Section 16(a) Beneficial Ownership Reporting Compliance

Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company, the Company believes that during the year ended December 31, 2007 its officers, directors and greater than 10% stockholders complied with all Section 16(a) filing requirements.

ITEM 11. Executive Compensation Compensation Discussion and Analysis

The Company's Compensation Committee is empowered to review and approve, or recommend for the approval of the full Board of Directors, the annual compensation for the executive officers of the Company. The board of directors of MSV GP, the general partner of MSV, has its own Compensation Committee, which is similarly empowered to review and approve annual compensation policy for MSV's executive officers and others. Our Compensation Committee takes an active role in reviewing compensation policies at MSV with respect to our executive officers who are also executive officers of MSV, as MSV is a consolidated subsidiary.

Objectives of Compensation Program

The primary objective of our compensation program, including our executive compensation program, is to attract and retain qualified management who can work in the Company's dynamic business environment. A further objective of our compensation program is to provide incentives and reward each member of management for their contribution to the Company. In addition, we strive to promote an ownership mentality among key leadership and the Board of Directors. Finally, we endeavor to ensure that our compensation program is perceived as fundamentally fair to all stakeholders. The compensation program at MSV has been based upon similar objectives.

What Our Compensation Program is Designed to Reward

Our compensation program is designed to reward each executive's contribution to the Company. In measuring the executive officers' contribution to the Company, the Compensation Committee considers numerous

subjective factors, which historically have focused on the transactional nature of the Company's business in recent years, rather than more traditional metrics in light of the fluid nature of the Company's business.

MSV's compensation program is similarly designed to reward each team member's contribution to the Company as well as the achievement of individual objectives which are set at the beginning of each year, in addition to rewarding team members for the success of MSV as a whole.

Regarding most compensation matters, including executive and director compensation, our management provides recommendations to the Compensation Committee. The Compensation Committee has not historically delegated any of its functions to others in setting compensation. However, in light of the fact that our Chief Executive Officer and President, Executive Vice President and Chief Financial Officer, and Vice President and Corporate Controller are also executives of MSV, and are paid by MSV pursuant to employment agreements with MSV, their compensation, including bonuses, are set by the MSV Compensation Committee, but will continue to be subject to our Compensation Committee's oversight. We do not currently engage any consultant related to executive and/or director compensation matters.

Stock price performance has not been a significant factor in determining annual compensation because the price of the Company's common stock is subject to significant fluctuations due to a variety of factors outside our control. The Company does not have an exact formula for allocating between cash and non-cash compensation, though historically we have provided little non-cash compensation, other than our equity programs. Cash compensation is generally paid as earned.

Elements of Our Compensation Plan and How They Relate to Our Objectives

Annual executive officer compensation consists of a base salary component and a discretionary annual bonus. It is the Compensation Committee's intention to set total executive cash compensation sufficiently high to attract and retain a strong motivated leadership team, and recognize our executives' roles in accomplishing extraordinary transactions. In 2007, in addition to their base salaries in accordance with their respective employment agreements, each of Messrs. Good and Macleod was awarded a bonus equal to 100% of his target bonus, or approximately \$450,000 and \$243,750, respectively. These bonuses were awarded based on Messrs. Good's and Macleod's roles in helping the Company achieve certain pre-established objectives and various operational milestones in 2007, including, among other things, obtaining key investor commitments, establishing the Company's strategic relationship with Inmarsat and achieving various successes in connection with the continuing development of the Company's next generation satellite business. The Compensation Committee awarded Mr. Lewis a bonus of \$125,000, equal to approximately 110% of his base salary, in recognition of his efforts on behalf of the Company during 2007.

Each of our executive officers has received stock option grants and/or restricted stock under either the Company's 2006 Equity and Incentive Plan or the Company's 1998 Long-Term Incentive Plan. Although historically we generally have not issued either Company stock options or Company restricted stock to employees of MSV (because MSV employees were granted options to purchase limited partnership interests of MSV), on March 14, 2008 we commenced an offer to issue Company stock options in exchange for the termination of outstanding options to purchase limited partnership interests of MSV. We commenced this offer to further simplify the ownership structure of MSV and to provide holders of MSV options with the opportunity to obtain options to acquire Company stock, for which there is a trading market rather than the illiquid MSV limited partnership interests. On April 17, 2008 we extended the offer's expiration date by an additional 20 business days, and we now expect to complete the offer on or about May 16, 2008. Going forward, we expect that any equity incentives awarded to MSV employees will generally be in the form of Company stock options or Company restricted stock.

To date, the number of Company stock options or shares of Company restricted stock that have been granted to our named executive officers has been determined on a discretionary rather than a formula basis by the Compensation Committee. The 2006 fiscal year was the first year that we granted restricted stock, as opposed to options, to our named executive officers. The 2006 awards of restricted stock were designed to enhance retention and performance by providing for a three-year vesting schedule for one-third of the grant, and tying the other two-thirds to stock performance metrics. By adopting such an approach, we believe we have enhanced our ability to retain the services of such employees on a long-term basis while also further aligning their interests with those of our common stockholders.

Edgar Filing: SKYTERRA COMMUNICATIONS INC - Form 10-K/A

No SkyTerra or MSV equity awards were granted to any of the named executive officers in 2007, other than the grant of SkyTerra options to Mr. Wiseman upon his commencement of employment.

How the Company Chose Amounts for Each Element

Each executive's current and prior compensation is considered in setting future compensation. In addition, we informally review the compensation practices of other companies. The elements of our plan (e.g., base salary, bonus and stock options or restricted stock) are similar to the elements used by many companies. The exact base pay, stock grant, and bonus are chosen in an attempt to balance our competing objectives of fairness to all stakeholders and attracting/retaining our executives. For additional information regarding the compensation of our named executive officers, please see the Summary Compensation Table below.

Grant Policies

Subject to certain exceptions set forth below, the Company's annual stock option grants to executives and others in recent years have coincided with the meeting of the Compensation Committee following year-end at which discretionary bonuses are considered. Except in the case of new hires, the Compensation Committee does not generally grant options on other dates. The grant date is established when the Company's Compensation Committee approves the grant. The exercise price of each of our stock options grants under the 2006 Equity and Incentive Plan is, in accordance with the 2006 Plan, to be at fair market value on the date of grant based on the average of the closing bid and ask price on the grant date. The 1998 Long-Term Incentive Plan similarly provides for grants at the fair market value on the date of grant, though we do not expect significant activity under that plan. If at the time of any planned option grant date any member of our Board of Directors or executive team is aware of material non-public information, the Company would not generally make the planned stock option grant. In such event, as soon as practical after material information is made public, the Compensation Committee will have a specially called meeting and/or otherwise take all necessary steps to authorize a stock option grant. The Compensation Committee has fixed the form of agreement for such grants and delegated authority within a narrowly defined matrix for the Chief Executive Officer of the Company to make grants of options to purchase shares of Company common stock at the time of beginning employment with the Company or any subsidiary to individuals at the level of Vice President and below. For additional information regarding the grants of stock options and restricted stock to our named executive officers in 2007, please see the table entitled 2007 Grants of Plan-Based Awards below.

The Compensation Committee of MSV sets the terms and pricing for grants options under MSV's 2001 Unit Incentive Plan, in addition to making all grants to personnel at the level above Vice President. The Compensation Committee has fixed the form of agreement for such grants and delegated authority within a narrowly defined matrix for the Chief Executive Officer of MSV to make grants of options to purchase MSV limited partnership units at the time of beginning employment with MSV to individuals at the level of Vice President's and below. As MSV has historically been a private entity, the price has been the fixed by the Compensation Committee and is periodically reviewed. Subject to prior approval by the Compensation Committee or in accordance with the delegation process, each option is typically granted on the hire date.

Accounting and Tax Considerations

Our stock option grant policies have been affected by the implementation of SFAS No. 123(R), *Share Based Payments*, which we adopted in the first quarter of fiscal year 2006. Under this accounting pronouncement, we are required to value unvested stock options granted prior to our adoption of SFAS No. 123(R), and all options granted after our adoption of SFAS No. 123(R), under the fair value method and expense those amounts in the income statement over the stock option's vesting period.

We have generally structured our compensation program to comply with Internal Revenue Code Sections 162(m) and 409A. Under Section 162(m) of the Internal Revenue Code, a limitation is placed on tax deductions of any publicly-held corporation for individual compensation to certain executives of such corporation exceeding \$1,000,000 in any taxable year, unless the compensation is performance-based. If an executive is entitled to nonqualified deferred compensation benefits that are subject to Section 409A, and such benefits do not comply with Section 409A, then the benefits are taxable in the first year they are not subject to a substantial risk of forfeiture. In such case, the executive is subject to regular federal income tax, interest and an additional federal income tax of 20% of the benefit includible in income.

The 2006 Equity and Incentive Plan provides us with the ability to make cash based awards, as defined in the Plan, to an individual participant in the Plan of up to \$2,500,000, in accordance with the terms of the Plan.

Compensation Committee Report

We have reviewed and discussed with management the Compensation Discussion and Analysis to be included in this Form 10-K/A. Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the Compensation Discussion and Analysis referred to above be included in this Form 10-K/A.

2007 Outstanding MSV Equity Awards at Fiscal Year End

The following table shows outstanding MSV equity awards held by the named executive officers as of December 31, 2007. As described in "Compensation Discussion and Analysis," on March 14, 2008, we commenced an offer to issue SkyTerra stock options in exchange for the termination of outstanding options to purchase limited partnership interests of MSV. The option awards shown in this table reflect options to purchase limited partnership units of MSV that were held by the named executive officers as of December 31, 2007. Mr. Good's options were granted in 2004 and 2005 respectively, in connection with his employment by MSV. Mr. Macleod's options were granted in 2006 in connection with his employment by MSV.

- (4) Comprises a phantom award of 50,000 units of MSV limited partnership interests. Vests over a five year period, with 40% vesting on the second anniversary of grant (i.e. January 27, 2008) and 20% each year thereafter, to be settled either in units of limited partnership interests of MSV (if a public market exists at such time) or in cash in an amount equal to the fair market value of the underlying units on the vesting date. The initial 40% of the award vested in January 2008 and was paid in cash.
- (5) Because the phantom award is payable in shares of SkyTerra stock instead of MSV limited partnership interests, the market value shown is based on the market value of \$6.80 per share of SkyTerra common stock on December 31, 2007 and a conversion ratio of 2.82 shares of SkyTerra common stock per unit of MSV limited partnership interest.

Option Exercises and Stock Vested - 2007

Potential Payments upon Termination or Change in Control

Mr. Good

Mr. Good has entered into an employment agreement with MSV (described above under "Employment Contracts and Change in Control Arrangements"). Pursuant to the employment agreement, if Mr. Good's employment is terminated by MSV without cause (as defined in the employment agreement and as set forth below), he will be entitled to (i) a lump sum severance payment in an amount equal to the sum of Mr. Good's base salary and his average bonus for 24 months; and (ii) continued coverage of group term life insurance, health insurance, accident and long-term disability insurance benefits for a period of 24 months following the termination.

Mr. Good also entered into a change of control agreement with MSV. Under the change of control agreement, if a "change of control" of MSV (as defined in the agreement and as described below) occurs and, within two years following such change of control, MSV terminates Mr. Good's employment without cause or Mr. Good terminates his employment for good reason (as defined in the agreement), Mr. Good will be entitled to (i) a lump sum severance payment in an amount equal to the sum of Mr. Good's base salary and his average bonus for 24 months; (ii) full vesting of all MSV options, with such options remaining exercisable for two years following the date of termination; and (iii) continued coverage of group term life insurance, health insurance, accident and long-term disability insurance benefits for a period of 24 months following the termination (except that with respect to clauses (i) and (iii) above, such period would have been 18 months with respect to any change of control that occurred prior to December 18, 2006).

For purposes of Mr. Good's employment agreement, the term "cause" means:

- (a) the willful and continued failure of the executive to substantially perform his duties with MSV (other than any such failure resulting from incapacity due to physical or mental illness), after a written demand for substantial performance is delivered to the executive by the Board of MSV GP which specifically identifies the manner in which the Board believes that the executive has not substantially performed the executive's duties;
- (b) the willful engaging by the executive in illegal conduct or gross misconduct which is materially and demonstrably injurious to MSV;
- (c) personal dishonesty or breach of fiduciary duty to MSV that in either case results or was intended to result in personal profit to the executive at the expense of MSV; or
- (d) willful violation of any law, rule or regulation (other than traffic violations, misdemeanors or similar offenses) or cease-and-desist order, court order, judgment or supervisory agreement, which violation is materially and demonstrably injurious to MSV.

Edgar Filing: SKYTERRA COMMUNICATIONS INC - Form 10-K/A

For purposes of Mr. Good's change of control agreement, the term "change in control" means any of the following:

(a) any person or group of persons (as defined in Section 13(d) and 14(d) of the Securities Exchange Act of 1934) together with its affiliates, excluding employee benefit plans of MSV, is or becomes, directly or indirectly, the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act) of securities of MSV representing 40% or more of the combined voting power of MSV's then outstanding securities;

(b) the dissolution or liquidation of MSV or a merger, consolidation, or reorganization of MSV with one or more other entities in which MSV is not the surviving entity, or the sale of substantially all of the assets of MSV to another person or entity;

(c) any transaction (including without limitation a merger or reorganization in which MSV is the surviving entity) which results in any person or entity (other than persons who are members of MSV or affiliates immediately prior to the transaction) owning more than 50% of the combined voting power of all classes of securities of MSV; or

(d) individuals who at the beginning of any two-year period constitute the Board of Directors of MSV GP, plus new directors whose election or nomination for election by MSV's members is approved by a vote of at least two-thirds of the directors of MSV GP still in office who were directors at the beginning of such two-year period, cease for any reason during such two-year period to constitute at least two-thirds of the members of the Board.

A change in control does not include either an initial public offering by MSV or any successor thereto or the consummation of the conversion of MSV or its business into a corporation.

Mr. Macleod

Mr. Macleod has entered into an employment agreement with MSV (described above under "Employment Contracts and Change in Control Arrangements") which provides that if MSV terminates his employment during the term set forth in the agreement without cause, or if MSV makes a material change to the terms of Mr. Macleod's employment as set forth in the agreement without his prior written consent, Mr. Macleod will be entitled to one year's salary and target bonus, as well as immediate vesting of all MSV options (and such options shall remain exercisable for two years following termination of employment) and MSV units or phantom units.

Mr. Macleod is also a party to a change of control agreement with MSV. Under the change of control agreement, if a "change of control" of MSV (as defined in the agreement and as described below) occurs and, within two years following such change of control, MSV terminates Mr. Macleod's employment without cause or Mr. Macleod terminates his employment for good reason (as defined in the agreement), Mr. Macleod would be entitled to (i) a lump sum severance payment in an amount equal to the sum of Mr. Macleod's annual base salary and his average bonus; (ii) full vesting of all options and phantom units, with such options remaining exercisable for two years following the date of termination; and (iii) continued coverage of group term life insurance, health insurance, accident and long-term disability insurance benefits for a period of 12 months following the termination.

For purposes of Mr. Macleod's change in control agreement, the term "change in control" means any of the following:

(a) any person or group of persons (as defined in Section 13(d) and 14(d) of the Exchange Act) together with its affiliates, excluding employee benefit plans of MSV, is or becomes, directly or indirectly, the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act) (other than persons who are members of MSV or affiliates immediately prior to the transaction) of securities of MSV representing 50% or more of the combined voting power of MSV's then outstanding securities, other than in place as of the date of the change in control agreement;

(b) the dissolution or liquidation of MSV or a merger, consolidation, or reorganization of MSV with one or more other entities in which MSV is not the surviving entity, or the sale of substantially all of the assets of MSV to another person or entity;

(c) any transaction (including without limitation a merger or reorganization in which MSV is the surviving entity) which results in any person or entity (other than persons who are members of MSV or affiliates immediately prior to the transaction) owning more than 50% of the combined voting power of all classes of securities/interests of MSV; or

Edgar Filing: SKYTERRA COMMUNICATIONS INC - Form 10-K/A

(d) individuals who at the beginning of any two-year period constitute the Board of Directors of MSV GP, plus new directors whose election or nomination for election by MSV's members is approved by a vote of at least two-thirds of the directors of MSV GP still in office who were directors at the beginning of such two-year period, cease for any reason during such two-year period to constitute at least two-thirds of the members of the Board.

Notwithstanding the foregoing, a change in control is not deemed to occur solely as a result of: (i) an initial public offering by MSV or any successor thereto, (ii) the consummation of the conversion of MSV or its business into a corporation, or (iii) a transaction, or series of related transactions, the result of which is that share ownership and rights in SkyTerra or TerreStar, as the case may be, generally reflects the pre-transaction beneficial ownership structure of MSV (including pre-transaction indirect ownership by the beneficial shareholders of SkyTerra and TerreStar).

Company Restricted Stock Awards

The agreements governing Mr. Good's and Mr. Macleod's Company restricted stock awards provide that upon the termination by the Company of the executive's employment other than for "Cause" (as defined in the agreement and as described below), or as a result of death or disability, or if the executive voluntarily terminates his employment with the Company for Good Reason (as defined in the agreement and as described below), all vesting restrictions will lapse with respect to any time vesting shares, and performance vesting shares will remain outstanding on such terms as are set forth in the agreement. Upon a change of control of the Company, the restricted stock will remain outstanding and subject to the vesting restrictions contained in the agreement.

For purposes of Mr. Good's and Mr. Macleod's restricted stock award agreements, "Cause" means (i) the willful and continued failure by the executive substantially to perform his or her duties and obligations to the Company or a subsidiary, including without limitation, repeated refusal to follow the reasonable directions of the employer, knowing violation of law in the course of performance of the duties of the executive's employment with the Company or a subsidiary, repeated absences from work without a reasonable excuse, or intoxication with alcohol or illegal drugs while on the premises of the Company or a subsidiary during regular business hours (other than any such failure resulting from his or her incapacity due to physical or mental illness); (ii) fraud, dishonesty or other conduct that negatively affects the Company or a subsidiary, or other willful misconduct by the executive that is in the good faith opinion of the Compensation Committee injurious to the Company or a subsidiary; (iii) a conviction or plea of guilty or *nolo contendere* to a felony or a crime involving material dishonesty; or (iv) refusal to cooperate in any lawful internal investigation approved by the Board or a committee thereof.

For purposes of Mr. Good's and Mr. Macleod's restricted stock award agreements, "Good Reason" means the occurrence (without the executive's express written consent) of any of the following events: (i) a ten or more percent reduction in the executive's annual base salary (including any base salary paid by MSV to executive) as in effect immediately prior the date of the agreement; (ii) being stripped of the title of CEO or CFO, as the case may be, at either the Company or MSV; or (iii) the relocation of the executive's principal place of employment to a location more than fifty (50) miles from the executive's principal place of employment immediately prior to the date hereof or the Company's requiring the executive to be based anywhere other than such principal place of employment (or permitted relocation thereof) except for required travel on the Company's business to an extent substantially consistent with the executive's business travel obligations prior to the date of the agreement.

Mr. Wiseman

Mr. Wiseman's offer letter provides that if his employment is terminated during the two year period following August 20, 2007 without cause, Mr. Wiseman is entitled to six months of salary and target bonus.

The agreement covering Mr. Wiseman's Company stock options provides that: (i) upon the termination by the Company or MSV of Mr. Wiseman's employment other than for Cause (as defined in the 2006 Equity and Incentive Plan), all unvested options will immediately vest and remain exercisable for one year from the date of termination; (ii) upon the termination by Mr. Wiseman of his employment with the Company for good reason within one year following a change of control of the Company, all unvested options will immediately vest and remain exercisable for one year from the date of such termination; and (iii) upon the termination by Mr. Wiseman of his employment with the Company, other than for good reason, within one year following a change of control of the Company, Mr. Wiseman has 90 days from the termination to exercise any vested options and all unvested options are extinguished on the date of such termination.

Under Mr. Wiseman's Change of Control Agreement with MSV, if a change of control of MSV (as defined in the agreement) occurs and, within two years following such change of control, MSV terminates Mr. Wiseman's employment without cause or Mr. Wiseman terminates his employment for good reason, Mr. Wiseman is entitled to (i) a lump sum severance payment in an amount equal to the sum of Mr. Wiseman's base salary and his average bonus for 12 months; and (ii) continued coverage of group term life insurance, health insurance, accident and long-term disability insurance benefits for a period of 12 months following the termination.

Mr. Lewis

Mr. Lewis is a party to an amended employment agreement with the Company. Under this agreement, if, either (i) Mr. Lewis is terminated other than for "cause" (as defined in the agreement and as described below) or (ii) Mr. Lewis terminates his employment for any reason upon 60 days notice to the Company, then Mr. Lewis is entitled to receive severance compensation and benefits in a lump sum payment consisting of one year of his then current salary (except this amount may not be less than Mr. Lewis's base salary at the time of his amended employment agreement). In addition, in the circumstances described in clauses (i) and (ii) in the previous sentence, Mr. Lewis will have the right to exercise all vested stock options and unvested stock options through the option expiration date for such options, all vesting restrictions will lapse with respect to any time vesting shares, and performance vesting shares will remain outstanding on such terms as are set forth in the agreement governing such awards. Payment of these benefits is conditioned on Mr. Lewis agreeing (i) not to accept employment with a company for 18 months following such termination which directly competes with MSV by operating a satellite system with an ancillary terrestrial component; and (ii) to make himself available at reasonable times to respond to reasonable inquiries from Company executives concerning Company matters, subject to his other professional and personal commitments.

For purposes of Mr. Lewis's employment agreement, the term "cause" means (i) habitual intoxication which materially affects performance; (ii) drug addiction; (iii) conviction of a felony materially adversely affecting the Company or the employee's ability to perform his duties; (iv) adjudication as an incompetent; or (v) misappropriation of corporate funds.

Mr. Lewis's employment with the Company was terminated on April 25, 2008. In accordance with his amended employment agreement, Mr. Lewis will be entitled to the severance and other benefits described above.

Quantification of Potential Payments

Assuming that the named executive officer's employment was terminated on the last day of our 2007 fiscal year, the table below shows the amounts that would have been paid to each of our named executive officers based on the termination circumstances set forth in the table.

- (1) Represents the value of the continuation of benefits upon a termination, including twenty-four (24) months of continued medical and dental insurance coverage upon termination without cause.
- (2) Represents the value of 133,334 unvested shares of the Company's restricted stock that would vest upon termination without cause following a change of control of SkyTerra, based on the December 31, 2007 closing price of \$6.80 per share. Excludes the value of 266,666 unvested shares of the Company's restricted stock that have performance vesting conditions that would not have been met as of the last day of our 2007 fiscal year.

Edgar Filing: SKYTERRA COMMUNICATIONS INC - Form 10-K/A

- (3) Represents the value of the continuation of benefits upon a termination, including twelve (12) months of continued medical and dental insurance coverage upon termination following a change in control or termination without cause.
- (4) Includes the value of 66,667 unvested shares of the Company's restricted stock that would vest upon termination without cause following a change of control of SkyTerra, based on the December 31, 2007 closing price of \$6.80 per share. Also includes the estimated value of 150,000 MSV unit options that would vest upon termination following a change in control of MSV or termination without cause. The value of the MSV units was estimated using a market approach described in Note 7 to our consolidated financial statements beginning on page F-26 of our Annual Report on Form 10-K for the year ended December 31, 2007. This amount also includes the value of 50,000 MSV phantom units that would vest upon termination following a change in control of MSV or termination without cause. Because the phantom award is payable in shares of SkyTerra stock instead of MSV limited partnership interests, the market value shown is based on the market value of \$6.80 per share of SkyTerra common stock on December 31, 2007 and a conversion ratio of 2.82 shares of SkyTerra common stock per unit of MSV limited partnership interest. Excludes the value of 133,333 unvested shares of the Company's restricted stock that have performance vesting conditions that would not have been met as of the last day of our 2007 fiscal year.
- (5) Represents the value of 25,000 unvested shares of the Company's restricted stock that would vest upon termination without cause, based on the December 31, 2007 closing price of \$6.80 per share. Excludes the value of 50,000 unvested shares of the Company's restricted stock that have performance vesting conditions that would not have been met as of the last day of our 2007 fiscal year.

Compensation of Directors

Prior to April 2008, each non-employee director received a per meeting fee of \$1,000 for each meeting of the Board of Directors and \$500 for each committee meeting attended, along with expenses incurred in connection with attending each meeting.

In April 2008, as a result of a study demonstrating that the Company's existing Board compensation arrangements were significantly below the norm for similar companies in its industry, the Board approved a revised compensation program for outside directors. As of April 2008, each non-employee director is paid an annual retainer of \$30,000, each member of the Audit Committee is paid an annual retainer of \$7,500, and each member of the Compensation Committee is paid an annual retainer of \$2,500. These annual retainers are in lieu of payments on a per meeting basis. In addition, in April 2008 the Board approved an option grant for each non-executive director serving as of May 1, 2008, to purchase 20,000 shares of common stock, with an exercise price equal to the fair market value of the Company's common stock on May 1, 2008. From time to time, directors may be granted additional options to purchase common stock, or other equity awards, under our 2006 Equity and Incentive Plan.

In April 2008, the Board also made grants of restricted stock to Mr. Killeen and Mr. Stasior, both of whom are independent directors, in recognition of their long-time service to the Board during periods when the Board's director compensation arrangements were below industry norms. Mr. Killeen was granted a restricted stock award of 80,000 shares, and Mr. Stasior was granted a restricted stock award of 55,000 shares. Both of these awards will vest upon the earlier of December 1, 2008, two days following the filing by the Company of its quarterly report on Form 10-Q for the quarter ended September 30, 2008, or such date as the director is not re-nominated for election to the Board of Directors.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Exchange Transactions

MSV Exchange Transaction. On May 6, 2006, we entered into agreements with certain other partners in MSV and the minority stakeholders in MSV Investors that, upon closing, resulted in our owning the majority of MSV and controlling MSV GP, as well as our owning all of the equity interests in MSV Investors. At the initial closing, which occurred on September 25, 2006, we issued an aggregate of 39.6 million shares of our voting and non-voting common stock to a wholly-owned subsidiary of TerreStar Corporation (formerly known as Motient Corporation) (“TerreStar”), other partners in MSV and the minority stakeholders in MSV Investors in exchange for 14.2 million limited partnership interests of MSV, all of the common stock of MSV GP and all of the equity interests in MSV Investors held by these parties, resulting in us owning approximately 59% of the outstanding limited partnership interests of MSV and 78% of the outstanding common stock of MSV GP. Pursuant to the terms of these transactions, TerreStar has agreed to use commercially reasonable efforts to distribute 25.5 million shares of our common stock that it received to its common stockholders as soon as practicable following the initial closing. As of the date of this report, this distribution has not yet occurred. Prior to such distribution by TerreStar, these shares will be non-voting.

TerreStar also had the right to exchange its remaining partnership interests of MSV for shares of our non-voting common stock at a predefined ratio, which will be exchangeable for a like number of shares of our voting common stock upon the transfer in a sale by TerreStar in the open market pursuant to an effective registration statement or an exemption from registration or following such transfer, to a person who will not beneficially own 5% or more of our voting common stock.

On February 12, 2007, TerreStar exercised its option to acquire 14.4 million shares of our non-voting common stock, in exchange for 5.1 million limited partnership interests in MSV. Further, on November 30, 2007, TerreStar exercised its option to acquire 4.4 million of our non-voting common stock, in exchange for its remaining interest in MSV, or 1.6 million limited partnership units.

After the November 2007 transaction we are the sole owner of MSV GP and own 99.3% of the outstanding limited partnership interests of MSV.

BCE Exchange Transaction. On January 5, 2007, we acquired all of the equity interests in MSV and MSV GP owned by BCE through the purchase of its wholly-owned subsidiary TMI Delaware. In exchange for 8.0 million limited partnership interests in MSV and 740 shares of MSV GP, we issued 22.5 million shares of our non-voting common stock (the “BCE Exchange Transaction”). These shares of our non-voting common stock are exchangeable for a like number of shares of voting common stock upon the transfer in a sale by BCE in the open market pursuant to an effective registration statement or an exemption from registration or following such transfer, to a person who will not beneficially own 10% or more of our voting common stock. Substantially concurrently with the BCE Exchange Transaction, we issued 176,250 shares of common stock to Winchester Development LLC, a Delaware limited liability company beneficially owned by a former director of MSV. Such shares were issued in exchange for \$0.4 million in cash and 50,226 limited partnership interests of MSV.

Employment Agreements

For a description of the employment agreements between us and certain of our executive officers, please see the descriptions included in Item 11 – Executive Compensation under the heading “Employment Contracts and Change in Control Arrangements.”

Other

Certain of our directors and officers serve on the board of directors of affiliates, including MSV. Such directors and officers have received stock-based compensation from such affiliates for their service. The amount of stock-based compensation received by our directors and officers is comparable to stock-based compensation awarded to other non-executive members of the affiliates’ board of directors.

Edgar Filing: SKYTERRA COMMUNICATIONS INC - Form 10-K/A

On December 15, 2006, our Board of Directors approved a form of Indemnification Agreement (the “Indemnification Agreement”) to be entered into between us and our directors and officers. Effective as of December 18, 2006, we entered into a separate Indemnification Agreement with each of the following persons: Andrew Africk, Alexander Good, Jeffrey Killeen, Jeffrey Leddy, Robert Lewis, Scott Macleod, William Stasior, Aaron Stone and Michael Weiner. We executed agreements with Messrs. Cecin and Latchford as of April 10, 2008. We may from time to time enter into additional indemnification agreements with future directors and officers or other key personnel.

Each of the Indemnification Agreements provides, among other things, that we will, to the extent permitted by applicable law, indemnify and hold harmless each indemnitee if, by reason of such indemnitee’s status as a director or officer of SkyTerra, such indemnitee was, is or is threatened to be made a party or a participant (as a witness or otherwise) in any threatened, pending or completed proceeding, whether of a civil, criminal, administrative or investigative nature, against all losses, judgments, fines, penalties and amounts paid in settlement (if such settlement is approved in writing in advance by us) and incurred by such indemnitee in connection with such proceeding. In addition, each of the Indemnification Agreements provides for the advancement of expenses incurred by the indemnitee in connection with any proceeding covered by the agreement, subject to certain exceptions. None of the Indemnification Agreements precludes any other rights to indemnification or advancement of expenses to which the indemnitee may be entitled, including but not limited to, any rights arising under our governance documents, or any other agreement, any vote of our stockholders or any applicable law.

SkyTerra and the Apollo Fund IV L.P. and its Affiliates

Apollo Investment Fund IV, L.P. and its affiliates (together “Apollo”) owned a significant percentage of our common stock during the three years ended December 31, 2007. In April 2008, Apollo sold its interest in us to Harbinger. During the three years ended December 31, 2007 and continuing through April 2008, several of our directors were partners at Apollo. One of our directors currently is a partner at Apollo. In addition, several of the directors of MSV GP currently are, or were during the three years ended December 31, 2007, partners of or otherwise associated with Apollo. As such, certain transactions with other entities controlled by or affiliated with Apollo are related party transactions.

On December 15, 2006, pursuant to Section 8.6(b) of the Investment Agreement, dated April 2, 2002 (the “Investment Agreement”), by and among the Company and certain of the Apollo Purchasers (as defined below), we issued 6,044,846 shares of our common stock in exchange for the surrender of a like number of shares of our non-voting stock by Apollo Investment Fund IV, L.P., Apollo Overseas Partners IV, L.P. and AIF/RRRR LLC (collectively with ST/RRRR LLC, the “Apollo Purchasers”). The Exchange was made without registration under the Securities Act in reliance upon the exemption from registration provided by Section 3(a)(9) of the Securities Act.

Apollo currently owns approximately 65% of the outstanding common stock of Hughes Communications. During the three years ended December 31, 2007 and continuing through April 2008, several members of our Board of Directors who are or have been associated with Apollo also served on the Board of Directors of Hughes Communications. In addition, Jeffrey Leddy, our former Chief Executive Officer and President and a director until April 2008, serves on the Board of Directors of Hughes Communications.

Distribution of Hughes Communications

On December 30, 2005, in preparation for the distribution of our former wholly-owned subsidiary, Hughes Communications, Inc. (“Hughes Communications”), to our security holders, we and Hughes Communications entered into a separation agreement pursuant to which we contributed to Hughes Communications, effective December 31, 2005, all of our assets, liabilities and operations other than those associated with MSV and TerreStar, \$12.5 million of cash, cash equivalents and short-term investments, certain tax attributes and the obligations pursuant to our then outstanding Series A Preferred Stock. As a result of the MSV Exchange Transactions, the remaining balance, if any, of the \$12.5 million of cash, cash equivalents and short-term investments at such time, less certain outstanding payables, was to be transferred to Hughes Communications. As of the closing of the MSV Exchange Transaction, the entire balance of the \$12.5 million of cash had been expended, and we did not transfer any cash to Hughes Communications.

The separation agreement provides that Hughes Communications will indemnify us against losses based on, arising out of or resulting from (i) the ownership or the operation of the assets or properties transferred to Hughes Communications under the separation agreement, and the operation or conduct of the business of, including contracts entered into and any activities engaged in by, Hughes Communications, whether in the past or future; (ii)

Edgar Filing: SKYTERRA COMMUNICATIONS INC - Form 10-K/A

any other activities Hughes Communications engages in; (iii) any guaranty, keepwell, of or by us provided to any parties with respect to any of Hughes Communications' actual or contingent obligations and (iv) certain other matters described in the separation agreement. The separation agreement provides that we will indemnify Hughes Communications against losses based on, arising out of or resulting from the ownership or operation of the assets or properties of MSV or TerreStar, or the operation or conduct of their businesses, including the contracts entered into by them, and certain other matters described in the separation agreement.

A tax sharing agreement governs the allocation between Hughes Communications and us of tax liabilities and related tax matters, such as the preparation and filing of tax returns and tax contests, for all taxable periods. Hughes Communications will generally be responsible for, and indemnify us and our subsidiaries against, all tax liabilities imposed on or attributable to (i) Hughes Communications and any of its subsidiaries relating to all taxable periods and (ii) our and any of our subsidiaries for all taxable periods or portions thereof ending on or prior to a change of control of the Company, in each case, after taking into account any tax attributes of us or any of our subsidiaries that are available to offset such tax liabilities. Notwithstanding the foregoing, Hughes Communications is not responsible for any taxes relating to MSV, TerreStar or a change of control of the Company. Additionally, under the tax sharing agreement, we are responsible for, and indemnify Hughes Communications and its subsidiaries against, all tax liabilities imposed on or attributable to MSV and TerreStar relating to all taxable periods, us and any of our subsidiaries relating to all taxable periods or portions thereof beginning and ending after a change of control, and any change of control of the Company.

Hughes Network Systems LLC

Hughes Network Systems LLC (HNS) is a former subsidiary of SkyTerra and indirectly controlled by Apollo. MSV acquired services and equipment from HNS in an amount of \$8.8 million and \$8.4 million, during the years ended December 31, 2007 and 2006, respectively.

In October 2006, MSV entered into a preferred provider agreement with HNS. Under this agreement, for a period of five years MSV will grant preferred provider status to HNS for the provision of certain engineering and other services and the manufacture of certain equipment, in each case expected to be used by MSV in developing and deploying its next generation integrated network.

In November 2006, MSV entered into an agreement with HNS to purchase four satellite base transceiver subsystems for a fixed price of \$43.0 million. The Company had amounts payable to HNS of zero, and \$2.1 million, as of December 31, 2007, and 2006, respectively.

In August 2006, the Company entered into an agreement to provide consulting services to Hughes Telematics. This agreement was terminated in February 2007. During 2006, the Company provided \$50,000 of consulting services to Hughes Telematics.

BCE and Affiliates

As of December 31, 2007, BCE owned 22.1 million non-voting shares of the Company's common stock. BCE has an "observer" right on the board of directors of MSV GP. We have entered into a number of transactions with affiliates of BCE, as described below.

MSV Canada

MSV Canada, a variable interest entity for which MSV is the primary beneficiary, is majority owned by BCE. MSV has a rights and services agreement with MSV Canada, under which MSV provides various technical support and other services to MSV Canada, such as allowing access to its intellectual property; providing voice and data-switching capabilities; providing backup, restoral, and emergency spectrum and satellite capacity; and providing accounting, customer service, and billing services. MSV also leases satellite capacity from MSV Canada pursuant to a capacity lease agreement. The term of the lease extends for 25 years and may be terminated by MSV with one

Edgar Filing: SKYTERRA COMMUNICATIONS INC - Form 10-K/A

year's notice or by either party in certain circumstances. The amount of the lease payments is determined by the parties periodically based upon the amount of capacity usage by MSV and market rates.

During the years ended December 31, 2007 and 2006, the capacity fee paid by MSV to MSV Canada was \$4.9 million and \$4.6 million, respectively. The rights and services fee received by MSV from MSV Canada during the years ended December 31, 2007 and 2005 was \$5.6 million and \$4.9 million, respectively. These amounts are eliminated upon consolidation.

We, our subsidiaries and certain of MSV's limited partners have entered into a number of transactions with and/or related to MSV Canada, as described below.

MSV Canada Shareholders' Agreement. In connection with the formation of the MSV Canada joint venture, MSV and TMI entered into a Shareholders' Agreement (the "MSV Canada Shareholders' Agreement") with MSV Canada and MSV Canada Holdings setting forth the terms of operation of MSV Canada and MSV Canada Holdings. To facilitate consummation of the BCE Exchange Transactions, MSV entered into an amendment of the MSV Canada Shareholders' Agreement. As amended, the MSV Canada Shareholders' Agreement now provides that all decisions of the boards of directors of MSV Canada and MSV Canada Holdings are to be decided by a simple majority of directors, except that our written consent shall be required for major corporate actions that could have an impact on us as a minority shareholder, including, but not limited to, the amendment of any material agreement in excess of \$500,000, any material change in the scope and nature of MSV Canada's business or operations, the incurrence of any indebtedness or the making of any capital expenditures, pledges, or asset sales in excess of \$500,000 and the declaration of dividends. The agreement also provides that we and BCE each have the right, subject to applicable law and regulations, to purchase directly, or to designate an eligible purchaser to purchase, the other party's interests in MSV Canada and/or MSV Canada Holdings upon the insolvency of such other party. BCE has agreed not to exercise this right while any of the notes are outstanding. Under the MSV Canada Shareholders' Agreement, we are obligated to fund any operating cash shortfalls at MSV Canada upon the request of MSV Canada, which funding may be in the form of a contribution to MSV Canada's capital in the form of non voting common stock or a loan.

In addition, in the amendment of the MSV Canada Shareholders' Agreement, we and BCE agreed that for so long as BCE and its subsidiaries own a majority of the outstanding shares of MSV Canada Holdings, BCE shall be entitled to designate one director and one observer to the board of directors of MSV GP. The amendment also modified the conditions applicable to any sale or other transfer by BCE of its equity interests in MSV Canada Holdings, including requiring, in certain circumstances, that the party acquiring such interests also acquire a specified minimum number of shares of our common stock (between approximately 4.3 million and 7.1 million shares) from BCE or its subsidiaries.

Rights and Services Agreement. We also have a rights and services agreement with MSV Canada, under which we provide various technical support and other services to MSV Canada, such as providing voice and data-switching capabilities; providing backup, restoral, and emergency spectrum and satellite capacity; and providing accounting, customer service, and billing services. We also lease satellite capacity from MSV Canada pursuant to a lease agreement. The term of the lease extends for 25 years and may be terminated by us with one year's notice or by either party in certain circumstances. The amount of the lease payments is determined by the parties periodically based upon the amount of capacity usage by us and market rates.

Capacity Lease Agreement. MSV Corp. and MSV Canada have entered into an agreement whereby MSV Canada has agreed to lease (the "Capacity Lease Agreement") to MSV Corp. the balance of the capacity on MSV Canada's existing satellite, and, when operational, the balance of the satellite capacity of MSV Canada's next generation satellite system, and the right to use the spectrum capacity associated with MSV Canada's mobile satellite system that is not utilized by MSV Canada for the purposes of fulfilling its Canadian contractual and regulatory obligations. MSV Corp. compensates MSV Canada for this capacity based on the fair market value of the leased capacity, where fair market value is determined on an arm's length basis equal to no more than cost plus a margin of not more than ten percent. MSV Corp. has the right to offset its payment obligations to MSV Canada under the capacity lease with payments owed by MSV Canada to MSV Corp. for services performed under the Rights and Services Agreement. The Capacity Lease Agreement will terminate, unless extended, in 2026.

Intellectual Property Sub-License Agreement. In connection with both the Rights and Services Agreement and Capacity Lease Agreement described above, we have entered into an Intellectual Property Sub-License Agreement with MSV Canada whereby we have granted to MSV Canada a nonexclusive, royalty-free license to use

our intellectual property, as held by us and/or our wholly owned subsidiary, ATC Technologies LLC, and to make, sell and use products and services covered by our intellectual property, which sub-license shall remain in effect until the earlier of the expiration of the last of our patents and the termination of the Rights and Services Agreement.

Indemnification, Guarantee and Security Agreements. Upon the formation of MSV, TMI agreed to indemnify us and our limited partners against losses resulting from the failure of such entities to perform its obligations under certain of the agreements governing the formation of MSV, including asset sale agreements pursuant to which BCE sold its satellite business to us and MSV Canada. TMI Delaware, an indirect wholly owned subsidiary of BCE and the holder of all of BCE's equity interests in MSV that we acquired in the BCE Exchange Transactions, guaranteed the performance of TMI's indemnification obligations, and granted to our limited partners a security interest in all the equity interests of us and our general partner owned by TMI Delaware. Such pledge was released in connection with the BCE Exchange Transactions.

When MSV Canada was formed, MSV Canada guaranteed the performance by itself, BCE and certain other entities affiliated with BCE, of those parties' respective obligations under the MSV Canada Shareholders' Agreement, the Capacity Lease Agreement, the Rights and Services Agreement, the Non-Interference Agreement with BCE described below, and certain other agreements relating to MSV Canada, as well as BCE and its affiliates' indemnification obligations under the MSV formation documents described above and BCE and its affiliates' obligations under certain other agreements relating to MSV. As security for this guarantee obligation, MSV Canada granted us a security interest in all its tangible and intangible personal property. Such pledge was released in connection with the BCE Exchange Transactions.

Satellite Delivery Agreement. On February 22, 2007, we entered into an agreement with MSV Canada to deliver to MSV Canada one of the satellites to be constructed by Boeing under contract and to arrange for the launch of this satellite into a Canadian Orbital position (the "Satellite Delivery Agreement"). The Satellite Delivery Agreement contemplates that we will transfer legal title in the satellite to MSV Canada upon launch, consistent with all applicable legal requirements including MSV Canada's Industry Canada authorizations, but otherwise on the same terms and conditions as apply to our own satellite system under construction. The Satellite Delivery Agreement provides generally that the services provided by us to MSV Canada under the Agreement will reflect the cost to us to procure the satellite and its launch and to provide all related services and deliverables to MSV Canada plus ten (10) percent.

Satellite Backup Agreement. On February 6, 2007, we entered into an agreement with MSV Canada that provided that if and to the extent that either of the next-generation satellites of MSV or MSV Canada under construction suffered a failure, the remaining satellite would provide backup service for the benefit of the other party's customers. The agreement provides that sufficient satellite capacity will remain available on each of the next-generation satellites at all times to allow for all satellite traffic formerly handled by the failed satellite to be transitioned to the remaining satellite.

Telesat Canada

Telesat Canada was a wholly-owned subsidiary of BCE until October 2007. MSV maintains a preferred provider agreement with Telesat Canada. MSV and MSV Canada agreed to grant preferred provider status to Telesat Canada for any telemetry, tracking and control services and for any satellite procurement services that may be required by the Company or MSV Canada. This agreement will terminate on the later of its fifth anniversary or the date when Telesat and its affiliates collectively no longer hold the majority of the outstanding common shares of MSV Canada Holdings. During the years ended December 31, 2007 and 2006, MSV incurred expenses totaling \$0.7 million and \$0.7 million, respectively, under the preferred provider agreement.

MSV also has an agreement with Telesat to obtain telemetry, tracking, and control services for its MSAT-2 satellite. The original term of the agreement ended on April 30, 2006, with automatic extension for three successive additional renewal periods of one year each, which MSV renewed in 2007. The agreement may be terminated at any time, provided that the Company makes a payment equal to the lesser of 12 months of service or the remaining service fee. During the years ended December 31, 2007 and 2006, MSV incurred expenses totaling \$0.8 million and \$0.9 million, respectively, under this agreement.

MSV acquired consulting services from Telesat Canada in the amounts of \$0.8 million and \$0.2 million, , respectively, during the years ended December 31, 2007 and 2006. In addition, the Company acquired administrative support services from Telesat Canada in the amounts of \$0.2 million and \$0.1 million during the

Edgar Filing: SKYTERRA COMMUNICATIONS INC - Form 10-K/A

years ended December 31, 2007 and 2006, respectively. MSV leases office space from Telesat Canada and incurred rent expense of \$0.6 million and \$0.5 million, respectively, during the years ended December 31, 2007 and 2006.

The Company has a note payable due to Telesat Canada. As of December 31, 2007, the Company had \$0.3 million due to Telesat under its various agreements, in addition to the note payable, the balance of which was \$0.2 million as of December 31, 2007.

BCE Preferred Provider and Non-Interference Agreements. In connection with transactions in November 2004 whereby other current and former parties of MSV purchased additional limited partnership interests in MSV and we converted our outstanding convertible notes to limited partnership interests, we entered into a preferred provider agreement with BCE and amended our existing non-interference agreement with BCE. Under the preferred provider agreement, to the extent BCE or certain of its affiliates offer commercially competitive terms and conditions on a competitive bid basis, we and MSV Canada each agreed to grant preferred provider status to BCE with respect to all service offerings using follow-on satellite(s) in Canada, including the provision of facilities and non-facilities based satellite and terrestrial space, ground services, sales services and consulting services. Such preferred provider status was reduced to a non-exclusive basis upon consummation of the BCE Exchange Transactions. Under the non-interference agreement BCE agreed to use reasonable commercial efforts to cause any entity over which it has control, to not commit any interfering act or omission, including, but not limited to any act which results in or will result in, any restriction, deprivation, interference with or material limitation of our rights to use the spectrum licensed to us or to MSV Canada.

In connection with the BCE Exchange Transactions, we and MSV Canada entered into a new non-interference agreement with BCE and Telesat. Under this agreement (the "Existing Non-Interference Agreement"), BCE and Telesat agreed that, for a period of seven years, they will not make any communication to a governmental or regulatory organization or directed at the media that could reasonably be expected to materially impair our rights to use the spectrum licensed to us or MSV Canada, including for use with an ancillary terrestrial component and including our efforts to obtain additional spectrum. The agreement also imposes certain exceptions and conditions in the event that either MSV Canada or BCE bid for additional L-band spectrum.

Infosat Communications Inc.

Infosat Communications Inc. (Infosat) is a subsidiary of Telesat Canada and an affiliate of BCE. MSV has agreed to provide Infosat with satellite services in Canada, a portion of which were prepaid. The balance of the prepayment was \$24.9 million and \$21.2 million, respectively as of December 31, 2007 and 2006.

The Company provided services to Infosat pursuant to this agreement in the amount of \$1.7 million and \$1.7 million, respectively, in the years ended December 31, 2007 and 2006, of which \$1.5 million and \$1.5 million, respectively, was to be paid in cash, and \$0.2 million and \$0.2 million, respectively, was applied against the prepayment. The Company had a receivable of \$0.5 million and \$0.2 million from Infosat as of December 31, 2007 and 2006, respectively.

TerreStar

TerreStar, which owned 0% and 17% of MSV as of December 31, 2007, and 2006, respectively, owns a controlling interest in TerreStar Networks Inc. ("TerreStar Networks"). The Company owns 11.2% of TerreStar Networks. At the time TerreStar Networks was wholly owned by MSV, TerreStar Networks granted options to purchase the common stock of TerreStar Networks to certain employees of MSV, which options are vested and exercisable as of December 31, 2007.

In May 2005, MSV and TerreStar Networks entered into a management services agreement whereby MSV provides technical and program management efforts associated with ATC network development as well as administrative support required to accomplish these tasks. In May 2006, MSV discontinued providing management services to TerreStar Networks, but continued to share intellectual property development.

Concurrently with the distribution of MSV's equity interests in TerreStar Networks to its limited partners, ATC Technologies, a wholly owned subsidiary of MSV, entered into an amended and restated intellectual property assignment and license agreement (the "Intellectual Property Agreement") with TerreStar Networks, as further amended and restated most recently as of November 21, 2006. As part of this agreement, ATC Technologies granted to TerreStar Networks, and TerreStar Networks in turn granted to ATC Technologies, a perpetual, non-exclusive, royalty-free, fully paid, nontransferable, non-assignable, limited purpose right and license to its respective patents for the sole purposes of developing, operating, implementing, providing and maintaining a wireless service offering

in, with respect to TerreStar Networks, the S-band, and ATC Technologies, the L-Band. Under the agreement, the cross-licensees also have the right to grant sublicenses of such intellectual property in their respective operational bands. TerreStar Networks and MSV also agreed to share in the costs of the patent filings, such respective costs to be set-off against each other, with the agreement that up to \$1 million per year could be payable beyond any set-off amounts.

Review and Approval of Transactions with Related Persons

Under our standing practices and procedures, transactions with related persons must be approved by the independent members of our Board of Directors. Certain limited transactions, such as transactions previously approved by our Board of Directors and disclosed in our Form 10-Ks and proxy statements, compensation arrangements between us and our officers and directors and transactions entered into the ordinary course of business are excluded from these requirements.

We do not have a written conflicts of interest policy, but it is specifically understood by us and our Board of Directors, that each of our directors, officers and employees has a responsibility to avoid, and to cause their immediate family members to avoid, any interest, activity or relationship that may interfere or conflict with, the performance of his or her duties to the company in a loyal and effective manner to the best of his or her ability and in the company's best interest. It is also recognized that conflicts of interest do not include any interest, relationship or activity in which an interested person has a direct or indirect involvement or interest if the terms of such interest, relationship or activity are at least as favorable to the company as terms that would be available at the time for a comparable interest, relationship or activity in arm's length dealings with unrelated third parties.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Andrew Africk, a member of our Compensation Committee during the year ended December 31, 2007, is a senior partner of Apollo Advisors, L.P., which, together with its affiliates, acts as managing general partner of a series of private securities investment funds, including the Apollo Stockholders. As described above under "Certain Relationships and Related Transactions," we have engaged in certain transactions with Mr. Africk and/or with certain other entities in which Mr. Africk and/or the Apollo Stockholders have an interest.

CORPORATE GOVERNANCE

We operate our business according to high standards of ethical conduct, integrity and accountability. We have implemented governance policies and practices, that we believe meet or exceed the standards defined in the applicable laws and regulations, including the rules adopted by the Securities and Exchange Commission.

DIRECTOR INDEPENDENCE

In determining the independence of our directors, the Board of Directors has adopted independence standards that mirror exactly the criteria specified by the Marketplace Rules of the Nasdaq Stock Market. Applying these independence standards, our Board has determined that all of our directors other than Mr. Good are "independent" within the meaning of the Marketplace Rules of the Nasdaq Stock Market. In making this determination, the Board of Directors considered all transactions in which we and any director were participants, including those discussed under "Certain Relationships and Related Transactions" above and other transactions that were ordinary course of business transactions in which the independent directors did not have a material direct or indirect interest. Mr. Good, our President and Chief Executive Officer, is not "independent" within the meaning of the Marketplace Rules of the Nasdaq Stock Market.
