SEPTEMBER 30, 2007

Ellsworth Fund Ltd. operates as a closed-end, diversified management investment company and invests primarily in convertible securities, with the objectives of providing income and the potential for capital appreciation; which objectives the Fund considers to be relatively equal, over the long-term, due to the nature of the securities in which it invests.

To Our Shareholders

November 14, 2007

As the financial markets continue to see the fallout from the dramatic rise in home mortgage defaults, we think several useful observations can be made.

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

First, there is plenty of blame to go around; from those who insisted on making mortgages available to all, the banks who found creative ways to accommodate them, the investment banking firms who bought them and packaged them, and finally to the ratings agencies who apparently misjudged the default risk of these packages. Second, many homeowners have come to view the equity in their homes as if it were a deposit of money available for spending. As financing options are reduced, homeowners have less ability to use this equity (assuming it is still there) for consumption. Such contractions sometimes cause recessions but can also reduce inflationary pressures. Third, once the effects of mortgage defaults work their way through the system, there will be opportunities and bargains available just as there were after the savings and loan crisis nearly two decades ago. Unfortunately, it may take months or even years for us to get to that point.

The convertible securities market continues to grow and provide opportunities for investment. The Citigroup Convertible Index grew to \$336.8 billion from under \$300 billion on December 31, 2006. While some hedge fund models suggest that the convertible market is fairly valued when compared to the stock market, we still see an asset class that provides us with investments that we believe will help us meet our investment objectives.

Fiscal year performance of the Fund was enhanced by its exposure to the metals and mining, telecommunications and chemicals industries. Among the better performing issues in the portfolio were Equinix, Inc. (telecommunications), LSB Industries, Inc. (multi-industry) and Celanese Corp. (chemicals). Performance was held back by exposure to the financial services, retail and pharmaceutical industries.

For the calendar year-to-date, one- and ten-year periods ended September 30, 2007, Ellsworth's market return outperformed the Merrill Lynch All Convertibles Index (the "Index") while underperforming for the five-year period. The Fund's net asset value (NAV) outperformed over the calendar year-to-date, one- and ten-year periods, and was in-line for the five-year period (this is the case when you adjust for the fiscal 2004 rights offering and the fact that the Index does not include expenses). For that ten-year period, the Fund's NAV and market volatility, as measured by standard deviation, were lower than that of the Index. Many market professionals consider the volatility of past returns to be a useful approximation of the past levels of risk. A higher volatility level equates to a higher measure of risk. This measure of historic results may not reflect future performance but we believe that it is informative. The Fund has sought to provide total returns to shareholders that compare favorably to the equity markets with less volatility. We think the Fund has achieved that.

On September 30, 2007 board member Duncan O. McKee retired. Mr. McKee has been with the Fund from its formation in 1986. He had been one of the top investment company lawyers for many decades and his contributions to the Fund are too many to recount here. We will miss his presence.

Effective October 1, 2007, board member Robert J. McMullan resigned as trustee due to personal and professional time commitments. The Board thanks Mr. McMullan for his contributions to the Fund and wishes him success in his other business endeavors.

At its October 15, 2007 meeting, the Board of Trustees declared a distribution of \$0.887 per share. The distribution consists of \$0.06 undistributed net investment income, and net realized gains on investments of \$0.827. The distribution is payable on November 21, 2007 to shareholders of record on October 25, 2007. This is the largest single distribution by the Fund since fiscal year 2000; further, this year's total annual distribution is also the largest since 2000.

The 2008 annual meeting of shareholders will be held on January 11, 2008. Time and location will be included in the proxy statement, scheduled to be mailed to shareholders on November 26, 2007. All shareholders are welcome to attend; we hope to see you there.

Notes to Financial Statements -----

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

(a) Organization - Ellsworth Fund Ltd. (the "Fund"), is registered under the Investment Company Act of 1940 as a diversified, closed-end management investment company.

(b) Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

(c) Indemnification - Under the Fund's organizational documents, each trustee, officer or other agent of the Fund (including the Fund's investment adviser) is indemnified against certain liabilities that may arise out of performance of their duties to the Fund. Additionally, in the normal course of business, the Fund enters into contracts that contain a variety of indemnification clauses. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. The risk of material loss as a result of such indemnification is considered remote.

(d) Federal Income Taxes - The Fund's policy is to distribute substantially all of its taxable income within the prescribed time and to otherwise comply with the provisions of the Internal Revenue Code applicable to regulated investment companies. Therefore, no provision for federal income or excise taxes is believed necessary.

On July 13, 2006, the Financial Accounting Standards Board (FASB) released FASB Interpretation No. 48 "Accounting for Uncertainty in Income Taxes" (FIN 48). FIN 48 provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. FIN 48 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Fund's tax return to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. The interpretation will become effective for tax years beginning after December 15, 2006. Management believes the adoption of FIN 48 will have no impact to the financial statements.

Notes to Financial Statements (continued)-----

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

(e) Security Valuation -- Investments in securities traded on a national securities exchange are valued at market using the last reported sales price as of the close of regular trading. Listed securities for which no sales were reported are valued at the mean between closing reported bid and asked prices as of the close of regular trading. Unlisted securities traded in the over-the-counter market are valued using an evaluated quote provided by an independent pricing service, or, if an evaluated quote is unavailable, such securities are valued using prices received from dealers, provided that if the dealer supplies both bid and asked prices, the price to be used is the mean of the bid and asked prices. The independent pricing service derives an evaluated quote by obtaining dealer quotes, analyzing the listed markets, reviewing trade execution data and employing sensitivity analysis. Evaluated quotes may also reflect appropriate factors such as individual characteristics of the issue, communications with broker-dealers, and other market data. Securities for which quotations are not readily available, restricted securities and other assets are valued at fair value as determined in good faith by management pursuant to procedures approved by the Board of Trustees. Short-term debt securities with original maturities of 60 days or less are valued at amortized cost.

(f) Securities Transactions and Related Investment Income -- Security transactions are accounted for on the trade date (date the order to buy or sell is executed) with gain or loss on the sale of securities being determined based

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

upon identified cost. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis, including accretion of discounts and amortization of non-equity premium. For certain securities, known as "contingent payment debt instruments," Federal tax regulations require the Fund to record non-cash, "contingent" interest income in addition to interest income actually received. Contingent interest income amounted to 6 cents per share for the year ended September 30, 2007. In addition, Federal tax regulations require the Fund to reclassify realized gains on contingent payment debt instruments to interest income. At September 30, 2007 there were unrealized losses of approximately 4 cents per share on contingent payment debt instruments.

(g) Change in Method of Accounting -- Effective October 1, 2004, the Fund began amortizing discounts and premiums on all debt securities. Prior to October 1, 2004, the Fund amortized discounts on original issue discount debt securities. The new method of amortization was adopted in accordance with the provisions of the AICPA Audit and Accounting Guide, Audits of Investment Companies and the financial highlights presented herein have been restated to reflect the new method retroactive to October 1, 2001. The effect of this accounting change is included in the financial highlights for the years ended September 30, 2003 and 2004. The cumulative effect of this accounting change had no impact on the total net assets of the Fund or on distributions for tax purposes, but resulted in a \$79,579 increase in the cost of securities held and a corresponding \$79,579 reduction in the net unrealized gains based on the securities held on October 1, 2001. These changes had no effect on previously reported total net assets or total returns.

(h) Distributions to Shareholders -- Distributions to shareholders from net investment income are recorded by the Fund on the ex-dividend date. Distributions from capital gains, if any, are recorded on the ex-dividend date and paid annually. The amount and character of income and capital gains to be distributed are determined in accordance with income tax regulations, which may differ from generally accepted accounting principles. The tax character of distributions paid during the fiscal years ended September 30, 2007 and 2006 were as follows:

	2007	2006
	-----	-----
Ordinary Income	\$4,907,146	\$3,815,429
Net Realized Gain on Investments	3,293,707	---

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

At September 30, 2007 the components of distributable net assets and federal tax cost were as follows:

Unrealized appreciation	\$ 11,628,554
Unrealized depreciation	(5,129,914)

Net unrealized appreciation	6,498,640
Undistributed ordinary income	3,760,446
Undistributed capital gains	7,565,939

Total distributable net assets	11,326,385

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

=====

Cost for federal income tax purposes \$122,579,479

(i) Market Risk -- It is the Fund's policy to invest at least 65% of its assets in convertible securities. Although convertible securities do derive part of their value from that of the securities into which they are convertible, they are not considered derivative financial instruments. However, certain of the Fund's investments include features which render them more sensitive to price changes of their underlying securities. Thus they expose the Fund to greater downside risk than traditional convertible securities, but generally less than that of the underlying common stock. The market value of those securities was \$35,995,051 at September 30, 2007, representing 27.7% of net assets.

(j) Accounting Pronouncements -- In September 2006, the Financial Accounting Standards Board (FASB) issued Statement on Financial Accounting Standards (SFAS) No. 157, "Fair Value Measurements." This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires additional disclosures about fair value measurements. SFAS No. 157 applies to fair value measurements already required or permitted by existing standards. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years. The changes to current generally accepted accounting principles from the application of this Statement relate to the definition of fair value, the methods used to measure fair value, and the expanded disclosures about fair value measurements. As of September 30, 2007, the Fund does not believe the adoption of SFAS No. 157 will impact the financial statement amounts, however, additional disclosures may be required about the inputs used to develop the measurements and the effect of certain of the measurements on changes in net assets for the period.

NOTE 2 - MANAGEMENT FEE AND OTHER TRANSACTIONS WITH AFFILIATES

The Fund has entered into an investment advisory agreement with Davis-Dinsmore Management Company ("Davis-Dinsmore"). Pursuant to the investment advisory agreement, Davis-Dinsmore provides the Fund with investment advice, office space and facilities. Under the terms of the investment advisory agreement, the Fund pays Davis-Dinsmore on the last day of each month an advisory fee for such month computed at an annual rate of 0.75% of the first \$100,000,000 and 0.50% of the excess over \$100,000,000 of the Fund's net asset value in such month.

The Fund, pursuant to an administrative services agreement with Davis-Dinsmore, has agreed to pay Davis-Dinsmore for certain accounting and other administrative services provided to the Fund. Under the administrative services agreement, the Fund pays Davis-Dinsmore on the last day of each month a fee for such month computed at an annual rate of 0.05% of the Fund's net asset value in such month.

Certain officers and trustees of the Fund are officers and directors of Davis-Dinsmore.

Box 922, Church Street Station, NY 10269-0560 (the "Plan Agent"). You may also obtain additional information about the Plan as well as the Plan application by calling the Plan Agent toll free at (800) 937-5449. If your shares are held by a broker or other nominee, you should instruct the nominee to join the Plan on your behalf. Some brokers may require that your shares be taken out of the broker's "street name" and re-registered in your own name. Shareholders should also contact their broker to determine whether shares acquired through participation in the Plan can be transferred to another broker, and thereafter, whether the shareholder can continue to participate in the Plan.

Under the Plan, all dividends and distributions are automatically invested in additional Fund shares. Depending on the circumstances, shares may either be issued by the Fund or acquired through open market purchases at the current market price or net asset value, whichever is lower (but not less than 95% of market price). When the market price is lower, the Plan Agent will combine your dividends with those of other Plan participants and purchase shares in the market, thereby taking advantage of the lower commissions on larger purchases. There is no other charge for this service.

All dividends and distributions made by the Fund (including capital gain dividends and dividends designated as qualified dividend income, which are eligible for taxation at lower rates) remain taxable to Plan participants, regardless of whether such dividends and distributions are reinvested in additional shares of the Fund through open market purchases or through the issuance of new shares. Plan participants will be treated as receiving the cash used to purchase shares on the open market and, in the case of any dividend or distribution made in the form of newly issued shares, will be treated as receiving an amount equal to the fair market value of such shares as of the reinvestment date. Accordingly, a shareholder may incur a tax liability even though such shareholder has not received a cash distribution with which to pay the tax.

Plan participants may also voluntarily send cash payments of \$100 to \$10,000 per month to the Plan Agent, to be combined with other Plan monies, for purchase of additional Fund shares in the open market. You pay only a bank service charge of \$1.25 per transaction, plus your proportionate share of the

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

brokerage commission. All shares and fractional shares purchased will be held by the Plan Agent in your dividend reinvestment account. You may deposit with the Plan Agent any Ellsworth share certificates you hold, for a one-time fee of \$7.50.

At any time, a Plan participant may instruct the Plan Agent to liquidate all or any portion of such Plan participant's account. To do so, a Plan participant must deliver written notice to the Plan Agent prior to the record date of any dividend or distribution requesting either liquidation or a share certificate. The Plan Agent will combine all liquidation requests it receives from Plan participants on a particular day and will then sell shares of the Fund that are subject to liquidation requests in the open market. The amount of proceeds a Plan participant will receive shall be determined by the average sales price per share, after deducting brokerage commissions, of all shares sold by the Plan Agent for all Plan participants who have given the Plan Agent liquidation requests.

The Plan Agent or the Fund may terminate the Plan for any reason at any time by sending written notice addressed to the Plan participant's address as shown on the Plan Agent's records. Following the date of termination, the Plan Agent shall send the Plan participant either the proceeds of liquidation, or a share certificate or certificates for the full shares held by the Plan Agent in the Plan participant's account. Additionally, a check will be sent for the value of any fractional interest in the Plan participant's account based on the market price of the Fund's shares on that date.

Davis-Dinsmore may make such disclosure under the following conditions: (i) the specific purpose of the disclosure is to assist Davis-Dinsmore in identifying potential investment opportunities for the Fund; (ii) prior to the receipt of nonpublic portfolio holdings, the broker, by means of e-mail or other written communication, shall agree to keep the nonpublic portfolio holdings confidential and not to use the information for the broker's own benefit, except in connection with the above described purpose for which it was disclosed; (iii) Davis-Dinsmore shall keep written records of its agreement with each broker to which it distributes nonpublic portfolio holdings; and (iv) Davis-Dinsmore will secure a new agreement with a broker any time the broker directs the nonpublic portfolio holdings to be sent to a new recipient.

The Board of Trustees of the Fund has adopted a code of ethics that applies to the Fund's principal executive officer and principal financial officer. See attached Exhibit EX-99.CODE ETH.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

The Board of Trustees determined that Trustee Daniel D. Harding, who is "independent" as such term is used in Form N-CSR, possesses the attributes required to be considered an audit committee financial expert under applicable federal securities laws.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

Set forth in the table below are the aggregate fees billed to the Fund by Tait, Weller & Baker LLP ("Tait Weller") for services rendered to the Fund during the Fund's last two fiscal years ended September 30, 2007 and 2006.

Fiscal YE September 30	Audit Fees	Audit-Related Fees (1)	Tax Fees (2)	All Other Fees
2006	\$31,000	\$ 0	\$2,600	\$0
2007	\$32,000	\$ 0	\$2,700	\$0

- (1) All Audit-Related Fees were pre-approved by the Fund's Audit Committee. No Audit-Related Fees were approved by the Fund's Audit Committee pursuant to section 2.01(c)(7)(i)(C) of Regulation S-X, which waives the pre-approval requirement for certain de minimus fees.
- (2) "Tax Fees" include those fees billed by Tait Weller in connection with their review of the Fund's income tax returns for fiscal years 2006 and 2007. All Tax Fees were pre-approved by the Fund's Audit Committee. No Tax Fees were approved by the Fund's Audit Committee pursuant to section 2.01(c)(7)(i)(C) of Regulation S-X, which waives the pre-approval requirement for certain de minimus fees.

Non-Audit Services

During each of the last two fiscal years ended September 30, 2006 and September 30, 2007, Tait Weller did not provide any non-audit services to the Fund, with the exception of the services for which the Fund paid the Tax Fees noted above. Tait Weller did not provide any non-audit services to the Fund's investment adviser, Davis-Dinsmore Management Company ("Davis-Dinsmore") or its affiliates or otherwise bill the Fund or Davis-

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

Dinsmore or its affiliates for any such non-audit services.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee pre-approves all audit and permissible non-audit services that are proposed to be provided to the Fund by its independent registered public accountants before they are provided to the Fund. Such pre-approval also includes the proposed fees to be charged by the independent registered public accountants for such services. The Audit Committee may delegate the pre-approval of audit and permissible non-audit services and related fees to one or more members of the Audit Committee who are "independent," as such term is used in Form N-CSR. Any such member's decision to pre-approve audit and/or non-audit services and related fees shall be presented to the full Audit Committee, solely for informational purposes, at their next scheduled meeting.

The Audit Committee also pre-approves non-audit services to be provided by the Fund's independent registered public accountants to the Fund's investment adviser if the engagement relates directly to the operations and financial reporting of the Fund and if the Fund's independent auditors are the same as, or affiliated with, the investment adviser's auditors.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

(a) The Fund has a designated Audit Committee in accordance with Section 3(a)(58)(A) of the Securities and Exchange Act of 1934 (the "Exchange Act") and the members of such committee are:

The Schedule of Investments in securities of unaffiliated issuers is included as part of the report to shareholders, filed under Item 1 of this Form.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

Bancroft Fund Ltd.
Ellsworth Fund Ltd.
Davis-Dinsmore Management Company
Proxy Voting Guidelines

(Adopted April 16, 2007)

These proxy voting guidelines have been adopted by the Boards of Trustees of Bancroft Fund Ltd. and Ellsworth Fund Ltd. (collectively, the "Funds"), as well as by the Board of Directors of Davis-Dinsmore Management Company ("Davis-Dinsmore").

The Boards of Trustees of the Funds have delegated to Davis-Dinsmore responsibility for voting proxies received by the Funds in their capacities as shareholders of various companies. The Boards recognize that, due to the nature of the Funds' investments, the Funds do not frequently receive proxies.

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

Davis-Dinsmore exercises its voting responsibility with the overall goal of maximizing the value of the Funds' investments. The portfolio managers at Davis-Dinsmore oversee the voting policies and decisions for the Funds. In evaluating voting issues, the portfolio managers may consider information from many sources, including management of a company presenting a proposal, shareholder groups, research analysts, and independent proxy research services.

Set forth below are the proxy voting guidelines:

A. Matters Related to the Board of Directors

1. The Funds generally will support the election of nominees recommended by management for election as directors. In determining whether to support a particular nominee, Davis-Dinsmore will consider whether the election of that nominee will cause a company to have less than a majority of independent directors.

2. The Funds generally will support proposals to de-classify boards of directors if fewer than 66 2/3% of the directors are independent, and will generally vote against proposals to classify boards of directors.

3. The Funds generally will withhold a vote in favor of a director who has served on a committee which has approved excessive compensation arrangements or proposed equity-based compensation plans that unduly dilute the ownership interests of stockholders.

B. Matters Related to Independent Auditors

1. The Funds generally will vote in favor of independent accountants approved by the company. Prior to such vote, however, Davis-Dinsmore will take into consideration whether non-audit fees make up more than 50 to 75% of the total fees paid by the company to the independent auditors, and the nature of the non-audit services provided.

C. Corporate Governance Matters

1. Except as provided in Section E.1, as a general rule, the Funds will vote against proposals recommended by management of a company that are being made primarily to implement anti-takeover measures, and will vote in favor of proposals to eliminate policies that are primarily intended to act as anti-takeover measures.

2. Subject to the other provisions of these guidelines, including without limitation provision C.1. above, the Funds generally will vote in accordance with management's recommendations regarding routine matters, including the following:

- a. Fixing number of directors;
- b. Stock splits; and
- c. Change of state of incorporation for specific corporate purposes.

D. Matters Related to Equity-Based Compensation Plans

1. The Fund generally will vote in favor of broad-based stock option plans for executives, employees or directors which would not increase the aggregate number of shares of stock available for grant under all currently active plans to over 10% of the total number of shares outstanding.

2. The Funds generally will vote in favor of employee stock purchase

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

plans and employee stock ownership plans permitting purchase of company stock at 85% or more of fair market value.

E. Contested Matters

1. Contested situations will be evaluated on a case by case basis by the portfolio manager or analyst at Davis-Dinsmore principally responsible for the particular portfolio security.

F. Miscellaneous Matters

1. The Funds may in their discretion abstain from voting shares that have been recently sold.

2. The Funds generally will abstain from voting on issues relating to social and/or political responsibility.

3. Proposals that are not covered by the above-stated guidelines will be evaluated on a case by case basis by the portfolio manager or analyst at Davis-Dinsmore principally responsible for the particular portfolio security.

G. Material Conflicts of Interest

1. Conflicts of interest may arise from time to time between Davis-Dinsmore and the Funds. Examples of conflicts of interests include:

a. Davis-Dinsmore may manage a pension plan, administer employee benefit plans, or provide services to a company whose management is soliciting proxies;

b. Davis-Dinsmore or its officers or directors may have a business or personal relationship with corporate directors, candidates for directorships, or participants in proxy contests;

c. Davis-Dinsmore may hold a position in a security contrary to shareholder interests.

2. If a conflict of interest arises with respect to a proxy voting matter, the portfolio manager will promptly notify the Funds' Audit Committee and counsel for independent trustees and the proxies will be voted in accordance with direction received from the Audit Committee.

H. Amendments

1. Any proposed material amendment to these Guidelines shall be submitted for review and approval to:

a. the Funds' Board of Trustees, including a majority of the disinterested trustees; and

b. the Adviser's Board of Directors.

2. Non-material amendments to these Guidelines may be made by the Chair of the Funds, upon consultation with counsel to the Funds and the Funds' Chief Compliance Officer, and will be reported to the Funds' Board of Trustees at their next scheduled in-person meeting.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

(a) (1) Mr. Thomas H. Dinsmore, Chairman and Chief Executive Officer, serves as the Portfolio Manager of the Registrant. He has served in that capacity since

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

1996. This information is as of November 28, 2007. Mr. Dinsmore usually receives investment recommendations from a team of research analysts prior to making investment decisions about transactions in the portfolio.

(2) The following table provides information relating to other (non-registrant) accounts where this portfolio manager is primarily responsible for day-to-day management as of September 30, 2007. The portfolio manager does not manage such accounts or assets with performance-based advisory fees, or other pooled investment vehicles.

Portfolio Manager	Registered Investment Companies	Other Pooled Investment Vehicles	Other Accounts
Thomas H. Dinsmore	Number: 1	n/a	n/a
	Assets: \$136,074,308	n/a	n/a

Mr. Dinsmore is the Portfolio Manager of one other account, Bancroft Fund Ltd. (Bancroft), a registered investment company with total net assets of \$136,074,308 as of September 30, 2007. Mr. Dinsmore is Chairman and Chief Executive Officer of Bancroft. This information is as of September 30, 2007. The Registrant and Bancroft have similar investment objectives and strategies. As a result, material conflicts of interest may arise between the two funds if a security is not available in a sufficient amount to fill open orders for both funds. To deal with these situations, the investment adviser for the Registrant and Bancroft has adopted Trade Allocation Procedures (the "Allocation Procedures"). The Allocation Procedures set forth a method to allocate a partially filled order among the funds. Pursuant to the method, the amount of shares that each fund purchases is allocated pro rata based on the dollar amount of each fund's intended trade or, if the order is subject to a minimum lot size, as closely as possibly to pro rata.

The Allocation Procedures permit the adviser to allocate an order in a way that is different from the method set forth above if (i) each fund is treated fairly and equitably and neither fund is given preferential treatment, and (ii) the allocation is reviewed by the adviser's chief compliance officer.

(3) This information is as of September 30, 2007. The Portfolio Manager is compensated by Davis-Dinsmore Management Company, the Adviser, through a three-component plan, consisting of a fixed base salary, annual cash bonus, and benefit retirement plan. His compensation is reviewed and approved by the Adviser's Board of Directors annually. His compensation may be adjusted from year to year based on the perception of the Adviser's Board of Directors of the portfolio manager's overall performance and his management responsibilities. His compensation is not based on (i) a formula specifically tied to the performance of the Registrant or Bancroft, including performance against an index, or (ii) the value of assets held in the Registrant's portfolio.

(4) As of September 30, 2007, Mr. Dinsmore's beneficial ownership in the Registrant's shares was in the range of \$100,001-\$500,000.

ITEM 9. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

During the period covered by this report, there were no purchases made by or on behalf of the registrant or any "affiliated purchaser," as defined in Rule 10b-18(a)(3) under the Exchange Act (17 CFR 240.10b-18(a)(3)), of shares or other units of any class of the registrant's equity securities that is registered by the registrant pursuant to Section 12 of the Exchange Act (15 U.S.C. 781).

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

There have been no material changes to the procedures by which shareholders may recommend nominees to the Registrant's board of trustees since those procedures were last disclosed in response to the requirements of Item 7(d)(2)(ii)(G) of Schedule 14A (17 CFR 240.14a-101), or this Item 10 of Form N-CSR.

ITEM 11. CONTROLS AND PROCEDURES.

Conclusions of principal officers concerning controls and procedures

(a) As of November 28, 2007, an evaluation was performed under the supervision and with the participation of the officers of Ellsworth Fund Ltd. (the "Registrant"), including the Principal Executive Officer ("PEO") and Principal Financial Officer ("PFO"), to assess the effectiveness of the Registrant's disclosure controls and procedures, as that term is defined in Rule 30a-3(c) under the Investment Company Act of 1940 (the "Act"), as amended. Based on that evaluation, the Registrant's officers, including the PEO and PFO, concluded that, as of November 28, 2007, the Registrant's disclosure controls and procedures were reasonably designed so as to ensure: (1) that information required to be disclosed by the Registrant on Form N-CSR is recorded, processed, summarized and reported within the time periods specified by the rules and forms of the Securities and Exchange Commission; and (2) that material information relating to the Registrant is made known to the PEO and PFO as appropriate to allow timely decisions regarding required disclosure.

(b) There have been no changes in the Registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the Act (17 CFR 270.30a-3(d)) that occurred during the Registrant's second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting.

ITEM 12. EXHIBITS

(a)(1) A code of ethics that applies to the Fund's principal executive officer and principal financial officer is attached hereto.

(a)(2) Certifications of the principal executive officer and the principal financial officer pursuant to Rule 30a-2(a) under the Investment Company Act of 1940 are attached hereto.

(a)(3) There were no written solicitations to purchase securities under Rule 23c-1 under the Investment Company Act of 1940 during the period covered by the report.

(b) Certifications of the principal executive officer and the principal financial officer, as required by Rule 30a-2(b) under the Investment Company Act of 1940 are attached hereto.

SIGNATURES

Pursuant to the requirements of the Securities and Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
