Item 2. ACQUISITION OR DISPOSITION OF ASSETS

On January 15, 2004, SCOLR, Inc. (the Company) completed the sale of its probiotics development and manufacturing division to Nutraceutix, Inc., a Washington corporation (Buyer), pursuant to an Asset Purchase Agreement dated as of December 31, 2003 (the Asset Purchase Agreement). Buyer was formed and is owned by Steven H. Moger, the Company's former Vice President of Operations, Chief Financial Officer and General Manager of the probiotics division. Mr. Moger resigned his positions with the Company in connection with the sale.

The assets sold comprise substantially all of the assets and properties used in connection with the Company's probiotics division, including equipment, inventory and intellectual property rights. The division engaged in the business of formulating and manufacturing probiotics-based health and dietary supplements for the animal and human nutrition markets. The Company also granted Buyer the right to manufacture and sell certain products utilizing SCOLR's patented CDY™ technology pursuant to a License, Manufacture, and Distribution Agreement also dated as of December 31, 2003.

The Company received \$722,756 in cash at closing and the Asset Purchase Agreement provides for deferred payments of at least \$2 million. The deferred payments are tied to the Buyer's achievement of certain sales levels and royalties. The consideration for the sale was determined pursuant to arm's-length negotiations after extensive negotiations with a number of third parties (including industry buyers) and took into account various factors concerning the valuation of the probiotics business, including valuations of comparable companies, the operating results, financial condition and prospects of the division and the opinion of the financial advisor retained by the Company's Board of Directors.

In connection with the sale the Company repaid indebtedness of approximately \$1,098,500, which debt had been secured by the assets of the probiotics division.

The foregoing description of the disposition of the probiotics division is not intended to be complete and is qualified in its entirety by the complete text of the exhibits attached hereto and incorporated herein by reference.
