Item 8.01. Other Events.

On January 13, 2015, the Michigan Public Service Commission (“MPSC”) approved a settlement agreement in Consumers Energy Company’s (“Consumers Energy”) gas rate case, increasing natural gas rates by approximately \$45 million annually (the “Gas Order”). The settlement was based upon the non-precedential resolution of various issues, including a 10.3% rate of return on common equity.

Among other things, the settlement agreement provides that (1) Consumers Energy implement a residential Customer Charge and, for qualifying Principal Residence Customers, an Income Assistance Credit of \$11.50 per customer per month; (2) Consumers Energy agrees that it will fund an Enhanced Infrastructure Replacement Program; (3) the gas-in-kind percentage for end-use transportation customers remains unchanged at 1.83%; and (4) Consumers Energy will implement a gas revenue decoupling mechanism that will compare the weather normalized actual revenue realized by Consumers Energy to the approved qualifying rate case revenue by rate schedule.

The settlement agreement further provides that requested Investment Recovery Mechanism will not be approved.

The rates authorized by the Gas Order will go into effect for service rendered on and after January 14, 2015. For more information and to obtain a copy of the Gas Order please visit the MPSC’s website at: <http://efile.mpsc.state.mi.us/efile/viewcase.php?casenum=17643>.
