ClearOne Reports 2013 Second Quarter Financial Results

Company Reports Fourth Consecutive Quarter of Year-over-Year Revenue Growth

SALT LAKE CITY, UTAH - July 31, 2013 - ClearOne (NASDAQ: CLRO) today reported its financial results for the three and six months ended June 30, 2013.

For the 2013 second quarter, revenue was \$11.70 million, compared with \$11.66 million for the second quarter of 2012. Gross profit was \$6.9 million, or 59% of revenue, compared with \$7.1 million, or 61% of revenue, for the second quarter of 2012. Non-GAAP operating income increased by 7% to \$1.8 million from \$1.7 million for the 2012 second quarter. Non-GAAP net income grew 40% to \$1.2 million, or \$0.13 per diluted share, from \$885,000, or \$0.10 per diluted share, last year. Non-GAAP Adjusted EBITDA for the 2013 second quarter increased 9% to \$2.0 million, or \$0.22 per diluted share, from \$1.9 million, or \$0.20 per diluted share, a year ago.

For the first half of 2013, revenue rose to \$23.0 million from \$21.8 million for the same period in 2012. Gross profit was \$13.9 million, or 60% of revenue, compared with \$13.2 million, or 61% of revenue, for the first half of 2012. Non-GAAP operating income for the first half of 2013 increased by 22% to \$3.2 million from \$2.6 million for the second half of 2012. Non-GAAP net income for the 2013 year-to-date period grew 46% to \$2.2 million, or \$0.23 per diluted share, from \$1.5 million, or \$0.16 per diluted share, last year. Non-GAAP Adjusted EBITDA for the first half of 2013 increased 18% to \$3.6 million, or \$0.38 per diluted share, from \$3.1 million, or \$0.33 per diluted share, for the corresponding period a year ago.

The reconciliation between GAAP and Non-GAAP measures is available in the tables attached to this release.

At June 30, 2013, the company had cash, cash equivalents, and investments of \$41.6 million. The company continues to selectively evaluate modest acquisition and organic growth opportunities to complement its product portfolio.

"At the halfway mark for fiscal 2013, we are optimistic that our positive momentum will continue," said Zee Hakimoglu, President, Chief Executive Officer and Chairman of ClearOne. "Although the company's performance in the Asia and EMEA markets continues to reflect a slowdown in growth and lingering macroeconomic uncertainty, we remain confident that the best is yet to come, as the market continues to recognize the value of the lower-cost software-based solutions that define the future in video and are addressed by the strong ClearOne offering."

Recent highlights

ClearOne made progress on an important strategic goal in the quarter by successfully signing major distribution partners in the EMEA region and the U.S. These new distribution partners expand the reach of ClearOne's unified communications and video products.

The company continued to develop its unified media engine for its next-generation video products. This advanced technology will enhance the performance of the COLLABORATE® video conferencing and VIEW® multimedia streaming products, as well as contribute to stronger gross margins when the next-generation products launch.

ClearOne took another leap ahead with the Pro Audio industry's most powerful innovation, the Beamforming Microphone Array, by adding expanded support for tabletop and wall applications.

Non-GAAP Financial Measures

ClearOne provides non-GAAP financial information in the form of Non-GAAP net income, Adjusted EBITDA and corresponding earnings per share to investors to supplement GAAP financial information. ClearOne believes that excluding certain items from GAAP results allows ClearOne's management to better understand ClearOne's consolidated financial performance from period to period as management does not believe that the excluded items are reflective of underlying operating performance. Non-GAAP net income, Adjusted EBITDA and corresponding earnings per share excludes certain costs and expenses, the details of which are provided in the tables below containing the reconciliation between GAAP and Non-GAAP financial measures. The exclusion of these items in the non-GAAP presentation should not be interpreted as implying that these items are non-recurring, infrequent, or unusual. ClearOne believes non-GAAP financial measures will provide investors with useful information to help them evaluate ClearOne's operating results and projections. This non-GAAP financial information is not meant to be considered in isolation or as a substitute for operating income, net income or other financial measures prepared in accordance with GAAP. There are limitations to the use of non-GAAP financial measures. Other companies, including companies in ClearOne's industry, may calculate non-GAAP financial measures differently than ClearOne does, limiting the usefulness of those measures for comparative purposes. A detailed reconciliation of Non-GAAP net income to GAAP net income is included with this news release.
