ITEM 2.02 RESULTS OF OPERATIONS AND FINANCIAL CONDITION

Today, November 8, 2011, the Registrant is issuing a press release (furnished herewith as Exhibit 99.1 to this report) announcing its fiscal year 2011 fourth quarter and year end financial and operating results. See Item 7.01, Regulation FD Disclosure below.

ITEM 5.02 DEPARTURE OF DIRECTORS OR CERTAIN OFFICERS; ELECTION OF DIRECTORS; APPOINTMENT OF CERTAIN OFFICERS; COMPENSATORY ARRANGEMENTS OF CERTAIN OFFICERS

Fiscal Year 2012 Bonus Criteria

On November 3, 2011, the Human Resources and Compensation Committee (the “Committee”) of the Registrant’s Board of Directors took the following actions with respect to the fiscal year 2012 bonuses to be paid to the Registrant’s executive officers after the end of the fiscal year 2012. Each executive officer’s bonus target is equally divided between two plans: (i) the Performance Compensation Plan (the “PCP”) and (ii) the Incentive Compensation Plan For Executive Officers (the “ICP”):

1. Generally, the evaluation criteria set under the PCP are certain financial and individual measures. Under the PCP, the Committee approved the fiscal year 2012 evaluation criteria for the determination of the actual PCP bonuses to be paid to the executive officers after the end of fiscal year 2012. The Committee will evaluate and measure the performance of the executive officers based on the achievement of Registrant and individual objectives, weighted as follows: cash flow from operations – 70%; and individual objectives – 30%. The achievement of the objectives is measured utilizing a relevant matrix. The target multiplier for cash flow from operations under the PCP for fiscal 2012 ranges from 0.2 to 2.0 times the bonus target. The target multiplier for individual objectives ranges from 0 to 1.0 times the bonus target.
2. Generally, the evaluation criteria set under the ICP are certain financial measures such as earnings per share (“EPS”). Under the ICP, the Committee approved a fiscal year 2012 EPS matrix as the evaluation criterion for the determination of the actual ICP bonuses to be paid to the executive officers after the end of fiscal year 2012. The bonus target multiplier under the ICP for fiscal 2012 ranges from 0.2 to 2.0 times the bonus target.

Prior to November 3, 2011, the Committee had, for each of the above Plans, approved the fiscal year 2012 bonus targets for the executive officers, as follows: V.L. Richey—20% of fiscal year 2012 total cash compensation; G.E. Muenster—17.5% of fiscal year 2012 total cash compensation; and A.S. Barclay—15% of fiscal year 2012 total cash compensation.

Actual bonuses to be paid under each of the above Plans for fiscal year 2012 will vary from their respective bonus targets: (i) depending on the extent to which performance exceeds or falls below the fiscal year 2012 evaluation criteria described in paragraph 1 above, in the case of the PCP; and (ii) based upon the application of the fiscal year 2012 ICP EPS matrix described in paragraph 2 above, in the case of the ICP.

ITEM 7.01 REGULATION FD DISCLOSURE

Today, the Registrant is issuing a press release (Exhibit 99.1) announcing its fiscal year 2011 fourth quarter and year end financial and operating results. The Registrant will conduct a related Webcast conference call today at 4:00 p.m. central time. This press release will be posted on the Registrant’s web site located at

<http://www.escotechnologies.com>. It can be viewed through the “Investor Relations” page of the web site under the tab “Press Releases”, although the Registrant reserves the right to discontinue that availability at any time.

NON-GAAP FINANCIAL MEASURES

The press release furnished herewith as Exhibit 99.1 contains the financial measure “EBIT”, which is not calculated in accordance with generally accepted accounting principles in the United States of America (“GAAP”), in order to provide investors and management with an alternative method for assessing the Registrant’s operating results in a manner that is focused on the performance of the Registrant’s ongoing operations.

The Registrant defines “EBIT” as earnings before interest and taxes from continuing operations. The Registrant’s management evaluates the performance of its operating segments based in part on EBIT, and believes that EBIT is useful to investors to demonstrate the operational profitability of the Registrant’s business segments by excluding interest and taxes, which are generally accounted for across the entire Registrant on a consolidated basis. EBIT is also one of the measures used by management in determining resource allocations within the Registrant and incentive compensation.

The Registrant believes that the presentation of EBIT provides important supplemental information to management and investors regarding financial and business trends relating to the Registrant’s financial condition and results of operations. The Registrant’s management believes that this measure provides an alternative method for assessing the Registrant’s expected future performance that is useful because it facilitates comparisons with other companies in the Utility Solutions Group segment industry, many of which use similar non-GAAP financial measures to supplement their GAAP results. The Registrant provides this information to investors to enable them to perform additional analyses of present and future operating performance, compare the Registrant to other companies, and evaluate the Registrant’s ongoing financial operations.

The presentation of the information described above is intended to supplement investors’ understanding of the Registrant’s operating performance. The Registrant’s non-GAAP financial measures may not be comparable to other companies’ non-GAAP financial performance measures. Furthermore, the use of these measures is not intended to replace net earnings (loss), cash flows, financial position, comprehensive income (loss), or any other measure as determined in accordance with GAAP.
