Report of Independent Registered Certified Public Accounting Firm

To the Participants and Administrator of
Cott Beverages San Bernardino Savings & Retirement Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of Cott Beverages San Bernardino Savings & Retirement Plan (the Plan) at December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan s management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

1. Description of Plan

General

The following description of the Cott Beverages San Bernardino Savings & Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution savings and investment plan under Section 401(k) of the Internal Revenue Code (IRC) covering union employees 18 years or older who have completed three months of service with Cott Beverages, Inc. (formerly Cott Beverages USA, Inc.) (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). For the years ended December 31, 2005 and 2004, Wachovia Retirement Services Company (Wachovia) served as the trustee and custodian.

Contributions

Active participants can contribute up to 15% of earnings, to a maximum of \$14,000 for 2005 and \$13,000 for 2004, to the Plan in the form of basic contributions. On October 1, 2005, the Plan was amended to increase the Company match on dollar for dollar employee contributions up to 3% of the participant's earnings. Prior to October 1, 2005, the Company matched the employee contribution dollar for dollar up to 2% of the participant's earnings. Investment in Cott Corporation Common Stock is optional for Plan participants. The Company also contributes a nonelective contribution equal to 2% of the participant's compensation regardless of whether they elect to contribute to the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and nonelective contribution portion of their accounts, plus actual earnings thereon, is at a rate of 20% per year. A participant is 100% vested after 5 years of credited service.

Investment Options

Effective September 1, 2003, the Company approved an amendment to the Plan to include Cott Corporation Common Stock as an investment option subject to specified investment limitations. The Plan provides participants with nine diverse mutual funds, collective investment trust fund and Cott Corporation Common Stock, as investment options in which to invest their contributions.

Benefit Payments

Vested benefits of retired, disabled, or terminated employees are distributed as a single lump-sum payment.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting, except for benefits paid to participants, which are recorded when paid.

Table of Contents

**Cott Beverages San Bernardino Savings & Retirement Plan
Notes to Financial Statements

Investment Valuation and Income Recognition

With the exception of the Cott Corporation Common Stock, the Plan invests in diverse mutual funds and a collective investment trust fund managed by Gartmore Trust Company. Each account is valued at quoted market prices to determine a current fund value. Investments in securities for which exchange quotations are readily available are valued at the last sale price or, if no sales price exists, at the closing bid price. The collective investment trust fund is stated at contract value which approximates market value quoted by Gartmore Trust Company.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend basis. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Participant Accounts

Participant accounts are credited with units by investment fund for participant contributions, employer contributions and fund transfers. Unit values are calculated daily to reflect the gains or losses of the underlying fund investments and expenses. Each participant's account is credited with the participant's contribution and allocation of Plan earnings. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the units in the participant's account by fund multiplied by the appropriate unit values on the valuation date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of increases and decreases in net assets during the reporting periods. Actual results could differ from those estimates.

Administrative Costs

Substantially all administrative expenses of the Plan are paid by the Company. Participants incur the cost of fees charged by the trustee/custodian to process payment requests. Additionally, investment management fees are assessed to participants.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions and terminate the Plan. Upon a complete or partial termination of the Plan, the account of each affected participant will fully vest. The form and timing of payment will be as determined under the Plan at the time of Plan termination.

Table of Contents**Cott Beverages San Bernardino Savings & Retirement Plan
Notes to Financial Statements
December 31, 2005 and 2004****4. Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated June 29, 2004, that the Plan is qualified, and that the trust established under the Plan is tax exempt under the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore no provision for income taxes has been included in the Plan's financial statement.

5. Forfeitures

Forfeited nonvested amounts were \$1,724 and \$612 at December 31, 2005 and 2004, respectively. These are included in the Plan's investments and are available to reduce future employer contributions and administrative expenses.

Income is accrued daily and reinvested in the Fund. The accrual of income is reflected in the Fund's

unit price which is priced daily and is not held constant.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
