SEARS ROEBUCK ACCEPTANCE CORP. NOTES TO FINANCIAL STATEMENTS (unaudited)

1. Significant Accounting Policies

The unaudited interim financial statements of Sears Roebuck Acceptance Corp. (the "Company" or "SRAC"), a wholly-owned subsidiary of Sears, Roebuck and Co. ("Sears"), reflect all adjustments (consisting only of normal recurring accruals) which are, in the opinion of management, necessary for a fair statement of the results for the interim periods presented.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. The significant accounting policies used in the presentation of these financial statements are consistent with the summary of significant accounting policies set forth in SRAC's Annual Report on Form 10-K for the 53 weeks ended January 3, 2004, and these financial statements should be read in conjunction with the financial statements and notes found therein. The results of operations for the interim periods should not be considered indicative of the results to be expected for the full year.

2. Back-up Liquidity

SRAC continued to provide support for 100% of its outstanding commercial paper through its investment portfolio and committed credit facilities. SRAC's investment portfolio which consists of cash and cash equivalents fluctuated from a low of \$515 million to a high of \$1,629 million in the first quarter of 2004. Effective November 3, 2003, SRAC amended its \$3.5 billion unsecured, 364-day revolving credit facility by extending the termination date to May 2004 for consenting lenders and modifying the option

Edgar Filing: SEARS ROEBUCK ACCEPTANCE CORP - Form 10-Q

to extend repayment of any borrowings to November 2004. Pursuant to the amendment, the commitment amount was reduced to \$2.5 billion as of December 3, 2003. No borrowings were outstanding under this committed credit facility at the end of the first quarter of 2004. SRAC is in the process of syndicating a new \$2.0 billion unsecured, three-year credit facility. SRAC expects to have the new facility in place no later than the expiration of the current facility.

Sears has issued guarantees in support of SRAC's outstanding public debt in order to maintain SRAC's exemption from being deemed an "investment company" under the Investment Company Act of 1940, as amended. These guarantees are continuous, have no recourse provisions and require Sears to repay all SRAC's outstanding debt including interest, principal, and borrowings, if any, under the credit facility, in the event SRAC defaults on its obligations.

3. Legal Proceedings

On June 17, 2003, an action was filed in the Northern District of Illinois against Sears and certain of its officers, purportedly on behalf of a class of all persons who, between June 21, 2002 and October 17, 2002, purchased the 7% notes that SRAC issued on June 21, 2002.

An amended complaint has been filed, naming as additional defendants certain former Sears officers, SRAC and certain of its officers and several investment banking firms who acted as underwriters for SRAC's March 18, May 21 and June 21, 2002 notes offerings. The amended complaint alleges that the defendants made misrepresentations or omissions concerning Sears' credit business from October 24, 2001 to October 17, 2002 and in the registration statements and prospectuses relating to the offerings. The amended complaint alleges that these misrepresentations and omissions violated Sections 10(b) and 20(a) of the Securities Exchange Act and Rule 10b-5 promulgated thereunder, and Sections 11, 12 and 15 of the Securities Act of 1933 and purports to be brought on behalf of a class of all persons who purchased any security of SRAC between October 24, 2001 and October 17, 2002, inclusive. Motions to dismiss the amended complaint are pending.

The consequences of this matter are not presently determinable but, in the opinion of management of SRAC after consulting with legal counsel and taking into account applicable third party insurance coverage, the ultimate liability is not expected to have a material effect on annual results of operations, financial position, liquidity or capital resources of SRAC. No amounts have been accrued for this matter in the financial statements.

4

4. Medium-term Notes and Discrete Underwritten Debt

Medium-term notes and discrete underwritten debt are issued with either a floating rate indexed to LIBOR or a fixed rate.

(dollars in millions; term in years)

Maturity schedule assumes debt that is callable within one year of this quarterly report will be retired.

INDEPENDENT ACCOUNTANTS' REPORT

To the Board of Directors and Shareholder of
Sears Roebuck Acceptance Corp.:

We have reviewed the accompanying statements of financial position of Sears Roebuck Acceptance Corp. (a wholly-owned subsidiary of Sears, Roebuck and Co.) as of April 3, 2004 and March 29, 2003, and the related

Edgar Filing: SEARS ROEBUCK ACCEPTANCE CORP - Form 10-Q

statements of income and comprehensive income and cash flows for the 13 week periods then ended. These interim financial statements are the responsibility of the Sears Roebuck Acceptance Corp.'s management.

We conducted our reviews in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to such financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with auditing standards generally accepted in the United States of America, the statement of financial position of Sears Roebuck Acceptance Corp. as of January 3, 2004, and the related statements of income and comprehensive income, shareholder's equity and cash flows for the year then ended (not presented herein); and in our report dated March 9, 2004, we expressed an unqualified opinion on those financial statements. In our opinion, the information set forth in the accompanying statement of financial position as of January 3, 2004 is fairly stated, in all material respects, in relation to the statement of financial position from which it has been derived.

SEARS ROEBUCK ACCEPTANCE CORP.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS OF OPERATIONS

Overview

Sears Roebuck Acceptance Corp.'s ("SRAC") investment in the Notes of Sears, Roebuck and Co. ("Sears") decreased in the first quarter of 2004 as Sears continued to utilize the cash proceeds from the sale of its Credit and Financial Products business to pay down its debt. SRAC retired a portion of its debt with the funds received from Sears as payment on the Notes, resulting in reduced levels of both assets and debt during the quarter. Lower average asset and debt levels coupled with a reduction in average interest rates drove both earnings and interest expense down in the first quarter of 2004. SRAC expects the Sears Note and debt levels to decline further as proceeds are passed to SRAC for debt retirement resulting in reduced earnings and expenses.

Results of Operations

During the first quarter of 2004, SRAC's revenues decreased to \$81 million from \$258 million in the comparable 2003 period.

Edgar Filing: SEARS ROEBUCK ACCEPTANCE CORP - Form 10-Q

SRAC's revenues are derived primarily from the earnings on its investment in the notes of Sears and invested cash. The decrease in revenue resulted primarily from the \$9 billion decrease in average earning asset levels and a 197 basis point reduction in average rates on these assets in the first quarter of 2004 versus the 2003 period.

SRAC's interest and related expenses decreased to \$64 million for the first quarter of 2004 from \$206 million for the first quarter of 2003 as a result of lower average interest rates and debt levels. SRAC's cost of short-term funds averaged 1.12% in the first quarter of 2004, a 65 basis point decrease from 1.77% for the first three months of last year. SRAC's cost of long-term funds averaged 5.74% in the first quarter of 2004 an 83 basis point decrease from the 6.57% for the first quarter of 2003. SRAC's short-term borrowings averaged \$.8 billion in the first quarter of 2004, down \$2.3 billion from the 2003 first quarter average of \$3.1 billion. Average outstanding long-term debt of \$4.0 billion in the first quarter of 2004 decreased \$7.3 billion compared to \$11.3 billion in the first quarter of 2003.

SRAC's net income was \$11 million for the first quarter of 2004 and \$34 million for the first quarter of 2003. SRAC's ratio of earnings to fixed charges was 1.26 and 1.25, respectively for the first quarter of 2004 and 2003.

ITEM 4. CONTROLS AND PROCEDURES.

The Company's management, including Keith E. Trost, President (principal executive officer) and George F. Slook, Vice President, Finance (principal financial officer), have evaluated the effectiveness of the Company's "disclosure controls and procedures," as such term is defined in Rules 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended, (the "Exchange Act"). Based upon their evaluation, the principal executive officer and principal financial officer concluded that, as of the end of the period covered by this report, the Company's disclosure controls and procedures were effective for the purpose of ensuring that the information required to be disclosed in the reports that the Company files or submits under the Exchange Act with the Securities and Exchange Commission (the "SEC") (1) is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and (2) is accumulated and communicated to the Company's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure. In addition, based on that evaluation, no change in the Company's internal control over financial reporting occurred during the quarter ended April 3, 2004 that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.
