NOVAMED, INC  
A Development Stage Company  
NOTES TO CONSOLIDATED UNAUDITED FINANCIAL STATEMENTS  
September 30, 2002

1. Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared by management in accordance with the instructions in Form 10-QSB and, therefore, do not include all information and footnotes required by generally accepted accounting principles and should, therefore, be read in conjunction with the Company's financial statements filed on Form 10-KSB, filed with the Securities and Exchange Commission ("Commission") on April 16, 2002. These statements do include all normal recurring adjustments which the Company believes necessary for a fair presentation of the statements. The interim operations results are not necessarily indicative of the results for the full year ended December 31, 2002.

2. Changes in securities and stock splits

The Company effected a reverse 1 for 50 stock split on May 7, 2002. The action was approved by holders of 61% of the shares issued and outstanding on April 26, 2002 by consent resolution in lieu of a special shareholders meeting. All partial shares were rounded up to the nearest share. Prior to the reverse split, there were 43,486,464 shares outstanding and after the split there were 869,858 shares outstanding. All per share amounts have been retroactively adjusted to reflect this reverse split. For more information see the Company's Form 8-K filed with the Commission on May 21, 2002.

3. Disposition of Assets and Debt Settlement

The Company disposed of all its fixed assets through an Assets Sale and Assignment of Liabilities Agreement with Kingsley Corporation ("Kingsley") through which Kingsley acquired all of the Company's manufacturing equipment and patents in exchange for the assumption of \$75,741 of the Company's liabilities. In conjunction with this transaction, the Company recognized an extraordinary gain on the settlement of debt and disposition of assets in the amount of \$47,151. For more information see the Company's Form 8-K filed with the Commission on June 16, 2002.

4. Going Concern

At September 30, 2002 the Company had a working capital deficit, an accumulated deficit and has incurred losses since inception as well as negative cash flow from operations and the termination of its licensing agreement for its breast implants. These conditions raise substantial doubt about the ability of the Company to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The Company's ability to continue as a going concern is subject to obtaining necessary funding from outside sources. The Company intends to begin seeking a potential merger partner and cash infusion through a reverse acquisition transaction. There can be no assurance that the Company will be successful in these effort

5. Additional footnotes included by reference

## Edgar Filing: NOVAMED INC - Form 10QSB

Except as indicated in notes above, there have been no other material changes in the information disclosed in the notes to the financial statements included in the Company's Form 10-KSB, filed with the Commission on April 16, 2002. Therefore, those notes are included herein by reference.

F-4

### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

#### Forward Looking Statement

This quarterly report contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. Investors are cautioned that all forward- looking statements involve risks and uncertainty. Although the Company believes that the assumptions underlying the forward-looking statements contained herein are reasonable, any of the assumptions could be inaccurate, and therefore, there can be no assurance that the forward-looking statements included in this quarterly report will prove to be accurate. In light of the significant uncertainties inherent in the forward- looking statements included herein, the inclusion of such information should not be regarded as a representation by the Company or any other person that the objectives and plans of the Company will be achieved.

#### General

The Company was a medical device holding company that developed, manufactured, and marketed hydrogel and saline filled breast implant products. Due to an inability to obtain funding or generate revenues, the Company made the decision to abandon the breast implant business during January of the current fiscal year. The Company's assets were sold to relieve some of its outstanding liabilities and the process of seeking out new business opportunities was undertaken.

The Company's plan of operation for the remainder of the year is to identify and acquire a favorable business opportunity. The Company does not plan to limit its options to any particular industry, but will evaluate each opportunity on its merits. The Company anticipates that its owners, affiliates, and consultants will provide it with sufficient capital to continue operations until the end of the current fiscal year, but there can be no assurance that this expectation will be fully realized.

The Company does not expect to generate any meaningful revenue or incur operating expenses unless and until it acquires an interest in an operating company.

#### Results of Operations

Net sales were \$0 for the three and nine months ended September 30, 2002, compared to \$0 for the comparable periods in 2001. The lack of sales was due to having no significant operations.

#### Cost of Sales

Cost of sales was \$0 for the nine months ended on September 30, 2002, and 0 for the comparable period in 2001. The lack of any cost of sales was the result of

## Edgar Filing: NOVAMED INC - Form 10QSB

no significant operations in the period.

4

### Gains and Losses

The Company recorded a net loss of \$7,785 for the three months ended September 30, 2002, compared to a net loss of \$119,639 for the comparable period in 2001. The Company recognized net income of \$21,050 for the nine months ended September 30, 2002 compared to a net loss of \$538,830 for the comparable period in 2001. The change is due to the reduction of operations in 2002 and the sale of the Company's operating assets in the settlement of debts.

The Company expects to continue to incur losses at least through fiscal 2002 and there can be no assurance that the Company will ever achieve or maintain profitability.

### Expenses

Selling, general and administrative expenses were \$32,887 for the nine months ended September 30, 2002 as compared to \$459,772 for the comparable period in 2001. The decrease in selling, general and administrative costs was the result of no significant operations

### Capital Expenditures

The Company expended no amounts on capital expenditures for the quarterly period ending September 30, 2002, and in fact disposed of essentially all of its capital assets during the second quarter of the current fiscal year pursuant to an assets sale and assignment of debt agreement. (For more information regarding this transaction see the Company's Form 8-K filed with the Commission on June 18, 2002).

### Capital Resources and Liquidity

The Company had current and total assets of \$9,262 as of the nine month period ending September 30, 2002. These assets consisted of cash on hand of \$9,262. Stockholders' deficit in the Company was \$137,702 at September 30, 2002.

Cash flow used in operating activities was \$772 for the nine months ending September 30, 2002, compared to cash flow used in operating activities of \$208,181 for nine months ended September 30, 2001. The decrease in cash flows used in operations for the nine months ended September 30, 2002, was the result of a significant reduction in operations.

The Company has a working capital deficit of \$137,702 on September 30, 2002. The Company's plan for liquidity resources include delaying payments on accounts payable and debts by renegotiated terms, and obtaining equity or debt financing. Management can provide no assurance that these efforts will be successful. The Company believes that its owners, affiliates and consultants will provide sufficient additional capital to continue operations through debt or equity financing, though the Company can provide no assurance that this assumption can

## Edgar Filing: NOVAMED INC - Form 10QSB

be realized if necessary.

The Company has no intention of conducting any research or development until such time as a new business opportunity is identified and acquired.

The Company currently has no employees and does not believe that employees will be added until another business opportunity is identified and acquired.

5

The Company's auditors have expressed an opinion as to the Company's ability to continue as a going concern on their report dated April 10, 2002, for the period ended December 31, 2001, as a result of accumulated deficits. The Company's ability to continue as a going concern is subject to the ability of the Company to obtain a profit and /or obtaining the necessary funding from outside sources. Management's plan to address the Company's ability to continue as a going concern, includes: (1) obtaining funding from private placement sources; (2) obtaining additional funding from the sale of the Company's securities; (3) establishing revenues from a suitable business opportunity; (4) obtaining loans and grants from various financial institutions where possible. Although management believes that it will be able to obtain the necessary funding to allow the Company to remain a going concern through the methods discussed above, there can be no assurances that such methods will prove successful.

#### ITEM 4. CONTROLS AND PROCEDURES

The Company's president acts both as the Company's chief executive officer and chief financial officer ("Certifying Officer") and is responsible for establishing and maintaining disclosure controls and procedures for the Company. The Certifying Officer has concluded (based on his evaluation of these controls and procedures as of a date within 90 days of the filing of this report) that the design and operation of the Company's disclosure controls and procedures (as defined in Rule 13a-14(c) under the Securities Exchange Act of 1934) are effective. No significant changes were made in the Company's internal controls or in other factors that could significantly affect those controls subsequent to the date of the evaluation, including any corrective actions with regard to slight deficiencies and material weaknesses. Due to the Certifying Officer's dual role as chief executive officer and chief financial officer, the Company has no segregation of duties related to internal controls.

#### PART II

#### ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF THE SECURITY HOLDERS

Shareholders Action in Lieu of an Extraordinary Special Meeting of the Shareholders was held on April 26, 2002 to consider a reverse split of the Company's common shares on a one for fifty (1:50) basis. The proposal was adopted by 26,725,000 pre-reverse shares or approximately a majority of 61% of the Company's then issued and outstanding shares. The shareholder action did not involve the election of directors.

#### ITEM 6. EXHIBITS AND REPORTS ON FORM 8-K

(a) Exhibits required to be attached by Item 601 of Regulation S-B are listed in the Index to Exhibits on page 8 of this Form 10-QSB, and are incorporated herein by this reference.

(b) Reports on Form 8-K. No reports on Form 8-K were filed during the period covered by thi

CERTIFICATION PURSUANT TO RULE 13a-14 OF THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED, AS ADOPTED PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, Ruairidh Campbell, chief executive officer and chief financial officer of NovaMed, Inc. certify that:

1. I have reviewed this quarterly report on Form 10-QSB of NovaMed, Inc.;
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the registrant and have:
  - a) Designed such disclosure controls and procedures to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to me by others within those entities, particularly during the period in which this quarterly report is being prepared;
  - b) Evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this quarterly report (the "Evaluation Date"); and
  - c) Presented in this quarterly report our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;
5. I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
  - a) All significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and
  - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and
6. I have indicated in this quarterly report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of my most recent evaluation, including any corrective actions with regard to significant
