropriateness of the Company's executive compensation compared to market and performance.

The following table summarizes the Company's 2013 NEO compensation at the 35%, 50%, and 65% market percentiles for both base salary and total cash compensation against its established peers.

¹Approved base salary figures as of year- end 2013 has been used for comparison purposes in this table.

² Approved base salary figures at the end of 2013 plus the amount paid to each NEO under the 2013 Annual Incentive Plans are used in this table for comparison purposes.

The Committee also considers the relative scarcity of senior banking executive candidates in its immediate market area and the difficulties of recruiting out-of-market candidates to work in rural Maine. The Committee does not use any formal, fixed, or indexed criteria for establishing compensation levels for any of its NEOs within market

identified ranges. The Committee believes that the growth in total compensation provided to its executive officers should be weighted towards variable compensation including cash and equity incentives which tie directly to corporate performance with less emphasis upon growth in base salaries.

Compensation Plan Components

The Company's executive compensation program applicable to the NEOs is comprised of the following primary components: (a) base salaries and benefits, (b) annual incentive cash compensation programs, (c) long-term incentives in the form of stock options and grants, and (d) retirement benefits:

(a) ***Base Salary and Benefits.*** The executive compensation program provides base salaries and benefits, which include health and life insurance programs, a 401(k) retirement program, and vacation awards to compensate executive officers for the performance of core duties and responsibilities associated with their positions. The Committee reviews base salaries annually in the context of the comparative industry information, as described above. The Committee also considers the specific contributions of the individual executive officer and the officer's opportunity for professional growth, as well as market factors, when it sets and adjusts base salaries. In addition, the Committee considers the prevailing economic climate, the overall performance of the Company, and its most current business plan.

Upon performance evaluations and the advice and market salary data supplied by Pearl Meyer & Partners, the Committee made performance and market adjustments resulting in the 2013 approved base salaries for NEOs as follows:

Named Executive	2012 Base Salary	2013	2013	2013 Ending Base Salary	Percentage of Base Increase Over 2012	Percentage of Base with Equity Value Increase Over 2012

(b) **Short-term, Annual Incentive Cash Compensation Program.** During 2013, nine (9) senior managers including NEOs, Messrs. Murphy, Simard, Shencavitz, Bonsey, Dalton, and Leackfeldt participated in an annual cash incentive compensation plan developed under the guidance of PM&P. The program is designed to provide meaningful incentives tied to the Company's annual initiatives to optimize profitability, growth, excellence in individual performance, and to promote teamwork among its participants. This plan was approved by the Company's Board of Directors for 2013 and is detailed below:

Incentive Payout Opportunity

Each participant had a target incentive opportunity based on their role. The target incentive reflected a percentage of base salary determined to be consistent with competitive market practices. Actual awards varied based on achievement of specific goals. The opportunity reflects a range of potential awards. Actual awards ranged from 0% (for not achieving minimal performance) to 150% of target (for exceptional performance). The table below summarizes the incentive ranges for the 2013 plan year.

2013 Short-Term Incentive Opportunities

Role	Threshold		Target	Stretch
	Below Threshold	(50% of Target Percentage)	(100%)	(150% of Target Percentage)
President /CEO	0%	15.00%	30.00%	45.00%
EVP & CFO	0%	10.00%	20.00%	30.00%
EVP	0%	8.75%	17.50%	26.25%

Program Trigger

In order for the Annual Incentive Program to activate or turn on, the Company needed to achieve at least \$11,070 in Net Income to Common Shareholders for 2013. If BHB did not meet this level, the plan would not pay out any awards for the year, regardless of performance on other goals.

For the year ended December 31, 2013 the Company reported record net income of \$13,183 compared with \$12,466 for the year ended December 31, 2012, representing an increase of \$717 or 5.75%.

Annual Incentive Program Measures

Each participant had predefined performance goals to determine their short-term incentive award. There were two performance categories: BHB Team and Individual. BHB Team performance was reflected by common goals for all participants. Individual goals reflected each participant's individual contributions based on their role. The specific allocations of goals were weighted to reflect the focus and contribution for each position in the Company.

The table below provided the guidelines for the allocation of participant's incentives for each performance component.

Position	BHB/Team Performance	Individual Performance
President/CEO (Simard/Murphy)	75%	25%
EVP/CFO (Shencavitz)	75%	25%
EVP Line (Dalton)	30%	70%
EVP Staff (Bonsey and Leackfeldt)	50%	50%

BHB Performance

BHB Team performance goals for 2013 were increased Net Income and a managed Efficiency Ratio. The table below shows the specific performance goals at Threshold, Target (budget or improvement over prior year measurements) and Stretch for each of the NEO's during 2013.

The average outstanding loans for this calculation is measured by averaging the actual outstanding loans at each month end..

- (c) **Equity Plans.** Since adopting its Stock Option Plan in 2000, the Company has provided its officers and managers, including its NEOs, with an equity-based compensation component in the form of stock options. This compensation component is used to align the interest of the Company's participating officers and managers, particularly its executive officers, with those of its shareholders over a long-term horizon and to serve as a retention tool. The Company granted options upon date of hire or promotion for qualified individuals, and from time to time for special recognition. The Company awards all grants at the closing market price of the business day of the enabling vote by the Company's Board of Directors. The Board of Directors also sets the vesting schedule, which is typically over a period of three to seven years. The Stock Option Plan adopted in 2000 may no longer issue stock options grants and the grants made under the Stock Option Plan of 2000 to NEOs and other management members are nearing expiration. A schedule of these maturing options and equity awards can be found on page 34. Stock trading activity in the Company stock is being experienced as members of the management team exercise these maturing options. The Company adopted the Bar Harbor Bankshares and Subsidiaries Equity Incentive Plan of 2009 which was approved by shareholders at the May 2009 Annual Meeting under which equity grants currently may be issued.

In April of 2013, the Board of Directors voted to include a Long-Term Incentive Program for senior management members in the Company's total compensation program. Pearl Meyer & Partners assisted the Compensation Committee in the plan design and appropriate reward levels. The program is designed to be made up of three-year rolling plans utilizing the shares made available through the 2009 Bar Harbor Bankshares and Subsidiaries Equity Incentive Plan. Grants may be given in time-vested restricted stock, performance-vested restricted stock, or a combination of both. The purpose of the program is to align executives interests with shareholder interests, increase executive stock ownership,

ensure sound risk management by providing a balanced view of performance and reward over a longer time horizon, and position the Company's total compensation offerings to be competitive with market to attract and retain strong talent needed to drive the Company's success. The Board of Directors approved the first of the three year plans covering 2013-2015 in April 2013. Ten senior managers including NEO's Simard, Murphy, Shencavitz, Bonsey, Dalton, and Leackfeldt are participants in the current plan. Messrs. Simard and Murphy's participation will be pro-rated to reflect their service time during the measurement period.

Target reward opportunities are based on role. Equity rewards are calculated as a percentage of 2013 base salary to determine the number of shares available for awards.

¹The Board voted Mr. Simard increased percentage payouts for the performance shares under the 2013-2015 Plan. His target was increased to 30%, his Threshold to 15%, and his Stretch to 45%

The Board of Directors voted both time-vested restricted shares and performance shares for the 2013-2015 Plan. Fifty percent was voted in time-vested and fifty percent in restricted shares for each participant with a third of the shares vesting in April, 2014, April 2015, and April 2016 contingent upon continued employment and a hold restriction of one year. At the time of vesting, sufficient shares may be withheld to cover the executive's tax liabilities.

The Board of Directors voted the remaining 50% of the shares in performance-vested shares to be awarded at the end of the three year measurement and upon attainment of the performance goal.

Relative Return on Assets measured against the *SNL \$750 to \$3B Bank Index* peer group will determine the performance award for the current plan. In addition to relative Return on Assets (ROA), there is a Total Shareholder Return (TSR) modifier to further align shareholder interest. If the TSR calculation for the same performance measurement period is negative, a payout cannot exceed Threshold regardless of the relative ROA performance results.

Benefits, Retirement and Post-Termination Compensation Elements. The Company provides a 401(k) plan for all employees meeting minimum age and service requirements. In addition, the Company provides a nonqualified, noncontributory, defined-benefit plan (SERP) for the Executive Vice President and Chief Financial Officer (EVP/CFO) and he is the only NEO that participates in the SERP. Mr. Murphy, as retired CEO, began receiving his monthly income from this plan in September, 2013. This is a legacy program and the Company does not anticipate future participants under this program.

The Company also maintains Change in Control Agreements for NEOs Simard, Shencavitz, Bonsey, Leackfeldt, and Dalton. These agreements provide for the payment of their salary and other specified benefits for a period of twelve to twenty-four months in the event of both a change of control of the Company and subsequent termination (or constructive termination) within set timeframes after a change in control, unless such termination was for cause. These specific payments and timeframes were established under the advice of a compensation consultant and employment attorney as representative of similar type agreements in the industry.

The Committee feels the Change in Control Agreements are necessary to provide a competitive total compensation plan to attract and retain the employment of NEOs that are a party to the agreements.

Other Compensation and Benefits

In addition to the foregoing, all executive officers of the Company are entitled to participate in certain group health, dental, disability, and term life insurance benefits. In accordance with Company policy, all such benefits are generally available to employees of the Company and its subsidiaries.

Stock Ownership Guidelines

The Bylaws of the Company require that each director own a minimum of 500 shares no later than one year following their initial election to the Board of Directors. These shares may not be pledged. All current Directors met ownership requirement timely. Director Nominee, Matthew Caras, if elected, will have up to one year to meet this ownership stipulation.

While all of the Company's executive officers hold Company stock, the Company does not have specific guidelines regarding stock ownership for its NEOs at this time. However, the Company encourages stock ownership and reviews overall ownership levels on a periodic basis.

Hedging and Pledging

All directors and employees (including NEOs) who are prohibited from engaging in any speculative transaction designed to hedge or offset any decrease in market value of the Company's securities, including hedging of the Company's stock. The Company also prohibits any pledging of Company securities in a margin account and restricts all other pledging of any Company securities by requiring directors and employees to obtain the prior approval of the Audit Committee before entering into any such agreement in a financial arrangement.

Its Insider Trading Policy further prohibits Directors and employees from short-swing transactions and trading in Company securities at a time when they are in possession of insider information.

Compliance with Internal Revenue Code Section 409A

Section 409A of the Internal Revenue Code was enacted in 2005 and provides that if a service provider is entitled to nonqualified deferred compensation benefits that are subject to Section 409A, and such benefits do not comply with Section 409A, the service provider would be subject to adverse tax treatment, including accelerated income recognition and a potential 20% tax penalty. The Company has modified its affected compensation plans to comply with the Section 409A tax provisions because the Company's NEOs meet the definition of a service provider under Section 409A.

Policy on Internal Revenue Code Section 162(m)

Section 162(m) of the Code disallows publicly-traded companies from receiving a tax deduction on compensation paid to executive officers in excess of \$ 1 million unless, among other things, the compensation meets the requirements for performance-based compensation. In structuring the compensation programs and in determining executive compensation, the Committee takes into consideration the deductibility limit for compensation and the performance-based requirements of Section 162(m). No Company employee exceeded the \$1 million dollar threshold during 2013.

NARRATIVE DISCUSSION AND ANALYSIS OF SUMMARY COMPENSATION TABLE

The Committee believes the following information and discussion is useful to the reader in understanding the information set forth in the above Summary Compensation Table.

Chief Executive Officer Employment Agreement

The Company has entered into a written employment agreement with Mr. Curtis C. Simard, its President and CEO dated May 14, 2013 (the "CEO Employment Agreement").

The CEO Employment Agreement provides for the payment of an annual base salary to him of not less than \$375,000 to be paid in substantially equal installments in accordance with the Company's compensation policies and procedures on the pay dates established by the Company for its senior executive officers. His base salary shall be reviewed annually by the Compensation Committee of the Company's Board of Directors and shall be adjusted at the Company's sole discretion. He shall also participate in any short-term, long-term, or other performance compensation plans agreed upon by the parties during the term of the CEO Employment Agreement in concert with the Company's evolving goals and objectives. The Employment Agreement was written for a term of two (2) years with provisions for automatic extensions of one (1) year each in the absence of notice from the Company of its intention not to extend the term of the Employment Agreement.

Further major provisions provided for a sign on bonus in the amount of \$50,000 to be paid upon Mr. Simard's commencement of employment and an additional \$50,000 on April 1, 2014; and

The Agreement required he be granted Company shares equivalent to twenty-five thousand dollars (\$25,000) in equity at the Board of Director's meeting immediately following his date of hire. The number of shares were determined using the Company's stock closing price as of the date of the Board of Director's meeting immediately following Mr. Simard's date of hire.

Mr. Simard's Employment Agreement also provides for a payment in the event of his involuntary termination without cause or voluntary termination for good reason of a lump sum payment of two times his salary plus medical, dental and vision benefits for himself and his eligible dependents. This payment shall be reduced to a one (1) times multiplier in the event of non-renewal of the Agreement. With limited exceptions, it also allows for a severance payment to him in the event his employment is terminated within one (1) year prior to or following certain events defined to constitute a change in control of the Company. This severance payment resulting from a termination of employment (constructive termination) following a change in control is equal to two (2) times his base annual salary, incentive compensation payments earned and any accrued but unused vacation time. In addition, if Mr. Simard had any unvested stock options/grants they would vest in accordance with the terms of the plans under which they were granted and vest fully upon a change in control. Any payments due him would be reduced to the extent necessary to ensure that no portion of such payment will be non-deductible to the Company under Code Section 280G or will be subject to excise tax imposed by Code Section 4999.

Mr. Simard's Agreement also contains restrictions on competition by him with the Company during the term and for a period of one (1) year following the cessation of the CEO's employment with the Company regardless of reason within 150 air mile radius from Bar Harbor, Maine.

Compensation of the Chief Executive Officer

On an annual basis, the Committee will review the existing compensation plan for the Company's CEO, Curtis C. Simard. The Committee will review his compensation plan in the context of the Company's overall performance, the achievement of certain financial and non-financial goals and the judgment of the entire Board of Directors as to the quality of his leadership. In addition, the Committee will compare his compensation to CEOs of the Company's Compensation Peer Group and salary survey information for comparable positions. In making these comparisons, the Committee will take into account appropriate differences in the size, business model, and financial performance of the other banking institutions.

In accordance with the CEO's Employment Agreement with the Company, the Committee will review his base salary no less often than annually and may recommend an increase in his base salary to the Board of Directors at the Committee's sole discretion.

As further discussed below, he participated in the structured annual incentive cash compensation plan provided to all executive officers. During 2013, Mr. Simard earned a pro-rated award amounting to \$83,781.

During 2013, the Committee granted Mr. Simard 694 shares of restricted stock with a value on the grant date of \$24,970 as part of his agreed upon 2013 compensation. The stock is wholly owned by Mr. Simard, but he is required to hold the shares for a minimum of three years from the grant date.

Mr. Simard is a member of the Board of Directors of the Company and its subsidiaries. He does not receive any director fees for participating in the activities of these Boards.

Other Change in Control, Confidentiality, and Non-competition Agreements

The Company entered into a Change in Control, Confidentiality, and Non-competition Agreement with the Company's EVP/CFO, Mr. Gerald Shencavitz. This agreement provides Mr. Shencavitz with severance of both salary and benefits for a period of eighteen (18) months in the event of both a change of control of the Company and subsequent termination (or constructive termination) within twelve (12) months after a change of control, unless such termination was for cause. In addition, Mr. Shencavitz's stock options, equity grants, and supplemental executive retirement benefits will vest in accordance with the terms of the plans under which they were granted and vest fully upon a change in control. In the event that Mr. Shencavitz becomes subject to an excise tax on payments made under his agreements and various benefit plans in connection with a change in control, he will be reimbursed for payment of such amounts upon such time as the assumptions and calculations have been prepared, reviewed, and confirmed by a nationally recognized accounting firm.

The Company has also entered into Change in Control, Confidentiality, and Non-Competition Agreements with the Bank's Executive Vice Presidents, Michael W. Bonsey, and Gregory W. Dalton, and Stephen M. Leackfeldt along with five other senior employees. Their agreements provide for severance of both salary and benefits for a period of twelve (12) months in the event of both a change of control of the Company and subsequent termination (or constructive termination) within twelve (12) months of a change of control, unless such termination was for cause.

All of these agreements were entered into as part of a total compensation program to attract and/or retain qualified executives and not entered into in response to any effort known to the Board of Directors by any party or entity to acquire control of the Company.

Incentive Cash Compensation

During 2013 NEOs, Messrs. Simard, Murphy, Shencavitz, Bonsey, Dalton, and Leackfeldt participated in an annual cash incentive compensation program with a combination of team and individual goals representing opportunities for incentive payments. This plan was approved by the Company's Compensation Committee and Board of Directors in 2013. The voted plan document allows for tiered payments based on Threshold, Target, and Stretch measures along with an overall plan trigger requiring the Company to achieve at least a Net Income Available to Common Shareholder's amount of \$11,070 before any payments would be approved or paid under any measure. The Company paid out a total of three hundred sixty-six thousand five hundred and forty dollars (\$366,540) to its NEOs in 2013.

The altering, inflating, and/or inappropriate manipulation of performance/financial results or any other infraction of recognized ethical business standards, will subject any participant to disciplinary action up to and including termination of employment. In addition, any incentive compensation as provided by the plan to which the participant would otherwise be entitled will be revoked or subject to claw back.

The plan is based on a balance of multiple measures, layered oversight, and reasonable ceilings for exceptional performance. These two basic plan features structure the plan to discourage excessive risk and rewards. The Compensation Committee reviewed the plan design to insure it is in line with best practices for risk.

Other Compensation and Benefits

In addition to the foregoing, all executive officers of the Company are entitled to participate in certain group health, dental, and term life insurance benefits. In accordance with Company policy, all such benefits are generally available to employees of the Company and its subsidiaries.

PENSION TABLE NARRATIVE

Supplemental Executive Retirement Plan

The Company maintains a nonqualified, noncontributory, defined-benefit, supplemental executive retirement program (the SERP) for certain highly compensated executive employees. Messrs. Murphy and Shencavitz were the only authorized participants (the Participants) in the SERP as of December 31, 2013. Under the SERP the Participants are eligible to receive upon most termination events, disability, or death, an individually defined benefit payment based upon a predetermined vesting schedule. No plan benefits are payable to these individuals if they are terminated for cause as defined in the document.

Upon full vesting (defined as age 68 for Mr. Murphy and age 65 for Mr. Shencavitz) and the named executive s retirement, then monthly payments of \$11,200 and \$8,583, respectively will be paid under the SERP to the named executives (or their beneficiary) for a period of 240 months. There are also provisions under the SERP for reduced monthly payments in the event of an earlier retirement by these individuals. Following his retirement, Mr. Murphy began receiving \$2,621 per month based on his vested benefit prior to the implementation of Section 409A which delayed payment of a portion of his benefit for a six month period. Mr. Murphy became eligible for his full monthly benefit of \$11,200 beginning in February 2014. Mr. Shencavitz had a vested monthly benefit amount of \$4,869 as of December 31, 2013. The SERP benefit for Mr. Shencavitz will fully vest upon a change of control of the Company (as such term is defined in the SERP).

The amount of incentive payments earned for the fiscal year 2013 has also been disclosed in the Summary Compensation Table for 2013 on page 28 of this Proxy statement.
- C** Stock Options/SARs. The price per share of Bar Harbor Bankshares common stock on December 31, 2013, was \$39.99, representing the closing per share price on the NYSE MKT exchange for that date. All options for participants are either completely vested or of no value when measured against the \$39.99 closing per share price on December 31, 2013. Disclosed amounts would have been realized if the executive actually exercised the vested options in the manner provided for by the Company's stock option plan and award agreement at the December 31, 2013 market price. In the event of a termination of employment, the executive (or the executive's estate in the event of death) would have had the right to exercise vested stock options for a set period as specified under the plan document. All executives would have forfeited the right to exercise vested or unvested options if they had been released for cause.
- D** Stock Options/SARs Accelerated. Figures on this line item represent the value of unvested stock options/SARs in the event of acceleration due to a change of control event occurring on December 31, 2013.
- E** COBRA Eligible Benefits. The amount disclosed represents the cost of continued health, dental, and vision coverage for a period of twenty-four months for Simard, eighteen months for Shencavitz, and twelve months for Bonsey, Dalton, and Leackfeldt.
- F** Pension Benefits/SERP. Amounts disclosed represent vested amounts as of December 31, 2013, payable to Murphy and Shencavitz (or their beneficiary/estate) over the twenty-year benefit period provided for under the Company's plan document. Amounts disclosed under Change in Control for Shencavitz represents the full vesting of his benefit under the program to be paid over the same 20-year period. Amounts disclosed do not reflect vested balances for each executive as part of the Company-sponsored 401(k) plan under which participation is generally available to all employees. The Company carries a term life insurance policy on Shencavitz in the amounts of \$1,200,000 to help defray costs of this pension benefit should he die while employed by the Company, but prior to full recognition of required accounting entries.
- G** Nonqualified Deferred Compensation Plan. No named executive participated under a Nonqualified Deferred Compensation Plan as of December 31, 2013 with the exception of the Supplemental Executive Retirement Benefit Plan (SERP) set forth in Note E.
- H** Life Insurance Proceeds/Disability Benefits. Amounts represent benefits payable by a third party insurer (UNUM) to the designated executives or their beneficiaries under Company-sponsored life

and disability programs. These life and disability insurance programs were generally available to all employees of the Company. The Disability amount quoted represents a 12 month, paid benefit.

Total benefits due would be dependent upon the severity, the length of a disability, and insurance policy interpretation.

I Other Perquisites. Not applicable to Bar Harbor Bankshares.

- J Tax Gross-Ups. This tax-gross up provision is grandfathered for Mr. Shencavitz, but will no longer be a benefit provision offered to existing or future Company executives.** In the event of the hypothetical change in control of Bar Harbor Bankshares on December 31, 2013, and the subsequent termination (or constructive termination) as detailed in his change in control agreement if Mr. Shencavitz were subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, an additional payment would be made to restore him to an after-tax position he would have been in if the excise tax had not been imposed and such excess parachute payments exceeded 110% of three times the executive's base amount, as defined in Section 280G of the Internal Revenue Code. In the event this 110% threshold is not met, the excess parachute payments will be reduced so they do not exceed three times the executive's base amount. Amounts paid under this Gross-Up provision would not be tax deductible by the Company or any successor thereto.

DIRECTOR COMPENSATION

Directors of the Company, Bar Harbor Bank & Trust, and Bar Harbor Trust Services were paid by a combination of fees for meetings attended supplemented by quarterly stipends. A fee of \$500 was paid to Board members for each meeting of the Company and its subsidiary company boards attended and each committee meeting attended. Members of the Board received \$500 when the Company and the Bank held joint meetings. The Board compensated the Chairperson (or the Vice Chairperson in his stead) for attendance at any Committee meeting even though they are not a voting member on all committees. The fee paid for attendance at the Company's Annual Meeting was \$500 per member. Audit Committee members received \$600 for each Audit Committee meeting they attended. In addition, each Director, with the exception of the Chairperson of the Board, Vice Chairperson of the Board and the Chairpersons of the Audit Committee, Governance Committee and Human Resources and Compensation Committee received a quarterly stipend of \$1,500. The Board Chairperson received a quarterly stipend of \$3,500, the Vice Chairman received a quarterly stipend of \$2,500, and the Chairpersons of the Audit, Governance, and Compensation and Human Resources committees each received a \$2,000 stipend per quarter.

The Company reviews a comparative summary of director compensation annually prepared by the Company's Compensation Consultant, Pearl Meyer & Partners. The Consultant recommended that the Board consider including equity compensation as part of its compensation mix on an ongoing basis. In February, 2013, each independent director was awarded 223 restricted shares of Bar Harbor Bankshares under the Bar Harbor Bankshares and Subsidiaries Equity Incentive Plan of 2009 which was approved by the shareholders in 2009. This grant was made in lieu of a increase in the cash portion of their fees and as part of an overall market adjustment in director compensation.

These restricted share certificates are fully vested, but held in the possession of the Company and may not be sold, transferred, or gifted by directors until three months after they leave the service of the Board.

³Director Kenneth E. Smith deferred a portion of his compensation under a Non Qualified Deferred Compensation arrangement. This deferred arrangement is funded entirely by the director and the funds are invested and remain in the name of the Company until the director withdraws them upon his resignation, retirement, or termination from Board membership. Director Smith assumes the investment risk on these funds and holds the status of an unsecured creditor of the Company for the payment of these deferred fees at a future date.

Compensation Committee Interlocks and Insider Participation

The Compensation and Human Resources Committee is comprised of Company directors Phillips, Dodge, Fernald, Smith and Colwell. None of the Company's NEOs serves as a member of a compensation committee of any other company that has an executive officer serving as a member of the Company's Board of Directors. None of the NEOs serves as a member of the board of directors of any other company that has an executive officer serving as a member of the Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Transactions with Management and Others

The Company has entered into a long-term lease for its Bank branch located in Somesville, Maine, effective February 1, 2006 (the Somesville Lease). The Somesville Lease has interim renewals of five years and the present term runs through 2016. During each subsequent lease year the base rent is increased using a formula tied to certain changes in the consumer price index. During 2013, the lease payments totaled Eighty-two thousand and sixty-eight dollars (\$82,068). In addition to base rent, the Bank is responsible to pay as additional rent certain defined real estate taxes as well as certain operating expenses, and other costs, charges, and expenses associated with the premises. The Landlord under the Somesville Lease is A.C. Fernald Sons Inc., a Maine corporation. Mr. Robert B. Fernald of Mount Desert, Maine, is a shareholder, director, and officer of A. C. Fernald Sons Inc. and is the father of Company director Lauri E. Fernald. Lauri E. Fernald does not own any stock or hold any corporate office or other position with A.C. Fernald Sons Inc. and has no direct or indirect interest in the Somesville Lease other than her familial relationship with Mr. Robert B. Fernald.

Except as set forth above and with regard to Indebtedness of Management described below, none of the director-nominees or NEOs of the Company or of any of its subsidiaries engaged during 2013 in any transaction with the Company or any of its subsidiaries, in which the amount involved exceeded One hundred twenty-thousand dollars (\$120,000).

The Company administers related party transactions (if any) under its Related Party Transaction Policy, which policy addresses compliance to NYSE MKT Rule 120 and Item 404 (a) of Regulations S-K. This policy provides for Board Audit Committee oversight of related party transactions that exceed a *de minimus* lifetime income statement impact of \$25,000 (except for loan transactions, which for the Company and its subsidiaries are administered pursuant to Federal Regulation O, as described more fully below). Any transactions that qualify under this policy are reviewed by the Board Audit Committee (or another acceptable Board Committee, or the full Board of Directors) for approval prior to being contractually bound by the Company. Other than the Somesville Lease described above, and loans offered in the ordinary course of business and approved by the Bar Harbor Bank & Trust Board of Directors, the Company had no related party transactions. The Related Party Transaction Policy is approved annually by the Board of Directors and administered by management of the Bank.

Indebtedness of Management

The Company's wholly owned subsidiary, Bar Harbor Bank & Trust (the Bank), offers to its directors, officers, principal shareholders and employees, and to businesses owned and/or controlled by those persons (collectively insiders), commercial and consumer loans in the ordinary course of its business.

All loans made by the Company and its subsidiaries to insiders are regulated by the Company's federal and state regulators under federal Regulation O (Reg. O). Reg. O sets forth various practices and reporting requirements for loans to insiders. In addition, the Sarbanes-Oxley Act of 2002 permits banks and bank holding companies to extend credit to their directors and officers provided that such extensions of credit are (a) made or provided in the ordinary course of the consumer credit business of such issuer; (b) of a type that is generally made available to such issuer to the public; and (c) made by such issuer on market terms, or terms that are no more favorable than those offered by the issuer. Further, NYSE MKT rules provide that related party transactions must be subject to appropriate review and oversight by the Company's Audit Committee or a comparable body of the Board of Directors.

As of December 31, 2013, the outstanding loans by the Company's subsidiary bank (BHBT) to the Company's director-nominees and NEOs amount to an aggregate of approximately \$3,333,918 with a maximum availability limit of \$6,291,612. They are offered under the same terms and conditions available to non-insiders, including but not limited to those terms and conditions related to the requirements for approval, the interest rates charged, the required repayment terms, and the required collateral. Further, the Bank may, from time to time at the discretion of management, provide interest rate discounts, fee waivers or other pricing inducements to qualified employees and directors when doing so accomplishes or furthers an objective of the Bank and/or the Company. No such programs are made available only to insiders. The terms and conditions of all loans, including those to insiders, and the process by which they are approved, is fully documented in the Bank's written Loan Policy. The Loan Policy is approved annually by the Board of Directors and administered by management of the Bank. Loans to

insiders may not contain a higher level of risk, nor be offered with terms and conditions more favorable, than loans to non-insiders with equivalent financial profiles (except for the favorable pricing programs previously described). The Company believes that all extensions of credit to Company insiders and executive officers satisfy the foregoing conditions. No extensions of credit transactions have involved more than normal risk of collectability or presented other unfavorable features.

The Company anticipates a representative from KPMG LLP will be present and available to respond to questions or make a statement(s) at the Annual Meeting.

These services were related to an employee benefit plan audit.

3.

Tax and All Other Fees. No services or charges were applicable to this category for the year ended December 31, 2013 and 2012.

The Audit Committee's pre-approval policies and procedures require the Audit Committee Chair to pre-approve all audits and non-audit services, and report such pre-approvals to the Audit Committee at its next regularly scheduled meeting.

No services were rendered for financial information systems design and implementation or internal audit.

The Company's Audit Committee has considered the compatibility of the non-audit services furnished by the Company's auditing firm with the firm's need to be independent.

Nominations by Shareholders and other Shareholder Proposals

The Company Bylaws provide that the Company will consider nominees for election to the Board of Directors recommended by shareholders if made in the same manner provided for under the Company Bylaws with regard to typical Shareholder proposals. These procedures require in part, that to be timely, a shareholder's notice shall be delivered to the Clerk at the principal executive offices of the Company not later than the close of business of the 120th day nor earlier than the close of business on the 150th day prior to the first anniversary of the preceding year's Annual Meeting. Such shareholder's notice shall set forth (a) as to each person whom the shareholder proposes to nominate for election or re-election as a director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the Exchange Act) (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) as to any other business that the shareholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting, any material interest in such business of such shareholder and the beneficial owner, if any, on whose behalf the proposal is made, and the names and addresses of other shareholders known by the shareholder proposing such business to support such proposal, and the class and number of shares of the Company's capital stock beneficially owned by such other shareholders; and (c) as to the shareholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (i) the name and address of such shareholder, as they appear on the Company's books, and of such beneficial owner, and (ii) the class and number of shares of the Company which are owned beneficially and of record by such shareholder and such beneficial owner. Shareholder proposals submitted pursuant to Rule 14a-8 of the Securities Exchange Act of 1934 for inclusion in the Company's proxy statement and

If a shareholder should propose a candidate, the Governance Committee would evaluate that candidate on the basis of the criteria noted above.

Communication with Board of Directors

The Board of Directors does not have a formal process for shareholders to send communications to the Board. In view of the infrequency of Shareholder communications to the Board of Directors, the Board does not believe that a formal process is necessary. Written communications addressed to the Board of Directors received by the Company from shareholders will be shared with the full Board of Directors no later than the next regularly scheduled Board meeting.

The Company Board of Directors has adopted a Code of Ethics that applies to all employees, officers, and directors. March 4, 2014

To the Board of Directors of Bar Harbor Bankshares:

Management is responsible for preparing the financial statements and for designing and implementing the reporting process, including the system of internal controls, and has represented to the Audit Committee that such financial statements were prepared in accordance with generally accepted accounting principles. The independent registered public accounting firm is responsible for expressing opinions on the conformity of those audited financial statements with U.S. generally accepted accounting principles. The Audit Committee reviewed and discussed with the independent registered public accounting firm any other matters required to be discussed by PCAOB Auditing Standards No 16, Communications with Audit Committees, including without limitation, the auditors' evaluation of the quality of the company's financial reporting, information relating to significant unusual transactions and the business rationale for such transactions, and evaluation of the company's ability to continue as a going concern.

During 2013, the Audit Committee performed all its duties and responsibilities under the Audit Committee Charter.
